**Item 1.01 Entry into a Material Definitive Agreement.**

The information provided in Item 2.03 is incorporated by reference herein.

**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of the Registrant.**

On September 27, 2006, the Registrant raised approximately \$10 million in net proceeds from an offering of trust preferred securities in a private placement purchased by TWE, Ltd., an exempted company incorporated under the laws of the Cayman Islands ( TWE ). The proceeds are to be used for general corporate purposes.

The Registrant formed a wholly-owned Delaware business trust subsidiary, United Bancorp Capital Trust II (the Trust ), for the specific purpose of: (1) investing in the Registrant's Floating Rate Junior Subordinated Notes (the Debt ), due September 30, 2036; (2) selling Trust Preferred Securities (the Preferred Securities ) to TWE; and (3) issuing Common Securities (the Common Securities ) to the Registrant.

Effective as of September 27, 2006, the Registrant and the Trust entered into a Purchase Agreement with TWE. On September 27, 2006, the Registrant issued \$10,310,000 in Debt to the Trust. Concurrently, the Trust issued \$10 million of the Preferred Securities to TWE and \$310,000 of the Common Securities to the Registrant. The Debt was purchased by the Trust concurrently with the Trust's issuance of the Preferred Securities and the Common Securities. The proceeds to the Registrant, net of the Placement Agent's fees and other offering expenses, was \$10 million, of which approximately \$5.75 million will qualify as Tier I capital for regulatory purposes based on the Registrant's present capital structure.

The interest on the Notes will be deductible and paid by the Registrant and represents the sole source of the Trust's revenues available for distributions to the holders of the Preferred Securities. The undertakings of the Registrant with regard to the issuance include the Registrant's guarantee of the Trust's obligations pursuant to the Amended and Restated Trust Agreement of the Trust and the Guarantee Agreement.

The Registrant has the right, assuming that no default has occurred regarding the Debt, to defer interest payments on the Debt, at any time and for a period of up to twenty consecutive calendar quarters. The Preferred Securities bear interest at a variable rate per annum equal to LIBOR plus 1.68%, which adjusts, and is payable, quarterly.

The Preferred Securities will mature concurrently with the Debt on September 30, 2036, but can be called after September 30, 2011 or earlier upon the occurrence of a Special Event, as defined in the transaction documents. Generally, a Special Event includes changes in applicable law after the date of issuance, that (i) would cause the aggregate liquidation amount of the Preferred Securities to not be eligible to be treated by the Registrant as Tier 1 Capital (or the then equivalent) for purposes of the capital adequacy guidelines of the Federal Reserve; (ii) would cause the Trust to be considered an investment company that is required to be registered

under the Investment Company Act of 1940; or (iii) would cause (a) the Trust to become subject to United States federal income tax with respect to income received or accrued on the securities, (b) interest payable by the Registrant on the securities to not be deductible by the Registrant, in whole or in part, for federal income tax purposes, or (c) the Trust to be subject to more than a *de minimis* amount of other taxes, duties or other governmental charges.

**SIGNATURES**
