ITEM 1. REPORT TO SHAREHOLDERS.

Discussion of Fund performance

By MFC Global Investment (U.S.), LLC

Against an increasingly difficult investment backdrop, preferred stocks suffered significant losses during the 12-month period ended October 31, 2008. Worsening conditions in the credit markets prompted waves of selling, at the same time that preferred stocks were hit by a massive influx of new preferred stock issues even as demand waned. For the 12 months ended October 31, 2008, John Hancock Patriot Premium Dividend Fund II returned □26.60% at net asset value (NAV) and □29.43% at market value. By comparison, the average UBS preferred stock closed-end fund returned □50.41% at NAV and □47.81% at market value. The difference in the Fund's NAV performance and its market performance stems from the fact that the market share price is subject to the

dynamics of secondary market trading, which could cause it to trade at a discount or premium to the Fund's NAV share price at any time. The Fund's current annualized distribution rate was 6.64% at NAV and 8.23% at closing market price on October 31, 2008. That compared with the average UBS preferred stock closed-end fund's yield of 15.80% at NAV and 17.16% at market price on October 31, 2008. The broad stock market, as measured by the Standard & Poor's 500 Index, returned \square 36.10% . For the same 12-month period, the Barclays Capital U.S. Aggregate Bond Index returned 0.30%, the Merrill Lynch Preferred Stock DRD Index returned \square 56.45% and the S&P 400 Mid-Cap Utilities Index returned \square 24.37% . In a period in which virtually every preferred stock suffered price declines, our financial holdings were our biggest detractors. The bankruptcy of Lehman Brothers wiped out the shareholders in that company's preferred stock. We also lost significant ground by holding Fannie Mae, the troubled quasi-government mortgage company that was taken over by the U.S. Treasury, who then suspended its dividend payment. Another detractor was CIT Group, Inc., a specialty financing company whose borrowing costs shot way up during the period. In contrast, we had comparatively good performance from AT&T, Inc. and Verizon Communications, Inc. Regarding the Fund's debt, the extremely difficult market conditions and sharp downturn caused the Fund to deleverage several times during the period to keep within the assets-to-debt ratio of its loan covenant. Even though the market continued to decline, we stopped deleveraging late in the period after the terms of the loan covenant were modified.

\square Against an increasingly difficult investment backdrop, preferred stocks suffered significant losses... \square

This commentary reflects the views of the portfolio managers through the end of the Fund's period discussed in this report. The managers' statements reflect their own opinions. As such, they are in no way guarantees of future events, and are not intended to be used as investment advice or a recommendation regarding any specific security. They are also subject to change at any time as market and other conditions warrant.

The Fund normally will invest at least 25% of its managed assets in securities of companies in the utilities industry. Such an investment concentration makes the Fund more susceptible to factors adversely affecting the utilities industry than a more broadly diversified fund. Sector investing is subject to greater risks than the market as a whole.

Notes to financial statements

Note 1 Organization

John Hancock Patriot Premium Dividend Fund II (the Fund) is a diversified closed-end management investment company registered under the Investment Company Act of 1940, as amended.

Note 2 Significant accounting policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which require management to make certain estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates. The following summarizes the significant accounting policies of the Fund:

Security valuation

The net asset value of the Fund is determined daily as of the close of the New York Stock Exchange (NYSE), normally at 4:00 p.m., Eastern Time. Short-term debt investments that have a remaining maturity of 60 days or less are valued at amortized cost, and thereafter assume a constant amortization to maturity of any discount or

premium, which approximates market value. All other securities held by the Fund are valued at the last sale price or official closing price (closing bid price or last evaluated quote if no sale has occurred) as of the close of business on the principal securities exchange (domestic or foreign) on which they trade or, lacking any sales, at the closing bid price. Securities traded only in the over-the-counter market are valued at the last bid price quoted by brokers making markets in the securities at the close of trading. Securities for which there are no such quotations, principally debt securities, are valued based on the evaluated prices provided by an independent pricing service, which utilizes both dealer-supplied and electronic data processing techniques, which take into account factors such as institutional-size trading in similar groups of securities, yield, quality, coupon rate, maturity, type of issue, trading characteristics and other market data.

Other assets and securities for which no such quotations are readily available are valued at fair value as determined in good faith under consistently applied procedures established by and under the general supervision of the Board of Trustees. Generally, trading in non-U.S. securities is substantially completed each day at various times prior to the close of trading on the NYSE. The values of such securities used in computing the net asset value of the Fund's shares are generally determined as of such times. Occasionally, significant events that affect the values of such securities may occur between the times at which such values are generally determined and the close of the NYSE. Upon such an occurrence, these securities will be valued at fair value as determined in good faith under consistently applied procedures established by and under the general supervision of the Board of Trustees.

Valuations change in response to many factors including the historical and prospective earnings of the issuer, the value of the issuer's assets, general economic conditions, interest rates, investor perceptions and market liquidity.

Investment transactions

Investment transactions are accounted for on a trade date plus one basis for daily net asset value calculations. However, for financial reporting purposes, investment security transactions are reported on trade date. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date net of foreign withholding taxes. Realized gains and losses from investment transactions are recorded on an identified cost basis.

Annual report | Patriot Premium Dividend Fund II 19

Expenses

The majority of expenses are directly identifiable to an individual fund. Fund expenses that are not readily identifiable to a specific fund are allocated in such a manner as deemed equitable, taking into consideration, among other things, the nature and type of expense and the relative size of the funds. Expense estimates are accrued in the period to which they relate and adjustments are made when actual amounts are known.

Overdrafts

Pursuant to the custodian agreement, the Custodian may, in its discretion, advance funds to the Fund to make properly authorized payments. When such payments result in an overdraft, the Fund is obligated to repay the Custodian for any overdraft together with interest due thereon. The Custodian has a lien, security interest or security entitlement in any Fund property, to the maximum extent permitted by law to the extent of any overdraft.

Statement of cash flows

The cash amount shown in the Statement of cash flows of a Fund is the amount included in the Fund's Statement of Assets and Liabilities and represents the cash on hand at its custodian and does not include any short-term investments.

Federal income taxes

Edgar Filing: HANCOCK JOHN PATRIOT PREMIUM DIVIDEND FUND II - Form N-CSR

The Fund qualifies as a regulated investment company by complying with the applicable provisions of the Internal Revenue Code and will not be subject to federal income tax on taxable income that is distributed to shareholders. Therefore, no federal income tax provision is required.

The Fund is subject to the provisions of Financial Accounting Standards Board (FASB) Interpretation No. 48, *Accounting for Uncertainty in Income Taxes*, an interpretation of FASB Statement 109 (FIN 48). FIN 48 prescribes a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return. The implementation of FIN 48 did not have a material impact on the Fund's financial statements. Each of the Fund's federal tax returns for the prior three years remain subject to examination by the Internal Revenue Service.

New accounting pronouncements

In September 2006, FASB Standard No. 157, *Fair Value Measurements (FAS 157)*, was issued and is effective for fiscal years beginning after November 15, 2007. FAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosure about fair value measurements. As of October 31, 2008, management does not believe the adoption of FAS 157 will have a material impact on the amounts reported in the financial statements.

In March 2008, FASB No. 161 (*FAS 161*), *Disclosures about Derivative Instruments and Hedging Activities*, an amendment of FASB Statement No. 133 (*FAS 133*), was issued and is effective for fiscal years and interim reporting periods beginning after November 15, 2008. FAS 161 amends and expands the disclosure requirements of FAS 133 in order to provide financial statement users an understanding of a company's use of derivative instruments, how derivative instruments are accounted for under FAS 133 and related interpretations and how these instruments affect a company's financial position, performance, and cash flows. FAS 161 requires companies to disclose information detailing the objectives and strategies for using derivative instruments, the level of derivative activity entered into by the company, and any credit risk-related contingent features of the agreements. Management is currently evaluating the adoption of FAS 161 on the Fund's financial statement disclosures.

Distribution of income and gains

The Fund records distributions to shareholders from net investment income and net realized gains, if any, on the ex-dividend date. The Fund declares dividends and distributes income monthly. Capital gains distributions, if any, are distributed annually. During the year ended October 31, 2007, the tax character of distributions paid was as follows: ordinary income \$23,943,023. During the year ended October 31, 2008, the tax character of distributions paid was as follows: ordinary income \$42,967,383 and long-term capital gain

20 Patriot Premium Dividend Fund II | **Annual report**

\$1,048,827. The tax character of the long-term capital gain distribution is proportionally shared between the common and preferred shareholders of the Fund.

As of October 31, 2008, the components of distributable earnings on a tax basis included \$2,876,374 of undistributed ordinary income and \$6,525,449 of undistributed long-term gain.

Such distributions and distributable earnings, on a tax basis, are determined in conformity with income tax regulations, which may differ from accounting principles generally accepted in the United States of America. Distributions in excess of tax basis earnings and profits, if any, are reported in the Fund's financial statements as a return of capital.

Capital accounts within financial statements are adjusted for permanent book-tax differences. These adjustments have no impact on net assets or the results of operations. Temporary book-tax differences will reverse in a subsequent period. For the year ended October 31, 2008, there were no permanent book-tax differences.

Note 3

Risks and uncertainties

Small and medium size company risk

Stocks of small and medium-size companies tend to be more volatile than those of large companies, and may underperform stocks of large companies. Small and mid-cap companies may have limited product lines or markets, less access to financial resources or less operating experience, or may depend on a few key employees. Given this, small and mid-cap stocks may be thinly traded, leading to additional liquidity risk due to the inability to trade in large volume.

Concentration risk

The Funds may concentrate investments in a particular industry, sector of the economy or invest in a limited number of companies. Accordingly, the concentration may make the Fund's value more volatile and investment values may rise and fall more rapidly. In addition, a fund with a concentration is particularly susceptible to the impact of market, economic, regulatory and other factors affecting the specific concentration.

Fixed income risk

Fixed income securities are subject to credit and interest rate risk and involve some risk of default in connection with principal and interest payments.

Leverage utilization risk

The Fund utilizes leverage to increase assets available for investment. See Note 7 for risks associated with the utilization of leverage.

Note 4

Guarantees and indemnifications

Under the Fund's organizational documents, its Officers and Trustees are indemnified against certain liability arising out of the performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred.

Note 5

Management fee and transactions with affiliates and others

The Fund has an investment management contract with John Hancock Advisers, LLC (the Adviser), a wholly owned subsidiary of John Hancock Financial Services, Inc., a subsidiary of Manulife Financial Corporation (MFC). Under the investment management contract, the Fund pays a monthly management fee to the Adviser at an annual rate of 0.50% of the Fund's average weekly net asset value and the value attributable to the Dutch Auction Rate Transferable Securities preferred shares (DARTS) or committed facility agreement (collectively, managed assets), plus 5.00% of the Fund's weekly gross income which amounted to \$2,951,681 for the year ended October 31, 2008. The effective rate for the year ended October 31, 2008 is 0.79% of the Fund's average weekly net asset value. The Adviser's total fee is limited to a maximum amount equal to 1.00% annually of the Fund's average weekly managed assets. For the year ended October 31,

Services, Inc. The Fund is not responsible for payment of subadvisory fees.

The Fund has an administrative agreement with the Adviser under which the Adviser oversees the custodial, auditing, valuation, accounting, compliance, legal, stock transfer and dividend disbursing services and maintains Fund communications with shareholders. The Fund pays the Adviser a monthly administration fee at an annual rate of 0.10% of the Fund's average weekly managed assets. The compensation for the year amounted to \$843,708.

Mr. James R. Boyle is Chairman of the Adviser, as well as affiliated Trustee of the Fund, and is compensated by the Adviser and/or its affiliates. The compensation of unaffiliated Trustees is borne by the Fund. The unaffiliated Trustees may elect to defer, for tax purposes, their receipt of this compensation under the John Hancock Group of Funds Deferred Compensation Plan. The Fund makes investments into other John Hancock funds, as applicable, to cover its liability for the deferred compensation. Investments to cover the Fund's deferred compensation liability are recorded on the Fund's books as an other asset. The deferred compensation liability and the related other asset are always equal and are marked to market on a periodic basis to reflect any income earned by the investments, as well as any unrealized gains or losses. The Deferred Compensation Plan investments had no impact on the operations of the Fund.

The Fund is listed for trading on the NYSE and has filed with the NYSE its chief executive officer certification regarding compliance with the NYSE's listing standards. The Fund also files with the Securities and Exchange Commission (SEC) the certification of its chief executive officer and chief financial officer required by Section 302 of the Sarbanes-Oxley Act.

Note 6

Fund share transactions

Common shares

This listing illustrates the Fund's common shares issued in reorganization and repurchased during the years ended October 31, 2007, and October 31, 2008, along with the corresponding dollar value.

In December 2007, the Board of Trustees approved a share repurchase plan. Under the plan, the Fund may repurchase in the open market up to 10% of its outstanding common shares. The plan will remain in effect until December 2008. During the year ended October 31, 2008, the Fund repurchased 854,600 common shares or 1.52% of the outstanding common shares.

	Year ended 10-31-07		Period ended 10-31-08	
	Shares	Amount	Shares	Amount
Repurchased	□	□	(3,623,017)	(31,565,136)

On March 31, 2008, the Board of Trustees approved a semiannual series tender offer program. Under the program, the Fund will offer to repurchase up to 5% of the Fund's outstanding common stock at 98% of net asset value on the date the tender offer expires, provided that the common shares of the Fund have traded at an average daily discount to net asset value of greater than 10% during a twelve week measurement period. The tender offer will occur twice a year if the thresholds are met, with the Board of Trustees to review the program annually.

On October 23, 2008, the Fund completed the tender offer. The Fund accepted 2,768,417 shares for payment which represented 5.00% of the Fund's then outstanding shares. Final payment was made on October 23, 2008 at \$8.38 per share, representing 98% of the NAV per share on October 23, 2008.

**Note 7
Leverage**

The Fund utilizes a Credit Facility Agreement (CFA) to increase its assets available for investment. In prior fiscal periods, the Fund used Dutch Auction Rate Transferable Securities (DARTS) preferred shares for leverage. When the Fund leverages its assets, common shareholders pay all fees associated with and have the potential to benefit from leverage. Consequently, the Fund and the Adviser may have differing interests in determining whether to leverage the Fund's assets. Leverage creates risks which may adversely affect the return for the holders of common shares, including:

- the likelihood of greater volatility of net asset value and market price of common shares
- fluctuations in the interest rate paid for the use of the credit facility
- increased operating costs, which may reduce the Fund's total return to the holders of common shares
- the potential for a decline in the value of an investment acquired through leverage, while the Fund's obligations under such leverage remains fixed
- the fund is more likely to have to sell securities in a volatile market in order to meet asset coverage or other debt compliance requirements

To the extent the income or capital appreciation derived from securities purchased with funds received from leverage exceeds the cost of leverage, the Fund's return will be greater than if leverage had not been used, conversely, return would be lower if the cost of the leverage exceeds the income or capital appreciation derived.

In May 2008, the Fund's Trustees approved a plan whereby a third party commercial bank has agreed to provide a credit facility that will enable a refinancing of the Fund's DARTS. The facility was used to redeem 100 percent of the outstanding DARTS and allowed the Fund to change its form of leverage from DARTS to debt. The redemption of all series was completed on July 3, 2008. Below is a comparison of the leverage methods utilized by the Fund:

	DARTS	CFA
Required Asset Coverage	200%	200% (300% at time of draw)
Maximum Leverage Amount	\$351 million	\$284 million
Costs Associated with Leverage	Dividends paid to preferred shareholders (maximum rate equals the overnight commercial paper rate plus 1.25%)	Interest expense (overnight LIBOR plus 0.70%)
	DARTS auction fees	Arrangement fee *
	Auction agent expenses	Commitment fees (0.60% of the unused portion of the CFA).
	Preferred share transfer agent expenses	

□ One month LIBOR plus 0.85% as of January 1, 2009.

*Arrangement fee is \$710,000 amortized over the first 270 days of the CFA.

DARTS auction fees and auction agent expenses and interest expense, arrangement fees and commitment fees are included in APS auction fees and interest expense, respectively, in the Statement of Operations. See notes 8 and 9 for further details of the DARTS and CFA, respectively.

Note 8

**Dutch Auction Rate Transferable
Securities preferred shares**

The Fund issued DARTS, 598 shares of Series A and 598 shares of Series B in a public offering. The underwriting discount was recorded as a reduction of the capital of common shares. During the year ended October 31, 1990, the Fund retired 98 shares of DARTS from both Series A and Series B. In addition, the Fund added additional series of DARTS as a result of reorganization. See Note 11.

Dividend rates on DARTS Series A, B, C, D, E and F ranged from 4.10% to 5.40%, from 4.13% to 5.38%, from 4.21% to 6.70%, from 4.41% to 5.80%, from 4.07% to 5.55% and from 4.11% to 5.80%, respectively, during the period from November 1, 2007 to July 3, 2008.

Note 9

Committed facility agreement

Effective May 7, 2008, the Fund entered into the CFA with a third party commercial bank that allows it to borrow up to an initial limit of \$284 million and to invest the borrowings in accordance with its investment practices. Borrowings under the CFA are secured by the assets of the Fund as disclosed in the Schedule of Investments. Interest is charged at the overnight LIBOR rate plus 0.70% and is payable monthly. Under the terms of the CFA, the Fund also pays an arrangement fee of 0.25% in the first year of the agreement on the committed financing and commitment fees of 0.60% per annum on the unused portion of the facility. Prior to July 1, 2008, the commitment fee was 0.55% per annum on the unused portion of the facility. Arrangement and commitment fees for the year ended October 31, 2008 totaled \$129,621 and \$462,815, respectively, and are included in interest expense in the Statement of Operations. As of July 31, 2008, the Fund had borrowings of \$238,500,000 at an interest rate of 0.40625% and is reflected in the revolving credit agreement payable on the Statement of Asset and Liabilities. For the period from May 7, 2008 to October 31, 2008, the average borrowings under the CFA and the average interest rate (annualized) were \$192,107,345 and 3.747%, respectively. The Fund may reduce or terminate the amount of the CFA with 270 days notice to the lender. Also, the CFA may be in default and result in termination if certain asset coverage and collateral requirements or minimum net asset amounts are not met. Finally, the Fund may terminate the agreement with 60 days notice if the Board of Trustees has determined that the elimination of all indebtedness leveraging the Fund's investments are in the best interests of the Fund's shareholders. Effective January 1, 2009, the CFA has been amended. The required asset coverage has been reduced to 200% and the effective interest rate will be one month LIBOR plus 0.85% .

Note 10

Purchase and sale of securities

Purchases and proceeds from sales or maturities of securities, other than short-term securities and obligations of the U.S. government, during the year ended October 31, 2008, aggregated \$138,644,488 and \$279,756,686, respectively.

Note 11

Reorganizations

On May 29, 2007, the Fund acquired all of the assets and assumed all of the liabilities of John Hancock Patriot Preferred Dividend Fund (PPF), pursuant to the plan of reorganization approved by the Board of Trustees of the

Edgar Filing: HANCOCK JOHN PATRIOT PREMIUM DIVIDEND FUND II - Form N-CSR

Fund on December 5, 2006 and by the shareholders at a Special Meeting of the Fund on May 2, 2007.

As a result of the reorganization, each holder of PPF common shares received common shares of the Fund having an aggregate net asset value (NAV) equal to the aggregate NAV of the common shareholder's shares in . As of the close of business on May 29, 2007, the NAV of PPF was \$13.9415 per common share and the NAV of the Fund was \$13.0489 per common share. Each common share of PPF was converted into 1.06840725 of a common share of the Fund. The acquisition was accounted for as a tax-free exchange of 7,753,648 common shares of the Fund for the net assets of PPF, which amounted to \$101,176,582, including the total of \$4,956,976 of unrealized appreciation, after the close of business on May 29, 2007.

As a result of the reorganization, the holders of preferred shares of the PPF received Series E preferred shares of the Fund with a dividend

24 Patriot Premium Dividend Fund II | **Annual report**

rate of 4.10% for a dividend period ending July 16, 2007 with the dividend rate to be reset via an auction process on that date. The aggregate liquidation preference of the Fund preferred shares received in the reorganization is equal to the aggregate liquidation preference of the preferred shares held immediately prior to the reorganization. The dividend rate, auction dates, rate period and dividend payment dates of the preferred shares of the Fund received in the reorganization are the same as that of the preferred shares of the Fund held immediately prior to the reorganization.

On June 4, 2007, the Fund acquired all of the assets and assumed all of the liabilities of John Hancock Patriot Global Dividend Fund (PGD), pursuant to the plan of reorganization approved by the Board of Trustees of the Fund on December 5, 2006 and by the shareholders at a Special Meeting of the Fund on May 2, 2007.

As a result of the reorganization, each holder of PGD common shares received common shares of the Fund having an aggregate NAV equal to the aggregate NAV of the common shareholder's shares in PGD. As of the close of business on June 4, 2007, the NAV of PGD was \$14.6699 per common share and the NAV of the Fund was \$13.0530 per common share. Each common share of PGD was converted into 1.12386918 of a common share of the Fund. The acquisition was accounted for as a tax-free exchange of 9,378,382 common shares of the Fund for the net assets of PGD, which amounted to \$122,416,014, including the total of \$10,982,782 of unrealized appreciation, after the close of business on June 4, 2007.

As a result of the reorganization, the holders of preferred shares of PGD received Series F preferred shares of the Fund with a dividend rate of 4.14% for a dividend period ending July 22, 2007 with the dividend rate to be reset via an auction process on that date. The aggregate liquidation preference of the Fund preferred shares received in the reorganization is equal to the aggregate liquidation preference of the preferred shares held immediately prior to the reorganization. The dividend rate, auction dates, rate period and dividend payment dates of the preferred shares of the Fund received in the reorganization are the same as that of the preferred shares of the Fund held immediately prior to the reorganization.

On June 25, 2007, the Fund acquired all of the assets and assumed all of the liabilities of John Hancock Patriot Premium Dividend Fund I (PDF) into the Fund, pursuant to the plan of reorganization approved by the Board of Trustees of PDF on December 5, 2006 and by the shareholders at a Special Meeting of PDF on May 2, 2007. As a result of the reorganization, each holder of PDF common shares received common shares of the Fund having an aggregate NAV equal to the aggregate NAV of the common shareholder's shares in . As of the close of business on June 25, 2007, the NAV of PDF was \$9.8189 per common share and the NAV of the Fund was \$12.4533 per common share. Each common share of PDF was converted into .78846147 of a common share of the Fund. The acquisition was accounted for as a tax-free exchange of 12,057,605 common shares of the Fund for the net assets of PDF, which amounted to \$150,156,978, including the total of \$7,233,142 of unrealized appreciation, after the close of business on June 25, 2007.

As a result of the reorganization, the holders of preferred shares of PDF received Series C preferred shares of the Fund with a dividend rate of 4.24% for a dividend period ended August 12, 2007 with the dividend rate to be reset via an auction process on that date. The aggregate liquidation preference of the Fund preferred shares received in the reorganization is equal to the aggregate liquidation preference of the preferred shares held

immediately prior to the reorganization. The dividend rate, auction dates, rate period and dividend payment dates of the preferred shares of the Fund received in the reorganization are the same as that of the preferred shares of the Fund held immediately prior to the reorganization.

On October 10, 2007, the Fund acquired all of the assets and assumed all of the liabilities of John Hancock Patriot Select Dividend Trust (DIV), pursuant to the plan of reorganization approved by the Board of Trustees of the Fund on December 5, 2006 and by the shareholders at a Special Meeting of PDF on May 2, 2007.

Annual report | Patriot Premium Dividend Fund II 25

As a result of the reorganization, each holder of DIV common shares received common shares of the Fund having an aggregate NAV equal to the aggregate NAV of the common shareholder's shares in DIV. As of the close of business on October 10, 2007, the NAV of DIV was \$15.10 per common share and the NAV of the Fund was \$12.61 per common share. Each common share of DIV was converted into 1.19743657 of a common share of the Fund. The acquisition was accounted for as a tax-free exchange of 11,986,828 common shares of the Fund for the net assets of DIV, which amounted to \$151,161,093, including the total of \$10,857,006 of unrealized appreciation, after the close of business on October 10, 2007.

As a result of the reorganization, the holders of preferred shares of DIV received Series D preferred shares of the Fund with a dividend rate of 5.50% for a dividend period ending November 27, 2007 with the dividend rate to be reset via an auction process on that date. The aggregate liquidation preference of the Fund preferred shares received in the reorganization is equal to the aggregate liquidation preference of the preferred shares held immediately prior to the reorganization. The dividend rate, auction dates, rate period and dividend payment dates of the preferred shares of the Fund received in the reorganization are the same as that of the preferred shares of the Fund held immediately prior to the reorganization.

Auditors' report

Report of Independent Registered Public Accounting Firm

To the Board of Trustees and Shareholders of John Hancock Patriot Premium Dividend Fund II:

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations, of changes in net assets and of cash flows and the financial highlights present fairly, in all material respects, the financial position of John Hancock Patriot Premium Dividend Fund II (the Fund) at October 31, 2008, and the results of its operations, the changes in its net assets, its cash flows and the financial highlights for the periods indicated, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities as of October 31, 2008 by correspondence with the custodian and brokers, and the application of alternative auditing procedures where securities purchased had not been received, provide a reasonable basis for our opinion. The financial highlights for each of the periods ended on or before October 31, 2005 were audited by another independent registered public accounting firm, whose report expressed an unqualified opinion thereon.

Tax information

Unaudited

For federal income tax purposes, the following information is furnished with respect to the distributions of the Fund, if any, paid during its taxable year ended October 31, 2008.

The Fund has designated distributions to shareholders of \$1,048,827 as a long-term capital gain dividend.

With respect to the ordinary dividends paid by the Fund for the fiscal year ended October 31, 2008, 100.00% of the dividends qualifies for the corporate dividends-received deduction.

The Fund hereby designates the maximum amount allowable of its net taxable income as qualified dividend income as provided in the Jobs and Growth Tax Relief Reconciliation Act of 2003. This amount will be reflected on Form 1099-DIV for the calendar year 2008.

Shareholders will be mailed a 2008 U.S. Treasury Department Form 1099-DIV in January 2009. This will reflect the total of all distributions that are taxable for calendar year 2008.

Investment objective and policy

The Fund's investment objective is to provide a high current income consistent with modest growth of capital for holders of its common shares of beneficial interest. The Fund will pursue its objective by investing in a diversified portfolio of dividend paying preferred and common stocks.

The Fund's nonfundamental investment policy, with respect to the quality of ratings of its portfolio investments, was changed by a vote of the Fund's Trustees on September 13, 1994. The policy, which became effective October 15, 1994, stipulates that preferred stocks and debt obligations in which the Fund will invest will be rated investment grade (at least BBB by S&P or Baa by Moody's) at the time of investment or will be preferred stocks of issuers of investment grade senior debt, some of which may have speculative characteristics, or, if not rated, will be of comparable quality as determined by the Adviser. The Fund will invest in common stocks of issuers whose senior debt is rated investment grade or, in the case of issuers that have no rated senior debt outstanding, whose senior debt is considered by the Adviser to be of comparable quality.

On November 20, 2001, the Fund's Trustees approved the following investment policy investment restriction change, effective December 15, 2001. Under normal circumstances, the Fund will invest at least 80% of its assets in dividend-paying securities. The "Assets" are defined as net assets including the liquidation preference amount of the DARTS plus borrowings for investment purposes. The Fund will notify shareholders at least 60 days prior to any change in this 80% investment policy.

Bylaws

Edgar Filing: HANCOCK JOHN PATRIOT PREMIUM DIVIDEND FUND II - Form N-CSR

In November 2002, the Board of Trustees adopted several amendments to the Fund's bylaws, including provisions relating to the calling of a special meeting and requiring advance notice of shareholder proposals or nominees for Trustee. The advance notice provisions in the bylaws require shareholders to notify the Fund in writing of any proposal that they intend to present at an annual meeting of shareholders, including any nominations for Trustee, between 90 and 120 days prior to the first anniversary of the mailing date of the notice from the prior year's annual meeting of shareholders. The notification must be in the form prescribed by the bylaws. The advance notice provisions provide the Fund and its Trustees with the opportunity to thoughtfully consider and address the matters proposed before the Fund prepares and mails its proxy statement to shareholders. Other amendments set forth the procedures that must be followed in order for a shareholder to call a special meeting of shareholders. Please contact the Secretary of the Fund for additional information about the advance notice requirements or the other amendments to the bylaws.

On December 16, 2003, the Trustees approved the following change to the Fund's bylaws. The auction preferred section of the Fund's bylaws was changed to update the rating agency requirements, in keeping with recent changes to the agencies' basic maintenance reporting requirements for leveraged closed-end funds. Bylaws now require an independent accountant's confirmation only once per year, at the Fund's fiscal year end, and changes to the agencies' basic maintenance reporting requirements that include modifications to the eligible assets and their respective discount factors. These revisions bring the Fund's bylaws in line with current rating agency requirements.

On September 14, 2004, the Trustees approved an amendment to the Fund's bylaws increasing the maximum applicable dividend rate ceiling on the preferred shares to conform with the modern calculation methodology used by the industry and other John Hancock funds.

Dividends and distributions

During the year ended October 30, 2008, dividends from net investment income totaling \$0.576 per share and distributions from special dividend totaling \$0.01396 were paid to shareholders. The dates of payments and the amounts per share are as follows:

Dividend reinvestment plan

The Fund offers its shareholders a Dividend Reinvestment Plan (the Plan), which offers the opportunity to earn compounded yields. Each holder of common shares may elect to have all distributions of dividends and capital gains reinvested by Mellon Investor Services, as plan agent for the common shareholders (the Plan Agent). Holders of common shares who do not elect to participate in the Plan will receive all distributions in cash, paid by check mailed directly to the shareholder of record (or if the common shares are held in street or other nominee name, then to the nominee) by the Plan Agent, as dividend disbursing agent.

Shareholders may join the Plan by filling out and mailing an authorization card, by notifying the Plan Agent by telephone or by visiting the Plan Agent's Web site at www.melloninvestor.com. Shareholders must indicate an election to reinvest all or a portion of dividend payments. If received in proper form by the Plan Agent before the record date of a dividend, the election will be effective with respect to all dividends paid after such record date. Shareholders whose shares are held in the name of a broker or nominee should contact the broker or nominee to determine whether and how they may participate in the Plan.

If the Fund declares a dividend payable either in common shares or in cash, nonparticipants will receive cash, and participants in the Plan will receive the equivalent in common shares. If the market price of the common shares on the payment date of the dividend is equal to or exceeds their net asset value as determined on the payment date, participants will be issued common shares (out of authorized but unissued shares) at a value equal to the higher of net asset value or 95% of the market price. If the net asset value exceeds the market price of the common shares at such time, or if the Board of Trustees declares a dividend payable only in cash, the Plan Agent will, as agent for Plan participants, buy shares in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. Such purchases will be made promptly after the payable date for such dividend and, in any event, prior to the next ex-dividend date after such date, except where necessary to comply with federal securities laws. If, before the Plan Agent has completed its purchases, the market price exceeds the net asset value of the common shares, the average per share purchase price paid by the Plan Agent may exceed the net asset value of the common shares, resulting in the acquisition of fewer shares than if the dividend had been paid in shares issued by the Fund.

Each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. In each case, the cost per share of the shares purchased for each participant's account will be the average cost, including brokerage commissions, of any shares purchased on the open market plus the cost of any shares issued by the Fund. There will be no brokerage charges with respect to common shares issued directly by the Fund. There are no other charges to participants for reinvesting dividends or capital gain distributions.

Participants in the Plan may withdraw from the Plan at any time by contacting the Plan Agent by telephone, in writing or by visiting the Plan Agent's Web site at www.melloninvestor.com. Such withdrawal will be effective immediately if received not less than ten days prior to a dividend record date; otherwise, it will be effective for all subsequent dividend record dates. When

30 Patriot Premium Dividend Fund II | **Annual report**

a participant withdraws from the Plan or upon termination of the Plan, as provided below, certificates for whole common shares credited to his or her account under the Plan will be issued, and a cash payment will be made for any fraction of a share credited to such account.

The Plan Agent maintains each shareholder's account in the Plan and furnishes monthly written confirmations of all transactions in the accounts, including information needed by the shareholders for personal and tax records. The Plan Agent will hold common shares in the account of each Plan participant in noncertificated form in the name of the participant. Proxy material relating to the shareholders' meetings of the Fund will include those shares purchased as well as shares held pursuant to the Plan.

The reinvestment of dividends and distributions will not relieve participants of any federal income tax that may be payable or required to be withheld on such dividends or distributions. Participants under the Plan will receive tax information annually. The amount of dividend to be reported on 1099-DIV should be (1) in the case of shares issued by the Fund, the fair market value of such shares on the dividend payment date and (2) in the case of shares purchased by the Plan Agent in the open market, the amount of cash used by the Plan Agent to purchase shares in the open market, including the amount of cash allocated to brokerage commissions paid on such purchases.

Experience under the Plan may indicate that changes are desirable. Accordingly, the Fund reserves the right to amend or terminate the Plan as applied to any dividend or distribution paid subsequent to written notice of the change sent to all shareholders of the Fund at least 90 days before the record date for the dividend or distribution. The Plan may be amended or terminated by the Plan Agent after at least 90 days written notice to all shareholders of the Fund. All correspondence or additional information concerning the Plan should be directed to the Plan Agent, Mellon Bank, N.A., c/o Mellon Investor Services, .O. Box 3338, South Hackensack, NJ 07606-1938 (Telephone: 1-800-852-0218).

Shareholder meeting

On March 31, 2008, the Annual Meeting of the Fund was held to elect three Trustees. Proxies covering 51,533,292 common shares were voted at the meeting.

The common shareholders elected the following Trustees to serve until successors are duly elected and qualified. The votes were tabulated as follows:

	FOR	WITHHELD AUTHORITY
James F. Carlin	49,555,430	1,977,862 (common shares)
William H. Cunningham	49,500,625	2,032,667 (common shares)

Due to the insufficient number of preferred shareholder votes on the proposal to elect a Trustee, the meeting for the preferred shares was adjourned until April 29, 2008, at which time proxies covering 2,537 preferred shares

voted at the meeting.

The preferred shareholders elected the following Trustee to serve until his successor is duly elected and qualified.

The votes were tabulated as follows:

	FOR	WITHHELD AUTHORITY
John A. Moore	2,380	157 (preferred shares)

On September 3, 2008, a Special Meeting of the Fund was held to approve amendments to the investment and sub-investment management contracts. Proxies covering 32,522,740 shares of beneficial interest were voted at the meeting.

The proposal to approve amendments to the investment management contract to reflect the inclusion of bank debt and other traditional investment leverage in the calculation of the investment management fees, and to remove an expense limitation previously required under state law was voted as follows: FOR 27,602,342, AGAINST 4,289,440 and ABSTAIN 630,958.

The proposal to approve an amendment to the sub-investment management contract to reflect the inclusion of bank debt and other traditional investment leverage in the calculation of the sub-investment management fees was voted as follows: FOR 27,616,145, AGAINST 4,263,176 and ABSTAIN 643,419.

**Board Consideration of and
Continuation of Investment Advisory
Agreement and Subadvisory
Agreement: John Hancock
Patriot Premium Dividend Fund II**

The Investment Company Act of 1940 (the 1940 Act) requires the Board of Trustees (the Board) of John Hancock Patriot Premium Dividend Fund II (the Fund), including a majority of the Trustees who have no direct or indirect interest in the investment advisory agreement and are not "interested persons" of the Fund, as defined in the 1940 Act (the Independent Trustees), annually to meet in person to review and consider the continuation of: (i) the investment advisory agreement (the Advisory Agreement) with John Hancock Advisers, LLC (the Adviser) and (ii) the investment subadvisory agreement (the Subadvisory Agreement) with MFC Global Investment Management (U.S.), LLC (the Subadviser). The Advisory Agreement and the Subadvisory Agreement are collectively referred to as the Advisory Agreements.

At meetings held on May 5-6 and June 9-10, 2008, the Board considered the factors and reached the conclusions described below relating to the selection of the Adviser and Subadviser and the continuation of the Advisory Agreements. During such meetings, the Board's Contracts/Operations Committee and the Independent Trustees also met in executive sessions with their independent legal counsel.

In evaluating the Advisory Agreements, the Board, including the Contracts/ Operations Committee and its Independent Trustees, reviewed a broad range of information requested for this purpose. This information included:

(i) the investment performance of the Fund and a peer group of comparable funds (the Peer Group). The funds within the Peer Group were selected by Morningstar Inc. (Morningstar), an independent provider of investment company data. Data covered a range of periods ended December 31, 2007,¹

(ii) advisory and other fees incurred by, and the expense ratios of, the Fund relative to a Peer Group,

(iii) the Adviser's financial results and condition, including its and certain of its affiliates' profitability from services performed for the Fund,

(iv) breakpoints in the Fund's and the Peer Group's fees and information about economies of scale,

(v) the Adviser's and Subadviser's record of compliance with applicable laws and regulations, with the Fund's investment policies and restrictions, and with the applicable Code of Ethics, and the structure and responsibilities of the Adviser's and Subadviser's compliance department,

(vi) the background and experience of senior management and investment professionals, and

(vii) the nature, cost and character of advisory and non-investment management services provided by the Adviser and its affiliates and by the Subadviser.

The Independent Trustees considered the legal advice of independent legal counsel and relied on their own business judgment in determining the factors to be considered in evaluating the materials that were presented to them and the weight to be given to each such factor. The Board's review and conclusions were based on a comprehensive consideration of all information presented to the Board and not the result of any single controlling factor. The Board principally considered data on performance and other information provided by Morningstar as of December 31, 2007. The Board also considered updated performance information provided to it by the Adviser or Subadviser at its May and June 2008 meetings. Performance and other information may be quite different as of the date of this shareholders report. The key factors considered by the Board and the conclusions reached are described below.

Annual report | Patriot Premium Dividend Fund II 33

Nature, extent and quality of services

The Board considered the ability of the Adviser and the Subadviser, based on their resources, reputation and other attributes, to attract and retain qualified investment professionals, including research, advisory, and supervisory personnel. The Board considered the investment philosophy, research and investment decision-making processes of the Adviser and Subadviser. The Board considered the Adviser's execution of its oversight responsibilities. The Board further considered the culture of compliance, resources dedicated to compliance, compliance programs and compliance records of the Adviser and Subadviser. In addition, the Board took into account the administrative and other non-advisory services provided to the Fund by the Adviser and its affiliates.

Based on the above factors, together with those referenced below, the Board concluded that, within the context of its full deliberations, the nature, extent and quality of the investment advisory services provided to the Fund by the Adviser and Subadviser supported renewal of the Advisory Agreements.

Fund performance

The Board considered the performance results for the Fund over various time periods ended December 31, 2007. The Board also considered these results in comparison to the performance of the Peer Group, as well as the Fund's benchmark indices. The Board reviewed with representatives of Morningstar the methodology used by Morningstar to select the funds in the Peer Group. The Board noted the imperfect comparability of the Peer Group and that Morningstar was not able to select a comparative Category for the Fund.

The Board noted that the Fund's performance for the 1-year period was lower than the performance of its benchmark index, the Lehman Brothers Aggregate Bond Index and, for the 10-year period, was generally in line with the performance of this benchmark index. The Board viewed favorably that the Fund's performance for the 3- and 5-year periods was higher than the performance of the Lehman Brothers Aggregate Bond Index. The Board also viewed favorably that the Fund's performance was higher than the performance of its Peer Group median and its other benchmark index, the Merrill Lynch Preferred Stock DRD Eligible Index for all periods under review.

Investment advisory fee and subadvisory fee rates and expenses

The Board reviewed and considered the contractual investment advisory fee rate payable by the Fund to the Adviser for investment advisory services (the Advisory Agreement Rate). The Board received and considered information comparing the Advisory Agreement Rate with the advisory fees for the Peer Group. The Board noted that the Advisory Agreement Rate was lower than the median rate of the Peer Group.

The Board received and considered expense information regarding the Fund's various components, including advisory fees, and other non-advisory fees, including administrative fees, transfer agent fees, custodian fees, and other miscellaneous fees (*e.g.*, fees for accounting and legal services). The Board considered comparisons of these expenses to the Peer Group median. The Board also received and considered expense information regarding the Fund's total operating expense ratio (Expense Ratio). The Board noted that, unlike the Fund, several funds in the Peer Group employed fee waivers or reimbursements. The Board received and considered information comparing the Expense Ratio of the Fund to that of the Peer Group median before the application of fee waivers and reimbursements (Gross Expense Ratio) and after the application of such waivers and reimbursement (Net Expense Ratio). The Board noted that the Fund's Gross and Net Expense Ratios were higher than the median of the Peer Group. The Board also noted the differences in the funds included in the Peer Group, including differences in the employment of fee waivers and reimbursements. The Adviser noted that the Fund recently acquired the assets of several other funds through merger transactions, and discussed its expectation that

34 Patriot Premium Dividend Fund II | **Annual report**

the Expense Ratio should decrease as a result of the merger transactions.

The Adviser also discussed the Morningstar data and rankings, and other relevant information, for the Fund. Based on the above-referenced considerations and other factors, the Board concluded that the Fund's overall expense results and performance supported the re-approval of the Advisory Agreements.

The Board also received information about the investment subadvisory fee rate (the Subadvisory Agreement Rate) payable by the Adviser to the Subadviser for investment sub-advisory services. The Board concluded that the Subadvisory Agreement Rate was fair and equitable, based on its consideration of the factors described here.

Profitability

The Board received and considered a detailed profitability analysis of the Adviser based on the Advisory Agreements, as well as on other relationships between the Fund and the Adviser and its affiliates, including the Subadviser. The Board also considered a comparison of the Adviser's profitability to that of other similar investment advisers whose profit-ability information is publicly available. The Board concluded that, in light of the costs of providing investment management and other services to the Fund, the profits and other ancillary benefits reported by the Adviser were not unreasonable.

Economies of scale

The Board received and considered general information regarding economies of scale with respect to the management of the Fund, including the Fund's ability to appropriately benefit from economies of scale under the Fund's fee structure. The Board recognized the inherent limitations of any analysis of economies of scale, stemming largely from the Board's understanding that most of the Adviser's and Subadviser's costs are not specific to individual Funds, but rather are incurred across a variety of products and services.

The Board observed that the Advisory Agreements did not offer breakpoints. However, the Board considered the limited relevance of economies of scale in the context of a closed-end fund that, unlike an open-end fund, does not continuously offer its shares. The Board noted that the Fund, as a closed-end investment company, was not expected to increase materially in size and that its assets would grow (if at all) through the investment performance of the Fund. Therefore, the Board did not consider potential economies of scale as a principal factor in assessing the fees payable under the Advisory Agreements, but concluded that the fees were fair and equitable based on relevant factors.

Other benefits to the Adviser

The Board received information regarding potential "fall-out" or ancillary benefits received by the Adviser and its affiliates, including the Subadviser, as a result of their relationship with the Fund. Such benefits could include, among others, benefits directly attributable to the relationship of the Adviser and Subadviser with the Fund and benefits potentially derived from an increase in business as a result of their relationship with the Fund (such as the ability to market to shareholders other financial products offered by the Adviser and its affiliates).

The Board also considered the effectiveness of the Adviser's, Subadviser's and Fund's policies and procedures for complying with the requirements of the federal securities laws, including those relating to best execution of portfolio transactions and brokerage allocation.

Other factors and broader review

As discussed above, the Board reviewed detailed materials received from the Adviser and Subadviser as part of the annual re-approval process. The Board also regularly reviews and assesses the quality of the services that the Fund receives throughout the year. In this regard, the Board reviews reports of the Adviser and Subadviser at least quarterly, which include, among other things, fund performance reports and compliance reports. In addition, the Board meets with portfolio

Annual report | Patriot Premium Dividend Fund II 35

managers and senior investment officers at various times throughout the year.

After considering the above-described factors and based on its deliberations and its evaluation of the information described above, the Board concluded that approval of the continuation of the Advisory Agreements for the Fund was in the best interest of the Fund and its shareholders. Accordingly, the Board unanimously approved the continuation of the Advisory Agreements.

¹ Morningstar also provided a comparative analysis for most, but not all, of the John Hancock Funds of the investment performance and advisory and other fees incurred by, and the expense ratios of, the John Hancock Funds relative to a category of relevant funds (the Category). Morningstar was not able to select a comparative Category for the John Hancock Patriot Premium Dividend Fund II. Therefore, Morningstar did not provide such an analysis.

Neither the Adviser nor Subadviser receives a fee based upon the investment performance of any of the accounts included under Other Accounts Managed by the Portfolio Managers in the table above.

When a portfolio manager is responsible for the management of more than one account, the potential arises for the portfolio manager to favor one account over another. For the reasons outlined below, the Fund does not believe that any material conflicts are likely to arise out of a portfolio manager's responsibility for the management of the Fund as well as one or more other accounts. The Adviser and the Subadviser have adopted procedures, overseen by the Chief Compliance Officer, that are intended to monitor compliance with the policies referred to in the following paragraphs.

The Subadviser has policies that require a portfolio manager to allocate investment opportunities in an equitable manner and generally to allocate such investments proportionately among all accounts with similar investment objectives.

□ When a portfolio manager intends to trade the same security for more than one account, the policies of the Subadviser generally require that such trades for the individual accounts are aggregated so that each account receives the same price. When not possible or when it may not result in the best possible price, the Subadviser will place the order in a manner intended to result in as favorable a price as possible for such client.

□ The investment performance on specific accounts is not a factor in determining the portfolio manager's compensation. See "Compensation of Portfolio Managers" below. Neither the Adviser nor the Subadviser receives a performance-based fee with respect to other accounts managed by the Fund's portfolio managers.

□ The Subadviser imposes certain trading restrictions and reporting requirements for accounts in which a portfolio manager or certain family members have a personal interest in order to confirm that such accounts are not favored over other accounts.

□ The Subadviser seeks to avoid portfolio manager assignments with potentially conflicting situations. However, where a portfolio manager is responsible for accounts with differing investment objectives and policies, it is possible that the portfolio manager will conclude that it is in the best interest of one account to sell a portfolio security while another account continues to hold or increase the holding in such security.

Compensation of portfolio managers

The Subadviser has adopted a system of compensation for portfolio managers and others involved in the investment process that is applied consistently among investment professionals. At the Subadviser, the structure of compensation of investment professionals is currently composed of the following basic components: fixed base salary, and an annual investment bonus plan, as well as customary benefits that are offered generally to all full-time employees of the Subadviser. A limited number of senior portfolio managers, who serve as officers of both the Subadviser and its parent company, may also receive options or restricted stock grants of common shares of Manulife Financial Corporation.

Only investment professionals are eligible to participate in the Investment Bonus Plan on an annual basis. While the amount of any bonus is discretionary, the following factors are generally used in determining bonuses: 1) The investment performance of all accounts managed by the investment professional over one- and three-year periods are considered. The pre-tax performance of each account is measured relative to an appropriate peer group benchmark. 2) The profitability of the Subadviser and its parent company are also considered in determining bonus awards, with greater emphasis placed upon the profitability of the Adviser. 3) The more intangible contributions of an investment professional to the Subadviser's business, including the investment professional's support of sales activities, new fund/strategy idea generation, professional growth and development, and management, where applicable, are evaluated in determining the amount of any bonus award.

While the profitability of the Subadviser and the investment performance of the accounts that the investment professionals maintain are factors in determining an investment professional's overall compensation, the investment professional's compensation is not linked directly to the net asset value of any fund.

ITEM 2. CODE OF ETHICS.

As of the end of the period, October 31, 2008, the registrant has adopted a code of ethics, as defined in Item 2 of Form N-CSR, that applies to its Chief Executive Officer, Chief Financial Officer and Treasurer (respectively, the principal executive officer, the principal financial officer and the principal accounting officer, the [Senior Financial Officers]). A copy of the code of ethics is filed as an exhibit to this Form N-CSR.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

Charles L. Ladner is the audit committee financial expert and is [independent], pursuant to general instructions on Form N-CSR Item 3.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

(a) Audit Fees

The aggregate fees billed for professional services rendered by the principal accountant(s) for the audit of the registrant's annual financial statements or services that are normally provided by the accountant(s) in connection with statutory and regulatory filings or engagements amounted to \$52,756 for the fiscal year ended October 31, 2008 and \$24,650 for the fiscal year ended October 31, 2007. These fees were billed to the registrant and were approved by the registrant's audit committee.

(b) Audit-Related Services

Audit-related fees amounted to \$43,700 for the fiscal year ended October 31, 2008 and \$0 for the fiscal year ended October 31, 2007 billed to the registrant or to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant ("control affiliates").

(c) Tax Fees

The aggregate fees billed for professional services rendered by the principal accountant(s) for the tax compliance, tax advice and tax planning ([tax fees]) amounted to \$3,500 for the fiscal year ended October 31, 2008 and \$3,500 for the fiscal year ended October 31, 2007. The nature of the services comprising the tax fees was the review of the registrant's income tax returns and tax distribution requirements. These fees were billed to the registrant and were approved by the registrant's audit committee. There were no tax fees billed to the control affiliates.

(d) All Other Fees

The all other fees billed to the registrant for products and services provided by the principal accountant were \$0 for the fiscal year ended October 31, 2008 and \$3,000 for the fiscal year ended October 31, 2007. There were no other fees during the fiscal year ended October 31, 2008 and October 31, 2007 billed to control affiliates for products and services provided by the principal accountant. The nature of the services comprising the all other fees was related to the principal accountant's report on the registrant's Eligible Asset Coverage. These fees were approved by the registrant's audit committee.

(e)(1) Audit Committee Pre-Approval Policies and Procedures:

The trust's Audit Committee must pre-approve all audit and non-audit services provided by the independent registered public accounting firm (the [Auditor]) relating to the operations or financial reporting of the funds. Prior to the commencement of any audit or non-audit services to a fund, the Audit Committee reviews the services to determine whether they are appropriate and permissible under applicable law.

The trust's Audit Committee has adopted policies and procedures to, among other purposes, provide a framework for the Committee's consideration of audit-related and non-audit services by the Auditor. The policies and procedures require that any audit-related and non-audit service provided by the Auditor and any non-audit service provided by the Auditor to a fund service provider that relates directly to the operations and financial reporting of a fund are subject to approval by the Audit Committee before such service is provided. Audit-related services provided by the Auditor that are expected to exceed \$25,000 per instance/per fund are subject to specific pre-approval by the Audit Committee. Tax services provided by the Auditor that are expected to exceed \$30,000

per instance/per fund are subject to specific pre-approval by the Audit Committee.

All audit services, as well as the audit-related and non-audit services that are expected to exceed the amounts stated above, must be approved in advance of provision of the service by formal resolution of the Audit Committee. At the regularly scheduled Audit Committee meetings, the Committee reviews a report summarizing the services, including fees, provided by the Auditor.

(e)(2) Services approved pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X:

Audit-Related Fees, Tax Fees and All Other Fees:

There were no amounts that were approved by the Audit Committee pursuant to the de minimis exception under Rule 2-01 of Regulation S-X.

(f) According to the registrant's principal accountant, for the fiscal year ended October 31, 2008, the percentage of hours spent on the audit of the registrant's financial statements for the most recent fiscal year that were attributed to work performed by persons who were not full-time, permanent employees of principal accountant was less than 50%.

(g) The aggregate non-audit fees billed by the registrant's accountant(s) for services rendered to the registrant and rendered to the registrant's control affiliates for each of the last two fiscal years of the registrant were \$4,591,272 for the fiscal year ended October 31, 2008, and \$1,406,669 for the fiscal year ended October 31, 2007.

(h) The audit committee of the registrant has considered the non-audit services provided by the registrant's principal accountant(s) to the control affiliates and has determined that the services that were not pre-approved are compatible with maintaining the principal accountant(s)' independence.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The registrant has a separately-designated standing audit committee comprised of independent trustees. The members of the audit committee are as follows:

Dr. John A. Moore - Chairman
Charles L. Ladner
Patti McGill Peterson

Vice President, John Hancock Advisers, LLC (1982-2005)
Began business career in 1976
Joined fund team in 1997
Fund ownership None

Other accounts the portfolio managers are managing

The table below indicates, for each portfolio manager, information about the accounts over which the portfolio manager has day-to-day investment responsibility. All information on the number of accounts and total assets in the table is as of October 31, 2008. For purposes of the table, Other

Pooled Investment Vehicles may include investment partnerships and group trusts, and Other Accounts may include separate accounts for institutions or individuals, insurance company general or separate accounts, pension funds and other similar institutional accounts.

PORTFOLIO MANAGER	OTHER ACCOUNTS MANAGED BY THE PORTFOLIO MANAGERS
Gregory K. Phelps	Other Registered Investment Companies: 4 (four) accounts with total assets of approximately \$2.3 billion Other Pooled Investment Vehicles: None Other Accounts: None
Mark T. Maloney	Other Registered Investment Companies: 4 (four) accounts with total assets of approximately \$2.3 billion Other Pooled Investment Vehicles: None Other Accounts: None

Neither the Adviser nor Subadviser receives a fee based upon the investment performance of any of the accounts included under Other Accounts Managed by the Portfolio Managers in the table above.

When a portfolio manager is responsible for the management of more than one account, the potential arises for the portfolio manager to favor one account over another. For the reasons outlined below, the Fund does not believe that any material conflicts are likely to arise out of a portfolio manager's responsibility for the management of the Fund as well as one or more other accounts. The Adviser and the Subadviser have adopted procedures, overseen by the Chief Compliance Officer, that are intended to monitor compliance with the policies referred to in the following paragraphs.

The Subadviser has policies that require a portfolio manager to allocate investment opportunities in an equitable manner and generally to allocate such investments proportionately among all accounts with similar investment objectives.

When a portfolio manager intends to trade the same security for more than one account, the policies of the Subadviser generally require that such trades for the individual accounts are aggregated so that each account receives the same price. When not possible or when it may not result in the best possible price, the Subadviser will place the order in a manner intended to result in as favorable a price as possible for such client.

The investment performance on specific accounts is not a factor in determining the portfolio manager's compensation. See Compensation of Portfolio Managers below. Neither the Adviser nor the Subadviser receives a performance-based fee with respect to other accounts managed by the Fund's portfolio managers.

□ The Subadviser imposes certain trading restrictions and reporting requirements for accounts in which a portfolio manager or certain family members have a personal interest in order to confirm that such accounts are not favored over other accounts.

□ The Subadviser seeks to avoid portfolio manager assignments with potentially conflicting situations. However, where a portfolio manager is responsible for accounts with differing investment objectives and policies, it is possible that the portfolio manager will conclude that it is in the best interest of one account to sell a portfolio security while another account continues to hold or increase the holding in such security.

Compensation of portfolio managers

The Subadviser has adopted a system of compensation for portfolio managers and others involved in the investment process that is applied consistently among investment professionals. At the Subadviser, the structure of compensation of investment professionals is currently composed of the following basic components: fixed base salary, and an annual investment bonus plan, as well as customary benefits that are offered generally to all full-time employees of the Subadviser. A limited number of senior portfolio managers, who serve as officers of both the Subadviser and its Parent company, may also receive options or restricted stock grants of common shares of Manulife Financial Corporation.

Only investment professionals are eligible to participate in the Investment Bonus Plan on an annual basis. While the amount of any bonus is discretionary, the following factors are generally used in determining bonuses: 1) The investment performance of all accounts managed by the investment professional over one- and three-year periods are considered. The pre-tax performance of each account is measured relative to an appropriate peer group benchmark. 2) The profitability of the Subadviser and its parent company are also considered in determining bonus awards, with greater emphasis placed upon the profitability of the Adviser. 3) The more intangible contributions of an investment professional to the Subadviser's business, including the investment professional's support of sales activities, new fund/strategy idea generation, professional growth and development, and management, where applicable, are evaluated in determining the amount of any bonus award.

While the profitability of the Subadviser and the investment performance of the accounts that the investment professionals maintain are factors in determining an investment professional's overall compensation, the investment professional's compensation is not linked directly to the net asset value of any fund.

*In December 2007, the Board of Trustees approved a share repurchase plan. Under the plan, the Fund may repurchase in the open market up to 10% of its outstanding common shares. The plan will remain in effect until December 2008. During the year ended October 31, 2008, the Fund repurchased 854,600 common shares or 1.52% of the outstanding common shares.

**On March 31, 2008, the Board of Trustees approved a semiannual series tender offer program. Under the program, the Fund will offer to repurchase up to 5% of the Fund's outstanding common stock at 98% of net asset value on the date the tender offer expires, provided that the common shares of the Fund have traded at an average daily discount to net asset value of greater than 10% during a twelve week measurement period. The tender offer will occur twice a year if the thresholds are met, with the Board of Trustees to review the program annually. On October 23, 2008, the Fund completed the tender offer. The Fund accepted 2,768,417 shares for
