Item 2.05. COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES

On September 28, 2007, the authorized senior executive officers of Proliance International, Inc. (the Company ) determined to commit the Company to the closure of 36 branch locations. The actions will reduce the Company's cost structure, improve the Company's overall operating results and enable it to more profitably serve customers in these locations in the future. As a result of these actions and the closure of two other branches since the end of the second quarter, the Company will operate 47 branches. These actions will include the sale of selected assets at the branch locations and will result in the Company incurring between \$0.5 million and \$0.7 million of cash restructuring costs, consisting of \$0.1 million and \$0.2 million of employee related restructuring costs and between \$0.4 million and \$0.5 million of branch closure restructuring costs during the fourth quarter of 2007. Future cost savings, as a result of these actions, are expected to exceed the restructuring costs to be incurred.

As part of the restructuring actions, over 100 Associates employed at the closed branch locations will be leaving the Company between October 8, 2007 and October 31, 2007. This represents a reduction of approximately 5% of the worldwide workforce.

The activities described above, are part of the previously announced \$5.0 million to \$7.0 million of restructuring costs, which the Company expects to record as a result of its initiatives in 2007.

On October 2, 2007, The Company issued a press release with respect to the foregoing matters, a copy of which is filed as Exhibit 99.1 hereto.
