PROXY STATEMENT

The accompanying proxy is solicited by the Board of Directors of Administaff, Inc., a Delaware corporation (the Company), for use at the 2004 Annual Meeting of Stockholders to be held on May 6, 2004, and at any reconvened meeting after an adjournment thereof. The Annual Meeting of Stockholders will be held at 10:00 a.m., Central Daylight Savings Time, at the Company's Corporate Headquarters, Centre I in the Auditorium located at 22900 Hwy. 59 N. (Eastex Freeway), Kingwood, Texas 77339.

Stockholders of record may vote in one of four ways:

by attending the meeting and voting in person;

by signing, dating and returning your proxy in the envelope provided;

by submitting your proxy on the Internet at the address listed on your proxy card; or

by submitting your proxy using the toll-free number listed on your proxy card.

If your shares are held in an account at a brokerage firm or bank, you may submit your voting instructions by signing and timely returning the enclosed voting instruction form, by Internet at the address shown on your voting instruction form, by telephone using the toll-free number shown on that form, or by providing other proper voting instructions to the registered owner of your shares.

If you either return your signed proxy or submit your proxy using the Internet or telephone procedures that may be available to you, your shares will be voted as you direct. **If the accompanying proxy is properly executed and returned, but no voting directions are indicated thereon, the shares represented thereby will be voted FOR each of the proposals set forth in this proxy statement.** In addition, the proxy confers discretionary authority to the persons named in the proxy authorizing those persons to vote, in their discretion, on any other matters properly presented at the Annual Meeting of Stockholders. The Board of Directors is not currently aware of any such other matters. Any stockholder of record giving a proxy has the power to revoke it at any time before it is voted by (i) submitting written notice of revocation to the Secretary of the Company at the address listed above, (ii) submitting another proxy that is properly signed and later dated, (iii) voting again on the Internet or by telephone, or (iv) voting in person at the Annual Meeting. Stockholders who hold their shares through a nominee or broker are invited to attend the meeting but must obtain a signed proxy from the broker in order to vote in person.

The expense of preparing, printing and mailing proxy materials to the Company's stockholders will be borne by the Company. The Company's transfer agent, Mellon Investor Services, LLC, will assist in the solicitation of proxies from stockholders at a fee of approximately \$500 plus reimbursement of reasonable out-of-pocket expenses. In addition, proxies may be solicited personally or by telephone by officers or employees of the Company, none of whom will receive additional compensation. The Company will also reimburse brokerage houses and other nominees for their reasonable expenses in forwarding proxy materials to beneficial owners of our common stock.

The approximate date on which this Proxy Statement and the accompanying proxy card will first be sent to stockholders is March 30, 2004.

At the close of business on March 9, 2004, the record date for the determination of stockholders of the Company entitled to receive notice of, and to vote at, the 2004 Annual Meeting of Stockholders or any reconvened meeting after an adjournment thereof, 26,553,532 shares of the Company's Common Stock, par value \$0.01 per share (the Common Stock), were outstanding. Each share of Common Stock is entitled to one vote upon each of the matters to be voted on at the meeting. The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock is required for a quorum. If a

Table of Contents

quorum is present at the meeting, action on a matter (other than the election of directors) shall be approved if the votes cast in favor of the matter exceed the votes cast opposing the matter. Directors of the Company shall be elected by a plurality of the votes cast. In determining the number of votes cast, shares abstaining from voting or not voted on a matter will not be treated as votes cast. Accordingly, although proxies containing broker non-votes (which result when a broker holding shares for a beneficial owner has not received timely voting instructions on certain matters from such beneficial owner) are considered shares present in determining whether there is a quorum present at the Annual Meeting, they are not treated as votes cast with respect to any matter, and thus will not affect the outcome of the voting on a particular proposal.

The number of members constituting the Board of Directors is currently fixed at seven.

In accordance with the Certificate of Incorporation of the Company, the members of the Board of Directors are divided into three classes and are elected for a term of office expiring at the third succeeding annual stockholders meeting following their election to office, or until a successor is duly elected and qualified. The Certificate of Incorporation also provides that such classes shall be as nearly equal in number as possible. The terms of office of the Class I, Class II and Class III directors expire at the Annual Meeting of Stockholders in 2005, 2006 and 2004, respectively.

CORPORATE GOVERNANCE MATTERS

Determinations of Director Independence

Under new rules adopted by the New York Stock Exchange, the Company must have a majority of independent directors. No board member qualifies as independent unless the Board of Directors affirmatively determines that the director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). In evaluating each director's independence, the Board of Directors considered all relevant facts and circumstances and relationships and transactions between each director, her or his family members or any business, charity or other entity in which the director has an interest on the one hand, and the Company, its affiliates, or the Company's senior management on the other. As a result of this review, the Board of Directors affirmatively determined that all of the Company's directors are independent from the Company and its management with the exception of Messrs. Sarvadi and Rawson, both of whom are members of the senior management of the Company.

As contemplated by the rules of the New York Stock Exchange, the Board of Directors adopted new Corporate Governance Guidelines which set forth categorical standards to assist the Board in making independence determinations, under which the impact on independence of relationships that fall within the categorical standards are not required to be separately discussed in this proxy statement.

As set forth in the Company's new Corporate Governance Guidelines, a relationship falls within a categorical standard and is not required to be separately discussed in this proxy statement if it:

Is not a relationship that would preclude a determination of independence under Section 303A.02(b) of the New York Stock Exchange Listed Company Manual;

Consists of charitable contributions by Administaff to an organization where a director is an executive officer and does not exceed the greater of \$1 million or two percent of the organization's gross revenue in any of the last three years; or

Is not required to be, and it is not otherwise, disclosed in Administaff's annual proxy statement.

You can access the Company's new Corporate Governance Guidelines in their entirety on the Company's website at www.administaff.com in the *Company Information* Section.

Committees of the Board of Directors

The Board of Directors has appointed three committees: the Finance, Risk Management and Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee.

The members of the Finance, Risk Management and Audit Committee are Mr. Young, who serves as Chairperson, Mr. Lattanzio and Mr. Brown. All three members are independent under the standards of The New York Stock Exchange and Securities and Exchange Commission Regulations. In addition, the Board of Directors has determined that Mr. Young is an audit committee financial expert as such term is defined in Item 401(h) of Regulation S-K promulgated by the Securities and Exchange Commission. The Finance, Risk Management and Audit Committee assists the Board in fulfilling its responsibility to oversee the financial affairs, risk management, accounting and financial reporting processes and audits of financial statements of the Company by reviewing and monitoring (i) the financial affairs of the Company, (ii) the integrity of the Company's financial statements, (iii) the Company's compliance with legal and regulatory requirements, (iv) the independent auditor's qualifications and independence, (v) the performance of the personnel responsible for the Company's internal audit function and the independent

auditors, and (vi) the Company's policies and procedures with respect to risk management, as well as other matters which may come before it as directed by the Board of Directors.

The members of the Compensation Committee are Mr. Fields, who serves as Chairperson, and Mr. Petsch. Both members are independent under the standards of The New York Stock Exchange. The Compensation Committee (i) oversees and administers the Company's compensation policies, plans and practices; and (ii) prepares the annual report required by the rules of the Securities and Exchange Commission on executive compensation for inclusion in the Company's annual proxy statement. To carry out these purposes, the Compensation Committee evaluates the performance of and

Table of Contents

determines the compensation for senior management, administers the Company's compensation programs, and performs such other duties as may from time to time be directed by the Board of Directors.

In November 2003, the Board appointed the current members of the Nominating and Corporate Governance Committee who are Mr. Petsch, who serves as Chairperson, Mr. Brown, Mr. Fields, Mr. Lattanzio and Mr. Young. All members of the Nominating and Corporate Governance Committee are independent under the standards of The New York Stock Exchange. The Nominating and Corporate Governance Committee (i) identifies individuals qualified to become Board members, consistent with the criteria for selection approved by the Board; (ii) recommends to the Board a slate of director nominees to be elected by the stockholders at the next annual meeting of stockholders and, when appropriate, director appointees to take office between annual meetings; (iii) develops and recommends to the Board a set of corporate governance guidelines for the Company; and (iv) oversees the evaluation of the Board and management.

The charters for each of the three committees, which have been adopted by the Board of Directors, contain a detailed description of the respective committee's duties and responsibilities and are available under *Corporate Governance* in the *Company Information* section on the Company's website at www.administaff.com. The Finance, Risk Management and Audit Committee charter is also attached as Appendix A to this proxy statement.

Selection of Nominees for the Board of Directors

Identifying Candidates

The Nominating and Corporate Governance Committee solicits ideas for potential Board candidates from a number of sources including members of the Board of Directors, executive officers of the Company, individuals personally known to the members of the Board of Directors, and research. The Nominating and Corporate Governance Committee also has sole authority to select and compensate a third-party executive search firm to help identify candidates, if it deems advisable. In addition, the Nominating and Corporate Governance Committee will consider candidates for the Board submitted by stockholders. Any such submissions should include the candidate's name and qualifications for Board membership and should be directed to the Corporate Secretary of Administaff at 19001 Crescent Springs Drive, Kingwood, Texas 77339. Although the Nominating and Corporate Governance Committee does not require the stockholder to submit any particular information regarding the qualifications of the stockholder's candidate, the level of consideration that the Nominating and Corporate Governance Committee will give to the stockholder's candidate will be commensurate with the quality and quantity of information about the candidate that the nominating stockholder makes available to the committee. The Nominating and Corporate Governance Committee will consider all candidates identified through the processes described above, and will evaluate each of them on the same basis.

In addition, the Bylaws of the Company permit stockholders to nominate directors for election at an annual stockholders meeting whether or not such nominee is submitted to and evaluated by the Nominating and Corporate Governance Committee. To nominate a director using this process, the stockholder must follow the procedures described under *Additional Information - Advance Notice Required for Stockholder Nominations and Proposals* below.

Evaluating Candidates

Each candidate must meet certain minimum qualifications, including:

the ability to represent the interests of all stockholders of the Company and not just one particular constituency;

independence of thought and judgment;

the ability to dedicate sufficient time, energy and attention to the performance of her or his duties, taking into consideration the prospective nominee's service on other public company boards; and

the skills and expertise of the prospective nominee are complementary to the existing Board members' skills; in this regard, the Board of Directors will consider the Board's need for operational, sales, management, financial, governmental or other relevant expertise.

In addition, the Nominating and Corporate Governance Committee considers other qualities that it may deem to be desirable from time to time, such as the extent to which the prospective nominee contributes to the diversity of the Board of

Table of Contents

Directors with diversity being construed broadly to include a variety of perspectives, opinions, experiences and backgrounds. The Nominating and Corporate Governance Committee may also consider the ability of the prospective nominee to work with the then-existing interpersonal dynamics of the Board of Directors and her or his ability to contribute to the collaborative culture among Board members.

Based on this initial evaluation, the Chairman of the Nominating and Corporate Governance Committee will determine whether to interview the nominee, and if warranted, will recommend that one or more members of the committee, other members of the Board and senior management, as appropriate, interview the nominee in person or by telephone. After completing this evaluation and interview process, the committee makes a recommendation to the full Board of Directors as to the persons who should be nominated by the Board of Directors, and the Board of Directors determines the nominees after considering the recommendation of the Nominating and Corporate Governance Committee.

Information Regarding Meetings

During 2003, the Finance, Risk Management and Audit Committee had 12 meetings, the Compensation Committee had four meetings, and the Board of Directors had six meetings. During 2003, the entire Board of Directors performed the duties of the Nominating and Corporate Governance Committee, and considered nominating and corporate governance matters at regular Board meetings. In November 2003, the Board of Directors appointed Messrs. Petsch, Brown, Fields, Lattanzio and Young to the Nominating and Corporate Governance Committee. All of the members of the Board participated in more than 75% of the meetings of the Board and Committees of which they were members during the fiscal year ended December 31, 2003.

Administaff expects its Board members to attend the Annual Meeting of the Stockholders. Last year six of the Company's seven directors attended the Annual Meeting of the Stockholders.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee is responsible for evaluating the performance of and determining the compensation for executive officers, including the Chief Executive Officer. It is also responsible for overseeing the Company's 1997 Incentive Plan and 2001 Incentive Plan (the "Incentive Plans"). The Compensation Committee has furnished the following report on executive compensation for 2003.

The Company's compensation programs are designed to attract and retain key executives responsible for the success of the Company and motivate management to enhance long-term stockholder value. The annual compensation package for executive officers, including the Chief Executive Officer, generally consists of three components: (i) a base salary payable in cash, (ii) variable compensation, which is targeted as a percentage of base pay and may be payable in cash awards, phantom shares, performance units, bonus stock or other stock-based awards, and (iii) long-term incentive compensation, which generally consists of stock options.

Base Salary

The base salary is intended to provide a stable annual salary at a level consistent with individual contributions and at a level that attracts and retains talented executive officers. In 2003, the Compensation Committee engaged Pearl Meyer & Partners to conduct an analysis of the Company's executive compensation program. Pearl Meyer & Partners compared the Company's compensation levels of all of its executives to that of 15 business service companies, which included those in the self-constructed peer index plotted on the performance graph. Based on the results of this study, the Compensation Committee generally sought to set base compensation to 10% below the median point of the range of those compensation levels, and total compensation (variable plus base) above the median point of the range in comparison to such peer companies. Under this approach, a significant component of the officers' annual compensation is tied to the Company's performance and is, therefore, at risk. In setting base salary for executives other than the Chief Executive Officer, the Compensation Committee also considered the Chief Executive Officer's subjective evaluation of each executive's performance.

Variable Compensation

Variable compensation is intended to link officers' compensation to the Company's performance as well as to their individual performance. As an incentive, the Compensation Committee set a target for variable compensation which was computed as a percentage of base salary. For 2003, the target variable compensation was based on three types of performance measurements: corporate, division and individual. Each performance measurement had three potential levels of payout that were based on meeting or exceeding goals for each of the performance measurements. The corporate performance measurement was based on the Company's operating income per worksite employee per month; the division performance measurements were based on (Growth) number of worksite employees sold, (Client Services) client retention, (Support) benefits initiatives including retirement services, workers' compensation, and health care strategy, and (Development) project completion, including Retirement Services Phase I and various other projects; and the individual performance measurements were based on annual performance reviews. The variable compensation for senior management was weighted more heavily toward the corporate performance measurement. The variable compensation plan provided a payout scale with high up-side opportunity for high performance and zero payout for low performance.

The percentage of target variable compensation awarded depended on whether the officer met her or his threshold, target or maximum goal for performance measurements. If the officer reached the threshold goal for performance measurements, he was paid 50% of the targeted variable compensation. If the officer reached the targeted goal for performance measurement, he was paid 100% of the targeted variable compensation, and if the officer reached a maximum goal for performance measurement, he was paid 125% of the targeted variable compensation.

Long-term Incentive Compensation

Long-term incentive compensation is provided through the Incentive Plans, the objectives of which are to promote the interests of the Company by encouraging employees of the Company and its subsidiaries to acquire or increase their equity interest in the Company and to provide a means whereby such persons may develop a sense of proprietorship and personal involvement in the development and financial success of the Company, and to encourage them to remain with and devote their best efforts to the business of the Company, thereby advancing the interests of the Company and its stockholders. Awards under the Incentive Plans have generally been made in the form of stock options, although in the future such awards may

Table of Contents

include phantom shares, performance units, bonus stock or other stock-based awards. The Compensation Committee believes that stock options align the interests of the Company's executives with those of its stockholders by encouraging executives to enhance the value of the Company, and hence, the price of the Common Stock and each stockholder's return. The Company may periodically grant new options or other long-term equity-based incentives to provide continuing incentive for future performance. In determining whether to grant options, the Compensation Committee first considers the number of shares available for distribution under the program for the year under consideration and the overall dilutive effect of the total grant. Based on these factors, the Compensation Committee then allots a targeted portion of those shares to the various executive grade levels, with higher grade levels being allotted a greater portion. In determining the number of options to grant to each executive, the Compensation Committee considers factors including an executive's current ownership stake in the Company, the degree to which increasing that ownership stake would provide the executive with additional incentives for future performance, the likelihood that the grant of those options would encourage the executive to remain with the Company and the value of the executive's service to the Company. The Board of Directors has authorized a Common Stock repurchase plan under which the Company purchases shares of Common Stock that are used to fund stock option grants, in an effort to minimize dilution.

In 2003, the Company granted options to purchase an aggregate of 310,783 shares of Common Stock to executive officers of the Company, including the Chief Executive Officer.

CEO Compensation

The compensation of the Chief Executive Officer is determined in the same manner as the other executives of the Company, as set forth above, and includes stock options. The results of the study conducted by the external executive compensation consultants and the review of the peer group compensation levels indicated that Mr. Sarvadi's base salary was well below the median range of those compensation levels. Based on those results and the recommendation of the external executive compensation consultants, the Compensation Committee increased Mr. Sarvadi's base salary to \$500,000, which was below the level recommended by the consultants.

Mr. Sarvadi's variable compensation, shown in the third column of the Summary Compensation Table, was determined by the Board, upon recommendation of the Compensation Committee, to be in conformance with the provisions of the variable compensation plan as described above and was based upon his exceeding the established thresholds.

In 2003, the Compensation Committee granted Mr. Sarvadi options to purchase 69,167 shares of Common Stock. In making the grant, the Compensation Committee considered Mr. Sarvadi's large ownership position in the Company. Although the Compensation Committee believes that the grant of options to Mr. Sarvadi further aligns his interests with those of stockholders, the Compensation Committee considered the grant to Mr. Sarvadi to be more in the nature of variable compensation than a long-term incentive.

Section 162(m) of the Internal Revenue Code

Because the Company has not yet granted any executive officer compensation exceeding \$1,000,000 in any year, the Compensation Committee has not yet adopted a policy with respect to the limitation under Section 162(m) of the Internal Revenue Code, which generally limits the Company's ability to deduct compensation in excess of \$1,000,000 to a particular executive officer in any year. The Compensation Committee, in consultation with the Board of Directors, will adopt such a policy if the compensation awarded to an executive exceeds such amount.

Report of the Finance, Risk Management and Audit Committee

The Finance, Risk Management and Audit Committee (the Committee) has been appointed by the Board of Directors to assist the Board in fulfilling its responsibility to oversee the financial affairs, risk management, accounting and financial reporting processes and audits of the financial statements of the Company. The Committee operates under a written charter adopted by the Board of Directors and reviewed annually by the Committee. The Committee has furnished the following report for 2003.

Table of Contents

The Committee has reviewed and discussed the Company's consolidated audited financial statements as of and for the year ended December 31, 2003 with management and the independent auditor. The Committee has discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61, (*Communication with Audit Committees*), as currently in effect.

The Committee has received from the independent auditor the written disclosures and letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, and the Committee has discussed with the independent auditor that firm's independence. The Committee has also considered the compatibility of the provision of non-audit services with the independent auditor's independence.

Based on the Committee's reviews and discussions referred to above, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires the Company's directors and officers, and persons who own more than 10% of the Common Stock, to file initial reports of ownership and reports of changes in ownership (Forms 3, 4, and 5) of Common Stock with the Securities and Exchange Commission and the New York Stock Exchange. Officers, directors and greater than 10% stockholders are required by Securities and Exchange Commission regulation to furnish the Company with copies of all such forms that they file.

Based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that all Section 16(a) reports with respect to the year ended December 31, 2003 applicable to its officers, directors and greater than 10% beneficial owners, were timely filed, except that A. Steve Arizpe, Jay E. Mincks, Samuel G. Larson, Richard G. Rawson, Paul J. Sarvadi, Douglas S. Sharp and John H. Spurgin, II were each late in filing one Form 4 reflecting a single transaction involving a grant of options to purchase Common Stock.

Certain Relationships and Related Transactions

Our Ship Limited Partnership, Ltd. (Our Ship), which is a family limited partnership owned by Mr. Paul Sarvadi, Chairman of the Board and Chief Executive Officer of the Company, and members of his immediate family, is a client of the Company. In 2003, Our Ship paid comprehensive service fees of \$59,349 (\$23,540 net of payroll costs) to the Company. Mr. Sarvadi's brother is an owner and officer of two companies that are clients of the Company. In 2003, the two companies paid comprehensive service fees totaling \$1,541,988 (\$369,848 net of payroll costs) to the Company.

In March 1998, the Company completed a Securities Purchase Agreement (the Agreement) with American Express Travel Related Services Company, Inc. (American Express) whereby the Company sold to American Express units consisting of shares of Common Stock and warrants to purchase additional shares of Common Stock for a total purchase price of \$17.7 million. The warrants had exercise prices ranging from \$20 to \$40 per share (as adjusted for the 2-for-1 split of the Common Stock effected in October 2000) and terms ranging from three to seven years. On March 5, 2002, American Express exercised warrants to purchase 526,271 shares of Common Stock at \$25.00 per share. The Company repurchased the 526,271 shares of Common Stock from American Express for a per share price of \$27.02, which was the closing price of the shares on the New York Stock Exchange Composite Transaction Tape on March 5, 2002. On February 25, 2003, the Company purchased 1,286,252 shares of Common Stock from American Express at a purchase price of \$6.00 per share. As a result of this transaction and the subsequent expiration of warrants to purchase shares of Common Stock, American Express no longer beneficially owns five percent of the Common Stock of the Company.

In March 1998, the Company entered into a Marketing Agreement with American Express, under which American Express is utilizing its resources and working jointly with the Company to generate appointments with prospects for the Company's services from the American Express customer base in certain markets. In addition, certain American Express services are included in the Company's My MarketPlaceSM offerings. The Company pays a commission to American Express based upon the number of worksite employees paid after being referred to the Company pursuant to the Marketing Agreement and the total number of worksite employees paid by the Company. In 2003, the Marketing Agreement produced 13.2% of the Company's sales leads and 7.9% of new worksite employees sold. In 2003, the Company paid commissions totaling \$1,836,935 to American Express under this agreement. The Marketing Agreement expires at the end of 2005 for existing markets, but was extended until the end of 2006 for new markets

opened after 2002 through 2005.

Unless a service proposed to be provided by the independent auditor has been pre-approved by the Finance, Risk Management and Audit Committee under its pre-approval policies and procedures, it will require specific pre-approval of the engagement terms by the Finance, Risk Management and Audit Committee. Under the policy, pre-approved service categories are generally provided for up to 12 months and must be detailed as to the particular services provided and sufficiently specific and objective so that no judgments by management are required to determine whether a specific service falls within the scope of what has been pre-approved. In connection with any pre-approval of services, the independent auditor is required to provide detailed back-up documentation concerning the specific services to be provided.

The Finance, Risk Management and Audit Committee may delegate pre-approval authority to one or more of its members, including to a subcommittee of the Finance, Risk Management and Audit Committee. The member or

members to whom such authority is delegated shall report any pre-approval actions taken by them to the Finance, Risk Management and Audit Committee at its next scheduled meeting. Table of Contents

Fees for tax services in the amount of \$12,775 for the year 2003 were paid for services rendered prior to the adoption and implementation of the pre-approval procedures.

If the votes cast in person or by proxy at the 2004 Annual Meeting of Stockholders in favor of this proposal exceed the votes cast opposing the proposal, the appointment of Ernst & Young LLP as the Company's independent public accountants for the year ending December 31, 2004 will be ratified. If the appointment of Ernst & Young is not ratified, the Finance, Risk Management and Audit Committee will reconsider the appointment.

The Finance, Risk Management and Audit Committee recommends that stockholders vote FOR ratification of Ernst & Young LLP's appointment as the Company's independent public accountants for the year ending December 31, 2004, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

ADDITIONAL INFORMATION

Delivery of Proxy Statement

Effective in December 2000, the Securities and Exchange Commission adopted new rules that permit companies and intermediaries (*e.g.*, brokers) to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as householding, potentially means extra convenience for securityholders and cost savings for companies. This year, a number of brokers with accountholders who are Administaff stockholders will be householding the Company's proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholder. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker or direct your written request to Administaff, Inc., Attention: Ruth Holub, Investor Relations Administrator, 19001 Crescent Springs Drive, Kingwood, Texas 77339 or contact Ruth Holub at 800-237-3170. The Company will promptly deliver a separate copy to you upon request.

Stockholder Proposals for 2004 Meeting

In order for director nominations and stockholder proposals to have been properly submitted for presentation at the 2004 Annual Meeting of Stockholders, notice must have been received by the Company between the dates of November 2, 2003 and December 2, 2003. The Company received no such notice, and no stockholder director nominations or proposals will be presented at the Annual Meeting of Stockholders.

Stockholder Proposals for 2005 Proxy Statement

EXHIBIT A

**Finance, Risk Management and
Audit Committee Charter**

Purpose

The Finance, Risk Management and Audit Committee (the Committee) has been appointed by the Board of Directors (the Board) of Administaff, Inc. (the Company) to assist the Board in fulfilling its responsibility to oversee the financial affairs, risk management, accounting and financial reporting processes and audits of financial statements of the Company by reviewing and monitoring (i) the financial affairs of the Company, (ii) the integrity of the Company's financial statements, (iii) the Company's compliance with legal and regulatory requirements, (iv) the independent auditor's (the external auditors) qualifications, independence and performance, (v) the performance of the personnel responsible for the Company's internal audit function (the internal auditors) and the external auditors, and (vi) the Company's policies and procedures with respect to risk management, as well as other matters which may come before it as directed by the Board. Pursuant to the Sarbanes-Oxley Act of 2002 and the rules and regulations of the Securities and Exchange Commission (the Commission), the Committee shall be directly responsible for the appointment, compensation, retention and oversight of the work of the Company's external auditors.

The Committee shall have and may exercise all the powers of the Board, except as may be prohibited by law, with respect to all matters encompassed by this Charter, and all the power and authority required under the Sarbanes-Oxley Act of 2002. The Committee shall prepare the report required by the rules of the Commission to be included in the Company's annual proxy statement.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. The Board and the Committee recognize that the Company's management is responsible for preparing the Company's financial statements and the external auditors are responsible for auditing those financial statements. Therefore, the Board and the Committee's responsibility is one of oversight.

Membership and Meetings

The Committee shall consist of the number of directors fixed from time to time by the Board, not less than three. The members of the Committee shall be appointed and may be removed by the Board in its discretion and upon the recommendation of the Nominating and Corporate Governance Committee. The Committee's composition shall meet the independence and experience requirements of the New York Stock Exchange (NYSE), Section 10A(m)(3) of the Securities Exchange Act of 1934 (the Exchange Act) and the rules and regulations of the Commission, in each case after giving effect to any applicable phase-in requirements. At least one member of the Committee shall be an audit committee financial expert, as defined by Item 401(h)(2) of Regulation S-K promulgated by the Commission.

The Committee shall meet as often as its members shall determine to be necessary, or as meetings may be called by the Chair of the Committee, any two members of the Committee or the Chairman of the Board, but in any event shall meet not less frequently than quarterly. In addition, the Committee will make itself available to the external and internal auditors of the Company as requested. The Committee shall meet separately, periodically, with the management, with the internal auditors and with the external auditors. The Committee may invite members of management, other employees of the Company, the Company's outside counsel, the Company's external auditor or others to attend meetings with, and furnish pertinent information to, the Committee. Committee shall also meet in

executive session as required. The Board shall appoint one member of the Committee as Chair. The Chair of the Committee shall be responsible for scheduling all meetings of the Committee, determining the agenda for each meeting (following consultation with other members of the Committee and with management), presiding over meetings of the Committee and coordinating reporting to the Board. In the absence of the Chair, the majority of the members of the Committee present at a meeting shall appoint a member to preside at the meeting.

Authority and Responsibilities

The Committee is empowered to investigate any matter relating to the financial affairs and risk management of the Company brought to its attention, and shall have full access to all books, records, facilities and personnel of the Company. The

Committee shall have the authority to retain and obtain advice and assistance from independent counsel, accounting and other advisors without seeking Board approval. The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the external auditor for the purpose of rendering or issuing an audit report and to any advisors employed by the Committee.

The Committee has the sole responsibility and authority to select (subject to stockholder ratification), evaluate and, where appropriate, replace the Company's external auditors. The Committee shall preapprove all audit, review or attest engagements and permissible non-audit services, including the fees and terms thereof, to be performed by the external auditors, subject to, and in compliance with, the *de minimis* exception for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act and the applicable rules and regulations of the Commission. The Committee shall be directly responsible for the compensation and oversight of the work of the external auditor (including resolution of disagreements between management and the external auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services. The external auditor shall report directly to the Committee.

The Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant preapprovals of audit and permitted non-audit services. The Committee also may delegate such preapproval authority to any of its members. Any decisions of such subcommittees or members to grant preapprovals shall be presented to the full Committee at its next scheduled meeting.

In addition to the foregoing, the Committee shall:

Oversight of the External Auditors

1. Review and discuss with the external auditor the planning and staffing of the annual audit and any other services provided by the Company's external auditors, and approve the terms of and any fees related to the audit and such other services.
2. Review and evaluate the lead partner of the external auditors.
3. At least annually, obtain and review a report by the external auditors describing (i) the external auditors' internal quality-control procedures, (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the external auditor, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues, and (iii) all relationships between the external auditor and the Company as contemplated by Independence Standards Board Standard Number 1. Evaluate the external auditors' qualifications, performance and independence, including considering whether the external auditor's quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the external auditor's independence. In making this evaluation, the Committee shall take into account the opinions of management and the internal auditor. The Committee shall present its conclusions with respect to the external auditors to the full Board.
4. Assure the regular rotation of the audit partners as required by law. Consider, whether, in order to assure continuing auditor independence, there should be regular rotation of the audit firm itself.
5. Establish hiring policies for the Company's employment of the external auditors' employees or former employees.

Selection and Oversight of the Internal Auditors

6. Discuss and approve the appointment and replacement of the internal auditors.

7. Review and discuss with the internal auditors significant reports that the internal auditors prepare for management as well as management's responses to those reports.

8. Discuss with management and the external auditors the responsibilities, budget, staffing and qualifications of the internal auditors and any recommended changes in the planned scope of the internal audit. The internal audit function (which may be outsourced to a third-party service provider other than the external auditor) is intended to provide management and the Committee with ongoing assessments of the Company's risk management processes and system of internal control over financial reporting.

14. Review the disclosures that the Company's chief executive officer and chief financial officer make to the Committee and the external auditors in connection with the certification process for the Company's Form 10-K and Form 10-Q concerning any significant deficiencies or weaknesses in the design or operation of internal control over financial reporting and any fraud that involves management or other employees who have a significant role in the Company's internal control over financial reporting.
15. Review and discuss with management any earnings press releases, including the use of any non-GAAP financial measure as defined by the rules of the Commission, as well as financial information and earnings guidance provided to analysts and rating agencies. Such discussion may be done generally, covering, for example the types of information to be disclosed and the type of presentation to be made.
16. Review and discuss with management and the external auditor the effect of regulatory and accounting initiatives as well as off-balance sheet structures on the Company's financial statements.

24. Review and approve the services provided by independent accounting firms other than the external auditors.
25. 26. Perform such other functions as requested by the Board, or required by law or NYSE rule.
