**EXPLANATORY NOTE**

LJ International Inc. (the Company) is filing this Amendment No. 1 on Form 20-F/A (this Amendment) to its Annual Report on Form 20-F for the fiscal year ended December 31, 2010, filed with the U.S. Securities and Exchange Commission (the SEC) on April 11, 2011 (the Original Filing), solely to amend its disclosure set forth in Item 15 (b) thereof regarding management's assessment of the effectiveness of the Company's internal control over financial reporting as of the end of the Company's most recent fiscal year (December 31, 2010), including a statement that the internal control over financial reporting was not effective and disclosure of a material weakness in the Company's internal control over financial reporting identified by management.

As required by Rule 12b-15 under the Securities Exchange Act of 1934, as amended, new certifications by our Chief Executive Officer and Chief Financial Officer are being filed as Exhibits to this Amendment under Item 19. We are also making conforming changes to the Cover Page and the Exhibit Index to this Amendment.

Except as described above, no other changes have been made to the Original Filing, and all other Items of the Original Filing have been omitted from this Amendment. The Original Filing continues to speak as of the date of the Original Filing, and we have not updated the disclosures contained therein to reflect any events which occurred at a date subsequent to the filing of the Original Filing other than as expressly indicated in this Amendment. Accordingly, this Amendment should be read in conjunction with the Original Filing and our other filings made with the SEC on or subsequent to April 11, 2011.

**Table of Contents**

**ITEM 15. CONTROLS AND PROCEDURES**

**(a) Disclosure Controls and Procedures.**

As of the end of the period covered by this report, our management, with the participation of our chief executive officer and chief financial officer, has performed an evaluation of the effectiveness of our disclosure controls and procedures within the meaning of Rules 13a-15(e) of the Exchange Act.

Based upon that evaluation, our management has concluded that, as of December 31, 2010, our disclosure controls and procedures were effective.

**(b) Management's annual report on internal control over financial reporting.**

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rules 13a-15(f) under the Exchange Act. Our management evaluated the effectiveness of our internal control over financial reporting based on criteria established in the framework in *Internal Control-Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. In addition, projections of any evaluation of effectiveness of our internal control over financial reporting to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

In performing this assessment, management has determined that our Chief Financial Officer and Senior Vice President do not have sufficient expertise to prepare financial statements in accordance with U.S. GAAP since they do not have the requisite U.S. GAAP experience. In this regard, management notes that our Chief Financial Officer and Senior Vice President do not hold a license as a Certified Public Accountant in the U.S. and have not attended U.S. institutions or extended educational programs that would appear to provide enough of the relevant education relating to U.S. GAAP. Further, most of their U.S. GAAP experience is limited to knowledge gained from their current positions with us. Accordingly, management believes that we have an accounting department with limited knowledge of U.S. GAAP and that this lack of U.S. GAAP experience constitutes a material weakness.

As a result of this material weakness in our internal control over financial reporting, our management concluded that our internal control over financial reporting as of December 31, 2010 was not effective. A material weakness in internal control over financial reporting is a deficiency, or a combination of deficiencies, in internal control over financial reporting. This control deficiency could result in a material misstatement in our annual or interim financial statements that would not be prevented or detected. Accordingly, management determined that this control deficiency constitutes a material weakness in our internal control over financial reporting as of December 31, 2010.

Notwithstanding the existence of such material weakness in our internal control over financial reporting, our management, including our Chief Executive Officer and Chief Financial Officer, believe that the financial statements included in this Annual Report fairly

**Table of Contents**

present in all material respects our financial condition, results of operations and cash flows for the periods presented.

In order to remedy this material weakness in the future, the Company intends to adopt the International Financial Reporting Standards ( IFRS ) and interpretations approved by the International Accounting Standards Board rather than U.S. GAAP as soon as practicable after the date hereof.

**(c) Attestation report of the registered public accounting firm.**

Not applicable

**(d) Changes in internal control over financial reporting.**

There were no changes in our internal controls over financial reporting identified in connection with the evaluation that occurred during the period covered by this Annual Report on Form 20-F that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
