PROSPECTUS SUPPLEMENT SUMMARY

*This summary highlights information contained elsewhere, or incorporated by reference, in this prospectus supplement and the accompanying prospectus. As a result, it does not contain all of the information that you should consider before investing in the senior notes. You should read this prospectus supplement, the accompanying prospectus and the documents incorporated by reference, which are described under **Where You Can Find More Information** on page iii of this prospectus supplement and page iii of the accompanying prospectus. This prospectus supplement and the accompanying prospectus contain or incorporate forward-looking statements (as that term is defined in the Private Securities Litigation Reform Act of 1995). Forward-looking statements should be read with the cautionary statements and important factors included under **A Special Note Regarding Forward-Looking Statements** in this prospectus supplement.*

The Travelers Companies, Inc.

The Travelers Companies, Inc. is a holding company principally engaged, through its subsidiaries, in providing a wide range of commercial and personal property and casualty insurance products and services to businesses, government units, associations and individuals. The company, known as The St. Paul Companies, Inc., or St. Paul, prior to its merger on April 1, 2004 with Travelers Property Casualty Corp., or Travelers Property, is incorporated as a general business corporation under the laws of the State of Minnesota and is one of the oldest insurance organizations in the United States, dating back to 1853. Upon completion of the merger with Travelers Property, the company was named The St. Paul Travelers Companies, Inc. The company's name was changed to The Travelers Companies, Inc. on February 26, 2007.

The principal executive offices of the company are located at 385 Washington Street, St. Paul, Minnesota 55102, and the telephone number is (651) 310-7911.

Recent Developments

On May 8, 2007, we announced the establishment of a multi-year catastrophe bond program, which we created to provide reinsurance protection for our insurance subsidiaries with respect to losses resulting from hurricanes and certain other catastrophes in the United States. We may obtain reinsurance under the program by entering into one or more reinsurance agreements with Longpoint Re Ltd., or Longpoint Re, a newly formed independent Cayman Islands insurance company.

Longpoint Re successfully completed an offering to unrelated investors under the program of \$500 million aggregate principal amount of catastrophe bonds on May 8, 2007. In connection with the offering, we and Longpoint Re entered into a three-year reinsurance agreement providing up to \$500 million of reinsurance from losses resulting from certain hurricane events in the northeastern United States.

Amounts payable under the reinsurance agreement will be based on an index created by applying predetermined percentages to insured industry losses in each state in the covered area as reported by Property Claim Services, or PCS, a division of Insurance Services Offices, Inc. Payments to us under the reinsurance agreement will be based on index-based losses, which are designed to approximate our actual losses from any covered event. The principal amount of the catastrophe bonds will be reduced by any amounts paid to us under the reinsurance agreement.

We will be entitled to begin recovering amounts under the reinsurance agreement if index-based losses in the covered area for a single occurrence reach an initial trigger amount of \$2.25 billion. The full coverage amount of \$500 million

is available on a proportional basis until index-based losses reach an initial exhaustion amount of \$3.0 billion. The trigger and exhaustion amounts will be reset annually to maintain a probability of loss on the catastrophe bonds equal to the initial modeled probability of loss.

A SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein may contain certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical facts, may be forward-looking statements. Specifically, earnings guidance and statements about our share repurchase plans are forward looking, and we may make forward-looking statements about our results of operations (including, among others, premium volume, income from continuing operations, net and operating income, investment income, return on equity and combined ratio), financial condition (including, among others, invested assets and liquidity), the sufficiency of our asbestos and other reserves (including, among others, asbestos claim payment patterns), the cost and availability of reinsurance coverage, catastrophe losses, and strategic initiatives. Such statements are subject to risks and uncertainties, many of which are difficult to predict and generally beyond our control, that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements.

Some of the factors that could cause actual results to differ include, but are not limited to, the following: catastrophe losses could materially reduce our profitability and adversely impact our ratings, our ability to raise capital and the availability and cost of reinsurance; if actual claims exceed our loss reserves, or if changes in the estimated level of loss reserves are necessary, our financial results could be significantly and adversely affected; our business could be harmed because of our potential exposure to asbestos and environmental claims and related litigation; we are exposed to, and may face adverse developments involving, mass tort claims such as those relating to exposure to potentially harmful products or substances; the effects of emerging claim and coverage issues on our business are uncertain; reinsurance may be unavailable on acceptable terms and we may be unable to collect reinsurance; the insurance industry is the subject of a number of investigations by state and federal authorities in the United States, and we cannot predict the outcome of these investigations or their impact on our business or financial results; our businesses are heavily regulated and changes in regulation may reduce our profitability and limit our growth; a downgrade in our claims-paying and financial strength ratings could significantly reduce our business volumes, adversely impact our ability to access the capital markets and increase our borrowing costs; our investment portfolio may suffer reduced returns or losses which could reduce our profitability; the intense competition that we face could harm our ability to maintain or increase our profitability and premium volume; the inability of our insurance subsidiaries to pay dividends to us in sufficient amounts would harm our ability to meet our obligations and to pay future dividends; assessments and other surcharges for guaranty funds, second-injury funds, catastrophe funds and other mandatory pooling arrangements may reduce our profitability; loss or significant restriction of the use of credit scoring in the pricing and underwriting of Personal Insurance products could reduce our future profitability; disruptions to our relationships with our distributors, independent agents and brokers could adversely affect us; and if we experience difficulties with outsourcing relationships, technology and/or data security, our ability to conduct our business might be negatively impacted.

Our forward-looking statements speak only as of the date of this prospectus supplement or as of the date they are made, and we undertake no obligation to update our forward-looking statements. For a more detailed discussion of these factors, see the information under the caption Risk Factors in our most recent annual report on Form 10-K/A filed with the SEC.

All data in the following table for the years 2002 through 2003 represent historical data for Travelers Property. For accounting purposes, the merger of St. Paul and Travelers Property was accounted for as a reverse acquisition with Travelers Property treated as the accounting acquirer. Accordingly, this transaction was accounted for as a purchase business combination, using Travelers Property's historical financial information and applying fair value estimates to the acquired assets, liabilities and commitments of St. Paul as of April 1, 2004. The statement of operations and other data presented below for the years ended December 31, 2006, 2005 and 2004 and the balance sheet data presented below at December 31, 2006 and 2005 are derived from our audited consolidated financial statements contained in reports incorporated by reference in this prospectus supplement. We derived the statement of operations and other data presented below for the three months ended March 31, 2007 and 2006 and the balance sheet data presented below at March 31, 2007 from our unaudited condensed consolidated financial statements contained in reports incorporated by reference in this prospectus supplement. We derived the balance sheet data presented below at March 31, 2006 from our unaudited condensed consolidated financial statements contained in reports not incorporated by reference in this prospectus supplement. In the opinion of management, our unaudited consolidated financial statements for the three months ended March 31, 2007 and 2006 include all adjustments necessary for a fair presentation of results for the unaudited interim periods. Historical results are not necessarily indicative of results to be expected for any future period and the interim results for the three months ended March 31, 2007 are not necessarily indicative of results to be expected for the full year ended December 31, 2007 or any future period.
