During the quarter, the Company booked \$1.68 billion in new contract wins, or 177% of revenue. Bookings in each of Canada, the US and Europe exceeded 100% of revenue with the government and healthcare as well as financial services verticals accounting for 89% of worldwide bookings. This brings the value of CGI's signed contracts over the last twelve months to \$4.4 billion, or 115% of revenue. At the end of March 2009, the Company's backlog of signed

orders stood at \$12.0 billion or 3.2 times annual revenue.

“We remain focused on helping clients through these challenging market conditions,” said Michael E. Roach, President and Chief Executive Officer. “Our managed services offering combined with our business solutions and unique global delivery capabilities continue to deliver incremental value to clients in terms of cost savings and efficiency improvements throughout their operations.”

“The market response to our solutions accelerated during the quarter, as evidenced by \$1.68 billion in new bookings, up 116% from the first quarter. I was very pleased with the ongoing ability of all business units to execute to our plan in the quarter, improving EPS and generating \$187.3 million in cash from operations allowing us to lower our net debt to \$105.4 million, our lowest level in 13 quarters. We continue to have the operational and the financial capability to fully realize our profitable growth strategy,” concluded Mr. Roach.
