ITEM 2.03. CREATION OF A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF-BALANCE SHEET ARRANGEMENT OF A REGISTRANT.

On March 5, 2008, Integra LifeSciences Holdings Corporation (the "Company") borrowed \$120 million under its senior secured revolving credit facility. As a

result of this borrowing, the Company has \$120 million of outstanding borrowing under its credit facility as of the date of this filing. The Company plans to use the funds to repay the Company's 2 1/2% Contingent Convertible Subordinated Notes due 2008 (the "2 1/2% Converts") upon conversion or maturity.

The outstanding borrowing has one-month interest periods. The interest rate of the outstanding borrowing is 4.1%.

The credit facility requires the Company to maintain various financial covenants, including leverage ratios, a minimum fixed charge coverage ratio and a minimum liquidity ratio. The credit facility also contains customary affirmative and negative covenants, including those that limit the Company's and its subsidiaries' ability to incur additional debt, incur liens, make investments, enter into mergers and acquisitions, liquidate or dissolve, sell or dispose of assets, repurchase stock and pay dividends, engage in transactions with affiliates, engage in certain lines of business and enter into sale and leaseback transactions. Prior to the Company's borrowing described herein, the lenders waived certain covenants described in Item 8.01 below. The information set forth in Item 8.01 is incorporated by reference into this Item.

### ITEM 8.01. OTHER EVENTS.

As noted in our Form 12b-25 filed with the SEC on February 29, 2008, as a result of our ongoing disclosed material weakness and the delay in the filing of our audited financial statements, we were required to obtain a waiver from our lenders with respect to certain conditions under our Credit Agreement to enable us to borrow the funds necessary to repay the bondholders of the 2 1/2% Converts. On March 4, 2008, the Company entered into a waiver agreement (the "Waiver Agreement") related to that certain credit agreement, dated as of December 22, 2005 (the "Credit Agreement"), among the Company and the Lenders (as defined), including Bank of America, N.A., as Administrative Agent, Swing Line Lender and L/C Issuer, Citibank, N.A., successor by merger to Citibank, FSB, as Syndication Agent, and JPMorgan Chase Bank, N.A., Deutsche Bank Trust Company Americas and Royal Bank of Canada, as Co-Documentation Agents. Pursuant to the Waiver Agreement, the Lenders waived a requirement under the Credit Agreement that the Company make periodic representations relating to the continuing material weakness in the Company's internal controls, with such waiver in effect for any representations required to be made through November 14, 2008. The Lenders also extended the date for delivery of the Company's audited financial statements for the year ended December 31, 2007, among other items required by the Credit Agreement, by 30 days, so that the Company's audited financial statements must be delivered to the Lenders within 120 days of the 2007 fiscal year end. In addition, the Lenders waived the requirement that tax recapture payments made by the Company associated with the repayment of the 2 1/2% Converts in the second quarter of 2008 up to, but not exceeding \$23 million, be included in Consolidated Cash Taxes for the purpose of calculating the Consolidated Fixed Charge Ratio under the Credit Agreement.

As a result of the Waiver Agreement, the Company was permitted to borrow \$120 million under the Credit Agreement, as described in Item 2.03 above. The information set forth in Item 2.03 is incorporated by reference into this Item.
