### **PROPOSAL 7 – TO APPROVE DIRECTORS' FEES**

At the Meeting, the Board will ask that shareholders to approve the remuneration of the Company's Board of Directors of a total amount of fees not to exceed US\$ 250,000 for the year ended December 31, 2007.

### **PROPOSAL 8 – REDUCTION IN THE SHARE PREMIUM ACCOUNT**

At the Meeting, the Board will ask the shareholders to ratify and approve a reduction in the Share Premium account of the Company (which is the amount of share capital which exceeds the aggregate par value of the Company's outstanding Ordinary Shares of par value \$2.50 each) and to credit the amount resulting from this reduction to the Company's Contributed Capital Surplus account. The purpose of this proposal is primarily to increase the ability of the Company to declare and distribute dividends to its shareholders.

Since 2003, the Company's policy has been to pay regular dividends with the timing and amount of dividends being at the discretion of the Board of Directors and depending upon the Company's results of operations, financial condition, cash requirements, restrictions in financing arrangements and other relevant factors. Since May 2003 cash dividends have been paid on a quarterly basis. In addition, the Company has made several share distributions in connection with the spin off of certain of its subsidiaries: Golden Ocean Group Limited in 2004 and Ship Finance International Limited which was spun off through a series of share distributions during the period 2003 to 2007.

The cash and share distributions described above have been made firstly from retained earnings and, when retained earnings are fully utilized, from contributed surplus.

Under Bermuda law a company cannot pay dividends from share premium. In addition, Bermuda law provides that a company may not declare or pay a dividend, or make a distribution out of a contributed surplus, if there are reasonable grounds for believing that: (a) the company is, or would after the payment be, unable to pay its liabilities as they become due; or (b) the realisable value of the company's assets would thereby be less than the aggregate of its liabilities and its issued share capital and share premium accounts.

At December 31, 2006, the Statement of Shareholders Equity in the Consolidated Financial Statements of the Company reported a balance of US\$485.9 million which is composed of both share premium and contributed capital surplus as defined under Bermuda law. It is possible that in the future, the Company's ability to pay dividends by way of cash earnings and/or share distributions will exceed its retained earnings and contributed capital surplus. The Board of Directors have therefore put forward this proposal to transfer the entire balance of the Share Premium account at December 31, 2006 of X<sub>m</sub> to the Contributed Capital Surplus account at December 31, 2006. This will enable the Board of Directors to declare dividends as long as the Company is solvent and the realisable value of its assets exceeds its liabilities and issued share capital.

Under Bermuda law, the Company if authorised in a general meeting may, subject to any order made by the Minister of Finance of Bermuda and to its Memorandum of Association and Bye-Laws, either with or without extinguishing or reducing the liability of any of its shares

and either with or without reducing the number of shares, reduce any paid up capital that is in excess of the requirements of the Company. The Company's By-laws provide that subject to the Bermuda Companies Act 1981 (the "Companies Act"), the Company may by Resolution authorise the reduction of its issued share capital or any Share Premium or contributed surplus account in any manner whatsoever.

The Company is required, in order to effectuate such reduction, (a) not more than 30 days and not less than 15 days before the meeting to cause a notice to be published in an appointed newspaper (which notice has been published) stating the amount of the share capital as last previously determined by the Company, the amount to which the share capital is to be reduced, and the date as from which the reduction is to be recorded, and the date as from which the reduction is to have effect; and (b) on the date as from which the reduction is to have effect, an affidavit shall be sworn by at least two directors of the Company declaring either that on that date the Company is solvent or that all the creditors of the Company on that date have expressed in writing their concurrence in the reduction.

---

Within 30 days after the date such reduction of the paid up share capital is effective the Company, as required by Bermuda law, will file a memorandum, with a copy of the notice and the affidavit referred to above annexed thereto, in the office of the Bermuda Registrar of Companies (“Registrar”) notifying the Registrar of compliance with the Companies Act.

**OTHER BUSINESS**

Management knows of no business that will be presented for consideration at the Annual General Meeting other than that stated in the Notice of Annual General Meeting. Should any additional matters come before the Annual General Meeting, it is intended that proxies in the accompanying form will be voted in accordance with the judgement of the person or persons named in the proxy.
