**PROXY STATEMENT**

**ANNUAL MEETING OF STOCKHOLDERS**

**TO BE HELD ON MAY 28, 2003**

**DATE, TIME AND PLACE OF MEETING**

Euronet Worldwide, Inc. ( Euronet, we or us ) is furnishing this proxy statement in connection with the solicitation of proxies by our Board of Directors (the Board ), for use at the annual meeting of stockholders to be held on Wednesday, May 28, 2003, at 2:00 p.m. (Central time), at our offices at 4601 College Boulevard, Suite 300, Leawood, Kansas 66211 and at any adjournment of the meeting (the Annual Meeting ).

***Record Date; Outstanding Shares***

Stockholders at the close of business on April 1, 2003 (the Record Date ) are entitled to notice of, and to vote at, the Annual Meeting. The stockholders will be entitled to one vote for each share of Common Stock, par value \$0.02 per share (the Common Stock ), held of record at the close of business on the Record Date. To take action at the Annual Meeting, a quorum composed of holders of one-third of the outstanding shares of Common Stock must be represented by proxy or in person at the Annual Meeting. On February 28, 2003 there were 26,473,206 shares of Common Stock outstanding. No shares of preferred stock are outstanding.

***Date of Mailing***

We are first sending this proxy statement, the accompanying proxy and our annual report to stockholders for the year ended December 31, 2002 (the Annual Report ) to stockholders on or about April 25, 2003.

***Stockholder Proposals for the 2004 Annual Meeting***

We must receive any proposal of a stockholder to be presented at our annual meeting of stockholders in 2004, including the nomination of persons to serve on the Board, not later than December 27, 2003 for us to include it in the proxy materials for that meeting. Any proposal of a stockholder to be presented at our annual meeting of stockholders in 2004 which is not intended to be included in our proxy materials must be received not later than January 26, 2004 to be considered timely. We reserve the right to exercise discretionary voting authority on the proposal if a stockholder has failed to submit the proposal by January 26, 2004. Stockholders submitting proposals should submit them in writing and direct them to Euronet's secretary at our principal executive offices via certified mail, return receipt requested, to ensure timely delivery. We did not receive any stockholder proposals with respect to the Annual Meeting scheduled for May 28, 2003.

#### **REVOCABILITY OF PROXIES**

Shares of Common Stock represented by valid proxies that we receive at any time up to and including the day of the Annual Meeting will be voted as specified in such proxies. Any stockholder giving a proxy has the right to revoke it at any time before it is exercised by attending the Annual Meeting and voting in person or by filing with Euronet's secretary an instrument of revocation or a duly executed proxy bearing a later date.

### VOTING AND SOLICITATION

Each share of Common Stock issued and outstanding as of the Record Date will have one vote on each of the matters presented herein. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the judge of elections appointed for the Annual Meeting. We will treat shares that are voted For, Against or Withheld From a matter as being present at the meeting for purposes of establishing a quorum and also as shares entitled to vote at the Annual Meeting (the Votes Cast ). We will treat abstentions and broker non-votes also as shares that are present and entitled to be voted for purposes of determining the presence of a quorum. Abstentions will count in determining the total number of Votes Cast with respect to a proposal that requires a majority of Votes Cast and, therefore, will have the same effect as a vote against such a proposal. Broker non-votes will not count in determining the number of Votes Cast with respect to a proposal that requires a majority of Votes Cast and, therefore, will not affect the outcome of the voting on such a proposal.

### PERSONS MAKING THE SOLICITATION

Euronet is making all the solicitations in this proxy statement. We will bear the entire cost of this solicitation of proxies. Our directors, officers, and regular employees, without additional remuneration, may solicit proxies by telephone, telegraph and personal interviews. We will, if requested, reimburse banks, brokerage houses and other custodians, nominees and certain fiduciaries for their reasonable out-of-pocket expenses incurred in connection with the distribution of proxy materials to their principals.

**WE WILL FURNISH ADDITIONAL COPIES OF THE ANNUAL REPORT, NOT INCLUDING EXHIBITS, WITHOUT CHARGE TO ANY STOCKHOLDER UPON WRITTEN REQUEST TO JEFFREY B. NEWMAN AT OUR ADDRESS SET FORTH ABOVE. The terms of the e-pay transaction are included in a Stock Purchase Agreement dated February 19, 2003 (the Purchase Agreement ) that has been filed with the U.S. Securities and Exchange Commission ( SEC ). This transaction is also described in our annual report for 2002, which is being sent to Euronet's stockholders at the same time as these proxy materials, and in other filings we have made with the SEC. As part of that transaction, Mr. Althasen sold 159,219 B shares of e-pay (representing 20.62% of the total outstanding e-pay shares) to our company and received a total purchase price of 9,821,597 UK pounds (\$15,714,555 at an exchange rate of \$1.60 per pound), payable in four separate elements:

3,107,335 UK pounds (\$4,971,736) by issuance of 652,710 shares of Common Stock. These shares were issued at closing pursuant to an exemption from registration under the Securities Act of 1933, but we have agreed to file with the SEC a registration statement covering these shares which is to become effective by February 19, 2004 (or earlier if we require the conversion of certain notes into Common Stock as described below).

the discount that would have resulted from the application of the Average Price being paid to Mr. Brown in cash. However, the Committee is not responsible for conducting audits, preparing financial statements, or assuring the accuracy of financial statements or filings, all of which is the responsibility of management and the outside auditors.

Thomas A. McDonnell, M. Jeannine Strandjord and Eriberto Scocimara are the current members of the Audit Committee. Dr. Andrzej Olechowski was a member but resigned from the Audit Committee on September

12, 2002, while remaining on the Board. Each member of the Audit Committee during the year 2002 was, and each current member is, independent under the listing standards of the Nasdaq National Market.

The Audit Committee performs its oversight functions and responsibilities pursuant to a written charter adopted by our Board.

#### ***Report of the Audit Committee***

The Audit Committee has reviewed and discussed with our management Euronet's audited financial statements for the fiscal year ended December 31, 2002. The Audit Committee has also discussed with KPMG Polska Sp. zo.o ( KPMG ), our independent auditors, all matters required by generally accepted auditing standards to be discussed, including the matters required to be discussed by Statement on Accounting Standards No. 61, as amended, Communications with Audit Committees. The Audit Committee has received the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1 and has discussed with KPMG its independence.

Based on this review and these discussions, and consistent with the Audit Committee's roles and responsibilities described above and in the Committee's charter, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the SEC.

#### ***Compensation Committee***

The Compensation Committee, which is comprised solely of our independent directors, met once in 2002 to review and approve the compensation levels of our executives. In addition, the full Board dealt with staffing and executive compensation matters throughout the year, with the management board members recusing themselves with respect to decisions regarding management compensation. The Compensation Committee makes determinations with respect to salaries and bonuses payable to our executive officers. Thomas A. McDonnell, M. Jeannine Strandjord, Dr. Andrzej Olechowski and Eriberto Scocimara are the current members of the Compensation Committee.

The Compensation Committee performs its functions and responsibilities pursuant to a written charter adopted by our Board in September 2002.

#### ***Compensation Committee Interlocks and Insider Participation***

The Compensation Committee is composed of Messrs. McDonnell, Scocimara and Olechowski, and Ms. Strandjord. All of the members of the Compensation Committee during 2002 were independent directors and none of them were employees or former employees of Euronet. During 2002, no Euronet executive officer served on the compensation committee (or equivalent), or the board of directors, of another entity whose executive officer(s) served on Euronet's Compensation Committee or Board of Directors. No member of the Compensation Committee had relationships, or engaged in transactions, with Euronet during 2002 of the type required to be disclosed under the caption Certain Relationships and Related Transactions.

***Compensation of Directors***

We pay each director a fee of \$3,000 for each Board meeting attended in person, \$1,000 for each telephonic Board meeting attended and \$1,000 for participation in a Committee meeting. In addition, we grant each director an option to purchase 10,000 shares of our Common Stock upon appointment to the Board and an option to purchase 10,000 shares for each year of service as a director. These options have a three-year vesting period and an exercise price that is equal to the closing trading price of our Common Stock on the Nasdaq National Market on the date of the grant. We also reimburse directors for out-of-pocket expenses incurred in connection with the directors' attendance at meetings.

**Employment Agreements**

Mr. Brown serves as our Chief Executive Officer and Chairman of the Board pursuant to an employment agreement dated December 17, 1996. The term of this agreement expired on December 17, 2001, but it was automatically renewed on that date for an additional period of two years, until December 17, 2003. Under the terms of his agreement, Mr. Brown's salary for 1997 was \$100,000, subject to annual review and adjustments by the Board. His salary was increased to \$200,000 per year effective July 1, 1998 and remained at that level until September 2000, when Mr. Brown volunteered to reduce his salary. His salary was restored to its full amount as of October 1, 2001. We reimburse Mr. Brown for all reasonable and proper business expenses incurred by him in the performance of his duties under the agreement. The terms of the agreement also provide that Mr. Brown will be entitled to fringe benefits and perquisites comparable to those provided to any or all of our senior officers. If we terminate Mr. Brown's employment for certain reasons, including serious misconduct, dishonesty or breach of the agreement (referred to in the agreement as "Cause"), or if Mr. Brown voluntarily terminates employment with us, he will be entitled to receive all compensation, benefits and reimbursable expenses accrued as of the date of termination. If the agreement is terminated without Cause, then Euronet will be required to pay all compensation and benefits that are due to Mr. Brown under the agreement until the next expiration date of the agreement, which at present is December 2003. If Mr. Brown's employment with us is terminated by reason of death or disability (as defined in the agreement), he (or his designated beneficiary) will be paid his annual salary at the rate then in effect for an additional one-year period. The agreement includes a provision requiring payment of minimum severance of one year's salary in the event of dismissal following a change of control of Euronet (as defined in the agreement). The agreement also contains certain non-competition, non-solicitation and confidentiality covenants.

We have entered into employment agreements on terms that are the same as those of Mr. Brown's agreement with Messrs. Henry (President and Chief Operating Officer), Newman (Executive Vice President and General Counsel) and Bergman (Executive Vice President). These agreements include the same duration and expiration dates, termination provisions (including those regarding termination with and without Cause), severance pay on change of control and non-competition, non-solicitation and confidentiality provisions. The only differences between these agreements and Mr. Brown's agreement relate to salary, which we describe in the Summary Compensation Table above.

We do not have an employment agreement with Mr. Jerome.

***Benefit Plans***

We provide insurance benefits to our officers and other employees, including health, dental, and life insurance, subject to certain deductibles and copayments by employees.

**REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION**

The Compensation Committee, which currently consists of four outside directors, administers our executive compensation programs. The Committee is responsible for establishing policies that govern both annual cash compensation and equity ownership programs.

***Overview and Philosophy***

Our executive compensation policies have the following objectives:

To provide competitive compensation that will help attract, retain and reward highly qualified executives who contribute to our long-term success.

To align the interests of executive management and stockholders by making individual compensation dependent upon achievement of financial goals and by providing long-term incentives through our stock option plans.

Our compensation package for executives consists of a base salary, annual bonuses based on a combination of corporate and individual performance and stock options, which vest over a period of years.

**Compensation Levels in 2002**

***Base Salary***

We set the initial base salary for executives and management-level employees within the range of salaries of executive officers with comparable qualifications, experience and responsibilities at other companies in the same or similar businesses and of comparable size and success. Salary determinations upon hiring depend both upon the executive's salary at his previous place of employment and upon the individual's potential value to Euronet as measured by certain subjective non-financial objectives. The non-financial objectives include the individual's potential and actual contribution to Euronet as a whole, including his or her ability to motivate others, develop the skills necessary to grow as Euronet matures, recognize and pursue new business opportunities and initiate programs to enhance Euronet's growth and success.

In July 1998, Mr. Brown's base salary was set at \$200,000 and Mr. Henry's was set at \$175,000. Neither salary has been increased since. Base salaries for the other Named Executive Officers also remained unchanged during 2002. With respect to the year 2002, the Committee believed it would not be appropriate to increase base salaries due to Euronet's poor performance during the year.

Commencing October 15, 2000, Mr. Brown voluntarily waived payment of his salary entirely until further notice and Mr. Henry reduced his salary by 10%, also until further notice. Starting on October 1, 2001, Mr. Henry and Mr. Brown resumed drawing their full salaries, and they drew their full base salaries during the year 2002.

*Cash Bonus*

We pay two types of cash bonuses: those based on overall company performance and those based on individual performance of the executive concerned. In determining whether a bonus for individual performance is merited, the Committee includes an evaluation of the level of compensation as compared to the level of responsibility of an employee in order to determine whether overall compensation is sufficient to retain highly qualified individuals.

Our cash bonus programs sometimes require, for the payment of a bonus in any given year, that Euronet's financial results continue to improve in accordance with defined targets during the year following the year for which a bonus was declared. We awarded significant bonuses in March 2002 based on the company's strong

performance during 2001, but many of those bonuses were not actually paid because Euronet's financial performance did not continue to improve during 2002 as required for their payment. Bonuses that were originally granted in the amount of \$80,000 for Mr. Brown and \$70,000 for Mr. Henry were reduced to \$40,000 and \$35,000, respectively, in 2002 for this reason. Bonuses of \$52,250 and \$20,500 awarded to Messrs. Bergman and Newman were reduced to \$39,375 and \$15,375 respectively.

Bonuses based on individual performance were paid to Messrs. Bergman, Newman and Jerome in the amounts of \$50,000, \$31,812 and \$43,897, respectively.

### ***Stock Option Programs***

Our stock option plans are designed to promote a convergence of long-term interests between our employees and our stockholders and to assist in the retention of executives. During 2002, all option grants were proposed by management and approved by the Board.

The initial grant of options to an executive is designed to be competitive with those of comparable companies for the level of job the executive holds and to motivate the employee to contribute to an increase in our stock price over time. We make additional grants periodically to reflect an executive's ongoing contributions to our success, to create an incentive to remain with us and to provide a long-term incentive to achieve or exceed our financial goals.

Executives realize gains only if the stock price increases over the exercise price of their options and they exercise their options. Under the general terms of our stock option plans, options are to be granted at an option price equal to the fair market value of the Common Stock on the date of grant. Stock options generally vest over a five-year period in order to encourage key employees to remain with Euronet, but during 2002 Euronet also granted target vest options. Target vest options vest immediately in the event our company achieves certain financial targets for a given period, defined by reference to our operating income or loss. If the defined financial targets are not met, these options only vest after seven years of continued employment with Euronet.

In addition, in 2002, we adopted a new type of option, referred to as matching grant option, which is tied to the continued ownership by the executive of shares of Common Stock. Under our matching grant program, one option is granted for each share of Common Stock purchased by an executive after a defined date. The exercise price of the options is the closing stock price on the date of the grant. The options vest three years after the date of grant provided the executive has continued to hold the underlying shares purchased. If the executive sells the shares, the option will vest only after seven years of continued employment. The Committee believes that this program encourages executives to hold Common Stock and thereby reinforces the alignment of interests between the management and stockholders.

The table summarizing individual grants of options in these proxy materials indicates the number of options granted to executives during 2002. We granted a higher number of options to our executives this year than in previous years, but the bulk of the options granted to Messrs. Brown, Henry and Newman (120,000, 110,000 and 40,000 options, respectively) were matching grant options. The Committee believes that these options have greater retentive value. All of the other options granted to Messrs. Brown and Henry were target vest options. The remaining options granted to Mr. Newman, and the options granted to Messrs. Bergman and Jerome, were a combination of target vest and five year options.

### ***Benefits***

## Edgar Filing: EURONET WORLDWIDE INC - Form DEF 14A

Our executive officers are entitled to receive medical insurance benefits and may participate in our 401(k) plan. We match 50% of participant deferrals on the first 6% of employee deferrals, provided the participant's deferral is a minimum of 4% of salary. The amounts matched vest over 5 years.

All of our employees are entitled to participate in an Employee Stock Purchase Plan (the "ESPP") established in June 2001. This plan, which has been established in accordance with certain federal income tax rules set forth in Section 423 of the Internal Revenue Code, permits employees to purchase stock from us at a price that is equal to 85% of the trading price on the opening or the closing (at the employee's option) of certain three-month offering periods.

The amount of perquisites, as determined in accordance with the rules of the SEC relating to executive compensation, did not exceed 10% of salary and bonus for 2002 for any of the Named Executive Officers except Messrs. Bergman and Newman.

***Conclusion***

Through our programs, a significant portion of our executive compensation is linked directly to individual and company performance in furtherance of strategic goals, as well as stock price appreciation. The Committee intends to continue the policy of linking executive compensation to company performance and stockholder return.

**APPROVAL OF THE EURONET WORLDWIDE, INC.**

**2003 EMPLOYEE STOCK PURCHASE PLAN**

The Euronet Worldwide, Inc. 2003 Employee Stock Purchase Plan (the "Purchase Plan") was adopted by the Board of Directors on January 9, 2003 to become effective February 1, 2003, (subject to stockholder approval) upon expiration of the reserve of shares available for purchase under the Company's prior employee stock purchase plan.

The Purchase Plan will allow eligible employees of Euronet and its designated affiliates to purchase, through payroll deductions, up to 500,000 shares of Common Stock. The Purchase Plan is designed to retain and motivate the employees of Euronet and its designated affiliates by encouraging them to acquire ownership in Euronet.

The Purchase Plan is intended to be an employee stock purchase plan within the meaning of Section 423 of the United States Internal Revenue Code, as amended (Section 423), which allows an employee to defer recognition of taxes when purchasing common shares under such a purchase plan. Approval by Euronet stockholders is required for us to be in compliance with the Internal Revenue Code. The Purchase Plan also

## Edgar Filing: EURONET WORLDWIDE INC - Form DEF 14A

permits us to adopt sub-plans for Subsidiary Companies or locations that are designed to be outside of the scope of Section 423 ( Nonqualified Sub-plans ), with all purchases being outside Section 423 if the Purchase Plan does not receive stockholder approval at this Annual Meeting.

The following summary of the Purchase Plan is qualified in its entirety by the specific language of the Purchase Plan. A copy of the Purchase Plan is attached as an exhibit to this proxy statement and is available at our address indicated in the header to these proxy materials.

### *Offering Periods and Purchase Dates*

Under the Purchase Plan, four quarterly annual offerings (or such other number as is determined by a Committee established by the Board to administer the Purchase Plan) (each, an Offering ) of the Common

Stock will be made each year. Generally, each Offering is of three months duration beginning January 1, April 1, July 1, and October 1 of each year. However, the first Offering began on February 1, 2003 and ended on March 31, 2003.

### *Participation*

Eligible employees may elect to participate in one or more of the Offerings by electing payroll deductions during the Offering. The amount of the payroll deductions must be at least \$20 per month and cannot exceed \$21,500 in any calendar year. Eligible employees participating in Nonqualified Sub-plans may also be permitted to make fixed-dollar contributions to the Purchase Plan. As of April 1, 2003, Euronet had approximately 469 employees who were eligible to participate in the Purchase Plan, and approximately 191 employees participating in the Purchase Plan.

Beginning February 1, 2003, a participant may not purchase more than 3,000 shares of Common Stock during an Offering (subject to the Plan Representative's discretion to change this limit for future Offerings).

### *Price*

The price per share of the Common Stock sold under the Purchase Plan during an Offering will be 85% of the closing price of the Common Stock on the Nasdaq National Market on the lower of (i) the first day of such Offering and (ii) the last day of such Offering. The amount of stock that may be purchased in each Offering is the maximum number of shares that may be purchased with payroll deductions that have been made during the Offering.

### *Purchase of Stock*

A participant's option to purchase Common Stock pursuant to the Purchase Plan will be automatically exercised on the last day of each applicable Offering. Before that date, a participant may terminate his or her participation in the Purchase Plan by providing written notice to the Plan Representative. A participant who terminates his or her participation in the Purchase Plan during an Offering will receive a refund of his or her Purchase Plan contributions and will be suspended from participating in the Purchase Plan for the remainder of the Offering and for the next three Offerings. The three-offering suspension does not apply to terminations of participation due to hardship under circumstances set forth in the Purchase Plan.

Other than terminating his or her participation in the Purchase Plan altogether, once an Offering begins, a participant may not change how much he or she has elected to contribute to the Purchase Plan during the Offering.

### *Eligibility*

Any employee who has completed three consecutive months of employment with Euronet or another company that Euronet has approved for participation in the Purchase Plan prior to the commencement of an Offering may participate in an Offering. An employee is ineligible to

participate in the Purchase Plan if such employee owns or holds options to purchase or, as a result of participation in the Purchase Plan, would own or hold options to purchase Euronet shares exceeding five per cent or more of the total combined voting power or value of all classes of Euronet stock.

*Transferability*

Options under the Purchase Plan may not be assigned, transferred, pledged, or otherwise disposed of except by will or in accordance with the laws of descent and distribution.

### ***Employment Termination***

If a participant's employment terminates for any reason, his or her payroll deductions or contributions will be refunded, and the participant will have up to thirty days to transfer stock from the Purchase Plan to himself or herself, a designated beneficiary, or a broker. If the participant's Common Stock is not so transferred, a stock certificate will be issued and mailed to the participant.

### ***Amendment or Termination of the Purchase Plan***

The Board may at any time amend or terminate the Purchase Plan, except to the extent required under Section 423 of the Code (currently, for example, the approval of the stockholders of Euronet is required to increase the number of shares of Common Stock authorized for purchase under the Purchase Plan or change the class of employees eligible to receive options under the Purchase Plan, other than to designate additional affiliates as eligible subsidiary corporations for the Purchase Plan.

### ***Change in Euronet Capital Structure***

If there is any change in the shares of Euronet as a result of a merger, consolidation, reorganization, recapitalization, declaration of stock dividends, stock split, combination of shares, exchange of shares, change in corporate structure, or similar event, appropriate adjustments will be made to the class and number of shares that the Purchase Plan may issue, the class and number of shares each participant may purchase, and the class and number of shares and the price per share under each outstanding purchase right.

### ***U.S. Federal Income Tax Consequences***

Employees generally have tax consequences associated with participation in the Purchase Plan. In the U.S., no taxable income will be recognized by a participant until the sale or other disposition of the shares of Common Stock acquired under the Purchase Plan. At that time, a participant generally will recognize ordinary income and capital gains. When the shares are disposed of by a participant two years or more after the beginning of the Offering in which the shares were purchased, he or she will recognize ordinary income equal to the lesser of (i) the excess of the Fair Market Value of the shares on the purchase date over the purchase price (the Discount) or (ii) the excess of the Fair Market Value of the shares at disposition over the purchase price. When shares are disposed of after less than two years (in what is known as a disqualifying disposition), the participant must recognize ordinary income in the amount of the Discount, even if the disposition is a gift or is at a loss. In the event of a participant's death while owning shares acquired under the Purchase Plan, ordinary income must be recognized in the year of death as though the shares had been sold.

In the cases discussed above (other than death), the amount of ordinary income recognized by a participant is added to the purchase price paid by the participant, and this amount becomes the tax basis for determining the amount of the capital gain or loss from the disposition of the shares. Additional gain, if any, will be short-term or long-term capital gain depending on whether the holding period is 12 months or less, or more than 12 months.

## Edgar Filing: EURONET WORLDWIDE INC - Form DEF 14A

Net capital gains from the disposition of capital stock held more than 12 months are currently taxed at a maximum federal income tax rate of 20% and net capital gains from the disposition of stock held not more than 12 months is taxed as ordinary income (maximum rate of 38.6%). However, limitations on itemized deductions and the phase-out of personal exemptions may result in effective marginal tax rates higher than 20% for net capital gains and 38.6% for ordinary income.

Euronet is entitled to tax deductions in the U.S. for shares issued under the Purchase Plan only in the event of disqualifying dispositions. For disqualifying dispositions in the U.S., Euronet is allowed a deduction to the extent of the amount of ordinary income includable in gross income by such participant for the taxable year as a

result of the premature disposition of the shares. The Purchase Plan will not meet the requirements in Section 162(m) of the Internal Revenue Code of 1986, which means that there will be no deductions for disqualifying dispositions by Euronet's Chief Executive Officer and four most highly paid other executive officers.

The tax results under tax laws in foreign jurisdictions may differ substantially from those discussed above. All affected individuals should seek advice from their own counsel.

### PERFORMANCE GRAPH

Set forth below is a line graph comparing the total cumulative return on the Common Stock from January 1, 1998 through December 31, 2002 with the Center for Research in Security Prices ( CRSP ) Total Returns Index for U.S. companies traded on the Nasdaq Stock Market (the Market Group ) and an index group of peer companies, the CRSP Total Returns Index for U.S. Nasdaq Financial Stocks (the Peer Group ). The companies in each of the Market Group and the Peer Group were weighted by market capitalization. Returns are based on monthly changes in price and assume reinvested dividends. Our Common Stock is traded on the Nasdaq National Market under the symbol EEFT.

#### Notes

- B. The indexes are reweighted daily, using the market capitalization on the previous trading day.
- C. If the monthly interval, based on the fiscal year-end, is not a trading day, the preceding trading day is used.
- D. The index level for all series was set to \$100.0 on 12/31/1997.

The effective date of any increase or reduction in future payroll deductions or payments pursuant to Section 5.01 will be the next Offering Commencement Date that both succeeds processing of the change form and involves an Offering in which the participant is eligible to participate, taking into account any suspension of participation that Section 8.02 requires. A participant's changed enrollment election pursuant to Section 5.01 shall remain in effect for successive Offerings unless terminated as provided in Section 8.01.

- (b) 85% of the Fair Market Value of the shares of Common Stock on the Offering Termination Date.

## **ARTICLE VII**

### **EXERCISE OF OPTION**

7.01 Automatic Exercise. Each Plan participant's option for the purchase of stock with payroll deductions (or payments pursuant to Section 5.01) made during any Offering will be deemed to have been exercised automatically on the applicable Offering Termination Date for the purchase of the number of shares of Common Stock which the accumulated payroll deductions and payments pursuant to Section 5.01 in the participant's account at the time will purchase at the applicable Offering Price (but not in excess of the number of shares for which outstanding options have been granted to the participant pursuant to Section 6.01).

7.02 Withdrawal of Account. No participant in the Plan shall be entitled to withdraw any amount from the accumulated payroll deductions (and contributions pursuant to Section 5.01) in his or her account; provided, however, that a participant's accumulated payroll deductions (and contributions pursuant to Section 5.01) shall be refunded to the participant as and to the extent specified in Section 8.01 below upon termination of such participant's participation in the Plan.

The Company may deliver such shares in certificated or book entry form, at the Company's sole election.

7.06 Stock Transfer Restrictions. The Plan is intended to satisfy the requirements of Section 423 of the Code. ## **ARTICLE VIII**

8.01 In General. A participant may stop participating in the Plan at any time by giving written notice to the Plan Representative. Upon processing of any such written notice, no further payroll deductions will be made from the participant's Compensation during such Offering or thereafter, unless and until such participant elects to resume participation in the Plan, in accordance with Section 8.02 hereof, by providing written notice to the Plan Representative pursuant to Section 3.03 above. Such participant's payroll deductions and payments accumulated pursuant to Section 5.01 prior to processing of such notice shall be applied toward purchasing shares of Common Stock in the then-current Offering as provided in Section 7.01 above. Any cash balance remaining after the purchase of shares in such Offering shall be refunded promptly to such participant.

A-4

8.02 Effect on Subsequent Participation. A participant's withdrawal from an Offering pursuant to Section 8.01 (including as a deemed withdrawal a participant's failure to make all subscription payments required pursuant to Section 5.01 on or before an Offering Termination Date) will result in the participant's suspension from Plan participation for the remaining of the Offering and for the subsequent three Offerings. The participant's suspension will not thereafter have any effect upon such participant's eligibility to participate in any succeeding Offering or in any similar plan which may hereafter be adopted by the Company and for which such participant is otherwise eligible.

8.03 Termination of Employment. Upon termination of a participant's employment with the Company or any Eligible Subsidiary Company (as the case may be) for any reason, including retirement or death, then

(i) any shares that the Company or the Plan holds for the participant pursuant to the Plan will be issued and delivered to the participant (or the participant's estate in the event the participant is deceased) unless the Plan Representative determines in its discretion that the participant has before such employment termination date provided directions (in a form and manner acceptable to the Plan Representative) that are sufficient and timely to permit a transfer of such shares within the thirty-day period following the participant's termination of employment; and

(ii) the participant's payroll deductions and contributions accumulated pursuant to Section 5.01 prior to such termination, if any, shall be refunded to him or her, or, in the case of his or her death, to the person or persons entitled thereto under Section 12.01, and his or her participation in the Plan shall be deemed to be terminated.

Shares of Common Stock purchased by a participant under the Plan will be registered in the name of the participant, or, if the participant so directs by written notice to the Plan Representative prior to the Offering Termination Date applicable thereto, in the names of the participant and one such other person as may be designated by the participant, as joint tenants with rights of survivorship or as tenants by the entireties, to the extent permitted by applicable law.

## Edgar Filing: EURONET WORLDWIDE INC - Form DEF 14A

10.03 Restrictions on Exercise. The Committee may, in its discretion, require as conditions to the exercise of any option that the shares of Common Stock reserved for issuance upon the exercise of such option shall have been duly listed, upon official notice of issuance, upon a stock exchange or market, and that either:

- (a) a registration statement under the Securities Act of 1933, as amended, with respect to said shares shall be effective, or
- (b) the participant shall have represented at the time of purchase, in form and substance satisfactory to the Company, that it is his or her intention to purchase the shares for investment and not for resale or distribution.

A-5

**ARTICLE XI**

**ADMINISTRATION**

11.01 Appointment of Committee. The Board shall appoint a committee (the Committee) to administer the Plan, which shall consist solely of no fewer than three non-employee directors (as defined in Rule 16b-3(a)(3) promulgated under the Securities Act of 1933, as amended).

11.02 Authority of Committee. Subject to the express provisions of the Plan, the Committee shall have plenary authority in its discretion to interpret and construe any and all provision of the Plan, to adopt rules and regulations for administering the Plan, and to make all other determinations deemed necessary or advisable for administering the Plan. The Committee's determination of the foregoing matters shall be conclusive. Without regard to whether any participant rights may be considered to have been adversely affected, the Committee shall be entitled to limit the frequency and/or number of changes in the amount withheld during an Offering, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Committee determines in its sole discretion advisable that are consistent with the Plan.

11.03 Rules Governing the Administration of the Committee. The Board may from time to time appoint members of the Committee in substitution for or in addition to members previously appointed and may fill vacancies, however caused, in the Committee. The Committee may select one of its members as its chairman, shall hold its meetings at such times and places as it shall deem advisable, and may hold telephonic meetings. All determinations of the Committee shall be made by a majority of its members. A decision or determination reduced to writing and signed by a majority of the members of the Committee shall be as fully effective as if it had been made by a majority vote at a meeting duly called and held. The Committee may appoint a secretary and shall make such rules and regulations for the conduct of its business as it shall deem advisable.

11.04 Rules For Foreign Jurisdictions And Non-423 Plan.

- (a) Local Rules and Procedures. The Company may adopt rules or procedures relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures. Without limiting the generality of the foregoing, the Company is specifically authorized to adopt rules and procedures regarding handling of payroll deductions, payment of interest, conversion of local currency, payroll tax, withholding procedures and handling of stock certificates which vary with local requirements.
- (b) Sub-Plans. The Company may also adopt sub-plans applicable to particular Subsidiary Companies or locations, which sub-plans may be designed to be outside the scope of Code section 423. The rules of such sub-plans may take precedence over other provisions of this Plan, but unless otherwise superseded by the specific terms of such sub-plan, the provisions of this Plan shall govern the operation of such sub-plan. Schedule 11.04(b) hereto designates all Subsidiary Companies that are establishing sub-plans as of the Effective Date. These Subsidiary Companies are becoming Eligible Subsidiary Companies as of the Effective Date for all purposes of the Plan except they are not adopting the Plan pursuant to Code section 423 and are therefore outside its scope.

**ARTICLE XII**

**MISCELLANEOUS**

12.01 Designation of Beneficiary. A participant may file with the Plan Representative a written designation of a beneficiary who is to receive any shares of Common Stock and/or cash under the Plan upon the participant's death. Such designation of beneficiary may be changed by the participant at any time by written notice to the

A-6

Plan Representative. Upon the death of a participant and receipt by the Company of proof of identity and existence at the participant's death of a beneficiary validly designated by the participant under the Plan, and subject to Article VIII above concerning withdrawal from the Plan, the Company shall deliver such shares of Common Stock and/or cash to such beneficiary. In the event of the death of a participant lacking a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares of Common Stock and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares of Common Stock and/or cash to the spouse or to any one or more dependents of the participant, in each case without any further liability of the Company whatsoever under or relating to the Plan. No beneficiary shall, prior to the death of the participant by whom he or she has been designated, acquire any interest in the shares of Common Stock and/or cash credited to the participant under the Plan.

12.02 Transferability. Neither payroll deductions or payments credited to any participant's account pursuant to Section 5.01 nor any option or rights with regard to the exercise of an option or to receive Common Stock under the Plan may be assigned, transferred, pledged, or otherwise disposed of in any way by the participant other than by will or the laws of descent and distribution. Any such attempted assignment, transfer, pledge or other disposition shall be without effect, except that the Company may, in its discretion, treat such act as an election to withdraw from participation in the Plan in accordance with Section 8.01.

12.03 Use of Funds. All payroll deductions and payments received or held by the Company under the Plan may be used by the Company for any corporate purpose. The Company shall not be obligated to segregate such payroll deductions.

12.04 Adjustment Upon Changes in Capitalization.

- (a) If, while any options are outstanding under the Plan, the outstanding shares of Common Stock of the Company have increased, decreased, changed into, or been exchanged for a different number or kind of shares or securities of the Company through any reorganization, merger, recapitalization, reclassification, stock split, reverse stock split or similar transaction, appropriate and proportionate adjustments may be made by the Committee in the number and/or kind of shares which are subject to purchase under outstanding options and in the Offering Price or Prices applicable to such outstanding options. In addition, in any such event, the number and/or kind of shares which may be offered in the Offerings described in Article IV hereof shall also be proportionately adjusted. No such adjustments shall be made for or in respect of stock dividends. For purposes of this paragraph, any distribution of shares of Common Stock to shareholders in an amount aggregating 20% or more of the outstanding shares of Common Stock shall be deemed a stock split, and any distribution of shares aggregating less than 20% of the outstanding shares of Common Stock shall be deemed a stock dividend.
- (b) Upon the dissolution or liquidation of the Company, or upon a reorganization, merger or consolidation of the Company with one or more corporations as a result of which the Company is not the surviving corporation, or upon a sale of substantially all of the property or capital stock of the Company to another corporation, the holder of each option then outstanding under the Plan will thereafter be entitled to receive at the next Offering Termination Date, upon the exercise of such option, for each share as to which such option shall be exercised, as nearly as reasonably may be determined, the cash, securities and/or property which a holder of one share of the Common Stock was entitled to receive upon and at the time of such transaction. The Board shall take such steps in connection with such transactions as the Board shall deem necessary to assure that the provisions of this Section 12.04 shall thereafter be applicable, as nearly as reasonably may be determined, in relation to the said cash, securities and/or property as to which each such holder of any such option might hereafter be entitled to receive.

12.05 Amendment and Termination.

- (a) The Board may at any time and for any reason terminate or amend the Plan. Except as provided in Section 12.04, no such termination can affect options previously granted, provided that an Offering may be terminated by the Board on any Offering Termination Date if the Board determines that the termination of the Offering or the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 12.04 and this Section 12.05, no amendment may make any change in any option theretofore granted that adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any other applicable law, regulation or stock exchange rule), the Company shall obtain shareholder approval in such a manner and to such a degree as required.
  
- (b) In the event the Board determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Board may, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:
  - (i) altering the Offering Price for any Offering, including an Offering underway at the time of the change in the Offering;
  
  - (ii) shortening any Offering so that Offering ends on a new Offering Termination Date, including an Offering underway at the time of the Board action; and
  
  - (iii) allocating shares.

Such modifications or amendments shall not require stockholder approval or the consent of any participants.

12.06 Effective Date. The Plan shall become effective as of February 14, 2003, regardless of whether or not the Plan receives approval by the holders of a majority of the shares of Common Stock present and represented at any special or annual meeting of the shareholders of the Company duly held within 12 months after adoption of the Plan (because such approval is being sought solely in order for the Plan to meet the requirements of Section 423 of the Code).

12.07 No Employment Rights. The Plan does not, directly or indirectly, create in any person any right with respect to continuation of employment by the Company or any Subsidiary Company, and it shall not be deemed to interfere in any way with the Company's or any Subsidiary Company's right to terminate, or otherwise modify, any employee's employment at any time.

12.08 Effect of Plan. The provisions of the Plan shall, in accordance with its terms, be binding upon, and inure to the benefit of, all successors of each Employee participating in the Plan, including, without limitation, such Employee's estate and the executors, administrators or trustees thereof, heirs and legatees, and any receiver, trustee in bankruptcy or representative of creditors of such Employee.

12.09 Governing Law. The law of the State of Delaware will govern all matters relating to this Plan except to the extent superseded by the federal laws of the United States.
