**Item 1.01 Entry into a Material Definitive Agreement**

On December 16, 2016, Wireless Telecom Group, Inc. and its wholly owned subsidiary Boonton Electronics Corporation (the “Company”) and WTT Acquisition Corp. entered into a Settlement Agreement and Site Release (the “Settlement Agreement”) with Century Indemnity Company, as successor to Insurance Company of North America (“INA/Century”) and Federal Insurance Company (“Federal” and together with INA/Century, the “Chubb Insurers”).

Under the terms of the Settlement Agreement, the Company will receive a payment of \$485,000 for full and final settlement of any and all claims. The Settlement Agreement settles prior disputes between the parties related to whether insurance policies were issued by the Chubb Insurers and whether they provided coverage for expenses arising from an investigation by the New Jersey Department of Environmental Protection (the “NJDEP”) in 1982 concerning a water remediation plan (the “Plan”) at a facility previously leased by Boonton Electronics Corporation. The Company will continue to be liable under the Plan, until such time as the NJDEP releases it from all future obligations.

As disclosed in previous filings, the Company believes that it is in material compliance with all environmental laws and does not anticipate any material expenditure to meet current or pending environmental requirements.

The foregoing descriptions of the Settlement Agreement do not purport to be complete and are qualified in their entirety by reference to the Settlement Agreement, a copy of which is attached hereto as Exhibit 10.1 and incorporated herein by reference.
