4.5 Notes to the condensed consolidated interim accounts*

INTERIM

4.5.1 Basis of preparation

These condensed consolidated interim accounts have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting . The accounting principles used to prepare these condensed consolidated interim accounts comply with International Financial Reporting Standards as adopted by the European Union and are consistent with those set out in the notes to the 2007 Consolidated Annual Accounts of ING Group.

IFRIC 12 Service concession arrangements and IFRIC 14 The limit of a defined benefit asset, minimum funding requirements and their interaction became effective as of 1 January 2008. Neither of these interpretations had a material effect on equity or profit for the period. No other new standards became effective in the first half of 2008 and recently issued standards that become effective after 30 June 2008 are not expected to have a material effect on equity or profit for the period. ING Group has not early adopted any new International Financial Reporting Standards or Interpretation in the first half of 2008.

International Financial Reporting Standards as adopted by the EU provide several options in accounting principles. ING Group s accounting principles under International Financial Reporting Standards as adopted by the EU and its decision on the options available are set out in the section Principles of valuation and determination of results in the 2007 Annual Accounts.

These condensed consolidated interim accounts should be read in conjunction with ING Group s 2007 Annual Accounts.

Certain amounts recorded in the condensed consolidated interim accounts reflect estimates and assumptions made by management. Actual results may differ from the estimates made. Interim results are not necessarily indicative of full-year results.

The presentation of, and certain terms used in, these condensed consolidated interim accounts have been changed from the 2007 Consolidated annual accounts of ING Group to provide more relevant information. Certain comparative amounts have been reclassified to conform with the current period presentation. None of the changes are significant in nature.

Scope of Review

We conducted our review in accordance with Dutch law, including Standard 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim accounts are not prepared, in all material respects, in accordance with IAS 34.
