Your board unanimously believes that (i) election of its nominees for directors, (ii) ratification of the Audit Committee's selection of independent registered public accountants, (iii) shareholder approval of the compensation of our named executive officers, as described in this Proxy Statement, and (iv) shareholder approval of holding an annual vote to approve the compensation of our named executive officers, each as described in the accompanying proxy statement, are in the best interests of Complete Production Services, Inc. and its stockholders, and, accordingly, recommends a vote **FOR** election of each of the three nominees for directors, **FOR** the ratification of the selection of Grant Thornton LLP as our independent registered public accountants, **FOR** the approval of the compensation of our named executive officers, as described in the accompanying proxy statement, and **FOR** the approval of an annual vote to approve the compensation of our named executive officers. If your shares are held of record by a broker, bank or other nominee, such nominee will NOT be able to vote your shares with respect to the following matters if you have not provided instructions to your broker, bank or other nominee: the election of directors, the advisory vote to approve the compensation of our named executive officers and the advisory vote to approve the frequency of future votes to approve the compensation of our named executive officers. **We strongly encourage you to submit your proxy card or voting instruction form and exercise your right to vote as a stockholder.**

In addition to the business to be transacted as described above, management will speak on our developments of the past year and respond to comments and questions of general interest to stockholders.

It is important that your shares be represented and voted whether or not you plan to attend the annual meeting in person. If you receive a proxy card, you may vote by telephone, on the Internet or by completing and mailing the enclosed proxy card. If you receive a voting instruction form from your broker or bank, follow the instructions on the form to vote your shares. Certain brokers permit voting over the telephone or on the Internet. PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

General

Your proxy is solicited on behalf of the board (the board) of Complete Production Services, Inc., a Delaware corporation (Complete Production Services, we, our or us), for use at the 2011 annual meeting of stockholders to be held on Wednesday, May 25, 2011, at 9:00 a.m. local time, at The St. Regis Houston, 1919 Briar Oaks Lane, Houston, Texas 77027, or at any continuation, postponement or adjournment thereof, for the purposes discussed in this proxy statement and in the accompanying notice of annual meeting and any business properly brought before the annual meeting. Directions to the 2011 annual meeting can be viewed at www.completeproduction.com/fin-reports. Proxies are solicited to give all stockholders of record an opportunity to vote on matters properly presented at the annual meeting.

We intend to mail this proxy statement and accompanying proxy card on or about April 18, 2011 to all stockholders entitled to vote at the annual meeting.

Important Notice Regarding the Availability of Proxy Materials for the 2011 Stockholder Meeting to Be Held on May 25, 2011

This proxy statement, our 2010 annual report and a sample proxy card are available at: www.completeproduction.com/fin-reports⁽¹⁾. You are encouraged to access and review all of the important information contained in the proxy materials before submitting a proxy or voting at the annual meeting.

Who Can Vote

You are entitled to vote if you were a stockholder of record of our common stock as of the close of business on April 11, 2011. You are entitled to one vote for each share of common stock held on all matters to be voted upon at the annual meeting. Your shares may be voted at the annual meeting only if you are present in person or represented by a valid proxy.

Voting of Shares

You may vote by attending the annual meeting and voting in person or you may vote by submitting a proxy. The method of voting by proxy differs depending on whether you hold your shares as a record holder or in street name. If you hold your shares of common stock as a record holder, you may vote by completing, dating and signing the proxy card that was included with the proxy statement and promptly returning it in the preaddressed, postage paid envelope provided to you, or by submitting a proxy over the Internet or by telephone by following the instructions on the proxy card. The Internet and telephone voting facilities available to record holders will close at 12:00 p.m. Central time on May 24, 2011.

Your shares are said to be held in street name if they are held in a stock brokerage account or by a bank, trust or other nominee, in which case the broker, bank, trust or other nominee is considered to be the stockholder of record with respect to such shares. Even if your shares are held in street name, you are still considered the beneficial owner of those shares, and you will receive a voting instruction form from your broker, bank or other nominee that includes instructions on how to vote your shares by mail. Your broker, bank or nominee may allow you to deliver your voting

instructions over the Internet and may also permit you to submit voting instructions by telephone. Your voting instruction form will contain the details of any permitted Internet or telephonic voting.

(1) This website, wherever referenced in this proxy statement, is not intended to function as a hyperlink and the information contained on our website is not intended to be part of this proxy statement.

Table of Contents

Important note: If you hold some of your shares of record and other shares through a broker, you will receive a proxy card covering the shares of record and a separate voting instruction form with respect to the shares held through a broker. You will need to submit two proxies (the proxy card for your shares of record, and voting instruction form for your shares held through a broker, bank or other nominee) to ensure that all of your shares are voted.

If you vote through the Internet, you should be aware that you may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers and that these costs must be borne by you. If you vote by Internet or telephone, then you need not return a written proxy card by mail.

Your vote is very important. You should vote by submitting your proxy or voting instructions even if you plan to attend the annual meeting in person.

If You Do Not Specify How You Want Your Shares Voted

If you are a stockholder of record and you submit your properly signed proxy but do not specify how you want your shares voted on a proposal, the proxy holder will vote your shares:

FOR the election of each of the three nominees listed in this proxy to serve on our board for a term expiring at the 2014 annual meeting of stockholders;

FOR the ratification of the selection of Grant Thornton LLP as our independent registered public accountants for the fiscal year ending December 31, 2011;

FOR the approval, on an advisory basis, of the compensation of our named executive officers, as described in this Proxy Statement (the "say on pay advisory vote"); and

FOR holding an advisory vote to approve the compensation of our named executive officers **annually** (the "frequency advisory vote").

In their discretion, the proxy holders named in the proxy are authorized to vote on any other matters that may properly come before the annual meeting and at any continuation, postponement or adjournment thereof. The board knows of no other items of business that will be presented for consideration at the annual meeting other than those described in this proxy statement.

If your shares are held in "street name" through a broker, bank or other nominee, your broker will vote your shares in accordance with your voting instructions. If you do not provide voting instructions to your broker your broker has discretionary authority to vote your shares on certain routine matters. Broker non-votes occur when your broker, bank or other nominee has not received voting instructions from you and does not have discretionary authority to vote your shares on a particular proposal or matter. The effect of a broker non-vote is that your shares will not be voted on any proposal or matter on which your broker or other nominee does not have discretionary authority to vote. Shares that constitute broker non-votes will be counted as present at the annual meeting for the purpose of determining a quorum, but will not be considered entitled to vote on the proposal in question.

Brokers generally have discretionary authority to vote on the ratification of the selection of Grant Thornton LLP as our independent registered public accountants. Brokers, however, do not have discretionary authority to vote on the election of directors, say on pay advisory vote or the frequency advisory vote. We strongly encourage you to submit your voting instruction card and exercise your right to vote as a stockholder on these important proposals.

Voting in Person

If you are a stockholder of record and plan to attend the annual meeting and wish to vote in person, a ballot will be available upon request at the annual meeting. Please note, however, that if your shares are held in street name, which means your shares are held of record by a broker, bank or other nominee, and you wish to vote in person at the annual meeting, you must bring to the annual meeting a legal proxy from the record holder of the shares (your broker or other nominee) authorizing you to vote at the annual meeting.

Table of Contents

Revocation of Proxy

If you are a stockholder of record, you may revoke your proxy at any time before your proxy is voted at the annual meeting by taking any of the following actions:

delivering to our corporate secretary a signed written notice of revocation, bearing a date later than the date of the proxy, stating that the proxy is revoked;

signing and delivering a new proxy, relating to the same shares and bearing a later date than the original proxy;

submitting another proxy by telephone or over the Internet (your latest telephone or Internet voting instructions are followed); or

attending the annual meeting and voting in person, although attendance at the annual meeting will not, by itself, revoke a proxy.

Written notices of revocation and other communications with respect to the revocation of proxies should be addressed to:

Complete Production Services, Inc.
11700 Katy Freeway, Suite 300
Houston, Texas 77079
Attn: Secretary

If your shares are held in street name by a broker or other nominee, you may change your vote by submitting new voting instructions to your broker, bank or other nominee. You must contact your broker, bank or other nominee to find out how to do so.

Quorum and Votes Required

At the close of business on April 11, 2011, 78,902,708 shares of our common stock were outstanding and entitled to vote. All votes will be tabulated by the inspector of election appointed for the annual meeting.

A majority of the outstanding shares of common stock present in person or represented by proxy will constitute a quorum at the annual meeting. Shares of common stock held by persons attending the annual meeting but not voting, shares represented by proxies that reflect abstentions as to a particular proposal and broker non-votes will be counted as present for purposes of determining a quorum.

Stockholder approval of each proposal requires the following votes:

For **Item 1 Election of Directors**, directors will be elected by a plurality of the votes cast. Thus, the three nominees receiving the greatest votes will be elected. As a result, abstentions will not be counted in determining which nominees received the largest number of votes cast. Brokers do not have discretionary authority to vote on the election of directors. Broker non-votes will not affect the outcome of the election of directors because brokers are not able to cast their votes on this proposal.

For **Item 2** *Ratification of Selection of Independent Registered Public Accounting Firm*, the affirmative vote of a majority of the voting power of all outstanding shares of the Company represented in person or by proxy at the annual meeting and entitled to vote is required for the ratification of the selection of Grant Thornton LLP as our independent registered public accountants for the fiscal year ending December 31, 2011. Abstentions will have the same effect as votes against this proposal. Brokers generally have discretionary authority to vote on the ratification of our independent registered public accountants, thus broker non-votes are generally not expected to result from the vote on Item 2. Any broker non-votes that may result will not affect the outcome of this proposal.

For **Item 3** *Say on Pay Advisory Vote*, the affirmative vote of a majority of the voting power of all outstanding shares of the Company represented in person or by proxy at the annual meeting and entitled to vote is required for approval of the say on pay advisory vote. The approval of Item 3 is a non-routine proposal on which a broker or other nominee does not have discretion to vote any

Table of Contents

uninstructed shares. Abstentions will have the same effect as votes against this proposal. Any broker non-votes that may result will not affect the outcome of this proposal.

For **Item 4 Frequency Advisory Vote**, the affirmative vote of a majority of the voting power of all outstanding shares of the Company represented in person or by proxy at the annual meeting and entitled to vote is required for approval of the frequency advisory vote. The approval of Item 4 is a non-routine proposal on which a broker or other nominee does not have discretion to vote any uninstructed shares. Abstentions will have the same effect as votes against this proposal. Any broker non-votes that may result will not affect the outcome of this proposal. With respect to Item 4, if none of the frequency alternatives (one year, two years or three years) receive a majority vote, we will consider the frequency that receives the highest number of votes by our stockholders to be the frequency that has been selected by our stockholders. However, because this vote is advisory and not binding on us or our board in any way, our board may decide that it is in our and our stockholders' best interests to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders.

Solicitation of Proxies

Our board is soliciting proxies for the annual meeting from our stockholders. We will bear the entire cost of soliciting proxies from our stockholders. In addition to the solicitation of proxies by mail, we will request that brokers, banks and other nominees that hold shares of our common stock, which are beneficially owned by our stockholders, send notices, proxies and proxy materials to those beneficial owners and secure those beneficial owners' voting instructions. We will reimburse those record holders for their reasonable expenses. We have engaged Morrow & Co., LLC to assist in the solicitation of proxies and to provide related advice and informational support, for a service fee of approximately \$5,500 plus customary expenses. We also may use several of our regular employees, who will not be specially compensated, to solicit proxies from our stockholders, either personally or by telephone, Internet, telegram, facsimile or special delivery letter.

Assistance

If you need assistance in voting over the Internet or completing your proxy card or have questions regarding the annual meeting, please contact our investor relations department at (281) 372-2300 or investorrelations@completeproduction.com or write to: Complete Production Services, Inc., 11700 Katy Freeway, Suite 300, Houston, Texas 77079, Attn: Investor Relations.

The following three Class III directors have a term expiring at this annual meeting: Robert S. Boswell, Michael McShane, and Marcus A. Watts.

Board Nominees

Based upon the recommendation of our Nominating and Corporate Governance Committee (the Nominating Committee), our board has nominated Robert S. Boswell, Michael McShane, and Marcus A. Watts for re-election as directors to the board. Each nominee currently serves on our board. If elected, each director nominee would serve a three-year term expiring at the close of our 2014 annual meeting, or until his successor is duly elected. Nominees for Election at the Annual Meeting to Serve for a Three-Year Term Expiring at the 2014 Annual Meeting of Stockholders

Robert S. Boswell. Mr. Boswell has served as our director since September 2005. He currently serves as Chairman and Chief Executive Officer of Laramie Energy II, LLC, a Denver-based privately held oil and gas exploration and production company he co-founded in June 2007. Mr. Boswell also serves on the Board of Toromont Industries, Ltd. and the Board of Trustees of the Boys and Girls Clubs of America and is Vice Chairman of St. Joseph Hospital Foundation.

Prior to the formation of Laramie Energy II, Mr. Boswell served as Chairman and Chief Executive Officer of Laramie Energy, LLC, a privately held oil and gas exploration company, whose assets were sold in May 2007. From July 2004 until September 2005, Mr. Boswell served as a director of CES, one of our predecessors. Mr. Boswell served for many years as a director and executive of Forest Oil Corporation, a NYSE-listed independent exploration and production company, having served as a director from 1986 until September 2003 (also serving as Chairman of the Board from March 2000 until September 2003), Chief Executive Officer from December 1995 until September 2003, President from November 1993 to March 2000 and Chief Financial Officer from May 1991 until December 1995. Mr. Boswell

also served as a director of C.E. Franklin Ltd., a provider of products and services to the oilfield industry, specifically completion products, from 1976 until May 2003.

Our board has concluded that, with his track record as an entrepreneur in the energy exploration industry, Mr. Boswell provides the board with leadership skills and an understanding of our operations, particularly with respect to our oilfield services operations in Canada and the U.S. Rocky Mountain region, and should serve as one of our directors. Mr. Boswell's depth of experience at both the management and board level of a major NYSE company in the same industry contributes invaluable insight to our board as it confronts and seeks solutions to operational challenges and as it devises new strategic initiatives.

Michael McShane. Mr. McShane has served as our director since March 2007. Mr. McShane also serves as a director of Spectra Energy Corp, a NYSE-listed provider of natural gas infrastructure, since April 2008,

Table of Contents

Globalogix, a privately held company that provides comprehensive services to upstream oil & gas producers and operators, since June 2007, Forum Energy Technologies, a private international provider of manufactured technologies and applied products to the energy industry, since August 2010, Oasis Petroleum, a public exploration and production company focused on acquisition and development of unconventional oil and natural gas resources, since June 2010, and BOS Solutions, a private fluids management solutions company, since October 2010.

Previously, Mr. McShane served as a director and President and Chief Executive Officer of Grant Prideco, Inc., a NYSE-listed manufacturer and supplier of oilfield drill pipe and other drill stem products, from June 2002 until the completion of the merger of Grant Prideco with National Oilwell Varco, Inc. in April 2008, having also served as Chairman of the Board from May 2003 through April 2008. Prior to joining Grant Prideco, Mr. McShane was Senior Vice President Finance and Chief Financial Officer and director of BJ Services Company, a provider of pressure pumping, cementing, stimulation and coiled tubing services for oil and gas operators, from 1990 to June 2002, and Vice President Finance from 1987 to 1990 while BJ Services Company was a division of Baker-Hughes. Mr. McShane joined BJ Services Company in 1987 from Reed Tool Company, where he was employed for seven years in various financial management positions. Additionally, Mr. McShane served as a director for Triton LLC, a private company which builds and supports technologies and systems for subsea remote intervention operations and applications. In August 2008, Triton LLC merged with Forum Oilfield Technologies, Subsea Services International, Global Flow Technologies, and Allied Technology to create Forum Energy Technologies.

Mr. McShane's diverse career in the energy industry, from leading Grant Prideco, a manufacturer and supplier of oilfield equipment, to serving on the board of Triton LLC, a company focused on subsea remote intervention operations and applications, has led the board to conclude that Mr. McShane has the knowledge, skills and perspective relevant to an understanding of our operations and should serve as one of our directors. Furthermore, Mr. McShane's directorial experience on public and private company boards, including as a member of the finance and audit committees of Spectra Energy Corp, coupled with his finance and accounting background as a certified public accountant, enhances our audit committee.

Marcus A. Watts. Mr. Watts has served as our director since March 2007. Effective January 2011, Mr. Watts became President of The Friedkin Group, an umbrella company overseeing various business interests that are principally automotive related. From 1984 through December 2010, Mr. Watts served as a partner in the law firm of Locke Lord Bissell & Liddell LLP where he practiced corporate and securities law and served as the Vice Chairman of the firm and managing partner of its Houston office. Mr. Watts is the Past Chairman of the Advisory Board of the Salvation Army, the Past Chairman and Executive Committee member of the Society for the Performing Arts, and serves as a member of various committees for YMCA and American Diabetes Association.

From January 2001 to June 2005, Mr. Watts served as a director of Cornell Companies, a NYSE-listed company which is a provider of corrections, treatment and educational services outsourced by federal, state and local governmental agencies.

Our board has concluded that, with 25 years of experience in corporate securities law and corporate governance matters, including having represented issuers of equity and debt, underwriters, boards of directors and special committees, Mr. Watts adds insight into the legal, regulatory and compliance issues we encounter from time to time and should serve as one of our directors. Mr. Watts' prior service as a director of another NYSE-listed company enhances his contributions to our board meetings and deliberations.

Director Continuing in Office Until the 2012 Annual Meeting of Stockholders

Joseph C. Winkler. Mr. Winkler has served as our Chief Executive Officer and Director since September 2005 and as our Chairman of the Board since March 2007. Mr. Winkler is a director of Petroleum Equipment Suppliers

Association (PESA), an oilfield service and supply industry trade association and a director and member of the compensation and nominating and corporate governance committees of Dresser-Rand Group, Inc., a NYSE-listed provider of rotating equipment solutions. Mr. Winkler also is a member of the Dean's Planning and Advisory Council at Louisiana State University.

Table of Contents

Previously, Mr. Winkler served as President and Chief Executive Officer of Complete Energy Services, Inc. (CES) and as a director of CES, I.E. Miller Services, Inc. (IEM) and IPS, beginning in June 2005 (CES and IEM were combined with IPS in September 2005, with the resulting company renamed Complete Production Services, Inc.). Mr. Winkler also has extensive executive experience with National Oilwell Varco, Inc., a NYSE-listed oilfield capital equipment and services company, and its predecessor, Varco International, Inc., having served as the Executive Vice President and Chief Operating Officer from March 2005 until June 2005, President and Chief Operating Officer of Varco International from May 2003 until March 2005, and in various other executive capacities with Varco International, including as Executive Vice President and Chief Financial Officer, from April 1996 until May 2003. From 1993 to April 1996, Mr. Winkler served as the Chief Financial Officer of D.O.S., Ltd., a privately held provider of solids control equipment and services and coil tubing equipment to the oil and gas industry, which was acquired by Varco International in April 1996. Prior to joining D.O.S., Ltd., Mr. Winkler was Chief Financial Officer of Baker Hughes INTEQ, and served in a similar role for various companies owned by Baker Hughes Incorporated, including Eastman/Teleco and Milpark Drilling Fluids.

Mr. Winkler's current role as our Chief Executive Officer and his past role as President and Chief Executive Officer of our predecessor provides him considerable knowledge of and familiarity with our operations. This extensive institutional knowledge, coupled with Mr. Winkler's history of leadership and governance at National Oilwell Varco and its predecessor, position him to properly direct the review and deliberations of our board. Mr. Winkler's career in the oilfield service industry provides our board with a valuable resource of information on the markets in which we operate and the business and financial factors driving our financial results. As our Chief Executive Officer and Chairman, Mr. Winkler serves as the bridge between our management and the board, ensuring that both groups act with a common purpose. For these reasons, our board has concluded that Mr. Winkler should serve as one of our directors.

Directors Continuing in Office Until the 2013 Annual Meeting of Stockholders

Harold G. Hamm. Mr. Hamm has served as our director since September 2005, having served previously as a director of CES, one of our predecessors, from October 2004 until September 2005. Mr. Hamm has extensive leadership experience in public companies, and in particular in the oil and gas exploration and production industry.
