ATTENDANCE AND VOTING MATTERS

INTRODUCTION

The Annual Meeting of the stockholders of Tiffany & Co. will be held on Thursday, May 16, 2002, at 10:00 a.m. in the Roof/Penthouse of the St. Regis Hotel, 2 East 55th Street at Fifth Avenue, New York, New York.

You are entitled to vote at our 2002 Annual Meeting because you were a stockholder, or held Tiffany & Co. stock through a broker, bank or other nominee, at the close of business on March 22, 2002, the record date for this year's Annual Meeting. That is why you were sent this Proxy Statement and accompanying material.

We have also enclosed for your review a copy of our 2001 Annual Report to Stockholders. This Report contains financial and other information about our business during our last fiscal year (February 1, 2001 to January 31, 2002).

MATTERS TO BE VOTED ON AT THE 2002 ANNUAL MEETING

There are two matters scheduled to be voted on at this year's Annual Meeting:

- o the election of the Board of Directors, and
- o the approval of independent accountants to audit our fiscal 2002 financial statements.

HOW TO VOTE YOUR SHARES

You can vote your shares at the Annual Meeting by proxy or in person.

You can vote by proxy by having one or more individuals who will be at the Annual Meeting vote your shares for you. These individuals are called "proxies" and using them to cast your ballot at the Annual Meeting is called voting "by proxy."

If you wish to vote by proxy, you must do one of the following:

- o complete the enclosed form, called a "proxy card," and mail it in the envelope provided, or
- o call the telephone number listed on the proxy card and follow the pre-recorded instructions, or
- o use the internet to vote by pointing your browser to <http://www.eproxy.com/tif>; have your proxy card in hand as you will be prompted to enter your control number and to create and submit an electronic vote.

Edgar Filing: TIFFANY & CO - Form DEF 14A

If you do one of the above, you will have designated three officers of Tiffany & Co. to act as your proxies at the 2002 Annual Meeting. One of them will then vote your shares at the Annual Meeting in accordance with the instructions you have given them on the proxy card, the telephone or the internet with respect to each of the proposals presented in this Proxy Statement.

Alternatively, you can vote your shares in person by attending the Annual Meeting. You will be given a ballot at the meeting to complete and return.

While we know of no other matters to be acted upon at this year's Annual Meeting, it is possible that other matters may be presented at the meeting. If that happens and you have voted by proxy, your proxy will vote on such other matters in accordance with his best judgment.

If you decide to vote by proxy (including by mail, telephone or internet), you can revoke - that is, change or cancel - your vote at any time before your proxy casts his vote at the Annual Meeting. Revoking your vote by proxy may be accomplished in one of three ways:

- o you can send an executed, later-dated proxy card to the Secretary of the Company, call in different instructions, or access the internet voting site.
- o you can notify the Secretary of Tiffany & Co. in writing that you wish to revoke your proxy, or
- o you can attend the Annual Meeting and vote in person.

A special note for those who plan to attend the Annual Meeting and vote in person: if your shares are held in the name of a broker, bank or other nominee, you must bring a statement or letter from the person or entity in whose name the shares are registered indicating that you are the beneficial owner of those shares as of the record date. If you do not bring such a statement or letter, your vote at the meeting will not be counted.

THE NUMBER OF VOTES THAT YOU HAVE

Each share of Tiffany & Co. common stock has one vote. The number of shares, or votes, that you have at this year's Annual Meeting is indicated on the enclosed proxy card.

WHAT A QUORUM IS

A "quorum" is the minimum number of shares that must be present at an Annual Meeting for a valid vote. For our stockholder meetings, a majority of shares outstanding on the record date must be present.

2

The number of shares outstanding at the close of business on March 22, 2002, the record date, was 145,505,077. Therefore, 72,752,539 shares must be present at our 2002 Annual Meeting for a quorum to be established.

To determine if there is a quorum, we consider a share "present" if:

- o the stockholder who owns the share is present at the Annual Meeting,

Edgar Filing: TIFFANY & CO - Form DEF 14A

whether or not he or she chooses to cast a ballot on any proposal, or

- o the stockholder is represented by proxy at the Annual Meeting.

If a stockholder is represented by proxy at the Annual Meeting, his or her shares are deemed present for purposes of a quorum, even if:

- o the stockholder withholds his or her vote or marks "abstains" for one or more proposals; or
- o there is a "broker non-vote" on one or more proposals.

WHAT A "BROKER NON-VOTE" IS

Shares held in a broker's name may be voted by the broker, but only in accordance with the rules of the New York Stock Exchange. Under those rules, your broker must follow your instructions. If you do not provide instructions to your broker, your broker may vote your shares based on its own judgment or it may withhold a vote. Whether your broker votes or withholds its vote is determined by the New York Stock Exchange rules and depends on the proposal being voted upon.

If your broker withholds its vote, that is called a "broker non-vote." As stated above, broker non-votes are counted as present for a quorum.

WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL

Directors are elected by a plurality of the votes cast for directors at the Annual Meeting. Of all nominees, the top eight in terms of "for" votes received will be elected directors.

You may withhold your vote "for" any nominee, but there is no means for you to vote "against" any nominee. To withhold your vote "for" any or all of the nominees named in this Proxy Statement, you can so mark your proxy card or ballot or, if you vote via telephone or internet, so indicate by telephone or electronically. A broker non-vote is the same as a withheld vote: neither will have any effect on the outcome of the election of directors.

The proposal to ratify the approval of PricewaterhouseCoopers LLP as independent accountants for fiscal 2002 will be decided by a plurality of the votes cast "for" or "against" the proposal. Therefore, if you "abstain" from voting on this matter - in other words, you do not vote on the matter or you indicate "abstain" on the proxy card, the telephone or by internet, it will not affect the outcome of votes

3

on this proposal. That is because only votes cast "for" or "against" this proposal will be counted in determining whether or not it has been approved. Broker non-votes on this proposal will be treated the same as abstentions: neither will have any effect on the vote on the proposal.

PROXY VOTING ON PROPOSALS IN THE ABSENCE OF INSTRUCTIONS

If you do not give any specific instructions as to how your shares are to be voted when you sign a proxy card or vote by telephone or by internet, your proxies will vote your shares in accordance with the following recommendations of the Board of Directors:

Edgar Filing: TIFFANY & CO - Form DEF 14A

- o FOR the election of all eight nominees for director named in this Proxy Statement, and
- o FOR approval of the appointment of PricewaterhouseCoopers LLP as independent accountants to examine our fiscal 2002 financial statements.

Shares held in the Company's Employee Profit Sharing and Retirement Savings Plan will not be voted by the plan's trustee unless specific instructions for voting are given by plan participants to whose accounts such shares have been allocated.

HOW PROXIES ARE SOLICITED

We have hired the firm of Georgeson Shareholder Communications Inc. to assist in the solicitation of proxies on behalf of the Board of Directors. Georgeson Shareholder Communications Inc. has agreed to perform this service for a fee of not more than \$6,000 plus out-of-pocket expenses.

Employees of Tiffany and Company, a subsidiary of Tiffany & Co., may also solicit proxies on behalf of the Board of Directors. These employees will not receive any additional compensation for their work soliciting proxies and any costs incurred by them in doing so will be paid for by Tiffany and Company.

This particular solicitation is being made by mail, but proxies may also be solicited in person, by facsimile, by telephone or by electronic mail (e-mail).

In addition, we will pay for any costs incurred by brokerage houses and others for forwarding proxy materials to beneficial owners.

OWNERSHIP OF TIFFANY & CO.

STOCKHOLDERS WHO OWN AT LEAST FIVE PERCENT OF TIFFANY & CO.

The following table shows all persons who were known to us to be "beneficial owners" of at least five percent of Tiffany & Co. stock as of March 22, 2002. Footnote 1 below provides a brief explanation of what is meant by the term "beneficial ownership." This table is based upon reports filed with the Securities and

4

Exchange Commission, commonly referred to as the SEC. These reports are publicly available. You may therefore obtain copies of them from the SEC, if you so desire.

Name and Address of Beneficial Owner -----	Amount and Nature of Beneficial Ownership (1) -----

- (1) "Beneficial ownership" is a term broadly defined by the SEC and includes more than the typical form of stock ownership, that is, stock held in the person's name. The term also includes what is referred to as "indirect ownership" such as where, for example, the person has or shares the power to vote the stock, sell it or acquire it within 60 days. Accordingly, some of the shares reported as beneficially owned in this table may actually be held by other persons or organizations. Those other persons and organizations are described in the reports filed with the SEC.
- (2) Bank of America Corporation, 100 North Tryon Street, Charlotte, NC 28255 ("BOA"), reported to the SEC on its form Schedule 13G that it beneficially owned 18,662,713 shares of the Company's common stock as of December 31, 2001 and that it had sole voting power over zero shares. BOA filed as a parent holding company or control person with respect to several other owners of the Company's common stock, including Marsico Capital Management, LLC, which reported sole voting power with respect to 16,935,935 shares of the Company's common stock and sole dispositive power over 18,142,865 such shares.
- (3) Jennison Associates LLC, 466 Lexington Avenue, New York, NY 10017 ("Jennison"), reported to the SEC on its form Schedule 13G that it beneficially owned 15,634,055 shares of the Company's common stock as of December 31, 2001 and that it had sole voting power over 14,824,855 shares. Jennison further reported that "[t]he Prudential Insurance Company of America ("Prudential") owns 100% of equity interest of Jennison. As a result, Prudential may be deemed to have the power to exercise or to direct the exercise of such voting power and/or dispositive power that Jennison may have with respect to [shares of the Company's common stock]. Jennison does not file jointly with Prudential, as such, shares of [the Company's] common stock reported on Jennison's 13G may be included in the shares reported on the 13g filed by Prudential."

COMPLIANCE OF DIRECTORS, EXECUTIVE OFFICERS AND GREATER-THAN-TEN-PERCENT STOCKHOLDERS WITH SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING REQUIREMENTS

Section 16(a) of the Securities Exchange Act of 1934 requires Tiffany & Co.'s directors, executive officers and greater-than-ten-percent stockholders to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. These persons are also required to provide us with copies of those reports.

Based on our review of those reports and of certain other documents we have received, we believe that, during and with respect to our last fiscal year (February 1, 2001, to January 31, 2002), all filing requirements under Section 16(a) applicable to our directors, executive officers and greater-than-ten-percent stockholders were satisfied except as follows: in February 29, 2000, the spouse of Professor Hayes gifted 114 shares of the Company's common stock to a charity; this transaction should have been reported by March 17, 2001; instead it was reported on March 15, 2002; on January 16, 2001, Mr. Quinn and his spouse each gifted 600 shares of the Company's common stock to their minor children under the Uniform Gifts to Minors Act; these transactions should have been reported by March 17, 2001; instead they were reported on March 15, 2002.

FEEES PAID TO THE INDEPENDENT ACCOUNTANTS

PricewaterhouseCoopers LLP serves as the Company's independent accountants.

AUDIT FEES

Aggregate fees for professional services rendered by PricewaterhouseCoopers LLP ("PricewaterhouseCoopers") in connection with its audit of the Company's consolidated financial statements as of and for the year ended January 31, 2002 and its limited reviews of the Company's unaudited condensed consolidated interim financial statements were \$551,000.

7

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

During the year ended January 31, 2002, PricewaterhouseCoopers rendered no professional services to the Company in connection with the design and implementation of financial information systems.

ALL OTHER FEES

In addition to the fees described above, PricewaterhouseCoopers billed aggregate fees of \$1,098,000 during the year ended January 31, 2002, primarily for the following professional services:

Edgar Filing: TIFFANY & CO - Form DEF 14A

Audit-related services (a)	\$222,000
Income tax compliance and related tax services	\$266,000
Actuarial and employee benefits related services (b)	\$440,000
Other	\$170,000

(a) Audit related fees include fees for audits of certain international locations and audits of the Company's employee benefit plans.

(b) In future years these services will not be performed by PricewaterhouseCoopers because it has divested the business unit that specialized in this function to an independent entity.

In making its recommendation to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent accountants for the fiscal year ending January 31, 2003, the Audit and Finance Committee has considered whether PricewaterhouseCoopers LLP's provision of services other than audit services is compatible with maintaining independence of our outside accountants.

TIFFANY & CO.'S BOARD OF DIRECTORS AND EXECUTIVE OFFICERS

THE BOARD OF DIRECTORS, IN GENERAL

Tiffany & Co. is a Delaware corporation. Our principal subsidiary is Tiffany and Company, a New York corporation. In this Proxy Statement, Tiffany & Co. will be referred to as "Tiffany & Co." or "the Company" and Tiffany and Company will be referred to as simply "Tiffany."

Our Board of Directors is currently comprised of eight members.

Directors are required by our By-laws to be less than age 72 when elected or appointed unless the Board of Directors waives that provision with respect to an individual director whose continued service is deemed uniquely important to Tiffany & Co. The Board of Directors can also fill vacancies and newly created directorships as well as amend the By-laws to provide for a greater or lesser number of directors.

8

The Board of Directors met seven times during fiscal 2001. With respect to the eight nominees for director, their attendance rate at Board and committee meetings averaged 97% in fiscal 2001.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has an Audit Committee, a Compensation Committee, a Stock Option Subcommittee, a Nominating Committee and a Dividend Committee.

Audit Committee

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to the Company's financial matters. The Board of Directors has adopted and approved a charter for the Audit Committee. Under the charter, which is attached as Appendix 1, the Audit Committee's responsibilities include:

Edgar Filing: TIFFANY & CO - Form DEF 14A

- o reviewing the adequacy of our system of internal financial controls,
- o recommending to the Board of Directors the appointment of independent accountants and evaluating their proposed audit scope, performance and fee arrangement,
- o conducting a post-audit review of our financial statements and audit findings in advance of filing, and
- o reviewing in advance proposed changes in our accounting methods.

Prof. Hayes, Mr. Marquis and Mr. Shutzer currently serve as members of the Audit Committee. During fiscal 2001, there were three meetings of this committee. The Board of Directors has determined that all members of the Audit Committee are "independent," as that term is defined in Section 303.02(D) of the New York Stock Exchange's listing standards.

Following is the report of the Audit Committee:

Included in the Company's Annual Report to Stockholders are the consolidated balance sheets of the Company and its subsidiaries as of January 31, 2002 and 2001, and the related consolidated statements of earnings, stockholders' equity and comprehensive earnings, and cash flows for each of the three years in the period ended January 31, 2002. These statements (the "Audited Financial Statements") are the subject of a report by the Company's independent accountants, PricewaterhouseCoopers LLP. The Audited Financial Statements are also included by reference in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission.

The Audit Committee reviewed and discussed the Audited Financial Statements with the Company's management.

The Audit Committee also reviewed and discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees).

9

The Audit Committee received from PricewaterhouseCoopers LLP the written disclosure and letter required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and has discussed the independence of PricewaterhouseCoopers LLP with that firm. The Audit Committee has considered whether the provision by PricewaterhouseCoopers LLP of the non-audit services discussed above under "FEES PAID TO INDEPENDENT ACCOUNTANTS - All Other Fees" is compatible with maintaining PricewaterhouseCoopers LLP's independence and has concluded that providing such services is compatible with that firm's independence from the Company and its management.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors that the Audited Financial Statements be included in the Company's Annual Report to Stockholders which is incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2002 for filing with the Securities and Exchange Commission.

Signed:

Samuel L. Hayes III
Charles K. Marquis
William A. Shutzer, Chair

Edgar Filing: TIFFANY & CO - Form DEF 14A

Members of the Audit Committee

Compensation Committee

The functions performed by the Compensation Committee include

- o approval of remuneration arrangements for executive officers, and
- o approval of compensation plans in which officers and employees of Tiffany are eligible to participate.

Ms. Bravo, Prof. Hayes, Ms. Kohnstamm, Mr. Marquis and Mr. Shutzer currently serve as members of the Compensation Committee. In fiscal 2001, there were seven meetings of this committee.

Stock Option Subcommittee

The Stock Option Subcommittee, a subcommittee of the Compensation Committee, determines the grant of options and other matters under our 1998 Employee Incentive Plan.

Prof. Hayes, Ms. Bravo, Ms. Kohnstamm and Mr. Marquis currently serve as members of the Stock Option Subcommittee. The Stock Option Subcommittee met seven times in fiscal 2001.

10

Nominating Committee

The role of the Nominating Committee is to recommend to the Board of Directors

- o policies on the composition of the Board of Directors,
- o criteria for the selection of nominees for election to the Board of Directors,
- o nominees to fill vacancies on the Board of Directors, and
- o nominees for election to the Board of Directors.

Prof. Hayes, Ms. Bravo, Ms. Kohnstamm, Mr. Marquis and Mr. Shutzer currently serve as members of the Nominating Committee. This committee had one meeting in fiscal 2001.

Dividend Committee

The role of the Dividend Committee is to declare regular quarterly dividends in accordance with the dividend policy established by the full Board of Directors. Messrs. Chaney, Kowalski and Quinn currently serve as members of the Dividend Committee. This committee did not meet in fiscal 2001 although it has acted by unanimous written consent.

11

COMPENSATION OF DIRECTORS

Edgar Filing: TIFFANY & CO - Form DEF 14A

Directors who are not employees of Tiffany & Co. or its subsidiaries are paid or provided with the following for their service on the Board:

- o an annual retainer of \$46,500,
- o an additional annual retainer of \$2,500 if the director is also a chairperson of the Compensation, Audit or Nominating Committee,
- o a per-meeting-attended fee of \$2,000 for meetings attended in person, except that no fee is paid for attendance at any committee or subcommittee meetings which occur on the same day as a meeting of the full Board of Directors,
- o a fee of \$500 for each telephonic meeting in which the director participates,
- o stock options, as discussed below, and
- o a retirement benefit, also discussed below.

Under Tiffany's Amended and Restated Executive Deferral Plan, directors may defer up to one hundred percent (100%) of their cash compensation and invest the amounts they defer in various accounts and funds established under the plan.

Tiffany & Co. also reimburses directors for expenses they incur in attending Board and committee meetings, including expenses for travel, food and lodging.

As indicated above, non-employee directors may receive options to purchase shares of Tiffany & Co. common stock. These options vest in two equal installments - 1/2 after one year of service on the Board following the grant of the option, and the balance, after two years of service. However, as explained below, all installments become immediately exercisable in the event there is a "change in control" of Tiffany & Co.

These options typically expire after 10 years, but they expire sooner if, before the end of that 10-year period, the director leaves the Board. The option's exercise price is the fair market value of Tiffany & Co. common stock on the date of grant, which is calculated as the average of the highest and lowest sales prices of the stock on the New York Stock Exchange on the date of grant.

Current policy provides that new non-employee directors will be granted options to purchase 7,500 shares of Tiffany & Co. common stock upon their election or appointment to the Board and in January of each year an option grant is typically made. In January of 2002, each non-employee director was granted an option to purchase 7,500 shares.

Non-employee directors with five or more years of Board service when they retire are also entitled to receive an annual retirement benefit equal to the lesser of

the annual retainer in effect during the year in which they retire or \$38,000. Subject to adjustment for partial years served, this benefit is payable quarterly and continues for a period of time equal to the director's length of service on the Board. However, this particular benefit will not apply to any new director appointed or elected after January 1, 1999; accordingly, Ms. Kohnstamm

Edgar Filing: TIFFANY & CO - Form DEF 14A

does not participate in this benefit plan.

Messrs. Chaney, Kowalski and Quinn are employees of Tiffany. They therefore receive no separate compensation for their service as directors.

COMPENSATION OF THE CEO AND OTHER EXECUTIVE OFFICERS

This section includes a summary of salaries, bonuses and other compensation paid to our CEO and each of the four (4) next highest paid executive officers during the last three fiscal years. OPTION GRANTS IN FISCAL YEAR 2001

Name	Options Granted(1)	Percent of Total Options Granted to all Employees in Fiscal Year 2001	Per Share Exercise Price(2)	Expiration Date(3)
-----	-----	-----	-----	-----
Michael J. Kowalski	150,000 shares	7.4	\$34.02	1/16/2012
William R. Chaney	50,000 shares	2.5	\$34.02	1/16/2012
James E. Quinn	110,000 shares	5.4	\$34.02	1/16/2012
Beth O. Canavan	75,000 shares	3.7	\$34.02	1/16/2012
James N. Fernandez	100,000 shares	4.9	\$34.02	1/16/2012

(1) Options vest (become exercisable) over a four-year period in four equal annual installments, each contingent on continued employment. However, all installments immediately vest if there is a "change in control." The term "change in control" is discussed below.

(2) The exercise price for each share is its fair market value on the date of grant. This is determined by averaging the highest and lowest sales prices of Tiffany & Co. common stock on the New York Stock Exchange on the date of grant.

(3) Normally, these options expire on the 10th anniversary of their grant date. However, they expire earlier if, before that 10th anniversary, the officer dies, becomes disabled, retires or leaves Tiffany.

(4) The amounts stated are hypothetical values calculated under the Black-Scholes model, a mathematical formula used to value options covering securities traded on stock exchanges. This formula considers a number of factors in estimating an option's present value, including the stock's volatility rate (36.5%), expected term (5 years), interest rate (4.3%) and dividend yield (0.7%). The actual value, if any, that the executive officer will realize from these options will depend solely on the increase of the stock price over the \$34.02 share exercise price when the options are exercised.

issuance of options and stock awards. To date it has been the Company's practice to issue only options. However, under the Employee Plan 1,000,000 shares of the 2,458,013 remaining for issuance could be issued as stock awards, and under the Directors Plan all shares of the 780,000 remaining for issuance could be issued as stock awards.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

As indicated above, the following directors served as members of the Compensation Committee during the 2001 fiscal year: Ms. Bravo, Professor Hayes, Ms. Kohnstamm, Mr. Marquis and Mr. Shutzer. Ms. Geraldine Stutz, served as a director until May 17, 2001, was also a member of the Compensation Committee. None of the members of the Compensation Committee, nor Ms. Stutz, was, at any time either during or before such fiscal year, an employee of Tiffany & Co. or any of its subsidiaries.

PENSION PLAN AND SUPPLEMENTAL RETIREMENT INCOME PLAN

Tiffany has established two separate retirement plans for eligible employees: a Pension Plan and a Supplemental Retirement Income Plan.

The Pension Plan is a "qualified plan," that is, it is designed to comply with those provisions of the Internal Revenue Code applicable to retirement plans. The Pension Plan provides participants with a retirement benefit based on the participant's "average final compensation" multiplied by his or her years of service with Tiffany. The amount of the benefit payable under the Pension Plan is subject to Internal Revenue Code limitations.

The Supplemental Retirement Income Plan is not a qualified plan and is not subject to Internal Revenue Code limitations on the amount of benefits it may pay. It was established to supplement the Pension Plan and Social Security by providing additional payments upon a participant's retirement.

Payments under the Supplemental Retirement Income Plan, together with payments under the Pension Plan and from Social Security, would equal a variable percentage of the participant's "average final compensation." This assumes that the vesting requirements under the Supplemental Retirement Income Plan are met.

Depending upon the participant's years of service with Tiffany, the combined benefit under the Pension Plan and the Supplemental Retirement Income Plan and from Social Security would be as follows:

Years of Service	Combined Benefit as a Percentage of Average Final Compensation
less than 10	(1)
10-14	20%
15-19	30%
20-24	40%
25-29	50%
30 or more	60%

Edgar Filing: TIFFANY & CO - Form DEF 14A

A participant's "average final compensation" is the average annual compensation he or she received over the five highest paid plan years (January 1 to December 31) during his or her last 10 years of service. In general, compensation reported in the Summary Compensation Table above as "Salary" and "Bonus" is compensation for purposes of the Pension Plan and the Supplemental Retirement Income Plan; amounts attributable to the exercise of stock options are not included.

(1) A participant retiring with less than 10 years of service would not, except in certain instances where a change of control has occurred, receive any benefit under the Supplemental Retirement Income Plan, but would receive a benefit under the Pension Plan. However, the formula for benefits under the Pension Plan is a function of years of service and covered compensation (subject to Internal Revenue Code limitations) and not any specific percentage of the participant's average final compensation.

The following table sets forth the estimated combined annual benefit payable on retirement to participants under the Supplemental Retirement Income Plan, Pension Plan and Social Security.

Average Final Compensation	Annual Total Benefit for Years of Service			
	15	20	25	30
\$125,000	\$37,500	\$50,000	\$62,500	\$75,000

\$1,000,000	\$300,000	\$400,000	\$500,000	\$600,000

All executive officers except Mr. Chaney are eligible to participate in the Pension Plan and the Supplemental Retirement Income Plan. At the end of the last fiscal year (January 31, 2002), the current years of creditable service and average final compensation under both plans for each of the eligible executive officers named in the Summary Compensation Table were as follows:

Name	Years of Service	Average Final Compensation
Michael J. Kowalski	23	\$1,161,796

Edgar Filing: TIFFANY & CO - Form DEF 14A

James E. Quinn	15	\$804,690

OTHER COMPENSATION ARRANGEMENTS

Mr. Chaney's Retirement Benefits. As indicated above, Mr. Chaney is not eligible for benefits under either the Pension Plan or the Supplemental Retirement Income Plan. An alternative arrangement to fund retirement benefits for Mr. Chaney was in effect until he retired as Chief Executive Officer. Prior to his retirement as Chief Executive Officer, Tiffany credited \$25,000 per calendar quarter, plus accrued interest at a prime rate, to an account in his favor. This was done under the terms of a deferred compensation agreement entered into with Mr. Chaney in December 1989. The account is maintained on the books of Tiffany as a liability to Mr. Chaney.

Upon Mr. Chaney's resignation as Chief Executive Officer on January 31, 1999, the deferred compensation agreement was amended to provide for the discontinuance of accruals to his account after December 31, 1998. As of February 1, 1999, the balance in this account was \$2,644,701.78. Commencing in March of 1999, Tiffany became obligated under the Agreement to pay Mr. Chaney a monthly annuity of \$22,449.35 from the account. This obligation terminates on Mr. Chaney's death. On his death, the excess, if any, of the balance in his account as of February 1, 1999, over the sum of all annuity payments actually made will be paid to Mr. Chaney's estate.

Retention Agreements. The Company and Tiffany have entered into retention agreements with each of the executive officers. These agreements would provide a covered executive with compensation if he or she should incur an "involuntary termination" after a "change in control." The purpose of these agreements is to keep our management team in place and focused on their job duties should discussions of a "change in control" ever occur. An "involuntary termination" does not include a termination for cause, but does include a resignation for good cause.

When, if ever, a "change in control" occurs, the covered executives would have fixed, or guaranteed, terms of employment under their retention agreements as follows: three years in the case of Mr. Kowalski and Mr. Quinn and two years for all other executive officers. If the executive incurs an involuntary termination during his or her term, compensation, keyed to the length of his or her term, would be payable to the executive as follows:

- o two or three times salary and bonus as severance,
- o a payment equal to the present value of two or three years of additional years of service credit under the Supplemental Retirement Income Plan, and
- o two or three years of benefits continuation under Tiffany's health and welfare plans.

Other Benefits on a Change in Control. The covered executives may receive other benefits in connection with a "change in control," such as accelerated vesting of stock options or pension benefits under the Supplemental Retirement Income

Plan. Because a covered executive's receipt of payments and benefits in connection with a "change in control" may trigger a 20% excise tax under Section 280G of the Internal Revenue Code, the retention agreements contain "gross-up" provisions. Under these provisions, the Company or Tiffany must pay the covered executive's excise tax and any additional income tax resulting from the gross-up provisions. If the gross-up provisions are triggered, the Company or Tiffany, as the case may be, will be unable to deduct most of the "change in control" payments and benefits.

Split Dollar Agreements. Tiffany maintains split-dollar life insurance agreements with its executive officers, including Mr. Kowalski, Mr. Chaney, Mr. Quinn, Mrs. Canavan and Mr. Fernandez. Under those agreements, Tiffany pays the premiums for executive life insurance and will be repaid for those premium payments from the death benefit.

Unless and until there is a "change in control," Tiffany has the right to terminate those split-dollar agreements. If there is a "change in control," Tiffany loses that right, and will then be bound to continue to pay premiums until the maturity date of each executive's agreement, which is when the executive reaches age 65, or age 75 in the case of Mr. Chaney. At the maturity date, the cash value of each policy will be sufficient for the following purposes:

- o to repay Tiffany its premium investment, and
- o to continue the policy in force, without payment of further premiums, with a death benefit equivalent to twice the executive's average annual salary and bonus compensation for the last three calendar years prior to termination of employment.

Vesting of Options and Retirement Benefits on a Change in Control. In the event of a "change in control" of Tiffany & Co., all options granted under its various stock option plans become exercisable in full. In addition, all benefits under the Supplemental Retirement Income Plan become vested and payable at retirement age, but only if, at the time of the "change in control," benefits are also vested under the Pension Plan.

Definition of a Change in Control. For purposes of the split-dollar agreements, the Supplemental Retirement Income Plan and the stock options, the term "change in control" means that one of the following events has occurred:

- o any person or group of persons acting in concert, and by person we mean an individual or organization, acquires thirty-five percent or more in voting power or stock of Tiffany & Co., including the acquisition of any right, option, warrant or other right to obtain such voting power or stock, whether or not presently exercisable, unless the acquisition is authorized or approved by the Board of Directors;

- o a majority of the Board of Directors is, for any reason, not made up of individuals who were either on the Board on January 21, 1988, or, if they became members of the Board after that date, were approved by the directors; or
- o any other circumstance which the Board deems to be a "change in control."

For purposes of the retention agreements, a "change in control" includes the above events, as well as additional events amounting to a change in control of the Company or Tiffany, even if the Board has approved of such events. Such events could include a so-called "friendly" acquisition of the Company or Tiffany.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following is the Compensation Committee's report on executive compensation:

The Committee's overall compensation policy is to provide a reward structure that will motivate the officers to achieve the Company's strategic and financial goals, retain and attract competent personnel and link the interests of management with those of the stockholders.

(i) Cash Bonuses

The Committee believes that the portion of an officer's compensation that is "at risk" (subject to adjustment for corporate and/or individual performance factors) should vary proportionally to the amount of responsibility the officer bears for the Company's success. The Committee adheres to that philosophy in establishing target bonuses.

Each January, the Committee establishes target bonuses for executive officers for the fiscal year that will begin on the first day of February. For fiscal 2001 and 2002, the Committee established 75% of base salary as the target bonus for Mr. Kowalski. The Committee did not establish a target bonus for Mr. Chaney but did establish target bonuses that ranged from 35% to 50% of base salary for the other executive officers.

The Committee will calculate Fiscal 2002 bonuses for Mrs. Canavan and Messrs. Kowalski, Quinn and Fernandez on the basis of the increase or decrease in the Company's consolidated net earnings in accordance with a formula. This arrangement is an "Incentive Award" under the provisions of the 1998 Employee Incentive Plan. In January of 2001, the Committee established Incentive Award arrangements for fiscal 2001 bonuses for these same executives.

Actual bonuses paid for fiscal 2001 to executive officers were determined by the Committee in January of 2002.

Because the Company failed to meet its goals of increased profitability, actual bonuses paid to Messrs. Kowalski, Quinn and Fernandez

Edgar Filing: TIFFANY & CO - Form DEF 14A

and Mrs. Canavan for fiscal 2001 were reduced by 64%, 64%, 65% and 65% from target, respectively. No bonus would have been paid to these executives had the original Incentive Award formula been applied; thus the bonuses paid to these executives were not paid under the 1998 Employee Incentive Plan. Bonuses actually awarded to the other executive officers were reduced on average by 64% from the target amounts.

The Committee considered the events of September 11, 2001 to be an extraordinary circumstance that prevented the Company from meeting its profitability goals due to its effect upon consumer confidence and tourism. Having taken into account the fiscal performance that the Company had achieved and was expected to achieve prior to the events of September 11, 2001, the Committee believed that some bonus, albeit well below target, was merited given management's

22

effective response to a difficult economic environment. The Committee was influenced by management's efforts with respect to expense control, inventory management, gross profit margin, staffing levels, development and motivation of staff, and the creation of opportunities for business development.

In awarding bonuses, the Committee reviewed the performance of each executive officer (other than of Mr. Kowalski himself) with Mr. Kowalski. Mr. Chaney also contributed to these evaluations.

(ii) Salaries and Benefits

The Committee believes that the Company's compensation and benefits program for its executives is competitive with the program generally offered by comparable retailers and direct marketing organizations. This program enables the Company to retain and attract competent management personnel.

To assess the competitiveness of the compensation offered to the Company's executive officers, the Committee reviewed an analysis prepared by a nationally recognized compensation consulting firm. That analysis included data concerning compensation provided by companies in the Peer Company Group referred to under "PERFORMANCE OF TIFFANY & CO. STOCK" below, a survey of 51 companies in the retail/wholesale industry, a general industry sample of 119 companies with revenues in the \$1 billion to \$3 billion range and a general industry sample of 657 companies. The Committee believes that a competitive market for the services of retail executives exists, even among firms that are not peers of the Company or that operate in a different line of business.

Executive salaries are reviewed by the Committee in January of each year and typically are adjusted on the basis of merit and relevant competitive factors.

(iii) Stock Options

Options to purchase the common stock of the Company are granted to executive officers in January of each year, and may be exercised, when vested, to purchase common stock at its fair market value as of the date of the option grant. Options vest and become exercisable in four equal annual installments beginning with the first anniversary of the grant date; non-vested installments are forfeited if the option holder leaves the Company.

Edgar Filing: TIFFANY & CO - Form DEF 14A

Option grants are authorized by the Subcommittee. The Subcommittee believes that the greater the officer's position and level of responsibility within the Company, the greater the desirability for compensation that is linked to the long-term interests of the stockholders. For that reason, the size of option grants is generally tied to the individual's level of responsibility within the Company. In determining the size of each option grant the Subcommittee also considers, in certain cases, subjective factors, such as the individual's potential for further growth within

23

the Company and his or her past performance. The size of an option grant in any one year is not necessarily indicative of the size of option grants to be awarded in future years.

(iv) Limitation Under Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally denies a federal income-tax deduction to a publicly-held corporation for compensation in excess of \$1 million per year paid to certain persons. These include persons who were, as of the last day of the corporation's taxable year, (i) the chief executive officer or (ii) among the four highest-compensated officers. This denial of deduction is subject to an exception for certain "performance-based compensation," including the stock options and Incentive Awards discussed above. The Board of Directors does not believe that it would be in the best interests of the Company to adopt a policy that would preclude compensation arrangements subject to deduction limitations.
