PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
MARCH 26, 2003

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEFR14A

This Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders and form of proxy are being furnished to the holders of Common Stock of The Bear Stearns Companies Inc. (the "Company") in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board of Directors") for use at the 2003 Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held in the Bear Stearns Auditorium, 383 Madison Avenue, 2nd Floor, New York, New York, on Wednesday, March 26, 2003, at 5:00 p.m., New York City time, and at any adjournments or postponements thereof. These proxy materials are being sent on or about February 28, 2003, to holders of record on February 14, 2003, of the Company's Common Stock, par value \$1.00 per share ("Common Stock").

A proxy may be revoked by a stockholder prior to its exercise in any of three ways: by written notice to the Secretary of the Company; by submission of another proxy bearing a later date; or by voting in person at the Annual Meeting. Revocation by notice to the Secretary of the Company, or by submission of a later proxy, will not affect a vote on any matter which is taken by the Company prior to the receipt of the notice or later proxy. The mere presence at the Annual Meeting of the stockholder appointing the proxy will not revoke the appointment. If not revoked, the proxy will be voted at the Annual Meeting in accordance with the instructions indicated on the proxy by the stockholder. If no instructions are indicated, the proxy will be voted FOR the slate of directors described herein; FOR the approval of amendments to The Bear Stearns Companies Inc. Performance Compensation Plan as described herein and, as to any other matter of business that may be brought before the Annual Meeting, in accordance with the judgment of the person or persons voting on the matter.

The Company has adopted a policy of encouraging stockholder participation in corporate governance by ensuring the confidentiality of stockholder votes. The Company has designated an independent third party, Mellon Investor Services LLC, the Company's transfer agent, to receive and to tabulate stockholder proxy votes. The manner in which any stockholder votes on any particular issue will be kept confidential and will not be disclosed to the Company or any of its officers or employees except (i) where disclosure is required by applicable law, (ii) where disclosure of a vote of a stockholder is expressly requested by such stockholder, or (iii) where the Company concludes in good faith that a bona fide dispute exists as to the authenticity of one or more proxies, ballots or votes, or as to the accuracy of any tabulation of such proxies, ballots or votes. However, aggregate vote totals may be disclosed to the Company from time to time and publicly announced at the Annual Meeting. The policy of ensuring confidentiality of stockholder votes will also apply to shares of Common Stock held in customer accounts at the Company's subsidiary, Bear, Stearns Securities Corp. Holders of Common Stock whose shares are held in such accounts will be requested to give instructions with respect to the manner in which their shares are to be voted to Automatic Data Processing, Inc., which has been directed not to disclose such instructions to the Company.

This solicitation is being made by the Company. All expenses of the Company in connection with this solicitation will be borne by the Company. Directors, officers and other employees of the Company also may solicit proxies, without additional compensation, by telephone, in person or otherwise. The Company also will request that brokerage firms, nominees, custodians, and fiduciaries forward proxy materials to the beneficial owners of shares held of record by such persons and will reimburse such persons and the Company's transfer agent for reasonable out-of-pocket expenses incurred by them in forwarding such materials.

THE COMPANY

The Company was incorporated under the laws of the State of Delaware on August 21, 1985. The Company succeeded to the business of Bear, Stearns & Co., a New York limited partnership (the "Partnership"), on October 29, 1985. As used

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEFR14A

in this Proxy Statement, all references to "Bear Stearns", "BSB", "BSSC" and "BSIL" are to Bear, Stearns & Co. Inc., Bear Stearns Bank plc, Bear, Stearns Securities Corp., and Bear, Stearns International Limited, respectively, the principal operating subsidiaries of the Company.

References to fiscal 2002, 2001 and 2000 refer to the fiscal years ended November 30, 2002, November 30, 2001 and November 30, 2000, respectively.

VOTING SECURITIES

Holders of record of Common Stock at the close of business on February 14, 2003, are entitled to notice of, and to vote at, the Annual Meeting and at any adjournments or postponements thereof. Each outstanding share of Common Stock entitles the holder thereof to one vote. Shares of Common Stock represented by CAP Units (as defined under "Executive Compensation - Compensation Committee Report - Equity Ownership and Capital Accumulation Plan") credited pursuant to the Capital Accumulation Plan and restricted stock units (as discussed under "Equity Compensation Plan Information") are not outstanding and are not entitled to vote at the Annual Meeting.

On February 14, 2003, 99,243,757 shares of Common Stock were outstanding. The presence in person or by proxy at the Annual Meeting of the holders of a majority of such shares shall constitute a quorum.

Assuming the presence of a quorum at the Annual Meeting, the affirmative vote of a plurality of the votes cast by holders of shares of Common Stock is required for the election of directors. The affirmative vote of a majority of the shares of Common Stock represented at the meeting and entitled to vote is required for the approval of the amendments to The Bear Stearns Companies Inc. Performance Compensation Plan. An abstention with respect to any proposal will be counted as present for purposes of determining the existence of a quorum, but will have the practical effect of a negative vote as to that proposal. Brokers (other than Bear Stearns and BSSC) who do not receive stockholder's instructions are entitled to vote on the election of directors. The New York Stock Exchange, Inc. (the "NYSE") determines whether brokers who do not receive instructions will be entitled to vote on the other proposal contained in this Proxy Statement. Under the rules of the NYSE, if Bear Stearns and BSSC do not receive a stockholder's instructions, and other brokers are entitled to vote on a proposal, Bear Stearns and BSSC are also entitled to vote such shares of Common Stock, but only in the same proportion as the shares represented by votes cast by all other record holders with respect to such proposal. In the event of a broker non-vote with respect to any proposal coming before the meeting caused by the beneficial owner's failure to authorize a vote on such proposal, the proxy will be counted as present for the purpose of determining the existence of a quorum, but will not be deemed present and entitled to vote on that proposal for the purpose of determining the total number of shares of which a majority is required for adoption, having the practical effect of reducing the number of affirmative votes required to achieve a majority vote for such matter by reducing the total number of shares from which a majority is calculated.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

As of February 14, 2003, there were no persons, entities or groups (other than the Company's employees as a group) known to the Company to be the beneficial owner of more than 5% of the Company's outstanding Common Stock. This determination was based on a review of all statements filed with respect to the Company since the beginning of the past fiscal year with the Securities and Exchange Commission (the "SEC") pursuant to Section 13(d) or 13(g) of the Securities Exchange Act of 1934, as amended.

fiscal 2002. The Executive Committee has the authority between meetings of the Board of Directors to take action with respect to a variety of matters delegated by the Board of Directors that are considered to be in the ordinary course of the Company's business and, to take all actions with respect to the management of the Company's business that require action of the Board of Directors, so long as the action is also approved by a majority of the members who are also directors of the Company, except with respect to certain matters that by law and the provisions of the Certificate of Incorporation must be approved by the Board of Directors.

Audit Committee. The Audit Committee of the Board of Directors (the "Audit Committee") consists of Messrs. Glickman, Mack, Salerno and Tese (Chairman). EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT

COMPENSATION POLICIES

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEFR14A

The Compensation Committee is empowered by the Board of Directors and the stockholders to oversee the compensation programs of the Company with particular attention to the compensation of the executive officers of the Company. The compensation philosophy of the Company has been strongly influenced by the principle that the compensation of the executive officers should be structured to link their financial reward to the achievement of annual and long-term performance goals. Thus, executives would both share in the success of the Company as a whole and be adversely affected by poor Company performance, thereby aligning their interests with the interests of the stockholders. In making decisions with respect to the compensation of executive officers, the Compensation Committee follows certain guidelines:

- o Total compensation must be comparable to that of the Company's primary competitors, so that the Company may recruit and retain talented executive officers who are key to the Company's long-term success.
- o Executive compensation should be directly linked to the Company's financial performance as measured annually, primarily through return on equity.
- o A significant portion of the total compensation paid to executive officers should be delivered in the form of equity-based awards. The value of equity-based awards cannot be realized immediately and depends upon the future performance of the Company and growth in the market value of its stock.

To implement the foregoing philosophy, the salary and bonus compensation of executive officers is determined principally by the operation of the Performance Compensation Plan (the "Performance Compensation Plan").

PERFORMANCE COMPENSATION PLAN

Under the Performance Compensation Plan, executive officers, including the executive directors named in the Summary Compensation Table, and key employees receive a base salary of \$200,000 per annum and a share of a performance-based bonus pool. The Compensation Committee determines the formula for calculating one or more bonus pools within 90 days after the beginning of each fiscal year based upon one or more of the following criteria, individually or in combination, adjusted in such manner as the Compensation Committee shall determine: (a) pre-tax or after-tax return on common equity; (b) earnings per share; (c) pre-tax or after-tax net income; (d) business unit or departmental pre-tax or after-tax income; (e) book value per share; (f) market price per share; (g) relative performance to peer group companies; (h) expense management; and (i) total return to stockholders.

The share of one or more of the bonus pools to be allocated to each executive officer in any fiscal year is determined by the Compensation Committee in its sole discretion. However, under no circumstance may the aggregate amount of the bonuses paid under the Performance Compensation Plan exceed 100% of any of the applicable bonus pools computed under the formula designated by the Compensation Committee.

For fiscal 2002, the Compensation Committee created a separate performance-based pool which consisted of six participants, the Company's Chairman of the Board, Chairman of the Executive Committee, Presidents, Chief Financial Officer and General Counsel (the "Executive Committee Pool").

The Compensation Committee established a formula for calculating the Executive Committee Pool based on the Company's adjusted after-tax return on

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEFR14A

common equity. The maximum amount allocable to the Executive Committee Pool is \$150,000,000, of which the maximum percentage of any individual participant was 30% of such pool. During fiscal 2002, the formulaic calculation of the Executive Committee Pool totaled \$98,217,000. However, in recognition of the difficult operating environment which confronted the Company throughout 2002, the Executive Committee recommended to the Compensation Committee that the pool be reduced by approximately 20% to \$80,000,000. The Compensation Committee approved such reduction and compensation was delivered to the participants in a combination of cash, CAP Units (as defined below under "Equity Ownership and Capital Accumulation Plan") and stock options (see "Stock Award Plan"). The allocation of compensation from the pool to the participants was 52.2% in cash and 47.8% in equity-based awards.

EQUITY OWNERSHIP AND CAPITAL ACCUMULATION PLAN

A focus on performance and growth and the direct alignment of employee and stockholder interests flows from the substantial ownership of Common Stock and CAP Units by senior executives of the Company. The six current members of the Executive Committee beneficially own 10.19% of the outstanding Common Stock, CAP Units and restricted stock units combined.

-9-

All executive officers receive a substantial portion of their annual compensation in awards made pursuant to the Capital Accumulation Plan. Stock units ("CAP Units") awarded pursuant to the CAP Plan vest at the end of three years. After a five-year period, each officer will be entitled to receive from the Company a number of freely transferable shares of Common Stock equal to the number of CAP Units then credited to such officer's Capital Accumulation Account.

STOCK AWARD PLAN

The Stock Award Plan was established in 1999 and provides the Company the ability to award key employees stock options as a component of their annual compensation. The determination of recipients of stock options, the terms and conditions of such options within the parameters of the Stock Award Plan, and the number of shares covered by each option is determined by the Compensation Committee, based on management's recommendation.

In aggregate, 285,000 ten-year options were granted to members of the Executive Committee relating to their performance in fiscal 2002. These options were granted with exercise prices equal to the fair market value of the Common Stock on the date of grant and become exercisable after three years. The Compensation Committee believes that the award of stock options is an important component in the compensation of executive officers, as the ultimate economic value of such awards can only be achieved as a result of share price growth. As a result, the interests of executive officers are directly aligned with those of the stockholders.

Section 162(m) of the Internal Revenue Code limits deductibility for federal income tax purposes of compensation in excess of \$1,000,000 annually paid to individual executive officers named in the Summary Compensation Table unless certain exceptions, including compensation based on performance goals, are satisfied. The Performance Compensation Plan and the Stock Award Plan have been established and maintained in an effort to comply with the performance-based exception to limits on deductibility of executive officer compensation. However, while the Compensation Committee currently seeks to maximize the deductibility of compensation paid to executive officers, it will maintain the flexibility to take actions which may be based upon other

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEFR14A

considerations.

COMPENSATION OF CHIEF EXECUTIVE OFFICER

The total compensation of Mr. Cayne, the Company's Chief Executive Officer, along with other members of the Executive Committee, is determined in all respects by the Performance Compensation Plan. Pursuant to the terms of the Performance Compensation Plan for fiscal 2002, Mr. Cayne received a base salary of \$200,000 and shared in a bonus pool based on the Company's fiscal 2002 after-tax return on common equity. Mr. Cayne's proportionate share of the fiscal 2002 bonus pool (as well as that of the other members of the Executive Committee) was determined by the Compensation Committee in February 2002. Given the difficult operating environment confronting the Company in fiscal 2002, Mr. Cayne recommended to the Compensation Committee that his compensation be reduced by approximately 20% from the agreed-upon formulaic calculation of such compensation. This represented the second year that Mr. Cayne and the other Executive Committee members voluntarily reduced their bonus pool as they had agreed to a 50% reduction in fiscal 2001. The Compensation Committee approved such reduction and Mr. Cayne received total compensation in fiscal 2002 of \$19,640,000 consisting of the following components:

BASE SALARY	CASH BONUS	CAP UNITS	STOCK OPTIONS	TOTAL
-----	-----	-----	-----	-----
\$200,000	\$10,006,750	\$7,982,583	\$1,450,667	\$19,640,000

The total compensation of Mr. Cayne represents a significant increase over that paid in fiscal 2001 reflecting the Company's improved operating performance, as measured by pre-tax earnings, profit margins, net income and return on equity. In addition, fiscal 2001 compensation for Mr. Cayne as well as the other members of the Executive Committee was reduced by the voluntary 50% reduction previously discussed. The Compensation Committee believes that Mr. Cayne's fiscal 2002 compensation was fair given the Company's absolute performance and also its performance compared to its key competitors during very difficult market conditions. Due to the substantial portion of Mr. Cayne's compensation being delivered in the form of stock units and stock options, the ultimate realization of benefits from his current bonus will depend on the future performance of the Company and the value of its Common Stock.

-10-

CONCLUSION

The Compensation Committee believes that the Company performed well in a very challenging business environment. The Company's performance as measured by profit margins and earnings per share increased significantly from the prior year and return on common equity was the highest of its key competitors. Therefore, the compensation paid to the Company's executive officers reflects the Company's strong absolute and relative performance during a very challenging year. Attracting and retaining talented and motivated management and employees is essential to creating long-term stockholder value. Offering a competitive performance-based compensation program with a significant equity component helps to achieve this objective. The Compensation Committee believes that the Performance Compensation Plan, the Capital Accumulation Plan and the Stock Award Plan provide appropriate incentives to senior management of the Company and are fair and reasonable methods for determining the compensation of executive officers, including the Chief Executive Officer. The compensation program of the Company properly serves to align the interests of executives and stockholders.

- (1) Represents awards made in November 2002 for performance in fiscal year 2002.
- (2) All stock options become exercisable three years after grant date.
- (3) Valued using a modified Black-Scholes option pricing model. The exercise price of each stock option (\$64.00) is equal to the closing price on the Consolidated Transaction Reporting System of a share of Common Stock on November 29, 2002, the date of the grant. The assumptions used for the variables in the model were: 33% volatility (a projection of the volatility of the Common Stock over the 120 month term of the options); a 4.21% risk-free rate of return (based on the USD Interest Rate Swap Curve, expressed as a zero-coupon rate over the 120 month term); a 1.06% dividend yield (which was an estimated projected dividend yield on the date of grant); and a ten year option term (which is the maximum term of the options). A discount of 25% was applied to the option value yielded by the model to reflect the non-marketability of the options. The actual gain, if any, that executives will realize on their stock options will depend on the future price of the Common Stock and cannot be accurately forecasted by application of an option pricing model.

COMPENSATION OF DIRECTORS

In fiscal 2002, each director who was not an employee of the Company received an annual retainer of \$50,000, plus \$1,500 for each meeting of the Board of Directors attended, and reasonable expenses relating to attendance at such meetings. No increases have been proposed for fiscal 2003. Directors who are members of the Audit Committee, Compensation Committee and Nominating Committee receive additional compensation at the rate of \$1,500 for each meeting of the Audit Committee, Compensation Committee and Nominating Committee attended, with the exception of telephone conference committee meetings for which the compensation paid for participation is \$200.

-14-

Pursuant to the provisions of the Non-Employee Directors' Stock Option and Stock Unit Plan (the "Directors' Plan"), each of the directors of the Company who is not an officer or employee of the Company or any of its subsidiaries (the "Non-Employee Directors") as of the date of an annual meeting of stockholders and whose service will continue after such meeting is granted an option to purchase shares of Common Stock and a number of restricted stock units. The exercise price of an option is equal to the closing price of the Common Stock on the NYSE on the date the grant is made. The number of shares covered by the option and the number of restricted stock units is equal to the quotient of an amount determined by the Executive Committee divided by the average closing price of the Common Stock for the five trading days immediately preceding the date of such meeting, subject to adjustment as provided in the Directors' Plan. The options have a ten-year term, are exercisable six months from the date of grant and are subject to termination upon the occurrence of certain events as provided in the Directors' Plan.

Pursuant to the annual grant provisions of the Directors' Plan, all of the Company's Non-Employee Directors at March 26, 2002 received stock options valued at \$42,500 in fiscal 2002. Current Non-Employee Directors will be granted stock options valued at \$42,500 immediately following the Annual Meeting. In addition, each Non-Employee Director at March 26, 2002 received restricted stock units valued at \$42,500 in fiscal 2002. Current Non-Employee Directors will receive restricted stock units valued at \$42,500 immediately following the Annual Meeting. The Directors' Plan also permits Non-Employee Directors to elect to receive options or shares of Common Stock in exchange for up to one-half of the annual cash retainer paid by the Company for services rendered as a director.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

CERTAIN TRANSACTIONS

The Company, in the ordinary course of business, has extended credit to certain of its directors, officers and employees in connection with their purchase of securities. Such extensions of credit have been made on substantially the same terms (including as to interest rates and collateral requirements) as those prevailing at the time for comparable transactions with non-affiliated persons, except that for some credit products, the interest rates charged were equivalent to the lowest of the interest rates charged to other persons or were the same as those charged to Company employees and did not involve more than the normal risk of collectability or have unusual terms or conditions which are disadvantageous to the Company. To the extent officers and employees of the Company and members of their immediate families wish to

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEFR14A

purchase securities in brokerage transactions, they ordinarily are required to do so through Bear Stearns, which offers them a discount from its standard commission rates that could be substantial depending on various factors, including the size of the transaction. Bear Stearns periodically in the ordinary course of its business, enters into transactions, as principal, involving the purchase or sale of securities and commercial paper (including different forms of repurchase transactions) with directors, officers, employees of the Company and members of their immediate families. Such purchases and sales of securities or commercial paper on a principal basis are effected on substantially the same terms as similar transactions with unaffiliated third parties.

The Company, from time to time, has made loans to its officers and other employees. Interest is generally charged by the Company on such loans at the same rate of interest charged by BSSC on loans to purchase securities. The Company currently requires that any such loan in excess of \$7,500 made to officers and other employees be approved by the Management and Compensation Committee. During the fiscal year ended November 30, 2002, the maximum aggregate amount of month-end loans outstanding was \$32,398,133.

RESTRICTED STOCK UNIT PLAN

The Restricted Stock Unit Plan ("RSU Plan") provides for the annual award of restricted stock units ("RSUs") for employees. II. APPROVAL OF AMENDMENTS TO THE PERFORMANCE COMPENSATION PLAN

GENERAL

The Performance Compensation Plan was adopted by the Compensation Committee on September 10, 1996 and was originally approved by stockholders at the 1996 Annual Meeting. The Performance Compensation Plan was amended thereafter on a number of occasions by the Compensation Committee, both with and without stockholder approval, as required. The purpose of the Performance Compensation Plan is to compensate Senior Managing Directors of the Company and its subsidiaries for significant contributions to the Company and to stimulate their efforts by giving them a direct interest in the performance of the Company.

PROPOSED AMENDMENTS TO PERFORMANCE COMPENSATION PLAN

On February 24, 2003, the Compensation Committee adopted amendments to the Performance Compensation Plan, subject to stockholder approval at the Annual Meeting. The proposed amendments to the Performance Compensation Plan would amend Section 2 to extend the term of the Performance Compensation Plan for an additional period commencing as of July 1, 2003 and terminating on November 30, 2008. In addition, Section 5.5 is proposed to be amended to increase the maximum amount allocable by the Compensation Committee to the annual bonus pool related to participants who are members of the executive committee of Bear, Stearns & Co. Inc. in the aggregate for any fiscal year from \$150,000,000 to \$165,000,000. The maximum amount allocable to any individual participant who is not a member of such executive committee shall remain at \$15,000,000.

The amendments to the Performance Compensation Plan are being submitted to stockholders in an effort to meet the requirements for deductibility by the Company under Section 162(m) of the Internal Revenue Code for Senior Managing Directors who are or may become members of the executive committee of Bear Stearns in the future. (See "Executive Compensation - Compensation Committee Report - Stock Award Plan" for a discussion of Section 162(m) of the Internal Revenue Code.)

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEFR14A

Set forth below is the text of the revised Section 2 and Section 5.5 of the Performance Compensation Plan containing the amendments being proposed at the Annual Meeting. The amendments are qualified in its entirety by reference to such text.

"Section 2. Term. The Plan became effective as of July 1, 1998 (the "Effective Date"). The Plan shall be extended and shall be applicable for an additional period commencing July 1, 2003 and ending November 30, 2008, unless earlier terminated by the Company pursuant to Section 9."

"Section 5.5, The maximum amount allocable by the Compensation Committee to the Annual Bonus Pool related to Participants who are members of the executive committee of Bear, Stearns & Co. Inc. in the aggregate for any fiscal year shall not exceed \$165,000,000. The maximum amount allocable to any individual Participant who is not a member of such executive committee shall not exceed \$15,000,000."

DESCRIPTION OF THE PERFORMANCE COMPENSATION PLAN, AS AMENDED AND RESTATED

Stockholders are encouraged to review the Performance Compensation Plan carefully. This summary of the material terms of the Performance Compensation Plan is qualified in its entirety by reference to Exhibit B.

The Performance Compensation Plan is administered by the Compensation Committee. Subject to the provisions of the Performance Compensation Plan, the Compensation Committee shall have the power to interpret the Performance Compensation Plan, to determine all questions arising thereunder, and to adopt and amend such rules and regulations as it may deem desirable. Any decision of the Compensation Committee in the administration of the Performance Compensation Plan shall be final and conclusive.

The Performance Compensation Plan, as extended, is applicable for an additional period ending November 30, 2008. All of the Company's Senior Managing Directors (approximately 680 individuals), including executive officers, are eligible to participate in the Performance Compensation Plan. The Compensation Committee is required to designate those Senior Managing Directors who are participating in the Performance Compensation Plan (the "Participants") within 90 days after the beginning of each fiscal year. Under the terms of the Performance Compensation Plan, each of the Participants receives a base salary of \$200,000 per annum and also shares in one or more performance-based bonus pools. The Compensation Committee determines the formula for calculating one or more bonus pools within 90 days after the beginning of each fiscal year based upon one or more of the following criteria, individually or in combination, adjusted in such manner as the Compensation Committee shall determine: (a) pre-tax or after-tax return on equity; (b) earnings per share; (c) pre-tax or after-tax net income; (d) business unit or departmental pre-tax or after-tax income; (e) book value per share; (f) market price per share; (g) relative performance to peer group companies; (h) expense management; and (i) total return to stockholders.

-20-

The share of one or more of the bonus pools to be allocated to each Participant in any fiscal year will be determined by the Compensation Committee, in its sole discretion. However, under no circumstance may the aggregate amount of the bonuses paid under the Performance Compensation Plan exceed 100% of the bonus pools computed under the formula designated by the Compensation Committee as described above. The Compensation Committee, in its sole discretion, may reduce the amount of the bonus of any Participant. Pursuant to the proposed

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEFR14A

amendments to the Performance Compensation Plan, the maximum amount allocable by the Compensation Committee to the annual bonus pool related to Participants who are members of the executive committee of Bear Stearns in the aggregate for any fiscal year shall not exceed \$165,000,000. The maximum bonus that may be allocated to a Participant who is not a member of such executive committee in any fiscal year shall not exceed \$15,000,000. The Performance Compensation Plan may be amended, or terminated in whole or in part, by the Compensation Committee, provided that no such action may retroactively impair or otherwise adversely affect the rights of any Participant prior to the date of such action.

Since the amounts payable under the Performance Compensation Plan in future years will be based on future performance, such amounts are not determinable at the present time. However, the proposed amendments would have had no effect on compensation paid pursuant to the 2002 Plan. The following table reflects the amounts that were paid to the named individuals and groups under the Performance Compensation Plan for the fiscal year ended November 30, 2002.

THE BEAR STEARNS COMPANIES INC.

PERFORMANCE COMPENSATION PLAN
(Amended and Restated as of February 24 , 2003)

Section 1. Purpose. The purposes of The Bear Stearns Companies Inc. Performance Compensation Plan, as amended and restated (the "Plan") are (i) to compensate certain Senior Managing Directors of The Bear Stearns Companies Inc. and its subsidiaries (the "Company") on an individual basis for significant contributions to the Company and (ii) to stimulate the efforts of such persons by giving them a direct interest in the performance of the Company.

Section 2. Term. The Plan became effective as of July 1, 1998 (the "Effective Date"). The Plan shall be extended and shall be applicable for an additional period commencing July 1, 2003 and ending November 30, 2008, unless earlier terminated by the Company pursuant to Section 9.

Section 3. Coverage. For purposes of the Plan, the term "Participant"

shall include for each fiscal year each Senior Managing Director so designated by the Compensation Committee within 90 days following the first day of such fiscal year.

Section 4. Base Salary.

4.1. Each Participant shall receive a salary of \$200,000 per annum ("Base Salary"). The Base Salary of the Participants may be increased from time to time by the Compensation Committee of the Board (the "Compensation Committee") by amendment of the Plan pursuant to Section 9.

4.2. Notwithstanding the provisions of Section 4.1 above, in the event a Participant is not a Senior Managing Director for an entire fiscal year, his Base Salary for such fiscal year shall be computed by multiplying such Base Salary as computed under Section 4.1 by a fraction, the numerator of which is the number of days in such fiscal year during which such Participant was a Senior Managing Director and the denominator of which is the number of days in the fiscal year. Any Base Salary shall be in addition to any base salary payable with respect to periods during the fiscal year in which a Participant was not a Senior Managing Director.

Section 5. Annual Bonus Pools.

5.1. For each fiscal year of the Company, each Participant shall be entitled to receive an award of a bonus (the "Bonus"), payable from one or more annual bonus funds (the "Annual Bonus Pools") in an amount not to exceed the amount provided for in Section 6. A Bonus under the Plan shall be the sole bonus payable with respect to a fiscal year to each Participant ("Full Year Participant") who was a Senior Managing Director on the date that proportionate shares of the Annual Bonus Pools for such fiscal year were determined by the Compensation Committee and who remains a Senior Managing Director at all times thereafter during such fiscal year. For each fiscal year, each Participant who was not a Full Year Participant shall be entitled to such a Bonus, if any, for the portion of such fiscal year not covered by the Plan, determined in accordance with the procedures applicable to employees who are not Senior Managing Directors, in addition to the Bonus, if any, payable pursuant to the Plan.

5.2. For each fiscal year, the formula for calculating the Annual Bonus Pools shall be determined by the Compensation Committee in writing, by resolution of the Compensation Committee or other appropriate action, not later than 90 days after the commencement of such fiscal year. Such formula shall be based upon one or more of the following criteria, individually or in combination, adjusted in such manner as the Compensation Committee shall determine: (a) pre-tax or after-tax return on equity; (b) earnings per share; (c) pre-tax or after-tax net income; (d) business unit or departmental pre-tax or after-tax income; (e) book value per share; (f) market price per share; (g) relative performance to peer group companies; (h) expense management; and (i) total return to stockholders.

5.3. As a condition to the right of a Participant to receive any Bonus under this Plan, the Compensation Committee shall first be required to certify in writing, by resolution of the Compensation Committee or other appropriate action, that the Bonus has been accurately determined in accordance with the provisions of this Plan.

5.4. The Compensation Committee shall have the right to reduce the Bonus of any Participant in its sole discretion at any time and for any reason prior to the certification of the Bonus otherwise payable to such Participant pursuant to Section 5.3 hereof.

5.5. The maximum amount allocable by the Compensation Committee to the

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEFR14A

Annual Bonus Pool related to Participants who are members of the executive committee of Bear, Stearns & Co. Inc. in the aggregate for any fiscal year shall not exceed \$165,000,000. The maximum amount allocable to any individual Participant who is not a member of such executive committee shall not exceed \$15,000,000.

Section 6. Allocations.

6.1. Prior to the commencement of each fiscal year, or not later than 90 days after the commencement of each fiscal year, the Compensation Committee shall determine in writing, by resolution of the Compensation Committee or other appropriate action, each Participant's proportionate share of the Annual Bonus Pools for such fiscal year, which shall not exceed in respect of any Participant who is a member of such executive committee 30% of the amount of such Annual Bonus Pool.

6.2. Notwithstanding anything in Section 6.1 to the contrary, any Participant who ceases to be a Senior Managing Director for any reason prior to the end of such fiscal year shall be entitled to a Bonus computed as follows: A Bonus first shall be computed as if such Participant had been a Senior Managing Director for the full fiscal year, and such Bonus then shall be multiplied by a fraction the numerator of which shall be the number of days in the fiscal year through the date the Participant ceased to be a Senior Managing Director and the denominator of which shall be the number of days in the fiscal year; provided, however, that if the application of the preceding clause would cause the total Bonuses payable under the Plan to exceed the Annual Bonus Pools, the Bonuses payable to each Participant shall be reduced pro rata, so that the total of all Bonuses shall equal the Annual Bonus Pools. If a Participant ceases to be a Senior Managing Director after the end of the fiscal year in respect of which such Bonus is payable, the amounts thereof nonetheless shall be payable to him or his estate, as the case may be.

6.3. Except as hereinafter provided, Bonuses for a fiscal year shall be payable as soon as practicable following the certification thereof by the Compensation Committee for such fiscal year. In its discretion, the Compensation Committee may authorize, prior to the final determination of Participants' Bonuses for such fiscal year, payments on account of Bonuses payable hereunder to one or more Participants entitled to such Bonuses, (a) during the last month of such fiscal year, in an amount not exceeding 95% of the aggregate amount that would be payable to such Participant or Participants hereunder as determined by the Controller or Chief Accounting Officer of the Company (so long as he is not a Participant) on the basis of his good faith estimate, (b) during the last ten calendar days of such fiscal year or after the end of such fiscal year, in an amount not to exceed 98% of the aggregate amount that would be payable to such Participant or Participants hereunder as determined by the Controller or Chief Accounting Officer of the Company (so long as he is not a Participant) on the basis of his good faith estimate, and (c) at any time during such fiscal year or after the end of such fiscal year to a Participant who ceases to be a Senior Managing Director for any reason prior to the end of such fiscal year. Within the limitations set forth in the preceding
