PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Scientific Games Corporation ("Scientific Games," the "Company," "we" or "us") of proxies to be voted at the Annual Meeting of Stockholders to be held on Tuesday, September 28, 2004, at 10:00 a.m. at the Metropolitan Club, 1 East 60th Street, New York, New York, and any adjournment or postponement of the meeting, for the purposes set forth in the Notice of Annual Meeting of Stockholders.

It is expected that this Proxy Statement and enclosed form of proxy will be mailed to stockholders beginning on or about September 3, 2004. The Annual Report for the fiscal year ended December 31, 2003 is also being mailed to stockholders with this Proxy Statement.

Stockholders Entitled to Vote

All stockholders of record at the close of business on September 1, 2004 are entitled to vote at the meeting. At the close of business on September 1, 2004, a total of 87,286,634 shares of common stock were outstanding. Each share is entitled to one vote on all matters that properly come before the meeting.

Voting Procedures

Edgar Filing: SCIENTIFIC GAMES CORP - Form DEF 14A

If you are the record holder of your shares, you can vote in person at the meeting or by proxy in one of the following three ways:

1. **Vote by Mail:** Complete, sign, date and return your proxy card in the enclosed postage-paid envelope.
2. **Vote by Telephone:** Call the toll-free number 1-800-proxies. You will need to provide the control number printed on your proxy card and follow the instructions on your card and the voice prompts.
3. **Vote over the Internet:** Go to the website www.voteproxy.com. You will need to provide the control number printed on your proxy card and follow the instructions on your card and the website.

If you vote by telephone or over the Internet, do not return your proxy card.

If you are not the record holder of your shares (i.e., they are held in "street" name by a broker, bank or other nominee), you will receive instructions from the record holder asking you how you wish to vote. Telephone and Internet voting will be offered by most brokers and banks. Please refer to the proxy form and other information provided by the record holder to see which voting options are available to you. If you wish to vote your shares in person at the meeting, you must first obtain a proxy issued in your name from the record holder.

Voting of Proxies

All valid proxies received prior to the meeting will be voted in accordance with the instructions specified by the stockholder. If a proxy card is returned without instructions, the persons named as proxy holders on your proxy card will vote in accordance with the recommendations of the Board, which are as follows:

- FOR election of the nominated directors (Proposal 1); and
- FOR ratification of the appointment of the independent accountants (Proposal 2)

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

Changing Your Vote

A proxy may be revoked at any time prior to its being voted by delivering written notice to the Secretary of the Company, by delivering a properly executed later-dated proxy (including by telephone or over the Internet), or by voting in person at the meeting.

Quorum

The presence, in person or by proxy, of the stockholders of a majority of the shares entitled to vote at the meeting constitutes a quorum for the transaction of business.

Vote Required

Election of Directors. Assuming a quorum is present, directors will be elected by a plurality of the votes cast in person or by proxy at the meeting.

Ratification of Independent Accountants. The proposal to ratify the appointment of the independent accountants requires the affirmative vote of a majority of the votes entitled to be cast in person or by proxy at the meeting.

Effect of Abstentions

If you vote "Abstain" (rather than vote "For" or "Against") with respect to a proposal, your shares will count as present for purposes of determining whether a quorum is present but will have the effect of a negative vote on matters other than the election of directors.

Effect of Broker Non-Votes

If any broker "non-votes" occur at the meeting with respect to your shares, the broker "non votes" will count for purposes of determining whether a quorum is present but not for purposes of determining the number of votes cast with respect to a particular proposal. A broker "non-vote" occurs when a broker or nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or nominee does not have discretionary voting power on that item and has not received instructions from the owner. Brokers have discretionary voting power under the rules governing brokers to vote without instructions from the beneficial owner on certain "routine" items such as the election of directors and the ratification of the appointment of independent accountants (Proposals 1 and 2) and, accordingly, your shares may be voted by your broker on Proposals 1 and 2.

Designees of Mafco Holdings Inc.

Messrs. Perelman, Gittis and Schwartz were designated for election to the Board by Mafco Holdings Inc., our largest stockholder, pursuant to its rights under a Stockholders' Agreement with us dated September 6, 2000, as supplemented by an agreement dated June 26, 2002 and by an agreement dated October 10, 2003. The Stockholders' Agreement was originally entered into with holders of our Series A Convertible Preferred Stock in connection with the initial issuance of the Preferred Stock and provides for, among other things, the right of the holders to designate up to four members of our Board based on their ownership of Preferred Stock or the common stock issued upon conversion thereof. All of the Preferred Stock was converted into common stock in August 2004. Mafco, which owned approximately

6

92% of the Preferred Stock prior to conversion and owns approximately 25% of our outstanding common stock following conversion, has the right to designate up to four directors based on its level of share ownership. Under a letter dated October 30, 2003, Mafco waived its right to designate one of the four directors it could otherwise have designated through the date of this annual meeting provided that we agreed to use our best efforts to have Mr. Cohen nominated for election at the meeting. The percentages that must be maintained in order to designate directors are as follows: (a) 20% to designate four directors; (b) 16% to designate three directors; (c) 9% to designate two directors; and (d) 4.6% to designate one director. Such percentages, in each case, are to be determined based on our fully diluted common stock subject to certain exclusions of common stock or other securities that may be issued in the future.

THE BOARD RECOMMENDS A VOTE "FOR" EACH OF THE NINE NOMINEES.

Information about the Board of Directors and Committees

Director Independence. The Board adopted Directors Independence Guidelines as a basis for determining that individual directors are independent under the standards of the Nasdaq Stock Market. This determination, to be made annually, helps assure the quality of the Board's oversight of management and reduces the possibility of damaging conflicts of interest. Under these standards, a director will not qualify as independent if:

- (1) the director has been employed by the Company at any time within the past three years;
- (2) the director has an immediate family member who has been employed as an executive officer of the Company at any time within the past three years;
- (3) the director or an immediate family member of the director has received in excess of \$60,000 in the current or any of the past three years other than for Board or Board Committee service, payments arising from investments in the Company's securities or, in the case of the family member, as compensation for employment in a non-executive position;
- (4) the director or an immediate family member of the director is a partner, controlling shareholder or executive officer of an organization which made payments to, or received payments from, the Company in the current or in any of the past three years that exceed the greater of 5% of the recipient's consolidated gross revenues or \$200,000;
- (5) the director or an immediate family member of the director is employed as an executive officer of another entity where at any time during the past three years any of the executive officers of the Company served on the compensation committee of such other entity; or
- (6) the director or an immediate family member of the director is a current partner of the Company's outside auditor, or was a partner or employee of the Company's outside auditor who worked on the Company's audit at any time during any of the past three years.

The Board has determined that Messrs. Cohen, O'Brien, Perelman, Gittis, Schwartz, Turner, Wolfson and Wright qualify as independent under the rules of the Nasdaq Stock Market.

Board Meetings. The Board of Directors held a total of six meetings during fiscal 2003. All incumbent directors attended at least 75% of the aggregate of (i) the total number of meetings of the Board (held while they were directors) and (ii) the total number of meetings held by all Committees of the Board on which they served (during the periods that they served).

Board Committees. The Board of Directors has five Committees: the Audit Committee, the Compensation Committee, the Executive Committee, the Nominating and Corporate Governance Committee and the Compliance Committee. All Committees are comprised solely of independent directors with the exception of the Executive Committee. The Board has approved charters for the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee which can be accessed through the Corporate Governance link on our website at www.scientificgames.com. A copy of the Audit Committee charter is also attached as Appendix A to this Proxy Statement.

7

Audit Committee. The Audit Committee currently consists of Colin J. O'Brien (Chairman), Barry F. Schwartz, Sir Brian G. Wolfson and Joseph R. Wright, Jr. The Board has determined that each member is independent under the listing standards of the Nasdaq Stock Market and that Mr. O'Brien qualifies as an audit committee financial expert under the rules of the SEC. The Audit Committee hires the Company's independent accountants and is charged with the responsibility of overseeing the financial reporting process of the Company. In the course of performing its functions, the Audit Committee reviews, with management and the independent accountants, the Company's internal

accounting controls, the annual financial statements, the report and recommendations of the independent accountants, the scope of the audit, and the qualifications and independence of the auditors. The report of the Audit Committee is set forth later in this Proxy Statement. The Audit Committee held nine meetings during fiscal 2003.

Compensation Committee. The Compensation Committee currently consists of Howard Gittis (Chairman), Eric M. Turner and Joseph R. Wright, Jr. The Board has determined that each member is independent under the listing standards of the Nasdaq Stock Market. The Compensation Committee sets the compensation of the Chief Executive Officer and other senior executives of the Company, administers the stock option plans and the executive compensation programs of the Company, determines eligibility for, and awards under, such plans and programs, and makes recommendations to the Board with regard to the adoption of new employee benefit plans, stock option plans and executive compensation plans. The report of the Compensation Committee is set forth later in this Proxy Statement. The Compensation Committee held eight meetings during fiscal 2003.

Executive Committee. The Executive Committee currently consists of A. Lorne Weil (Chairman), Peter A. Cohen and Ronald O. Perelman. The Executive Committee is authorized to exercise all of the powers and authority of the Board in the management of the business and affairs of the Company between regular meetings of the Board, subject to Delaware law. The Executive Committee held two meetings during fiscal 2003.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee currently consists of Joseph R. Wright, Jr. (Chairman), Howard Gittis and Colin J. O'Brien. The Board has determined that each member is independent under the listing standards of the Nasdaq Stock Market. The Committee is responsible for identifying individuals who are qualified to become directors, recommending nominees for membership on the Board and committees of the Board and developing corporate governance guidelines. The Committee does not have a set of minimum, specific qualifications that must be met by a candidate for director and will consider individuals suggested as candidates by stockholders. The Committee will review the candidate's background, experience and abilities, and the contributions the candidate can be expected to make to the collective functioning of the Board and the needs of the Board at the time. A stockholder wishing to propose a nominee should submit a recommendation in writing to the Company's Secretary at least 120 days before the mailing date for proxy material applicable to the annual meeting for which such nomination is proposed for submission, indicating the nominee's qualifications and other relevant biographical information and providing confirmation of the nominee's consent to serve as a director. In prior years, candidates have been identified through recommendations from directors, the Chief Executive Officer and other third parties. The Committee anticipates that it would use these sources as well as stockholder recommendations to identify candidates in the future. The Committee held one meeting during fiscal 2003.

Compliance Committee. The Compliance Committee, which was established in February 2004, currently consists of Eric M. Turner (Chairman), Colin J. O'Brien and Barry F. Schwartz. The Board has determined that each member is independent under the listing standards of the Nasdaq Stock Market. The Compliance Committee is responsible for overseeing the Company's regulatory compliance program and receiving any attorney reports required under Sarbanes-Oxley with respect to material legal violations. Prior to the creation of this Board Committee, the regulatory compliance program was overseen by a committee of the Company whose members included directors and non-directors.

8

Stockholder Communications with Directors. Stockholders may communicate with the Board of Directors or an individual director by sending a letter to the Board or a director's attention care of the Secretary of the Company at

Scientific Games Corporation, 750 Lexington Avenue, 25th Floor, New York, New York, 10022. The Secretary will open, log and deliver all such correspondence (other than advertisements, solicitations or communications that contain offensive or abusive content) to directors on a periodic basis, generally in advance of each Board meeting.

Attendance at Stockholders' Meetings. The Company encourages directors to attend the annual stockholders' meeting. Last year, Messrs. Weil, Cohen, O'Brien, Turner and Zakon attended the annual meeting.

Directors' Compensation

Directors who are not employees of the Company receive the following compensation:

(1) Cash Retainers:

- (a) an annual retainer of \$30,000;
- (b) an additional annual retainer of \$25,000 for Committee Chairs; and
- (c) an additional annual retainer of \$75,000 for the Vice Chair of the Board.

Prior to September 2004, directors were also paid an annual retainer of \$15,000 for serving on the Executive Committee.

(2) Meeting Fees:

- (a) Board Meetings — a meeting fee of \$2,000 for each Board meeting attended in person, and \$500 if attended by telephone conference call; and
- (b) Committee Meetings — a meeting fee of \$1,000 for each Committee meeting attended in person that is held on a day other than one on which a Board meeting is held, and \$500 if held on the same day as a Board meeting or if attended by telephone conference call.

(3) Stock Awards:

- (a) Restricted Stock — an annual grant of restricted stock at the beginning of each fiscal year having an aggregate fair market value of \$30,000 for each director who attended at least 75% of the total number of meetings held by the Board and Committees on which the director served in the prior year; and
- (b) Stock Option — upon becoming a director, and on the fifth anniversary of the director's election to the Board, a stock option to purchase 50,000 shares at a price equal to the fair market value of our common stock on the date of grant.

The restricted stock granted to non-employee directors vests in three equal annual installments, one-third of the total on each of the first, second and third anniversaries of the date of grant, and the options granted to non-employee directors become exercisable in four equal annual installments, one-quarter of the total on each of the first, second, third and fourth anniversaries of the date of grant, and expire not later than the tenth anniversary of the date of grant. These awards vest in full if a director ceases to serve as a director due to death, disability, retirement or the failure to be re-elected to the Board.

Mr. Weil, the only director who is employed by the Company, does not receive any additional compensation for his services as a director.

Summary Compensation Table

The following table shows the compensation awarded or paid by us and our subsidiaries to our Chief Executive Officer and the four other highest paid executive officers in fiscal 2003 (collectively, the "Named Executive Officers") for services rendered for the fiscal years ended December 31, 2001, 2002 and 2003.

- (1) These options to purchase a total of 1 million shares were granted in connection with Mr. Weil's new employment agreement. Each option may be exercised six months after grant, but shares representing the "profit" upon any exercise will be non-transferable until the third anniversary of the grant date. The restrictions on the "profit" shares were scheduled to lapse three months prior to the seventh anniversary of the grant date, but will lapse on such earlier date due to the achievement of the stock price performance goals established under the option agreements.
- (2) These options were granted under our management incentive compensation program. Each option becomes exercisable in five equal installments, one-fifth of the total on each of the first, second, third, fourth and fifth anniversaries of the date of grant, or in full upon a change in control. In the event a holder's employment is terminated under certain circumstances, his option may become fully vested and exercisable pursuant to his employment agreement with us (see "Employment Agreements").
- (3) The exercise price of the options is equal to the fair market value of our common stock on the date of grant.
- (4) The dollar amounts under these columns are based upon calculations using assumed rates of appreciation set by the SEC and are not intended to forecast possible future appreciation of our stock price.
- (5) The option granted to Richard M. Weil accelerated in full as of July 2, 2004, his last day of employment, pursuant to the terms of his severance agreement with us (see "Severance Agreement"). Such option may be exercised for a period of 90 days following termination.

Supplemental Executive Retirement Plan

We adopted a Supplemental Executive Retirement Plan, or "SERP," in order to provide supplemental retirement benefits for our senior executives. The SERP provides for retirement benefits according to a formula based on each

participant's years of service and average rate of compensation. Payments under the SERP will commence upon a participant's termination of employment after reaching the age of at least 55 and having at least 10 years of full-time employment with us. The annual retirement benefit will be an amount equal to 3% of the participant's average compensation for the three highest consecutive calendar years in the last ten years before termination of employment, multiplied by the participant's years of full-time employment with us up to a maximum of 15 years. Accordingly, the maximum annual payment under the SERP would be 45% of a participant's highest average annual compensation. A participant may receive a total of 15 annual payments in that amount, or may elect to receive the discounted present value of those 15 annual payments in equal installments over a period of 5 or 10 years or in a single lump sum. The date for payment of benefits may be accelerated in the event of a participant's death or total permanent disability, and certain additional provisions will apply in the event of a change of control. For example, a participant whose highest average annual compensation is \$500,000 and who is credited with at least 15 years of full-time employment with us would receive 15 annual payments of \$225,000 under the SERP. If their highest average compensation were equivalent to their fiscal 2003 compensation, the Named Executive Officers who are participants in the SERP would be expected to receive annual retirement benefits for 15 years in the following estimated amounts, assuming their retirement after at least 15 years of service: A. Lorne Weil, \$806,000; Martin E. Schloss, \$212,000; and William J. Huntley, \$203,000. These amounts would be subject to an offset for Social Security benefits. Messrs. Weil, Schloss and Huntley have 13, 11 and 30 years of credited service, respectively, under the SERP.

Deferred Compensation Plan

We have a non-qualified deferred compensation plan that enables our executive officers and other eligible employees to defer receipt of up to 50% of their base salary and up to 100% of the cash bonus that may be awarded under our management incentive compensation program. The plan also enables our non-employee directors to defer receipt of up to 100% of the fees and other cash compensation payable for director services. Accounts are maintained for each of the participants, who elect to have their accounts mirror the performance of investment options that we may offer from time to time. It is intended that amounts deferred under the plan will not be subject to any federal and, in most cases, state and local income taxes until participants receive payment from the plan. Unless participants elect to extend a deferral period, deferrals and related earnings will be paid as soon as practicable following the end of the deferral period. Accounts may be distributed prior to that date if a participant leaves the Company, dies or becomes disabled, if there is a change in control, if we terminate the plan or, under extremely limited circumstances, in the event of an "unforeseeable emergency."

Employment Agreements

A. Lorne Weil. Mr. Weil serves as our Chairman, President and Chief Executive Officer pursuant to an amended and restated employment agreement dated as of February 28, 2003. Under the agreement, Mr. Weil is paid a base salary of approximately \$816,000, which will be increased to \$1 million on January 1, 2005 (subject to further increases on each January 1 thereafter to reflect increases, if any, during the preceding twelve months in the Consumer Price Index for the Greater New York area). Mr. Weil also has the opportunity annually to earn up to \$1 million as incentive compensation under our management incentive compensation program in each fiscal year through 2005 and thereafter by the amount equal to his base salary for the fiscal year. The agreement has a term of employment ending December 31, 2007, which extends automatically for an additional year on December 31, 2007 and on each succeeding December 31 thereafter unless written notice is given by us or by Mr. Weil prior to the June 30 preceding the date upon which such extension would become effective. Under the agreement, Mr. Weil is entitled to participate in the SERP with an annual retirement benefit equal to approximately \$738,000 in the case of a termination qualifying

for benefits during 2004, which amount will be increased by \$40,000 (plus an amount for inflation on the increased benefit) on each December 31 in the period 2004 to 2007, if he remains employed at that date. This benefit replaces the amount that would otherwise be calculated or payable under the SERP which is based on average highest compensation for three consecutive years.

In the event Mr. Weil's employment is terminated by us without "cause" (which includes our election not to extend the term), or by Mr. Weil for "good reason" (which includes Mr. Weil's election not to extend the term and the failure to agree to the terms of his continued employment), or by reason of "total disability" (as such terms are defined in the employment agreement), Mr. Weil will be entitled to receive the following: (a) cash severance in a lump sum equal to three times a "severance base amount" of \$1,806,000, which will be adjusted for inflation on each January 1 in the period 2004 to 2007 based on the increase, if any, during the preceding twelve months in the Consumer Price Index for the Greater New York area; (b) his SERP benefit; (c) a pro rata annual incentive amount for the year of termination; (d) full vesting of stock options held at termination, which will remain exercisable until the scheduled expiration dates of such options; (e) full vesting and settlement of all deferred stock and other equity-based awards held at termination; (f) continued participation in certain employee benefit plans for a period of three years after termination other than due to "total disability," in which case the period shall be until age 65, or, if such plans do not allow continuation, a payment in lieu of such benefits; and (g) a payment to fund any excise tax that may be imposed under Section 4999 of the Internal Revenue Code by reason of a change in control, as well as an amount to fund any taxes payable with respect to such payment by us. If Mr. Weil's employment terminates due to retirement or death, Mr. Weil will be entitled to receive the following: (a) the SERP benefit; (b) a pro rata annual incentive amount for the year of termination; (c) full vesting of stock options held at termination, which will remain exercisable until the earlier of the third anniversary of the date of termination and the scheduled expiration dates of such options; and (d) full vesting and settlement of all deferred stock and other equity-based awards held at termination.

Martin E. Schloss. Mr. Schloss serves as our Vice President, General Counsel and Secretary pursuant to an employment agreement dated November 1, 2002 and currently receives a base salary of \$350,000 (subject to increases on each January 1 to reflect increases, if any, in the Consumer Price Index for the Greater New York area). The agreement has a term of employment ending December 31, 2004, which extends automatically for an additional year on December 31, 2004 and on each succeeding December 31 thereafter unless written notice is given by us or by Mr. Schloss prior to the September 30 preceding the date upon which such extension would become effective. Under the agreement, Mr. Schloss has the opportunity annually to earn incentive compensation under our management incentive compensation program and to participate in the SERP with a retirement benefit that is equal to the greater of (i) the amount calculated under the SERP and (ii) the amount equal to his then-current base salary plus a bonus amount calculated by multiplying his then-current base salary by the average highest percentage of incentive compensation relative to base salary that he received for three consecutive years. In the event Mr. Schloss's employment is terminated by us without "cause" (which includes our election not to extend the term), or by Mr. Schloss for "good reason," or by reason of "total disability" (as such terms are defined in the employment agreement), Mr. Schloss will be entitled to receive the following: (a) cash severance

13

in a lump sum equal to the sum of his then current base salary and an incentive amount equal to the higher of the average annual incentive compensation paid for the prior three years and the amount payable upon achievement of maximum performance targets for the year of termination; (b) his SERP benefit with credit for five additional years of service; (c) full vesting of stock options held at termination; (d) full vesting and settlement of all deferred stock held at termination; and (e) continued participation in certain employee benefit plans for a period of three years after termination other than due to "total disability," in which case the period shall be until age 65, or, if such plans do not

allow continuation, a payment in lieu of such benefits.

In the event Mr. Schloss's employment is terminated without "cause" or for "good reason" and the termination occurs at the time of, within two years after, or in anticipation of, a "change in control," he will be entitled to receive the following: (a) cash severance in a lump sum equal to the three times the sum of his then-current base salary and an incentive amount equal to the higher of the average annual incentive compensation paid for the prior three years and the amount payable upon achievement of maximum performance targets for the year of termination; (b) his SERP benefit with credit for five additional years of service; (c) a pro rata annual incentive amount for the year of termination; (d) full vesting of stock options held at termination; and (e) full vesting and settlement of all deferred stock held at termination; and (f) a payment to fund any excise tax that may be imposed under Section 4999 of the Internal Revenue Code by reason of a change in control, as well as an amount to fund any taxes payable with respect to such payment by us. If Mr. Schloss's employment terminates due to retirement or death, he will be entitled to receive the following: (a) the SERP benefit; (b) a pro rata annual incentive amount for the year of termination; (c) full vesting of stock options held at termination; and (d) full vesting and settlement of all deferred stock held at termination.

William J. Huntley. Mr. Huntley serves as President of the Systems Division of Scientific Games International, Inc. pursuant to an Employment and Severance Benefits Agreement dated September 6, 2000 and currently receives a base salary of \$450,000, which was increased to such rate effective May 1, 2004. The agreement has a term of employment ending September 5, 2004, which extends automatically for an additional year on September 5, 2004 and on each succeeding September 5 thereafter unless written notice is given by us or by Mr. Huntley at least 30 days prior to the date upon which such extension would become effective. Under the agreement, Mr. Huntley receives a transportation allowance of \$16,000 and has the opportunity to receive an annual cash bonus and an annual grant of stock options in amounts commensurate with, and based on substantially the same criteria as, those awarded to our executive officers. In the event Mr. Huntley's employment is terminated by us without cause or in the event of a constructive termination, Mr. Huntley will be entitled to receive the following: (a) a sum each month for a period of one year after termination equal to one-twelfth of the highest annual rate of base salary plus bonus paid during the twenty-four month period preceding the date of termination; (b) a pro rata bonus for the year of termination; and (c) continued participation in certain employee benefit plans for a period of time not to exceed the period in which severance is being paid, and if such plans do not allow continuation and we are unable to obtain substantially similar benefits, payment in lieu of such benefits. If Mr. Huntley's employment is terminated due to disability, he will be entitled to receive a pro rata bonus for the year of termination and to continue to receive all disability, life and medical insurance benefits for a period of twelve months as well as his base salary for such period (to the extent payments under our disability plan do not cover 100% of base salary); and in the event of Mr. Huntley's death, his beneficiary will be paid a lump sum payment equal to six months of base salary and a pro rata bonus for the year of termination.

Cliff O. Bickell. Mr. Bickell serves as President of the Printed Products Division of Scientific Games International, Inc. pursuant to an Employment and Severance Benefits Agreement dated September 6, 2000 and currently receives a base salary of \$375,000, which was increased to such rate effective January 1, 2004. The agreement has a term of employment ending September 5, 2004, which extends automatically for an additional year on September 5, 2004 and on each succeeding September 5 thereafter unless written notice is given by us or by Mr. Bickell at least 30 days prior to the date upon which such extension would become effective. Under the agreement, Mr. Bickell receives a transportation allowance of \$16,000 and has the opportunity to receive an annual cash bonus and an annual grant of stock options in amounts commensurate with, and based on substantially the same criteria as, those awarded to our executive

officers. In the event Mr. Bickell's employment is terminated by us without cause or in the event of a constructive termination, Mr. Bickell will be entitled to receive the following: (a) a sum each month for a period of one year after termination equal to one-twelfth of the highest annual rate of base salary plus bonus paid during the twenty-four month period preceding the date of termination; (b) a pro rata bonus for the year of termination; and (c) continued participation in certain employee benefit plans for a period of time not to exceed the period in which severance is being paid, and if such plans do not allow continuation and we are unable to obtain substantially similar benefits, payment in lieu of such benefits. If Mr. Bickell's employment is terminated due to disability, he will be entitled to receive a pro rata bonus for the year of termination and to continue to receive all disability, life and medical insurance benefits for a period of twelve months as well as his base salary for such period (to the extent payments under our disability plan do not cover 100% of base salary); and in the event of Mr. Bickell's death, his beneficiary will be paid a lump sum payment equal to six months of base salary and a pro rata bonus for the year of termination.

Severance Agreement

Richard M. Weil. We entered into a severance agreement with Richard M. Weil pursuant to which Mr. Weil, who had been employed as Vice President of International Business Development under an employment agreement dated January 1, 2003, left our employment in July 2004. Under the severance agreement, Mr. Weil received: (a) cash severance of \$498,100; (b) a payment of \$1,705,000 in lieu of any payments or benefits under the SERP; (c) vesting of stock options, which can be exercised for a period of 90 days following employment; (d) vesting of deferred stock; and (e) medical, life insurance and disability benefits coverage for a period of three years. All previous arrangements between us and Mr. Weil were terminated upon execution of the severance agreement, including under his employment agreement, except for certain provisions relating to such matters as confidentiality and competition and rights to indemnification.

Change in Control Agreements

We entered into a Change in Control Agreement dated November 1, 1997 with various executives including Messrs. Schloss and Huntley, which in the case of Mr. Schloss has been superceded by his current employment agreement. The Change in Control Agreement has a term ending on October 31, 2004, which extends automatically for an additional year on October 31, 2004 and on each succeeding October 31 thereafter unless written notice is given prior to the April 30 preceding the date upon which such extension would become effective. Pursuant to the agreement, if we terminate the employment of an executive without "cause" or the executive terminates his employment for "good reason," at the time of or within two years following a "change in control" (as such terms are defined in the agreements), such executive will be entitled to receive the following: (a) cash severance in a lump sum equal to two times the sum of his then current base salary and the higher of the average annual incentive compensation paid to him for the three prior years, and the amount payable to him upon achievement of the target level of performance for the year of termination; (b) a pro rata annual incentive amount for the year of termination; (c) full vesting of stock options held at termination, and any options which were granted on or after November 1, 1997 (the effective date of the agreement) or, if previously granted, were not "in the money" on such effective date, will remain exercisable until the earlier of 36 months after termination and the scheduled expiration date of such options; (d) full vesting and settlement of all deferred stock held at termination; and (e) continued participation in certain employee benefit plans until the earliest of 18 months, the date equivalent benefits are provided by a subsequent employer, and age 65, or, if such plans do not allow continuation, payment in lieu of such benefits. The agreements also provide that if the executive's employment is terminated without "cause" and he is not entitled to the severance described above, he will be entitled to receive a lump sum cash payment equal to his then current base salary.

Certain Relationships and Related Transactions

Under a letter dated March 8, 2004, we engaged Ramius Securities, LLC ("Ramius") to act as a financial advisor on a non-exclusive basis in connection with certain acquisition, investment or financing transactions. If Ramius provides services with respect to a transaction which is consummated by us during the duration of the engagement letter or within 12 months thereafter, Ramius would receive a fee equal to 1%, or such other percentage (not to exceed customary amounts) as may be mutually agreed upon by the parties, of the acquisition consideration or other transaction value. The Company may engage a co-advisor or advisors in addition to Ramius for any transaction, in which case any fee to Ramius would be reduced by the fees of such co-advisor or advisors (provided that Ramius would receive a fee representing the relative value of its services as reasonably determined by us). We may also reasonably determine not to engage Ramius for any transaction, in which case Ramius would receive no fee. The engagement letter provides that Ramius would be entitled to reimbursement of reasonable out-of-pocket expenses (not to exceed \$50,000 in any year unless previously approved by the Company) and contains certain customary indemnification and other provisions. The engagement letter continues for a period of three years, subject to earlier termination by either Ramius or the Company on 30 days' notice. Peter A. Cohen, a director of the Company, is the President of Ramius and a principal of Ramius' parent company, Ramius Capital Group, LLC.

Under a letter agreement dated October 10, 2003, we agreed to reimburse Mafco Holdings Inc. ("Mafco") \$1,000,000 of the expenses it incurred in connection with its purchase of approximately 92% of the then outstanding shares of our Series A Convertible Preferred Stock from Cirmatica Gaming, S.A. and we agreed to continue to pay the quarterly dividends on the Preferred Stock in kind, rather than in cash, through December 31, 2003. The letter agreement also provides for an approximately 13-month extension of the standstill provision under the Stockholders' Agreement dated September 6, 2000, which, subject to certain exceptions, will prohibit Mafco from acquiring beneficial ownership of more than 45% of our stock prior to October 10, 2005 and from soliciting proxies prior to October 10, 2004. In addition, the letter agreement reduced the ownership thresholds under the Stockholders' Agreement that would otherwise have been required to be maintained in order to designate directors to our Board. The threshold for designating four directors was reduced from 22.5% to 20%, the threshold for designating three directors was reduced from 17.5% to 16%, the threshold for designating two directors was reduced from 10% to 9% and the threshold for designating one director was reduced from 5% to 4.6%. Such percentages, in each case, are to be determined based on our fully diluted common stock subject to certain exclusions of common stock or other securities that may be issued in the future. The closing of the transaction between Mafco and Cirmatica occurred on November 19, 2003, whereupon Ronald O. Perelman, Howard Gittis and Barry F. Schwartz, designees of Mafco, replaced Antonio Belloni, Rosario Bifulco and Michael Immordino, designees of Cirmatica, as members of our Board. Mr. Perelman is Chairman, Chief Executive Officer and the sole stockholder of Mafco, Mr. Gittis is Vice Chairman of Mafco and Mr. Schwartz is Executive Vice President and General Counsel of Mafco.

Luke Weil, the son of A. Lorne Weil, has served as a full-time consultant to Business Strategies & Insight, L.L.C. ("BSI") since November 2003. BSI is a public affairs consulting firm that has assisted us since 2001 in strategic planning relating to our business with governmental customers, both domestically and overseas. For the year ended December 31, 2003, we paid BSI an aggregate of \$302,500 in retainers and project fees and reimbursed them for approximately \$61,000 of out-of-pocket expenses. For the period January 1 through July 1, 2004, we paid BSI an aggregate of \$355,570 in respect of retainers and project fees and reimbursed them for approximately \$68,000 of out-of-pocket expenses. Luke Weil is currently compensated by BSI at a rate of \$5,000 per month. Mr. Weil devotes the majority of his time at BSI to the Scientific Games account.

During 2003, we engaged the services of Lancio Partners, a marketing firm, for a fee of \$80,000 to assist us in the re-branding of our racing business from Autotote to Scientific Games. Sarah Bresnahan, the president and owner of Lancio Partners, is the sister of Sally L. Conkright, Vice President of Organizational Development for the Company.

Eric Pullman, the brother-in-law of Martin E. Schloss, the Company's General Counsel, is employed as Director of Business Development for Autotote Enterprises, our Connecticut OTB business.

Mr. Pullman, who assumed this position in April 2003, receives a base salary of \$125,000 and has the opportunity to receive a year-end bonus of up to 35% of his base salary. Mr. Pullman previously provided consulting services to the Company for approximately 12 months at a monthly rate of \$12,500.

Rick Balanetsky, the brother-in-law of DeWayne E. Laird, the Company's Chief Financial Officer, worked as a computer consultant for us during 2003 for which he received approximately \$86,000.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who beneficially own more than ten percent of our Common Stock, to file initial reports of ownership on Form 3 and reports of changes in their ownership on Forms 4 and 5 with the Securities and Exchange Commission ("SEC"). Based solely on a review of the copies of the reports that our directors, officers and ten percent holders filed with the SEC and on the representations made by such persons, we believe that all filing requirements applicable to our officers, directors and ten percent holders were complied with during fiscal 2003, except that late Form 4 filings were made by: (a) Cliff Bickell with respect to an option exercise on February 13, 2003, (b) A. Lorne Weil with respect to a cashless exercise of a warrant on April 29, 2003 and with respect to a stock option grant on December 8, 2003, (c) Brooks Pierce with respect to an option exercise on March 25, 2003, sales on March 28, 2003 and April 1, 2003, and with respect to an option grant on December 8, 2003 and (d) Brian Wolfson with respect to an option grant on June 23, 2003. In addition, three former directors, Antonio Belloni, Rosario Bifulco and Larry Lawrence, each filed a late Form 4 with respect to a grant of restricted stock on January 2, 2003.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee during fiscal 2003 were Alan J. Zakon, Colin J. O'Brien, Howard Gittis and Rosario Bifulco, who left the Board in November 2003. Eric M. Turner and Joseph R. Wright, Jr. were appointed to the Committee following the resignations of Mr. Zakon, who is not standing for re-election at the meeting, and Mr. O'Brien, in July 2004 and August 2004, respectively.

No member of this Committee is or has been an officer or employee of the Company or a subsidiary of the Company or had any relationship or transaction with the Company requiring disclosure under this item. No executive officer of the Company serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors administers the Company's executive compensation program. The Committee's responsibilities include approving awards under the Company's incentive compensation and stock

option plans, approving the compensation of the Company's executives and making recommendations to the Board of Directors with regard to the adoption of new employee benefit plans and new executive compensation plans. The Committee is comprised of three members of the Board of Directors who are not officers or employees of the Company. The Committee engages an outside compensation consultant for insight and advice on matters related to executive compensation.

Compensation Components and Philosophy

The principal components of the Company's compensation program consist of base salaries, performance-based bonuses and stock options. The Company's compensation program is designed to provide executives with compensation that is competitive with other companies, reward executives based on Company and individual performance and to align management and stockholder interests by providing incentive compensation through stock option awards and performance-based bonuses.

The Compensation Committee believes that executive performance significantly influences Company performance. Therefore, the executive compensation program is guided by the principle that executives should have the potential for increased earnings when performance objectives are exceeded, provided there is appropriate downside risk if performance targets are not met.

Executive Officer Compensation

Base salaries for the Company's executives other than the Chief Executive Officer, as well as changes in such salaries, are based upon recommendations by the Chief Executive Officer and other senior managers and reviewed on an annual basis in conjunction with the Company's budget for the upcoming fiscal year, taking into account such factors as competitive industry salaries, a subjective assessment of the nature of the position and the contribution and experience of the executive and the length of the executive's service.

The Company's management incentive compensation program (the "MICP") provides annual bonus opportunities for the Company's key executive personnel based on three criteria: (1) the Company's overall financial performance relative to the budget for a given fiscal year as approved by the Board of Directors, (2) the financial performance of individual business units of the Company for executives directly involved with the operation of those units, and (3) a qualitative assessment by the Committee of individual performance not directly measurable by financial results pursuant to recommendations made by the Chief Executive Officer and other senior managers in the Company. The purpose of the MICP is to reward employees who have made significant contributions to the Company's achievement of its objectives and to provide an incentive for further contributions. The financial performance of the Company and its business units are principally measured under the MICP by the attainment of "EBITDA" (Earnings Before Interest, Taxes, Depreciation and Amortization) targets established for the year. If the financial performance targets are met or exceeded, participants will be eligible to receive year-end cash bonuses based on a percentage of their base salaries, subject to adjustment by the Committee after consideration of various objective and subjective factors. Potential payments under the MICP during fiscal 2003 ranged from 25% to 50% of base salary for participants other than the Chief Executive Officer, with each of Messrs. Martin E. Schloss, William J. Huntley, Cliff O. Bickell and Richard M. Weil having the opportunity to earn a bonus in an amount equal to 50% of base salary.

In awarding bonuses for fiscal 2003, the Company considered the achievement by the Company and its business units of financial performance targets as well as various strategic objectives during the fiscal year, including the following:

- The acquisition of IGT Online Entertainment Systems, Inc. established Scientific Games as the second largest on-line lottery systems provider in the industry, picking up seven North American on-line lottery contracts, six VLT service contracts and important intellectual property.

- The acquisition of MDI Entertainment, Inc., with its portfolio of licensed properties and entertainment-based promotions, significantly expanded the offerings of lottery products and services to the instant ticket customers of Scientific Games and allows us to sell products to competitors' customers outside of the traditional lottery procurement cycle.
- The relocation of the racing business to the lottery facility in Alpharetta, Georgia and the re-branding of the business to Scientific Games Racing, which are intended to provide cost savings and achieve operational and technological synergies.
- The award of contracts for two lottery start-ups -- an instant ticket and cooperative services contract for the new Tennessee lottery and on-line contract for the start-up of the North Dakota on-line lottery.
- The achievements in product development reflected by the introduction of the new Quantum™ pari-mutuel central system and LC3™ which is the first electronic lottery game card.

While base salary and the annual incentive compensation components are tied to employee responsibility and the Company's financial performance and progress in achieving strategic goals, the purpose of stock option grants is to align stockholder and employee interests by providing a component of compensation tied directly to the performance of the Company's stock price. Executive personnel have the opportunity to receive annual grants of stock options under the MICP based on a formula approved by the Committee. The number of shares subject to options granted under the MICP for fiscal 2003 represented approximately 15% of the executives' cash bonus potential for the fiscal year, subject to upward adjustment or downward adjustment based on an evaluation of management.

CEO Compensation

Mr. A. Lorne Weil received a base salary of approximately \$790,958 for 2003 under the terms of his employment agreement dated February 28, 2003, which provides for an increase in his base salary to \$1 million on January 1, 2005 and further increases on each January 1 thereafter during the term for inflation based on the increase, if any, in the Consumer Price Index for the Greater New York area during the preceding twelve months. Mr. Weil's agreement provided him with the opportunity to earn \$1 million as incentive compensation for 2003 pursuant to the terms of the Company's MICP. Mr. Weil received his maximum incentive award as a result of the Company and Mr. Weil having achieved the financial and performance objectives referred to above. In addition, the Committee approved performance accelerated stock option grants covering 1 million shares to Mr. Weil and a grant of approximately 50,000 shares of restricted stock in connection with the amendment of Mr. Weil's employment agreement, which extended the term of employment by three years to December 31, 2007. The restrictions on these grants will lapse on an accelerated basis on the third anniversary of the grant date due to the achievement of the stock price performance goals established under the agreements. (For additional information relating to Mr. Weil's employment agreement, see "Employment Agreements" above.)

Deductibility of Executive Compensation

The Company expects that the compensation paid to executive officers during fiscal 2003 will qualify for income tax deductibility under Section 162(m) of the Internal Revenue Code. In addition, the Company has a general policy of awarding stock options to its executive officers only pursuant to plans that the Company believes will satisfy the requirements of Section 162(m).

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return over the sixty-two month period from October 31, 1998 through December 31, 2003 on (a) our common stock, (b) the Nasdaq National Market ("Nasdaq"), on which our shares of common stock are traded and (c) a peer group index of companies that provide services similar to ours, consisting of International Lottery and Totalisator Systems, Inc., Churchill Downs, Inc. and GTECH Holdings Corp. (the "Peer Group Index"). We elected to use a peer group index rather than a published industry or line-of-business index because we are not aware of any such published index of companies which, in terms of their businesses, are as comparable to us as those included in the peer group index. The peer group companies have been weighted based upon their relative market capitalization each year. The graph assumes that \$100 was invested on October 31, 1998 in our common stock, the Nasdaq and the Peer Group Index and that all dividends were reinvested. We changed our fiscal year-end from an October 31 year-end to a calendar year-end, beginning with the year ended December 31, 2001, so that the measurement period for the performance graph covers the fiscal years ended October 31, 1999 and 2000, the two-month transition period ended December 31, 2000, and the fiscal years ended December 31, 2001, 2002 and 2003.

Change of Accountants in 2003

Effective May 20, 2003, we engaged Deloitte & Touche LLP to serve as independents accountants and dismissed KPMG LLP, which had served as independent accountants since 1984. The decision to change accountants was made by the Audit Committee.

KPMG LLP's reports on our financial statements for each of the fiscal years ended December 31, 2001 and 2002 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles, except that KPMG LLP's audit report included in our Form 10-K filed on March 24, 2003 contained a separate paragraph stating that we had adopted the provisions of Statement of Financial Standards No. 142, "Goodwill and Other Intangible Assets", effective January 1, 2002.

During the fiscal years ended December 31, 2001 and 2002 and the interim period between December 31, 2002 and May 20, 2003, there were no disagreements with KPMG LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to the firm's satisfaction, would have caused it to make reference to the subject matter of the disagreement in connection with its audit reports for such years, nor did any of the events described in Item 304(a)(1)(v) of Regulation S-K occur during such periods.

During the fiscal years ended December 31, 2001 and 2002 and the interim period between December 31, 2002 and May 20, 2003, we did not consult Deloitte & Touche LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or with respect to the type of audit opinion that might be rendered on our financial statements or any other matters or events listed in Item 304(a)(2)(i) or (ii) of Regulation S-K.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's accounting, auditing and financial reporting processes. The Committee acts under a charter, a copy of which is attached as Appendix A to this Proxy Statement.

As part of its oversight responsibilities, the Committee reviewed and discussed the Company's financial statements for the fiscal year ended December 31, 2003 with management and Deloitte & Touche LLP, the independent accountants for the Company for the fiscal year. The Committee also discussed with representatives of Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards 61, Communication with Audit Committees.

The Committee received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and discussed with Deloitte & Touche LLP its independence from the Company. The Committee also considered whether the tax consulting services and other non-audit services provided during 2003 by Deloitte & Touche LLP are compatible with maintaining auditor independence.

Based on these reviews and discussions and in reliance thereon, the Committee recommended to the Board of Directors that the audited financial statements for the Company be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for filing with the Securities and Exchange Commission.

Pre-Approval Policy for Services Performed by Independent Accountant

The Audit Committee has responsibility for the appointment, compensation and oversight of the work of the independent accountant. As part of this responsibility, the Audit Committee must pre-approve all permissible services to be performed by the independent accountant.

The Audit Committee has adopted an auditor pre-approval policy which sets forth the procedures and conditions pursuant to which pre-approval may be given for services performed by the independent auditor. Under the policy, the Committee must give prior approval for any amount or type of service within four categories — audit, audit-related, tax services or, to the extent permitted by law, other services — that the independent accountant provides. Prior to the annual engagement, the Audit Committee may grant general pre-approval for independent auditor services within these four categories at maximum pre-approved fee levels. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval and, in those instances, such service will require separate pre-approval by the Audit Committee if it is to be provided by the independent auditor. For any pre-approval, the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence, whether the auditor is best positioned to provide the most cost effective and efficient service and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. The Audit Committee may delegate to one or more of its members authority to approve a request for pre-approval provided the member reports any approval so given to the Audit Committee at its next scheduled meeting.

Edgar Filing: SCIENTIFIC GAMES CORP - Form DEF 14A

The Audit Committee has appointed Deloitte & Touche LLP as independent accountants for the fiscal year ending December 31, 2004 and stockholders are being asked to ratify such appointment.

Representatives of Deloitte & Touche LLP are expected to be present at the meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders.

Approval of the proposal to ratify the appointment of the independent accountants requires the affirmative vote of a majority of the votes entitled to be cast in person or by proxy at the meeting. If the appointment is not ratified by stockholders, the Audit Committee will reconsider such appointment.
