Notes

Singapore Financial Statements. At the 2008 annual general meeting, our shareholders will have the opportunity to discuss and ask any questions that they may have regarding our Singapore audited accounts for the fiscal year ended March 31, 2008, together with the reports of the directors and auditors thereon, in compliance with Singapore law. Shareholder approval of our audited accounts is not being sought by this proxy statement and will not be sought at the 2008 annual general meeting.

Eligibility to Vote at annual general meeting; Receipt of Notice. The Board of Directors has fixed the close of business on August 22, 2008 as the record date for determining those shareholders of the company who will be entitled to receive copies of this notice and accompanying proxy statement. However, all shareholders of record on September 30, 2008, the date of the 2008 annual general meeting, will be entitled to vote at the 2008 annual general meeting.

Quorum. Representation of at least 33 1/3% of all outstanding ordinary shares of the company is required to constitute a quorum. Accordingly, it is important that your shares be represented at the 2008 annual general meeting.

Proxies. A shareholder entitled to attend and vote at the 2008 annual general meeting is entitled to appoint a proxy to attend and vote on his or her behalf. A proxy need not also be a shareholder. **Whether or not you plan to attend the meeting, please complete, date and sign the enclosed proxy card and return it in the enclosed envelope.** A proxy card must be received by Flextronics International Ltd., c/o Proxy Services, c/o Computershare Investor Services, PO Box 43101, Providence, RI 02940-5067 not less than 48 hours before the time appointed for holding the 2008 annual general meeting. You may revoke your proxy at any time prior to the time it is voted. Shareholders who are present at the meeting may revoke their proxies and vote in person or, if they prefer, may abstain from voting in person and allow their proxies to be voted.

Disclosure regarding Share Purchase Mandate Funds. Only funds legally available for purchasing or acquiring our issued ordinary shares in accordance with our Articles of Association and the applicable laws of Singapore will be used for the purchase or acquisition by us of our own issued ordinary shares pursuant to the proposed renewal of the Share Purchase Mandate referred to in Proposal No. 6. We intend to use our internal sources of funds and/or borrowed funds to finance the purchase or acquisition of our issued ordinary shares. The amount of financing required for us to purchase or acquire our issued ordinary shares, and the impact on our financial position, cannot be ascertained as of the date of this notice, as these will depend on the number of ordinary shares purchased or acquired and the price at which such ordinary shares are purchased or acquired and whether the ordinary shares purchased or acquired are held in treasury or cancelled. Our net tangible assets and the consolidated net tangible assets of the company and its subsidiaries will be reduced by the purchase price of any ordinary shares purchased or acquired and cancelled. We do not anticipate that the purchase or acquisition of our ordinary shares in accordance with the Share Purchase Mandate would have a material impact on our consolidated results of operations, financial condition and cash flows.

We are furnishing this proxy statement in connection with the solicitation by our board of directors of proxies to be voted at the 2008 annual general meeting of our shareholders, or at any adjournments thereof, for the purposes set forth in the notice of annual general meeting that accompanies this proxy statement. Unless the context requires otherwise, references in this proxy statement to the company, we, us, our and similar terms mean Flextronics International Ltd. and its subsidiaries.

Proxy Mailing. This proxy statement and the enclosed proxy card were first mailed on or about August 26, 2008 to shareholders of record as of August 22, 2008.

VOTING RIGHTS AND SOLICITATION OF PROXIES

The close of business on August 22, 2008 is the record date for shareholders entitled to notice of our 2008 annual general meeting. All of the ordinary shares issued and outstanding on September 30, 2008, the date of the annual general meeting, are entitled to be voted at the annual general meeting, and shareholders of record on September 30, 2008 and entitled to vote at the meeting will, on a poll, have one vote for each ordinary share so held on the matters to be voted upon. As of July 25, 2008, we had 837,431,578 ordinary shares issued and outstanding.

Proxies. Ordinary shares represented by proxies in the accompanying form which are properly executed and returned to us will be voted at the 2008 annual general meeting in accordance with our shareholders' instructions.

Quorum and Required Vote. Representation at the annual general meeting of at least 33 1/3% of all of our issued and outstanding ordinary shares is required to constitute a quorum.

The affirmative vote by a show of hands of at least a majority of the shareholders present and voting at the 2008 annual general meeting, or, if a poll is demanded by the chair or by holders of at least 10% of the

total number of our paid-up shares in accordance with our Articles of Association, a simple majority of the shares voting at the 2008 annual general meeting, is required to re-elect and re-appoint the directors nominated pursuant to Proposals Nos. 1 through 3, to re-appoint Deloitte & Touche LLP as our independent auditors pursuant to Proposal No. 4 and to approve the ordinary resolutions contained in Proposals Nos. 5 and 6. The affirmative vote of the holders of a majority of all issued and outstanding shares voting in person or by proxy at the 2008 annual general meeting is required to approve the ordinary resolutions in Proposals Nos. 7 through 9.

Abstentions and Broker Non-Votes. Abstentions and broker non-votes are considered present and entitled to vote at the 2008 annual general meeting for purposes of determining a quorum. A broker non-vote occurs when a broker or other holder of record who holds shares for a beneficial owner does not vote on a particular proposal because the record holder does not have discretionary power to vote on that particular proposal and has not received directions from the beneficial owner. If a broker or nominee indicates on the proxy card that it does not have discretionary authority to vote as to a particular matter, those shares will not be counted in the tabulation of the votes cast on proposals presented to shareholders.

If you are a beneficial owner, your broker has authority to vote your shares for or against certain routine matters, even if the broker does not receive voting instructions from you. Routine matters include all of the proposals to be voted on at the 2008 annual general meeting, other than the proposals to amend our 2001 Equity Incentive Plan.

In the absence of contrary instructions, shares represented by proxies will be voted FOR the board nominees in Proposals Nos. 1 through 3 and FOR Proposals Nos. 4 through 9. Our management does not know of any matters to be presented at the 2008 annual general meeting other than those set forth in this proxy statement and in the notice accompanying this proxy statement. If other matters should properly come before the meeting, the proxy holders will vote on such matters in accordance with their best judgment.

Any shareholder of record has the right to revoke his or her proxy at any time prior to voting at the 2008 annual general meeting by:

submitting a subsequently dated proxy; or

by attending the meeting and voting in person.

We have prepared, in accordance with Singapore law, Singapore statutory financial statements, which are included with the annual report which will be delivered to our shareholders prior to the date of the 2008 annual general meeting. Except as otherwise stated herein, all monetary amounts in this proxy statement have been presented in U.S. dollars.

PROPOSALS NOS. 1, 2 AND 3: RE-ELECTION AND RE-APPOINTMENT OF DIRECTORS

Article 95 of our Articles of Association requires that at each annual general meeting one-third of the directors (or, if their number is not a multiple of three, then the number nearest to but not more than one-third of the directors), are required to retire from office. The directors required to retire in each year are those who have been in office the longest since their last re-election or appointment. As between persons who became or were last re-elected directors on the same day, those required to retire are (unless they otherwise agree among themselves) determined by lot. Under Article 91 of our Articles of Association, any director holding office as a Chief Executive Officer shall not be subject to retirement by rotation, unless the board of directors determines otherwise, or be taken into account in determining the number of directors required to retire by rotation. Retiring directors are eligible for re-election. H. Raymond Bingham and Ajay Shah are the members of our board of directors who will retire by rotation at our 2008 annual

general meeting. Messrs. Bingham and Shah are eligible for re-election and have been nominated to stand for re-election at the 2008 annual general meeting.

Article 101 of our Articles of Association requires that any person appointed as a director of the company by the board of directors shall hold office only until our next annual general meeting, and shall then be eligible for re-election. Dr. Willy C. Shih, who was appointed to the board of directors on January 10, 2008, is eligible for re-election and has been nominated to stand for re-election at the 2008 annual general meeting.

Under Section 153(2) of the Singapore Companies Act, Cap. 50, which we refer to as the Companies Act, the office of a director of a public company or of a subsidiary of a public company becomes vacant at the conclusion of the next annual general meeting commencing after such director attains the age of 70 years. However, under Section 153(6) of the Companies Act, a person 70 years old or older may, by ordinary resolution be appointed or re-appointed as a director of that company, or be authorized to continue in office as a director of that company, to hold office until the next annual general meeting of shareholders. Mr. Schnabel, who turned 71 in December 2007, was re-appointed at the 2007 annual general meeting, and, under Singapore law, his office as a director will become vacant at the conclusion of the 2008 annual general meeting. Accordingly, we are proposing that a resolution be passed at the 2008 annual general meeting, pursuant to Section 153(6) of the Companies Act, to re-appoint Mr. Schnabel as a director to hold office from the date of the 2008 annual general meeting until the 2009 annual general meeting.

The Companies Act requires that we must have at all times at least one director ordinarily resident in Singapore. Mr. Tan, the only member of our board of directors who is ordinarily resident in Singapore, was last re-elected to the board at the 2007 annual general meeting and is not up for re-election at the 2008 annual general meeting.

The proxy holders intend to vote all proxies received by them in the accompanying form for the nominees for directors listed below. In the event that any nominee is unable or declines to serve as a director at the time of the 2008 annual general meeting, the proxies will be voted for any nominee who shall be designated by the present board of directors of the company, in accordance with Article 100 of our Articles of Association, to fill the vacancy.

As of the date of this proxy statement, our board of directors is not aware of any nominee who is unable or will decline to serve as a director.

The board oversees and provides policy guidance on our strategic and business planning processes, oversees the conduct of our business by senior management and is principally responsible for the succession planning for our key executives, including our Chief Executive Officer.

Our board of directors held a total of sixteen (16) meetings during fiscal year 2008, of which four (4) were regularly scheduled meetings and twelve (12) were special meetings. During the period for which each current director was a director or a committee member, each director attended at least 75% of the aggregate of the total number of regularly scheduled meetings of our board in fiscal 2008 together with the total number of meetings held by all committees of our board on which he served, other than Mr. Schnabel who attended 67% of such meetings. Only Mr. Schnabel and Mr. Davidson attended at least 75% of the total number of special meetings of our board in fiscal 2008. During fiscal year 2008, our non-employee directors met at regularly scheduled executive sessions without management participation.

Our board has adopted a policy that encourages each director to attend the annual general meeting, but attendance is not required. Mr. McNamara and Mr. Bingham attended the company's 2007 annual general meeting.

Director Independence

To assist our board of directors in determining the independence of our directors, the board has adopted Director Independence Guidelines, which incorporate the definition of independence of The NASDAQ Stock Market, which we refer to below as Nasdaq. Our board has determined that each of the company's directors is an independent director as defined by the applicable rules of Nasdaq and our Director Independence Guidelines, other than Messrs. McNamara and Sharp. Under the Nasdaq definition and our Director Independence Guidelines, a director is independent only if the board determines that the director does not have any relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In addition, under the Nasdaq definition and our Director Independence Guidelines, a director will not be independent if the director has certain disqualifying relationships. In evaluating independence, the board broadly considers all relevant facts and circumstances. Our Director Independence Guidelines are included in our Guidelines with Regard to Certain Governance Matters, a copy of which is available on the Corporate Governance page of our website at www.flextronics.com.

In evaluating the independence of our independent directors, the board considered certain transactions, relationships and arrangements between us and various third parties with which certain of our independent directors are affiliated,

and determined that such transactions, relationships and arrangements did not interfere with such directors' exercise of independent judgment in carrying out their responsibilities as directors. In addition to the information set forth under the section entitled ***Certain Relationships and Related Person***

Transactions *Transactions with Related Persons* beginning on page 57 of this proxy statement, these transactions, relationships and arrangements were as follows:

Mr. H. Raymond Bingham, the Chairman of our board of directors, is a non-management director of STMicroelectronics N.V. and a non-management director of Oracle Corporation (of which Mr. Bingham owns less than 1%), each of which is a supplier of our company. In addition, Mr. Bingham is a Managing Director of General Atlantic LLC, a private equity firm. In connection with his position as Managing Director of General Atlantic LLC, Mr. Bingham is a non-management director and/or indirect beneficial owner of certain portfolio companies of General Atlantic LLC, which are customers and/or suppliers of our company. Sales to or purchases from each of these other organizations were made in the ordinary course of business and amounted to less than the greater of \$1,000,000 or 2% of the recipient company's gross revenues during the most recent fiscal year of that company, except that purchases from STMicroelectronics accounted for approximately 2.3% of the gross revenues for STMicroelectronics during the most recent fiscal year of that company.

Mr. James A. Davidson, a member of our board of directors, is a co-founder and managing director of Silver Lake, a private equity investment firm, and in connection with his position as managing director, Mr. Davidson is a non-management director and/or indirect beneficial owner of certain portfolio companies of affiliated funds of Silver Lake, which are customers and/or suppliers of our company. Sales to or purchases from each of these other organizations were made in the ordinary course of business and amounted to less than the greater of \$1,000,000 or 2% of the recipient company's gross revenues during the most recent fiscal year of that company, except that purchases from one portfolio company, Avago Technologies Limited, accounted for approximately 9.2% of the gross revenues of Avago Technologies Limited during the most recent fiscal year of that company.

Mr. Ajay Shah, a member of our board of directors, is the Managing Partner of Shah Capital Partners, L.P., a technology focused private equity firm, and Manager of Shah Management LLC, a related entity. In connection with his position as Managing Partner of Shah Capital Partners and Manager of Shah Management LLC, Mr. Shah is a non-management director and/or indirect beneficial owner of certain portfolio companies of Shah Capital Partners and Shah Management LLC, which are customers and/or suppliers of our company. Sales to or purchases from each of these other organizations were made in the ordinary course of business and amounted to less than the greater of \$1,000,000 or 2% of the recipient company's gross revenues during the most recent fiscal year of that company. Mr. Shah is also a Managing Director of Silver Lake Sumeru, a private equity fund within Silver Lake.

Dr. Willy Shih, a member of our board of directors, is a non-management director of Atheros Communications, which is one of our suppliers. Purchases from Atheros Communications were made in the ordinary course of business and accounted for approximately 6.9% of the gross revenues of Atheros Communications during the most recent fiscal year of that company.

Mr. Lip-Bu Tan, a member of our board of directors, is the founder and Chairman of Walden International, a venture capital fund. In connection with his position as Chairman of Walden International, Mr. Tan is a non-management director/observer and/or indirect beneficial owner of certain portfolio companies of Walden International, which are customers and/or suppliers of our company. Audit Committee

The Audit Committee of the board of directors is currently composed of Mr. Bingham, Mr. Shah and Mr. Tan, each of whom the board has determined to be independent and to meet the financial experience requirements under both the rules of the SEC and the listing standards of the NASDAQ Global Select Market. The board has also determined that Mr. Bingham is an audit committee financial expert within the meaning of the rules of the SEC and is financially sophisticated within the meaning of the rules of Nasdaq. The Audit Committee held 13 meetings during fiscal year 2008. The committee's principal functions are to:

monitor and evaluate periodic reviews of the adequacy of the accounting and financial reporting processes and systems of internal control that are conducted by our financial and senior management, and our independent auditors;

be directly responsible for the appointment, compensation and oversight of the work of our independent auditors (including resolution of any disagreements between our management and the auditors regarding financial reporting); and

facilitate communication among our independent auditors, their financial and senior management and our board.

Our board has adopted an Audit Committee Charter that is available on the Corporate Governance page of our website at www.flextronics.com.

Compensation Committee

Responsibilities and Meetings

The Compensation Committee of our board of directors is responsible for reviewing and approving the goals and objectives relating to, and determining the compensation of, our Chief Executive Officer and all other executive officers. The committee also oversees management's decisions concerning the performance and compensation of other officers, administers the company's equity compensation plans, reviews and recommends to our board the compensation of our non-employee directors and regularly evaluates the effectiveness of our overall executive compensation program. The Compensation Committee is currently composed of Mr. Davidson and Mr. Schnabel, each of whom our board has determined to be an independent director under applicable listing standards of the NASDAQ Global Select Market. The committee held 8 meetings during fiscal year 2008. The specific powers and responsibilities of the Compensation Committee are set forth in

more detail in the Compensation Committee Charter, which is available on the Corporate Governance page of our website at www.flextronics.com.

Delegation of Authority

When appropriate, our Compensation Committee may form, and delegate authority to, subcommittees. In addition, in accordance with the company's equity compensation plans, the Compensation Committee's charter allows the committee to delegate to our Chief Executive Officer its authority to grant stock options to employees of the company who are not directors or executive officers. In November of 2006, however, the Compensation Committee approved an Equity Compensation Grant Policy, which provides that all grants of equity awards (including stock options and share bonus awards) must be approved by the board of directors or the committee.

Compensation Processes and Procedures

The Compensation Committee makes all compensation decisions for our executive officers. In making its determinations, the committee meets with our Chief Executive Officer and Chief Financial Officer to obtain recommendations with respect to the structure of our compensation programs and compensation decisions, including the performance of individual executives. In addition, the committee has the authority to retain and terminate any independent, third-party compensation consultant and to obtain advice and assistance from internal and external legal, accounting and other advisors. During our 2008 fiscal year, the committee engaged Pearl Meyer & Partners to advise on certain executive compensation matters. Pearl Meyer has not provided any other services to the company and has received no compensation other than with respect to the services provided to the committee. The committee has engaged Frederic W. Cook & Co., Inc. as its independent adviser to advise on fiscal year 2009 executive compensation matters and expects that it will continue to retain an independent compensation consultant on future executive compensation matters. For additional information about the Compensation Committee's policies and procedures with respect to determining the compensation of our Chief Executive Officer, Chief Financial Officer, the three other most highly paid executive officers serving at the end of fiscal year 2008 and an additional individual, who would have been one of the three other most highly compensated officers but for the fact that the individual was not serving as an executive officer at the end of fiscal year 2008, see the section entitled ***Compensation Analysis and Discussion*** beginning on page 28 of this proxy statement.

The Compensation Committee also reviews and makes recommendations to our board for the compensation of our non-employee directors. To assist the committee in its annual review of director compensation, our management provides director compensation data compiled from the annual reports and proxy statements of companies in our peer comparison group.

Compensation Committee Interlocks and Insider Participation

During our 2008 fiscal year, Mr. Davidson and Mr. Schnabel each served as members of the Compensation Committee. None of our executive officers served on the Compensation Committee during our 2008 fiscal year. None of our directors has interlocking or other relationships with other boards, compensation committees or our executive officers that require disclosure under Item 407(e)(4) of Regulation S-K.

In March 2003, we issued \$195.0 million aggregate principal amount of our Zero Coupon Convertible Junior Subordinated Notes due 2008 to funds affiliated with Silver Lake. In connection with the issuance of the notes, we appointed James A. Davidson, a co-founder and managing director of Silver Lake, to our board of directors. In July 2006, we entered into an agreement with the Silver Lake noteholders to, among other things (i) extend the maturity date of the notes to July 31, 2009 and (ii) provide for net share settlement of the notes upon maturity. The notes may no longer be converted or redeemed prior to maturity, other than in connection with certain change of control

transactions, and upon maturity will be net share settled by the payment of cash equal to the face amount of the notes and the issuance of shares with a value equal to any conversion value in excess of the face amount of the notes. The terms of the transaction were based on arms-

length negotiations between us and Silver Lake, and were approved by our board of directors as well as by the Audit Committee.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee currently is currently composed of Mr. Schnabel and Mr. Tan, each of whom our board has determined to be an independent director under applicable listing standards of the NASDAQ Global Select Market. The Nominating and Corporate Governance Committee held 3 meetings during fiscal year 2008. The committee recruits, evaluates and recommends candidates for appointment or election as members of our board. The committee also recommends corporate governance guidelines to the board and oversees the board's annual self-evaluation process. Our board has adopted a Nominating and Corporate Governance Committee Charter that is available on the Corporate Governance page of our website at www.flextronics.com.

The goal of the Nominating and Corporate Governance Committee is to ensure that our board possesses a variety of perspectives and skills derived from high-quality business and professional experience. The committee seeks to achieve a balance of knowledge, experience and capability on our board, while maintaining a sense of collegiality and cooperation that is conducive to a productive working relationship within the board and between the board and management. To this end, the committee seeks nominees with the highest professional and personal ethics and values, an understanding of our business and industry, diversity of business experience and expertise, a high level of education, broad-based business acumen, and the ability to think strategically. Although the committee uses these and other criteria to evaluate potential nominees, we have no stated minimum criteria for nominees. The committee does not have different standards for evaluating nominees depending on whether they are proposed by our directors and management or by our shareholders.

The Nominating and Corporate Governance Committee generally recruits, evaluates and recommends nominees for our board based upon recommendations by our directors and management. The committee will also consider recommendations submitted by our shareholders. Shareholders can recommend qualified candidates for our board to the Nominating and Corporate Governance Committee by submitting recommendations to our corporate secretary at Flextronics International Ltd., One Marina Boulevard, #28-00, Singapore 018989. Submissions that are received and meet the criteria outlined above will be forwarded to the Nominating and Corporate Governance Committee for review and consideration. Shareholder recommendations for our 2009 annual general meeting should be made not later than April 15, 2009 to ensure adequate time for meaningful consideration by the Nominating and Corporate Governance Committee. To date, we have not received any such recommendations from our shareholders.

NON-MANAGEMENT DIRECTORS' COMPENSATION FOR FISCAL YEAR 2008

The general policy of our board is that compensation for non-employee directors should be a mix of cash and equity-based compensation. Our non-employee directors' compensation program is designed to: (i) attract directors with the necessary skills, experience and character to oversee our management with the goal of enhancing long-term value for our shareholders and (ii) fairly compensate our directors for their service to the company.

In addition to the compensation provided to our non-employee directors detailed below, each non-employee director receives reimbursement of reasonable out-of-pocket expenses incurred in connection with attending in-person meetings of the board of directors and board committees, as well as reimbursement of fees incurred for attendance at continuing education courses for directors. We do not pay management directors for board service in addition to their regular employee compensation.

Annual Compensation

Under the Companies Act, we may only provide cash compensation to our non-employee directors for services rendered in their capacity as directors with prior approval from our shareholders at a general

meeting. At the 2007 annual general meeting, our shareholders approved the following cash compensation arrangements for our non-employee directors:

annual cash compensation of \$60,000, payable quarterly in arrears to each non-employee director, for services rendered as a director;

additional annual cash compensation of \$50,000, payable quarterly in arrears to the Chairman of the Audit Committee (if appointed) of the board of directors for services rendered as Chairman of the Audit Committee and for his or her participation on the Audit Committee;

additional annual cash compensation of \$15,000, payable quarterly in arrears to each other non-employee director who serves on the Audit Committee for participation on the Audit Committee;

additional annual cash compensation of \$25,000 payable quarterly in arrears to the Chairman of the Compensation Committee (if appointed) for services rendered as Chairman of the Compensation Committee and for his or her participation on the Compensation Committee;

additional annual cash compensation of \$10,000 payable quarterly in arrears to the Chairman of the Nominating and Corporate Governance Committee (if appointed) and to the Chairman of the Finance Committee (if appointed) for their service as chairmen of the respective committees and for their participation on the respective committees; and

additional annual cash compensation of \$5,000 payable quarterly in arrears to each of our non-employee directors for their participation on each standing committee other than the Audit Committee.

Prior to September 27, 2007, the date of our 2007 annual general meeting, we provided the following shareholder-approved cash compensation to our non-employee directors for services rendered in their capacity as directors:

annual cash compensation of \$40,000 payable quarterly in arrears to each non-employee director, for services rendered as a director;

additional annual cash compensation of \$10,000, payable quarterly in arrears to the Chairman of the Audit Committee (if appointed) for services rendered as Chairman of the Audit Committee and for his or her participation on the Audit Committee; and

additional annual cash compensation of \$5,000, payable quarterly in arrears for participation on any standing committee of the board of directors.

As of August 14, 2007, we eliminated the Finance Committee and no further cash compensation was paid or is payable with respect to service on such committee.

Non-employee directors do not receive any non-equity incentive compensation, or participate in any pension plan or deferred compensation plans, except that Mr. Marks, who was a member of our board during fiscal year 2008 and was previously our Chief Executive Officer, participated in fiscal year 2008 in a deferred compensation plan established for his benefit when he was the Chief Executive Officer.

Initial Option Grants

Each individual who first becomes a non-employee director of the company is granted stock options to purchase 25,000 ordinary shares under the automatic option grant provisions of our 2001 Equity Incentive Plan, which we refer to as the 2001 Plan. These options vest and are exercisable as to 25% on the first anniversary of the grant date and in 36 equal monthly installments thereafter. The options expire five years from the date of grant. Dr. Shih received stock options to purchase 25,000 ordinary shares under this program on January 10, 2008.

Yearly Option Grants

Under the terms of the automatic option grant provisions of the 2001 Plan, on the date of each annual general meeting, each individual who is at that time serving as a non-employee director receives stock options to purchase 12,500 ordinary shares. These options vest and are exercisable as to 25% on the first anniversary of the grant date and in 36 equal monthly installments thereafter. The options expire five years from the date of grant. During fiscal year 2008, each non-employee director other than Dr. Shih received stock options to purchase 12,500 ordinary shares under this program.

Yearly Share Bonus Awards

Under the terms of the discretionary share bonus grant provisions of the 2001 Plan and as approved by our Compensation Committee, each non-employee director receives, following each annual general meeting of the company, a yearly share bonus award consisting of such number of shares having an aggregate fair market value of US\$100,000 on the date of grant. During fiscal year 2008, each non-employee director other than Dr. Shih received a share bonus award of 8,771 ordinary shares under this program.

Compensation for the Non-Employee Chairman of the Board

Effective January 10, 2008, our board of directors approved changes in the compensation payable to any non-employee director serving as our Chairman of the Board. Our non-executive Chairman is entitled to receive, following each annual general meeting of the company, a yearly share bonus award consisting of such number of shares having an aggregate fair market value of US\$200,000 on the date of grant. The Board also determined that the non-executive Chairman would be entitled to continue to receive cash compensation for service as chairman of the Audit Committee if appointed to such position, but otherwise will no longer be eligible to receive cash compensation for service on any Board committees. The non-executive Chairman will continue to be entitled to receive all other compensation payable to our non-employee directors. Following the 2008 annual general meeting, Mr. Bingham, who has served as our non-executive Chairman since January 2008, will receive a pro-rata share of the share bonus award grant for the period during which he has served as our Chairman.

Discretionary Grants

Under the terms of the discretionary option grant provisions of the 2001 Plan, non-employee directors are eligible to receive stock options granted at the discretion of the Compensation Committee. No director received stock options pursuant to the discretionary grant program during fiscal year 2008. The maximum number of ordinary shares that may be subject to awards granted to each non-employee director under the 2001 Plan is 100,000 ordinary shares in each calendar year.

Agreement with Michael E. Marks

On November 30, 2005, we entered into an agreement with Mr. Marks providing for the transition from Mr. Marks's position as our Chief Executive Officer to his service as Chairman of the Board, effective January 1, 2006. In addition to payments and benefits previously reported for fiscal years 2006 and 2007, the agreement provides Mr. Marks with certain continuing benefits, as follows:

provision by the company of medical and dental benefits for the remainder of Mr. Marks's life for Mr. Marks and his spouse (reduced to the extent Mr. Marks receives comparable benefits from another employer); and

personal use of our corporate jets, subject to availability, and subject to Mr. Marks' reimbursement of the variable cost as determined by us, in our sole discretion.

In connection with Mr. Marks' retirement as a director in January 2008, the Compensation Committee reviewed Mr. Marks' transition and separation agreement that had been entered into on November 30, 2005. Upon review, the Compensation Committee recommended, and the Board of Directors approved, entering into a new agreement to update and supplement the prior agreement. Under the new

agreement, Mr. Marks has reaffirmed and extended a number of releases, representations and commitments, including agreeing not to solicit directly or indirectly employees of Flextronics until January 10, 2009 (one year after his retirement from the Board). Mr. Marks has also agreed to a new covenant not to compete directly or indirectly with Flextronics until January 10, 2009 (one year after his retirement from the Board). In consideration for entering into the new agreement, the Board approved a waiver of the 90-day post-retirement exercise period for 4 million options held by Mr. Marks. The waiver provides that Mr. Marks may continue to exercise such options until January 10, 2009.

The following table sets forth the fiscal year 2008 compensation for our non-employee directors.

- (1) This column reports the amount of cash compensation earned in 2008 for board and committee services.
- (2) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2008 fiscal year for the fair value of share bonus awards granted in 2007 and expected to be granted in 2008 in accordance with SFAS 123(R). The amount for Mr. Bingham also includes incremental compensation beginning January 10, 2008 for his pro-rata share of the additional yearly share bonus award expected to be issued following the 2008 annual general meeting for serving as our Chairman. As the share bonus awards are in the form of fully vested and non-forfeitable shares, fair value is the closing price of our ordinary shares on the date of grant.
- (3) The amounts in this column do not reflect compensation actually received by the non-employee directors nor do they reflect the actual value that will be recognized by the non-employee directors. Instead, the amounts reflect the compensation cost recognized by us in fiscal year 2008 for financial statement reporting purposes in

accordance with SFAS 123(R) for stock options granted in and prior to fiscal year 2008. Option expense for Mr. Marks includes \$722,020 of incremental compensation expense for the modification of 4.0 million options with a strike price of \$7.90 extending the expiration from 90 days post employment (including as a director) to January 10, 2009. The amounts in this column exclude the impact of estimated forfeitures related to service-based vesting conditions. For information regarding the assumptions made in calculating the amounts reflected in this column for grants made in fiscal years 2008, 2007 and 2006, see the section entitled "Stock-Based Compensation" under Note 2 to our audited consolidated financial statements for the fiscal year ended March 31, 2008, included in our Annual Report on Form 10-K/A for the fiscal year ended March 31, 2008. For information regarding the assumptions made in calculating the amounts reflected in this column for grants made prior to fiscal year 2006, see the section entitled "Accounting for Stock-Based Compensation" under Note 2 to our audited consolidated financial statements for the respective fiscal years included in our Annual Report on Form 10-K for those respective fiscal years. Our non-employee directors have the following options outstanding as of the 2008 fiscal year-end: Mr. Bingham (50,000), Mr. Davidson (121,610), Mr. Schnabel (50,000), Dr. Shah

(50,000), Mr. Sharp (222,500), Mr. Shih (25,000) and Mr. Tan (146,165). Mr. Marks has 6,987,500 options outstanding as of the 2008 fiscal year-end, including 6,975,000 options that were previously granted to him while he served as our Chief Executive Officer.

- (4) The grant-date fair value of yearly share bonus awards and stock options granted to each non-employee director (other than Dr. Willy C. Shih) in fiscal year 2008 totals \$148,198, of which \$100,000 relates to share bonus awards and \$48,198 relates to stock options. The grant-date fair value is the amount that we will expense in our financial statements over the award's vesting schedule. For share bonus awards, fair value is the closing price of our ordinary shares on the date of grant. For stock options, the fair value is calculated using the Black-Scholes-Merton value on the grant date of \$3.86 per option. Additionally, we made an initial option grant of 25,000 options to Dr. Shih upon the time he became a non-employee director of the company in January 2008. The fair value of his initial stock options was \$3.64 per option on the grant date. The fair values of share bonus awards and option awards are accounted for in accordance with SFAS 123(R). For additional information on the valuation assumptions, see the section entitled "Stock-Based Compensation" under Note 2 of our audited consolidated financial statements for the fiscal year ended March 31, 2008, included in our Annual Report on Form 10-K/A for the fiscal year ended March 31, 2008. These amounts reflect our accounting expense, and do not correspond to the actual value that will be recognized by the non-employee directors.
- (5) The amount in this column represents the above-market earnings on the vested portion of Mr. Marks's nonqualified deferred compensation account. On January 1, 2006, Mr. Marks retired from his position as our Chief Executive Officer and was appointed to serve as our Chairman of the Board of Directors. While Mr. Marks was the Chief Executive Officer, we had established a supplemental executive retirement plan for Mr. Marks. Upon retirement, all amounts under this plan became fully vested and non-forfeitable. Above-market earnings represent the difference between market interest rates determined pursuant to SEC rules and earnings credited to Mr. Marks's deferred compensation account.
- (6) The amount in this column represents health and dental benefits paid during fiscal year 2008 for Mr. Marks and his spouse. Upon Mr. Marks's retirement, we agreed to provide Mr. Marks and his spouse medical and dental benefits for the remainder of their lives, provided however, that these benefits could be reduced to the extent, if any, that Mr. Marks receives comparable benefits from another employer.
- (7) On January 10, 2008, Mr. Marks retired as a member of our board of directors.

**PROPOSAL NO. 4:
RE-APPOINTMENT OF INDEPENDENT AUDITORS FOR FISCAL YEAR 2009 AND
AUTHORIZATION OF OUR BOARD TO FIX THEIR REMUNERATION**

Our Audit Committee has approved, subject to shareholder approval, the re-appointment of Deloitte & Touche LLP as the company's independent registered public accounting firm to audit our accounts and records for the fiscal year ending March 31, 2009, and to perform other appropriate services. In addition, pursuant to Section 205(16) of the Singapore Companies Act, Cap. 50, our board of directors is requesting that the shareholders authorize the directors, upon the recommendation of the Audit Committee, to fix the auditors' remuneration for services rendered through the next annual general meeting. We expect that a representative from Deloitte & Touche LLP will be present at the 2008 annual general meeting. This representative will have the opportunity to make a statement if he or she so desires and is expected to be available to respond to appropriate questions.

Principal Accountant Fees and Services

Set forth below are the aggregate fees billed by our principal accounting firm, Deloitte & Touche LLP, a member firm of Deloitte Touche Tohmatsu, and their respective affiliates for services performed during fiscal years 2008 and 2007. All audit and permissible non-audit services reflected in the fees below were pre-approved by the Audit Committee in accordance with established procedures.

	Fiscal Year	
	2008	2007
	(in millions)	
Audit Fees	\$ 9.8	\$ 7.7
Audit-Related Fees	\$ 0.2	\$ 0.3
Tax Fees	\$ 4.4	\$ 1.2
All Other Fees	\$	\$
Total	\$ 14.4	\$ 9.2

Audit Fees consist of fees for professional services rendered by our independent registered public accounting firm for the audit of our annual consolidated financial statements included in our Annual Report on Form 10-K/A (including services incurred with rendering an opinion under Section 404 of the Sarbanes-Oxley Act of 2002) and the review of our consolidated financial statements included in our Quarterly Reports on Form 10-Q. These fees include fees for services that are normally incurred in connection with statutory and regulatory filings or engagements, such as comfort letters, statutory audits, consents and review of documents filed with the SEC.

Audit-Related Fees consist of fees for assurance and related services by our independent registered public accounting firm that are reasonably related to the performance of the audit or review of our consolidated financial statements and not included in Audit Fees. In fiscal year 2008, these fees related primarily to due diligence services performed in conjunction with our acquisition of Solectron Corporation.

Tax Fees consist of fees for professional services rendered by our independent registered public accounting firm for tax compliance, tax advice, tax consultation and tax planning services.

All Other Fees consist of fees for professional services rendered by our independent registered public accounting firm for permissible non-audit services, if any. We did not incur fees under this category during fiscal years 2007 or 2008.

Audit Committee Pre-Approval Policy

Our Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis.

Our Audit Committee has determined that the provision of non-audit services under appropriate circumstances may be compatible with maintaining the independence of Deloitte & Touche LLP, and that all such services provided by Deloitte & Touche LLP to us in the past were compatible with maintaining such independence. The Audit Committee is sensitive to the concern that some non-audit services, and related fees, could impair independence and the Audit Committee believes it important that independence be maintained. However, the Audit Committee also recognizes that in some areas, services that are identified by the relevant regulations as tax fees or other fees are sufficiently related to the audit work performed by Deloitte & Touche LLP that it would be highly inefficient and unnecessarily expensive to use a separate firm to perform those non-audit services. The Audit Committee intends to evaluate each

such circumstance on its own merits, and to approve the performance of non-audit services where it believes efficiency can be obtained without meaningfully compromising independence.

The board recommends a vote FOR the re-appointment of Deloitte & Touche LLP as our independent auditors for fiscal year 2009 and authorization of the board, upon the recommendation of the Audit Committee, to fix their remuneration.

AUDIT COMMITTEE REPORT

The information contained under this Audit Committee Report shall not be deemed to be soliciting material or to be filed with the SEC, nor shall such information be incorporated by reference into any filings under the Securities Act of 1933, as amended, which we refer to as the Securities Act, or under the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act, or be subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate this information by reference into any such filing.

The Audit Committee assists our board of directors in overseeing financial accounting and reporting processes and systems of internal controls. The Audit Committee also evaluates the performance and independence of our independent registered public accounting firm. The Audit Committee operates under a written charter, a copy of which is available on the Corporate Governance page of our website at www.flextronics.com. Under the written charter, the Audit Committee must consist of at least three directors, all of whom must be independent as defined by the Exchange Act and the rules of the SEC and The NASDAQ Stock Market LLC, or Nasdaq. The current members of the committee are Mr. Bingham, Mr. Shah and Mr. Tan, each of whom is an independent director.

Our financial and senior management supervise our systems of internal controls and the financial reporting process. Our independent auditors perform an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and express opinions on these consolidated financial statements. In addition, our independent auditors express their own opinion on the effectiveness of our internal control over financial reporting. The Audit Committee monitors these processes.

The Audit Committee has reviewed and discussed with both the management of the company and our independent auditors our audited consolidated financial statements for the fiscal year ended March 31, 2008, as well as management's assessment and our independent auditors' evaluation of the effectiveness of our internal control over financial reporting. Our management represented to the Audit Committee that our audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee also discussed with our independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as may be modified or supplemented. The Audit Committee has also received from our independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with the independent registered public accounting firm the independence of that firm. The Audit Committee has also considered whether the provision of non-audit services by our independent auditors is compatible with maintaining the independence of the auditors. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent auditors. All audit and permissible non-audit services performed by our independent auditors during fiscal year 2008 and fiscal year 2007 were pre-approved by the Audit Committee in accordance with established procedures.

Based on the Audit Committee's discussions with the management of the company and our independent auditors and based on the Audit Committee's review of our audited consolidated financial statements together with the reports of our independent auditors on the consolidated financial statements and the representations of our management with regard to these consolidated financial statements, the Audit Committee recommended to the company's board of directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K/A for the fiscal year ended March 31, 2008, which was filed with the SEC on June 24, 2008.

**PROPOSAL NO. 5:
ORDINARY RESOLUTION TO AUTHORIZE
ORDINARY SHARE ISSUANCES**

We are incorporated in the Republic of Singapore. Under Singapore law, our directors may only issue ordinary shares and make or grant offers, agreements or options that might or would require the issuance of ordinary shares, with the prior approval from our shareholders. If this proposal is approved, the authorization would be effective from the date of the 2008 annual general meeting until the earlier of (i) the conclusion of the 2009 annual general meeting or (ii) the expiration of the period within which the 2009 annual general meeting is required by law to be held. The 2009 annual general meeting is required to be held no later than 15 months after the date of the 2008 annual general meeting and no later than six months after the date of our 2009 fiscal year end (except that Singapore law allows for a one-time application for an extension of up to a maximum of three months to be made with the Singapore Accounting and Corporate Regulatory Authority).

Our board believes that it is advisable and in the best interests of our shareholders for our shareholders to authorize our directors to issue ordinary shares and to make or grant offers, agreements or options that might or would require the issuance of ordinary shares. In the past, the board has issued shares or made agreements that would require the issuance of new ordinary shares in the following situations:

in connection with strategic transactions and acquisitions;

pursuant to public and private offerings of our ordinary shares as well as instruments convertible into our ordinary shares; and

in connection with our equity compensation plans and arrangements.

Notwithstanding this general authorization to issue our ordinary shares, we will be required to seek shareholder approval with respect to future issuances of ordinary shares where required under the rules of Nasdaq, such as where the company proposes to issue ordinary shares that will result in a change in control of the company or in connection with a transaction involving the issuance of ordinary shares representing 20% or more of our outstanding ordinary shares.

Our board expects that we will continue to issue ordinary shares and grant options and share bonus awards in the future under circumstances similar to those in the past. As of the date of this proxy statement, other than issuances of ordinary shares or agreements that would require the issuance of new ordinary shares in connection with our equity compensation plans and arrangements, we have no specific plans, agreements or commitments to issue any ordinary shares for which approval of this proposal is required. Nevertheless, our board believes that it is advisable and in the best interests of our shareholders for our shareholders to provide this general authorization in order to avoid the delay and expense of obtaining shareholder approval at a later date and to provide us with greater flexibility to pursue strategic transactions and acquisitions and raise additional capital through public and private offerings of our ordinary shares as well as instruments convertible into our ordinary shares.

If this proposal is approved, our directors would be authorized to issue, during the period described above, ordinary shares subject only to applicable Singapore laws and the rules of Nasdaq. The issuance of a large number of ordinary shares could be dilutive to existing shareholders or reduce the trading price of our ordinary shares on the NASDAQ Global Select Market.

We are submitting this proposal because we are required to do so under Singapore law before our board of directors can issue any ordinary shares in connection with strategic transactions, public and private offerings and in connection with our equity compensation plans. We are not submitting this proposal in response to a threatened takeover. In the event of a hostile attempt to acquire control of the company, we could seek to impede the attempt by issuing ordinary shares, which may dilute the voting power of our existing shareholders. This could also have the effect of impeding the efforts of our shareholders to remove an incumbent director and replace him with a new director of their choice. These potential effects could limit the opportunity for our shareholders to dispose of their ordinary shares at the premium that may be available in takeover attempts.

**The board recommends a vote FOR the resolution
to authorize ordinary share issuances.**

**PROPOSAL NO. 6:
ORDINARY RESOLUTION TO RENEW THE SHARE PURCHASE MANDATE**

Our purchases or acquisitions of our ordinary shares must be made in accordance with, and in the manner prescribed by, the Companies Act, the applicable listing rules of Nasdaq and such other laws and regulations as may from time to time be applicable.

Singapore law requires that we obtain shareholder approval of a general and unconditional share purchase mandate given to our directors if we wish to purchase or otherwise acquire our ordinary shares. This general and unconditional mandate is referred to in this proxy statement as the Share Purchase Mandate, and it allows our directors to exercise all of the company's powers to purchase or otherwise acquire our issued ordinary shares on the terms of the Share Purchase Mandate. Although our shareholders approved a renewal of the Share Purchase Mandate at the 2007 annual general meeting, our directors have not exercised any of the company's powers to purchase or otherwise acquire any ordinary shares pursuant to the 2007 renewal of the Share Purchase Mandate. The Share Purchase Mandate renewed at the 2007 annual general meeting will expire on the date of the 2008 annual general meeting. Accordingly, we are submitting this proposal to seek approval from our shareholders at the 2008 annual general meeting for another renewal of the Share Purchase Mandate.

If renewed by shareholders at the 2008 annual general meeting, the authority conferred by the Share Purchase Mandate will, unless varied or revoked by our shareholders at a general meeting, continue in force until the earlier of the date of the 2009 annual general meeting or the date by which the 2009 annual general meeting is required by law to be held.

The authority and limitations placed on our share purchases or acquisitions under the proposed Share Purchase Mandate, if renewed at the 2008 annual general meeting, are summarized below:

Limit on Allowed Purchases

We may only purchase or acquire ordinary shares that are issued and fully paid up. We may not purchase or acquire more than 10% of the total number of issued ordinary shares outstanding at the date of the 2008 annual general meeting. Any of our ordinary shares which are held as treasury shares will be disregarded for purposes of computing this 10% limit.

Purely for illustrative purposes, on the basis of 837,431,578 issued ordinary shares outstanding as of July 25, 2008 and assuming that no additional ordinary shares are issued on or prior to the 2008 annual general meeting, and that no ordinary shares are held as treasury shares, pursuant to the proposed Share Purchase Mandate, we would be able to purchase not more than 83,743,157 issued ordinary shares.

Duration of Share Purchase Mandate

Purchases or acquisitions of ordinary shares may be made, at any time and from time to time, on and from the date of approval of the Share Purchase Mandate up to the earlier of:

the date on which our next annual general meeting is held or required by law to be held; or

the date on which the authority conferred by the Share Purchase Mandate is revoked or varied by our shareholders at a general meeting.

Manner of Purchases or Acquisitions of Ordinary Shares

Purchases or acquisitions of ordinary shares may be made by way of:

market purchases on the NASDAQ Global Select Market or any other stock exchange on which our ordinary shares may for the time being be listed and quoted, through one or more duly licensed dealers appointed by us for that purpose; and/or

off-market purchases (if effected other than on the NASDAQ Global Select Market or, as the case may be, any other stock exchange on which our ordinary shares may for the time being

be listed and quoted), in accordance with an equal access scheme as prescribed by the Companies Act.

If we decide to purchase or acquire our ordinary shares in accordance with an equal access scheme, our directors may impose any terms and conditions as they see fit and as are in our interests, so long as the terms are consistent with the Share Purchase Mandate, the applicable rules of Nasdaq, the provisions of the Companies Act and other applicable laws. In addition, an equal access scheme must satisfy all of the following conditions:

offers for the purchase or acquisition of ordinary shares must be made to every person who holds ordinary shares to purchase or acquire the same percentage of their ordinary shares;

all of those persons must be given a reasonable opportunity to accept the offers made; and

the terms of all of the offers must be the same (except differences in consideration that result from offers relating to ordinary shares with different accrued dividend entitlements and differences in the offers solely to ensure that each person is left with a whole number of ordinary shares).

Purchase Price

The purchase price (excluding brokerage commission, applicable goods and services tax and other related expenses of the purchase or acquisition) to be paid for each ordinary share will be determined by our directors. The maximum purchase price to be paid for the ordinary shares as determined by our directors must not exceed:

in the case of a market purchase, the highest independent bid or the last independent transaction price, whichever is higher, of our ordinary shares quoted or reported on the NASDAQ Global Select Market or, as the case may be, any other stock exchange on which our ordinary shares may for the time being be listed and quoted, at the time the purchase is effected; and

in the case of an off-market purchase pursuant to an equal access scheme, 150% of the Prior Day Close Price of our ordinary shares, which means the closing price of an ordinary share as quoted on the NASDAQ Global Select Market or, as the case may be, any other stock exchange on which our ordinary shares may for the time being be listed and quoted, on the day immediately preceding the date on which we announce our intention to make an offer for the purchase or acquisition of our ordinary shares from holders of our ordinary shares, stating therein the purchase price (which shall not be more than the maximum purchase price calculated on the foregoing basis) for each ordinary share and the relevant terms of the equal access scheme for effecting the off-market purchase.

Treasury Shares

Under the Companies Act, ordinary shares purchased or acquired by us may be held as treasury shares. Some of the provisions on treasury shares under the Companies Act are summarized below:

Maximum Holdings. The number of ordinary shares held as treasury shares may not at any time exceed 10% of the total number of issued ordinary shares.

Voting and Other Rights. We may not exercise any right in respect of treasury shares, including any right to attend or vote at meetings and, for the purposes of the Companies Act, we shall be treated as having no right to vote and the treasury shares shall be treated as having no voting rights. In addition, no dividend may be paid, and no other distribution of our assets may be made, to the company in respect of treasury shares, other than the allotment of

ordinary shares as fully paid bonus shares. A subdivision or consolidation of any treasury share into treasury shares of a smaller amount is also allowed so long as the total value of the treasury shares after the subdivision or consolidation is the same as before the subdivision or consolidation, respectively.

Disposal and Cancellation. Where ordinary shares are held as treasury shares, we may at any time:

sell the treasury shares for cash;

transfer the treasury shares for the purposes of or pursuant to an employees' share scheme;

transfer the treasury shares as consideration for the acquisition of shares in or assets of another company or assets of a person;

cancel the treasury shares; or

sell, transfer or otherwise use the treasury shares for such other purposes as may be prescribed by the Minister for Finance of Singapore.

Sources of Funds

Only funds legally available for purchasing or acquiring ordinary shares in accordance with our Articles of Association and the applicable laws of Singapore shall be used. We intend to use our internal sources of funds and/or borrowed funds to finance any purchase or acquisition of our ordinary shares. Our directors do not propose to exercise the Share Purchase Mandate in a manner and to such an extent that would materially affect our working capital requirements.

The Companies Act permits us to purchase and acquire our ordinary shares out of our capital or profits. Acquisitions or purchases made out of capital are permissible only so long as we are solvent for the purposes of section 76F(4) of the Companies Act. A company is solvent if (a) it is able to pay its debts in full at the time of the payment made in consideration of the purchase or acquisition (or the acquisition of any right with respect to the purchase or acquisition) of ordinary shares in accordance with the provisions of the Companies Act and will be able to pay its debts as they fall due in the normal course of business during the 12-month period immediately following the date of the payment; and (b) the value of the company's assets is not less than the value of its liabilities (including contingent liabilities) and will not, after giving effect to the proposed purchase or acquisition, become less than the value of its liabilities (including contingent liabilities).

Status of Purchased or Acquired Ordinary Shares

Any ordinary share that we purchase or acquire will be deemed cancelled immediately on purchase or acquisition, and all rights and privileges attached to such ordinary share will expire on cancellation (unless such ordinary share is held by us as a treasury share). The total number of issued shares will be diminished by the number of ordinary shares purchased or acquired by us and which are not held by us as treasury shares.

We will cancel and destroy certificates in respect of purchased or acquired ordinary shares as soon as reasonably practicable following settlement of any purchase or acquisition of such ordinary shares.

Financial Effects

Our net tangible assets and the consolidated net tangible assets of our subsidiaries will be reduced by the purchase price of any ordinary shares purchased or acquired and cancelled or held as treasury shares. We do not anticipate that the purchase or acquisition of our ordinary shares in accordance with the Share Purchase Mandate would have a material impact on our consolidated results of operations, financial condition and cash flows.

The financial effects on us and our group (including our subsidiaries) arising from purchases or acquisitions of ordinary shares which may be made pursuant to the Share Purchase Mandate will depend on, among other things, whether the ordinary shares are purchased or acquired out of our profits and/or capital, the number of ordinary shares purchased or acquired, the price paid for the ordinary shares and whether the ordinary shares purchased or acquired are held in treasury or cancelled.

As described in more detail above, our purchases or acquisitions of our ordinary shares may be made out of our profits and/or our capital. Where the consideration paid by us for the purchase or acquisition of ordinary shares is made out of our profits, such consideration (excluding brokerage commission, goods and

services tax and other related expenses) will correspondingly reduce the amount available for the distribution of cash dividends by us. Where the consideration that we pay for the purchase or acquisition of ordinary shares is made out of our capital, the amount available for the distribution of cash dividends by us will not be reduced. To date, we have not declared any cash dividends on our ordinary shares and have no current plans to pay cash dividends in the foreseeable future.

Rationale for the Share Purchase Mandate

We believe that a renewal of the Share Purchase Mandate at the 2008 annual general meeting will benefit our shareholders by providing our directors with appropriate flexibility to repurchase ordinary shares if the directors believe that such repurchases would be in the best interests of our shareholders. Our decision to repurchase our ordinary shares from time to time will depend on our continuing assessment of then-current market conditions, our need to use available cash to finance acquisitions and other strategic transactions, the level of our debt and the terms and availability of financing. On July 24, 2008, we announced that our board authorized the repurchase of up to 10% of the issued ordinary shares outstanding pursuant to the Share Purchase Mandate. The share repurchase program does not obligate the company to repurchase any specific number of shares and may be suspended or terminated at any time without prior notice.

Take-Over Implications

If, as a result of our purchase or acquisition of our issued ordinary shares, a shareholder's proportionate interest in the company's voting capital increases, such increase will be treated as an acquisition for the purposes of The Singapore Code on Take-overs and Mergers. If such increase results in a change of effective control, or, as a result of such increase, a shareholder or a group of shareholders acting in concert obtains or consolidates effective control of the company, such shareholder or group of shareholders acting in concert could become obliged to make a take-over offer for the company under Rule 14 of The Singapore Code on Take-overs and Mergers.

The circumstances under which shareholders (including directors or a group of shareholders acting together) will incur an obligation to make a take-over offer are set forth in Rule 14 of The Singapore Code on Take-overs and Mergers, Appendix 2. The effect of Appendix 2 is that, unless exempted, shareholders will incur an obligation to make a take-over offer under Rule 14 if, as a result of the company purchasing or acquiring our issued ordinary shares, the voting rights of such shareholders would increase to 30% or more, or if such shareholders hold between 30% and 50% of our voting rights, the voting rights of such shareholders would increase by more than 1% in any period of six months. Shareholders who are in doubt as to their obligations, if any, to make a mandatory take-over offer under The Singapore Code on Take-overs and Mergers as a result of any share purchase by us should consult the Securities Industry Council of Singapore and/or their professional advisers at the earliest opportunity.

**The board recommends a vote FOR the resolution
to approve the proposed renewal of the Share Purchase Mandate.**

PROPOSALS NOS. 7, 8 AND 9: ORDINARY RESOLUTIONS TO APPROVE AMENDMENTS TO OUR 2001 EQUITY INCENTIVE PLAN

Overview of Amendments

We are asking our shareholders to approve amendments to our 2001 Equity Incentive Plan, which we refer to below as the 2001 Plan. The principal features of the 2001 Plan are summarized below. However, this summary is not a complete description of all of the provisions of the 2001 Plan. The full text of the 2001 Plan as proposed to be amended is attached as Annex A to this proxy statement.

The amendments to the 2001 Plan provide for:

- (a) an increase in the sub-limit on the maximum number of ordinary shares which may be issued as share bonus awards from 15 million ordinary shares to 20 million ordinary shares;
- (b) an increase in the sub-limit on the maximum number of ordinary shares subject to awards which may be granted to a person in a single calendar year from 4 million ordinary shares to 6 million ordinary shares; and
- (c) an increase in the share reserve by 20 million ordinary shares to an aggregate of 62 million ordinary shares.

Reasons for Amendments

Our board believes these amendments are necessary for us to continue to attract and retain the services of well-qualified employees (including officers) and directors who will contribute to our success by their ability, ingenuity and industry knowledge, and to provide incentives to such personnel and board members that are linked directly to increases in shareholder value, and will therefore inure to the benefit of all of our shareholders.

We are proposing that the aggregate 15 million share sub-limit on share bonus awards that may be issued pursuant to the 2001 Plan be increased to a 20 million share sub-limit so that we may continue to award share bonuses to attract and retain employees and directors. As of June 27, 2008, 1,187,097 shares had been issued pursuant to share bonus awards and there were outstanding share bonus awards under the 2001 Plan covering 6,209,300 shares. Accordingly, unless our shareholders approve the increase in the sub-limit on share bonus awards, we will be limited in our ability to make share bonus awards.

As of June 27, 2008, there were 11,538,826 ordinary shares available for issuance pursuant to additional options and share bonus awards under the 2001 Plan, including ordinary shares available for grant under the 2001 Plan as a result of the forfeiture, expiration or termination of options granted under prior and assumed plans that were consolidated into our 2001 Plan. If Proposal No. 9 is passed, approximately 31,538,826 ordinary shares will be available for issuance pursuant to additional options and share bonus awards under the 2001 Plan. In addition, shares that are subject to issuance under outstanding awards under the 2001 Plan that cease to be subject to such awards for any reason other than the exercise or vesting of such awards, as well as shares that cease to be subject to awards under prior or assumed plans that were consolidated into the 2001 Plan, will be available for grant under the 2001 Plan.

We are also proposing a 2 million share increase in the sub-limit on the maximum number of ordinary shares subject to awards that may be granted to any one person in any calendar year. We are proposing this modification to the individual sub-limit to provide the Compensation Committee with greater flexibility in structuring awards for senior executives.

We have used and intend to continue using stock options and share bonus awards as incentives to attract, retain and motivate our directors and employees. With the growing worldwide demand for talent, the appropriate use of equity awards remains an essential component of our overall compensation philosophy. Consequently, we believe the approval of (i) the increase in the sub-limit on share bonus awards that may be issued pursuant to the 2001 Plan, (ii) the increase in the sub-limit on the maximum number of ordinary shares subject to awards that may be granted to any one person in any calendar year and (iii) the increase in the 2001 Plan share reserve, are important to our continued growth and success.

2001 Plan History

Our board of directors adopted the 2001 Plan in August of 2001 and our shareholders approved the board's adoption of the plan in September 2001 with an initial reserve of 7,000,000 ordinary shares. In 2004, 2006 and 2007, the board and our shareholders approved increases in the share reserve by an aggregate of 35,000,000 ordinary shares and in 2004, the board and our shareholders consolidated prior and assumed stock plans into the 2001 Plan. The combined effect of these actions brought the total number of shares issued or issuable under the 2001 Plan to 42,000,000 ordinary shares, plus ordinary shares issued or issuable pursuant to

-21-

stock awards available for grant as a result of the forfeiture, expiration or termination of options granted under the consolidated plans (if such ordinary shares are issued under such other stock options, they will not become available under the 2001 Plan).

In addition, in 2004, the board and our shareholders added share bonus awards as a type of award under the 2001 Plan and, in 2006, the board and our shareholders amended the 2001 Plan as follows:

they eliminated a 2,000,000-share sub-limit on the number of ordinary shares subject to share bonus awards which may be outstanding at any time during the term of the 2001 Plan; and

they modified the automatic option grant to non-employee directors of 12,500 options following each annual general meeting so that the option grant would not be pro-rated based on the service of the director during the prior 12 months.

On May 1, 2007, the board also adopted and approved amendments to the 2001 Plan to require minimum performance periods for share bonus awards granted under the 2001 Plan.

Administration

The 2001 Plan contains two separate equity incentive programs: a discretionary stock option/share bonus program and an automatic stock option grant program. The discretionary program is administered by the Compensation Committee, which is referred to in this section as the Plan Administrator. The Plan Administrator has complete discretion, subject to the provisions of the 2001 Plan, to authorize option grants and awards of share bonuses under the 2001 Plan. All grants under the automatic option grant program must be made in strict compliance with the provisions of that program, and no administrative discretion may be exercised by the Plan Administrator with respect to the automatic grants.

Eligibility

Our executive officers, members of our board of directors, and all of our employees and those of our subsidiaries are eligible to be selected as award recipients under the discretionary program. Non-employee directors may also participate in the automatic option grant program, unless such participation is prohibited or restricted, either absolutely or subject to various securities requirements, whether legal or administrative, then in effect in the jurisdiction in which such director is a resident. Non-employee directors may not receive awards in excess of an aggregate of 100,000 ordinary shares per calendar year. Currently, any one participant in the 2001 Plan may not receive awards for more than 4,000,000 ordinary shares in the aggregate per calendar year under the 2001 Plan. We are proposing that this sublimit be increased to 6,000,000 ordinary shares.

As of June 27, 2008, nine executive officers, seven non-employee directors and approximately 3,000 employees were eligible to participate in the discretionary stock option/share bonus program under the 2001 Plan, and seven non-employee directors were eligible to participate in the automatic option grant program.

Transferability

In general, awards granted under the 2001 Plan may not be transferred in any manner other than by will or by the laws of descent and distribution. Awards may be transferred to family members through a gift or domestic relations order. Subject to applicable laws, certain optionees who reside outside of the United States and Singapore may assign their award to a financial institution located outside of the United States and Singapore.

Equity Incentive Programs

Discretionary Stock Option/ Share Bonus Program

Options may be granted under the discretionary program at an exercise price per share not less than 100% of the fair market value per ordinary share on the option grant date. Each option granted under this program generally is exercisable as determined by the Plan Administrator. However, no option may be

exercisable more than 10 years after the date of grant, and options granted to non-employees may not be exercisable more than five years after the date of grant.

Options granted under the 2001 Plan generally may be exercised as to vested shares for a period of time after the termination of the option holder's service to the company. Generally, the Plan Administrator has complete discretion to extend the period following the optionee's cessation of service during which his or her outstanding options may be exercised and/or to accelerate the exercisability or vesting of such options in whole or in part. Such discretion may be exercised at any time while the options remain outstanding, whether before or after the optionee's actual cessation of service.

Singapore law prevents us from granting certain forms of restricted stock. As a result, we expanded our compensation program in 2004 by adding share bonus awards—either an outright share bonus or a type of contingent stock award sometimes referred to as restricted stock units—as a type of award under the 2001 Plan. Share bonuses may be granted outright or contingent upon satisfaction of conditions determined by the Plan Administrator and communicated to the potential recipient in advance. As the conditions to issuance of shares must be met in advance, the shares when issued are not subject to vesting and no additional payment is required (satisfaction of the condition(s) being viewed as a form of payment). The condition(s) to issuances of shares under a share bonus award could be a single requirement, such as remaining in the company's service for a period of time, or many requirements, such as meeting individual or company-wide performance goals. Subject to waiver in cases of death, disability or termination of service, any share bonus awards which vest based on performance goals are subject to a minimum performance period of one year, and any share bonus awards with vesting based solely on the passage of time and continued service to the company are subject to a minimum service period of three years. However share bonus awards which do not satisfy these minimum performance or service periods may be granted up to 5% of the total shares reserved and available for issuance under the 2001 Plan.

Automatic Option Grant Program

Under the automatic option grant program, each individual who initially becomes a non-employee director will automatically be granted at that time options to purchase 25,000 ordinary shares. In addition, on the date of each annual general meeting, continuing non-employee directors automatically will be granted options to purchase 12,500 ordinary shares.

Each option granted under this program must have an exercise price per share equal to 100% of the fair market value per ordinary share on the grant date and a maximum term of five years. Each option becomes exercisable as to 25% of the total shares one year after the date of grant and as to 1/48th of the total shares each month thereafter.

Each automatic option grant will automatically accelerate upon an acquisition of the company by merger or asset sale or a hostile change in control of the company. In addition, upon the successful completion of a hostile take-over, each automatic option grant which has been outstanding for at least six months may be surrendered to us for a cash distribution per surrendered option share in an amount equal to the excess of (a) the take-over price per share over (b) the exercise price payable for such share.

Valuation

The fair market value per ordinary share on any relevant date under the 2001 Plan is the closing sales price per share on that date on the NASDAQ Global Select Market. As of July 25, 2008, the closing price of our ordinary shares on the NASDAQ Global Select Market was \$8.79 per share.

Adjustments

In the event any change is made to our outstanding ordinary shares by reason of any recapitalization, bonus issue, stock split, combination of shares, exchange of shares or other changes affecting the outstanding shares as a class, appropriate adjustments will be made to the maximum number and/or class of securities issuable under the 2001 Plan, the maximum number and/or class of securities for which any participant may

be granted awards over the term of the 2001 Plan or that may be granted generally under the terms of the 2001 Plan, the number and/or class of securities and price per share in effect under each outstanding award, and the number and/or class of securities for which automatic option grants are to be subsequently made to newly-elected or continuing non-employee directors.

Acceleration

Except for grants made under the automatic option grant program described above, in the event of a dissolution or liquidation or if we are acquired by merger or asset sale or in the event of other change of control events, each outstanding award under the discretionary program shall automatically accelerate so that each such award shall, immediately prior to the effective date of such transaction, become fully vested with respect to the total number of shares then subject to such award. However, subject to the specific terms of a given award, vesting shall not so accelerate if, and to the extent, such award is either to be assumed or replaced with a comparable right covering shares of the capital stock of the successor corporation or parent thereof or is replaced with a cash incentive program of the successor corporation which preserves the inherent value existing at the time of such transaction. Certain outstanding options granted to executive officers provide for acceleration either (i) if the executive is terminated without cause or leaves for good reason within, or remains employed for, the first 12 months following a change of control, or (ii) if the executive is terminated or the executive's duties are substantially reduced or changed during the 18-month period following a change of control. For additional information, see the section entitled ***Executive Compensation Potential Payments on Termination or Change of Control*** beginning on page 48 of this proxy statement.

The acceleration of vesting in the event of a change in the ownership or control of the company may be seen as an anti-takeover provision and may have the effect of discouraging a merger proposal, a takeover attempt or other efforts to gain control of the company.

Payment for Shares

The consideration for shares to be issued under the 2001 Plan may be paid in cash, by executing a same-day sale or margin commitment transaction, by cancellation of indebtedness, by conversion of a convertible note issued by us or through a waiver of compensation due.

Amendment and Termination

Our board of directors may at any time amend or modify the 2001 Plan in any or all respects, except that any such amendment or modification may not adversely affect the rights of any holder of an award previously granted under the 2001 Plan unless such holder consents. The board may terminate the 2001 Plan at any time. In addition, the automatic option grant program may not be amended more frequently than once every six months, other than to the extent necessary to comply with applicable U.S. income tax laws and regulations. Moreover, the board may not, without the approval of our shareholders:

amend the 2001 Plan to materially increase the maximum number of ordinary shares issuable under the 2001 Plan, the number of ordinary shares for which options may be granted to newly-elected or continuing non-employee directors, or the maximum number of ordinary shares for which any one individual participating in the 2001 Plan may be granted options;

materially modify the eligibility requirements for participation in the 2001 Plan; or

materially increase the benefits accruing to participants in the 2001 Plan.

Term of the 2001 Plan

Unless terminated earlier, the 2001 Plan will continue until August 2011, 10 years after the date the 2001 Plan was adopted by our board of directors.

U.S. Federal Income Tax Consequences of Option Grants and Share Bonus Awards

The following is a general summary as of the date of this proxy statement of the United States federal income tax consequences to the company and the directors, officers and employees participating in the 2001

Plan. Federal tax laws may change and the federal, state and local tax consequences for any participating employee will depend upon his or her individual circumstances. Each participating employee has been and is encouraged to seek the advice of a qualified tax adviser regarding the tax consequences of participation in the 2001 Plan. The following discussion does not purport to describe state or local income tax consequences in the United States, nor tax consequences for participants who are subject to tax in other countries.

Options granted under the 2001 Plan may be either incentive stock options which satisfy the requirements of Section 422 of the Internal Revenue Code or non-statutory options which are not intended to meet such requirements. The United States federal income tax treatment for the two types of options differs as follows:

Incentive Stock Options. No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is generally recognized at the time the option is exercised unless the optionee is subject to the alternative minimum tax or the optionee exercises the option more than three months after the termination of his or her employment with us. The optionee will, however, recognize taxable income in the year in which the acquired shares are sold or otherwise disposed of. For United States federal income tax purposes, dispositions are either qualifying or disqualifying dispositions. A qualifying disposition occurs if the sale or other disposition is made after the optionee has held the shares for more than two years after the option grant date and more than one year after the date on which the shares are transferred to the optionee pursuant to the option's exercise. Upon a qualifying disposition, any gain or loss, generally measured by the difference between the amount realized on the sale of shares and the option exercise price, will be treated as capital gain or loss. If either of these two holding periods is not satisfied, then a disqualifying disposition results. Upon a disqualifying disposition, the optionee generally recognizes ordinary income in the amount of the lesser of (i) the difference between the fair market value of the shares at the time of the option's exercise and the option's exercise price, or (ii) the difference between the amount realized on the sale and the option's exercise price. Any ordinary income recognized is added to the optionee's basis for purposes of determining any additional gain on the sale; any such additional gain will be capital gain.

If the optionee makes a disqualifying disposition of the acquired shares, we may be entitled to a deduction from our U.S. taxable income for the taxable year in which such disposition occurs, equal to the amount of ordinary income the employee recognizes. In no other instance will we be allowed a deduction with respect to the optionee's disposition of the acquired shares.

Non-Statutory Options. Taxable income generally is not recognized by an optionee upon the grant of a non-statutory option. The optionee will, in general, recognize ordinary income in the year in which the option is exercised, equal to the excess of the fair market value of the acquired shares on the exercise date over the exercise price paid for the shares, and we will be entitled to a deduction with respect to, and be required to satisfy the tax withholding requirements applicable to, such income.

Share bonuses. Upon issuance of shares pursuant to a share bonus, the employee will have ordinary income in the amount of the fair market value of the issued stock on the date of issuance. Any further gain or loss upon disposition of the stock will be short- or long-term capital gain or loss, depending on the employee's holding period as measured from the date of issuance. We will generally have a withholding obligation, and be entitled to a deduction, in the amount the employee recognizes as ordinary income.

Section 162(m). Any United States income tax deductions that would otherwise be available to us may be subject to a number of restrictions under the Internal Revenue Code, including Section 162(m), which, under recent guidance issued by the Internal Revenue Service, can limit the deduction for compensation paid to our Chief Executive Officer and our other three most highly compensated executive officers (other than the Chief Executive Officer and the Principal Financial Officer).

New Plan Benefits Under the 2001 Plan

None of our former executive officers, including Mr. Smach and Mr. Brathwaite, are eligible to participate in receiving future awards under the 2001 Plan. The number of shares to be issued under the 2001

Plan to the individuals and groups listed below and the net values to be realized upon such issuances are discretionary, and therefore, not determinable:

Michael McNamara, our Chief Executive Officer;

each of our three other most highly compensated executive officers serving as executive officers at the end of the 2008 fiscal year;

all current executive officers as a group;

all current non-employee directors as a group;

each nominee for director;

each associate of any of the aforementioned directors, executive officers or director nominees; and

all employees, including all current officers who are not executive officers, as a group.

**Our board recommends a vote FOR
the approval to amend the 2001 Equity Incentive Plan to increase the sub-limit on the maximum number of
shares which may be issued as share bonus awards under the 2001 Plan.**

**Our board recommends a vote FOR

single calendar year.**

**Our board recommends a vote FOR

Incentive Plan.**

Section 18 of the Exchange Act, except to the extent that we specifically incorporate this information by reference into any such filing.

The Compensation Committee of the board of directors of the company has reviewed and discussed with management the Compensation Discussion and Analysis beginning on page 28 of this proxy statement. Based on this review and discussion, the Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in the company's proxy statement for the 2008 annual general meeting of shareholders.

Submitted by the Compensation Committee of the board of directors:

COMPENSATION DISCUSSION AND ANALYSIS

In this section, we discuss the material elements of our compensation programs and policies, including the objectives of our compensation programs and the reasons why we pay each element of our executives' compensation. Following this discussion, you will find a series of tables containing more specific details about the compensation earned by or awarded to the following individuals, whom we refer to as the named executive officers or NEOs:

Name	Titles
Michael M. McNamara	Chief Executive Officer
Thomas J. Smach	Chief Financial Officer (1)
Werner Widmann	President, Multek
Christopher Collier	Senior Vice President, Finance
Carrie L. Schiff	Senior Vice President and General Counsel
Nicholas E. Brathwaite	Chief Technology Officer (2)

(1) Mr. Smach resigned effective June 30, 2008.

(2) Mr. Brathwaite resigned effective December 31, 2007.

This discussion focuses on compensation and practices relating to the named executive officers for our 2008 fiscal year. Mr. Brathwaite ceased to be an executive officer of our company effective May 1, 2007 and ceased to be employed by us effective December 31, 2007. Under SEC rules, Mr. Brathwaite is an additional named executive officer because he was an executive officer at the beginning of our last fiscal year and his reportable compensation would have made him an NEO if he had been an executive officer at the end of our last fiscal year. Because Mr. Brathwaite ceased to be an executive officer effective May 1, 2007, the Committee did not recommend, and our board did not approve, his salary adjustment or his annual incentive bonus opportunity for the 2008 fiscal year. However, the Committee did approve his separation agreement, which is discussed below under *Nicholas E.*

Brathwaite Separation Agreement.

Compensation Committee

The Compensation Committee of our board of directors (referred to in this discussion as the Committee) approves the goals and objectives relating to executive compensation, and recommends to our board the compensation of the Chief Executive Officer and all other executive officers. The Committee also oversees management's decisions concerning the performance and compensation of other company officers, administers our equity compensation plans, and evaluates the effectiveness of our overall executive compensation program.

Independent Consultants and Advisors

The Committee has the authority to retain and terminate any independent, third-party compensation consultant and to obtain advice and assistance from internal and external legal, accounting and other advisors. During our 2008 fiscal year, the Committee engaged Pearl Meyer & Partners to advise on certain executive compensation matters. Pearl Meyer was engaged principally to select peer companies and furnish competitive data relating to our Chief Executive Officer and Chief Financial Officer and the Committee did not engage Pearl Meyer to make compensation recommendations. Pearl Meyer has not provided any other services to the company and has received no compensation other than with respect to the services provided to the Committee. The Committee engaged Frederic W. Cook & Co., Inc. as its independent adviser to advise on fiscal year 2009 executive compensation matters and expects that it will continue to retain an independent compensation consultant on future executive compensation matters.

Compensation Philosophy and Objectives

We believe that the quality, skills and dedication of our executive officers are critical factors affecting the company's performance and shareholder value. Our key compensation goals are to:

- attract superior executive talent;
- retain and motivate our executives;
- reward past performance;
- provide incentives for future performance; and
- align our executives' interests with those of our shareholders.

Accordingly, in determining the amount and mix of compensation, the Committee seeks both to provide a competitive compensation package and to structure annual and long-term incentive programs that reward achievement of performance goals that directly correlate to the enhancement of shareholder value, as well as to promote executive retention. To accomplish these objectives, the Committee has structured our compensation programs to include the following key features:

annual and long-term cash bonuses and certain share bonus awards are earned only if the company achieves pre-established earnings per share growth targets in the cases of our Chief Executive Officer and Chief Financial Officer, earnings per share and revenue growth targets in the cases of other corporate level executives, and earnings per share growth and business unit operating performance targets in the cases of business unit executives;

stock-based compensation aligns executives' interests with those of our shareholders; and

deferred cash bonus awards and certain stock-based compensation are designed to promote executive retention, as these elements of compensation only vest over a period of years if the executive remains in the company's employment.

The Committee does not maintain policies for allocating among current and long-term compensation or among cash and non-cash compensation. Instead, the Committee maintains flexibility and adjusts different elements of compensation based upon its evaluation of the company's key compensation goals set forth above. However, as a general matter, the Committee seeks to allocate a substantial majority of the named executive officers' compensation to

components that are performance-based and at-risk.

While compensation levels may differ among NEOs based on competitive factors and the role, responsibilities and performance of each specific NEO, there are no material differences in the compensation philosophies, objectives or policies for our NEOs. We do not have a policy regarding internal pay equity.

None of the named executive officers serves pursuant to an employment agreement, and each serves at the will of the company's board of directors. Similarly, we generally do not enter into severance agreements with, nor do we have established severance arrangements for, our executive officers as part of the terms of their employment. This enables our board to remove an executive officer, if necessary, prior to retirement or

resignation whenever it is in our best interests. When an executive officer retires, resigns or is terminated, our board exercises its business judgment in approving an appropriate separation or severance arrangement in light of all relevant circumstances, including the individual's term of employment, past accomplishments and reasons for separation from the company.

Competitive Positioning

In determining the amounts and components of fiscal year 2008 compensation for our Chief Executive Officer and Chief Financial Officer, the Committee reviewed the compensation levels of companies in both an industry peer group and a peer group of high technology companies selected on the basis of such companies' revenues and market capitalizations. The peer companies were the same as those used in determining fiscal year 2007 compensation and were selected by Pearl Meyer with input from our management. The companies in the industry peer group consisted of: Arrow Electronics, Inc., Avnet, Inc., Celestica Inc., Jabil Circuit, Inc., Sanmina-SCI Corporation and Solectron Corporation. The companies in the high technology peer group consisted of: Advanced Micro Devices, Inc., Harris Corporation, Intuit Inc., Juniper Networks, Inc., Micron Technology, Inc. and Seagate Technology. The Committee also reviewed data of a high technology survey group, which reflected data from a broader group of technology companies with comparable revenues, and an industry survey group, which reflected data from a broader group of manufacturing companies with comparable revenues, both of which survey groups were selected by Pearl Meyer.

The Committee set a target for total direct compensation for our Chief Executive Officer and Chief Financial Officer at or above the 75th percentile of such compensation for the composite of the high technology peer group and the high technology survey group. Total direct compensation is the sum of base salary, target annual incentive compensation and target long-term incentive awards. The Committee also set the same target for each component of total direct compensation. In setting these targets, the Committee considered that the company's revenues are at the 100th percentile of its industry and high technology peer groups.

In determining the amounts and components of fiscal year 2008 compensation for our other executive officers, the Committee sought to structure competitive compensation arrangements based, in part, upon the nature and scope of these executives' responsibilities and leadership roles in relation to the Chief Executive Officer and Chief Financial Officer. The Committee also considered the recommendations of our Chief Executive Officer who based his recommendations for fiscal year 2008 compensation on competitive data compiled by Hay Group. Hay Group assessed the compensation levels of 22 of our officers, including Messrs. Widmann and Collier and Ms. Schiff. Hay Group used the following sources of market data in its review:

1. Hay Group's 2006 Executive Compensation Report (which we refer to as the ECR), which represents 496 parent organizations and 626 independent operating units of U.S.-based companies, in the general industry; and
2. Radford's 2006 Executive Compensation Report, which represents 700 organizations in the technology industry.

Hay Group gave equal weighting to both the Hay Group ECR and the Radford survey. All survey data was aged to July 1, 2007 at an annual rate of 4%. Hay Group matched our officers to the survey data as follows:

1. Positions matched to Hay Group's ECR were matched by title and by job content; and
2. Positions matched to Radford's survey were matched by title only and adjusted where the match was not a good fit.

Hay Group concluded that total direct compensation of our top 22 officers ranged from the 20th percentile to above the 90th percentile of the benchmarked data. Messrs. Widmann's and Collier's total direct compensation were at about the 90th percentile, and Ms. Schiff's total direct compensation was at the 35th percentile. Based on this data, our Chief

Executive Officer recommended to the Committee increases in Ms. Schiff's compensation to make her compensation more competitive given the increased scope and responsibilities of her

-30-

position. Accordingly, Ms. Schiff's base salary was increased from \$300,000 to \$350,000, she was added as a participant in the three-year cash incentive bonus plan (discussed below under **Long-Term Incentive Program**), and was granted an additional service-based share bonus award for 50,000 shares (discussed below under **Stock-based Compensation**). For Messrs. Widmann and Collier, our Chief Executive Officer recommended that their base salary, target annual incentive bonus and long-term equity award levels remain consistent with their prior year's levels. These recommendations were supported by the Committee and adopted by our board.

Role of Executive Officers in Compensation Decisions

The Committee makes recommendations to our board on all compensation actions relating to our executive officers. As part of its process, the Committee meets with our Chief Executive Officer and Chief Financial Officer to obtain recommendations with respect to the structure of our compensation programs and compensation decisions, including the performance of individual executives. Our Chief Executive Officer and Chief Financial Officer meet with our Executive Vice President, Worldwide Human Resources and Management Systems and Vice President, Global Compensation & Benefits to obtain input on these matters.

Fiscal Year 2008 Executive Compensation Components

We allocate compensation among the following components for our named executive officers:

- base salary;
- annual incentive cash bonuses;
- multi-year incentive cash bonuses;
- stock-based compensation;
- deferred compensation; and
- other benefits

Base Salary

Base salaries for our executive officers are established based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies for similar positions, as well as salaries paid to the executives' peers within the company. The Committee typically reviews base salaries every fiscal year and adjusts base salaries from time to time to take into account competitive market data, individual performance and promotions or changed responsibilities. Mr. McNamara's annual base salary was increased from \$1,000,000 to \$1,250,000 (or 25%) effective April 1, 2007 as part of setting Mr. McNamara's base salary and total target compensation at the 75th percentile of benchmarked compensation and in recognition of the increased scale of the company and Mr. McNamara's excellent performance. Base salary levels for the other named executive officers (other than Mr. Brathwaite) increased as follows: Mr. Smach 7.7%; Mr. Widmann 0% (paid in Euros); Mr. Collier 4.2%; and Ms. Schiff 16.7%.

Annual Incentive Bonus Plan

Through our annual incentive bonus plan, we seek to provide pay for performance by linking incentive awards to company and business unit performance. Key features of the bonus plan are as follows:

performance targets are based on year-over-year growth in corporate and business unit financial metrics

performance is measured 50% on a quarterly basis and 50% on an annual basis, subject to recoupment for quarterly targets based on annual performance

the financial goals vary based on each executive's responsibilities

Ø for corporate executives (other than the CEO and CFO), fiscal year 2008 bonuses were based 50% on revenue growth and 50% on EPS growth

Ø for business unit executives, fiscal year 2008 bonuses were based 25% on business unit revenue growth, 25% on business unit operating profit growth, 25% on inventory turnover growth at the business unit, and 25% on corporate EPS growth

Ø for the CEO and CFO, bonuses are based solely on EPS growth

performance measures are calculated on a non-GAAP basis and exclude discontinued operations for periods after fiscal year 2007, after-tax intangible amortization, stock-based compensation expense, gains and losses from divestitures, and restructuring and certain other charges. We exclude these items in order to arrive at more meaningful period-to-period comparisons of our ongoing operating results, and these calculations are made on a basis consistent with reported non-GAAP financial measures

bonuses are based entirely on financial performance, and there is no individual performance component

each executive's target bonus is set at a percentage of base salary, based on the level of the executive's responsibilities

Ø for executives other than the CEO and CFO, the target bonus is set at 50% of base salary

Ø the CEO's target bonus is set at 150% of base salary and the CFO's target bonus is set at 100% of base salary

actual payouts for each bonus component range from a minimum of 25% or 50% of target to a maximum of 300% of target (200% in the cases of the CEO and CFO)

if the threshold level of a bonus component is not met, there is no payout for that component

The Committee recommended and our board approved different performance metrics for our Chief Executive Officer and Chief Financial Officer as compared with other executives, and different performance metrics for corporate officers as compared with business unit executives. In the cases of our Chief Executive Officer and Chief Financial Officer, we selected non-GAAP diluted earnings per share as the sole metric because we believe that these executives are most able to influence earnings per share. The EPS targets for these executives are lower than the EPS targets for other executives because our CEO's and CFO's bonuses are based solely on EPS, and don't have the opportunity to achieve a bonus based on revenue growth or other metrics. For business unit executives, we selected a combination of both corporate and business unit metrics. We believe that the performance measures used for our annual incentive awards appropriately motivate our executives to achieve fiscal year financial goals recommended by the Committee and approved by our board.

Annual Incentive Awards for NEOs other than the CEO and CFO

Mr. Collier and Ms. Schiff were eligible for bonus awards based on EPS growth and revenue growth. For the EPS portion of their bonus awards, Mr. Collier and Ms. Schiff were eligible for a target bonus award of 25% of base salary, subject to a multiplier between 25% and 300%, depending on actual performance. For the revenue portion of their bonus awards, Mr. Collier and Ms. Schiff were eligible for a target bonus award of 25% of base salary, subject to a multiplier between 50% and 300% depending on actual performance.

The following chart sets forth the performance measures, payout levels and payout levels as percentage of base salary for fiscal year 2008 under our annual incentive bonus plan for Mr. Collier and Ms. Schiff:

Mr. Widmann was eligible for a bonus award based on corporate EPS growth and revenue growth, operating profit growth and return on assets growth at the Multek business unit level. For the EPS portion of his bonus award, Mr. Widmann was eligible for a target bonus of 12.5% of base salary, subject to a multiplier between 25% and 300% depending on actual performance. For each of the revenue, operating profit and return on assets portions of his bonus award, Mr. Widmann was eligible for a target bonus of 12.5% of base salary, subject in each case to a multiplier between 50% and 300% depending on actual performance. Mr. Widmann's performance measures for the EPS portion of his bonus were the same as for Mr. Collier and Ms. Schiff as set forth above. We are not disclosing the performance measures for the other components of Mr. Widmann's bonus because these measures relate to the Multek business unit and we treat these measures as confidential. We set these performance measures at levels designed to motivate Mr. Widmann to achieve operating results at the Multek business unit at degrees of difficulty consistent with the performance measures at the corporate level. Based on performance at the Multek business unit and EPS growth, Mr. Widman received a bonus equal to 51.1% of his base salary.

Annual Incentive Awards for the CEO and CFO

Messrs. McNamara and Smach were eligible for bonus awards based on solely on EPS growth. Mr. McNamara's target bonus was 150% of base salary and Mr. Smach's target bonus was 100% of base salary. These target bonuses were subject to multipliers of between 25% and 200% depending on actual performance.

The following chart sets forth the payout levels and payout levels as a percentage of base salary for fiscal year 2008 under our annual incentive bonus plan for Messrs. McNamara and Smach:

In fiscal year 2008, we had record non-GAAP diluted earnings per share of \$1.02, representing a year over year increase of 28%, and record net sales of \$27.6 billion, representing a year over year increase of 46%. Based on our performance, each of the named executive officers (other than Mr. Brathwaite), received the maximum bonus. The Committee believes that bonuses awarded under our annual incentive bonus plan appropriately reflected the company's performance and appropriately rewarded the performance of the named executive officers.

One-Year Special Fiscal Year 2008 Performance Bonus Plan

In fiscal year 2008, the Committee recommended and the Board approved a one-year special performance bonus program for senior officers of the company, including Messrs. Widmann and Collier and Ms. Schiff. Messrs. McNamara and Smach did not participate in this program. This program provided for a one-time bonus of up

to \$250,000 based upon achievement by the company of pre-established annual operating profit growth targets. The Committee recommended and our board approved the special one-year bonus plan

to focus our senior management on improving synergies and vertical integration across different business units. For Messrs. Widmann and Collier and Ms. Schiff, the program provided for a special bonus of \$250,000 for year-over-year operating profit growth of at least 20%, with a lower bonus of \$187,500 for year-over-year operating profit growth of 15%. For performance between the 15% and 20% levels, the program provided for a pro-rated bonus. For purposes of determining achievement of these targets, the Committee used non-GAAP measures on the basis discussed above. Based on fiscal year 2008 results, Messrs. Widmann and Collier and Ms. Schiff received the maximum bonus of \$250,000.

Fiscal Year 2008 Discretionary Bonus for Michael McNamara

Based on fiscal year 2008 performance, our board awarded a special bonus to Mr. McNamara of \$1,200,000. The discretionary bonus was awarded in recognition of the company's exceptional results in fiscal year 2008, which included the successful acquisition of Solectron and integration into our business, as well as record non-GAAP diluted earnings per share of \$1.02, representing a year over year increase of 28%.

Long-Term Incentive Program

Three-Year Performance Plan

In fiscal year 2007, the Committee established a three-year cash incentive bonus plan. The three-year performance plan is designed to reward the named executive officers and certain other senior officers based upon the achievement by the company of a three-year compounded annual revenue growth rate and a three-year compounded annual EPS growth rate, provided that the individual receiving the bonus remains employed by us at the time the bonus is paid. Under this plan, each of the named executive officers (other than Messrs. Smach and Brathwaite, who are no longer employed by us) will be eligible for a bonus of up to \$1,000,000 if certain pre-established targets are achieved. For purposes of determining achievement of these targets, the Committee uses non-GAAP measures on the basis discussed above. The Committee established the three-year cash incentive bonus plan to focus senior management on achievement of sustained EPS and revenue growth at levels which result in payment of the \$1,000,000 maximum bonus only if the company performs significantly better than internal targets, with a lesser bonus opportunity if the company achieves its internal targets. The three-year bonus plan provides for a bonus of \$1,000,000 if the company achieves both a three-year compounded annual revenue growth rate of at least 15% and a three-year compounded annual EPS growth rate of at least 20%, and also provides for a bonus of \$750,000 if the company achieves both a three-year compounded annual revenue growth rate of at least 10% and a three-year compounded annual EPS growth rate of at least 15%. If the company fails to achieve the target performance level required for the lesser bonus, no bonus will be awarded.

In fiscal year 2008, the board and the Committee approved the participation of Ms. Schiff in the three-year performance plan in recognition of the increasing scope and importance of her responsibilities and to provide Ms. Schiff with a more competitive compensation package.

Stock-based Compensation

Stock Options and Share Bonus Awards

The Committee grants stock options and share bonus awards (the equivalent of restricted stock units), which are designed to align the interests of the named executive officers with those of our shareholders and provide each individual with a significant incentive to manage the company from the perspective of an owner, with an equity stake in the business. These awards are also intended to promote executive retention, as unvested stock options and share bonus awards generally are forfeited if the executive voluntarily leaves the company. Each stock option allows the

executive officer to acquire Flextronics' ordinary shares at a fixed price per share (the market price on the grant date) over a period of seven to ten years, thus providing a return to the officer only if the market price of the shares appreciates over the option term. Share bonus awards are structured as either service-based awards, which vest if the executive remains employed through the vesting period, or performance-based awards, which vest only if we achieve pre-established performance measures. Before the share bonus award vests, the executive has no ownership rights in Flextronics' ordinary shares.

The size of the option grant or share bonus award to each executive officer generally is set at a level that is intended to create a meaningful opportunity for share ownership based upon the individual's current position with Flextronics, but the Committee also takes into account (i) the individual's potential for future responsibility and promotion over the term of the award, (ii) the individual's personal performance in recent periods, and (iii) the number of options and share bonus awards held by the individual at the time of grant. In addition, the Committee considers competitive equity award data, and determines award size consistent with the Committee's and our board's objective of setting long-term incentive compensation at the 75th percentile of our peer companies.

Administration of Equity Award Grants

The Committee grants options with exercise prices set at the market price on the date of grant, based on the closing market price. Our current policy is that options and share bonus awards granted to executive officers are only made during open trading windows. Awards are not timed in relation to the release of material information. Our current policy provides that grants to non-executive new hires and follow on grants to non-executives are made on pre-determined dates in each fiscal quarter.

Grants During Fiscal Year 2008

The number of stock options and share bonus awards granted to the named executive officers in fiscal year 2008, and the grant-date fair value of these awards determined in accordance with SFAS 123(R), are shown in the Grants of Plan-Based Awards in Fiscal Year 2008 table beginning on page 42 of this proxy statement. In fiscal year 2008, the Committee recommended and the Board approved service-based and performance-based share bonus awards. Although the Committee does not have a policy for allocating between grants of share bonus awards and options, the Committee determined that it was appropriate to award only share bonus awards in fiscal year 2008 given the outstanding options held by the named executive officers in order to achieve a better balance between share bonus awards and options. In addition, the Committee sought to achieve further retention with these awards.

For Mr. Collier and Ms. Schiff, one-half of their 75,000 share bonus award is performance based and will vest after fiscal year 2010 if we achieves at least a 15% compounded annual growth rate in operating profit. One-half of their 75,000 share bonus award will vest after fiscal year 2010 if they continue to remain employed. Ms. Schiff also received a share bonus award of 50,000 shares which vest 20% on each of the first, second, third, fourth and fifth anniversaries of the grant date.

For Mr. Widmann, one-half of his 100,000 share bonus award is performance based and will vest after fiscal year 2010 only if our Multek business unit achieves pre-determined performance goals. One-half of his 100,000 share bonus award will vest after fiscal year 2010 if he continues to remain employed.

For Mr. McNamara and Mr. Smach, one-half of Mr. McNamara's share bonus award of 600,000 shares and one-half of Mr. Smach's share bonus award of 300,000 shares provided for vesting annually over a four-year period if the company achieves annual EPS growth of at least 8%, provided that if any portion fails to vest, it may vest in a subsequent year on the basis of cumulative EPS growth. One-half of their awards provided for vesting annually over four years.

For purposes of determining achievement of performance targets for performance-based share bonus awards, the Committee uses non-GAAP measures on the basis discussed above.

Deferred Compensation

Each of the named executive officers participates in a deferred compensation plan or arrangement. These plans and arrangements are intended to promote retention by providing a long-term savings opportunity on a tax-efficient basis. Messrs. McNamara, Smach and Brathwaite participate in the company's senior executive deferred compensation plan (referred to as the senior executive plan). Mr. Collier and Ms. Schiff participate in the company's senior management deferred compensation plan (referred to as the senior management plan). Mr. Widmann participates in an individual deferral arrangement. As discussed below, we

have made deferred long-term incentive bonuses so that a significant component of the named executive officers compensation serves a retentive purpose. In structuring the executive deferred compensation arrangements, the Committee also sought to provide an additional long-term savings plan for the executives in recognition that we do not otherwise provide these executives with a pension plan or any supplemental executive retirement benefits, other than the Multek pension plan in the case of Mr. Widmann.

Deferred Compensation for Messrs. McNamara, Smach and Brathwaite. Under the senior executive plan, a participant may defer up to 80% of his or her salary and up to 100% of his or her cash bonuses. In addition, at the Committee's discretion, awards for deferred long-term incentive bonuses may be awarded in return for services to be performed in the future. During fiscal year 2006, the Committee approved deferred bonuses for Mr. McNamara of \$5,000,000, Mr. Smach of \$3,000,000, and Mr. Brathwaite of \$3,000,000. The deferred bonus (together with earnings) for Mr. McNamara vests as follows: (i) 10% vested on April 1, 2006; (ii) 15% vested on April 1, 2007; (iii) an additional 20% vested on April 1, 2008; (iv) an additional 25% will vest on April 1, 2009; and (v) an additional 30% will vest on April 1, 2010. The deferred bonus (together with earnings) for Mr. Smach originally was scheduled to vest as follows: (i) 10% vested on April 1, 2006; (ii) 15% vested on April 1, 2007; (iii) an additional 20% vested on April 1, 2008; (iv) an additional 25% will vest on April 1, 2009; and (v) an additional 30% will vest on April 1, 2010. As discussed below under ***Thomas J. Smach Separation Agreement***, \$841,353 of Mr. Smach's deferral account was accelerated to vest on June 30, 2008 and \$1 million of his deferral account (together with earnings) will vest on December 31, 2009, subject to compliance with the terms of his separation agreement. The deferred bonus (together with earnings) for Mr. Brathwaite originally was scheduled to vest as follows: (i) 20% vested on April 1, 2006; (ii) 20% vested on April 1, 2007; and (iii) 20% will vest on each of April 1, 2008, 2009 and 2010. As discussed below under ***Nicholas E. Brathwaite Separation Agreement***, \$1,671,708 of Mr. Brathwaite's deferral account was accelerated to vest on June 30, 2008 and \$700,000 of his deferral account (together with earnings) will vest on December 31, 2008, subject to compliance with the terms of his separation agreement. Any unvested portions of the deferred bonuses for Mr. McNamara will become 100% vested upon a change of control (as defined in the senior executive plan) if he is employed at that time or if his employment is terminated as a result of death or disability. Other than in cases of death or disability or a change of control, any unvested amounts will be forfeited if the executive's employment is terminated, unless otherwise provided in a separation agreement. Mr. Smach also participates in the Dii Group deferred compensation plan. This plan had been established by the Dii Group, which was acquired by Flextronics in 2000. No further employer or employee contributions have been made under this plan.

Deferred Compensation for Mr. Collier and Ms. Schiff. Under the senior management plan, a participant may receive a deferred contribution, which is subject to vesting requirements. Beginning with 2005, each of Mr. Collier and Ms. Schiff has received and may continue to receive a contribution equal to 30% of his or her base salary. In addition, during fiscal year 2006, the Committee approved a special discretionary deferred bonus for Mr. Collier of \$400,000 and, during fiscal year 2007, the Committee approved a special discretionary deferred bonus for Ms. Schiff of \$250,000. These contributions (together with earnings) for Mr. Collier and Ms. Schiff vest as follows: (i) one-third will vest on the first July 1st that occurs at least one year after the day that the sum of his or her age and years of service with the company equals or exceeds 60; (ii) one-third will vest one year after the first vesting date; and (iii) one-third will vest two years after the first vesting date. Any unvested portions of the deferral accounts of Mr. Collier and Ms. Schiff will become 100% vested if their employment is terminated as a result of death. In the event of a change of control (as defined in the senior management plan), a portion of the deferral account will vest, calculated as a percentage equal to the number of months since July 1, 2005 divided by 108, for Mr. Collier and 144, for Ms. Schiff. Other than in cases of death or a change of control, any unvested amounts will be forfeited if the executive's employment is terminated, unless otherwise provided in a separation agreement. Any portion of their deferral accounts that remains unvested after a change of control shall continue to vest in accordance with the original vesting schedule.

Werner Widmann Deferred Compensation. In fiscal years 2006 and 2007, Mr. Widmann was awarded aggregate deferred bonuses of \$3,000,000 in return for services to be performed in the future. These deferred bonuses were credited to a brokerage account. The deferred bonuses (together with earnings) for

Mr. Widmann vest as follows: (i) 10% vested on July 1, 2007; (ii) an additional 15% vested on July 1, 2008; (iii) an additional 20% will vest on July 1, 2009; (iv) an additional 25% will vest on July 1, 2010; and (v) an additional 30% will vest on July 1, 2011, provided Mr. Widmann continues to be employed by the company. 100% of the deferred bonus will be paid to Mr. Widmann if his employment is terminated as a result of his death. In the event of a change of control of the company, any unvested deferred bonus will vest based on the percentage of his completed months of service with the company during the six-year period from July 1, 2005 through July 1, 2011.

For additional information about (i) executive contributions to the named executive officers' deferral accounts, (ii) company contributions to the deferral accounts, (iii) earnings on the deferral accounts, and (iv) deferral account balances as of the end of fiscal year 2008, see the section entitled ***Executive Compensation - Nonqualified Deferred Compensation in Fiscal Year 2008*** beginning on page 47 of this proxy statement. The deferral accounts are unfunded and unsecured obligations of the company, receive no preferential standing, and are subject to the same risks as any of the company's other general obligations.

Benefits

Executive Perquisites

Perquisites represent a small part of the overall compensation program for the named executive officers. In fiscal year 2008, we paid the premiums on life insurance or disability insurance for Messrs. McNamara and Smach, and reimbursed Messrs. McNamara, Smach and Brathwaite for taxes due upon vesting of a portion of their deferred bonuses. We also provide a vehicle allowance for Mr. Widmann. These benefits are quantified under the "All Other Compensation" column in the Summary Compensation Table for Fiscal Years 2007 and 2008.

401(k) Plan; Multek Pension Plan

Under our 401(k) Plan, all of our employees are eligible to receive matching contributions. The matching contribution for fiscal year 2008 was dollar for dollar on the first 3% of each participant's pre-tax contributions, plus \$0.50 for each dollar on the next 2% of each participant's pre-tax contributions, subject to maximum limits under the Internal Revenue Code. We do not provide an excess 401(k) plan for our executive officers.

Mr. Widmann participates in the Multek pension plan. These benefits are described in the section entitled ***Executive Compensation - Pension Benefits in Fiscal Year 2008*** beginning on page 47 of this proxy statement. None of the other named executive officers participates in any pension plan.

Other Benefits

Executive officers are eligible to participate in all of the company's employee benefit plans, such as medical, dental, vision, group life, disability, and accidental death and dismemberment insurance, in each case on the same basis as other employees, subject to applicable law.

Termination and Change of Control Arrangements

The named executive officers are entitled to certain termination and change of control benefits under their deferred compensation plans and under certain of their stock options. These benefits are described and quantified under the section entitled ***Executive Compensation - Potential Payments Upon Termination or Change of Control*** beginning on page 48 of this proxy statement. As described in that section, if there is a change of control of the company, the entire unvested portion of the deferred compensation accounts of Mr. McNamara will accelerate, and a percentage of the unvested portion of Messrs. Widmann's and Collier's and Ms. Schiff's deferred compensation

accounts will accelerate based on their respective periods of service. The vesting of Messrs. Smach's and Brathwaite's deferral accounts are governed by their separation agreement, which are discussed in the sections entitled ***Thomas J. Smach Separation Agreement*** and ***Nicholas E. Brathwaite Separation Agreement*** below. Certain of Mr. McNamara's options are subject to acceleration

if there is a change of control and his employment is terminated or his duties are substantially changed. These arrangements are intended to attract and retain qualified executives who could have other job alternatives that might offer greater security absent these arrangements. In addition, these arrangements serve to assure the retention of key executives in order to successfully execute a change of control transaction. To this end, the acceleration of vesting of options only occurs if the executive remains with the company through the change of control and is terminated or his duties are substantially changed, commonly referred to as a double trigger. The Committee determined that a single trigger for acceleration of the executives' deferred compensation accounts was appropriate in order to provide certainty of vesting for benefits that represent the executives' primary source of retirement benefits.

Thomas J. Smach Separation Agreement

Thomas J. Smach terminated his employment effective June 30, 2008. Under the terms of Mr. Smach's separation agreement, Mr. Smach received (i) his quarterly bonus for the first fiscal quarter of fiscal 2009, without reduction of the 50% annual holdback, but will not be eligible for any additional annual or long-term cash incentive bonuses; and (ii) a severance payment of \$700,000, which amount was grossed up for income taxes. In addition, the vesting of \$841,353 of Mr. Smach's deferred compensation account was accelerated to vest on June 30, 2008, and the remaining unvested balance of \$1 million of the deferral account (together with earnings) will vest on December 31, 2009, subject to Mr. Smach's compliance with certain non-solicitation and non-competition covenants. The separation agreement also provided for accelerated vesting of an aggregate of 216,666 shares (and the cancellation of 75,000 shares) subject to share bonus awards granted in 2006 and 2007, and extends the exercisability of an aggregate of 670,000 options until December 31, 2008. Mr. Smach also will receive continued health coverage in accordance with the terms of his senior executive severance agreement with The Dii Group, which was acquired by the Company in 2000.

Nicholas E. Brathwaite Separation Agreement

Nicholas E. Brathwaite, an additional named executive officer, terminated his employment effective December 31, 2007. Pursuant to Mr. Brathwaite's separation agreement, entered into effective May 1, 2007, Mr. Brathwaite continued as an employee until December 31, 2007. In addition to continuation of salary, eligibility for performance-based bonuses, and continuation of benefits through December 31, 2007, the vesting of \$1,440,878 of his deferral account was accelerated to vest on June 30, 2008; the remaining \$700,000 of the deferral account (together with earnings) will vest on December 31, 2008, subject to compliance with certain non-solicitation and non-competition covenants. In addition, Mr. Brathwaite received a severance payment of \$1,178,554, and his quarterly bonus awards without the annual holdback. The separation agreement also provided for accelerated vesting of an aggregate of 233,332 shares subject to share bonus awards granted in 2006.

EXECUTIVE COMPENSATION

The following table sets forth the fiscal year 2007 and 2008 compensation for:

our chief executive officer;

our chief financial officer;

the three other most highly compensated executive officers serving as executive officers at the end of the 2008 fiscal year; and

2008 fiscal year.

The executive officers included in the Summary Compensation Table for Fiscal Years 2007 and 2008 are referred to in this proxy statement as our named executive officers. - (1) Messrs. Smach, and Brathwaite deferred a portion of their salaries under our senior executive deferred compensation plan, which amounts for fiscal year 2008 are included in the Nonqualified Deferred Compensation in Fiscal Year 2008 table on page 48 of this proxy statement. Messrs. McNamara, Smach, Collier and Brathwaite and Ms. Schiff also contributed a portion of their salaries to their 401(k) savings plan accounts. All amounts deferred are included under this column.
- (2) For Messrs. McNamara, Smach, and Brathwaite, this column shows the portions of such named executive officers' deferred long-term bonuses which vested on April 1, 2008 and 2007. For Mr. Widmann, the amount shown for 2008 represents the portion of Mr. Widmann's deferred long-term bonus, which vested during fiscal year 2008. For additional information about the deferred long-term bonuses and deferred compensation, see the sections entitled *Compensation Discussion and Analysis - Fiscal Year 2008 Executive Compensation Components - Deferred Compensation* beginning on page 36 of this proxy statement and the discussion under the section entitled *Executive Compensation - Nonqualified Deferred Compensation in Fiscal Year 2008* beginning on page 47 of this proxy statement.
- (3) Stock awards consist of service-vested and performance-based share bonus awards. The amounts in this column do not reflect compensation actually received by the named executive officers nor do they reflect the actual value

that will be recognized by the named executive officers. Instead, the amounts reflect the compensation cost recognized by us in fiscal years 2008 and 2007 for financial statement reporting purposes in accordance with SFAS 123(R) for share bonus awards granted in and prior to fiscal years 2008 and 2007. The amounts in this column exclude the impact of estimated forfeitures related to service-based vesting conditions. For share bonus awards, fair value is the closing price of our ordinary shares on the date of grant. The full grant-date fair value of share bonus awards granted in fiscal year 2008 is reflected in the Grants of Plan-Based Awards in 2008 table beginning on page 42 of this proxy statement. For information regarding the assumptions made in calculating the amounts reflected in this column, see the section entitled *Stock-Based Compensation* under Note 2 to our audited consolidated financial statements for the fiscal year ended March 31, 2008, included in our Annual Report on Form 10-K/A for the fiscal year ended March 31, 2008.

- (4) The amounts in this column do not reflect compensation actually received by the named executive officers nor do they reflect the actual value that will be recognized by the named executive officers. Instead,

the amounts reflect the compensation cost recognized by us in fiscal years 2008 and 2007 for financial statement reporting purposes in accordance with SFAS 123(R) for stock options granted prior to fiscal year 2008. There were no option grants to the named executive officers in fiscal year 2008. The amounts in this column exclude the impact of estimated forfeitures related to service-based vesting conditions. For information regarding the assumptions made in calculating the amounts reflected in this column for grants made in fiscal years 2007 and 2006, see the section entitled *Stock-Based Compensation* under Note 2 to our audited consolidated financial statements for the fiscal year ended March 31, 2008, included in our Annual Report on Form 10-K/A for the fiscal year ended March 31, 2008. For information regarding the assumptions made in calculating the amounts reflected in this column for grants made prior to fiscal year 2006, see the section entitled *Accounting for Stock-Based Compensation* under Note 2 to our audited consolidated financial statements for the respective fiscal years included in our Annual Report on Form 10-K for those respective fiscal years. In connection with his resignation, Mr. Brathwaite forfeited 379,167 stock options, which were originally granted on April 17, 2006. The forfeiture of these options did not result in the reversal of any amounts previously expensed by the company.

- (5) The amounts in this column represent quarterly and annual incentive cash bonuses based on fiscal year 2008 and 2007 performance. The performance-based share bonus awards for Messrs. McNamara and Smach vest annually over four years only if the company achieves pre-determined year-over-year adjusted EPS growth rates, provided that if one or more of the annual adjusted EPS growth targets is not met, the unvested portion may be recouped if the subsequent period's cumulative target is met. The performance-based share bonus awards for Messrs. Widmann and Collier and Ms. Schiff cliff vest after three years only if we achieve pre-determined year-over-year compounded annual growth rates in our non-GAAP operating profit as disseminated in our annual and quarterly announcements. There is no threshold or maximum

payout. For additional information, see the section entitled *Compensation Discussion and Analysis Fiscal Year 2008 Executive Compensation Components Stock-Based Compensation* beginning on page 35 of this proxy statement.

- (3) This column shows the grant-date fair value of share bonus awards and stock options under SFAS 123(R) granted to our named executive officers in fiscal year 2008. The grant-date fair value is the amount that we will expense in our financial statements over the award's vesting schedule. For share bonus awards, fair value is the closing price of our ordinary shares on the grant date, which was \$11.27. The fair values shown for stock awards are accounted for in accordance with SFAS 123(R). For additional information on the valuation assumptions, see the section entitled *Stock-Based Compensation* under Note 2 of our audited consolidated financial statements for the fiscal year ended March 31, 2008, included in our Annual Report on Form 10-K/A for the fiscal year ended March 31, 2008. These amounts reflect our accounting expense, and do not correspond to the actual value that will be recognized by the named executive officers.
- (4) These amounts show the range of payouts under our annual incentive cash bonus program for fiscal year 2008. Amounts actually earned in fiscal year 2008 are reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table for Fiscal Years 2007 and 2008. - (6) These amounts are the potential payouts under our three-year cash incentive bonus plan. Target or maximum payouts only will be made if we achieve pre-determined three-year compounded annual revenue and EPS growth rates for the three years ending in fiscal year 2009. Pension Benefits in Fiscal Year 2008

The following table sets forth information on the pension benefits for Mr. Widmann. No other named executive officer participated in a pension plan during fiscal year 2008.

The Multek Multilayer Technology GmbH & Co. KG Pension Plan, or the Multek Plan, is a funded and tax qualified retirement program that covers, as of March 31, 2008, 507 current employees, 90 former employees with vested benefits and 22 retirees. The Multek Plan provides benefits based primarily on a formula that takes into account Mr. Widmann's base salary for each fiscal year and equals 1.5% of his base salary up to a German parliament-prescribed limit applicable to German defined benefit plans (€63,600 for 2008), and 4.5% of his base salary over this limit.

Employees of Multek Germany are eligible to participate in the Multek Plan after completion of one year of service with Multek. The accumulated benefit an employee earns over his or her career with Multek is payable monthly beginning after retirement or upon disability if earlier. The normal retirement age as defined in the Multek Plan is 62. If an employee retires before the normal retirement age, his or her benefits will be reduced by 0.5% per month. Employees vest in their benefits after five years of continuous service.

No pension benefits were paid to Mr. Widmann in the last fiscal year.

The amount reported in the table below equals the present value of the accumulated benefit as of March 31, 2008 for Mr. Widmann under the Multek Plan based upon the assumptions described in note 2 below.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)
Werner Widmann	Multek Multilayer Technology GmbH & Co. KG Pension Plan	4.5 (1)	\$ 98,820 (2)

- (1) Mr. Widmann's number of years of credited service under the Multek Plan is 4.5 years, which differs from his actual years of service with us of 5.5 years, as a result of the eligibility requirements that an employee needs to complete one year of service with Multek before being eligible to participate in the Multek Plan.
- (2) The accumulated benefit is based on Mr. Widmann's service and base salary through March 31, 2008. The present value assumes a discount rate of 5.5% and has been calculated assuming Mr. Widmann will remain in service until age 62, the age at which retirement may occur without any reduction in benefits. As Mr. Widmann has not met the five-year vesting requirement, his accumulated benefit remains unvested as of March 31, 2008.

Nonqualified Deferred Compensation in Fiscal Year 2008

Each of our named executive officers participates in a deferred compensation plan or arrangement. Messrs. McNamara, Smach, and Brathwaite participate in our Senior Executive Deferred Compensation Plan, which we refer to as the senior executive plan. Mr. Collier and Ms. Schiff participate in the company's senior management

deferred compensation plan (referred to as the senior management plan), and Mr. Widmann participates in an individual arrangement. Under these plans, we have granted long-term deferred bonuses, which are subject to vesting requirements. In addition, the senior executive plan allows the participants to defer up to 80% of his or her base salary and up to 100% of his or her cash bonuses. Deferred balances under the senior executive plan are deemed to be invested in hypothetical investments selected by the participant's investment manager. Deferred balances under the senior management plan are deemed to be invested in hypothetical investments selected by the participant or the participant's investment manager. Under Mr. Widmann's arrangement, his account balance is invested as directed by his investment manager. Participants in the senior executive plan may receive their vested deferred compensation balances upon termination of employment either through a lump sum payment or in installments over a period of up to 10 years. Participants in the senior management plan will receive their vested deferred compensation balances upon termination of employment through a lump sum payment on the later of January 15 of the year following termination and six months following termination. Under Mr. Widmann's arrangement, his entire vested account balance amount is

distributed following termination of employment. The deferred account balances of the named executive officers are unfunded and unsecured obligations of the company, receive no preferential standing, and are subject to the same risks as any of our other general obligations. For more information on these plans and arrangements, including the vesting terms, see the section entitled *Compensation Discussion and Analysis Fiscal Year 2008 Executive Compensation Components Deferred Compensation* beginning on page 36 of this proxy statement.

The following table presents information for fiscal year 2008 about: (i) executive contributions to the named executive officers' deferral accounts, (ii) company contributions to the deferral accounts, (iii) earnings on the deferral accounts, and (iv) deferral account balances as of the end of the fiscal year. No withdrawals or distributions were made in fiscal year 2008.

Potential Payments Upon Termination or Change of Control

As described in the section entitled *Compensation Discussion and Analysis* beginning on page 28 of this proxy statement, other than Mr. Brathwaite's and Mr. Smach's separation agreements, our named executive officers do not have employment or severance agreements with us. However, our named executive officers are entitled to certain termination and change of control benefits under each executive's deferred compensation plan and under certain stock options. These benefits, including the benefits that would have been provided to Mr. Smach prior to his resignation, along with the termination benefits provided or to be

provided to each of Mr. Brathwaite and Mr. Smach pursuant to his respective separation agreement, are described below and quantified in the table below.

Acceleration of Vesting of Deferred Compensation

if the employment of Mr. McNamara is terminated as a result of his death or disability, or the employment of Messrs. Collier or Widmann or Ms. Schiff is terminated as a result of his or her death, the entire unvested portion of the executive's deferred compensation account will vest;

if the employment of Mr. Smach had been terminated as a result of his death or disability, or if there was a change of control (as defined in the senior executive plan) prior to his retirement, the entire unvested portion of his deferred compensation account would have vested;

if there is a change of control (as defined in the senior executive plan), the entire unvested portion of the deferred compensation account of Mr. McNamara will vest;

if there is a change of control (as defined in Mr. Widmann's award agreement), a percentage of the unvested portion of the deferral account for Mr. Widmann will vest based on the executive's completed months of service with the company during the six-year period from July 1, 2005 through July 1, 2011; and

if there is a change of control (as defined in the senior management plan), a percentage of the unvested portion of the deferral account of each of Ms. Schiff and Mr. Collier will vest based on the executive's completed months of service with the company during the periods from July 1, 2005 through July 1, 2017 and from July 1, 2005 through July 1, 2014, respectively.

Acceleration of Vesting of Equity Awards

Certain option grants to our named executive officers include change of control acceleration provisions, as follows: 364,583 of Mr. McNamara's unvested options and 208,333 of Mr. Smach's unvested options provide that if the executive officer is terminated or the executive's duties are substantially reduced or changed during the 18-month period following a change of control of the company, the vesting of any unvested portion of the option will accelerate.

Nicholas E. Brathwaite Separation Agreement

On October 1, 2007, Nicholas Brathwaite, a named executive officer, retired as our Chief Technology Officer. Pursuant to his separation agreement, Mr. Brathwaite continued as an employee of the company until December 31, 2007. In addition to continuation of salary, eligibility for performance-based bonuses, and continuation of benefits through December 31, 2007, we accelerated the vesting of his previously-awarded deferred bonus in the amount of \$1.8 million, plus accumulated earnings of approximately \$320,377 as of June 30, 2008, subject to a \$700,000 holdback and compliance with certain non-solicitation, non-disclosure and non-disparagement obligations, as described in the table below. We also agreed that his annual incentive bonus payments for the September and December quarters would not be subject to the normal 50% holdback and that the amount held back from his bonus payment for the quarter ended in June 2007 would be paid on or about November 15, 2007. In addition, as consideration for a general release from claims and for his non-solicitation obligations, we accelerated the vesting of 233,332 unvested shares previously granted pursuant to share bonus awards. Mr. Brathwaite also received a severance payment of \$1,178,554.

Thomas J. Smach Separation Agreement

Effective on June 30, 2008, Thomas Smach retired as our Chief Financial Officer. Pursuant to his separation agreement and in consideration for a general release from claims, we agreed to pay Mr. Smach a severance payment equal to \$700,000, which amount was grossed-up to reimburse Mr. Smach for income taxes. In addition, we accelerated the unvested portion of Mr. Smach's deferred compensation account, subject to a \$1,000,000 holdback and compliance with certain non-solicitation obligations, as described in the table below. We also agreed that Mr. Smach's bonus payment for the quarter ended on June 30, 2008 would not be subject to the normal 50% holdback and that Mr. Smach would not be eligible for any future bonuses. In further consideration for the non-solicitation obligations as well as non-disclosure and non-disparagement agreements, we accelerated the

vesting of 216,666 unvested shares previously granted pursuant to share bonus awards and extended the exercisability of an aggregate of 670,000 options until December 31, 2008. The waiver provides that Mr. Smach may continue to exercise such options until December 31, 2008. Pursuant to Mr. Smach's senior executive severance agreement with the Dii Group, which we acquired in 2000, Mr. Smach will continue to be entitled to health coverage for himself and his eligible dependents until he reaches the age of 65. The company will also make any gross-up payments necessary to reimburse Mr. Smach for any tax liability resulting from the benefits provided under the Dii Group senior executive severance agreement. Mr. Smach's health benefits will be reduced to the extent he receives comparable benefits from another employer.

**Potential Payments Upon Termination or Change of Control
as of March 31, 2008**

The following table shows the estimated payments and benefits that would be provided to each named executive officer (other than Mr. Brathwaite) as a result of the accelerated vesting of deferred compensation in the cases of death, disability or a change of control. The following table also shows the severance payment made to Mr. Brathwaite and the following benefits provided to Mr. Brathwaite under his separation agreement:

the accelerated vesting of his deferred compensation account and share bonus awards; and

the accelerated payment of amounts held back or which otherwise would have been held back in fiscal year 2008 in connection with our annual incentive bonus plan.

In addition, the table shows the following benefits provided to Mr. Smach under his separation agreement:

a severance payment;

the accelerated vesting of his deferred compensation account and share bonus awards;

the accelerated payment of amounts which otherwise would have been held back in fiscal year 2009 in connection with our annual incentive bonus plan;

the extension of the exercise period for certain of his stock options; and

the estimated value of his continued health coverage.

Calculations for this table (other than with respect to the severance payment made to Mr. Brathwaite and the benefits provided for Mr. Brathwaite and Mr. Smach under their respective separation agreements) assume that the triggering event took place on March 31, 2008, the last business day of our 2008 fiscal year. The amount shown for each of Mr. Brathwaite and Mr. Smach under the column, *Accelerated Vesting of Stock Awards* represents the intrinsic value of the awards based on the closing price of our ordinary shares on November 30, 2007 and June 30, 2008, respectively, which were the dates that the awards vested. The following table does not include amounts representing the acceleration of stock options for our named executive officers following a change of control since none of the options subject to such acceleration had exercise prices exceeding the closing price of our ordinary shares on March 31, 2008. The following table also does not include pension benefits for Mr. Widmann. For more information on these benefits and potential payouts, see the discussions under *Pension Benefits in Fiscal Year 2008* beginning on page 47 of this proxy statement. The following table also does not include potential payouts under our named executive officers' nonqualified deferred compensation plans relating to vested benefits.
