DATED MARCH 30, 2017

MACELLUM SPV III, LP

_____, 2017

Dear Fellow Stockholder:

Macellum SPV III, LP and the other participants in this solicitation (collectively, “Macellum” or “we”) are the beneficial owners of an aggregate of 584,600 shares of common stock, par value \$0.01 per share (the “Common Stock”), of Citi Trends, Inc., a Delaware corporation (“Citi Trends” or the “Company”), including 53,500 shares of Common Stock underlying certain call options, representing approximately 3.92% of the outstanding shares of Common Stock. We are seeking your support for the election of our two (2) nominees to the Company’s Board of Directors (the “Board”) at the 2017 annual meeting of stockholders scheduled to be held at [], on [____], [_____, 2017] at [_:___.m., EDT] (including any adjournments or postponements thereof and any meeting which may be called in lieu thereof, the “Annual Meeting”).

As further discussed in the attached Proxy Statement, we are seeking representation on the Board because we believe the Company has underachieved its strategic and economic potential, as evidenced by the Company’s poor stockholder returns and declining operating performance. We believe that the Board needs to be reconstituted with new independent directors that will bring a fresh perspective and focus on greater stockholder accountability and oversight. Collectively, our nominees bring not only significant operating experience in retail and merchandising, but also will have the commitment to stockholder interests that we believe is lacking on the Board, given the minimal amount of Common Stock acquired by the Board despite the independent directors having an average tenure of over 9 years (excluding the appointment of Barbara Levy in August 2016).

The Company has a classified Board, which is currently divided into three (3) classes. We believe two (2) Class III directors with terms expiring at the 2020 annual meeting of stockholders and one (1) Class II director with a term expiring at the 2019 annual meeting of stockholders are up for re-election at the Annual Meeting. We are seeking your support at the Annual Meeting to elect our two (2) nominees as Class III directors and the Company’s nominee as a Class II director. This gives stockholders the ability to vote for a total of three (3) directors up for election at the Annual Meeting. The name, background and qualifications of the Company's nominee to serve as a Class II director, and other information about her, can be found in the Company's proxy statement. There is no assurance that the Company's nominee as a Class II director will serve as a director if our nominees are elected.

Your vote to elect our nominees will have the legal effect of replacing two (2) Class III incumbent directors with our nominees. If elected, our nominees will constitute a minority on the Board and there can be no guarantee that our nominees will be able to implement the actions that they believe are necessary to unlock stockholder value. However, we believe the election of our nominees is an important step in the right direction for enhancing long-term value at the Company.

We urge you to carefully consider the information contained in the attached Proxy Statement and then support our efforts by signing, dating and returning the enclosed **WHITE** proxy card today. The attached Proxy Statement and the enclosed **WHITE** proxy card are first being furnished to the stockholders on or about _____, 2017.

Edgar Filing: Citi Trends Inc - Form PRRN14A

If you have already voted for the incumbent management slate, you have every right to change your vote by signing, dating and returning a later dated **WHITE** proxy card or by voting in person at the Annual Meeting.

If you have any questions or require any assistance with your vote, please contact Saratoga Proxy Consulting LLC, which is assisting us, at its address and toll-free numbers listed below.

We believe that the Board of Directors of the Company (the “Board”) needs to be meaningfully reconstituted with new independent directors who have strong, relevant backgrounds and who are committed to fully exploring all opportunities to unlock stockholder value. We are seeking your support at the annual meeting of stockholders scheduled to be held at [], on [____], [_____, 2017] at [_:___.m., EDT] (including any adjournments or postponements thereof and any meeting which may be called in lieu thereof, the “Annual Meeting”), for the following:

We believe two (2) Class III directors with terms expiring at the 2020 annual meeting of stockholders and one (1) Class II director with a term expiring at the 2019 annual meeting of stockholders are up for re-election at the Annual Meeting. We are seeking your

support at the Annual Meeting to elect our two (2) Nominees as Class III directors and the Company's nominee as a Class II director. This gives stockholders the ability to vote for a total of three (3) directors up for election at the Annual Meeting. The name, background and qualifications of the Company's nominee to serve as a Class II director, and other information about her, can be found in the Company's proxy statement. There is no assurance that the Company's nominee as a Class II director will serve as a director if our nominees are elected.

Your vote to elect our Nominees will have the legal effect of replacing two (2) Class III incumbent directors with our Nominees. If elected, our Nominees will constitute a minority on the Board and there can be no guarantee that our Nominees will be able to implement the actions that they believe are necessary to unlock stockholder value. However, we believe the election of our Nominees is an important step in the right direction for enhancing long-term value at the Company.

Background to the Solicitation

The following is a chronology of the material events leading up to this proxy solicitation:

At various times over the last few years, from December 2011 to December 2016, certain representatives of Macellum spoke and met with members of management, including more recently, on December 7, 2016, with Macellum's then Chief Executive Officer ("CEO"), Jason T. Mazzola, and Chief Financial Officer ("CFO"), Bruce D. Smith, to discuss the Company's performance and Macellum's ideas for maximizing long-term stockholder value. On January 24, 2017, certain representatives of Macellum traveled with Mr. Mazzola to a Citi Trends store in Pennsylvania as well as one of the Company's competitor's stores to learn more about the Company's operations and strategy. During these visits, Macellum discussed various ideas to enhance the value of the Company, including to appoint new independent directors to the Board. Macellum also asked to speak to the Chairman of the Board, R. Edward Anderson.

On January 30, 2017, Macellum sent a follow up email to Citi Trends management for a request to speak with Mr. Anderson.

On January 31, 2017, certain representatives of Macellum held a call with Citi Trends' investor relations representative to discuss why Mr. Anderson would not speak with Macellum directly.

On February 1, 2017, Macellum sent a follow up email to Citi Trends' investor relations representative trying to get in contact with Mr. Anderson directly.

On February 6, 2017, Macellum delivered a letter to Mr. Anderson, seeking to open up communications with him and the Board directly regarding Macellum's ideas for creating value for all stockholders. In the letter, Macellum expressed its concerns with the Company's share price and financial underperformance when compared to its off-price retail peers, like Burlington Stores Inc. ("BURL"), Ross Stores, Inc. ("ROST"), and The TJX Companies, Inc. ("TJX"). Macellum also expressed its belief that stockholders should have greater representation on the Board with the addition of a direct stockholder representative.

On February 13, 2017, certain representatives of Macellum met with Mr. Mazzola and Mr. Anderson to discuss Macellum's ideas for creating value for all Citi Trends stockholders and its February 6 letter. At this meeting, Macellum expressed its desire to work constructively with the Company and belief that the Board should be reconstituted with the addition of new independent directors and deletions of incumbent directors. Macellum noted that it had a list of qualified director candidates that it could share with the Company, one of which would include Mr. Duskin. Macellum also expressed the importance of maintaining a small Board given the size of the Company.

On February 16, 2017, Macellum sent an email to Mr. Mazzola and Mr. Anderson following up on their February 13th meeting. Macellum noted that the deadline for submission of director nominations under the Bylaws was approaching and expressed its desire to come to a mutually satisfactory agreement to avoid a contested election at the Annual Meeting.

On February 20, 2017, Mr. Anderson sent a letter to Macellum on behalf of the Board offering to consider adding a mutually agreed upon independent director to the Board unaffiliated with Mr. Duskin or Macellum Capital, through an expansion of the Board (rather than a deletion), which would be nominated for election at the Annual Meeting (rather than immediately appointed). In exchange, the Board requested that Macellum agree not to nominate any other candidates or present any stockholder proposals or call or support the calling of any special meeting of stockholders prior to the 2019 annual meeting of stockholders (effectively a 2 year standstill).

On February 21, 2017, certain representatives of Macellum held a call with representatives of the Company to discuss terms to avoid a contested election at the Annual Meeting. On this call, the Company reiterated its position that the Board was only willing to consider the appointment of one mutually agreed upon independent director to the Board through an expansion of the Board.

On February 24, 2017, Macellum delivered a letter to the Company's Secretary, on the final day of the advanced notice period, in accordance with the Bylaws, nominating Jonathan Duskin, Dyan Jozwick, Lana Cain Krauter, and Paul Metcalf for election to the Board at the Annual Meeting (the "Nomination Notice").

On February 28, 2017, Macellum delivered to the Company a draft of a letter it intended to distribute to all stockholders in the hopes of avoiding a contested election at the Annual Meeting by outlining, with greater specificity, Macellum's concerns regarding the Company's underperformance, Board oversight and corporate governance. In the draft letter, Macellum expressed its belief that despite the Company's market positioning, the Company had failed to deliver value to stockholders due to the Company's declining operating performance, poor capital allocation and poor corporate governance. Macellum noted that the Company's stock traded at a significant discount to the Company's retail and off-price peers (noting that according to 2017 Bloomberg Finance L.P. consensus estimates, Citi Trends trades at 4.2x EBITDA compared to 11.6x, 11.8x, and 10.3x, for BURL, ROST and TJX, respectively, as of February 22, 2017). Macellum also noted that the Company's sales productivity and EBIT margins had declined since 2006, Adjusted EBITDA had declined since 2010 and the Company's return on capital had declined since 2006. Macellum expressed its concerns with the Board's deployment of capital, including the Company's low inventory turn which often can cause weak merchandise margins, and its concerns with the Company's corporate governance. Specifically, Macellum questioned the need for an Executive Chairman at a cost of over \$875,000 for fiscal 2015, and expressed its concerns that the Company's compensation structure did not adequately link compensation with performance, among other things. Macellum also expressed its belief that the Board is particularly finance heavy and appears to lack members with specialty retail, merchandising and close-out experience, and given the long tenure of the Board, would benefit from the addition of new, independent directors and a direct stockholder representative.

On March 2, 2017, the Company sent a letter to Macellum indicating that they would be willing to interview and evaluate Dyan Jozwick, Lana Cain Krauter, and Paul Metcalf but not Mr. Duskin and consider adding up to two of such nominees to the Board, subject to the completion of the Board's vetting process, including completion of a director questionnaire, and interviews with the Nominating and Corporate Governance Committee, despite having detailed information regarding such nominees as set forth in Macellum's Nomination Notice. In response and in another attempt to avoid a contested election at the Annual Meeting, Macellum scheduled a call to discuss these proposed settlement terms.

On March 3, 2017, certain representatives of Macellum held a call with representatives of the Company to further discuss terms to avoid a contested election at the Annual Meeting. On this call, the Company offered to prepare a draft settlement agreement. Macellum indicated that any framework for settlement would need to include the addition of certain of its Nominees (as a result of deletions on the existing Board) and that it would be amenable to a standstill period longer than one year if certain financial performance metrics were achieved by the Company, like a higher stock price. Macellum also noted that if the Board would not add new independent directors through deletions on the Board, it might get comfortable with a larger Board if Mr. Duskin was appointed to the Board as a direct stockholder representative and more of its Nominees were appointed to the Board, although that was not its preference.

On March 8, 2017, the Company sent a draft settlement agreement to Macellum indicating that it would only consider, in good faith, the appointment of two directors mutually agreeable between the Board and Macellum and unaffiliated with Macellum. The draft settlement agreement also included standstill provisions that would not expire until the completion of the 2018 annual meeting of stockholders (effectively a 2 year standstill) or earlier if the Company failed to hit a \$40 million Adjusted EBITDA target for fiscal 2017. In response, Macellum called the Company noting that the draft settlement agreement did not include many of the terms previously discussed, including the commitment to appoint certain of the Nominees nominated by Macellum, Macellum's preference to have Mr. Duskin appointed to the Board as a direct stockholder representative, and a more meaningful performance target to extend the standstill beyond 1 year, such as a stock price target. In response, the Company indicated that it would not agree to the appointment of Mr. Duskin to the Board, would not have any directors resign, and would not commit to appointing any new directors to the Board.

On March 9, 2017, Macellum issued a press release announcing it nominated four highly qualified director candidates for election to the Board at the Annual Meeting and releasing the open letter to the Company's stockholders originally sent in draft form to the Company on February 28, 2017.

Also on March 9, 2017, the Company issued a statement regarding Macellum's director nominations. On March 15, 2017, Macellum issued a press release commenting on settlement discussions with Citi Trends and the Company's fourth quarter 2016 earnings report. Macellum noted that (i) Citi Trends had refused to commit to the appointment of any new directors and would merely consider adding up to two new independent directors, (ii) the Board was unwilling to consider the resignation of even one incumbent director or the appointment of a direct stockholder representative (Mr. Duskin), and (iii) demanded that Macellum agree to a two year standstill which would only be reduced if the Company failed to hit a \$40 million Adjusted EBITDA target, a target below the Company's 2015 Adjusted EBITDA level and well below the Company's historic highs. Macellum also expressed concerns with the Company's fourth quarter 2016 financial results, noting, among other things, that the upside to analyst expectations was driven by a lower tax rate as well as a one-time insurance settlement reducing operating expenses, rather than improved operational performance, and that for the year, operating results had declined.

On March 23, 2017, the Company announced that Jason Mazzola had resigned from his position as President and CEO of the Company to pursue another opportunity, effective March 20, 2017. The Company also announced that effective March 23, 2017, the Board appointed Bruce Smith, the Company's current CFO, Chief Operating Officer and Secretary, to serve as acting CEO, that the Company would conduct a search for a permanent CEO, and that the Board also appointed Mr. Anderson, currently non-executive Chairman, to serve as Executive Chairman of the Board.

On March 27, 2017, certain representatives of Macellum requested a call with representatives of the Company to further discuss terms to avoid a contested election at the Annual Meeting and the departure of CEO Jason Mazzola. Macellum requested Mr. John S. Lupo, the Company's Lead Director, join the call. He was not present on the call. Chairman, Mr. Anderson, said the Company was surprised by the departure of Mr. Mazzola and that Mr. Mazzola offered the Company no opportunity to retain him. Macellum expressed its extreme disappointment that the Board was unable to retain a very competent CEO. Macellum also expressed its concern with finding a qualified CEO candidate to replace Mr. Mazzola, given Mr. Mazzola's sudden departure. Macellum expressed its concern that the Board, in its current configuration, had now failed twice to identify and retain quality CEOs and should not be allowed to select a new CEO until stockholders are given the opportunity to vote on whether to reconstitute the Board at the Annual Meeting. Macellum indicated that to avoid a contested election at the Annual Meeting, a framework for settlement would need to include the addition of two Macellum Nominees to the Board, with one incumbent Director resigning and the number of Directors increased to 7. Lastly, Macellum indicated that if Mr. Anderson remained on the Board he would have to step down as Chairman.

On March 28, 2017, representatives of Macellum had a follow up call regarding its latest proposal to avoid a contested election at the Annual Meeting. The Company refused all of Macellum's requests. The Company stood by

their first offer to consider two of Macellum's nominees, but again refused to consider Mr. Duskin as a nominee. In addition, they would not allow Macellum to speak with Mr. Lupo. To date, no meaningful discussions have occurred between the Company and Macellum to avoid a contested election at the Annual Meeting.

REASONS FOR THE SOLICITATION

WE BELIEVE THAT CHANGE TO THE COMPANY'S BOARD IS NEEDED NOW TO MAXIMIZE STOCKHOLDER VALUE

We are a large stockholder of Citi Trends and our interests are directly aligned with all stockholders – to maximize the value of the Common Stock. We have substantial experience investing in consumer and retail companies and assisting such companies in improving their long-term financial and stock price performance. Macellum's historical investments include: Perry Ellis, Collective Brands, GIII Apparel Group, Hot Topic, and Warnaco, among other companies. Macellum prefers to constructively engage with management to improve its governance and performance for the benefit of all stockholders. However, when the Board and/or management is entrenched, Macellum has run successful proxy contests to effectuate meaningful change, including at The Children's Place and most recently at Christopher & Banks.

We invested in Citi Trends because we believe the Company is an attractive investment opportunity that has not taken full advantage of the significant opportunities to increase its profitability. At a time when off-price retailers have taken material share from the rest of the apparel industry, Citi Trends has experienced declining operating performance and failed to deliver value to stockholders, as evidenced by its declining stock price and poor returns on equity and invested capital, as further described below.

We believe the Company's underperformance is largely the result of the Board's lack of requisite backgrounds and skills to appropriately add value to management, poor capital allocation and poor corporate governance. In our view, the Board is particularly finance heavy and appears to lack members with specialty retail, merchandising and close-out experience. We also believe the long-tenure of the Board (with the independent directors (other than Barbara Levy who was added in August 2016) having an average tenure of over 9 years) compromises the directors' independence and therefore hinder their ability to provide effective oversight. In addition, the independent directors' lack of meaningful ownership in the Company suggests a lack of alignment of interests with other stockholders who have invested their own capital in the Company's stock.

Accordingly, we have nominated two (2) highly qualified independent Nominees for election at the Annual Meeting, each of whom brings specific skill sets and industry experience, as well as a commitment to stockholder interests that we believe is lacking on the Board, as further described below.

We Are Concerned with the Company's Poor Stock Performance and Poor Returns on Equity and Invested Capital

Since 2006, when R. Edward Anderson, currently Executive Chairman of the Board, became Chairman of the Board, Citi Trends' stock price has significantly underperformed the S&P 500 Retailing Index, the S&P 500 Index, the Russell 2000 Index and its off-price retailer peers.

Source: Bloomberg Finance L.P.

- (1) Stock prices as of 3/8/17, one trading day prior to Macellum's public announcement of its nomination of the Nominees.
- (2) S&P 500 Retailing Index was formed on 6/30/06. Citi Trends performance over a similar time was -58%.

In addition, according to 2017 Bloomberg Finance L.P. consensus estimates, Citi Trends trades at 4.2x EBITDA compared to 11.7x, 11.4x, and 10.6x, for BURL, ROST and TJX, respectively, as of March 8, 2017.

Furthermore, as noted in the table below, the Company's return on equity ("ROE") and return on invested capital ("ROIC") has declined significantly and underperformed its off-price retailer peers.

Source: Bloomberg Finance L.P.

We believe the Company's Board has failed to deliver value to its stockholders and that the vast preponderance of the Company's underperformance is the result of the Company's declining operating performance, poor capital allocation and poor corporate governance.

We Believe the Company's Declining Operating Performance Evidences the Need for Change

As shown in the chart below, the Company's financial results have fallen persistently. Sales productivity and EBIT margins have declined 23% and 487 basis points, respectively, since 2006.

Source: Bloomberg Finance L.P.; Company public filings; Macellum estimates.

(3): Adjusted for 53 week.

In addition, Adjusted EBITDA dollars have declined 27% from its peak in 2010 of \$49 million, to \$36 million as of January 28, 2017.

We believe the Company has latched onto a false narrative to explain the Company's declining financial results – that female consumers are spending less due to their lack of interest in urban brands. While we understand that female customers are not interested in buying brands that were popular years earlier, we believe female customers want to buy branded clothes and fashion at a value price point and are willing to pay for fashion they want. In addition, we can find no evidence over the past seven years that female apparel spending has fallen. In fact, according to the U.S. Department of Commerce, U.S. women's retailers' revenue has increased over 15% since 2009.

Instead, we believe changes in the Company's merchandise strategy since 2006, such as a change in the amount of brands sold, amount of in-season close-out product purchased, the amount of choices of female apparel the Company offers, amount and type of pack-away product purchased, and the amount of out-of-season "planned program" products purchased, perhaps due to the turnover of management teams and lack of merchandising experience on the Board, has confused the Company's key customers, resulting in significant sales declines.

We Question the Board's Ability to Allocate Capital

We have serious concerns with the Board's deployment of capital. Below are just a few examples:

Low Inventory Turns – The Company currently has a significant amount of cash stranded unnecessarily in inventory and, when combined with low inventory turns, can cause weak merchandise margin because excess supply of inventory requires additional markdowns to clear merchandise that is not selling. This, in turn, depresses sales and margins. Slow turning merchandise also limits the Company’s ability to provide fresh receipts and newness to its very fashion sensitive customers. The table below demonstrates significantly lower inventory turns over the last ten years when compared to the Company’s peers - BURL, ROST, and TJX. In our view, low inventory turn exemplifies weak capital discipline.

Inventory Turns

Adjusted for Occupancy in Costs in Goods Sold.

Share Repurchases – We believe apparel retailers need to have a strong balance sheet. However, given Citi Trend’s depressed valuation, we believe the Company should apply its excess cash to accretive share repurchases. The Board’s strategy of waiting until trends are consistently positive, demonstrates to us a lack of confidence in the business and significantly lowers returns for stockholders.

Systems – We believe this Board has erred in judgment by not allocating capital where it is badly needed. The Company’s CEO, Mr. Jason T. Mazzola, has said, “Citi Trends’ systems are similar to TJX circa 1996-97.” The lack of systems is often cited by management as a rationale for underperformance and missed opportunities. Systems, particularly planning and allocation, are a critical element of any retailer’s ability to succeed and we do not believe this Board has allocated sufficient capital to upgrading its systems. Rather, it appears the Company is slowly building its own solutions rather than quickly installing industry proven technology.

We Are Concerned with the Company’s Executive Compensation Practices

We do not believe a company of this size should have been paying for effectively two CEOs from March 2015 to April 2016. In fiscal 2015, Mr. Anderson was compensated over \$877,000 as Executive Chairman, while the Company’s then CEO, Mr. Mazzola, was compensated over \$1.5 million. If the Board believed Mr. Mazzola was the appropriate CEO to take the Company to the next level, then there should have been no need for paying an Executive Chairman over \$1 million for his 13 months of service. Given Mr. Mazzola’s recent resignation as CEO, on March 20, 2017, we question whether the Executive Chairman role was a primary factor in Mr. Mazzola’s departure.

It is also concerning to us that Mr. Anderson, over the last eleven years as CEO and/or Executive Chairman, has made \$11.9 million (not including 2016 compensation which has not been disclosed yet) from the Company, while stockholders have lost approximately 63% in stockholder value over the same period. In his most recent stint as CEO, from January 2012 to March 2015, Mr. Anderson was compensated \$5.8 million. While at the same time, Adjusted EBITDA averaged \$24 million, down significantly from the \$49 million level achieved in 2010. In Mr. Anderson’s last full year as CEO, in 2014, the Company generated Adjusted EBITDA of \$31 million. This result was \$27 million or 47% below the target set in 2011 for the Company while he served as Chairman. For that outcome, Mr. Anderson received \$2.96 million in compensation.

We also believe the Board has been erratic in setting financial goals for the purposes of incentive compensation. As shown in the table below, the Board has recently overseen a pattern of missed performance goals followed the next year by lower targets required to achieve an incentive compensation bonus. We do not believe the Board is setting incentive compensation plans that promote long-term growth in stockholder value. We would also note that the year Mr. Anderson made \$2.96 million, the compensation target was just 11%.

We Are Concerned with the Company's Poor Corporate Governance and Reactive Nature

The Board has received an Institutional Shareholder Services (ISS) Ranking of 8 out of 10 (10 being the worst) for governance risk in the Shareholder Rights category for the last three years consecutively. For example, until the Company increased its stock ownership guidelines in March 2017 to 3x the annual base cash retainer paid to directors, a change that appears to be in reaction to our involvement given we raised this concern weeks earlier, independent directors (who only own approximately 0.6% of the Company's total shares outstanding), were only expected to attain stock ownership with a fair market value equal to 2x the annual base cash retainer paid to directors. ISS recommends that the standard stock ownership ratio be at least three or four times and that robust governance ownership be at five times or more.

Similarly, we question whether the Company would have announced a proposal to amend the Bylaws to provide for a majority vote requirement in uncontested director elections if we had not expressed serious concerns with the Company's corporate governance. In our view, a more meaningful governance change would have been a proposal to declassify the Board.

We Are Concerned with the Board's Ability to Provide Effective Oversight of Management

Mr. R. David Alexander Jr. was promoted to CEO from within the Company on April 5, 2009. Mr. Alexander lacked merchandising experience at the time he was promoted. The results were disastrous. Over the three years he was CEO, Adjusted EBITDA declined 71% from \$45.8 million (trailing twelve months prior to his promotion to CEO) to \$13.5 million in 2011. This illustrates the Board's poor judgment and oversight on two accounts. First, appointing a CEO that was not appropriately suited to lead the Company and second, waiting three years to act as Mr. Alexander implemented initiatives that resulted in a significant deterioration in results. Furthermore, the fact that Mr. Alexander was hired just four months earlier as President and Chief Operating Officer, before being promoted to CEO, as Mr. Anderson abruptly retired, calls into question their lack of succession planning process.

In light of Mr. Mazzola's recent resignation as CEO on March 20, 2017, we are even more alarmed with the Board's lack of succession planning and oversight. If it is true that Mr. Mazzola would not negotiate with the Company to match his other opportunity, Macellum believes Mr. Mazzola's departure clearly demonstrates the Board's failure to provide effective support to and oversight of management.

We also have concerns that the Board's independence may be compromised given its long tenure. Four independent Directors have an average tenure of over 9 years (excluding Barbara Levy who was added to the Board in August 2016 and previously worked with the Company's CEO, Mr. Mazzola, at Ideeli Inc. and the Company's Executive Chairman, Mr. Anderson, at Ross Stores, Inc.). Despite this long tenure, they have acquired only a minimal amount of Company stock. We believe such long-tenure compromises the directors' independence and therefore hinder their ability to provide effective oversight. In addition, the independent directors' lack of meaningful ownership in the Company suggests a lack of alignment of interests with other stockholders who have invested their own capital in the Company's stock.

We Are Concerned with the Lack of Relevant Skill-Set on the Board

We believe the Board lacks the requisite backgrounds and skills to appropriately add value to management. In our view, the Board is particularly finance heavy and appears to lack members with specialty retail, merchandising and close-out experience. We also note that the Board's Executive Chairman, Mr. Anderson, serves on no other public boards and his professional experience has been limited by spending the last 15 years at the Company. It is hard to believe in this period of retail upheaval that an Executive Chairman, with a lack of other recent professional experiences, can bring meaningful, fresh perspective during these difficult times.

We Believe Our Nominees Have the Experience, Qualifications and Commitment Necessary to Fully Explore Available Opportunities to Unlock Value for Stockholders

With proper guidance and oversight from the Board., we believe there is a significant opportunity to create value for all Citi Trends stockholders. With initiatives to address the many issues highlighted above we believe the Company could recover lost sales productivity and margins while generating material cash flow from inventory optimization. Moreover, with consistency, we believe the Company could be accorded a valuation closer to its peers and could realize an even higher valuation considering their size and potential for growth.

We have nominated two (2) highly qualified individuals with significant operating experience in retail and merchandising, decades of valuable and relevant business and financial experience, and a commitment to stockholder's interests that we believe will allow them to make informed decisions to explore and identify opportunities to unlock value at Citi Trends. Our Nominees' biographies and the specific experience, qualifications, attributes and skills that led us to conclude that the Nominees should serve as directors of the Company, are set forth on the next page.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Company has a classified Board, which is currently divided into three (3) classes. We believe two (2) Class III directors with terms expiring at the 2020 annual meeting of stockholders and one (1) Class II director with a term expiring at the 2019 annual meeting of stockholders are up for re-election at the Annual Meeting. We are seeking your support at the Annual Meeting to elect our two (2) Nominees as Class III directors and the Company's nominee as a Class II director. This gives stockholders the ability to vote for a total of three (3) directors up for election at the Annual Meeting. The name, background and qualifications of the Company's nominee to serve as a Class II director, and other information about her, can be found in the Company's proxy statement. There is no assurance that the Company's nominee as a Class II director will serve as a director if our nominees are elected.

Your vote to elect our Nominees will have the legal effect of replacing two (2) Class III incumbent directors with our Nominees. If elected, our Nominees will constitute a minority on the Board and there can be no guarantee that our Nominees will be able to implement the actions that they believe are necessary to unlock stockholder value. However, we believe the election of our Nominees is an important step in the right direction for enhancing long-term value at the Company.

THE NOMINEES

The following information sets forth the name, age, business address, present principal occupation, and employment and material occupations, positions, offices, or employments for the past five (5) years of each of the Nominees. The nominations were made in a timely manner and in compliance with the applicable provisions of the Company's governing instruments. The specific experience, qualifications, attributes and skills that led us to conclude that the Nominees should serve as directors of the Company are set forth above in the section entitled "Reasons for the Solicitation" and below. This information has been furnished to us by the Nominees. All of the Nominees are citizens of the United States.

Jonathan Duskin, age 49, has served as Chief Executive Officer of Macellum Capital, which operates a New York-based pooled investment fund, since July 2009, and as the sole member of Macellum GP, which is the general partner of Macellum, since September 2011. From January 2005 to February 2008, Mr. Duskin served as a Managing Director and Partner at Prentice Capital Management, LP, an investment management firm. From March 2002 to January 2005, Mr. Duskin was a Managing Director at S.A.C. Capital Associates LLC, a New York-based hedge fund. From January 1998 to January 2002, Mr. Duskin was a Managing Director at Lehman Brothers Inc., an investment bank, and served as Head of Product Management and Chairman of the Investment Policy Committee within the Research Department. Mr. Duskin currently serves on the board of directors of Christopher & Banks Corporation (NYSE:CBK), since June 2016, and on the board of directors of Furniture.com. Mr. Duskin previously served on the boards of directors of The Wet Seal, Inc. and Whitehall Jewelers, Inc. Mr. Duskin holds a B.A. in Finance and Economics from the University of Massachusetts at Amherst.

Macellum believes Mr. Duskin will bring considerable business, financial services and retail investment expertise, having provided financial and investment banking services to a variety of public and private companies. Macellum also believes that Mr. Duskin's prior service on the boards and committees of public companies and his familiarity with the retail industry will make him a valuable addition to the Board.

Paul Metcalf, age 56, is currently the owner and principal of BEL Retail Advisors, a business consulting firm that specializes in retail development and strategy, which he founded in May 2015. From April 2012 to March 2015, Mr. Metcalf served as the Chief Merchandising Officer and Executive Vice President of Burlington Stores, Inc. (NYSE:BURL), an off-price department store retailer. From October 2006 to December 2011, Mr. Metcalf served in several executive positions at TJX Companies, Inc. (NYSE:TJX), a discount retailer of apparel and home fashions, including Senior Vice President, Chief Merchandising Officer - Women's Apparel from October 2008 to December 2011, and from October 2006 to October 2009, Mr. Metcalf was the General Merchandise Manager, Men's Apparel. Previously, from June 1987 to May 2006, Mr. Metcalf worked in various merchandising positions within The May Department Stores Company, an American department store holding company. Mr. Metcalf also served on the board of directors of Gabriel Brothers, Inc., a discount and off-price department store, from August 2016 until its sale in February 2017. Mr. Metcalf holds a B.S. in Finance from the University of Buffalo.

Macellum believes Mr. Metcalf's expertise in retail development and strategy and extensive, direct executive experience in the discount apparel market will make him a valuable asset to the Company's Board.

The principal business address of Mr. Duskin is 99 Hudson St., 5th Floor, New York, NY 10013. The principal business address of Mr. Metcalf is 26 Northern Spy Road, Franklin, MA, 02038.

As of the date hereof, Mr. Metcalf does not own beneficially or of record any securities of the Company and has not entered into any transactions in securities of the Company during the past two years. As of the date hereof, Mr. Duskin does not directly own any securities of the Company. Mr. Duskin, as the sole member of Macellum GP, which is the general partner of Macellum, may be deemed to beneficially own the 581,060 shares of Common Stock beneficially owned directly by Macellum, including 53,500 shares of Common Stock underlying certain call options. In addition, Mr. Duskin, as the managing member of MCM Management, the managing member of MCM Managers, which is the managing member of Macellum Capital, may be deemed to beneficially own the 3,540 shares of Common Stock beneficially owned directly by Macellum Capital.

Each of the Nominees may be deemed to be a member of a “group” with Macellum SPV, Macellum Capital, Macellum GP, Macellum Management, MCM Management, and MCM Managers (the “Group”) for the purposes of Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) and accordingly, the Group may be deemed to beneficially own, in the aggregate, the 584,600 shares of Common Stock, including 53,500 shares of Common Stock underlying certain call options, beneficially owned in the aggregate by the members of the Group. Each member of the Group disclaims beneficial ownership of shares of Common Stock that he does not directly own. For information regarding purchases and sales during the past two (2) years by the Nominees and by the members of the Group of securities of the Company, see Schedule I.

Macellum SPV has entered into letter agreements pursuant to which it and its affiliates agreed to indemnify Mr. Metcalf against claims arising from the solicitation of proxies from the Company’s stockholders in connection with the Annual Meeting and any related transactions.

Mr. Metcalf has granted powers of attorney to Mr. Duskin, Aaron Goldstein and Jason Pyers in connection with the solicitation of proxies from the Company’s stockholders in connection with the Annual Meeting and any related transactions.

Other than as stated herein, there are no arrangements or understandings between the members of the Group or any other person or persons pursuant to which the nomination of the Nominees described herein is to be made, other than the consent by each Nominee to be named in this Proxy Statement and to serve as a director of the Company if elected as such at the Annual Meeting. None of the Nominees is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries in any material pending legal proceeding.

Each Nominee presently is, and if elected as a director of the Company, each of the Nominees would, in our view, be, an “independent director” within the meaning of (i) applicable NASDAQ listing standards applicable to board composition, including Rule 5605(a)(2), and (ii) Section 301 of the Sarbanes-Oxley Act of 2002. No Nominee is a member of the Company’s compensation, nominating or audit committee that is not independent under any such committee’s applicable independence standards.

We do not expect that the Nominees will be unable to stand for election, but, in the event any Nominee is unable to serve or will not serve for good cause, the shares of Common Stock represented by the enclosed **WHITE** proxy card will be voted for substitute nominee(s), to the extent this is not prohibited under the Bylaws and applicable law. In addition, we reserve the right to nominate substitute person(s) if the Company makes or announces any changes to the Bylaws or takes or announces any other action that has, or if consummated would have, the effect of disqualifying any Nominee, to the extent this is not prohibited under the Bylaws and applicable law. In any such case, we would identify and properly nominate such substitute nominee(s) in accordance with the Bylaws and shares of Common Stock represented by the enclosed **WHITE** proxy card will be voted for such substitute nominee(s). We reserve the right to nominate additional person(s), to the extent this is not prohibited under the Bylaws and applicable law, if the Company increases the size of the Board above its existing size or increases the number of directors whose terms expire at the Annual Meeting.

WE URGE YOU TO VOTE "FOR" THE ELECTION OF THE NOMINEES ON THE ENCLOSED WHITE PROXY CARD.

PROPOSAL NO. 2

RE-APPROVAL OF MATERIAL TERMS OF PERFORMANCE GOALS FOR QUALIFIED PERFORMANCE-BASED AWARDS UNDER THE INCENTIVE PLAN

As discussed in further detail in the Company's proxy statement, the Company is proposing that stockholders re-approve the material terms of the performance goals under the Incentive Plan in order to preserve the Company's ability to continue to grant fully tax-deductible performance-based awards thereunder. You are not being asked to approve any additional shares to be authorized for issuance under the Incentive Plan or to approve any amendment to the Incentive Plan.

According to the Company's proxy statement, Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), imposes a \$1,000,000 limit on the amount that a public company may deduct for compensation paid to the Company's CEO or any of the Company's three most highly compensated executive officers (other than the CFO) who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Code Section 162(m) for "performance-based" compensation. Market-priced stock options and stock appreciation rights are two examples of performance-based compensation. Other types of awards, such as restricted stock, restricted stock units and cash-based awards that are granted pursuant to pre-established objective performance formulas, may also qualify as fully-deductible performance-based compensation, so long as certain requirements are met.

According to the Company's proxy statement, one of the requirements for compensation to qualify as performance-based under Code Section 162(m) is that the material terms of the performance goals, including the list of permissible business criteria for performance objectives under the plan, be disclosed to and approved by stockholders at least every five years. The Company's stockholders previously approved the material terms of the performance goals in connection with approving the Incentive Plan at the 2012 annual meeting of stockholders.

According to the Company's proxy statement, stockholder approval of the material terms of performance goals under the Incentive Plan is only one of several requirements under Code Section 162(m) that must be satisfied for amounts realized under the Incentive Plan to qualify for the performance-based compensation exemption under Code Section 162(m), and stockholder approval of the material terms of the performance goals of the Incentive Plan does not alone ensure that all compensation paid under the 2012 Incentive Plan will qualify as tax-deductible compensation. There can be no guarantee that amounts payable under the Incentive Plan will be treated as qualified performance-based compensation under Code Section 162(m). In addition, nothing in this proposal precludes the Company from granting awards that do not meet the requirements for tax-deductible compensation under Code Section 162(m).

A summary of the Incentive Plan and the material terms of the performance goals are set forth in the Company's proxy statement.

For the reasons set forth above in "Reasons for this Solicitation — We Are Concerned with the Company's Executive Compensation Practices" we recommend voting **AGAINST** this Proposal.

YOU ARE URGED TO VOTE "AGAINST" THE PROPOSAL TO RE-APPROVE THE MATERIAL TERMS OF THE PERFORMANCE GOALS UNDER THE COMPANY'S INCENTIVE PLAN AND PLAN TO VOTE OUR SHARES "AGAINST" THIS PROPOSAL.

PROPOSAL NO. 3

APPROVAL OF A BYLAW AMENDMENT TO ADOPT MAJORITY VOTING IN UNCONTESTED DIRECTOR ELECTIONS

As discussed in further detail in the Company's proxy statement, the Company is asking stockholders to approve an amendment to the Bylaws to adopt majority voting in uncontested director elections. Macellum supports the Company's attempt to bring its corporate-governance standards into line with globally-recognized best practices, an effort that appears to be in reaction to our involvement, but is disappointed that the Company would not take more meaningful action to hold directors accountable by destaggering the Board.

A summary of the Bylaw amendment and the complete text of such amendment are set forth in the Company's proxy statement.

WE RECOMMEND A VOTE IN FAVOR OF THE AMENDMENT TO THE BYLAWS TO PROVIDE FOR MAJORITY VOTING IN UNCONTESTED ELECTION AND INTEND TO VOTE OUR SHARES "FOR" THIS PROPOSAL.

PROPOSAL NO. 4

NON-BINDING ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

As discussed in further detail in the Company's proxy statement, the Company is asking stockholders to indicate their support for the compensation of the Company's executive officers. This proposal, commonly known as a "say-on-pay" proposal, is not intended to address any specific item of compensation, but rather the overall compensation of the Company's executive officers and the philosophy, policies and practices described in the Company's proxy statement. Accordingly, the Company is asking stockholders to vote for the following resolution:

“RESOLVED, that stockholders approve the compensation of the Company’s named executive officers, including the Company’s compensation philosophy, policies and practices, as discussed and disclosed in the Compensation Discussion and Analysis, the executive compensation tables, and any narrative executive compensation disclosure contained in [the Company’s] proxy statement.”

As disclosed in the Company's proxy statement, the stockholder vote on the say-on-pay proposal is an advisory vote only, and is not binding on the Company, the Board or the Compensation Committee of the Board; however, the Company has disclosed that to the extent there is any significant vote against the named executive officer compensation as disclosed in the Company's proxy statement, the Company will consider stockholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

For the reasons set forth above in "Reasons for this Solicitation- We Are Concerned with the Company's Executive Compensation Practices" we recommend voting **AGAINST** the non-binding advisory vote on named executive officer compensation.

FOR THE REASONS SET FORTH ABOVE, WE RECOMMEND VOTING, AND INTEND TO VOTE OUR SHARES, "AGAINST" THIS RESOLUTION.

PROPOSAL NO. 5

NON-BINDING ADVISORY VOTE TO APPROVE THE FREQUENCY OF THE ADVISORY VOTE ON EXECUTIVE COMPENSATION

As discussed in further detail in the Company's proxy statement, the Company is asking stockholders to indicate, on a non-binding basis, how frequently they would like the Company to hold an advisory vote on the compensation of the Company's named executive officers. The Company is providing stockholders with the opportunity to vote, on an advisory and non-binding basis, on whether the Company will seek an advisory vote on the compensation of its named executive officers every one, two or three years.

According to the Company's proxy statement, although the vote is advisory and non-binding, the Company and the Board will consider the voting results when making future decisions regarding the frequency of future advisory votes on the compensation of the Company's named executive officers.

We believe stockholders deserve a say on the compensation of the Company's named executive officers on an annual basis and therefore recommend that stockholders select the option of **"ONE YEAR"** on this proposal. We believe an annual "say-on-pay" vote promotes greater accountability and allows stockholder to provide more timely feedback on compensation decisions.

WE RECOMMEND A VOTE, AND INTEND TO VOTE OUR SHARES, FOR THE OPTION OF "ONE YEAR" ON THIS PROPOSAL.

PROPOSAL NO. 6

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

As discussed in further detail in the Company's proxy statement, the Audit Committee of the Board has selected KPMG LLP as the Company's independent registered public accounting firm to audit and report upon the consolidated financial statements of the Company for the fiscal year ending February 3, 2018 and is proposing that stockholders ratify such appointment. The Company is submitting the appointment of KPMG LLP for ratification of the stockholders at the Annual Meeting.

As disclosed in the Company's proxy statement, stockholder approval is not required to appoint KPMG LLP as the Company's independent registered public accounting firm, but the Company is submitting the selection of KPMG LLP to stockholders for ratification at the Annual Meeting with a view toward soliciting the stockholders' opinions, which the Audit Committee will take into consideration in future deliberations. If the appointment of KPMG LLP is not ratified at the Annual Meeting, the Audit Committee will consider the engagement of another independent registered public accounting firm.

WE MAKE NO RECOMMENDATION WITH RESPECT TO THE RATIFICATION OF THE SELECTION OF KPMG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY FOR THE FISCAL YEAR ENDING FEBRUARY 3, 2018 AND INTEND TO VOTE OUR SHARES "FOR" THIS PROPOSAL.

VOTING AND PROXY PROCEDURES

Only stockholders of record on the Record Date will be entitled to notice of and to vote at the Annual Meeting. Stockholders who sell their shares of Common Stock before the Record Date (or acquire them without voting rights after the Record Date) may not vote such shares. Stockholders of record on the Record Date will retain their voting rights in connection with the Annual Meeting even if they sell such shares after the Record Date. Based on publicly available information, Macellum believes that the only outstanding class of securities of the Company entitled to vote at the Annual Meeting is the Common Stock.

Shares of Common Stock represented by properly executed **WHITE** proxy cards will be voted at the Annual Meeting as marked and, in the absence of specific instructions, will be voted **FOR** the election of our Nominees, **AGAINST** the proposal to re-approve the material terms of the performance goals under the Incentive Plan, **FOR** the proposal to amend the Bylaws to adopt a majority voting requirement for uncontested director elections, **AGAINST** the approval of the non-binding advisory vote on the compensation of the Company's named executive officers, **ONE YEAR** with respect to the Company's proposal to approve, on an advisory basis, the frequency of the advisory vote on the compensation of the Company's executive officers and **FOR** the ratification of the selection of KPMG LLP as the independent registered public accounting firm of the Company for the fiscal year ending February 3, 2018, as described herein.

According to the Company's proxy statement for the Annual Meeting, the current Board intends to nominate two (2) Class III directors with terms expiring at the 2020 annual meeting of stockholders and one (1) Class II director with a term expiring at the 2019 annual meeting of stockholders for election at the Annual Meeting. This Proxy Statement is soliciting proxies to elect our two (2) Nominees as Class III directors and the Company's nominee as a Class II director. This gives stockholders the ability to vote for a total of three (3) directors up for election at the Annual Meeting. The name, background and qualifications of the Company's nominee to serve as a Class II director, and other information about her, can be found in the Company's proxy statement. There is no assurance that the Company's nominee as a Class II director will serve as a director if our Nominees are elected.

QUORUM; BROKER NON-VOTES; DISCRETIONARY VOTING

A quorum is the minimum number of shares of Common Stock that must be represented at a duly called meeting in person or by proxy in order to legally conduct business at the meeting. According to the Company's proxy statement, one-third of the shares of Common Stock outstanding and entitled to vote at the Annual Meeting present in person or by proxy will constitute a quorum.

Votes withheld from director nominees, abstentions and broker non-votes will be counted as shares present for the purpose of determining a quorum but will not be counted in determining the number of shares voted "FOR" director nominees or treated as votes cast on any other proposal. According to the Company's proxy statement, abstentions and broker non-votes, if any, will not affect the outcome of the election of director nominees, approval of the material terms of the performance goals under the Incentive Plan, approval of the non-binding, advisory resolution to approve the compensation of the Company's named executive officers for 2016, the non-binding recommendation of the frequency of holding advisory votes on executive compensation, or the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending February 3, 2018. Abstentions and broker non-votes, if any, will have the same effect as a vote "against" the approval of the proposal to amend the Bylaws to adopt a majority voting requirement for uncontested director elections.

A broker non-vote occurs when a bank, broker or other nominee who holds shares for another person returns a proxy but does not vote on a particular item, usually because the nominee does not have discretionary voting authority for that item and has not received instructions from the owner of the shares.

If you are a stockholder of record, you must deliver your vote by mail, attend the Annual Meeting in person and vote, vote by Internet or vote by telephone in order to be counted in the determination of a quorum.

If your shares are held in the name of your broker, a bank or other nominee, that party will give you instructions for voting your shares. If you do not give instructions to your bank or brokerage firm, it will not be allowed to vote your shares with respect to any of the proposals to be presented at the Annual Meeting. In the absence of voting instructions, shares subject to such so-called broker non-votes will not be counted as voted on those proposals and so will have no effect on the vote, but will be counted as present for the purpose of determining the existence of a quorum. Accordingly, we encourage you to vote promptly, even if you plan to attend the Annual Meeting.

VOTES REQUIRED FOR APPROVAL

Election of Directors The election of directors requires a plurality of the votes cast at the Annual Meeting. As a result of our nomination of the Nominees, the Class II nominee receiving the highest number of affirmative votes will be elected as the Class II director and the two (2) Class III nominees receiving the highest number of affirmative votes will be elected as the Class III directors. With respect to the election of directors, only votes cast “FOR” a nominee will be counted. Proxy cards specifying that votes should be withheld with respect to one or more nominees will result in those nominees receiving fewer votes but will not count as a vote against the nominees. Neither a withhold vote nor a broker non-vote will count as a vote cast “FOR” or “AGAINST” a director nominee. Therefore, withhold votes and broker non-votes will have no direct effect on the outcome of the election of directors.

Amendment to Bylaws – According to the Company’s proxy statement, the proposal to amend the Company’s Bylaws to adopt a majority voting requirement for uncontested director elections requires the affirmative vote of the holders of two-thirds (2/3) or more of the combined voting power of the outstanding shares of capital stock of the Company entitled to vote generally in the election of directors. Abstentions and broker non-votes will have the same effect as a vote “against” the approval of the proposal to amend the Company’s Bylaws to adopt a majority voting requirement for uncontested director elections.

Other Proposals According to the Company’s proxy statement, approval of the proposal to re-approve the material terms of the performance goals under the Incentive Plan, approval of the non-binding, advisory resolution to approve the compensation of the Company’s named executive officers, approval on an advisory basis, the frequency of the advisory vote on the compensation of the Company’s executive officers, and the ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm each require the affirmative vote of a majority of the votes cast at the Annual Meeting. Abstentions and broker non-votes will be counted as shares present for the purpose of determining a quorum but will not be treated as votes cast on any other proposal and, therefore, will not affect the outcome of these other proposals.

REVOCAION OF PROXIES

Stockholders of the Company may revoke their proxies at any time prior to exercise by attending the Annual Meeting and voting in person (although, attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy) or by delivering a written notice of revocation. The delivery of a subsequently dated proxy which is properly completed will constitute a revocation of any earlier proxy. The revocation may be delivered either to Macellum in care of Saratoga at the address set forth on the back cover of this Proxy Statement or to the Company at Citi Trends, Inc. c/o American Stock Transfer and Trust Company, 6201 15th Avenue, Brooklyn, New York 11219 or any other address provided by the Company. Although a revocation is effective if delivered to the Company, we request that either the original or photostatic copies of all revocations be mailed to Macellum in care of Saratoga at the address set forth on the back cover of this Proxy Statement so that we will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date. Additionally, Saratoga may use this information to contact stockholders who have revoked their proxies in order to solicit later dated proxies for the election of the Nominees.

IF YOU WISH TO VOTE FOR THE ELECTION OF THE NOMINEES TO THE BOARD, PLEASE SIGN, DATE AND RETURN PROMPTLY THE ENCLOSED WHITE PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED.

SOLICITATION OF PROXIES

The solicitation of proxies pursuant to this Proxy Statement is being made by Macellum. Proxies may be solicited by mail, facsimile, telephone, telegraph, Internet, in person and by advertisements.

Members of the Macellum Group have entered into an agreement with Saratoga for solicitation and advisory services in connection with this solicitation, for which Saratoga will receive a fee not to exceed \$[____], together with reimbursement for its reasonable out-of-pocket expenses, and will be indemnified against certain liabilities and expenses, including certain liabilities under the federal securities laws. Saratoga will solicit proxies from individuals, brokers, banks, bank nominees and other institutional holders. The Macellum Group has requested banks, brokerage houses and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the shares of Common Stock they hold of record. The Macellum Group will reimburse these record holders for their reasonable out-of-pocket expenses in so doing. It is anticipated that Saratoga will employ approximately [____] persons to solicit stockholders for the Annual Meeting.

The entire expense of soliciting proxies is being borne by the Macellum Group. Costs of this solicitation of proxies are currently estimated to be approximately \$[_____] (including, but not limited to, fees for attorneys, solicitors and other advisors, and other costs incidental to the solicitation).
