REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee
Berkshire Hills Bancorp, Inc.
Pittsfield, Massachusetts

We have audited the accompanying statement of net assets available for benefits of Berkshire Bank 401(k) Plan (the "Plan") as of December 31, 2007, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of and for the year ended December 31, 2006, were audited by other auditors by whose report, dated on October 10, 2007, expressed an unqualified opinion.

We conducted our audit in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Edgar Filing: BERKSHIRE HILLS BANCORP INC - Form 11-K

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007, and the changes in net assets available for benefits for the year ended December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

Our audit of the financial statements was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at year end) for 2007 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BERKSHIRE BANK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2007 and 2006

Edgar Filing: BERKSHIRE HILLS BANCORP INC - Form 11-K

1. DESCRIPTION OF THE PLAN

The Berkshire Bank 401(k) Plan (the "Plan") was established on April 11, 1993.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Berkshire Bank (the "Bank" or the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Vanguard Fiduciary Trust Company serves as the Trustee of the Plan. The Vanguard Group ("Vanguard" or the "Custodian") is the custodian of the Plan.

In 2005, Berkshire Bank, the Plan Sponsor, terminated its Employee Stock Ownership Plan ("ESOP"). During 2007, active employees of Berkshire Bank were given the option to transfer their shares of stock from the ESOP into the Plan. The value transferred into the Plan is the value of the shares as posted on the Nasdaq Stock Market as of the date of transfer.

On November 1, 2006, Berkshire Bank acquired five local insurance agencies. These insurance agencies all participated in one plan, the Alliance Berkshire Insurance 401(k) Plan ("Alliance"). During 2007, Alliance was merged into the Plan. Effective on the merger date, all employees of Alliance followed the eligibility requirements of the Plan but were given credit for hours of service with their previous employer.

On September 21, 2007, Berkshire Bank acquired Factory Point National Bank of Manchester Center ("Factory Point"). Effective November 5, 2007, the Factory Point National Bank 401(k) Profit Sharing Plan was merged into the Plan. Effective on the merger date, all employees of Factory Point followed the eligibility requirements of the Plan but were given credit for hours of service with their previous employer.

DESCRIPTION OF THE PLAN (continued)

Contributions

Each year, participants may contribute a percent of pretax annual compensation, excluding certain types of restricted compensation, subject to certain limitations as defined by the Plan and the Internal Revenue Code ("IRC"). The maximum participant deferral was \$15,500 and \$15,000 for the Plan years ended December 31, 2007 and 2006. In addition, all employees who are eligible to make salary reductions under the Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions, as defined by the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"). Participants may also contribute rollover amounts representing distributions from other qualified retirement

Edgar Filing: BERKSHIRE HILLS BANCORP INC - Form 11-K

plans and IRAs. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their rate of contribution each pay period.

The Bank matches a portion of eligible employee contributions. During 2007 and 2006, the Bank matched 100% of eligible employee contributions up to 4% of the participant's annual compensation.

In addition, the Bank makes a Safe Harbor non-elective contribution to the account of each eligible employee in an amount equal to 3% of the participant's annual compensation, excluding certain types of restricted compensation.

Plan Eligibility

Employees of the Bank are eligible to participate in the Plan after attaining twenty-one years of age and completing one year of service with 1,000 hours during their initial year of employment. 500 hours of service must be exceeded each subsequent year to avoid a break in eligibility service. Service credit is given to employees of certain predecessor employers as described in the Plan document for participation and vesting purposes. Employees may join the Plan on the first of the month following the month in which eligibility requirements are satisfied.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and additional contributions for non-highly compensated employees, if any, and (b) the Plan's investment earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5

BERKSHIRE BANK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

DESCRIPTION OF THE PLAN (continued)

Investments

Participants direct the investment of their contributions into investment options offered by the Plan which include selected pooled separate accounts of Vanguard and common shares of Berkshire Hills Bancorp, Inc., the parent company of the Bank. Employer contributions are invested in each participant's account according to the participant's selected allocation. Participants may change or transfer their investment options at any time via an automated telephone system or the Custodian's website.

Vesting

Participants are 100% vested in all contributions plus actual earnings thereon.

Participant Loans

Edgar Filing: BERKSHIRE HILLS BANCORP INC - Form 11-K

Participants may borrow from their fund accounts an amount equal to \$50,000 or 50% of their vested account balance, whichever is less. In addition, the \$50,000 limit is reduced by the highest outstanding loan balance (of any previous loans made) in the previous twelve months. The loans are secured by the balance in the participant's accounts and bear interest at The Wall Street Journal prime rate plus one percentage point as of the loan application review date. Interest rates ranged from 5.00% to 9.25% for the years ended December 31, 2007 and 2006. In general, principal and interest are paid ratably over a period not to exceed five years through regular payroll deductions. Loans used to finance the participant's principal residence are repaid over a period of time, up to 20 years.

Payment of Benefits

On termination of service due to death, disability, normal retirement, or attaining age 59 1/2 a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account, annual installments, or defer distribution until a later date. If the vested portion of a participant's account balance is \$5,000 or less, this amount is paid as a lump sum distribution as soon as possible following termination, retirement, disability, or to the beneficiary following death.

If the participant's account balance is between \$1,000 and \$5,000 and they fail to direct a distribution or rollover, their mandatory distribution are rolled over to an IRA established on their behalf.

Participants may request a benefit payment in the case of financial hardship, subject to certain limitations as defined by the Plan.

DESCRIPTION OF THE PLAN (concluded)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Plan Sponsor as provided by the Plan document. Administrative expenses paid by the Bank were \$15,050 and \$20,500 for the years ended December 31, 2007 and 2006, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan would be allocated as prescribed by ERISA and its related regulations.

2. SUMMARY OF ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied in the

Edgar Filing: BERKSHIRE HILLS BANCORP INC - Form 11-K

preparation of the accompanying financial statements follows.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Investments in Berkshire Hills Bancorp, Inc. common stock and other equities are valued at the closing market price as of the last trade date of the year. Fixed income securities are valued using the last quoted bid price. Participant's notes are valued at cost, which approximates fair value.

7

BERKSHIRE BANK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

SUMMARY OF ACCOUNTING POLICIES (concluded)

Investment Valuation and Income Recognition (concluded)

Purchases and sales of investments are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Risks and Uncertainties

The Plan is comprised of various investment securities, including investments in mutual funds, registered investment companies, common collective trusts, and in employer stock. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
