PROPOSAL ONE ELECTION OF DIRECTORS

Our Bylaws provide that our Board of Directors shall consist of not less than one and a greater number as determined from time to time by resolution of our Board. The number of directors is currently fixed at six. In general, a director holds office for a term expiring at the next annual meeting of our shareholders or until her or his successor is duly elected and qualified. Nominations of candidates for election as our directors may be made at any meeting of our shareholders by or at the direction of our Board of Directors or by any shareholder entitled to vote at the meeting. Our Bylaws provide that our Board will fix the date of the annual meeting of our shareholders.

Our Board of Directors has nominated each of Andrew A. Boemi, Russell Cleveland, Kenneth S. George, J. French Hill, Kent H. Webb, M.D., and Nicholas J. Zaffiris, (each, a Nominee or, collectively, Nominees) for election as a

director for a term expiring in 2009 or until his successor is elected and qualified or until his earlier death, resignation or removal. For information about each Nominee, see Directors.

The persons named as proxies in the accompanying Proxy, who have been designated by our Board, intend to vote, unless otherwise instructed in the Proxy, for the election of Messrs. Table of Contents

the persons named in the Proxy will vote for the election of another person as our Board may recommend. We know of no reason why the Nominees will be unavailable or unable to serve.

Required Affirmative Vote

The affirmative vote of the holders of a majority of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote, is required for the election of a director. An abstention from voting and broker non-votes will be tabulated as a vote withheld on the election, but will be included in computing the number of shares present for purposes of determining the presence of a quorum for the Annual Meeting and whether a nominee has received the vote of a majority of the shares present at the Annual Meeting.

Recommendation of Our Board of Directors

Our Board of Directors recommends a vote FOR the election of Andrew A. Boemi, Russell Cleveland, Kenneth S. George, J. French Hill, Kent H. Webb, M.D., and Nicholas J. Zaffiris to our Board. We will vote your proxy accordingly unless you specify a contrary choice.

Board Committees

Our Board maintains four standing committees: Audit, Compensation, Corporate Governance and Nominating, and Executive. The Compensation Committee and Audit Committee were established in 1999 and the Corporate Governance Committee and Medical Committee were established in 2003. In 2004, the Corporate Governance Committee became the Corporate Governance and Nominating Committee by action of the Board. The Executive Committee was established in 2007.

The Executive Committee exercises the authority of the Board of Directors for matters delegated by the Board in the management of our business and affairs when the Board is not in session, but does not set any policy of the Board.

The Audit Committee is responsible for the selection and retention of our independent auditors, reviews the scope of the audit function of the independent auditors, and reviews audit reports rendered by the independent auditors. All of the members of the Audit Committee are all independent directors as defined in Rule 4200 of the Nasdaq Stock Market, Inc. marketplace rules (the Nasdaq rules), and two members serve as the Audit Committee's financial experts.

The Compensation Committee reviews our compensation philosophy and programs, and exercises authority with respect to payment of direct salaries and incentive compensation to our officers. A discussion of the Compensation Committee interlocks and insider participation is provided below under the section heading Compensation Committee Interlocks and Insider Participation.

The Governance and Nominating Committee (a) monitors and oversees matters of corporate governance, including the evaluation of Board performance and processes and the independence of directors, and (b) selects, evaluates and recommends to the Board qualified candidates for election or appointment to the Board.

All committees report on their activities to our Board and serve at the pleasure of our Board. The specific duties and authority of each committee is set forth in its charters. The charters of our Audit, Compensation, and Corporate Governance and Nominating committees are available on the Access Plans USA web site at www.accessplansusa.com under the section marked investor relations.

Report of the Audit Committee

The Audit Committee monitors the integrity of our financial statements, the independence and qualifications of the independent registered public accounting firm, our compliance with legal and regulatory requirements and the effectiveness of our internal controls. The Audit Committee is also responsible for retaining, evaluating, and, if appropriate, recommending the termination of our independent registered public accounting firm. Our independent registered public accounting firm is responsible for expressing an opinion on the conformity of our financial statements with U.S. generally accepted accounting principles.

Our board of directors has determined that Andrew Boemi and J. French Hill, two of our independent directors and members of our audit committee, each qualify as a financial expert. This determination was based upon Mr. Boemi's and Mr. Hill's:

understanding of generally accepted accounting principles and financial statements;

ability to assess the general application of generally accepted accounting principles in connection with the accounting for estimates, accruals and reserves;

experience preparing, auditing, analyzing or evaluating financial statements that present the breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by our financial statements, or experience actively supervising one or more persons engaged in such activities;

understanding of internal controls and procedures for financial reporting; and

understanding of audit committee functions.

Table of Contents

Mr. Boemi's experience and qualification as a financial expert were acquired through his extensive background in commercial lending, including management of commercial lending units of financial institutions, acting as a member of loan committees, supervising financial analysis, supervising financial officers and accountants, and overseeing and assessing company performance. He has served as a seminar lecturer on accounting and financial matters. Mr. Boemi is currently Managing Director of a firm that invests in mid-market companies in early stage turnaround. In this capacity, he evaluates financial statements and the work of internal accountants and external auditors. He was previously CEO of a publicly held multi-bank holding company, supervising the Chief Financial Officer and the principal officer of the commercial banking group and interfacing with the company's external auditors. He previously served as Chairman of the Audit Committee for two companies. He has a BS degree from Georgetown University in finance and economics and did graduate work at Rutgers in banking and finance.

Mr. Hill's experience and qualification as a financial expert were acquired through his extensive background in financial analysis, investment banking, finance and commercial banking. He has also participated in the preparation of financial statements and registration statements filed with the Securities and Exchange Commission. Mr. Hill also currently serves on one other audit committees where he has oversight responsibility of the financial statements and works with the internal accountants and external auditors on audit and/or accounting matters.

In the performance of its functions, our Audit Committee

reviewed and discussed the audited consolidated financial statements for 2007 with our management,

received the written disclosures and the letter from our independent registered public accounting firm required by Independence Standards Board Standard No. 1 and discussed with the independent registered public accounting firm their independence, and

recommended to our Board of Directors that the audited financial statements as of and for the year ended December 31, 2007 be included in our annual report on Form 10-K for filing with the Securities and Exchange Commission.

Our review with the independent registered public accounting firm included a discussion of such firm's judgments as to the quality, not just the acceptability, of our accounting principles and other matters as are to be discussed with the Audit Committee under Statement of Auditing Standards No. 61. The Audit Committee also discussed with the independent registered public accounting firm their independence from us and our management, including disclosures received by the Audit Committee in accordance with the requirements of the Independence Standards Board. Furthermore, the Audit Committee considered whether the non-financial statement audit services provided by our independent registered public accounting firm affected their independence. The Audit Committee will discuss with our independent registered public accounting firm the overall scope and plans of their audit for 2008.

Each member of the Audit Committee is an independent director within the meaning of the listing standards of The Nasdaq Stock Market, Inc. and the rules of the Securities and Exchange Commission. During 2007, our Audit Committee formally met 4 times and Mr. Hill, the Chairman of the Audit Committee and designated financial expert, met with our registered independent public accounting firm by telephone or in person on a quarterly basis to discuss our quarterly financial statements. Our Audit Committee met with our Board of Directors four (4) times during 2007.

In reliance on the review and discussions referred to above, the Audit Committee recommended to and our Board of Directors approved, filing of the audited financial statements for the year ended December 31, 2007, with the Securities and Exchange Commission. The Audit Committee selected Hein & Associates, LLP as our registered independent public accounting firm for 2008. Representatives of Hein & Associates, LLP will be present at the

Annual Meeting of Shareholders and will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions from shareholders attending the meeting.

Report of the Compensation Committee

Our Compensation Committee reviews and approves compensation and benefits policies and objectives, determines whether our executive officers, directors and employees are compensated according to these objectives, and carries out the responsibilities of our Board of Directors relating to the compensation of our executive officers. The Compensation Committee held two meetings during 2007. The primary goals of our Compensation Committee in setting executive officer compensation in 2007 were (i) to provide a competitive compensation package that enabled us to attract and retain key executives and (ii) to align the interests of our executive officers with those of our shareholders and also with our operating performance. As a result of our merger with ICM in January 2007, there were a number of changes in our management and executive officers, including appointment of an Interim Chief Executive Officer due to the death of Peter W. Nauert, our former Chief Executive Officer. With the ICM merger we began our operations in the insurance industry and have reorganized much of our other operations. Accordingly, we expect that in 2008 our Compensation Committee will review our current policies and practices with respect to executive compensation and make changes as may be necessary to reflect our current position, including the enactment of formal compensation policies.

Overview of Executive Compensation

In 2004, we engaged an independent consultant to compare the primary elements of our executive compensation against a peer group of comparable companies. Because we were unable to find a direct peer in our industry of operations with publicly available information, we relied on a peer group consisting of (i) national companies in the business services industry with a market capitalization of less than \$100 million, (ii) companies within the Dallas-Fort Worth metropolitan area with revenues of at least \$30 million and no more than \$60 million, and with 50 to 500 employees. We also reviewed the information of publicly-held competitors although these companies did not

Table of Contents

meet the search criteria. We reviewed a weighted composite of base pay, incentive compensation and stock options awarded and created a focal point of total cash compensation that consisted of base pay and incentive cash compensation. The 2004 study provided a base of information for subsequent executive compensation decisions and analysis, but was not the sole factor in determining executive compensation. Other considered factors are described below. During 2008, our Compensation Committee will consider obtaining a study of companies within our current operating industry that are similar in size, revenues and earnings to our current profile.

We compete with larger companies for executive level talent. Accordingly, our Compensation Committee has strived to set executive compensation at levels and composition that are comparable to the companies reviewed in the 2004 study.

We have no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Our Compensation Committee reviewed the information from the 2004 study to determine the appropriate level and mix of incentive compensation. Historically, we made annual cash incentive awards and non-cash awards on a less frequent basis. In March 2007, we made one cash award to the former President and CEO of our Access HealthSource, Inc. subsidiary (which does business as Foresight TPA, Foresight) in connection with certain amendments to his employment agreement. Because of the management changes resulting from our merger with ICM, our acquisition of PME in October 2007, and other organizational changes, we are developing new incentive compensation plans that will provide us with a policy to make cash and non-cash awards as a result of either our performance or that of our executive officers and other employees or a combination of both, depending on the type of award, compared to the established goals.

We believe in engaging the best available talent in critical managerial functions and this may result in our having to negotiate individually with executives who have retention packages in place with other employers or who have specific compensation requirements. Accordingly, our Compensation Committee may determine that it is in our and our shareholders' best interests that we negotiate a compensation package with an individual that deviates from our standard compensation practices. Similarly, our Compensation Committee may authorize compensation arrangements outside of the normal annual review cycle in order to address a retention issue.

In 2007, Peter W. Nauert, who served as our Chief Executive Officer from January 30, 2007, until his death on August 19, 2007 did participate in discussions with the Compensation Committee on executive compensation. We expect that our Interim Chief Executive Officer, Mr. Stuart, will participate in these discussions and other members of the executive management team will participate in the drafting of our new compensation plans and policies, including our incentive compensation plan and provide information relating to the execution of those plans, including earnings targets and operating results. To the extent that members of management participate in executive compensation discussions with our Compensation Committee, they do so only on an advisory basis, and final determination of executive compensation matters is made by the Committee.

We currently do not have any ownership guidelines requiring our executives to hold a minimum ownership interest in our common stock shares. We believe that our 1999 Stock Option Plan provides compensation in a manner that aligns the executives' interests with those of our shareholders in our growth and creation of shareholder value. This plan is discussed below.

Elements of Executive Compensation

Compensation of our executive officers in 2007 was comprised primarily of

base salary,

performance based incentive compensation (bonuses),

awards under our equity compensation plans (stock options),

perquisites and other employee benefits.

In an effort to ensure the continued competitiveness of our executive compensation policies, the Committee, in setting base salaries and bonuses and making annual and long-term incentive awards, considered the prior levels of

Table of Contents

executive compensation, the compensation paid to executives of our competitors, the terms of employment agreements and the previously mentioned 2004 compensation study.

The incentive portions of an executive's compensation are intended to achieve the Committee's goal of aligning any executive's interests with those of our shareholders and with our operating performance. These portions of an executive's compensation are placed at risk and are linked to the effect our operating results have on the market price of our common stock and effectively are designed (in the near- and long-term) to benefit our shareholders through increased value in the event favorable operating results are achieved. As a result, during years of favorable operating results our executives are provided the opportunity to participate in the increase in the market value of our common stock, much like our shareholders. Conversely, in years of less favorable operating results, the compensation of our executives may be below competitive levels. Generally, higher-level executive officers have a greater level of their compensation placed at risk.

Executive Base Salaries. We provide a base salary for our executives to compensate them for their services during the fiscal year. Because we have a limited number of employees, we do not have a policy setting forth base salary ranges by position or responsibility. In determining the base salary for each employee, the Compensation Committee considers:

the performance of the executive;

our operating performance and results;

the 2004 study and other market information; and

internal factors including previously agreed upon contractual commitments, the executive's compensation relative to other officers, and changes in job responsibility.

We currently do not have employment agreements with any of our executive officers. We had an employment agreement in 2007 with Frank Apodaca, the President and Chief Executive Officer of Foresight until September 3, 2007, on which date we terminated his agreement and his employment. We also had an employment agreement with Robert Bintliff, our Chief Financial Officer, but the agreement expired on its terms on October 31, 2007. Mr. Bintliff is no longer employed by us. He resigned, effective May 28, 2008.

Our executive officers, therefore, are all at-will employees. The base salary of our General Counsel, Eliseo Ruiz, was also primarily based on the 2004 compensation study. The base salaries of Mr. Stuart, our Interim Chief Executive Officer, Interim President and Chief Financial Officer and of Mr. Owens, our Chief Marketing Officer, were largely based on their salaries with ICM prior to our merger with ICM and reviews of their performance by the Compensation Committee. The base salary of Mr. Treadway, our Vice President of Operations, was based on his salary with PME prior to our acquisition of PME along with the change in his responsibilities with us, as compared to his responsibilities to PME. The base salary of Mr. Puestow was based on the then current salary of the Chief Executive Officer of Foresight, along with Mr. Puestow's experience and special skills and the fact that Foresight was challenged by the DOJ investigation at the time of Mr. Puestow's hiring.

Incentive Compensation (Bonuses). We have adopted a formal incentive compensation plan for most of our executives. The plan promotes high performance and the achievement of our goals in order to encourage the growth of stockholder value and allows key employees to participate in our growth and profitability. However, we do not have current policies regarding:

the use of discretion in making awards, the interplay between the achievement of corporate goals and individual goals,

how compensation or amounts realizable from prior compensation are considered in setting other elements of compensation,

the adjustment or recovery of awards or payments if the relevant company performance measures upon which they were based are restated or otherwise adjusted in a manner that would reduce the size of an award or payment, or

similar matters related to incentive compensation.

Table of Contents

Instead our Compensation Committee has considered the overall goals of our compensation program in designing our current executive incentive compensation plan.

For Mr. Owens and Mr. Treadway, who have responsibility for our Insurance Marketing and Consumer Plan Divisions, respectively, their incentive compensation arrangements are based on meeting division goals for earnings (adjusted to reflect core earnings from operations). We have set earnings goals for each division that, upon consolidation, will return us to profitability in 2008. To the extent that his division meets its pre-bonus adjusted earnings goal, Mr. Owens and Mr. Treadway each will receive a percentage of the division's adjusted earnings. Mr. Peustow, who has responsibility for the Regional Managed Healthcare Division, will be compensated on a discretionary basis based on the results of that division.

A separate incentive compensation plan has been implemented for Messrs. Stuart and Ruiz and Ms. Zalud and any other executives that we may have that do not have profit and loss responsibility for a division. These executives will participate in a bonus pool a certain percentage of our pre-bonus core earnings if we meet certain earnings targets. These bonuses will be paid in a combination of cash, options to purchase our common stock shares, and restricted shares of our common stock as the Compensation Committee may determine and available at the time of the grant. We currently do not have a plan to issue restricted stock. If the earnings targets are not met, the Compensation Committee may award bonuses at its discretion.

In 2007, the Compensation Committee granted only one bonus. Mr. Apodaca received a cash bonus as a result of a profitable year in Foresight's operation in 2006 and as consideration for his agreement to amend certain portions of his employment agreement with us in order to reduce our long-term obligations under the agreement. In addition, Mr. Owens received compensation based on the increase in net revenue from the corresponding prior year period. This plan was established by ICM prior to our merger and is replaced by the 2008 incentive compensation plan discussed above.

Long-Term Equity Compensation Plan Grants. Stock option grants with respect to 2007 performance were made under our 1999 Stock Option Plan to four employees, including to two executive officers. This Plan provides for the grant of stock options, with or without stock appreciation rights. The stock options granted in 2007 were without stock appreciation rights and have exercise prices equal to or higher than the fair market value of our common stock on the date of grant. Because the options were granted with an exercise price equal to or greater than the market value of our common stock at the time of grant, they will not provide any value to the executive until the market price of our common stock exceeds the option exercise price. These stock options are accordingly tied to the stock price appreciation of our common stock value, rewarding the executives and our other employees as if they share in the ownership of our common stock similar to that of our shareholders. The number of shares subject to options granted to each executive officer was determined based upon the expected value of our common stock and our historical practice of granting stock options to our executive officers and directors. Much like our cash incentive compensation, grants under our 1999 Stock Option Plan are intended to:

- enhance the link between the creation of stockholder value and long-term executive incentive compensation;
- provide an opportunity for increased equity ownership by executives; and
- maintain competitive levels of executive compensation.

The grants made in 2007 to Mr. Treadway and another employee of PME were made in connection with our acquisition of PME. The grant made to Mr. Apodaca was in consideration for his agreement to amend his employment agreement.

Other Benefits. Our executive officers receive other perquisites and benefits consistent with our goals of providing an overall compensation plan that is competitive in order to attract and retain key executives. The Compensation Committee believes that these perquisites and benefits are reasonable and periodically reviews our compensation policies. These perquisites and benefits include health insurance, life insurance, and other benefits available to all employees of the Company.

We currently do not have a stock award program, a retirement plan, a savings plan, a deferred compensation plan, or any other benefit plan available to our executives, other than our 401(k) retirement plan that is generally available to our employees.

Table of Contents***Chief Executive Officer Compensation***

Mr. Nauert served as our Chief Executive Officer from the date of our merger with ICM, January 30, 2007, until his death on August 19, 2007. During this time, he had an annual base salary of \$300,000. The base salary was based on salary, benefits and other compensation provided to Mr. Nauert by ICM prior to the merger as well as a consideration of the market value of Mr. Nauert's extensive experience in the health insurance industry. Mr. Stuart receives a stipend of \$2,000 per month for his duties as Interim Chief Executive Officer and Interim President in addition to the base salary of \$200,000 that was established for his duties as Chief Operating Officer.

Post-Employment Compensation and Contractual Commitments

The Compensation Committee adopted the following policy in 2007 regarding severance payments to executives and other employees:

Our executive officers will be entitled to severance payment equal to 3-month's base salary, provided that after five years of service the severance amount will be equal to 6-month's base salary;

Other employees will be entitled to a minimum severance equal to two weeks' base salary, with one week of base salary added for each year of completed service;

Special circumstance may warrant an award greater than or less than scheduled amount, provided that any deviation for an executive officer shall be first approved by the Compensation Committee.

The agreements with Messrs. Apodaca and Bintliff provided that any outstanding stock options held by the executive would be cancelled in the event that the executive is terminated for cause. Under the terms of the individual stock option grants, if the employment relationship is terminated for any other reason, the executive would have ninety days from the date of termination to exercise any outstanding options that he is entitled to exercise (options that are vested).

- (1) We use the binomial lattice option-pricing model to estimate the option fair values of option awards as described in Note 2 Summary of Significant Accounting Policies (Stock Based Compensation) of the financial statements to arrive at the amounts for Option Awards.
- (2) Mr. Stuart was appointed our Chief Operating Officer at the time of our merger with ICM on January 30, 2007. He was appointed Interim Chief Executive Officer and Interim President on August 20, 2007, following the death of our former Chief Executive Officer, Peter W. Nauert. For his duties as Interim Chief Executive Officer and Interim President, Mr. Stuart receives a stipend in the amount of \$2000 per month. That stipend is reflected as all other compensation. He was appointed our Chief Financial Officer on May 28, 2008.
- (3) Mr. Bintliff's other compensation reflects a car allowance of \$650 per month that was provided to him until the expiration of his employment agreement on October 31, 2007. The stipend was then incorporated into his base salary. Mr. Bintliff resigned from his employment with us, effective May 28, 2008.
- (4) In March 2007, we renegotiated Mr. Apodaca's employment agreement. As a result of that renegotiation, he was issued options to purchase 50,000 shares of our common stock for \$2.23 per share. The amount for option awards reflects the value of those options. Also in connection with the renegotiation of his agreement, Mr. Apodaca was awarded a vehicle that had been owned by us and provided to him for use. The value of that vehicle is included in the other compensation amount. Finally, in connection with the renegotiation of his employment agreement and as a result of the performance of Foresight TPA in 2006, he was awarded a bonus of \$50,000. We terminated Mr. Apodaca's employment and his employment agreement as of September 3, 2007.
- (5) Mr. Owens' other compensation is variable commission compensation based on an increase in quarter-to-quarter earnings of AHCP. This incentive compensation plan was established by ICM prior to our merger with them and has been replaced by Mr. Owens' 2008 incentive compensation plan described above.
- (6) Mr. Nauert was our Chief Executive Officer and President from our merger with ICM on January 30, 2007 until his death on August 19, 2007. His base salary reflects salary paid directly by us from March 2, 2007 through August 19, 2007. Mr. Nauert received no base salary prior to March 2, 2007. Prior to our merger with ICM, ICM compensated him through other benefits.

Equity Compensation Plans

1999 Stock Option Plan. For the benefit of our employees, directors and consultants, we have adopted the Precis Smart Card Systems, Inc. 1999 Stock Option Plan (the stock option plan or the plan). The plan provides for the issuance of options intended to qualify as incentive stock options for federal income tax purposes to our employees and non-employees, including employees who also serve as our directors. Qualification of the grant of options under the plan as incentive stock options for federal income tax purposes is not a condition of the grant and failure to so qualify does not affect the ability to exercise the stock options. The number of shares of common stock authorized and reserved for issuance under the plan is 1,400,000.

Our board of directors administers and interprets the plan (unless delegated to a committee) and has authority to grant options to all eligible participants and determine the types of options granted, the terms, restrictions and conditions of the options at the time of grant.

The exercise price of options may not be less than 85% of the fair market value of our common stock on the date of grant of the option and to qualify as an incentive stock option may not be less than the fair market value of common stock on the date of the grant of the incentive stock option. Upon the exercise of an option, the exercise price must be paid in full, in cash, in our common stock (at the fair market value thereof) or a combination thereof.

Options qualifying as incentive stock options are exercisable only by an optionee during the period ending three months after the optionee ceases to be our employee, a director or non-employee service provider. However, in the event of death or disability of the optionee, the incentive stock options are exercisable for one year following death or disability and in the event of the retirement of the optionee, the Board of Directors may designate an additional period for exercise. In any event options may not be exercised beyond the expiration date of the options. Options may be granted to our key management employees, directors, key professional employees or key professional non-employee service providers, although options granted non-employee directors do not qualify as incentive stock options. No option may be granted after December 31, 2008. Options are not transferable except by will or by the laws of descent and distribution.

All outstanding options granted under the plan will become fully vested and immediately exercisable if (i) within any 12-month period, we sell an amount of common stock that exceeds 50% of the number of shares of common stock outstanding immediately before the 12-month period or (ii) a change of control occurs. For purposes of the plan, a change of control is defined as the acquisition in a transaction or series of transactions by any person, entity or group (two or more persons acting as a partnership, limited partnership, syndicate or other group for the purpose of acquiring our securities) of beneficial ownership of 50% or more (or less than 50% as determined by a majority of our directors) of either the then outstanding shares of our common stock or the combined voting power of our then outstanding voting securities.

2002 Non-Employee Stock Option Plan. Effective May 31, 2002 our board of directors approved the Access Plans 2002 Non-Employee Stock Option Plan (the 2002 Stock Option Plan) which was approved by our stockholders on July 29, 2002 and amended by our stockholders on January 30, 2007. Our employees who also serve as our directors are not eligible to receive stock options under this plan. The purpose of the 2002 Stock Option Plan is to strengthen our ability to attract and retain the services of individuals that serve as our non-employee directors, consultants and other advisors that are essential to our long-term growth and financial success and thereby to enhance stockholder

value through the grant of stock options. The total number of shares of common stock authorized and reserved for issuance upon exercise of options granted under the 2002 Stock Option Plan is 1,500,000.

Our Board of Directors administers and interprets the 2002 Stock Option Plan and has authority to grant options to eligible recipients and determine the basis upon which the options are to be granted and the terms, restrictions and conditions of the options at the time of grant. Options granted are exercisable in such amounts, at such intervals and upon such terms as the option grant provides. The per share purchase price of the common stock

Table of Contents

under the options is determined by our board of directors; however, the purchase price may not be less than the closing sale price of our common stock on the date of grant of the option. Upon the exercise of an option, the stock purchase price must be paid in full, in cash by check or in our common stock held by the option holder for more than six months or a combination of cash and common stock.

Options granted under the 2002 Stock Option Plan may not under any circumstance be exercised after 10 years from the date of grant and no option may be granted after March 31, 2010. Options are not transferable except by will, by the laws of descent and distribution, by gift or a domestic relations order to a family member. Family member transfers include transfers to parents (and in-laws), to nieces and nephews (adopted or otherwise) as well as trusts, foundations and other entities principally for their benefit.

Employment Arrangements and Lack of Keyman Insurance

As of December 31, 2007, we had no employment agreement with any executive officers of the Company. During 2007, we did have employment agreements with each of Frank Apodaca and Robert L. Bintliff. He resigned from his employment by us, effective May 28, 2008. As of the date of this report, we do not maintain any keyman insurance on the life or disability of our executive officers.

As of the date of this report, we have at will employment relationship with our other executive officers, with base salaries as set forth on the table below. Each such officer is entitled to participate in employee benefit programs, including our 401(k) plan, that we offer to all of our employees and is also eligible for incentive compensation awards (bonuses) as may be determined by our Board of Directors. In addition, each officer is eligible to participate in the applicable incentive compensation plan. The base salaries of the other executive officers are:

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, officers, and persons who own more than 10% of our common stock or other registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than 10% shareholders are required to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of the forms we received covering purchase and sale transactions in our common stock during 2007, we believe that each person who, at any time during 2007, was a director, executive officer, or beneficial owner of more than 10% of our common stock complied with all Section 16(a) filing requirements during 2007.

DIRECTOR LIABILITY AND INDEMNIFICATION

As permitted by the provisions of the Oklahoma General Corporation Act, our Certificate of Incorporation eliminates the monetary liability of our directors for a breach of their fiduciary duty as directors. However, these provisions do not eliminate our director's liability

for a breach of the director's duty of loyalty to us or our stockholders,

for acts or omissions by a director not in good faith or which involve intentional misconduct or a knowing violation of law,

arising under Section 1053 of the Oklahoma General Corporation Act relating to the declaration of dividends and purchase or redemption of shares in violation of the Oklahoma General Corporation Act, or

for any transaction from which the director derived an improper personal benefit.

In addition, these provisions do not eliminate liability of a director for violations of federal securities laws, nor do they limit our rights or our stockholders' rights, in appropriate circumstances, to seek equitable remedies including injunctive or other forms of non-monetary relief. These remedies may not be effective in all cases.

Our bylaws require us to indemnify all of our directors and officers. Under these provisions, when an individual in his or her capacity as an officer or a director is made or threatened to be made a party to any suit or proceeding, the individual may be indemnified if he or she acted in good faith and in a manner reasonably believed to be in or not opposed to our best interest. Our bylaws further provide that this indemnification is not exclusive of any other rights to which the individual may be entitled. Insofar as indemnification for liabilities arising under our bylaws or otherwise may be permitted to our directors and officers, we have been advised that in the opinion of the Securities and Exchange Commission the indemnification is against public policy and is, therefore, unenforceable.

We enter into indemnity and contribution agreements with each of our directors and executive officers. Under these indemnification agreements we have agreed to pay on behalf of the indemnitee, and his or her executors, administrators and heirs, any amount that he or she is or becomes legally obligated to pay because the

indemnitee served as one of our directors or officers, or served as a director, officer, employee or agent of a corporation, partnership, joint venture, trust or other enterprise at our request or

indemnitee was involved in any threatened, pending or completed action, suit or proceeding by us or in our right to procure a judgment in our favor by reason that the indemnitee served as one of our directors or officers, or served as a director, officer, employee or agent of a corporation, partnership, joint venture, trust or other enterprise at our request.

To be entitled to indemnification, indemnitee must have acted in good faith and in a manner that he or she reasonably believed to be in or not opposed to our best interests. In addition, no indemnification is required if the indemnitee is determined to be liable to us unless the court in which the legal proceeding was brought determines that the indemnitee was entitled to indemnification. The costs and expenses covered by these agreements include expenses of investigations, judicial or administrative proceedings or appeals, amounts paid in settlement, attorneys' fees and disbursements, judgments, fines, penalties and expenses of enforcement of the indemnification rights.

We maintain insurance to protect our directors and officers against liability asserted against them in their official capacities for events occurring after June 7, 2001. This insurance protection covers claims and any related defense costs of up to \$5,000,000 with an additional excess on losses up to \$5,000,000 on excess of \$5,000,000, an additional excess on losses up to \$5,000,000 on excess of \$10,000,000, and an additional excess on losses up to \$5,000,000 in excess of \$15,000,000 each based on alleged or actual securities law violations, other than intentional dishonest or fraudulent acts or omissions, or any willful violation of any statute, rule or law, or claims arising out of any improper profit, remuneration or advantage derived by an insured director or officer.

- (1) Shares not outstanding but deemed beneficially owned by virtue of the right of the named person to acquire the shares within 60 days of the above-mentioned date are treated as outstanding for determining the amount and percentage of common stock owned by the person. Based upon our knowledge, each named person has sole voting and sole investment power with respect to the shares shown except as noted, subject to community property laws, where applicable.
- (2) The percentage shown was rounded to the nearest one-tenth of one percent, based upon 20,269,145 shares of common stock being outstanding on November 24, 2008.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our policies with respect to related party transactions are included in more general conflict of interest policies and practices set forth in our Code of Conduct.

Our Code of Conduct prohibits conflicts involving family members, ownership in outside businesses, and outside employment. Our directors, officers and employees and their family members are not permitted to own, directly or indirectly, a significant financial interest in any business enterprise that does or seeks to do business with, or is in competition with, us unless prior specific written approval has been granted by our Board of Directors. As a guide, a significant financial interest refers to an ownership interest of more than 1% of the outstanding securities or capital value of the business enterprise or that represents more than 5% of the total assets of the director, officer, employee or family member.

Table of Contents

Our Corporate Governance and Nominating Committee is charged with reviewing conflicts of interests. If the matter cannot be resolved by the Committee, our Board of Directors may take action, or in the case of a conflict among all or nearly all of the members of our Board of Directors, the matter may be presented to our shareholders for consideration.

Contained below is a description of transactions and proposed transactions we entered into with our officers, directors and stockholders that beneficially own more than 5% of our common stock during 2007 and 2006 (Related Parties). These transactions may continue in effect and may result in conflicts of interest between us and these Related Parties. Although our officers and directors have fiduciary duties to us and our stockholders, there can be no assurance that conflicts of interest will always be resolved in our favor or our stockholders.

Estate of Peter W. Nauert and the Peter W. Nauert Revocable Trust. Michael K. Owens is our Chief Marketing Officer and the President of our AHCP subsidiary. Mr. Owens is also the personal representative of the Estate of Peter W. Nauert, our former Chief Executive Officer (the Estate). We currently have claims against the estate connected to, among other things, Mr. Nauert's personal indemnification of us for matters relating to the States General litigation. Please see Item 3. Legal Matters in our Annual Report on Form 10-K filed with the SEC on April 2, 2008 for more information about this litigation. Many of the beneficiaries of the Estate are also beneficiaries of the Peter W. Nauert Revocable Trust u/a/d 08/07/1978 (the Nauert Trust). Mr. Owens is also the trustee of the Nauert Trust.

On September 28, 2007, we entered into a loan arrangement with the Nauert Trust. Under this arrangement, the Nauert Trust lent us \$500,000 as evidenced by the Revolving Promissory Note (the Note). The Note matures September 28, 2008 and all principal and interest will be due and payable. The outstanding principal balance of the Note accrues interest at a rate of 0.5% below the Prime Rate charged by a designated local bank (6.75% at December 31, 2007). Based upon the current interest rate, the Note requires 12 monthly principal and interest payments of \$43,321. The Trust holds 5,533,482 shares of our common stock.

The Nauert Trust holds approximately 27% of the Company's issued and outstanding common stock. The loan arrangement was entered into with the consent of the Company's Board of Directors. The Board's Corporate Governance and Nominating Committee determined that the conflict of interest, if any, of the Company's Interim President and Chief Executive Officer, Ian Stuart, with respect to his relationship in the original financing arrangements, had been properly disclosed and reviewed and did not preclude the Company from entering into the loan with the Nauert Trust.

Certain Relationships with NCED. On June 18, 2004, we acquired Foresight from Ready One Industries, formerly National Center for Employment of the Disabled, Inc. (NCED) for a purchase price of \$7,863,000 consisting of cash payments totaling \$4,232,000 and issuance of 2,145,483 common stock shares having a value of \$3,632,000. Frank Apodaca served as Chief Administration Officer of NCED. Mr. Apodaca previously served as our President and Chief Operating Officer, and the President and Chief Executive Officer of Foresight until we terminated his employment as of September 3, 2007. Pursuant to an agreement with NCED, Mr. Apodaca was entitled to 10% of the purchase price received by NCED. This agreement pre-dated our purchase of Foresight.

Furthermore, the 16,780 square feet of office space we lease for our Foresight operations in El Paso (see Item 2. Property) was owned by NCED through January 2007. The terms of this lease arrangement were comparable within the local area and consistent with an arms-length transaction. Total payments of \$169,000 were paid to NCED under this lease agreement in 2006. Foresight also earned revenue from NCED of \$729,000, \$684,000, and \$146,000 in 2005, 2006 and 2007, respectively.

Our Relationship with Insurance Producers of America Agency, Inc. (IPA). Prior to our merger with ICM, IPA was a subsidiary of ICM. On September 26, 2006, ICM transferred its ownership interest in IPA to the Nauert Trust. Ian Stuart, our Interim Chief Executive Officer and President also owned shares in IPA. Each of the Nauert Trust and Mr. Stuart retained their respective ownership interest in IPA after the ICM merger. IPA occupies a portion of our leased space in Irving, Texas and certain of our employees, including Mr. Stuart, occasionally perform services for IPA. IPA pays us rent at commercially reasonable rates for the space it occupies and also pays us for the services of our employees, at the employees' respective hourly rates. In 2008, the majority of the outstanding common stock of IPA was purchased by an independent third party, leaving the Nauert Trust with no ownership interest in IPA and Mr. Stuart with an 11% ownership interest in IPA. The total amount that we receive from IPA for the use of its office space and the services of our employees is usually less than \$5000 per month.

Director Independence

Each member of our Board of Directors qualifies as an independent director as defined in Rule 4200 of the Nasdaq Stock Market, Inc. Marketplace Rules (see Item 10. Directors, Executive Officers and Corporate Governance, of our Annual Report on Form 10-K).

Required Affirmative Vote

The affirmative vote of the holders of a majority of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote, is required for the adoption of this proposal. An abstention from voting and broker non-votes will be tabulated as a vote withheld on the election, but will be included in computing the number of shares present for purposes of determining the presence of a quorum for the Annual Meeting and whether this proposal has received the vote of a majority of the shares present at the Annual Meeting.

Recommendation of Our Board of Directors

Our Board of Directors recommends a vote **FOR** the ratification of the appointment of Hein & Associates LLP as our independent registered accounting firm. We will vote your proxy accordingly unless you specify a contrary choice.

OTHER BUSINESS TO BE BROUGHT BEFORE THE MEETING

Our Board of Directors knows of no business that will be presented for action at the Annual Meeting other than that described in the Notice of Annual Meeting of Shareholders and this Proxy Statement. However, if any other matters should properly come before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote such proxies as they deem advisable in accordance with their best judgment.

SHAREHOLDER PROPOSALS FOR 2009 ANNUAL MEETING

Under the existing rules of the Securities and Exchange Commission, one or more of our shareholders may present proposals on any matter that is a proper subject for consideration by our shareholders at the 2009 annual meeting of our shareholders. In order to be included in the proxy statement (or disclosure statement in the event proxies are not solicited by our Board of Directors) for the 2009 annual meeting of our shareholders, a proposal must be received by April 1, 2009. It is suggested that if you, as one of our shareholders, desire to submit a proposal you should do so by sending the proposal certified mail, return receipt requested, addressed to our Corporate Secretary at our principal office, 4929 West Royal lane, Suite 200, Irving, Texas 75063. Detailed information for submitting proposals will be provided upon written request, addressed to our Corporate Secretary. As to all such matters which we do not have notice on or prior to April 1, 2009, discretionary authority shall be granted to the persons designated in the proxy related to the 2009 Meeting to vote on such proposal.

HOUSEHOLDING INFORMATION

Unless we have received contrary instructions, we may send a single copy of this proxy statement and notice of annual meeting to any household at which two or more shareholders reside if we believe the shareholders are members of the same family. Each shareholder in the household will continue to receive a separate proxy card. This process, known as householding, reduces the volume of duplicate information received at any one household and helps to reduce our expenses. However, if shareholders prefer to receive multiple sets of our disclosure documents at the same address this year or in future years, the shareholders should follow the instructions described below. Similarly, if an address is shared with another shareholder and together both of the shareholders would like to receive only a single set of our disclosure documents, the shareholders should follow these instructions:

If the shares are registered in the name of the shareholder, the shareholder should contact us at our offices at 4929 West Royal Lane, Suite 200, Irving, Texas 75063, to inform us of their request. If a bank, broker or other

nominee holds the shares, the shareholder should contact the bank, broker or other nominee directly.
