METRIS COMPANIES INC. PROXY STATEMENT

ATTENDANCE AND VOTING MATTERS

Why Did You Send Me This Proxy Statement?

We sent you this Proxy Statement and the enclosed Proxy card because the Board of Directors (Board) of Metris Companies Inc. (we, us, our, Metris or Company) is soliciting your proxy to vote at the 2003 Annual Meeting of Stockholders (Annual Meeting). This Proxy Statement summarizes information concerning the director nominees and certain other proposals, and provides you information concerning the Company's performance and the compensation of our officers and directors. This information will help you to make an informed vote at the Annual Meeting.

We began mailing this Proxy Statement, the attached Notice of Annual Meeting and the enclosed Proxy card on or about April 28, 2003.

Who is Entitled to Vote?

Holders of our Common Stock. Stockholders of record of the Company's common stock, par value \$.01 (Common Stock), at the close of business on April 17, 2003 (record date) are entitled to vote at the Annual Meeting. A holder of Common Stock is entitled to one vote for each share of Common Stock held on the record date for each of the proposals set forth herein, except for electing to the Board nominees to represent the holders of our Series C Perpetual Convertible Preferred Stock, as discussed below, in which case the holders of Common Stock have no right to vote. There is no cumulative voting.

Holders of our Series C Perpetual Convertible Preferred Stock. The holders of our Series C Perpetual Convertible Preferred Stock (Series C Preferred Stock) are entitled to vote on all matters voted on by holders of our Common Stock, voting as a single class with the Common Stockholders, except for the election of directors. With respect to a vote on any matter other than the election of directors, each share of Series C Preferred Stock entitles its holder to cast the same number of votes he or she would have been able to cast if the share of Series C Preferred Stock was converted into Common Stock on the record date. One share of Series C Preferred Stock is convertible into 30 shares of Common Stock, plus a premium amount designed to guarantee a portion of seven years' worth of dividends at a 9% annual rate. For conversions in 2003, the premium amount would be equal to 76.5% of those dividends.

Affiliates of Thomas H. Lee Partners, L.P. and its predecessor, Thomas H. Lee Company, hold most of the outstanding shares of our Series C Preferred Stock. So long as they or their affiliates own at least 25% of the originally issued Series C Preferred Stock (or any shares of Common Stock issued upon conversion thereof), the holders of a majority of the shares of Series C Preferred Stock are entitled to elect four out of eleven directors of the Board. So long as the holders of our Series C Preferred Stock are entitled to elect four directors and the Thomas H. Lee Equity Fund IV, L.P. owns any shares of the Series C Preferred Stock (or any shares of Common Stock issued upon conversion thereof), it will have the right to appoint one of the four directors. So long as Thomas H. Lee Equity Fund IV, L.P. and its affiliates own at least 10% but less than 25% of the originally issued Series C Preferred Stock (or any shares of Common Stock issued upon conversion thereof), the holders of a majority of the shares of Series C Preferred Stock are entitled to elect one director.

On the record date (April 17, 2003) the total shares outstanding were:

57,726,071 shares of Common Stock, and

1,182,098 shares of Series C Preferred Stock.

The Series C Preferred Stock is normally fully convertible into Common Stock. This would mean that, as of the record date, our Preferred Stockholders would receive 42,616,367 shares, or approximately 42.5%, of our Common Stock on a diluted basis upon conversion of their Preferred Stock. However, the indenture

Table of Contents

that governs our 10% Senior Notes due 2004 requires us to offer to purchase those Notes in the event that such a conversion would result in a stockholder or group obtaining 35% or more of our outstanding voting stock. Therefore, we included a provision in the terms of our Series C Preferred Stock that sets the maximum percentage of outstanding voting stock that any stockholder or group could obtain while any of our 10% Notes remain outstanding at 34.9%. Accordingly, on the record date, the Series C Preferred Stock could have been converted into 30,946,849 shares of Common Stock, with the excess Series C Preferred Stock converting into 11,669,518 shares of non-voting Series D Preferred Stock. The Series D Preferred Stock automatically converts into Common Stock on a share-for-share basis at the time that the conversion will not exceed the ownership limitations described above. The terms of our Series D Preferred Stock are essentially the same as the terms of our Common Stock, except that

the Series D Preferred Stock has a liquidation preference of \$.10 per share, and

is non-voting, except as required by law to preserve the powers, preferences or other rights of that class of stock.

A list of stockholders entitled to vote at the Annual Meeting will be available at the Annual Meeting and for 10 days prior to the Annual Meeting at our corporate headquarters during normal business hours.

How Do I Vote?

Stockholders of record. If you are a stockholder of record, you can vote on matters to come before the Annual Meeting in one of three ways:

you can attend the Annual Meeting and cast your vote there;

by marking, signing, dating and promptly returning a Proxy card by mail; or

on the Internet at www.proxyvote.com.

The Board has selected David D. Wesselink and Richard G. Evans, the persons named on the Proxy card accompanying this Proxy Statement, to serve as proxies for the Annual Meeting. Messrs. Wesselink and Evans are officers of the Company.

Employees in the Metris Companies Inc. Employee Stock Purchase Plan and employees holding Restricted Stock issued under the Metris Companies Inc. Amended and Restated Long-Term Incentive and Stock Option Plan. If you hold shares of Common Stock under the Metris Companies Inc. Employee Stock Purchase Plan or shares of Restricted Stock issued under the Metris Companies Inc. Amended and Restated Long-Term Incentive and Stock Option Plan, you can vote those shares in any of the ways described above.

Employees in the Metris Retirement Plan 401(k). If you hold shares of Common Stock in the Metris Retirement Plan 401(k) (401(k) Plan), an employee benefit plan of the Company, you may direct the Trustee to vote those shares in the ways described above except in person at the Annual Meeting. You should vote by May 28, 2003. ADP Investor Communication Services will calculate the votes returned by all holders in the 401(k) Plan and notify the Trustee of the 401(k) Plan. Scudder Trust Company, the Trustee for the 401(k) Plan, will act in accordance with your instructions for voting your shares of Common Stock held in your 401(k) account. If your voting instructions for your 401(k) account are not received by May 28, 2003, the Trustee will vote your shares in its absolute discretion.

Beneficial stockholders. If your shares are held in the name of a bank, broker or other holder of record, follow the voting instructions you receive from the holder of record to vote your shares. Telephone and Internet voting are available to stockholders owning stock through most major banks and brokers.

If you vote by telephone or the Internet, you do not

need to return your Proxy card.

May I Revoke My Proxy?

If you give a proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in any one of three ways:

you may send in another Proxy card with a later date;

you may notify our Secretary in writing at 10900 Wayzata Boulevard, Minnetonka, Minnesota 55305-1534; or

you may vote in person at the Annual Meeting.

If you choose to revoke your proxy by attending the Annual Meeting, you must vote at the meeting in accordance with the rules for voting at the Annual Meeting. Attending the Annual Meeting will not, by itself, constitute revocation of a proxy.

Must a Minimum Number of Stockholders Vote or be Present at the Annual Meeting?

A quorum of stockholders is necessary to hold a valid meeting. Our Amended and Restated Bylaws state that the presence, in person or by proxy, of holders of one-third of the shares entitled to vote shall constitute a quorum. Under Delaware law, if a stockholder abstains from voting as to any particular matter, then the shares held by that stockholder shall be deemed present at the Annual Meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to the matter.

The Inspector of Election also will treat broker non-votes as shares that are present and entitled to vote for purposes of determining a quorum. Broker non-votes occur when a broker holding stock in street name votes shares on some matters but not others. As to matters for which the broker lacks discretionary authority, the shares will be treated as not present and not entitled to vote, even if included for purposes of determining a quorum.

If the number of shares present at the Annual Meeting is insufficient to constitute a quorum, the Annual Meeting may be adjourned to a later date by the vote of a majority of shares present. No notice, other than as given at the Annual Meeting itself, is required with respect to the time and place for the reconvening of the Annual Meeting.

What Vote is Required to Approve Each Proposal?

Amendments to Certificate of Incorporation. To amend the Company's Certificate of Incorporation, we need the affirmative vote of:

at least 80% of the combined voting power of all our outstanding shares of voting stock, voting together as a single class; and

at least a majority of the combined voting power of all our outstanding shares of voting stock that are held by Disinterested Stockholders, voting together as a single class.

For this purpose, Disinterested Stockholders are stockholders that are not (i) beneficial owners of 20% or more of our outstanding voting stock; (ii) beneficial owners of 20% or more of our outstanding voting stock within the last two years and an affiliate of the Company currently; (iii) someone that succeeded to the beneficial ownership of the stock that was held within the last two years by an interested stockholder, other than through some form of public distribution; or (iv) any affiliate or associate of the three kinds of stockholders listed above.

Election of Directors. The affirmative vote of a majority of the shares of our Common Stock represented at the meeting is required to elect either two directors for three-year terms or six directors for one-year terms, and the affirmative vote of a majority of the shares of our Series C Preferred Stock is required to elect C. Hunter Boll, Thomas M. Hagerty, David V. Harkins and Thomas H. Lee as directors (see Proposal Two).

Table of Contents

Ratification of KPMG LLP. The affirmative vote of a majority of all shares represented at the meeting.

What Are the Costs of Soliciting Proxies?

We will pay all costs of soliciting proxies. In addition to mailing proxy soliciting materials, we may also solicit proxies by telephone, facsimile, e-mail or otherwise. We also ask banks, brokers and other institutions, nominees and fiduciaries to forward proxy materials to the beneficial owners or principals and to obtain authority to execute proxies. We will reimburse them for their expenses. Officers and other regular employees of the Company, who will receive no extra compensation for their services, may solicit proxies in person or by telephone or facsimile. In addition, we have retained D.F. King & Co., Inc. to aid in the solicitation of proxies. We have agreed to pay them a fee of \$6,000 plus telephone solicitation fees and out-of-pocket expenses, which is anticipated to be approximately \$45,000.

What Matters May be Raised at the Annual Meeting?

The Board is aware of three items for action at the Annual Meeting:

1. the approval of amendments to the Company's Amended and Restated Certificate of Incorporation to declassify the Board and provide for one-year terms of office for all directors;
2. the election of two directors for three-year terms or, if Proposal One is approved, electing six directors for one-year terms; and
3. the ratification of KPMG LLP as independent auditor for the Company for the fiscal year ending December 31, 2003.

For the Annual Meeting, our Bylaws required that stockholders submit in writing any nomination for director or any other item of business not less than 45 days prior to the date one year after the date on which we first mailed last year's Proxy Statement, or February 12, 2003. No stockholder has made a nomination or submitted an item of business.

Under the proxy rules promulgated by the Securities and Exchange Commission (SEC), a proxy may confer discretionary authority to vote on any matter for which we did not have notice in accordance with the notice provisions in our Bylaws. Therefore, if any other matter is presented at the Annual Meeting and you have signed and returned a Proxy card, the holder of your proxy will vote upon that matter in his or her discretion.

In addition, under the rules of the SEC, the holders of your proxy may also vote in their discretion with respect to matters incident to the conduct of the Annual Meeting or, in the case of a nominee for election as director who is unable to serve, for a substitute nominee.

What if I Want to Obtain Further Information as Reported on the Company's Form 10-K?

We sent copies of our Annual Report on Form 10-K for the year ended December 31, 2002 with this Proxy Statement to those stockholders who received this Proxy Statement by mail. Other stockholders who have actively consented can receive copies of both documents electronically. If you need a copy of our Form 10-K, we will send one to you without charge. CORPORATE GOVERNANCE

How Do We Manage Our Company?

Under Delaware law, the ultimate decision-making body of the Company is the Board of Directors. The Board decides all of our major questions and selects our management to manage operations day-to-day. To meet its obligations, the Board meets at least quarterly. When circumstances arise requiring the decision of the Board prior to the next regularly scheduled meeting, the Board may hold a special meeting to discuss such matters. In addition, during 2002, Board members met periodically on an *ad hoc* basis to discuss current issues facing the Company. The Board may also render decisions through unanimous written consents. On December 15, 2002, the Board terminated Ronald N. Zebeck and elected David D. Wesselink as Chairman of the Board and Chief Executive Officer (CEO) of the Company. On February 7, 2003, Derek V. Smith resigned as a director of the Company.

The Company's Board is currently divided into three classes, with one class being elected each year and members of each class elected for three-year terms. The proposed amendments to the Company's Amended and Restated Certificate of Incorporation will eliminate the classified Board (see Proposal One). If the proposal is approved, all directors will serve for one-year terms expiring at the annual meeting held in the year following their election, and all directors will be required to stand for re-election at each annual meeting of stockholders. In addition, if the proposal is approved, the Board intends to have all current directors, with the exception of Ronald N. Zebeck, stand for election at this Annual Meeting. If the proposal is not approved, the Company's Class Two directors (Edward B. Speno and David D. Wesselink) will stand for election at this Annual Meeting (see Proposal Two).

How Often Did Our Directors Meet?

During 2002, the Board held four regular quarterly meetings and twelve special meetings. In addition to meetings of the Board, the directors attended meetings of the various Board committees. From time to time, management also informally sought counsel and advice from members of the Board on an *ad hoc* basis. Overall director attendance at Board and committee meetings during 2002 was 93%.

It should be noted that due to various issues facing the Company in 2002, many special meetings of the Board and Audit Committee were convened without a great deal of advance notice to the directors. In 2002, Walter M. Hoff had an overall attendance rate of 73%, as he was unable to attend seven out of twenty-six Board and committee meetings. Mr. Hoff always followed-up with other members of the Board or executive management after each meeting that he was unable to attend in order to remain current with regard to the important issues facing the Company.

What Committees has the Board Authorized?

Our Bylaws authorize the full Board to create committees to assist in the management of the Company. The Board has four standing committees.

The *Audit Committee*, comprised of three members of the Board, supervises and reviews our financial and accounting practices. The Audit Committee also reviews financial information with management before the public release of quarterly earnings information, meets with our internal audit personnel and makes recommendations to the Board as to the selection of the independent auditor. The Audit Committee met at four regular meetings and six special meetings during 2002. At each regular meeting in 2002, it received reports from management and our independent auditor concerning the Company's accounting and reporting practices and fiscal soundness. All members of the Audit Committee are independent for purposes of the New York Stock Exchange listing standards.

On February 7, 2003, Derek V. Smith resigned as a director of the Company and as a member of the Audit Committee. Mr. Smith is Chairman and CEO of ChoicePoint Inc., a company that provides information-related services to Metris on a regular basis. ChoicePoint billed the following for services it

Table of Contents

provided to us in 2002: \$35,866 for background and credit checks of prospective employees, and \$75,642 in connection with appending demographic data for marketing campaigns. In 2002, the Board determined, in the directors' business judgment, that Metris' relationship with ChoicePoint did not interfere with Mr. Smith's exercise of independent judgment.

The *Compensation Committee*, comprised of three members of the Board, determines the compensation awarded to directors and officers, subject to ratification by the full Board for compensation and benefits granted to our Chairman and CEO. The Compensation Committee approves, adopts and administers our compensation plans and administers and grants stock options under the Company's stock option plan for employees. During 2002, the Compensation Committee met at four regular and nine special meetings. All members of the Compensation Committee are independent for purposes of the New York Stock Exchange listing standards.

On December 31, 2002, Lee R. Anderson, Sr. resigned as a member of the Compensation Committee due to his relationship with A & L Partnership, LLP, the landlord with which our subsidiary, Metris Direct, Inc. (MDI), has a lease in Duluth, Minnesota. See *Do Any Directors Have Relationships With Entities Doing Business With the Company?* on page 9 of this Proxy Statement for additional information. Pursuant to Internal Revenue Code §162(m), Mr. Anderson is not considered an outside director for purposes of voting on compensation plans of the Company.

On February 26, 2003, Thomas M. Hagerty replaced David V. Harkins as a member of the Compensation Committee.

The *Executive Committee*, comprised of three members of the Board, is authorized to exercise the full power of the Board in the management and conduct of business affairs during interim periods between meetings of the Board. The Executive Committee met four times during 2002. On December 15, 2002, Ronald N. Zebeck was removed as a member of the Executive Committee and David D. Wesselink was appointed to fill the vacancy.

The *Nominating/ Corporate Governance Committee* is comprised of three members of the Board. The Nominating/ Corporate Governance Committee's charter is attached to this Proxy Statement as Appendix A. Among other things, the Nominating/ Corporate Governance Committee is authorized to identify, select and recommend for consideration by the Board, candidates for election as directors of the Company and assist the Board in fulfilling its corporate governance and oversight responsibilities. This committee will also review and respond to director nominations or recommendations submitted by stockholders of the Company. A stockholder of the Company that wants to make such a nomination or recommendation must submit a notice to the Secretary of the Company within the time frame described above (see *What Matters May be Raised at the Annual Meeting?* on page 4 of this Proxy Statement). The notice must set forth (i) the name, age, business and residence addresses of the nominee; (ii) the principal occupation or employment of the nominee; (iii) the class and number of shares of stock of the Company beneficially owned by the nominee; (iv) any other information relating to the nominee that would be required to be disclosed in solicitations or proxies for the election of such nominee; (v) the name and address of the stockholder submitting the nomination or recommendation; and (vi) the class and number of shares of stock of the Company beneficially owned by the stockholder submitting the nomination or recommendation. The Nominating/ Corporate Governance Committee, which was created by the Board in May 2002, did not meet during 2002. All members of the Nominating/ Corporate Governance Committee are independent for purposes of the New York Stock Exchange listing standards.

How Are Directors Compensated?

Only non-employee directors received compensation for serving as directors of the Company. We have the following arrangements for compensation of non-employee directors.

Annual Retainer	\$30,000 for each Board member \$30,000 for each Executive Committee member
Attendance Fees	\$3,500 for each Board and Committee meeting attended in person \$1,750 for each Board and Committee meeting attended via teleconference
Committee Chair Stipend	\$5,000 annually

In 2002, non-employee directors received a total of \$1,028,500 as a group.

We believe that payment of compensation to non-employee directors should not be solely in the form of cash but should be tied to the Company's performance. In October 1996, the Board adopted a Non-Employee Director Stock Option Plan. The first grants under the plan went to non-employee directors serving at the time of our initial public offering. Those grants were in the amount of 15,000 shares with an exercise price of \$5.33, which was the price of the Common Stock at the time of the initial public offering, adjusted for the two-for-one stock split in June 1999, and the three-for-two stock split in June 2000.

The Board adopted a resolution in May 2001 updating a policy that it originally approved in April 1997, whereby non-employee directors receive options to purchase Common Stock at the fair market value on certain dates. That policy awards 7,500 shares to each non-employee director upon commencement of service on the Board. Each non-employee director also receives options to purchase 7,500 shares annually at the second regular quarterly meeting of the Board. The exercise price for those options is based on the closing price of the Common Stock the day before the grant. The options are immediately exercisable. In 2002, our non-employee directors (Lee R. Anderson, Sr., C. Hunter Boll, John A. Cleary, Thomas M. Hagerty, David V. Harkins, Walter M. Hoff, Thomas H. Lee, Derek V. Smith, Edward B. Speno and

Table of Contents

Frank D. Trestman) were each awarded options to purchase 7,500 shares of Common Stock of the Company under the Metris Companies Inc. Amended and Restated Non-Employee Director Stock Option Plan.

The Board may change the amounts and timing of such awards in the future. To date, the Board has granted options to purchase up to 530,000 shares of Common Stock to its non-employee directors.

Directors that are employees of the Company do not receive compensation from us for service as a director. However, all directors, including employee directors, are reimbursed for reasonable travel, lodging and other incidental expenses incurred in attending meetings of the Board and its Committees.

We also indemnify our directors and officers to the fullest extent permitted by law. Our Bylaws require such indemnification.

Has the Company Engaged in Any Transactions with Our Management?

In May 1999, we entered into an agreement with Ronald N. Zebeck designed to provide him incentives to continue long-term service as a key employee of Metris. The following are the significant terms and conditions of that agreement:

Loan. We have loaned Mr. Zebeck \$5 million for a five-year term (due May 17, 2004) at an annual interest rate of 6.25% compounded quarterly. As of March 14, 2003, the largest aggregate amount of indebtedness outstanding on the note is \$6,339,895, \$5 million of which is unpaid principal and \$1,339,895 of which is accrued interest.

Bonus Payment. Effective December 15, 2002, Mr. Zebeck was terminated as an officer of the Company. The terms of the loan agreement provide that if Mr. Zebeck remained employed by us until May 17, 2004, or if his employment by us is terminated before that date due to (a) his death or disability, or (b) for any reason other than for cause, we will pay him a bonus equal to (1) the amount of interest accrued on the loan, plus (2) the gross-up amount of taxes relating to his receipt of the interest amount. At the time it terminated Mr. Zebeck's employment, the Company reserved the right to treat his termination as for cause. Accordingly, whether Mr. Zebeck is entitled to the bonus described in this paragraph will depend on the resolution of the basis for his termination.

Option Reload. The loan agreement provides that on the date of each exercise of the options to purchase 1,968,225 shares of our Common Stock that Mr. Zebeck held at the time of the loan agreement, he will be granted a new non-qualified stock option under our Amended and Restated Long-Term Incentive and Stock Option Plan to purchase the number of whole shares that he instructs us to withhold as payment for the exercise price and taxes. On June 2, 2000, Mr. Zebeck exercised options to purchase 1,968,225 shares of Common Stock and instructed us to withhold 1,125,000 shares as payment for the exercise price and taxes. On June 2, 2000, Mr. Zebeck was issued a replacement option to purchase 997,750.5 shares of Common Stock, the exercise price of which was the fair market value (\$27.42) of the withheld shares on the date that Mr. Zebeck exercised the original option. The replacement option vests on the fifth anniversary of the date it was granted (June 2, 2005), provided that Mr. Zebeck remains employed by the Company and retains ownership of at least 25% of the aggregate number of shares received by him upon the exercise of the original option and any replacement option. The loan agreement further provides that if, prior to the fifth anniversary of the grant of any replacement option, he no longer owns at least that number of shares, Mr. Zebeck will forfeit any unexercised remaining replacement option. Due to Mr. Zebeck's termination from employment on December 15, 2002, the replacement option will not vest.

Restricted Stock Award. Under the loan agreement, Mr. Zebeck was awarded 300,000 shares of Restricted Common Stock that would vest on April 1, 2004. Due to Mr. Zebeck's termination from employment, the shares of Restricted Common Stock were forfeited to the Company.

Do Any Directors Have Relationships With Entities Doing Business With the Company?

Lee R. Anderson, Sr. owns 51% of A & L Partnership, LLP, the landlord with which our subsidiary MDI, entered into a lease in June 2001 of a building in Duluth, Minnesota. The facility, which MDI leased for an initial term of five years, houses an operations center where we currently employ approximately 210 collectors and support staff. During 2002, MDI paid a total of \$320,562, which includes base rent and operating expenses. Under the terms of the lease, base rent (excluding operating expenses) is \$19,694 per month, which will increase by approximately \$1,250 per year for the remainder of the lease term. Mr. Anderson was not involved in negotiations regarding the lease. Neither Metris nor A & L Partnership considers the lease to be material to its business. We believe that the rental rates and other terms of the lease are comparable to those that MDI would negotiate on an arm's-length basis with other entities with which our directors do not have relationships.

Directors Representing Our Series C Preferred Stock. All of our Preferred Stockholders, and the four directors representing them—C. Hunter Boll, Thomas M. Hagerty, David V. Harkins and Thomas H. Lee—are affiliates of Thomas H. Lee Partners, L.P. On the record date, the outstanding shares of Series C Preferred Stock were convertible into approximately (a) 30.9 million shares of Common Stock, or 34.9% of our Common Stock on a diluted basis, and (b) 11.7 million shares of non-voting Series D Preferred Stock. Our independent auditor, KPMG LLP, provides services to affiliates of Thomas H. Lee Partners, L.P. on a periodic basis.

Backup Financing Facility. On March 31, 2003, Thomas H. Lee Equity Fund IV, L.P. (THL Fund IV), an affiliate of Thomas H. Lee Partners, L.P., committed to provide a term loan to the Company in an aggregate amount of \$125 million as a backup financing facility, secured by assets of the Company. The Company paid THL Equity Advisors IV, LLC, a \$5.625 million commitment fee for this transaction.

On the record date, THL Fund IV holds shares of the Company's Series C Preferred Stock convertible into 36,078,675 shares of the Company's Common Stock. Furthermore, the four directors elected by holders of our Series C Preferred Stock, Messrs. Boll, Hagerty, Harkins and Lee, are each a principal managing director of Thomas H. Lee Advisors, LLC, which is the general partner of Thomas H. Lee Partners, L.P., which is the managing member of THL Equity Advisors IV, LLC, which in turn is the sole general partner of THL Fund IV. Therefore, these four directors may have a material interest in this backup facility transaction.

The backup facility would carry an interest rate of 12% per annum plus an option to earn an additional meaningful economic return based on the performance of the Company's managed receivables through December 31, 2004. The backup facility would be repayable in full on March 1, 2004. THL Fund IV's obligation to loan funds to the Company is subject to a number of conditions, including the requirement that the Company receive an opinion or opinions satisfactory to THL Fund IV that the new credit facility is fair, from a financial point of view, to the Company and to the holders of the Company's outstanding Senior Notes.

So, for example, you beneficially own our Common Stock not only if you hold it directly, but also if you indirectly (through a relationship, a position as a director or trustee, or a contract or understanding) have (or share) the power to vote the stock, or to sell it, or you have the right to acquire it within 60 days.

- (a) These options were granted under the Metris Companies Inc. Amended and Restated Long-Term Incentive and Stock Option Plan and expire 10 years after their grant date. All the options were granted on May 6 and 7, 2002, and will vest as follows: (a) 50% of the grants in equal increments over four years; and (b) 50% based on Company and industry financial performance criteria, in three equal increments over a three-year minimum and six-year maximum period, and beginning: (1) at the earliest one year after the grant date, and (2) at the latest four years after the grant date. Furthermore, these options have an option reload provision which allows the executive to cover the tax and cost of the option exercise by surrendering mature shares. The executive is then granted an option to purchase the number of shares of Common Stock equal to the number of shares surrendered.
- (b) These dollar amounts are the result of calculations of the present value of the grant on the date of grant using the Black-Scholes option pricing method and the following assumptions: 1.62% dividend yield, 92.87% expected volatility, 3.74% risk-free interest rate and six year expected life. The actual gains, if any, on stock option exercises will depend on the future performance of the Common Stock.
- (c) Effective December 15, 2002, Mr. Zebeck was terminated as an officer of the Company and Mr. Wesselink was elected Chairman and CEO of the Company. Messrs. Reak and Fox resigned as officers of the Company effective January 17, 2003. Due to Mr. Zebeck's termination and the resignation of Messrs. Reak and Fox, all options previously granted to such individuals will continue to vest for 90 days from the last date employed. Messrs. Zebeck, Reak and Fox have up to seven months from the last day employed to exercise any vested options or such options will be forfeited.

Deferred Compensation Plans

Deferred Restorative Retirement Plan. In November 1999, the Compensation Committee adopted a Deferred Restorative Retirement Plan (DRRP) that is limited to a select group of management and highly compensated employees of the Company as a means of sheltering a portion of their income from current taxation while accumulating resources for future investments or retirement. The DRRP is designed to make whole an employee whose benefits under the Company's 401(k) Plan are limited by the application of Section 415 of the Internal Revenue Code, which limits the amount of contributions that can be made to a defined contribution plan on behalf of an employee. Under the DRRP, participants may

defer up to 15% of their salary and bonus with a maximum compensation level of \$300,000. The DRRP allows for a 50% match on the first 6% of eligible compensation deferred by the employee. The DRRP also restores the discretionary profit sharing contribution if made under the 401(k) Plan for compensation recognized above the Section 415 limit up to \$300,000. On February 10, 2003, the Compensation Committee terminated the DRRP and directed the distribution of vested balances to plan participants.

Supplemental Executive Retirement Plan. In October 1999, the Compensation Committee adopted a Supplemental Executive Retirement Plan (SERP) that covers the Company's officers or other senior management employees who are selected for participation by the Compensation Committee and the Chief Executive Officer. The SERP is an account balance plan to which the Company makes annual contributions targeted to provide a specified benefit at retirement. Under the SERP, the Company will pay a benefit to a participant whose employment relationship with the Company is completely severed either (a) at age 65, or (b) if the participant has completed five years of plan participation, and has attained age of 55 or greater while employed with the Company. The annual retirement benefit payable under the SERP is targeted to equal either 60% (for the Chief Executive Officer and Executive Vice Presidents) or 40% (for Senior Vice Presidents) of the average of the participant's final three years of salary and bonus with the Company. Benefits under the SERP will be paid in 15 annual installments, commencing no later than 60 days after the last day of the year in which the participant retires. Upon a change in control of the Company, a termination of the participant's employment will be deemed to have occurred and, for purposes of determining eligibility for benefits, a participant will be deemed to have reached the age of retirement and completed five years of plan participation.

The SERP was amended in 2001 to include the following clarification of change in control and the additional triggers that would result in the pay-out of the age 55 benefit:

a material diminution or other material adverse change in the participant's job title, offices, duties, responsibilities, level of administrative support or status from that held, assigned or receiving within the 90-day period preceding the change in control event;

a material reduction in the participant's compensation (including base salary and bonuses), qualified and non-qualified pension and profit sharing benefits, welfare and fringe benefits, or executive expense allowances in comparison to that which the participant is entitled to during the 90-day period immediately before the change in control event;

participant is forced to relocate to a business location more than forty (40) miles from the location at which the participant was assigned immediately before the initial change in control event, or

participant's employer or the surviving company in a merger to which the employer is a party, terminates its sponsorship of the SERP, or suspends or discontinues annual company contributions to the SERP.

The SERP was further amended in February 2003 to provide the Compensation Committee with the authority to accelerate the vesting of any unvested participant balances if it deems early vesting to be in the best interest of the Company.

If a participant dies before the participant's employment terminates, his/her death will be treated as a termination of employment and the participant will be deemed to have reached the age of retirement and completed five years of plan participation. During 2002, the Company contributed the following amounts under the SERP for our former and current CEO, and each of the other named executive officers who are participants: Mr. Zebeck, \$0; Mr. Wesselink, \$798,444; Mr. Hoffman, \$140,568; Mr. Reak, \$133,549; Mr. Evans, \$251,687; and Mr. Fox, \$135,806. The Company calculates these contributions based on actuarial assumptions regarding years of participation and future investment return on participants' account balances. The Company has assumed that these officers will remain participants in the SERP until age 65. The total amount that has been deferred under the SERP for the named executive officers is \$5,122,622. The estimated annual benefit payable to each of the named executive officers upon retirement is: \$3,328,011 for Mr. Zebeck; \$758,111 for Mr. Wesselink; \$1,050,706 for Mr. Hoffman; \$1,103,241 for

Table of Contents

Mr. Reak; \$586,402 for Mr. Evans; and \$827,517 for Mr. Fox. Due to the termination or resignation of Messrs. Zebeck, Reak and Fox prior to vesting, they are not entitled to receive benefits under the SERP.

Management Stock Purchase Plan

In May 1999, the Company's stockholders approved a Management Stock Purchase Plan which allows a participant to defer up to 50% of his/her bonus. Any employee whose job title is Senior Vice President or higher and who participates in the Management Incentive Bonus Plan is eligible to participate in the Management Stock Purchase Plan.

Amounts deferred under the Management Stock Purchase Plan are credited to a stock purchase account as restricted stock units representing unissued shares of Common Stock. The price of the restricted stock unit is the closing price of Company Common Stock on the date the deferral was made. The Company will also match the deferred amount at a rate equal to \$1 for every \$3 contributed by the participant. The participant's contribution is immediately vested and the match vests on the last day of the calendar year of the third anniversary of the performance year for which the bonus was paid. Unless a participant's employment is terminated, amounts contributed to the stock purchase account must remain in the account for a minimum of three years.

Incentive Plan for Designated Corporate Officers

The Incentive Plan for Designated Corporate Officers was established by the Company's stockholders in response to Section 162(m) of the Internal Revenue Code. The plan originally was approved by the stockholders at the 1997 Annual Meeting, and amendments to the plan were approved by the stockholders at the 1998 and 1999 Annual Meetings. The plan contains a stock purchase component which allows a participant to defer up to 50% of his/her bonus. The Compensation Committee annually names the participants of this plan.

Amounts deferred under the Incentive Plan for Designated Corporate Officers are credited to a stock purchase account as restricted stock units representing unissued shares of Common Stock. The price of the restricted stock unit is the closing price of Company Common Stock on the date the deferral was made. The Company will also match the deferred amount at a rate equal to \$1 for every \$3 contributed by the participant. The participant's contribution is immediately vested and the match vests on the last day of the calendar year of the third anniversary of the performance year for which the bonus was paid. Unless a participant's employment is terminated, amounts contributed to the stock purchase account must remain in the account for a minimum of three years.

Change of Control Severance Agreements

The Company has entered into Change of Control Severance Agreements ("Severance Agreements") with key employees, including each of the named executive officers in this Proxy Statement. These agreements are intended to provide continuity of management in the event of a change of control. Each Severance Agreement provides that the covered employee be assured of certain salary and compensation while employed during the two-year period after a change of control ("Post-Change Period"), and also provides severance payments if the Company terminates employment of the covered employee, other than for death, disability or cause, or if such employee terminates his or her employment for good reason, as defined in the agreement.

While employed during the Post-Change Period, each covered employee will be paid an annual salary at least equal to 12 times that employee's highest monthly base salary paid during the 12-month period prior to the change of control event ("Guaranteed Base Salary"). In addition, the covered employee will be entitled to participate in all incentive compensation, retirement and welfare plans applicable to peer executives at the Company during the Post-Change Period, but in no event shall those incentive compensation, retirement and welfare plans be on terms less favorable to the employee than the most favorable terms provided to the employee under plans in effect 90 days prior to the change of control. All outstanding stock options granted to the covered employee will become fully vested upon the occurrence of

Table of Contents

a change of control event. To the extent those options are forfeited, the covered employee will be entitled to receive a cash payment equal to the aggregate difference between the fair market value of Company Common Stock underlying such forfeited options and the exercise price to purchase such stock.

The severance payments to be made if the employee is terminated without cause, or if he/she resigns with good reason during the Post-Change Period, include the following:

- (a) an amount equal to the Guaranteed Base Salary and accrued vacation through the applicable termination date;
- (b) a lump sum payment in cash equal to a certain number times the covered employee's Guaranteed Base Salary plus the highest annual bonus paid to that employee during the preceding two years (Guaranteed Bonus);
- (c) a cash payment equal to a pro rata of the Guaranteed Bonus for the year of termination;
- (d) all deferred amounts under any Company non-qualified deferred compensation or pension plan, together with accrued but unpaid earnings thereon;
- (e) an amount equal to the unvested portion of the employee's accounts, accrued benefits or payable amounts under any qualified plan, and certain pension, profit sharing and retirement plans we maintain; and
- (f) an amount equal to fees and costs charged by an outplacement firm.

In addition, the Company has agreed, for the period following the employee's termination date until the first anniversary of their termination date, to continue to provide to such employee certain welfare benefits, including, but not limited to, medical, dental, disability, and individual life and travel accident insurance on terms at least as favorable as provided to other employees at the same level during the 90-day period preceding the change of control event.

Each Severance Agreement provides that the Company shall make an additional gross up payment if the covered employee would receive a payment deemed an excess parachute payment under the Internal Revenue Code of 1986 to pay any excess tax pursuant to Section 4999 of the Code. The Company will not be able to deduct any excess parachute payments, if any, made to executive officers under the agreements nor any payment of any gross up for payment of the tax.

Each covered employee signing a Severance Agreement agrees for a period of years, equal to the number by which his or her Guaranteed Base Salary and Guaranteed Bonus is multiplied for the determination of severance, not to compete with the Company. The number of years and the number by which the Guaranteed Salary and Guaranteed Bonus are multiplied for each of the named executive officers are as follows:

Executive Officer	Multiplier
Zebeck(1)	3x
Wesslink	2x
Hoffman	2x
Reak(2)	2x
Evans	2x
Fox(2)	2x

- (1) Effective December 15, 2002, Mr. Zebeck was terminated as an officer of the Company. Change of control coverage ended on his last day of employment.
- (2) Effective January 17, 2003, Messrs. Reak and Fox resigned as officers of the Company. Change of control coverage ended on their last day of employment.

Table of Contents

A change of control under the Severance Agreements occurs if any of the following events occur:

- (a) any person as defined in the Securities Exchange Act of 1934 acquires beneficial ownership, as defined in the Exchange Act, of more than 30% of the Common Stock of the Company, except under Mr. Wesselink's and Mr. Evans' agreements, in which the ownership percentage required is 50%;
- (b) individuals who constitute the Board prior to a change of control cease to constitute a majority of the Board; or
- (c) certain corporate reorganizations, including certain mergers, sale of substantially all of the assets, liquidation or dissolution.

The issuance of the Series C Preferred Stock to affiliates of Thomas H. Lee Partners, L.P. and its predecessor, Thomas H. Lee Company, on June 1, 1999, constituted a change of control under these agreements. Mr. Zebeck waived that change of control under his Change of Control Severance Agreement.

Key Person Life Insurance

During 2002, the Company provided an insurance death benefit for Ronald N. Zebeck in the amount of \$25 million. The Company was the beneficiary of \$20 million and Mr. Zebeck's spouse was the beneficiary of \$5 million. Due to Mr. Zebeck's termination of employment, this key person life insurance policy was cancelled.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Policies

The Board has delegated to the Compensation Committee (Committee) the authority to review, set and administer the Company's compensation plans, subject to ratification by the full Board as to the compensation paid to the Chairman and Chief Executive Officer (CEO). The Committee is comprised entirely of independent directors for purposes of the New York Stock Exchange listing standards.

The Committee has established compensation guidelines to achieve four basic goals:

To promote stock ownership for key executives so as to align their compensation with stockholder interests;

To allow the Company to attract, retain and motivate executives of the highest caliber;

To align compensation directly with stockholder market value through financial performance goals and accomplishment of team or individual objectives; and

To establish annual incentives based on aggressive performance goals.

For 2002, these policies were achieved through a compensation program consisting of base salary, short-term incentive compensation in the form of bonuses, and long-term stock options.

Base Salaries of Executive Officers other than the Chief Executive Officer

Each year the Committee reviews base salaries of the senior officers, including the executive officers named in this Proxy Statement in the section entitled Compensation Tables and Compensation Matters. In determining base salaries, the Committee considers the range of salaries paid to similar officers at comparable companies. In addition, the Committee makes subjective judgments concerning individual performance of the executive officer.

This year, the Committee commissioned an independent human resources consulting firm to perform external market comparisons regarding executive compensation. This comparison demonstrated that the base salary we pay to Company executives is generally competitive to that of peer executives at comparable companies within the Company's market. This is consistent with the Company's goal to reward employees based upon Company performance. Where salaries were deemed to be above market, no increase will be granted in 2003.

Bonus Payments to Executive Officers other than the Chief Executive Officer

In 2002, other than our former and current Chairman and CEO, and Messrs. Hoffman, Fox and Reak, who participated in the Amended and Restated Annual Incentive Bonus Plan for Designated Corporate Officers (Designated Corporate Officers Plan), the remaining executive officers and other corporate officers and employees participated in the 2002 Metris Companies Inc. Management Incentive Bonus Plan (Management Incentive Plan).

Payouts under the Management Incentive Plan are based upon two components: (i) Company performance as measured by targets selected by the Committee; and (ii) individual management objectives set for each employee and approved by the CEO. The weight accorded each component is based on the position level of the employee. More senior employees' bonuses are weighted heavily on Company performance, whereas, less senior employees' bonuses depend heavily upon reaching individual goals.

For 2002, no payouts were made under either the Management Incentive Plan or the Designated Corporate Officers Plan.

Table of Contents

Stock Options for Executive Officers other than the Chief Executive Officer

In 2002, all executive officers and other key employees were granted non-qualified stock options under the Company's Amended and Restated Long-Term Incentive and Stock Option Plan. During the year, options played an important role in attracting superior employees. In addition, options were granted to executives and employees whose individual performances demonstrated continued excellence.

The options granted provided that they would expire in 10 years. The May 6 and 7, 2002 option grants vest as follows:

50% of the grant in equal increments over four years from May 6 or 7, 2003 to May 6 or 7, 2006, respectively; and

50% based on Company and industry financial performance criteria, in three equal increments over a three-year minimum and six-year maximum period, beginning: (i) at the earliest one year after the grant date; and (ii) at the latest four years after the grant date.

All stock options granted in 2002 have an exercise price equal to the fair market value of Company Common Stock on the date of the grant. The fair market value of Company Common Stock on the date of the grant is determined to be the closing price of the Company's Common Stock as reflected on the New York Stock Exchange on the day immediately prior to the grant date.

Compensation of the Chief Executive Officer(s)

Although the full Board must ratify any Committee decision concerning compensation paid to Ronald N. Zebeck, former Chairman and CEO, and David D. Wesselink, current Chairman and CEO, only the Committee may actually set such compensation. The Board has not modified, in any material way, any recommendation of the Committee in 2002.

Ronald N. Zebeck

Each year the Committee thoroughly reviews competitive market data and compares it to the current base salary of the CEO. The data is selected based on peer companies within the Company's market. In 2002, Mr. Zebeck's base salary was increased by 10% from \$880,000 to \$968,000. In reaching its decision to increase Mr. Zebeck's base salary, the Committee considered several factors including market conditions and prior Company performance.

At the beginning of 2002, Mr. Zebeck met with the Committee to discuss his goals and objectives for the coming year and to set the performance goals under the Designated Corporate Officers Plan. Based on such discussion, the Committee decided that Mr. Zebeck's bonus would be tied entirely to certain earnings per share (EPS) targets. Since the EPS target was not met in 2002, no bonus was awarded to Mr. Zebeck under the Designated Corporate Officers Plan.

In May 2002, the Committee authorized a grant of options to Mr. Zebeck to purchase 470,842 of the Company's Common Stock under the Company's Amended and Restated Long-Term Incentive and Stock Option Plan (Stock Option Plan). Although the exercise price and vesting schedule were the same as set forth above for the May 6 or 7, 2003 options grants, the options will not vest due to Mr. Zebeck's termination of employment.

We awarded 76,041 shares of restricted Common Stock to Mr. Zebeck in 2002. The restricted stock was scheduled to vest in 2007, but has been cancelled due to Mr. Zebeck's termination of employment.

David D. Wesselink

Mr. Wesselink was elected Chairman and CEO on December 15, 2002. As a result of Mr. Wesselink's promotion, the Committee recommended and the Board approved a salary adjustment from \$462,000 to \$625,000 effective December 15, 2002. For most of 2002, Mr. Wesselink acted in the capacity of Vice Chairman of the Company and, as a result, his goals and objectives under the Designated

Table of Contents

Corporate Officers Plan were established in discussion with the former Chairman and CEO. Due to Company performance in 2002, no bonus payment was made to Mr. Wesselink. Furthermore, due to the timing of his promotion, his performance goals as Chairman and CEO for 2002 were not established.

In May 2002, the Committee authorized a grant of options to Mr. Wesselink to purchase 140,230 of the Company's Common Stock under the Stock Option Plan. The exercise price and vesting schedule are the same as set forth above for the other executive officers granted options on May 6 or 7, 2002.

On February 10, 2003, the Committee authorized a grant of options to Mr. Wesselink to purchase 400,000 shares of the Company's Common Stock under the Stock Option Plan. The vesting schedule for that grant is 50% of the grant immediately, and 50% on the second anniversary of the grant.

Policy on Deductibility of Compensation

Under Section 162(m) of the Internal Revenue Code, the Company is generally precluded from deducting compensation in excess of \$1 million per year for its CEOs and the next four highest paid executive officers, unless payments are made under qualifying performance based plans.

The Committee generally intends to pursue a strategy to maximize the deductibility of compensation paid to executives. However, the Committee reserves the right to take actions it considers to be in the Company's best interest, including the authorization of compensation without regard to deductibility.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is composed of three independent directors and operates under a written charter adopted by the Committee and approved by the Board. The Audit Committee's charter was recently updated and is attached to this Proxy Statement as Appendix B. The members of the Audit Committee are Frank D. Trestman (Chair), Walter M. Hoff and Edward B. Speno. On February 7, 2003, Derek V. Smith resigned as a director of the Company and as a member of the Audit Committee due to personal and business time constraints.

Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent auditor, KPMG LLP (KPMG), is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee is responsible for considering and reviewing with management and the independent auditors the adequacy of these internal controls and accounting functions. As part of fulfilling this responsibility, the Audit Committee meets and discusses these matters with the Company's internal audit personnel. The internal auditors are responsible to the Audit Committee for testing the integrity of the financial accounting and reporting control systems, and such other matters as the Audit Committee determines.

In connection with these duties, the Audit Committee met with management and KPMG to review and discuss the December 31, 2002 financial statements, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of the significant judgments and the clarity of disclosures in the financial statements. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61 (*Communication with Audit Committees*). The Audit Committee also received the written disclosures from KPMG required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), and the Audit Committee discussed with KPMG that firm's independence from management and the Company. The Audit Committee also considered whether non-audit services provided by KPMG during the last fiscal year were compatible with maintaining the independent auditor's independence.

Table of Contents

Based upon the Audit Committee's discussions with management and KPMG, and the Audit Committee's review of the representations of management and KPMG, the Audit Committee recommended that the Company's Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, filed with the Securities and Exchange Commission.

The Audit Committee has considered and has determined that the provision of the non-audit services described in the table above is compatible with maintaining KPMG's independence.

PROPOSAL ONE:**APPROVAL OF AMENDMENTS TO THE COMPANY'S****AMENDED AND RESTATED CERTIFICATE OF INCORPORATION**

Currently, our Amended and Restated Certificate of Incorporation provides that directors, other than directors who may be elected by any series of Preferred Stock or any other securities of the Company, are divided into three classes, as nearly equal in number as possible. The three classes of directors serve staggered three-year terms such that approximately one-third of our directors that are elected by holders of our Common Stock are elected at each annual meeting of stockholders. A board that is divided into classes in this manner is often referred to as a classified board.

In early 2003, the Board reviewed and discussed corporate governance issues relating to having a classified board. As a result of this review, the Board, with the exception of Ronald N. Zebeck, decided that it would be in the best interests of the Company and its stockholders to declassify the Board and, in its place, provide for the annual election of the entire Board. In reaching its determination, the Board considered the following factors:

the Board's belief that it is desirable, as part of the director nomination process, for the Board to have the opportunity to assess the contributions of all directors annually, and not just of those whose three-year term is scheduled to expire, so that the Board's composition can be appropriately adjusted to address the Company's evolving needs;

Edgar Filing: METRIS COMPANIES INC - Form DEF 14A

the Board's belief that an annual election will facilitate the removal of directors who are not, in the view of a majority of stockholders, managing the Company in the best interests of the Company;

stockholder perception of classified board provisions (including the fact that classified boards may have the appearance of being self-serving) regardless of the motivation for their adoption, and the

Table of Contents

fact that many stockholders believe annual elections increase accountability of directors to stockholders; and

the Board's belief that it is appropriate for stockholders to have the opportunity on an annual basis to vote on the election of all members of the Board.

The Board also took into consideration the benefits provided by a classified board, including added continuity in management and deterrence against unsolicited hostile takeovers that are inadequate or unfair. The Board, with the exception of Mr. Zebeck, determined that these benefits were outweighed by the other considerations listed above.

The Board, with the exception of Mr. Zebeck, has approved and recommended for approval by the stockholders amendments to the Company's Amended and Restated Certificate of Incorporation to declassify the Board and provide for one-year terms of office for all directors. A copy of our Amended and Restated Certificate of Incorporation, excluding the Certificates of Designation of our Series B, Series C and Series D Preferred Stock, as proposed to be amended by the changes marked in that copy, is attached to this Proxy Statement as Appendix C. If the amendment is approved and becomes effective, the Board will not be classified and the term of each director of the Company will expire at the annual meeting of stockholders following that director's election and until such director's successor shall have been elected and qualified. Therefore, upon this amendment becoming effective, the term of all our current directors will expire at this Annual Meeting upon the election and qualification of their successors. Thereafter, all directors will be elected at each annual meeting of stockholders to serve a one-year term and until their successors are elected and qualified or until their earlier death, resignation or removal. The amendment will become effective upon the filing of the Certificate of Amendment to the Company's Amended and Restated Certificate of Incorporation with the Delaware Secretary of State, which will occur as soon as reasonably practicable following this Annual Meeting. Finally, if this proposal is approved by the stockholders, the Board will amend the Company's Bylaws to provide for the annual election of directors.

The Board, with the exception of Mr. Zebeck, recommends a vote FOR the Approval of Amendments to the Company's Amended and Restated Certificate of Incorporation.

PROPOSAL TWO:

ELECTION OF DIRECTORS

COMMON STOCKHOLDERS

Election of Two Directors for Three-Year Terms or, if Proposal One is Approved,

Election of Six Directors for One-Year Terms

For holders of our Common Stock, the second agenda item to be voted on is the election of two Class Two directors or, if Proposal One is approved, the election of six directors. Currently, our Board consists of eleven directors, two of whom are Class One directors (with terms expiring at the 2005 Annual Meeting of Stockholders), two of whom are Class Two directors (with terms expiring at this Annual Meeting of Stockholders), three of whom are Class Three directors (with terms expiring at the 2004 Annual Meeting of Stockholders), and four of whom are elected by the holders of our Series C Preferred Stock. The membership of each of the classes of directors is set forth below.

If the stockholders approve the amendments to the Company's Amended and Restated Certificate of Incorporation declassifying the Board, as described in Proposal One above, the persons named on the enclosed Proxy card will vote to elect the following nominees: Lee R. Anderson, Sr., John A. Cleary, Walter M. Hoff, Edward B. Speno, Frank D. Trestman and David D. Wesselink, as directors for terms ending at the 2004 Annual Meeting of Stockholders, unless you withhold authority to vote for any or all of the nominees by marking the Proxy card to that effect. They are all currently serving as directors of the

Table of Contents

Company. The Board did not nominate Ronald N. Zebeck for election to the Board and such position will remain vacant until an appropriate candidate is elected and qualified.

If the stockholders fail to approve Proposal One, the persons named on the enclosed Proxy card will vote to elect the nominees, Edward B. Speno and David D. Wesselink, as Class Two directors for terms ending at the 2006 Annual Meeting of Stockholders unless you withhold authority to vote for any or all of the nominees by marking the Proxy card to that effect. Messrs. Speno and Wesselink are currently serving as directors of the Company. Mr. Wesselink is also our CEO and was elected to the Board on December 15, 2002.

Each of the nominees has consented to being named in this Proxy Statement, and to serve as a director if elected. Each nominee elected as a director will continue in office until his successor has been elected and qualified or until his death, resignation or retirement. We expect each nominee for election as a director to be able to serve. If any nominee is not able to serve, proxies will be voted in favor of the remaining nominees and may be voted for a substitute.

Nominees for Class Two Directors

The Board has selected the following directors to be placed in Class Two, who are the nominees for election at this Annual Meeting if Proposal One is not approved by the stockholders:

Edward B. Speno (age 66; director since 2000) was Executive Vice President of Credit Card Service Corporation (CCSC) from 1982 to 1991. Prior to joining CCSC, he was Executive Vice President and Business Manager of Citicorp Financial, Inc. from 1977 to 1982. Mr. Speno served as Vice President of Citibank, N.A. from 1975 to 1982. Prior to joining the Company, Mr. Wesselink was Senior Vice President and Chief Financial Officer of Advanta Corporation from 1993 to February 1998. Prior to Advanta Corporation, he held several positions at Household Finance Corp. and Household International, Inc. from 1971 to 1993, including Senior Vice President from 1986 to 1993, and Chief Financial Officer from 1982 to 1993. Mr. Wesselink is also a director of Saxon Capital, Inc., CFC International, Inc. and MasterCard Incorporated US Region Board.

John A. Cleary (age 71; director since 1998) was the Chief Executive Officer of Donnelley Marketing, Inc. from 1979 until 1993. Donnelley Marketing, Inc. was a division of Dun and Bradstreet Corporation until 1991 when it was acquired by a group of investors and senior management. Mr. Cleary continued as CEO until 1993 when he was elected Vice Chairman of the Board of Directors, a position he held until 1996 when First Data Corporation acquired the company. Mr. Cleary continued as a senior advisor and consultant to the company. In 1996, Mr. Cleary founded a marketing and consumer privacy consulting firm, John Cleary Enterprises, of which he is President and which has no affiliation with the
