This document is in two parts. The first part is this prospectus supplement, which describes the specific terms of this offering and certain other matters. The second part, the prospectus, gives more general information about securities we may offer from time to time. Generally, when we refer to the prospectus, we are referring to both parts of this document combined. You should read both this prospectus supplement and the accompanying prospectus, together with additional information described under the headings "Where You Can Find Additional Information" and

Incorporation by Reference. To the extent the description of our securities in this prospectus supplement differs from the description of our securities in the accompanying prospectus, you should rely on the information in this prospectus supplement.

You should rely only on the information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus. We have not, and the underwriters have not, authorized anyone to provide you with different information. The distribution of this prospectus and sale of these securities in certain jurisdictions may be restricted by law. Persons in possession of this prospectus supplement or the accompanying prospectus are required to inform themselves about and observe any such restrictions. We are not making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus supplement is accurate as of the date on the front cover of this prospectus supplement only. Our business, financial condition, results of operations and prospects may have changed since that date.

---

Under Rule 15c6-1 of the Securities Exchange Act of 1934, trades in the secondary market generally are required to settle in three business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Series C Preferred Stock on the initial pricing date of the Series C Preferred Stock or the next succeeding business day will be required, by virtue of the fact that the Series C Preferred Stock initially will settle in T+5, to specify alternative settlement arrangements at the time of any such trade to prevent a failed settlement and should consult their own advisor.

*Unless we otherwise specify, when used in this prospectus supplement, the terms Costamare, the Company, we, our and us refer to Costamare Inc. and its subsidiaries and/or any one of them, except that when such terms are used in this prospectus supplement in reference to the Series C Preferred Stock, they refer specifically to Costamare Inc.*

*We use the term twenty foot equivalent unit, or TEU, the international standard measure of containers, in describing the capacity of our containerships. Before making your investment decision, you should carefully read the prospectus and the documents referred to in Where You Can Find Additional Information and Incorporation by Reference for information about us, including our financial statements. Unless otherwise indicated, all references to currency amounts in this prospectus supplement and the accompanying prospectus are in U.S. dollars. Unless otherwise indicated, all data regarding our fleet and the terms of our charters is as of January 10, 2014 and references to our fleet at future dates assume there have been no additional acquisitions pursuant to the Framework Deed (the Framework Agreement) between the Company and its wholly-owned subsidiary, Costamare Ventures Inc. (Costamare Ventures), and York Capital Management Global Advisors LLC and an affiliated fund (collectively, together with the funds it manages or advises, York), and no dispositions.*

### Our Company

We are an international owner of containerships, chartering our vessels to many of the world's largest liner companies. As of January 10, 2014, we operated a fleet of 67 containerships with a total capacity in excess of 438,000 TEU, including newbuilds on order, making us one of the largest public containership companies in the world, based on total TEU capacity. At that date, our fleet consisted of (i) 55 vessels in the water, aggregating approximately 304,000 TEU and (ii) 12 newbuild vessels aggregating in excess of 134,000 TEU that are scheduled to be delivered to us through the third quarter of 2016, based on the current shipyard schedule. Twelve of our containerships, including nine newbuilds, have been acquired pursuant to the Framework Agreement with York Capital Management by vessel-owning joint venture entities in which we hold a minority equity interest (any such jointly-owned vessels, Joint Venture vessels). See Recent Developments.

Our strategy is to time-charter our containerships to a geographically diverse, financially strong and loyal group of leading liner companies. Our containerships operate primarily under multi-year time charters and therefore are not subject to the effect of seasonal variations in demand. Our containerships have a record of low unscheduled off-hire days, with fleet utilization levels of 99.9%, 99.7%, 99.3%, 99.9% and 99.9% in 2009, 2010, 2011, 2012 and the first nine months of 2013, respectively. Over the last three years our largest customers by revenue were A.P. Moller-Maersk A/S (A.P. Moller-Maersk), Mediterranean Shipping Company, S.A. (MSC) and Cosco Container Lines Co., Ltd. (COSCO). As of January 10, 2014, the average (weighted by TEU capacity) remaining time-charter duration for our fleet of 67 containerships was approximately five years, based on the remaining fixed terms and assuming the exercise of any owner's options and the non-exercise of any charterer's options under our containerships charters. As of September 30, 2013, our fixed-term charters represented an aggregate of \$2.4 billion of contracted revenue, assuming the earliest redelivery dates possible and 365 revenue days per annum per containership (which amount includes our ownership percentage of contracted revenue for the existing Joint Venture vessels). Five of these charters include an option exercisable by either party to extend the term for two one-year periods at the same charter rate, which represents an additional \$152.2 million of contracted revenue.

Our company and its founders have a long history of operating and investing in the shipping industry. Members of the Konstantakopoulos family hold an aggregate of 64.8% of our common stock. Captain Vasileios Konstantakopoulos, the father of our chairman and chief executive officer, Konstantinos Konstantakopoulos, founded Costamare Shipping Company S.A. ( Costamare Shipping ) in 1975. We initially owned and operated drybulk carrier vessels, but in 1984 we became the first Greek owned company to enter the containership market and, since 1992, we have focused exclusively on containerships. After assuming management of our company in 1998, Konstantinos Konstantakopoulos has concentrated on building a large, modern and reliable containership fleet run and supported by highly-skilled, experienced and loyal personnel. He founded the management companies CIEL Shipmanagement S.A. ( CIEL ) and Shanghai Costamare Ship Management Co., Ltd. ( Shanghai Costamare ) in 2001 and 2005, respectively, and the manning agency C-Man Maritime, Inc. ( C-Man Maritime ) in 2006. Today, Konstantinos Konstantakopoulos remains focused on the provision of high quality and reliable service by our management companies and related manning agency. Under his leadership, we have continued to foster a company culture focusing on reliable customer service, industry leadership and innovation.

On January 7, 2013, Costamare Shipping entered into a Co-operation Agreement (the Co-operation Agreement ) with V.Ships Greece Ltd. ( V.Ships Greece ), a member of V.Group, pursuant to which the two companies established a ship management cell (the Cell ), within V.Ships Greece. The Cell has replaced CIEL, and as of January 10, 2014, provides technical, crewing, provisioning, bunkering, sale and purchase and accounting services, as well as certain commercial services, to 20 of our containerships that fly the Liberian and Maltese flags, including all containerships previously managed by CIEL and two of the Joint Venture vessels in the water. Costamare Shipping passes to the Company the net profit, if any, it receives pursuant to the Co-operation Agreement as a refund or reduction of the management fees payable by the Company to Costamare Shipping under the group management agreement between Costamare Shipping and the Company.

Consistent with our strategy, we have actively managed the size of our fleet through timely acquisitions and dispositions, and successfully navigated our company through strong and weak containership charter markets. Between 2006 and mid-2010, unlike other public competitors, we did not burden our balance sheet with secondhand acquisitions and newbuild commitments when vessel prices were relatively high, and our growth is not currently constrained by significant restrictions on debt incurrence.

In November 2010, we became a public company in order to increase our liquidity, improve our access to capital and position our company to capture attractive growth opportunities through fleet expansion. Since September 2010, we have expanded the fleet by over 70% in terms of TEU, to include (i) 19 newbuild containerships, including nine newbuilds ordered pursuant to our Framework Agreement, aggregating approximately 196,000 TEU, which will be delivered through the third quarter of 2016, based on the current shipyard schedule, and (ii) 21 secondhand containerships, including the existing Joint Venture vessels, aggregating 65,597 TEU, all of which have been delivered. For these 40 containerships, we paid or committed to pay approximately \$1.7 billion in the aggregate (including our share of payments for Joint Venture vessels).

On May 15, 2013, the Company entered into the Framework Agreement with York to invest jointly in the acquisition of container vessels mutually agreed between the Company and York. York has agreed to invest up to \$250 million in these mutually agreed transactions and the Company has agreed to invest a minimum of \$75 million with an option to invest up to \$240 million, for which it will receive between 25% and 49% of the equity in each vessel-owning entity (the percentage being proportionate to the Company's relative contribution) and York will hold the balance of the equity. The joint venture is expected to be each party's exclusive joint venture for the acquisition of vessels in the container industry during a two-year investment period (or, if we and York so agree in the future, a three-year investment period). The Company reserves the right to acquire any vessels that York decides not to pursue and therefore are not acquired by jointly-owned entities under the Framework Agreement.

As an established owner of containerships with a focus on reliability, a flexible and strong balance sheet, and significant experience and relationships in the containership sector, we believe we will have access to additional vessel acquisition opportunities from shipyards, our liner company customers, other shipowners, financial institutions and shipbrokers. In addition, we believe we are well-positioned to continue to obtain attractive chartering opportunities with leading liner companies. We plan to use the net proceeds of this offering for general corporate purposes, including vessel acquisitions or investments under the Framework Agreement or otherwise.

### Our Fleet and Newbuilds

The tables below provide additional information, as of January 10, 2014, about our fleet of containerships, including our newbuilds on order. Twelve of our containerships, including nine newbuilds and three existing Joint Venture vessels, have been acquired pursuant to the Framework Agreement. Each vessel in our fleet is a cellular containership, meaning it is a dedicated container vessel. For information about the nine newbuild Joint Venture vessels, see Recent Developments .

### **Our Competitive Strengths**

We believe that we possess a number of competitive strengths that will allow us to capitalize on growth opportunities in the containership sector, including:

#### ***Track Record of Navigating Through Strong and Weak Containership Markets.***

Consistent with our strategy of actively managing the size of our fleet through timely acquisitions and dispositions, we grew our fleet from 21 containerships with an aggregate capacity of 43,735 TEU in 2000 to a peak of 53 containerships of 227,778 TEU in 2008, followed by a proactive decrease in response to market conditions in 2009 and the first half of 2010 to a fleet of 42 containerships with a total capacity of 213,348 TEU as of June 30, 2010. Since the time of our initial public offering in November 2010, we have paid or committed to pay approximately \$1.7 billion in vessel acquisitions, including investments under our Framework Agreement. As a result, through the date of this prospectus supplement we have grown our fleet to 67 containerships with a total capacity in excess of 438,000 TEU, including 12 newbuilds on order. Twelve of our containerships, including nine newbuilds, have been acquired pursuant to the Framework Agreement with York Capital Management by vessel-owning joint venture entities in which we hold a minority equity interest. We believe that the financial flexibility resulting from our strategic growth policy, together with our experience, reputation, quality of services and long-standing relationships with container shipping industry participants and major financial institutions, position us to continue to renew and

expand our fleet, including through our joint venture with York, with further acquisitions of newbuild and high-quality secondhand vessels at attractive prices.

***Base of Contracted Cash Flows Through Multi-Year Charter Coverage and Staggered Charter Expiration Dates.***

We believe that the multi-year fixed-rate nature of most of our charters, many of which were arranged at attractive points in the shipping cycle, will continue to provide us with a stable base of contracted future revenue. As of January 10, 2014, the average (weighted by TEU capacity) remaining time-charter duration for our fleet of 67 containerships was approximately five years, based on the remaining fixed terms and assuming the exercise of any owner's extension options and the non-exercise of any charterer's extension options under our containerships' charters. The staggered maturities of the charters for vessels that expire in the next several years will mean that we will likely conduct our re-chartering activity in varying rate environments and we will seek to tailor our charter terms accordingly. As of September 30, 2013, our fixed-term charters represented an aggregate of \$2.4 billion of contracted revenue, assuming the earliest redelivery dates possible and 365 revenue days per annum per containership (which amount includes our ownership percentage of contracted revenue for the Joint Venture vessels). Five of these charters include an option exercisable by either party to extend the term for two one-year periods at the same charter rate, which represents an additional \$152.2 million of contracted revenue.

***Large, Diversified High-Quality Fleet.***

Our fleet of 67 containerships, including 12 newbuilds on order (nine of which are Joint Venture vessels) and the three Joint Venture vessels in the water, consists of containerships of various sizes and has been assembled to meet our customers' needs and is able to operate on East-West, North-South and Intra-regional trade routes, giving us increased flexibility in re-chartering our containerships. We believe our containerships are built to high standards by reputable shipyards and have been carefully maintained by our managers. We also believe that the reliability of our fleet has been a critical factor in retaining our active and long-standing relationships with the leading liner companies. We have also had success in chartering and operating our older vessels beyond their depreciable lives. We believe that owning a large, high-quality and diverse fleet provides us with a competitive advantage in securing future employment for our containerships.

***Experienced Management Team.***

Our company and founders have a long history of operating and investing in the container shipping industry beginning in 1984. Our managers' senior management teams have a combined average of approximately 36 years of experience in the shipping industry. We believe that we are able to secure attractive multi-year charters with leading liner companies because of, among other things, our operating track record and our high level of service and support.

***Long-Standing Relationships with Leading, Financially Sound Charterers.***

Though our business is affected by changes in global and regional economic activity, we believe that by chartering our containerships to leading liner companies, including those we perceive to be most financially and operationally sound, we have reduced our potential charter counterparty risk. We currently charter containerships to A.P. Moller-Maersk, MSC, COSCO, Evergreen Marine (Hong Kong) Ltd. ( Evergreen ), Hapag Lloyd Aktiengesellschaft ( Hapag Lloyd ), Zim Integrated Shipping Services ( ZIM ), CMA CGM, Sea Consortium Pte Ltd. ( Sea Consortium ), China Shipping Container Lines ( CSCL ) and Pacific International Lines (Pte) Ltd. ( PIL ).

***Access to Capital to Meet Existing Capital Requirements for our Newbuilds and to Pursue Our Growth Strategy.***

The debt portion of the capital expenditures for our newbuilds is fully committed (other than the newbuilds contracted for by joint venture entities on July 26, 2013 under the Framework Agreement). We arranged debt financing for our 2010 newbuilding program by executing between January and October 2011 loan agreements for a total of \$725.3 million in commitments. As of September 30, 2013, we had approximately \$148.6 million of undrawn capacity under the above committed credit facilities for the newbuilds on order under the 2010 newbuilding program. The joint venture entities intend to seek debt financing for their recent newbuild contracts.

In addition, as of September 30, 2013, we had (a) \$175.1 million of cash liquidity, consisting of cash, cash equivalents and restricted cash and (b) three unencumbered containerships, excluding the existing Joint Venture vessels which are also free of debt, aggregating approximately 16,900 TEU, with an average age (weighted by TEU capacity) of 8.3 years.

We believe that our available liquidity will allow us to make additional vessel acquisitions as they become available through our joint venture with York or otherwise. In addition, through the Framework Agreement we have access to additional capital for investments.

**Our Business Strategies**

Our primary objectives are to profitably grow our business, increase earnings and distributable cash flow per share and maximize value to our stockholders by pursuing the following strategies:

***Invest in Vessels at an Attractive Point in the Container Shipping Cycle.***

Given our broad and established customer relationships and financial flexibility, we believe we are well-positioned to take advantage of the significant opportunities created by the recent economic downturn and developments in the container shipping industry to acquire newbuild and secondhand vessels at attractively low prices. As an established owner of containerships with significant experience and relationships in the containership sector, we believe we will have ready access to vessel acquisition opportunities from shipyards, our liner company customers, other shipowners, financial institutions and shipbrokers; chartering opportunities with leading liner companies; and available financing alternatives that will facilitate the further renewal and expansion of our fleet. We have arranged for long-term time charters with terms up to ten years for the seven newbuilds that have been delivered since the beginning of 2013 and the remaining three newbuilds that we expect to be delivered through March 2014, aggregating approximately 90,000 TEU in total capacity. The joint venture entities will seek to arrange long-term time charters for their recently ordered newbuilds. By securing long-term fixed rate charters at the time of purchase we believe we are well-positioned to realize attractive returns on these newbuild investments. We intend to continue expanding our fleet by acquiring additional containerships at favorable prices through our joint venture with York or on our own using our available resources, which include cash, the net proceeds of this offering and, as necessary and available, borrowings under new credit facilities.

***Actively Manage Portfolio of Charters Through the Shipping Cycle.***

We believe that a focus on high-quality charterers and a carefully managed charter expiry profile are critical to our business strategy. Our largest customers through September 30, 2013, were A.P. Moller-Maersk, MSC and COSCO, which, together with Evergreen, we perceive to be among the more creditworthy liner companies. As the global economy improves, we will continue to charter our containerships to high-quality charterers and further expand the number of leading liner companies chartering our vessels in order to diversify further our portfolio of time charters from customer, geographic and maturity perspectives. While we believe that diversifying our customer base is important in order to reduce our revenue concentration and moderate our exposure to any one customer, we will also continue to focus our chartering on high quality, financially strong

counterparties. We expect that our strategy will also allow us to re-charter our containerships during various points in the charter market cycle.

***Continue to Manage Our Balance Sheet and Access to Capital.***

We believe that management of our balance sheet, including management of cash and capital commitments, will continue to give us financial flexibility. Unlike many of our public competitors, we are not burdened with acquisition and newbuild commitments that were incurred when vessel prices were relatively high, and we believe that we have taken advantage of opportunities at attractive points of the container shipping cycle and that we are well-positioned to continue to do so. As of September 30, 2013, we had \$175.1 million of cash liquidity, consisting of cash, cash equivalents and restricted cash, and three unencumbered vessels, excluding the existing Joint Venture vessels which are also free of debt. As of September 30, 2013, we also had approximately \$148.6 million of undrawn capacity under committed credit facilities for newbuilds on order with remaining installment payments totaling approximately \$239 million, including the Costamare contribution for the two newbuilds ordered at that time pursuant to the Framework Agreement. In addition, under our Framework Agreement with York, York has agreed to provide up to \$250 million for vessel acquisitions, out of which \$225 million remains to be invested.

***Provide High-Quality Customer Service.***

We seek to provide high-quality customer service that allows our customers to implement integrated logistics solutions in the marketplace. Our managers' ship management approach is to tailor their services by vessel type and age, which we believe has helped to differentiate us with our charterers and extend our charters and the useful lives of our containerships. We believe that having both affiliated and third-party management companies allows us to have a deep pool of operational management in multiple locations with market-specific experience and relationships, as well as the geographic flexibility needed to manage and crew our large and diverse fleet so as to provide a high level of service, while remaining cost-effective. We also believe that our focus on customer service and reliability enhances our relationships with our charterers. In the past decade, we have had successful chartering relationships with the majority of the top 20 liner companies by TEU capacity.

**Recent Developments**

***Newbuild Joint Venture Vessels***

As of the date of this prospectus, in addition to the three newbuilds on order to be held by wholly-owned subsidiaries of Costamare, nine newbuilds with capacities between 9,000 and 14,000 TEU (the "JV newbuilds") have been ordered by joint venture entities pursuant to the Framework Agreement with York. The JV newbuilds are scheduled to be delivered between the 4th quarter of 2015 and the third quarter of 2016, based on the current shipyard schedule. The Company holds an equity interest ranging between 25% and 49% in each of the relevant vessel-owning entities. The remaining costs to the Company, based on our ownership percentage, of financing the construction of the JV newbuilds will be approximately \$354 million. Time charter agreements in place for certain of the JV newbuilds represent an additional \$340 million of contracted revenue for us, based on our ownership percentage, and based on the remaining fixed terms and assuming the exercise of any owner's options and the non-exercise of any charterer's options under our containerships' charters.

***Sale Leaseback***

We have entered into an agreement for a ten year sale and leaseback of one of our wholly-owned newbuild container vessels which will become effective upon the delivery of the vessel. Under the sale and leaseback transaction, the vessel will be bareboat chartered back to one of our subsidiaries and will remain on time charter to its current time charterer.

***Recent Vessel Acquisitions; Chartering Developments***

In October 2013, the Company entered into an agreement to extend the charter of the 1991 built 3,351 TEU vessel *Karmen*, for a period of minimum two months and maximum six months with Sea Consortium at a daily rate of \$6,800, starting from November 15, 2013.

In November 2013, the Company entered into an agreement to charter the 2010 built 8,351 TEU vessel *Navarino* for a minimum of 30 days and maximum of 100 days with CSCL at a daily rate of \$18,000. The vessel was delivered to its charterers on December 9, 2013.

In November 2013, the Company took delivery of the 8,827 TEU newbuild containership vessel *Vantage* built by Sungdong Shipbuilding and Marine Engineering in South Korea. Upon delivery, the vessel commenced its long term charter with Evergreen.

(1) EBITDA and Adjusted EBITDA are non-GAAP measures. The Company

reports its financial results in accordance with U.S. GAAP. However, management believes that certain non-GAAP financial measures used in managing the business may provide users of these financial measures additional meaningful comparisons between current results and results in prior operating periods. Management believes that these non-GAAP financial measures can provide additional meaningful reflection of underlying trends of the business because they provide a comparison of historical information that excludes certain items that impact the overall comparability. Management

also uses these non-GAAP financial measures in making financial, operating and planning decisions and in evaluating the Company's performance. The table below sets out supplemental financial data and corresponding reconciliations to GAAP financial measures for the years ended December 31, 2012, 2011, 2010, 2009 and 2008 and the nine months ended September 30, 2013 and September 30, 2012. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company's reported results prepared in accordance with GAAP.

EBITDA represents net income before interest and finance costs, interest income, depreciation and amortization of deferred dry-docking and special survey costs. Adjusted EBITDA represents net income before interest and finance costs, interest income, depreciation, amortization of deferred dry-docking and special survey costs, non-cash Accrued charter revenue recorded under charters with escalating charter rates, gain/ (loss) on sale of vessels, realized gain/ (loss) on Euro/USD forward contracts and non-cash changes in fair value of derivatives. Accrued charter revenue is attributed to the time difference between the revenue recognition and the cash collection. However, EBITDA and Adjusted EBITDA are not recognized measurements under GAAP. We believe that the presentation of EBITDA and Adjusted EBITDA are useful to investors because they are frequently used by securities analysts, investors and other interested parties in the evaluation of companies in our industry. We also believe that EBITDA and Adjusted EBITDA are useful in evaluating our ability to service additional debt and make capital expenditures. In addition, we believe that EBITDA and Adjusted EBITDA are useful in evaluating our operating performance and liquidity position compared to that of other companies in our industry because the calculation of EBITDA and Adjusted EBITDA generally eliminates the effects of financings, income taxes and the accounting effects of capital expenditures and acquisitions, items which may vary for different companies for reasons unrelated to overall operating performance and liquidity. In evaluating EBITDA and Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of EBITDA and Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

## RISK FACTORS

Any investment in our Series C Preferred Stock involves a high degree of risk. You should carefully consider the important factors set forth under the heading Risk Factors starting on page 3 of our Annual Report on Form 20-F, which was filed with the SEC on March 1, 2013 and incorporated herein by reference, before investing in our Series C Preferred Stock. For further details, see the sections entitled Where You Can Find Additional Information and Incorporation by Reference.

Any of the risk factors referred to above or provided below could significantly and negatively affect our business, results of operations, prospects or financial condition, which may reduce our ability to pay dividends and lower the trading price of our common stock as well as the trading price of our Series C Preferred Stock, which may be listed on the NYSE. The risks referred to above are not the only ones that may exist. Additional risks not currently known by us or that we deem immaterial may also impair our business operations. You may lose all or a part of your investment. In addition, potential investors should consider the following risks and uncertainties with respect to your investment in the Series C Preferred Stock.

***We may not have sufficient cash from our operations to enable us to pay dividends on or to redeem our Series C Preferred Stock following the payment of expenses.***

We will pay quarterly dividends on our Series C Preferred Stock from funds legally available for such purpose when, as and if declared by our board of directors. Although dividends on the Series C Preferred Stock are cumulative, our board of directors must declare the actual payment of those dividends. We may not have sufficient cash available each quarter to pay dividends, and our board of directors can elect at any time or from time to time, for an indefinite duration, not to pay any or all accumulated dividends. In addition, we may have insufficient cash available to redeem our Series C Preferred Stock. The amount of dividends we can pay or the amount we can use to redeem Series C Preferred Stock depends upon the amount of cash we generate from and use in our operations, which may fluctuate significantly based on, among other things:

the charter-hire payments we obtain from our charters as well as our ability to re-charter the vessels and the rates obtained upon the expiration of our existing charters;

the due performance by our charterers of their obligations;

our fleet expansion strategy and

associated uses  
of our cash and  
our financing  
requirements;

delays in the  
delivery of  
newbuild  
vessels and the  
beginning of  
payments under  
charters  
relating to  
those vessels;

the level of our  
operating costs,  
such as the  
costs of crews,  
lubricants and  
insurance;

the number of  
unscheduled  
off-hire days  
for our fleet  
and the timing  
of, and number  
of days  
required for,  
scheduled  
dry-docking of  
our  
containerships;

prevailing  
global and  
regional  
economic and  
political  
conditions;

changes in  
interest rates;

the effect of  
governmental  
regulations and  
maritime  
self-regulatory  
organization

standards on  
the conduct of  
our business;

changes in the  
basis of  
taxation of our  
activities in  
various  
jurisdictions;

modification or  
revocation of  
our dividend  
policy by our  
board of  
directors;

the dividend  
policy adopted  
by Costamare  
Ventures and  
the  
vessel-owning  
entities for the  
Joint Venture  
vessels; and

the amount of  
any cash  
reserves  
established by  
our board of  
directors.

The amount of cash we generate from our operations may differ materially from our net income or loss for the period, which will be affected by non-cash items. We may incur other expenses or liabilities that could reduce or eliminate the cash available for distribution as dividends.

In addition, our credit facilities and other financing agreements prohibit the payment of dividends, if an event of default has occurred and is continuing or would occur as a result of the payment of such dividends.

***The Series C Preferred Stock represent perpetual equity interests.***

The Series C Preferred Stock represent perpetual equity interests in us and, unlike our indebtedness, will not give rise to a claim for payment of a principal amount at a particular date. As a result, holders of the Series C Preferred Stock may be required to bear the financial risks of an investment in the Series C Preferred Stock for an indefinite period of time.

***The Series C Preferred Stock is a new issuance and do not have an established trading market, which may negatively affect their market value and your ability to transfer or sell your shares. In addition, the lack of a fixed redemption date for the Series C Preferred Stock will increase your reliance on the secondary market for liquidity purposes.***

The Series C Preferred Stock is a new issue of securities with no established trading market. In addition, since the securities have no stated maturity date, investors seeking liquidity will be limited to selling their shares in the secondary market absent redemption by us. We intend to apply to list the Series C Preferred Stock on the NYSE, but there can be no assurance that the NYSE will accept the Series C Preferred Stock for listing. Even if the Series C Preferred Stock is approved for listing by the NYSE, an active trading market on the NYSE for the shares may not develop or, even if it develops, may not last, in which case the trading price of the shares of Series C Preferred Stock could be adversely affected and your ability to transfer your shares will be limited. Furthermore, trading in the securities may be negatively affected by the fact that only a small number of shares of Series C Preferred Stock will be issued. If an active trading market does develop on the NYSE, our Series C Preferred Stock may trade at prices lower than the offering price. The trading price of our Series C Preferred Stock will depend on many factors, including:

prevailing  
interest  
rates;

the market  
for similar  
securities;

general  
economic  
and  
financial  
market  
conditions;

our  
subsequent  
issuance of  
debt or  
preferred  
equity  
securities;  
and

our  
financial  
condition,  
results of  
operations  
and  
prospects.

We have been advised by the underwriters that they intend to make a market in the shares of our Series C Preferred Stock pending any listing of the shares on the NYSE, but they are not obligated to do so and may discontinue market-making at any time without notice.

***The Series C Preferred Stock has not been rated, and ratings of any other of our securities may affect the trading price of the Series C Preferred Stock.***

We have not sought to obtain a rating for the Series C Preferred Stock, and the shares may never be rated. It is possible, however, that one or more rating agencies might independently determine to assign a rating to the Series C Preferred Stock or that we may elect to obtain a rating of our Series C Preferred Stock in the future. In addition, we may elect to issue other securities for which we may seek to obtain a rating. If any ratings are assigned to the Series C Preferred Stock in the future or if we issue other securities with a rating, such ratings, if they are lower than market expectations or are subsequently lowered or withdrawn, or if ratings for such other securities would imply a lower relative value for the Series C Preferred Stock, could adversely affect the market for, or the market value of, the Series C Preferred Stock. Ratings only reflect the views of the issuing rating agency or agencies and such ratings could at any time be revised downward or withdrawn entirely at the discretion of the issuing rating agency. A rating is not a recommendation to purchase, sell or hold any particular security, including the Series C Preferred Stock. Ratings do not reflect market prices or suitability of a security for a particular investor and any future rating of the Series C Preferred Stock may not reflect all risks related to us and our business, or the structure or market value of the Series C Preferred Stock.

***Our Series C Preferred Stock is subordinated to our debt obligations and pari passu with our Series B Preferred Stock, and your interests could be diluted by the issuance of additional shares of preferred stock, including additional Series B and Series C Preferred Stock, and by other transactions.***

Our Series C Preferred Stock is subordinated to all of our existing and future indebtedness. As of September 30, 2013, we had outstanding indebtedness of approximately \$1.8 billion. Our existing indebtedness restricts, and our future indebtedness may include restrictions on, our ability to pay dividends to preferred stockholders. Our charter currently authorizes the issuance of up to 100 million shares of preferred stock in one or more classes or series. Of this preferred stock, 88 million shares remain available for issuance after giving effect to the designation of 10 million shares as Series A Participating Preferred Stock in connection with our adoption of a stockholder rights plan and the issuance of two million shares as Series B Preferred Stock. The issuance of additional preferred stock on a parity with or senior to our Series C Preferred Stock would dilute the interests of the holders of our Series C Preferred Stock, and any issuance of preferred stock senior to or on a parity with our Series C Preferred Stock or of additional indebtedness could affect our ability to pay dividends on, redeem or pay the liquidation preference on our Series C Preferred Stock. No provisions relating to our Series C Preferred Stock protect the holders of our Series C Preferred Stock in the event of a highly leveraged or other transaction, including a merger or the sale, lease or conveyance of all or substantially all our assets or business, which might adversely affect the holders of our Series C Preferred Stock.

Our Series C Preferred Stock ranks *pari passu* with our existing Series B Preferred Stock and any other class or series of capital stock established after the original issue date of the Series C Preferred Stock that is not expressly subordinated or senior to the Series C Preferred Stock as to the payment of dividends and amounts payable upon liquidation or reorganization. If less than all dividends payable with respect to the Series C Preferred Stock and any Parity Stock are paid, any partial payment shall be made pro rata with respect to share of Series C Preferred Stock and any Parity Stock entitled to a dividend payment at such time in proportion to the aggregate amounts remaining due in respect of such shares at such time.

***Market interest rates may adversely affect the value of our Series C Preferred Stock.***

One of the factors that will influence the price of our Series C Preferred Stock will be the dividend yield on the Series C Preferred Stock (as a percentage of the price of our Series C Preferred Stock) relative to market interest rates. An increase in market interest rates may lead prospective purchasers of our Series C Preferred Stock to expect a higher dividend yield, and higher interest rates would likely increase our borrowing costs and potentially decrease funds available for distribution. Accordingly, higher market interest rates could cause the market price of our Series C Preferred Stock to decrease.

***As a holder of Series C Preferred Stock you have extremely limited voting rights.***

Your voting rights as a holder of Series C Preferred Stock will be extremely limited. Our common stock is the only class of our stock carrying full voting rights. Holders of the Series C Preferred Stock generally have no voting rights. However, if and whenever dividends payable on the Series C Preferred Stock are in arrears for six or more quarterly periods, whether or not consecutive, holders of Series C Preferred Stock (voting together as a class with all other classes or series of Parity Stock upon which like voting rights have been conferred and are exercisable, including holders of our Series B Preferred Stock) will be entitled to elect one additional director to serve on our board of directors, and the size of our board of directors will be increased as needed to accommodate such change (unless the size of our board of directors already has been increased by reason of the election of a director by holders of Parity Stock upon which like voting rights have been conferred and with which the Series C Preferred Stock voted as a class for the election of such director). The right of such holders of Series C Preferred Stock to elect a member of our board of directors will continue until such time as all accumulated and unpaid dividends on the Series C

Preferred Stock have been paid in full. Certain other limited protective voting rights are described in this prospectus under [Description of Series C Preferred Stock Voting Rights](#).

***Our ability to pay dividends on and to redeem our Series C Preferred Stock is limited by the requirements of Marshall Islands law.***

Marshall Islands law provides that we may pay dividends on and redeem the Series C Preferred Stock only to the extent that assets are legally available for such purposes. Legally available assets generally are limited to our surplus, which essentially represents our retained earnings and the excess of consideration received by us for the sale of shares above the par value of the shares. In addition, under Marshall Islands law we may not pay dividends on or redeem Series C Preferred Stock if we are insolvent or would be rendered insolvent by the payment of such a dividend or the making of such redemption.

***Our operations and results may be adversely affected by the Framework Agreement.***

The Framework Agreement is expected to be the exclusive joint venture of the Company for the acquisition of new vessels during the two-year investment period (although we may acquire vessels outside the joint venture where York rejects a vessel acquisition opportunity). Where York decides to participate in a new vessel acquisition, the Company will hold a minority equity interest in such vessel. The operation of the Framework Agreement may increase certain administrative burdens, delay decision making and complicate the operation of the vessels acquired under the Framework Agreement. In addition, our managers may face conflicts of interest in the course of managing both the Company's wholly-owned vessels and the Joint Venture vessels, the outcome of which may favor the Joint Venture vessels.

***The amount of your liquidation preference is fixed and you will have no right to receive any greater payment regardless of the circumstances.***

The payment due upon a liquidation is fixed at the redemption preference of \$25.00 per share plus accumulated and unpaid dividends to the date of liquidation. If, in the case of our liquidation, there are remaining assets to be distributed after payment of this amount, you will have no right to receive or to participate in these amounts. Furthermore, if the market price for your Series C Preferred Stock is greater than the liquidation preference, you will have no right to receive the market price from us upon our liquidation.

***The Series C Preferred Stock is redeemable at our option.***

We may, at our option, redeem all or, from time to time, part of the Series C Preferred Stock on or after January 1, 2019. If we redeem your Series C Preferred Stock, you will be entitled to receive a redemption price equal to \$25.00 per share plus accumulated and unpaid dividends to the date of redemption. It is likely that we would choose to exercise our optional redemption right only when prevailing interest rates have declined, which would adversely affect your ability to reinvest your proceeds from the redemption in a comparable investment with an equal or greater yield to the yield on the Series C Preferred Stock had the shares of the Series C Preferred Stock not been redeemed. We may elect to exercise our partial redemption right on multiple occasions.

## **Tax Risks**

In addition to the following risk factors, you should read [Material U.S. Federal Income Tax Considerations](#) and [Non-U.S. Tax Considerations](#) for a more complete discussion of the expected material U.S. Federal and non-U.S. income tax considerations relating to us and the ownership and disposition of our Series C Preferred Stock.

***We may have to pay tax on U.S.-source income, which would reduce our earnings.***

Edgar Filing: Costamare Inc. - Form 424B5

Under the U.S. Internal Revenue Code of 1986, as amended (the Code ), the U.S.-source gross transportation income of a ship-owning or chartering corporation, such as ourselves, is subject

S-21

---

to a 4% U.S. Federal income tax without allowance for deduction, unless that corporation qualifies for exemption from tax under Section 883 of the Code and the Treasury Regulations promulgated thereunder. U.S.-source gross transportation income consists of 50% of the gross shipping income that is attributable to transportation that begins or ends, but that does not both begin and end, in the United States.

We believe that we have qualified for a statutory exemption from such tax and we currently intend to continue to qualify for a statutory exemption from such tax for the foreseeable future. However, no assurance can be given that this will be the case. If we or our subsidiaries are not entitled to this exemption under Section 883 for any taxable year, we or our subsidiaries would be subject for those years to a 4% U.S. Federal income tax on our U.S.-source gross transportation income. The imposition of this taxation could have a negative effect on our business and would result in decreased earnings available for distribution to our stockholders. Some of our time charters contain provisions pursuant to which charterers undertake to reimburse us for the 4% gross basis tax on our U.S.-source gross transportation income. For a more detailed discussion, see **Material U.S. Federal Income Tax Considerations Taxation of Our Shipping Income.**

***If we were treated as a passive foreign investment company, certain adverse U.S. Federal income tax consequences could result to U.S. stockholders.***

A foreign corporation will be treated as a passive foreign investment company ( PFIC ) for U.S. Federal income tax purposes if at least 75% of its gross income for any taxable year consists of certain types of passive income, or at least 50% of the average value of the corporation's assets produce or are held for the production of those types of passive income. For purposes of these tests, passive income includes dividends, interest, and gains from the sale or exchange of investment property and rents and royalties other than rents and royalties that are received from unrelated parties in connection with the active conduct of a trade or business. For purposes of these tests, income derived from the performance of services does not constitute passive income. U.S. stockholders of a PFIC are subject to a disadvantageous U.S. Federal income tax regime with respect to the income derived by the PFIC, the distributions they receive from the PFIC, and the gain, if any, they derive from the sale or other disposition of their shares in the PFIC. If we are treated as a PFIC for any taxable year, we will provide information to U.S. stockholders who request such information to enable them to make certain elections to alleviate certain of the adverse U.S. Federal income tax consequences that would arise as a result of holding an interest in a PFIC.

Based on our proposed method of operation, we do not believe that we will be a PFIC with respect to any taxable year. In this regard, we intend to treat the gross income we derive or are deemed to derive from our time chartering activities as services income, rather than rental income. Accordingly, we believe that our income from our time chartering activities does not constitute passive income, and the assets that we own and operate in connection with the production of that income do not constitute passive assets. Our counsel, Cravath, Swaine & Moore LLP, is of the opinion that we should not be a PFIC based on certain assumptions made by them as well as certain representations we made to them regarding the composition of our assets, the source of our income, the composition of our shareholder base, and the nature of our operations.

There is, however, no legal authority under the PFIC rules addressing our proposed method of operation. Accordingly, no assurance can be given that the U.S. Internal Revenue Service (the IRS ), or a court of law will accept our position, and there is a risk that the IRS or a court of law could determine that we are a PFIC. Moreover, no assurance can be given that we would not constitute a PFIC for any future taxable year if there were to be changes in the nature and extent of our operations.

If the IRS were to find that we are or have been a PFIC for any taxable year, U.S. stockholders would face adverse tax consequences. Under the PFIC rules, unless those stockholders make certain elections available under the Code, such stockholders would be liable to pay U.S. Federal income tax at the then prevailing income tax rates on ordinary income plus interest upon excess distributions and upon any gain from the disposition of our common stock, as if the excess distribution or gain had been recognized ratably over the stockholder's holding period. See **Material**

U.S. Federal Income Tax Considerations Taxation of U.S. Holders PFIC Status for a more detailed discussion of the U.S. Federal income tax consequences to U.S. stockholders if we are treated as a PFIC.

*The enactment of proposed legislation could affect whether dividends paid by us constitute qualified dividend income eligible for the preferential rates.*

Legislation has been proposed in the U.S. Senate that would deny the preferential rates of U.S. Federal income tax currently imposed on qualified dividend income with respect to dividends received from a non-U.S. corporation, unless the non-U.S. corporation either is eligible for benefits of a comprehensive income tax treaty with the United States or is created or organized under the laws of a foreign country which has a comprehensive income tax system. Because the Marshall Islands has not entered into a comprehensive income tax treaty with the United States and imposes only limited taxes on corporations organized under its laws, it is unlikely that we could satisfy either of these requirements. Consequently, if this legislation were enacted in its current form the preferential rates of U.S. Federal income tax discussed in Material U.S. Federal Income Tax Considerations Taxation of U.S. Holders Distributions on Our Series C Preferred Stock may no longer be applicable to dividends received from us. As of the date of this prospectus, it is not possible to predict with certainty whether or in what form the proposed legislation will be enacted.

Upon any liquidation and dissolution of us, holders of the Series B Preferred Stock will generally be entitled to receive the cash value of the liquidation preference of the Series B Preferred Stock, plus an amount equal to accumulated and unpaid dividends, after satisfaction of all liabilities to our creditors, but before any distribution is made to or set aside for the holders of junior stock, including common stock. ## DESCRIPTION OF SERIES C PREFERRED STOCK

*The following description of the Series C Preferred Stock does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of our Articles of Incorporation, including the Statement of Designation designating the Series C Preferred Stock (the Statement of Designation), and setting forth the rights, preferences and limitations of the Series C Preferred Stock. We will file the Statement of Designation with the Registrar of Corporations of the Republic of The Marshall Islands. A copy of the Statement of Designation may be obtained from us as described under Where You Can Find Additional Information.*

### General

The Series C Preferred Stock offered hereby is a new series of preferred shares. Upon completion of this offering, there will be shares of Series C Preferred Stock authorized, and issued and outstanding (or shares of Series C Preferred Stock issued and outstanding if the underwriters exercise their option to purchase additional shares in full). We may, without notice to or consent of the holders of the then-outstanding shares of Series C Preferred Stock, authorize and issue additional Series C Preferred Stock as well as Parity Stock and Junior Stock (each as defined under Summary The Offering Ranking ) and, subject to the further limitations described under Voting Rights, Senior Stock (as defined under Summary The Offering Ranking ).

The holders of our common stock are entitled to receive, to the extent permitted by law, such dividends as may from time to time be declared by our board of directors. Upon any liquidation, dissolution or winding up of our affairs, whether voluntary or involuntary, the holders of our common stock are entitled to receive distributions of our assets, after we have satisfied or made provision for our debts and other obligations and for payment to the holders of shares of any class or series of capital stock (including the Series C Preferred Stock) having preferential rights to receive distributions of our assets. See Description of Capital Stock.

The Series C Preferred Stock will entitle the holders thereof to receive cumulative cash dividends when, as and if declared by our board of directors out of legally available funds for such purpose. When issued and paid for in the manner described in this prospectus supplement, the Series C Preferred Stock offered hereby will be fully paid and nonassessable. Each share of Series C Preferred Stock will have a fixed liquidation preference of \$25.00 per share plus an amount equal to accumulated and unpaid dividends thereon to the date fixed for payment, whether or not declared. See Liquidation Rights.

The Series C Preferred Stock will represent perpetual equity interests in us and, unlike our indebtedness, will not give rise to a claim for payment of a principal amount at a particular date. As such, the Series C Preferred Stock will rank junior to all of our indebtedness and other liabilities with respect to assets available to satisfy claims against us.

All shares of Series C Preferred Stock offered hereby will be represented by a single certificate issued to the Securities Depository (as defined below) and registered in the name of its nominee and, so long as a Securities Depository has been appointed and is serving, no person acquiring Series C Preferred Stock will be entitled to receive a certificate representing such shares unless applicable law otherwise requires or the Securities Depository resigns or is no longer eligible to act as such and a successor is not appointed. See Book-Entry System.

The Series C Preferred Stock will not be convertible into common stock or other of our securities and will not have exchange rights or be entitled or subject to any preemptive or similar rights. The Series C Preferred Stock will not be subject to mandatory redemption or to any sinking fund requirements. ## Ranking

Prior to this offering, we have established two other series of preferred shares.

As of September 30, 2013, there are no shares of Series A Preferred Stock issued and outstanding, although 10,000,000 shares have been designated Series A Participating Preferred Stock in connection with our adoption of a stockholder rights plan.

As of September 30, 2013, a total of 2,000,000 shares of our 7.625% Series B Preferred Stock were issued and outstanding.

The rights, preferences and limitations of the Series B Preferred Stock are described in more detail under Description of Capital Stock above.

The Series C Preferred Stock will, with respect to dividend distributions and distributions upon the liquidation, winding-up and dissolution of our affairs, rank:

senior  
to the

Junior  
Stock;

on a  
parity  
with  
the  
Parity  
Stock;  
and

junior  
to the  
Senior  
Stock.

The Series C Preferred Stock ranks junior to all of our indebtedness and other liabilities with respect to assets available to satisfy claims against us, and *pari passu* with the Series B Preferred Stock.

### **Liquidation Rights**

The holders of outstanding shares of Series C Preferred Stock will be entitled, in the event of any liquidation, dissolution or winding up of our affairs, whether voluntary or involuntary, to receive the liquidation preference of \$25.00 per share in cash plus an amount equal to accumulated and unpaid dividends thereon to the date fixed for payment of such amount (whether or not declared), and no more, before any distribution will be made to the holders of our common stock or any other Junior Stock. A consolidation or merger of us with or into any other entity, individually or in a series of transactions, will not be deemed a liquidation, dissolution or winding up of our affairs for this purpose. In the event that our assets available for distribution to holders of the outstanding Series C Preferred Stock and any Parity Stock are insufficient to permit payment of all required amounts, our assets then remaining will be distributed among the Series C Preferred Stock and any Parity Stock, as applicable, ratably on the basis of their relative aggregate liquidation preferences. After payment of all required amounts to the holders of the outstanding shares of Series C Preferred Stock and Parity Stock, our remaining assets and funds will be distributed among the holders of the common stock and any other Junior Stock then outstanding according to their respective rights.

### **Voting Rights**

The Series C Preferred Stock will have no voting rights except as set forth below or as otherwise provided by Marshall Islands law. In the event that six quarterly dividends, whether consecutive or not, payable on the Series C Preferred Stock are in arrears, the holders of the Series C Preferred Stock, will have the right, voting as a class together with holders of any Parity Stock upon which like voting rights have been conferred and are exercisable, including holders of our Series B Preferred Stock, at the next meeting of stockholders called for the election of directors, to elect one member of our board of directors, and the size of our board of directors will be increased as needed to accommodate such change (unless the size of our board of directors already has been increased by reason of the election of a director by holders of Parity Stock upon which like voting rights have been conferred and with which the Series C Preferred Stock voted as a class for the election of such director). The right of such holders of Series C Preferred Stock to elect a member of our board of directors will continue until such time as all dividends accumulated and in arrears on the Series C Preferred Stock have been paid in full, at which time such right will terminate, subject to revesting in the event of each and every subsequent failure to pay six quarterly dividends as described above. Upon any termination of the right of the holders of the Series C Preferred

Stock and any other Parity Stock to vote as a class for directors, the term of office of all directors then in office elected by such holders voting as a class will terminate immediately. Any director elected by the holders of the Series C Preferred Stock and any other Parity Stock shall each be entitled to one vote on any matter before our board of directors.

Unless we have received the affirmative vote or consent of the holders of at least two-thirds of the outstanding Series C Preferred Stock, voting as a single class, we may not adopt any amendment to our Articles of Incorporation that adversely alters the preferences, powers or rights of the Series C Preferred Stock.

Under the Statement of Designation, we may issue additional common stock and other Junior Stock from time to time in one or more series without the consent of the holders of the Series C Preferred Stock. Our board of directors has the authority to determine the preferences, powers, qualifications, limitations, restrictions and special or relative rights or privileges, if any, of any such series before the issuance of any shares of that series. Our board of directors will also determine the number of shares constituting each series of securities. Our ability to issue additional Parity Stock or Senior Stock is limited as described under Voting Rights.

In addition, unless we have received the affirmative vote or consent of the holders of at least two-thirds of the outstanding shares of Series C Preferred Stock, voting as a class together with holders of any other Parity Stock upon which like voting rights have been conferred and are exercisable, we may not:

issue any  
Parity Stock  
if the  
cumulative  
dividends  
payable on  
outstanding  
Series C  
Preferred  
Stock are in  
arrears; or

create or  
issue any  
Senior  
Stock.

On any matter described above in which the holders of the Series C Preferred Stock are entitled to vote as a class, such holders will be entitled to one vote per share. The Series C Preferred Stock held by us or any of our subsidiaries or affiliates will not be entitled to vote. As of January 10, 2014, there were 2,000,000 shares of Series B Preferred Stock outstanding. Accordingly, after the issuance of shares of Series C Preferred Stock in this offering (assuming the underwriters do not exercise their option to purchase additional shares), the Series C Preferred Stock will represent approximately % of the total voting power of the Series B Preferred Stock and the Series C Preferred Stock. Assuming that we issue shares of Series C Preferred Stock in this offering (assuming the underwriters exercise their option to purchase additional shares in full), the Series C Preferred Shares will represent approximately % of the total voting power of the Series B Preferred Stock and the Series C Preferred Stock.

No vote or consent of holders of Series C Preferred Stock shall be required for (i) the creation or incurrence of any indebtedness, (ii) the authorization or issuance of any common stock or other Junior Stock or (iii) except as provided above, the authorization or issuance of any preferred stock of any series of the Company.

Not later than the close of business, New York City time, on each Dividend Payment Date, we will pay those dividends, if any, on the Series C Preferred Stock that have been declared by our board of directors to the holders of such shares as such holders' names appear on our stock transfer books maintained by the Registrar and Transfer Agent on the applicable Record Date. The applicable record date (the Record Date), will be the Business Day immediately preceding the applicable Dividend Payment Date, except that in the case of payments of dividends in arrears, the Record Date with respect to a Dividend Payment Date will be such date as may be designated by our board of directors in accordance with our bylaws then in effect and the Statement of Designation.

So long as the Series C Preferred Stock is held of record by the Securities Depository or its nominee, declared dividends will be paid to the Securities Depository in same-day funds on each Dividend Payment Date. The Securities Depository will credit accounts of its participants in accordance with the Securities Depository's normal procedures. The participants will be responsible for holding or disbursing such payments to beneficial owners of the Series C Preferred Stock in accordance with the instructions of such beneficial owners.

No dividend may be declared or paid or set apart for payment on any Junior Stock (other than a dividend payable solely in shares of Junior Stock) unless full cumulative dividends have been or contemporaneously are being paid or provided for on all outstanding shares of Series C Preferred Stock and any Parity Stock through the most recent respective Dividend Payment Date. Accumulated dividends in arrears for any past dividend period may be declared by our board of directors and paid on any date fixed by our board of directors, whether or not a Dividend Payment Date, to holders of the Series C Preferred Stock on the record date for such payment, which may not be more than 60 days, nor less than 5 days, before such payment date. Subject to the next succeeding sentence, if all accumulated dividends in arrears on all outstanding Series C Shares and any Parity Stock have not been declared and paid, or sufficient funds for the payment thereof have not been set apart, payment of accumulated dividends in arrears will be made in order of their respective Dividend Payment Dates, commencing with the earliest. If less than all dividends payable with respect to all Series C Preferred Stock and any Parity Stock are paid, any partial payment will be made pro rata with respect to the Series C Preferred Stock and any Parity Stock (including the Series B Preferred Stock) entitled to a dividend payment at such time in proportion to the aggregate amounts remaining due in respect of such shares at such time. Holders of the Series C Preferred Stock will not be entitled to any dividend, whether payable in cash, property or stock, in excess of full cumulative dividends. No interest or sum of money in lieu of interest will be payable in respect of any dividend payment which may be in arrears on the Series C Preferred Stock.

## **Redemption**

### ***Optional Redemption***

Commencing on January , 2019, we may redeem, at our option, in whole or from time to time in part, the Series C Preferred Stock at a redemption price in cash equal to \$25.00 per share plus an amount equal to all accumulated and unpaid dividends thereon to the date of redemption, whether or not declared. Any such optional redemption shall be effected out of any funds available for such purpose.

### ***Redemption Procedures***

We will give notice of any redemption by mail, postage prepaid, not less than 30 days and not more than 60 days before the scheduled date of redemption, to the holders of any shares to be redeemed as such holders' names appear on our stock transfer books maintained by the Registrar and Transfer Agent at the address of such holders shown therein. Such notice shall state: (1) the redemption date, (2) the number of Series C Preferred Stock to be redeemed and, if less than all outstanding shares of Series C Preferred Stock are to be redeemed, the number (and the identification) of shares to be redeemed from such holder, (3) the redemption price, (4) the place where the Series C Preferred Stock is to be redeemed and shall be presented and surrendered for payment of the redemption price therefor and (5) that dividends on the shares to be redeemed will cease to accumulate from and after such redemption date.

If fewer than all of the outstanding shares of Series C Preferred Stock are to be redeemed, the number of shares to be redeemed will be determined by us, and such shares will be redeemed pro rata or by lot as the Securities Depository shall determine, with adjustments to avoid redemption of fractional shares. So long as all shares of Series C Preferred Stock are held of record by the Securities Depository or its nominee, we will give notice, or cause notice to be given, to the Securities Depository of the number of shares of Series C Preferred Stock to be redeemed, and the Securities Depository will determine the number of shares of Series C Preferred Stock to be redeemed from the account of each of its participants holding such shares in its participant account. Thereafter, each participant will select the number of shares to be redeemed from each beneficial owner for whom it acts (including the participant, to the extent it holds Series C Preferred Stock for its own account). A participant may determine to redeem Series C Preferred Stock from some beneficial owners (including the participant itself) without redeeming Series C Preferred Stock from the accounts of other beneficial owners.

So long as the Series C Preferred Stock is held of record by the Securities Depository or its nominee, the redemption price will be paid by the Paying Agent to the Securities Depository on the redemption date. The Securities Depository's normal procedures provide for it to distribute the amount of the redemption price in same-day funds to its participants who, in turn, are expected to distribute such funds to the persons for whom they are acting as agent.

If we give or cause to be given a notice of redemption, then we will deposit with the Paying Agent funds sufficient to redeem the Series C Preferred Stock as to which notice has been given by the close of business, New York City time, no later than the Business Day immediately preceding the date fixed for redemption, and will give the Paying Agent irrevocable instructions and authority to pay the redemption price to the holder or holders thereof upon surrender or deemed surrender (which will occur automatically if the certificate representing such shares is issued in the name of the Securities Depository or its nominee) of the certificates therefor. If notice of redemption shall have been given, then from and after the date fixed for redemption, unless we default in providing funds sufficient for such redemption at the time and place specified for payment pursuant to the notice, all dividends on such shares will cease to accumulate and all rights of holders of such shares as our stockholders will cease, except the right to receive the redemption price, including an amount equal to accumulated and unpaid dividends through the date fixed for redemption, whether or not declared. We will be entitled to receive from the Paying Agent the interest income, if any, earned on such funds deposited with the Paying Agent (to the extent that such interest income is not required to pay the redemption price of the shares to be redeemed), and the holders of any shares

so redeemed will have no claim to any such interest income. Any funds deposited with the Paying Agent hereunder by us for any reason, including, but not limited to, redemption of Series C Preferred Stock, that remain unclaimed or unpaid after two years after the applicable redemption date or other payment date, shall be, to the extent permitted by law, repaid to us upon our written request, after which repayment the holders of the Series C Preferred Stock entitled to such redemption or other payment shall have recourse only to us.

If only a portion of the Series C Preferred Stock represented by a certificate has been called for redemption, upon surrender of the certificate to the Paying Agent (which will occur automatically if the certificate representing such shares is registered in the name of the Securities Depository or its nominee), the Paying Agent will issue to the holder of such shares a new certificate (or adjust the applicable book-entry account) representing the number of shares of Series C Preferred Stock represented by the surrendered certificate that have not been called for redemption.

Notwithstanding any notice of redemption, there will be no redemption of any Series C Preferred Stock called for redemption until funds sufficient to pay the full redemption price of such shares, including all accumulated and unpaid dividends to the date of redemption, whether or not declared, have been deposited by us with the Paying Agent.

We and our affiliates may from time to time purchase the Series C Preferred Stock, subject to compliance with all applicable securities and other laws. Neither we nor any of our affiliates has any obligation, or any present plan or intention, to purchase any Series C Preferred Stock. Any shares repurchased and cancelled by us will revert to the status of authorized but unissued preferred shares, undesignated as to series.

Notwithstanding the foregoing, in the event that full cumulative dividends on the Series C Preferred Stock and any Parity Stock have not been paid or declared and set apart for payment, we may not repurchase, redeem or otherwise acquire, in whole or in part, any Series C Preferred Stock or Parity Stock except pursuant to a purchase or exchange offer made on the same terms to all holders of Series C Preferred Stock and any Parity Stock. Common stock and any other Junior Stock may not be redeemed, repurchased or otherwise acquired unless full cumulative dividends on the Series C Preferred Stock and any Parity Stock for all prior and the then-ending dividend periods have been paid or declared and set apart for payment.

### **No Sinking Fund**

The Series C Preferred Stock will not have the benefit of any sinking fund.

### **Book-Entry System**

All Series C Preferred Stock offered hereby will be represented by a single certificate issued to The Depository Trust Company (and its successors or assigns or any other securities depository selected by us), or the Securities Depository, and registered in the name of its nominee (initially, Cede & Co.). The Series C Preferred Stock offered hereby will continue to be represented by a single certificate registered in the name of the Securities Depository or its nominee, and no holder of the Series C Preferred Stock offered hereby will be entitled to receive a certificate evidencing such shares unless otherwise required by law or the Securities Depository gives notice of its intention to resign or is no longer eligible to act as such and we have not selected a substitute Securities Depository within 60 calendar days thereafter. Payments and communications made by us to holders of the Series C Preferred Stock will be duly made by making payments to, and communicating with, the Securities Depository. Accordingly, unless certificates are available to holders of the Series C Preferred Stock, each purchaser of Series C Preferred Stock must rely on (1) the procedures of the Securities Depository and its participants to receive dividends, distributions, any redemption price, liquidation preference and notices, and to direct the exercise of any voting or nominating rights, with respect to such Series C Preferred Stock and (2) the records of the Securities Depository and its participants to evidence its ownership of such Series C Preferred Stock.

So long as the Securities Depository (or its nominee) is the sole holder of the Series C Preferred Stock, no beneficial holder of the Series C Preferred Stock will be deemed to be a

S-35

stockholder of us. The Depository Trust Company, the initial Securities Depository, is a New York-chartered limited purpose trust company that performs services for its participants, some of whom (and/or their representatives) own The Depository Trust Company. The Securities Depository maintains lists of its participants and will maintain the positions (*i.e.*, ownership interests) held by its participants in the Series C Preferred Stock, whether as a holder of the Series C Preferred Stock for its own account or as a nominee for another holder of the Series C Preferred Stock.

Investors in the Series C Preferred Stock who are not direct participants in The Depository Trust Company may hold their interests therein indirectly through organizations (including Euroclear System ( Euroclear ) and Clearstream Banking, N.A. ( Clearstream )) which are direct participants. Euroclear and Clearstream will hold interests in the Series C Preferred Stock on behalf of their participants through customers' securities accounts in their respective names on the books of their respective depositories, which are Euroclear Bank S.A./ N.V., as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in the Series C Preferred Stock, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of The Depository Trust Company or any successor Securities Depository. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems.

Cross-market transfers between direct participants in The Depository Trust Company, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through The Depository Trust Company in accordance with The Depository Trust Company's rules on behalf of Euroclear or Clearstream, as the case may be, by their respective depositories; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the Series C Preferred Stock in The Depository Trust Company, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to The Depository Trust Company. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in the single certificate representing the Series C Preferred Stock from a direct participant in The Depository Trust Company will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of The Depository Trust Company. The Depository Trust Company has advised the issuer that cash received in Euroclear or Clearstream as a result of sales of interests in the single certificate representing the Series C Preferred Stock by or through a Euroclear or Clearstream participant to a direct participant in The Depository Trust Company will be received with value on the settlement date of The Depository Trust Company but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following The Depository Trust Company's settlement date.

## MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion of U.S. Federal income tax matters is based on the Code, judicial decisions, administrative pronouncements, and existing and proposed regulations issued by the U.S. Department of the Treasury, all of which are subject to change, possibly with retroactive effect. This discussion does not address any U.S. state or local tax matters. You are encouraged to consult your own tax advisor regarding the particular U.S. federal, state and local and foreign income and other tax consequences of acquiring, owning and disposing of our Series C Preferred Stock that may be applicable to you.

### Taxation of Our Shipping Income

Subject to the discussion of effectively connected income below, unless exempt from U.S. Federal income tax under the rules contained in Section 883 of the Code and the Treasury Regulations promulgated thereunder, a non-U.S. corporation is, under the rules of Section 887 of the Code, subject to a 4% U.S. Federal income tax in respect of its U.S.-source gross transportation income (without the allowance for deductions).

For this purpose, U.S.-source gross transportation income includes 50% of the shipping income that is attributable to transportation that begins or ends (but that does not both begin and end) in the United States. Shipping income attributable to transportation exclusively between non-U.S. ports is generally not subject to any U.S. Federal income tax.

Shipping income means income that is derived from:

- (a) the use of vessels;
- (b) the hiring or leasing of vessels for use on a time, operating or bareboat charter basis;
- (c) the participation in a pool, partnership, strategic alliance, joint operating agreement or other joint venture it directly or indirectly owns or participates

in that  
generates  
such income;  
or

- (d) the  
performance  
of services  
directly  
related to  
those uses.

Under Section 883 of the Code and the Treasury Regulations promulgated thereunder, a non-U.S. corporation will be exempt from U.S. Federal income tax on its U.S.-source gross transportation income if:

- (a) it is organized  
in a foreign  
country (or  
the country of  
organization )  
that grants an  
equivalent  
exemption to  
U.S.  
corporations;  
and

- (b) either

- (i) more than  
50% of the  
value of its  
stock is  
owned,  
directly or  
indirectly, by  
individuals  
who are  
residents of  
our country  
of  
organization  
or of another  
foreign  
country that  
grants an  
equivalent  
exemption to  
U.S.  
corporations;  
or

- (ii) its stock is primarily and regularly traded on an established securities market in its country of organization, in another country that grants an equivalent exemption to U.S. corporations, or in the United States.

We believe that we have qualified and currently intend to continue to qualify for this statutory tax exemption for the foreseeable future. However, no assurance can be given that this will be the case in the future. If we or our subsidiaries are not entitled to this exemption under Section 883 for any taxable year, we or our subsidiaries would be subject for those years to a 4% U.S. Federal income tax on our U.S.-source gross transportation income, subject to the discussion of effectively connected income below. Since we expect that no more than 50% of our gross shipping income would be treated as U.S.-source gross transportation income, we expect that the effective rate of U.S. Federal income tax on our gross transportation income would not exceed 2%. Many of our time charters contain provisions pursuant to which charterers undertake to reimburse us for the 4% gross basis tax on our U.S.- source gross transportation income.

To the extent exemption under Section 883 is unavailable, our U.S.-source gross transportation income that is considered to be effectively connected with the conduct of a U.S. trade or business would be subject to the U.S. corporate income tax currently imposed at rates of up to 35% (net of

applicable deductions). In addition, we may be subject to the 30% U.S. branch profits tax on earnings effectively connected with the conduct of such trade or business, as determined after allowance for certain adjustments, and on certain interest paid or deemed paid attributable to the conduct of our U.S. trade or business.

Our U.S.-source gross transportation income would be considered effectively connected with the conduct of a U.S. trade or business only if:

- (a) we had, or were considered to have, a fixed place of business in the United States involved in the earning of U.S.-source gross transportation income; and
- (b) substantially all of our U.S.-source gross transportation income was attributable to regularly scheduled transportation, such as the operation of a vessel that followed a published schedule with repeated sailings at regular intervals between the same points for voyages that begin or end in the United States.

We believe that we will not meet these conditions because we will not have, or permit circumstances that would result in us having, such a fixed place of business in the United States or any vessel sailing to or from the United States on a regularly scheduled basis.

In addition, income attributable to transportation that both begins and ends in the United States is not subject to the tax rules described above. Such income is subject to either a 30% gross-basis tax or to U.S. corporate income tax on net income at rates of up to 35% (and the branch profits tax discussed above). Although there can be no assurance, we do not expect to engage in transportation that produces shipping income of this type.

### **Taxation of Gain on Our Sale of Assets**

Regardless of whether we qualify for the exemption under Section 883 of the Code, we will not be subject to U.S. Federal income taxation with respect to gain realized on a sale of a vessel, provided the sale is considered to occur outside of the United States (as determined under U.S. tax principles). In general, a sale of a vessel will be considered to occur outside of the United States for this purpose if title to the vessel (and risk of loss with respect to the vessel) passes to the buyer outside of the United States. We expect that any sale of a vessel will be so structured that it will be considered to occur outside of the United States.

### **Taxation of U.S. Holders**

You are a U.S. holder if you are a beneficial owner of our Series C Preferred Stock and you are a U.S. citizen or resident, a U.S. corporation (or other U.S. entity taxable as a corporation), an estate the income of which is subject to U.S. Federal income taxation regardless of its source, or a trust if a court within the United States is able to exercise primary jurisdiction over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of that trust.

If a partnership holds our Series C Preferred Stock, the tax treatment of a partner will generally depend upon the status of the partner and upon the activities of the partnership. If you are a partner in a partnership holding our Series C Preferred Stock, you should consult your tax advisor.

### *Distributions on Our Series C Preferred Stock*

Subject to the discussion of passive foreign investment companies below, any distributions with respect to our Series C Preferred Stock that you receive from us will generally constitute dividends, which may be taxable as ordinary income or qualified dividend income as described below, to the extent of our current or accumulated earnings and profits (as determined under U.S. tax principles). Distributions in excess of our earnings and profits will be treated first as a nontaxable return of capital to the extent of your tax basis in our Series C Preferred Stock (on a dollar-for-dollar basis) and thereafter as capital gain.

Edgar Filing: Costamare Inc. - Form 424B5

Because we are not a U.S. corporation, if you are a U.S. corporation (or a U.S. entity taxable as a corporation), you will not be entitled to claim a dividends-received deduction with respect to any distributions you receive from us.

Dividends paid with respect to our Series C Preferred Stock will generally be treated as passive category income for purposes of computing allowable foreign tax credits for U.S. foreign tax credit purposes.

If you are an individual, trust or estate, dividends you receive from us should be treated as qualified dividend income, provided that:

- (a) the Series C Preferred Stock is readily tradable on an established securities market in the United States (such as the New York Stock Exchange);
- (b) we are not a PFIC for the taxable year during which the dividend is paid or the immediately preceding taxable year (see the discussion below under PFIC Status );
- (c) you own our Series C Preferred Stock for more than 60 days in the 121-day period beginning 60 days before the date on

which the  
Series C  
Preferred  
Stock  
becomes  
ex-dividend;

- (d) you are not  
under an  
obligation to  
make related  
payments  
with respect  
to positions  
in  
substantially  
similar or  
related  
property; and

- (e) certain other  
conditions  
are met.

Qualified dividend income is taxed at a preferential maximum rate of 15% or 20%, depending on the income level of the taxpayer.

Special rules may apply to any extraordinary dividend. Generally, an extraordinary dividend is a dividend with respect to a share of our Series C Preferred Stock in an amount that is equal to (or in excess of) 5% of your adjusted tax basis (or fair market value in certain circumstances) in such Series C Preferred Stock. If we pay an extraordinary dividend on our Series C Preferred Stock that is treated as qualified dividend income and if you are an individual, estate or trust, then any loss derived by you from a subsequent sale or exchange of such Series C Preferred Stock will be treated as long-term capital loss to the extent of such dividend.

There is no assurance that dividends you receive from us will be eligible for the preferential rates applicable to qualified dividend income. Dividends you receive from us that are not eligible for the preferential rates will be taxed at the ordinary income rates.

In addition, even if we are not a PFIC, under proposed legislation, dividends of a corporation incorporated in a country without a comprehensive income tax system paid to U.S. holders who are individuals, estates or trusts would not be eligible for the preferential tax rates. Although the term comprehensive income tax system is not defined in the proposed legislation, we believe this rule would apply to us because we are incorporated in the Marshall Islands. As of the date hereof, it is not possible to predict with certainty whether or in what form this proposed legislation will be enacted.

#### *Sale, Exchange or Other Disposition of Series C Preferred Stock*

Provided that we are not a PFIC for any taxable year, you generally will recognize taxable gain or loss upon a sale, exchange or other disposition of our Series C Preferred Stock in an amount equal to the difference between the amount realized by you from such sale, exchange or other disposition and your tax basis in such stock. Such gain or loss will be treated as long-term capital gain or loss if your holding period is greater than one year at the time of the sale, exchange or other disposition. Such capital gain or loss will generally be treated as U.S.-source income or loss,

as applicable, for U.S. foreign tax credit purposes. Your ability to deduct capital losses against ordinary income is subject to limitations.

*Unearned Income Medicare Contribution Tax*

Each U.S. holder who is an individual, estate or trust will generally be subject to a 3.8% Medicare tax on the lesser of (i) such U.S. holder's net investment income for the relevant taxable year, and (ii) the excess of such U.S. holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). For this purpose, net investment income generally includes dividends on and capital gains from the sale, exchange or other disposition of our Series C Preferred Stock, subject to certain exceptions. You are encouraged to consult your own tax advisor regarding the applicability of the Medicare tax to your income and gains from your ownership or disposition of our Series C Preferred Stock.

*PFIC Status*

Special U.S. Federal income tax rules apply to you if you hold stock in a non-U.S. corporation that is classified as a passive foreign investment company for U.S. Federal income tax purposes. In general, we will be treated as a PFIC in any taxable year in which, after applying certain look-through rules, either:

- (a) at least 75% of our gross income for such taxable year consists of passive income (e.g., dividends, interest, capital gains and rents derived other than in the active conduct of a rental business); or
- (b) at least 50% of the average value of our assets during such taxable

year  
consists of  
passive  
assets (i.e.,  
assets that  
produce, or  
are held for  
the  
production  
of, passive  
income).

For purposes of determining whether we are a PFIC, we will be treated as earning and owning our proportionate share of the income and assets, respectively, of any of our subsidiary corporations in which we own at least 25% of the value of the subsidiary's stock. Income we earned, or are deemed to earn, in connection with the performance of services will not constitute passive income. By contrast, rental income will generally constitute passive income (unless we are treated under certain special rules as deriving our rental income in the active conduct of a trade or business).

There are legal uncertainties involved in determining whether the income derived from time chartering activities constitutes rental income or income derived from the performance of services. In *Tidewater Inc. v. United States*, 565 F.2d 299 (5th Cir. 2009), the Fifth Circuit held that income derived from certain time chartering activities should be treated as rental income rather than services income for purposes of a foreign sales corporation provision of the Code. In a recent published guidance, however, the IRS states that it disagrees with the holding in *Tidewater*, and specifies that time charters should be treated as service contracts. Since we have chartered all our vessels to unrelated charterers on the basis of time charters and since we expect to continue to do so, we believe that we are not now and have never been a PFIC. Our counsel, Cravath, Swaine & Moore LLP, has provided us with an opinion that we should not be a PFIC based on certain representations we made to them, including the representation that Costamare Shipping, which manages the Company's vessels, is not related to any charterer of the vessels, and of certain assumptions made by them, including the assumption that time charters of the Company will be arranged in a manner substantially similar to the terms of its existing time charters. However, we have not sought, and we do not expect to seek, an IRS ruling on this matter. As a result, the IRS or a court could disagree with our position. No assurance can be given that this result will not occur. In addition, although we intend to conduct our affairs in a manner to avoid, to the extent possible, being classified as a PFIC with respect to any taxable year, we cannot assure you that the nature of our operations will not change in the future, or that we can avoid PFIC status in the future.

As discussed below, if we were to be treated as a PFIC for any taxable year, you generally would be subject to one of three different U.S. Federal income tax regimes, depending on whether or not you make certain elections. Additionally, starting in 2013, for each year during which you own our Series C Preferred Stock, and we are a PFIC and the total value of all PFIC stock that you directly or indirectly own exceeds certain thresholds, you will be required to file IRS Form 8621 with your U.S. Federal income tax return to report your ownership of our Series C Preferred Stock.

The PFIC rules are complex, and you are encouraged to consult your own tax advisor regarding the PFIC rules, including the annual PFIC reporting requirement.

*Taxation of U.S. Holders That Make a Timely QEF Election*

If we were a PFIC and if you make a timely election to treat us as a Qualifying Electing Fund for U.S. tax purposes (a QEF Election), you would be required to report each year your pro rata share of our ordinary earnings and our net capital gain for our taxable year that ends with or within your taxable year, regardless of whether we make any distributions to you. Such income inclusions would not be eligible for the preferential tax rates applicable to qualified dividend income. Your adjusted tax basis in our Series C Preferred Stock would be increased to reflect such taxed but undistributed earnings and profits. Distributions of earnings and profits that had previously been taxed would result in a corresponding reduction in your adjusted tax basis in our Series C Preferred Stock and would not be taxed again once distributed. You would generally recognize capital gain or loss on the sale, exchange or other disposition of our Series C Preferred Stock. Even if you make a QEF Election for one of our taxable years, if we were a PFIC for a prior taxable year during which you held our Series C Preferred Stock and for which you did not make a timely QEF Election, you would also be subject to the more adverse rules described below under Taxation of U.S. Holders That Make No Election. Additionally, to the extent any of our subsidiaries is a PFIC, your election to treat us as a Qualifying Electing Fund would not be effective with respect to your deemed ownership of the stock of such subsidiary and a separate QEF Election with respect to such subsidiary is required.

You would make a QEF Election by completing and filing IRS Form 8621 with your U.S. Federal income tax return for the year for which the election is made in accordance with the relevant instructions. If we were to become aware that we were to be treated as a PFIC for any taxable year, we would notify all U.S. holders of such treatment and would provide all necessary information to any U.S. holder who requests such information in order to make the QEF Election described above with respect to us and the relevant subsidiaries.

*Taxation of U.S. Holders That Make a Timely Mark-to-Market Election*

Alternatively, if we were to be treated as a PFIC for any taxable year and, as we believe, our Series C Preferred Stock is treated as marketable stock, you would be allowed to make a mark-to-market election with respect to our Series C Preferred Stock, provided you complete and file IRS Form 8621 with your U.S. Federal income tax return for the year for which the election is made in accordance with the relevant instructions. If that election is made, you generally would include as ordinary income in each taxable year the excess, if any, of the fair market value of our Series C Preferred Stock at the end of the taxable year over your adjusted tax basis in our Series C Preferred Stock. You also would be permitted an ordinary loss in respect of the excess, if any, of your adjusted tax basis in our Series C Preferred Stock over the fair market value of such shares at the end of the taxable year (but only to the extent of the net amount previously included in income as a result of the mark-to-market election). Your tax basis in our Series C Preferred Stock would be adjusted to reflect any such income or loss amount. Gain realized on the sale, exchange or other disposition of our Series C Preferred Stock would be treated as ordinary income, and any loss realized on the sale, exchange or other disposition of the Series C Preferred Stock would be treated as ordinary loss to the extent that such loss does not exceed the net mark-to-market gains previously included by you. However, to the extent any of our subsidiaries is a PFIC, your mark-to-market election with respect to our Series C Preferred Stock would not apply to your deemed ownership of the stock of such subsidiary.

*Taxation of U.S. Holders That Make No Election*

Finally, if we were treated as a PFIC for any taxable year and if you did not make either a QEF Election or a mark-to-market election for that year, you would be subject to special rules with respect to (a) any excess distribution (that is, the portion of any distributions received by you on our Series C Preferred Stock in a taxable year in excess of 125% of the average annual

distributions received by you in the three preceding taxable years, or, if shorter, your holding period for our Series C Preferred Stock) and (b) any gain realized on the sale, exchange or other disposition of our Series C Preferred Stock. Under these special rules:

- (i) the excess distribution or gain would be allocated ratably over your aggregate holding period for our Series C Preferred Stock;
- (ii) the amount allocated to the current taxable year would be taxed as ordinary income; and
- (iii) the amount allocated to each of the other taxable years would be subject to tax at the highest rate of tax in effect for the applicable class of taxpayer for that year, and an interest charge for the deemed deferral benefit would be

imposed  
with respect  
to the  
resulting  
tax  
attributable  
to each such  
other  
taxable  
year.

If you died while owning our Series C Preferred Stock, your successor generally would not receive a step-up in tax basis with respect to such shares for U.S. tax purposes.

### **Taxation of Non-U.S. Holders**

You are a non-U.S. holder if you are a beneficial owner of our Series C Preferred Stock (other than a partnership for U.S. tax purposes) and you are not a U.S. holder.

#### *Distributions on Our Series C Preferred Stock*

You generally will not be subject to U.S. Federal income or withholding taxes on a distribution received from us with respect to our Series C Preferred Stock, unless the income arising from such distribution is effectively connected with your conduct of a trade or business in the United States. If you are entitled to the benefits of an applicable income tax treaty with respect to that income, such income generally is taxable in the United States only if it is attributable to a permanent establishment maintained by you in the United States.

#### *Sale, Exchange or Other Disposition of Our Series C Preferred Stock*

You generally will not be subject to U.S. Federal income tax or withholding tax on any gain realized upon the sale, exchange or other disposition of our Series C Preferred Stock, unless:

- (a) the gain is effectively connected with your conduct of a trade or business in the United States; if you are entitled to the benefits of an applicable income tax treaty with respect to that gain, that gain generally is taxable in the United States

only if it is  
attributable to  
a permanent  
establishment  
maintained by  
you in the  
United States;  
or

- (b) you are an individual who is present in the United States for 183 days or more during the taxable year of disposition and certain other conditions are met.

Gain that is effectively connected with the conduct of a trade or business in the United States (or so treated) generally will be subject to U.S. Federal income tax, net of certain deductions, at regular U.S. Federal income tax rates. If you are a corporate non-U.S. holder, your earnings and profits that are attributable to the effectively connected income (subject to certain adjustments) may be subject to an additional U.S. branch profits tax at a rate of 30% (or such lower rate as may be specified by an applicable tax treaty).

***United States Backup Withholding and Information Reporting***

In general, if you are a non-corporate U.S. holder, dividend payments (or other taxable distributions) made within the United States will be subject to information reporting requirements and backup withholding tax if you:

- (1) fail to provide us with an accurate taxpayer identification number;
- (2) are notified by the IRS that you have failed to report all interest or dividends required to be shown on your Federal income tax returns; or

- (3) in certain circumstances, fail to comply with applicable certification requirements.

S-42

---

If you are a non-U.S. holder, you may be required to establish your exemption from information reporting and backup withholding by certifying your status on IRS Form W-8BEN, W-8ECI or W-8IMY, as applicable.

If you sell our Series C Preferred Stock to or through a U.S. office or broker, the payment of the sales proceeds is subject to both U.S. backup withholding and information reporting unless you certify that you are a non-U.S. person, under penalties of perjury, or you otherwise establish an exemption. If you sell our Series C Preferred Stock through a non-U.S. office of a non-U.S. broker and the sales proceeds are paid to you outside the United States, then information reporting and backup withholding generally will not apply to that payment.

However, U.S. information reporting requirements (but not backup withholding) will apply to a payment of sales proceeds, even if that payment is made outside the United States, if you sell our Series C Preferred Stock through a non-U.S. office of a broker that is a U.S. person or has certain other connections with the United States.

Backup withholding tax is not an additional tax. Rather, you generally may obtain a refund of any amounts withheld under backup withholding rules that exceed your income tax liability by accurately completing and timely filing a refund claim with the IRS.

U.S. individuals who hold certain specified foreign assets with values in excess of certain dollar thresholds are required to report such assets on IRS Form 8938 with their U.S. Federal income tax return, subject to certain exceptions (including an exception for foreign assets held in accounts maintained by U.S. financial institutions). Stock in a foreign corporation, including our Series C Preferred Stock, is a specified foreign asset for this purpose. Penalties apply for failure to properly complete and file Form 8938. You are encouraged to consult with your tax advisor regarding the filing of this form.

## NON-U.S. TAX CONSIDERATIONS

### Marshall Islands Tax Considerations

We are a non-resident domestic Marshall Islands corporation. Because we do not, and we do not expect that we will, conduct business or operations in the Marshall Islands, under current Marshall Islands law we are not subject to tax on income or capital gains and our stockholders (so long as they are not citizens or residents of the Marshall Islands) will not be subject to Marshall Islands taxation or withholding on dividends and other distributions (including upon a return of capital) we make to our stockholders. In addition, so long as our stockholders are not citizens or residents of the Marshall Islands, our stockholders will not be subject to Marshall Islands stamp, capital gains or other taxes on the purchase, holding or disposition of our Series C Preferred Stock, and our stockholders will not be required by the Republic of the Marshall Islands to file a tax return relating to our Series C Preferred Stock.

Each stockholder is urged to consult their tax counselor or other advisor with regard to the legal and tax consequences, under the laws of pertinent jurisdictions, including the Marshall Islands, of their investment in our Series C Preferred Stock. Further, it is the responsibility of each stockholder to file all state, local and non-U.S., as well as U.S. Federal, tax returns that may be required of them.

### Liberian Tax Considerations

The Republic of Liberia enacted a new income tax act effective as of January 1, 2001 (the New Act ). In contrast to the income tax law previously in effect since 1977, the New Act does not distinguish between the taxation of non-resident Liberian corporations, such as our Liberian subsidiaries, which conduct no business in Liberia and were wholly exempt from taxation under the prior law, and resident Liberian corporations, which conduct business in Liberia and are (and were under the prior law) subject to taxation.

The New Act was amended by the Consolidated Tax Amendments Act of 2011, which was published and became effective on November 1, 2011 (the Amended Act ). The Amended Act specifically exempts from taxation non-resident Liberian corporations such as our Liberian subsidiaries that engage in international shipping (and are not engaged in shipping exclusively within Liberia) and that do not engage in other business or activities in Liberia other than those specifically enumerated in the Amended Act. In addition, the Amended Act made such exemption from taxation retroactive to the effective date of the New Act.

If, however, our Liberian subsidiaries were subject to Liberian income tax under the Amended Act, they would be subject to tax at a rate of 35% on their worldwide income. As a result, their, and subsequently our, net income and cash flow would be materially reduced. In addition, as the ultimate stockholder of the Liberian subsidiaries, we would be subject to Liberian withholding tax on dividends paid by our Liberian subsidiaries at rates ranging from 15% to 20%.

substantially similar to our Series C Preferred Stock, for 30 days after the date of this prospectus supplement without first obtaining the written consent of Morgan Stanley & Co. LLC, UBS Securities LLC and Credit Suisse Securities (USA) LLC. Specifically, we have agreed, with certain limited exceptions, not to directly or indirectly:

offer, pledge,  
sell or  
contract to  
sell any shares  
of Series C  
Preferred  
Stock or  
substantially  
similar  
security;

sell any  
option or  
contract to  
purchase any  
shares of  
Series C  
Preferred  
Stock or  
substantially  
similar  
security;

purchase any  
option or  
contract to  
sell any shares  
of Series C

Stock or

lend or otherwise dispose of or transfer any shares of Series C Preferred Stock or substantially similar security;

file a registration statement related to the Series C Preferred Stock or substantially similar security; or

enter into any swap or other agreement that transfers, in whole or in part, the economic consequences of ownership of any shares of Series C Preferred Stock or substantially similar security whether any such swap or transaction is to be settled by delivery of shares or other securities, in cash or otherwise.

These lock-up provisions apply to shares of our Series C Preferred Stock or substantially similar security and to securities convertible into or exchangeable or exercisable for or repayable with our Series C Preferred Stock or

substantially similar security.

Our Series C Preferred Stock is a new issue of securities with no established trading market. We intend to apply to list the shares of Series C Preferred Stock on the NYSE under the symbol . If the application is approved, trading of the shares of Series C Preferred Stock on the NYSE is expected to begin within 30 days after the date of initial delivery of the Series C Preferred Stock. The underwriters have advised us that they intend to make a market in shares of Series C Preferred Stock before commencement of trading on the NYSE. They will have no obligation to make a market in shares of Series C Preferred Stock, however, and may cease market-making activities, if commenced, at any time. Accordingly, an active trading market on the NYSE for shares of Series C Preferred Stock may not develop or, even if one develops, may not last, in which case the liquidity and market price of the shares of Series C Preferred Stock could be adversely affected, the difference between bid and asked prices could be substantial and your ability to transfer shares of Series C Preferred Stock at the time and price desired will be limited.

In order to facilitate the offering of the shares of our Series C Preferred Stock, the underwriters may engage in transactions that affect the price of our Series C Preferred Stock. Specifically, the underwriters may sell more shares than they are obligated to purchase under the underwriting agreement, creating a short position. A short sale is covered if the short position is no greater than the number of shares available for purchase by the underwriters under their option to purchase additional shares. The underwriters can close out a covered short sale by exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out a covered short sale, the underwriters will consider, among other things, the open market price of shares compared to the price available under their option to purchase additional shares. The underwriters may also sell shares in excess of their option to purchase additional shares, creating a naked short position. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our Series C Preferred Stock in the open market after pricing that could adversely affect investors who purchase in this offering. As an additional means of facilitating this offering, the underwriters may bid for, and purchase, shares of our Series C Preferred Stock in the open market that have the effect of stabilizing the price of our Series C Preferred Stock. These activities may also raise or maintain the

market price of our Series C Preferred Stock above independent market levels or prevent or retard a decline in the market price of our Series C Preferred Stock. The underwriters are not required to engage in these activities and may end any of these activities at any time.

We and the underwriters have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act.

A prospectus in electronic format may be made available on websites maintained by one or more underwriters, or selling group members, if any, participating in this offering. The underwriters may agree to allocate a number of shares of our Series C Preferred Stock for sale to their online brokerage account holders. Internet distributions will be allocated by the underwriters for Internet distributions on the same basis as other allocations.

We expect that delivery of shares of Series C Preferred Stock will be made to investors on , 2014, which will be the fifth business day following the date of pricing of the shares of Series C Preferred Stock (such settlement being referred to as T+5 ). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade their shares of Series C Preferred Stock on the initial pricing date of the Series C Preferred Stock or the succeeding business day will be required, by virtue of the fact that the Series C Preferred Stock initially will settle in T+5, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement and should consult their advisors.

The underwriters and their respective affiliates are full-service financial institutions and have, from time to time, performed, and may in the future perform, various financial advisory, commercial banking and investment banking services for us, for which they received or will receive customary fees and commissions. Charlotte Stratos, who is a member of our board of directors, is a consulting Senior Advisor to the Investment Banking Division of Morgan Stanley & Co. LLC, one of the underwriters of this offering. Credit Suisse AG, an affiliate of Credit Suisse Securities (USA) LLC, is a lender under one of our loan facilities.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the shares of Series C Preferred Stock offered hereby. Any such short positions could adversely affect future trading prices of the shares of Series C Preferred Stock offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

---

Unless we otherwise specify, when used in this prospectus the terms **Costamare** , the **Company** , **we** , **our** , **us** or **sin** terms refer to Costamare Inc. and its subsidiaries and/or any one of them. We use the term **twenty foot equivalent unit** or **TEU** , the international standard measure of containers, in describing the capacity of our containerships.

## THE COMPANY

We are an international owner of containerships, chartering our vessels to many of the world's largest liner companies. As of November 19, 2013, we had a fleet of approximately 60 containerships, with a total capacity in excess of 350,000 TEU, including newbuilds on order, making us one of the largest containership charter owners in the world, based on total TEU capacity. Our fleet includes several vessels in the water and on order acquired or to be acquired pursuant to the Framework Agreement with York Capital Management Global Advisors LLC by joint venture entities in which we hold a 49% equity interest. Each vessel in our fleet is a cellular containership, meaning it is a dedicated container vessel.

Our strategy is to time-charter our containerships to a geographically diverse, financially strong and loyal group of leading liner companies.

In November 2010, we completed an initial public offering of shares of our common stock and have since offered additional shares of common stock through follow-on offerings. In August 2013, we completed an offering of shares of 7.625% Series B Cumulative Redeemable Perpetual Preferred Stock ( "Series B Preferred Stock" ). Our common stock and Series B Preferred Stock are listed on the New York Stock Exchange. If any securities are to be listed or quoted on any other securities exchange or quotation system, the applicable prospectus supplement will so state.

We maintain our principal executive offices at 60 Zephyrou Street & Syngrou Avenue, 17564 Athens, Greece. Our telephone number at that address is +30-210-949-0050. We maintain a website at [www.costamare.com](http://www.costamare.com). The information contained on or linked to or from our website is not incorporated herein by reference. Our registered address in the Marshall Islands is Trust Company Complex, Ajeltake Road, Ajeltake Island, Majuro, Marshall Islands MH96960. The name of our registered agent at such address is The Trust Company of the Marshall Islands, Inc.

## **RISK FACTORS**

Investing in the securities to be offered pursuant to this prospectus may involve a high degree of risk. You should carefully consider the important factors set forth under the heading **Risk Factors** in our most recent Annual Report on Form 20-F filed with the SEC and incorporated herein by reference and in the accompanying prospectus supplement for such issuance before investing in any securities that may be offered. For further details, see the section entitled **Where You Can Find Additional Information** .

Any of the risk factors referred to above could significantly and negatively affect our business, results of operations or financial condition, which may reduce our ability to pay dividends and lower the trading price of our common stock. The risks referred to above are not the only ones that may exist. Additional risks not currently known by us or that we deem immaterial may also impair our business operations. You may lose all or a part of your investment.

## **SERVICE OF PROCESS AND ENFORCEMENT OF LIABILITIES**

We are a Marshall Islands corporation and our principal executive offices are located outside of the United States in Athens, Greece. All of our directors and officers and some of the experts in this prospectus reside outside the United States. In addition, all or a substantial portion of our assets and the assets of our directors, officers and experts are located outside of the United States. As a result, you may have difficulty serving legal process within the United States upon us or any of these persons. You may also have difficulty enforcing, both in and outside of the United States, judgments you may obtain in U.S. courts against us or these persons in any action, including actions based upon the civil liability provisions of U.S. Federal or state securities laws.

Furthermore, there is substantial doubt that the courts of the Marshall Islands or Greece would enter judgments in original actions brought in those courts predicated on U.S. Federal or state securities laws.

## **ABOUT THIS PROSPECTUS**

This prospectus is part of a registration statement that we filed with the SEC using a shelf registration process. Under this shelf registration process, we may, from time to time, sell up to an aggregate public offering price of \$300,000,000 of any combination of the securities described in this prospectus in one or more offerings. Each time we sell securities, we will provide you with this prospectus, as well as a prospectus supplement that will contain specific information about the terms of that offering. That prospectus supplement may include additional risk factors or other special considerations applicable to those particular securities. Any prospectus supplement may also add, update or change information contained in this prospectus. If there is any inconsistency between the information contained in this prospectus and any prospectus supplement, you should rely on the information contained in that particular prospectus supplement. You should read both this prospectus and any prospectus supplement together with additional information described under the heading **Where You Can Find Additional Information** .

#### RATIOS OF EARNINGS TO FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table shows our unaudited ratios of earnings to (a) fixed charges and (b) fixed charges and preferred stock dividends for the periods indicated, computed using amounts derived from our financial statements prepared in accordance with U.S. GAAP.

	Year Ended December 31,					Nine Months Ended September 30,
	2008	2009	2010	2011	2012	2013
Ratio of Earnings to Fixed Charges <sup>(1)</sup>	2.54	2.41	2.18	2.16	2.00	2.18
Ratio of Earnings to Fixed Charges and Preferred Stock Dividends <sup>(1)</sup>	2.54	2.41	2.18	2.16	2.00	2.16

- (1) For purposes of calculating the ratios of earnings to fixed charges and to fixed charges and preferred stock dividends:

earnings consist of pre-tax income from continuing operations prepared under U.S. GAAP (which include non-cash unrealized gains and losses on derivative financial instruments) plus fixed charges and amortization of capitalized interest, net of capitalized interest and capitalized amortization of deferred financing fees;

fixed charges represent

interest  
incurred  
(whether  
expensed or  
capitalized),  
amortization  
of deferred  
financing  
costs  
(whether  
expensed or  
capitalized)  
and accretion  
of discount;  
and

preferred stock dividends refer to the amount of pre-tax earnings that is required to pay the cash dividends on outstanding preferred stock and is computed as the amount of (a) the dividend divided by (b) the result of 1 minus the effective income tax rate.

#### USE OF PROCEEDS

Unless otherwise set forth in the applicable prospectus supplement, we intend to use the net proceeds received from the sale of the securities we offer by this prospectus for general corporate purposes, which may include, among other things:

the holders of  
the series.

On August 7, 2013, we issued 2,000,000 shares of our Series B Preferred Stock. The terms of the statement of designation allow us to issue additional shares of the Series B Preferred Stock.

The description in the applicable prospectus supplement of any preferred stock we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable statement of designation or specimen stock certificate, which will be filed with the SEC if we offer preferred stock. For more information on how you can obtain copies of any statement of designation or specimen stock certificate if we offer preferred stock, see [Where You Can Find Additional Information](#) beginning on page 4 of this prospectus. We urge you to read the applicable statement of designation, the applicable specimen stock certificate and any applicable prospectus supplement in their entirety.

## **DESCRIPTION OF DEBT SECURITIES**

We may offer debt securities. The following description of debt securities sets forth the material terms and provisions of the debt securities to which any prospectus supplement may relate. Our debt securities would be issued under an indenture between us and a trustee. The debt securities we may offer may be convertible into common stock or other

securities. The indenture, a form of which is included as an exhibit to the registration statement of which this prospectus is a part, will be executed at the time we issue any debt securities. Any supplemental indentures will be filed with the SEC on a Form 6-K or by a post-effective amendment to the registration statement of which this prospectus is a part.

The particular terms of the debt securities offered by any prospectus supplement, and the extent to which the general provisions described below may apply to the offered debt securities, will be described in the applicable prospectus supplement. The indenture will be qualified under the Trust Indenture Act of 1939, as amended (the Trust Indenture Act ). The terms of the debt securities will include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act.

Because the following summaries of the material terms and provisions of the indenture and the related debt securities are not complete, you should refer to the form of the indenture and the debt securities for complete information on some of the terms and provisions of the indenture, including definitions of some of the terms used below, and the debt securities.

### **General**

The provisions of the indenture do not limit the aggregate principal amount of debt securities which may be issued thereunder. Unless otherwise provided in a prospectus supplement, the debt securities will be our direct, unsecured and unsubordinated general obligations and will have the

same rank in liquidation as all of our other unsecured and unsubordinated debt. The debt securities may be convertible into common stock or other securities if specified in the applicable prospectus supplement.

## Payments

We may issue debt securities from time to time in one or more series. The provisions of the indenture allow us to reopen a previous issue of a series of debt securities and issue additional debt securities of that series. The debt securities may be denominated and payable in U.S. dollars or other currencies. We may also issue debt securities from time to time with the principal amount or interest payable on any relevant payment date to be determined by reference to one or more currency exchange rates, securities or baskets of securities, commodity prices or indices. Holders of these types of debt securities will receive payments of principal or interest that depend upon the value of the applicable currency, security or basket of securities, commodity or index on the relevant payment dates.

Debt securities may bear interest at a fixed rate, which may be zero, a floating rate, or a rate which varies during the lifetime of the debt security. Debt securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate may be sold at a discount below their stated principal amount.

Some of the debt securities may be issued as original issue discount securities. Original issue discount securities bear no interest or bear interest at below-market rates and may be sold at a discount below their stated principal amount. The applicable prospectus supplement will contain information relating to income tax, accounting, and other special considerations applicable to original issue discount securities.

### **Registration and Transfer of Debt Securities**

Holders may present debt securities for exchange, and holders of registered debt securities may present these securities for transfer, in the manner, at the places and subject to the restrictions stated in the debt securities and described in the applicable prospectus supplement. We will provide these services without charge except for any tax or other governmental charge payable in connection with these services and subject to any limitations or requirements provided in the indenture or the supplemental indenture or issuer order under which that series of debt securities is issued. Holders may transfer debt securities in bearer form and/or the related coupons, if any, by delivery to the transferee. If any of the securities are held in global form, the procedures for transfer of interests in those securities will depend upon the procedures of the depositary for those global securities.

### **Events of Default**

The indenture provides holders of debt securities with remedies if we fail to perform specific obligations, such as making payments on the debt securities, or if we become bankrupt. Holders should review these provisions and understand which actions trigger an event of default and which actions do not. The indenture permits the issuance of debt securities in one or more series, and, in many cases, whether an event of default has occurred is determined on a series-by-series basis.

An event of default is defined under the indenture, with respect to any series of debt securities issued under the indenture, as any one or more of the following events, subject to modification in a supplemental indenture, each of which we refer to in this prospectus as an event of default, having occurred and be continuing:

default is  
made for  
more than  
30 days in  
the  
payment of  
interest,  
premium or  
principal in  
respect of  
the  
securities;

we fail to  
perform or  
observe  
any of our  
other

obligations  
under the  
securities  
and this  
failure has  
continued  
for the  
period of  
60 days  
next  
following  
the service  
on us of  
notice  
requiring  
the same to  
be  
remedied;

our  
bankruptcy,  
insolvency or  
reorganization  
under any  
applicable  
bankruptcy,  
insolvency or  
insolvency  
related  
reorganization  
law;

an order is  
made or an  
effective  
resolution is  
passed for the  
winding up or  
liquidation of  
us; or

any other  
event of  
default  
provided in the  
supplemental  
indenture or  
issuer order, if  
any, under  
which that  
series of debt  
securities is  
issued.

**Acceleration of Debt Securities Upon an Event of Default**

The indenture provides that, unless otherwise set forth in a supplemental indenture:

if an event of  
default occurs  
due to the  
default in  
payment of  
principal of, or  
any premium  
or interest on,  
any series of  
debt securities  
issued under

the indenture,  
or due to the  
default in the  
performance or  
breach of any  
other covenant  
or warranty of  
us applicable  
to that series of  
debt securities  
but not  
applicable to  
all outstanding  
debt securities  
issued under  
the indenture  
occurs and is  
continuing,  
either the  
trustee or the  
holders of not  
less than 25%  
in aggregate  
principal  
amount of the  
outstanding  
debt securities  
of each  
affected series,  
voting as one  
class, by notice  
in writing to us  
may declare  
the principal of  
and accrued  
interest on the  
debt securities  
of such  
affected series  
(but not any  
other debt  
securities  
issued under  
the indenture)  
to be due and  
payable  
immediately;

if an event of  
default occurs  
due to

specified  
events of  
bankruptcy,  
insolvency or  
reorganization  
of us, the  
principal of all  
debt securities  
and interest  
accrued on the  
debt securities  
to be due and  
payable  
immediately;  
and

if an event of  
default due to a  
default in the  
performance of  
any other of  
the covenants  
or agreements  
in the  
indenture  
applicable to  
all outstanding  
debt securities  
issued under  
the indenture  
occurs and is  
continuing,  
either the  
trustee or the  
holders of not  
less than 25%  
in aggregate  
principal  
amount of all  
outstanding  
debt securities  
issued under  
the indenture  
for which any  
applicable  
supplemental  
indenture does  
not prevent  
acceleration  
under the  
relevant

circumstances,  
voting as one  
class, by notice  
in writing to us  
may declare  
the principal of  
all debt  
securities and  
interest  
accrued on the  
debt securities  
to be due and  
payable  
immediately.

#### **Annulment of Acceleration and Waiver of Defaults**

In some circumstances, if any and all events of default under the indenture, other than the non-payment of the principal of the securities that has become due as a result of an acceleration, have been cured, waived or otherwise remedied, then the holders of a majority in aggregate principal amount of all series of outstanding debt securities affected, voting as one class, may annul past declarations of acceleration or waive past defaults of the debt securities.

#### **Indemnification of Trustee for Actions Taken on Your Behalf**

The indenture provides that the trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the holders of debt securities issued under the indenture relating to the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred upon the trustee. In addition, the indenture contains a provision entitling the trustee, subject to the duty of the trustee to act with the required standard of care during a default, to be indemnified to its satisfaction by the holders of debt securities issued under the indenture before proceeding to exercise any right or power at the request of holders. Subject to these provisions and specified other limitations, the holders of a majority in aggregate principal amount of each series of outstanding debt securities of each affected series, voting as one class, may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee.

**Limitation on Actions by You as an Individual Holder**

The indenture provides that no individual holder of debt securities may institute any action against us under the indenture, except actions for payment of overdue principal and interest, unless the following actions have occurred:

the holder  
must have  
previously  
given  
written  
notice to the  
trustee of  
the  
continuing  
default;

the holders  
of not less  
than 25% in  
aggregate  
principal  
amount of  
the  
outstanding  
debt  
securities of  
each  
affected  
series,  
treated as  
one class,  
must have:

requested  
the trustee  
to institute  
that action;  
and

offered the  
trustee  
indemnity  
satisfactory  
to it;

the trustee  
must have  
failed to  
institute that  
action

within 60  
days after  
receipt of  
the request  
referred to  
above; and

the holders  
of a  
majority in  
principal  
amount of  
the  
outstanding  
debt  
securities of  
each  
affected  
series,  
voting as  
one class,  
must not  
have given  
directions to  
the trustee  
inconsistent  
with those  
of the  
holders  
referred to  
above.

The indenture contains a covenant that we will file annually with the trustee a certificate of no default or a certificate specifying any default that exists.

#### **Discharge, Defeasance and Covenant Defeasance**

We have the ability to eliminate most or all of our obligations on any series of debt securities prior to maturity if we comply with the following provisions:

***Discharge of Indenture.*** We may discharge all of our obligations, other than as to transfers and exchanges, under the indenture after we have:

paid or  
caused to be  
paid the  
principal of  
and interest  
on all of the  
outstanding  
debt

securities in  
accordance  
with their  
terms;

delivered to  
the trustee  
for  
cancellation  
all of the  
outstanding  
debt  
securities; or

irrevocably  
deposited  
with the  
trustee cash  
or, in the  
case of a  
series of  
debt  
securities  
payable only  
in U.S.  
dollars, U.S.  
government  
obligations  
in trust for  
the benefit  
of the  
holders of  
any series of  
debt  
securities  
issued under  
the  
indenture  
that have  
either  
become due  
and payable,  
or are by  
their terms  
due and  
payable, or  
are  
scheduled  
for  
redemption,  
within one

year, in an amount certified to be sufficient to pay on each date that they become due and payable, the principal of and interest on, and any mandatory sinking fund payments for, those debt securities. However, the deposit of cash or U.S. government obligations for the benefit of holders of a series of debt securities that are due and payable, or are scheduled for redemption, within one year will discharge obligations under the indenture relating only to that series of debt securities.

***Defeasance of a Series of Securities at Any Time.*** We may also discharge all of our obligations, other than as to transfers and exchanges, under any series of debt securities at any time, which we refer to as defeasance in this prospectus. We may be released with respect to any outstanding series of debt securities from the obligations imposed by any covenants and elect not to comply with those covenants without creating an event of default. Discharge under

those procedures is called covenant defeasance.

Defeasance or covenant defeasance may be effected only if, among other things:

we  
irrevocably  
deposit with  
the trustee  
cash or, in  
the case of  
debt  
securities  
payable  
only in U.S.  
dollars, U.S.  
government  
obligations,  
as trust  
funds in an  
amount  
certified to  
be sufficient  
to pay on  
each date  
that they  
become due  
and payable,  
the principal  
of and  
interest on,  
and any  
mandatory  
sinking fund  
payments  
for, all  
outstanding  
debt  
securities of  
the series  
being  
defeased;  
and

we deliver  
to the  
trustee an  
opinion of  
counsel to  
the effect  
that:

the holders  
of the series  
of debt  
securities  
being  
defeased  
will not  
recognize  
income,  
gain or loss  
for United  
States  
federal  
income tax  
purposes as  
a result of  
the  
defeasance  
or covenant  
defeasance;

the  
defeasance  
or covenant  
defeasance  
will not  
otherwise  
alter those  
holders  
United  
States  
federal  
income tax  
treatment of  
principal  
and interest  
payments  
on the series  
of debt  
securities  
being  
defeased;  
and

in the case  
of a  
defeasance,  
this opinion  
must be  
based on a

ruling of the  
Internal  
Revenue  
Service or a  
change in  
United  
States  
federal  
income tax  
law  
occurring  
after the  
date of this  
prospectus,  
since that  
result would  
not occur  
under  
current tax  
law.

**Modification of the Indenture**

***Modification without Consent of Holders.*** We and the trustee may enter into supplemental indentures without the consent of the holders of debt securities issued under the indenture to:

secure any  
debt securities;

evidence the  
assumption by  
a successor  
corporation of  
our  
obligations;

add covenants  
for the  
protection of  
the holders of  
debt securities;

cure any  
ambiguity or  
correct any  
inconsistency;

establish the  
forms or terms  
of debt  
securities of

any series; or

evidence the  
acceptance of  
appointment  
by a successor  
trustee.

**Modification with Consent of Holders.** We and the trustee, with the consent of the holders of not less than a majority in aggregate principal amount of each affected series of outstanding debt securities, voting as one class, may add any provisions to, or change in any manner or eliminate any of the provisions of, the indenture or modify in any manner the rights of the holders of those debt securities. However, we and the trustee may not make any of the following changes to any outstanding debt security without the consent of each holder that would be affected by the change:

extend the  
final  
maturity of  
the security;

reduce the  
principal  
amount;

reduce the  
rate or  
extend the  
time of  
payment of  
interest;

reduce any  
amount  
payable on  
redemption;

change the  
currency in  
which the  
principal,  
including  
any amount  
of original  
issue  
discount,  
premium, or  
interest on  
the security  
is payable;

modify or  
amend the

provisions  
for  
conversion  
of any  
currency into  
another  
currency;

reduce the  
amount of  
any original  
issue  
discount  
security  
payable upon  
acceleration  
or provable  
in  
bankruptcy;

alter the  
terms on  
which  
holders of  
the debt  
securities  
may convert  
or exchange  
debt  
securities for  
common  
stock or  
other  
securities,  
other than in  
accordance  
with the  
antidilution  
provisions or  
other similar  
adjustment  
provisions  
included in  
the terms of  
the debt  
securities;

impair the  
right of any  
holder to  
institute suit

for the  
enforcement  
of any  
payment on  
any debt  
security  
when due; or

reduce the  
percentage of  
debt  
securities the  
consent of  
whose  
holders is  
required for  
modification  
of the  
indenture.

**Form of Debt Security**

Each debt security will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Both certificated securities in definitive form and global securities may be issued either:

in  
registered  
form,  
where our  
obligation  
runs to the  
holder of  
the  
security  
named on  
the face of  
the  
security;  
or

in bearer  
form,  
where our  
obligation  
runs to the  
bearer of  
the  
security.

Definitive securities name you or your nominee as the owner of the security, other than definitive bearer securities, which name the bearer as owner, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable.

Global securities name a depositary or its nominee as the owner of the debt securities represented by these global securities, other than global bearer securities, which name the bearer as owner. The depositary maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

## **Global Securities**

***Registered Global Securities.*** We may issue the debt securities in the form of one or more fully registered global securities that will be deposited with a depositary or its nominee identified in the applicable prospectus supplement and registered in the name of that depositary or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depositary for the registered global security, the nominees of the depositary or any successors of the depositary or those nominees. If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements:

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants

accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or selling agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depository, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some jurisdictions may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities. So long as the depository, or its nominee, is the registered owner of a registered global security, that depository or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the indenture.

Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the indenture. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depository for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the indenture. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the indenture, the depository for the registered global security would authorize the participants holding the relevant beneficial

interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities represented by a registered global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the registered global security. None of us, the trustee or any other agent of us or agent of the trustee will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests. We expect that the depository for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of those participants.

If the depository for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act, and a successor depository registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depository. In addition, we may, at any time and in our sole discretion, decide not to have any of the securities represented by one or more registered global securities. If we make that decision, we will issue securities in definitive form in exchange for all of the registered global security or securities representing those securities. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depository gives to the relevant trustee or other relevant agent of ours or theirs. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depository.

***Bearer Global Securities.*** The securities may also be issued in the form of one or more bearer global securities that will be deposited with a common depository for the Euroclear System and Clearstream Banking, *société anonyme* or with a nominee for the depository identified in the prospectus supplement relating to those securities. The specific terms and procedures, including the specific terms of the depository arrangement, with respect to any securities to be represented by a bearer global security will be described in the prospectus supplement relating to those securities.

### **New York Law to Govern**

The indenture and the debt securities will be governed by the laws of the State of New York.
