Stock outstanding.

DOCUMENTS INCORPORATED BY REFERENCE

Portions of the Registrant's Proxy Statement to be filed in connection with its Annual Meeting of Stockholders to be held May 15, 2008 are incorporated by reference in Part II, Item 5 and Part III, Items 10, 11, 12, 13 and 14 of this Form 10-K.

EXPLANATORY NOTE

This amendment to our 2007 Annual Report on Form 10-K, initially filed on March 3, 2008, is being filed for the sole purpose of correcting an inadvertent typographical error that resulted in the omission of the appropriate conformed signatures of Deloitte & Touche LLP on the Report of Independent Registered Public Accounting Firm contained in Item 9A, Controls and Procedures, and in the Consent of Independent Registered Public Accounting Firm filed as Exhibit 23.1.

Except as described above, no other changes are being made to the Annual Report. In order to comply with the technical requirements of the SEC's rules in connection with the filing of this amended Annual Report, we are including the complete text of Part II, Item 9A, Controls and Procedures. We are also including as exhibits to this amended Annual Report a corrected Consent of Independent Registered Public Accounting Firm (Exhibit 23.1) and updated certifications of our principal executive, financial and accounting officers (Exhibits 31.1, 31.2, 31.3, 32.1, 32.2 and 32.3).

PART II

ITEM 9A. CONTROLS AND PROCEDURES

GENERAL

The purpose of this section is to discuss the effectiveness of our disclosure controls and procedures and our internal control over financial reporting. The statements in this section represent the conclusions of Edward J. Fritsch, our President and Chief Executive Officer, and Terry L. Stevens, our Senior Vice President and Chief Financial Officer.

The CEO and CFO evaluations of our controls and procedures include a review of the controls' objectives and design, the controls' implementation by us and the effect of the controls on the information generated for use in this Annual Report. We seek to identify data errors, control problems or acts of fraud and confirm that appropriate corrective action, including process improvements, is undertaken. Our controls and procedures are also evaluated on an ongoing basis by or through the following:

activities undertaken and reports issued by employees in our internal audit department;

quarterly sub-certifications by representatives from appropriate business and accounting functions to support the CEO's and CFO's evaluations of our controls and procedures;

other personnel in our finance and accounting organization;

members of our internal disclosure committee; and

members of the audit committee of our Board of Directors.

We do not expect that our controls and procedures will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of controls and procedures must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

MANAGEMENT'S ANNUAL REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

We are required to establish and maintain internal control over financial reporting designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for

Edgar Filing: HIGHWOODS PROPERTIES INC - Form 10-K/A

external purposes in accordance with generally accepted accounting principles. As defined in Rule 13a-15(f) under the Exchange Act, internal control over financial reporting includes those policies and procedures that:

pertain to the maintenance of records that in reasonable detail accurately and fairly reflect our transactions and dispositions of assets;

provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures are being made only in accordance with authorizations of management and directors; and

provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements.

Under the supervision of our CEO and CFO, we conducted an evaluation of the effectiveness of our internal control over financial reporting as of December 31, 2007 based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have concluded that, as of December 31, 2007, our internal control over financial reporting was effective. Deloitte & Touche LLP, our independent registered public accounting firm, has issued their attestation report, which is included below, on the effectiveness of our internal control over financial reporting as of December 31, 2007.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of

Highwoods Properties, Inc.

Raleigh, North Carolina

We have audited the internal control over financial reporting of Highwoods Properties, Inc. (the "Company") as of December 31, 2007, based on the criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Annual Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, evaluating management's assessment, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate

because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Highwoods Properties, Inc., maintained, in all material respects, effective internal control over financial reporting as of December 31, 2007, based on the criteria established in *Internal Control-Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements and financial statement schedules as of and for the year ended December 31, 2007, of Highwoods Properties, Inc., and our report dated March 2, 2008, expressed an unqualified opinion on those financial statements and financial statement schedules.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

In Item 9A of our 2006 Annual Report, our management reported that the Company's internal control over financial reporting was not effective as of December 31, 2006 due to material weaknesses that existed as of such date in the internal control environment associated with our accounting for real estate assets. In 2007, we developed and implemented remediation plans to improve the internal control environment associated with the material weaknesses that existed as of December 31, 2006. First, we converted from a supplemental software package, which had been used for tracking detailed fixed asset records and for calculating depreciation, to the detailed fixed asset and depreciation module contained within and integrated to our general ledger package. This conversion eliminated the need to reconcile the supplemental system to the general ledger, enhanced the effectiveness of our current fixed asset account reconciliations, and allowed for the development and use of additional integrity reports to analyze our fixed asset and related depreciation accounts. Second, we began using our centralized lease approval software to identify and properly account for all tenant improvements undertaken by tenants. Third, we implemented additional analytical procedures to reasonably assure that costs related to in-process building improvements, tenant improvements and new development completion costs are identified and properly accrued in our consolidated financial statements on a timely basis. Fourth, we set up an internal steering committee and hired an outside consultant to evaluate our current use of the job-cost module within our general ledger package. As a result, we designed and are implementing improved procedures in our use of the software to track the percentage of completion of jobs that are in process. Fifth, we developed and are implementing a plan to use our centralized invoice approval software to process all invoices related to in-process building improvements, tenant improvements and new development completion costs. Sixth, we created a Director of SOX Compliance position, which was filled in November 2007, to oversee our current project to develop and implement a Company-wide policy and procedures manual for use by our divisional and accounting staff to reasonably assure consistent and appropriate assessment and application of generally accepted accounting principles. Seventh, we hired a Chief Accounting Officer who started with the Company in August 2007. As a result of the foregoing activities, the material weaknesses that existed as of December 31, 2006 were determined to have been remediated as of December 31, 2007.

DISCLOSURE CONTROLS AND PROCEDURES

Edgar Filing: HIGHWOODS PROPERTIES INC - Form 10-K/A

SEC rules also require us to maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our annual and periodic reports filed with the SEC is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. As defined in Rule 13a-15(e) under the Exchange Act, disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us is accumulated and communicated to our management, including our CEO and CFO, to allow timely decisions regarding required disclosure. Our CEO and CFO believe that our disclosure controls and procedures were effective at the end of the period covered by this Annual Report.

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Raleigh, State of North Carolina, on March 4, 2008.
