PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON

APRIL 30, 2004

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of the Company of proxies for use at the Company's annual meeting of stockholders to be held on April 30, 2004.

Any stockholder giving a proxy will have the right to revoke it at any time prior to the time it is voted. A proxy may be revoked by written notice to the Company, execution of a subsequent proxy or attendance at the annual meeting and voting in person. Attendance at the annual meeting will not automatically revoke the proxy. All shares represented by effective proxies will be voted at the annual meeting or at any adjournment thereof.

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by mail, officers and employees of the Company may solicit proxies by telephone or in person.

This Proxy Statement and form of proxy are first being mailed to stockholders on or about March 26, 2004. The Company's 2003 annual report, including audited financial statements, is included in this mailing.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF ALL OF THE NOMINEES FOR DIRECTOR NAMED IN PROPOSAL 1 AND A VOTE FOR THE APPROVAL AND RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS AS DISCUSSED IN PROPOSAL 2.

VOTING

Stockholders of record on the books of the Company at the close of business on March 12, 2004, will be entitled to notice of and to vote at the meeting. A list of the stockholders entitled to vote at the meeting will be available for examination by any stockholder, for any purpose germane to the meeting, during ordinary business hours, for a period of at least 10 days prior to the meeting at the Company's headquarters located at 800 East Northwest Highway, Des Plaines, Illinois 60016 and at LaSalle Bank N.A., 135 South LaSalle Street, Chicago, Illinois 60603. The Company had outstanding on March 12, 2004, 22,059,993 shares of its Common Stock, par value \$.01 per share (the "Common Stock"). Each outstanding share of Common Stock entitles the holder to one vote on each matter submitted to a vote at the meeting.

Edgar Filing: LITTELFUSE INC /DE - Form DEF 14A

The shares represented by proxies will be voted as directed in the proxies. In the absence of specific direction, the shares represented by proxies will be voted FOR the election of all of the nominees as directors of the Company and FOR the approval and ratification of the appointment of Ernst & Young LLP as independent auditors. In the event any nominee for director is unable to serve, which is not now contemplated, the shares represented by proxies may be voted for a substitute nominee. If any matters are to be presented at the annual meeting other than the matters referred to in this Proxy Statement, the shares represented by proxies will be voted at the discretion of management.

The Company's bylaws provide that a majority of all of the shares of Common Stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Votes for and against, abstentions and "broker non-votes" will each be counted as present for purposes of determining the presence of a quorum. To determine whether a specific proposal has received sufficient votes to be passed, for shares deemed present, an abstention will have the same effect as a vote "against" the proposal, while a broker non-vote will not be included in vote totals and will have no effect on the outcome of the vote. The affirmative vote by the holders of a majority of the shares present (whether in person or by proxy) at the meeting will be required for the approval of the ratification of Ernst & Young LLP as independent auditors. With respect to the election of directors, the seven nominees who receive the most votes at the meeting will be elected.

In the event that the Company were to terminate Mr. Witt's employment without Cause (as defined in his employment agreement), or Mr. Witt were to terminate his employment for Good Reason (as defined in his employment agreement), he would continue to be paid the compensation he would otherwise have earned for the remaining balance of the term of his employment agreement plus monthly payments equal to one-half of the monthly salary which was payable to him during the month immediately preceding the date of such termination for a period of twenty-four months commencing January 1, 2005, in lieu of the compensation which would have been paid to Mr. Witt by the Company under his consulting agreement described below.

Mr. Witt has agreed that he will not compete with the Company for a period of two years after any termination of his employment during the term of his employment agreement, unless the Company shall terminate his employment without Cause or Mr. Witt terminates his employment for Good Reason.

The Company entered into change of control employment agreements dated August 8, 2003, with Mr. Witt, dated September 1, 2001, with Kenneth R. Audino, Philip G. Franklin and Mary S. Muchoney and dated November 3, 2003, with Gordon Hunter. These change of control employment agreements are designed to provide these individuals with certain employment and compensation protection in the event that there was a Change of Control (as defined in these agreements) with respect to the Company at any time prior to December 31, 2004, with respect to Mr. Witt, and prior to September 1, 2006, with respect to the others. If such a Change of Control were to occur and any of these individual's employment with the Company was terminated at any time during the two-year period thereafter, other than for Cause (as defined in these agreements), or if during these time periods any of these individuals were to terminate his

10

or her employment for Good Reason (as defined in these agreements), then the Company would be obligated to make the payments described below for the benefit of these individuals.

Under Mr. Witt's change of control employment agreement, and in order to compensate Mr. Witt for the compensation he would have received under his consulting agreement, Mr. Witt's annual base salary would be increased by \$250,000 and the Company would pay him his compensation which had accrued prior to the date of termination, including an annualized bonus, plus an amount equal to the product of two times the sum of Mr. Witt's annual base salary plus bonus. Additionally, the Company would contribute on behalf of Mr. Witt to the Company's Supplemental Executive Retirement Plan (the "SERP") an amount equal to the amount which would have been credited to Mr. Witt's account under the SERP if Mr. Witt had continued in the employment of the Company for an additional two years after the date of termination and Mr. Witt's SERP account balance would no longer be subject to forfeiture in the event he were to be employed by a competitor of the Company.

In the event any payments received by Mr. Witt upon a Change of Control would require him to pay the 20% excise tax imposed by Section 4999 of the Internal Revenue Code, the Company would make an additional payment to Mr. Witt in an amount such that, after payment by Mr. Witt of such excise tax, Mr. Witt would retain the same amount of the payments made by the Company to him which he would have retained if he had not paid the excise tax.

With respect to the other individuals, under their change of control employment agreements they will be paid their accrued compensation and annualized bonus, and will receive an amount equal to two times the sum of their annual salary plus bonus, two additional years of crediting under the SERP and two years of continuing medical insurance benefits. They will also receive the excise tax "gross-up" payment described above. Additionally, if any individual were to terminate his employment with the Company for Good Reason (as defined in these agreements) or be terminated by the Company other than for Cause (as defined in these agreements) during the two-year period following a Change of Control the individual's account balance under the SERP would not be subject to forfeiture in the event he were to work for a competitor of the Company.

Unless the Company were to terminate Mr. Witt's employment for Cause or Mr. Witt were to terminate his employment with the Company without Good Reason, upon any termination of Mr. Witt's employment with Littelfuse (either during the term of his employment agreement or his change of control employment agreement) he will receive the following benefits: (1) all of Mr. Witt's outstanding stock options would vest and he would have three years after any such termination to exercise these stock options; and (2) Mr. Witt and his spouse would continue to receive for ten years after any such termination life insurance and medical

Edgar Filing: LITTELFUSE INC /DE - Form DEF 14A

insurance benefits comparable to those which were being provided to Mr. Witt and his spouse immediately prior to such termination.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgements, and the clarity of disclosures in the financial statements.

11

The Audit Committee also reviewed and discussed the audited financial statements with the independent auditors and discussed the matters requiring discussion pursuant to SAS 61, including the accounting methods used in the audit. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures and letter required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and considered the compatibility of non-audit services with auditor's independence.

The Audit Committee discussed with the independent auditors the overall scope and plans for their audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held nine meetings during fiscal 2003.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended January 3, 2004 for filing with the Commission. The Committee and the Board have also recommended, subject to stockholder approval, the selection of Ernst & Young LLP as the Company's independent auditors for the fiscal year ended January 1, 2005.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee administers the Company's executive cash and benefits compensation program.

The goals of the Company's integrated executive compensation program are to:

1. Pay competitively to attract, retain and motivate a high-quality senior management team;
2. Link annual salary increases to the attainment by each executive officer of individual performance objectives;

Edgar Filing: LITTELFUSE INC /DE - Form DEF 14A

3. Tie individual incentive cash compensation to Company and individual performance goals; and
4. Align executive officers' financial interests with stockholder value.

As one of the factors in its consideration of compensation matters, the Compensation Committee also considers the anticipated tax treatment to the Company and to the executive officers of various payments and benefits. However, since some types of compensation payments and their deductibility depend upon the timing of an executive officer's exercise of stock options (e.g., the spread on exercise of

12

non-qualified options), and because interpretations and changes in the tax laws and other factors beyond the control of the Compensation Committee may also affect the deductibility of compensation, the Compensation Committee will not necessarily limit executive compensation to that which is deductible under applicable provisions of the Internal Revenue Code. The Compensation Committee will consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent reasonably practicable and to the extent consistent with the Company's other compensation goals.

SALARIES

The Compensation Committee's determination of each executive officer's base salary is designed to accomplish two goals. The first goal is to pay executive officers competitively to attract, retain and motivate a high-quality senior management team. The second goal is to link annual salary increases to the attainment by each executive officer of individual performance objectives. The base salary of each executive officer is targeted to be within a range of 80% to 120% of the average base salary received by executive officers in similar positions with manufacturing companies having comparable annual sales.

In determining the base salary to be paid to each executive officer other than the Chief Executive Officer (the "Other Executive Officers"), the Compensation Committee reviews recommendations prepared by the Chief Executive Officer. These recommendations are based, in part, on executive compensation surveys. These recommendations are also based on the executive officer's attainment of individual performance objectives. After consultation with the Chief Executive Officer, the Compensation Committee reviews the recommendations and the supporting executive compensation review. The Compensation Committee then determines the annual base salary of each of the Other Executive Officers. The determination of the Chief Executive Officer's annual base salary is specifically discussed below.

ANNUAL INCENTIVE COMPENSATION PROGRAM

The Annual Incentive Compensation Program is designed to accomplish the goal of tying incentive cash compensation to Company and individual performance goals. The Compensation Committee annually approves the Annual Incentive Compensation Program and, after consultation with the Chief Executive Officer, delegates the administration of the program as it relates to the Other Executive Officers to the Chief Executive Officer. The Compensation Committee administers the program as it relates to the Chief Executive Officer.

The Chief Executive Officer establishes a minimum, target and a maximum amount that may be awarded to each of the Other Executive Officers as an annual incentive compensation award. The target and maximum amounts established for

Edgar Filing: LITTELFUSE INC /DE - Form DEF 14A

each of the Other Executive Officers are percentages of such executive officer's base salary. These amounts are established by the Chief Executive Officer with input from compensation survey data. In determining each of the Other Executive Officers' total award, Company performance is determined based on the achievement by the Company of specified financial objectives, which may include sales, earnings before interest and taxes and cash flow, while individual performance is determined based on each of the Other Executive Officers' achievement of specified performance objectives. At the end of each fiscal year, the amount of the total award paid to each of the Other Executive Officers is determined based on Company and individual performance using the mathematical formula previously established by the Chief Executive Officer and the Chief Financial Officer under the program. The determination of whether each of the Other Executive Officers achieved his or her specified performance objectives is made by the Chief Executive Officer after consulting with the Compensation Committee. The Compensation Committee, in administering the Annual Incentive

13

Compensation Program as it relates to the Chief Executive Officer, makes all of the determinations described above with respect to the Chief Executive Officer.

STOCK OPTIONS

The stock-based compensation programs of the Company are administered by the Compensation Committee. The granting of stock options by the Compensation Committee is designed to accomplish the goal of aligning the financial interests of executive officers with stockholder value. The number of stock options granted to executive officers is determined by the executive officer's position and responsibilities. Grants of stock options are intended to recognize different levels of contribution to the achievement by the Company of its performance goals as well as different levels of responsibility and experience as indicated by each executive officer's position. Generally, all stock options granted to executive officers have been granted with an exercise price equal to the fair market value of the Common Stock on the date of grant. In 1999, stock options with an exercise price below fair market value were granted to Mr. Franklin upon commencement of his employment with the Company and in 2003 stock options with an exercise price below fair market value were granted to Mr. Hunter upon commencement of his employment with the Company.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

The Compensation Committee increased Mr. Witt's 2003 base salary from his 2002 base salary due to his performance as Chief Executive Officer and the relationship of his compensation to the compensation of chief executive officers of peer group companies. This increase was based, in part, on Mr. Witt's attainment of individual performance objectives.

Mr. Witt's total award under the Annual Incentive Compensation Program is determined based on Company and individual performance using the mathematical formula established under the program by the Compensation Committee prior to the beginning of each fiscal year.

The Compensation Committee in 2003 granted Mr. Witt options to purchase 65,000 shares of Common Stock. The number of stock options granted to Mr. Witt reflects the Compensation Committee's recognition of the performance of his duties as the Chief Executive Officer.

PENSION PLAN TABLE

The Company has two non-contributory retirement plans in which the named executive officers participate. One of these plans is a defined benefit, qualified under the applicable provisions of the Internal Revenue Code (the "Qualified Plan"), and the other is a defined contribution, non-qualified Supplemental Executive Retirement Plan ("SERP"). The total annual combined pension benefits payable under the Qualified Plan and SERP to the named executive officers are determined on the basis of a final five-year average annual compensation formula.

The compensation covered by the retirement plans for each of the named executive officers is the sum of the amounts reported in the salary and bonus columns of the Summary Compensation Table. The table shows the total combined annual pension benefits payable under the current provisions of both retirement plans assuming retirement of an employee who has continued employment to age 62.

LITTELFUSE, INC.
AUDIT COMMITTEE CHARTER
REVISED MAY 2, 2003

ORGANIZATION

The audit committee is a committee of the board of directors, which shall be comprised of directors who are independent (as such term is defined under the applicable federal securities laws and the rules and regulations of any national securities exchange upon which the Company's common stock is traded) of the management of the Company and are free of any relationship that, in the opinion of the board of directors, would interfere with their exercise of independent judgment as committee members. The audit committee members shall also meet all of the other qualifications required for audit committee members from time to time by applicable federal securities laws and the rules and regulations of any national securities exchange upon which the Company's common stock is traded.

STATEMENT OF POLICY

The audit committee shall provide assistance to the directors in fulfilling their responsibility to the shareholders, potential shareholders and the investment community relating to accounting and reporting practices of the Company and the quality and integrity of financial reports. In so doing, it is the responsibility of the audit committee to maintain free and open communication between the directors, the independent auditors and the financial management of the Company.

RESPONSIBILITIES

The audit committee of the Company, in its capacity as a committee of the board of directors, shall be directly responsible for the appointment, compensation, retention and oversight of the work of any accounting firm engaged (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, and each such accounting firm must report directly to the audit committee. The audit committee believes its policies and procedures should remain flexible in order to best react to changing conditions and to ensure to the directors and shareholders that the accounting and reporting practices of the Company are in accordance with all requirements and are of the highest quality.

In carrying out these responsibilities, the audit committee shall:

- Retain the independent auditors to audit the Company's financial statements. Have a clear understanding with the independent auditors that they are to report directly to the audit committee, who have ultimate authority to engage, evaluate and, if appropriate, terminate their services.
- Meet with the independent auditors and financial management of the Company to review the scope of the proposed audit for the current year and the audit procedures to be utilized, pre-approve all audit, review or attest engagements and permissible non-audit services to be provided to the Company by the independent auditors, and to approve the fees of the

independent auditors for such services; provided, however, that in no event shall the audit committee have the authority to preapprove any non-audit services which may not be performed by the independent auditors for the

Edgar Filing: LITTELFUSE INC /DE - Form DEF 14A

Company or its subsidiaries under applicable law. At the conclusion of the audit, review the findings, comments and recommendations of the independent auditors.

- Have the authority to delegate to one or more members of the audit committee the authority to grant pre-approvals of any audit, review or attest engagements and permissible non-audit services to be performed by the independent auditors. Any member to whom such pre-approval authority is delegated shall advise the audit committee at each of its scheduled meetings of any such pre-approvals by such member since the last meeting of the audit committee.
- Have the authority to establish pre-approval policies and procedures with respect to audit, review and attest engagements and permissible non-audit services provided the policies and procedures are detailed as to the particular service and the audit committee is informed of each service and such policies and procedures do not include delegation of the audit committees responsibilities under the Securities Exchange Act of 1934 to management.
- Review with the independent auditors and the Company's financial management the adequacy and effectiveness of the accounting and financial controls of the Company, and elicit any recommendations for the improvement of such internal controls or particular areas where new or more detailed controls or procedures are desirable. Review management's internal control report prior to its inclusion in the Company's annual report, which addresses the effectiveness of the Company's internal controls and procedures for purposes of financial reporting.
- Review any legal or regulatory matters that may have a material effect on the financial statements of the Company or related Company compliance policies.
- Inquire of management and the independent auditors about significant risks or exposures and assess the steps management has taken to minimize such risks to the Company.
- Review the Company's quarterly financial statements prior to the release of quarterly earnings and subsequent filing of such release with the Securities and Exchange Commission.
- Review the financial statements contained in the annual report to shareholders with management and the independent auditors to determine that the independent auditors are satisfied with the disclosure and content of the financial statements to be presented to the shareholders. Any changes in accounting principles should be reviewed.
- Review any and all reports issued by the independent auditors with respect to the Company's financial statements and accounting policies.
- Review with financial management and the independent auditors the results of their timely analysis of significant financial reporting issues and practices, including changes in, or adoptions of, accounting principles and disclosure practices. Also review with financial management and the independent auditors their qualitative judgments about the appropriateness, not just acceptability, of accounting principles and financial disclosure practices used or proposed to be used, and particularly, the degree of aggressiveness or conservatism of the organization's accounting principles and underlying estimates.

Edgar Filing: LITTELFUSE INC /DE - Form DEF 14A

- Provide sufficient opportunity for the independent auditors to meet with the members of the audit committee without members of management present. Among the items to be discussed in these meetings are the independent auditors' evaluation of the Company's financial and accounting personnel, and the cooperation that the independent auditors received during the course of audit.
- Review accounting and financial personnel and succession planning within the Company.
- Report the results of the annual audit to the board of directors.
- Review the nature and scope of non-audit services provided to the Company by the independent auditors and consider the potential effects of these other relationships on the auditors' independence.
- Submit the minutes of all meetings of the audit committee to, or discuss the matters discussed at each committee meeting with, the board of directors.
- Investigate any matter brought to its attention within the scope of its duties.
- Establish procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.
- Have the authority to engage independent counsel and other advisers as it determines necessary to carry out its duties.
- Determine
 - (i) the compensation payable to any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company;
 - (ii) compensation payable to any advisers employed by the audit committee; and
 - (iii) the ordinary administrative expenses of the audit committee that are necessary or appropriate in carrying out its duties.

The audit committee is responsible for the duties set forth in this charter but is not responsible for either preparation of the financial statements or auditing of the financial statements. Management has the responsibility for preparing the financial statements and implementing internal controls, and the independent auditors have the responsibility for auditing the financial statements and monitoring the effectiveness of the internal controls. The review of the financial statements by the audit committee is not of the same quality as the audit performed by the independent auditors.
