**Report of Independent Registered Public Accounting Firm**

To the Participants and Administrative Committee of  
the Baxter International Inc. and Subsidiaries Incentive Investment Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Baxter International Inc. and Subsidiaries Incentive Investment Plan (the Plan ) at December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan s management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Incentive Investment Plan  
Notes to Financial Statements  
December 31, 2005 and 2004**

**1. General Description of the Plan**

The following description of the Baxter International Inc. and Subsidiaries Incentive Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Plan allows tax deferred contributions in compliance with Section 401(k) of the Internal Revenue Code. Eligible participants may make pre-tax contributions up to 20% of their eligible annual compensation within certain limitations. The Plan sponsor, Baxter International Inc. ( Baxter ), matches participant contributions up to a maximum of 3% of the employees' compensation. Participant contributions and Plan sponsor matching contributions are fully vested and nonforfeitable at all times. Participants may borrow up to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at variable rates as outlined in the Plan agreement.

Participants, or their beneficiaries, may elect lump-sum benefit payments or benefits may be paid in installments. Subject to certain provisions specified in the Plan agreement, employed participants may withdraw their pre-tax contributions and related earnings in cases of financial hardship.

Upon enrollment in the Plan, a participant may direct contributions in any of eight investment options: Stable Income Fund, Baxter Common Stock Fund, Composite Fund, General Equity Fund, S&P 500 Equity Index Fund, International EAFE Equity Index Fund, Small Cap Fund and the Self-Managed Fund. In addition, certain participants may maintain shares received in connection with Baxter's 1996 spin-off of Allegiance Corporation ( Allegiance ), which were subsequently converted into common shares of Cardinal Health Inc. ( Cardinal ) upon Cardinal's acquisition of Allegiance in 1999. These shares are maintained in the Cardinal Health Common Stock Fund. Additionally, certain participants maintain shares in Edwards Lifesciences Corporation. These shares were placed into the Edwards Lifesciences Common Stock Fund in connection with Baxter's 2000 spin-off of its cardiovascular business. Participants are not able to make contributions to the Cardinal Health Common Stock Fund or the Edwards Lifesciences Common Stock Fund.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting. Accordingly, investment income is recognized when earned and expenses are recognized when incurred.

**Table of Contents**

**Baxter International Inc. and Subsidiaries**

**Incentive Investment Plan**

**Notes to Financial Statements**

**December 31, 2005 and 2004**

**Valuation of Investments**

The valuation of Plan investments is determined as follows:

U.S. government and government agency issues	Value based on the last reported sale price from a national security exchange on the valuation date
Corporate and other obligations	Value based on the last reported sale price from a national security exchange on the valuation date
Common stock:	
Traded on national exchanges	Value based on composite pricing of all national closing sales prices on the valuation date
Traded on over-the-counter market	Value based on last reported sale price defaulting to bid quotations
Commingled investments	Value based on closing prices of the underlying securities on the valuation date
Guaranteed investment contracts	Value based on contract value
Short-term investments	Value based on cost which approximates fair value
Participant loans	Valued based on outstanding principal balance which approximates fair value
Collateral	Value based on cost which approximates fair value

**Income Recognition**

Plan investment return includes dividend and interest income, gains and losses on sales of investments and unrealized appreciation or depreciation of investments. Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. The financial statements reflect the net appreciation or depreciation in the fair value of the Plan's investments. This net appreciation or depreciation consists of realized gains and losses calculated as the difference between proceeds from a sales transaction and cost determined on a moving average basis, and unrealized gains and losses calculated as the change in the fair value between beginning of the year (or purchase date if later) and the end of the year.

**Synthetic Guaranteed Investment Contracts**

The Plan's synthetic guaranteed investment contracts ( GICs ) provide for a fixed return on principal over a specified period of time through fully benefit-responsive wrapper contracts issued by third parties which are backed by the underlying assets owned by the Plan. The portfolio of assets underlying the synthetic GICs primarily includes U.S. government and government agency issues, corporate and other bonds, and commingled trust funds. The contract value of the synthetic GICs was \$571,960,001 and \$556,651,032 at December 31, 2005 and 2004, respectively. The fair value of the investments underlying the synthetic GICs was \$621,691,044 and \$637,367,509 and the fair value of the wrapper contracts was (\$49,731,043) and (\$80,716,477) at December 31, 2005 and 2004, respectively. There are no reserves for credit risk of the contract issuers or any other risk. The Plan's two contracts, Baxter Global Wrap Account and Pacific Investment Management Company, utilize wrapper contracts issued by Aegon Institutional Markets and Bank of America NT & SA, respectively. The average yield was 5.3% and 4.4% and the average crediting interest rate was 5.4% and 5.5% for the investment contracts for 2005 and 2004, respectively. The crediting interest rates are based on an agreed-upon formula with the issuers, which are reset quarterly or monthly. These crediting interest rates cannot be less than zero percent.

**Payment of Benefits**

Benefits are recorded when paid.

**Other**

Due from or due to brokers for securities sold or purchased, respectively, represent the net cash value of security trades initiated but not yet settled at each respective year-end.

**Reclassifications**

Certain amounts from the 2004 financial statements have been reclassified to conform to the current year presentation.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and related notes to the financial statements. Changes in such estimates may affect amounts reported in future periods.

**Risks and Uncertainties**

The Plan provides for various investment options which invest in any combination of registered investment companies, U.S. government and government agency issues, corporate and other obligations, common stock, commingled funds, synthetic guaranteed investment contracts and short-term investments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits. Individual participants' accounts bear the risk of loss resulting from fluctuations in fund values.

**3. Eligibility Requirements**

Employees become eligible to participate in the Plan as of the first day of the month following the completion of thirty days of employment. Eligible employees are those who meet the following requirements:

1. U.S. employees of Baxter or its subsidiaries which have adopted the Plan.
2. U.S. employees not covered by a collective bargaining agreement unless the agreement provides for coverage under the Plan.
3. U.S. employees who are not leased employees.

**4. Administration of the Plan**

State Street Bank and Trust Company (the Trustee ) serves as trustee and Citistreet LLC serves as recordkeeper for the Plan.

The Administrative Committee administers the Plan. The Investment Committee has authority, responsibility and control over the management of the assets of the Plan. Members of both committees are appointed by the Board of Directors of Baxter and are employees of Baxter.

Substantially all investment manager, trustee and administrative fees incurred in the administration of the Plan were paid from the assets of the Plan.

**5. Investments**

Investments representing five percent or more of the Plan's net assets available for benefits at December 31, 2005 and 2004 are summarized as follows:

	<b>2005</b>	<b>2004</b>
Baxter Common Stock, 3,387,837 shares and 3,670,951 shares at December 31, 2005 and 2004, respectively	\$ 127,552,068	\$ 126,794,642

**6. Securities Lending Transactions**

The Plan participates in a securities lending program with the Trustee. The program allows the Trustee to loan securities, which are assets of the Plan, to approved brokers (the Borrowers). The Trustee requires Borrowers, pursuant to a security loan agreement, to deliver collateral to secure each loan. The Plan bears the risk of loss with respect to any unfavorable change in fair value of the invested cash collateral. However, the Borrower bears the risk of loss related to the decrease in the fair value of the securities collateral and, therefore, would have to deliver additional securities to maintain the required collateral. In the event of default by the Borrower, the Trustee shall indemnify the Plan by purchasing replacement securities equal to the number of unreturned loaned securities or, if replacement securities are not able to be purchased, the Trustee shall credit the Plan for the market value of the unreturned securities. In each case, the Trustee would apply the proceeds from the collateral for such a loan to make the Plan whole.

The collateral received pursuant to securities lending transactions is reflected on the Statements of Net Assets Available for Benefits as both an asset and a liability, and has no effect on the net assets available for benefits of the Plan.

As of December 31, 2005 and 2004, the Plan had securities on loan with a market value of \$124,639,418 and \$176,253,245, respectively, with cash collateral held of \$126,971,898 and \$179,421,136, respectively. Non-cash collateral of \$260,330 and \$147,600 received for securities on loan at December 31, 2005 and 2004, respectively, consisted of U.S. government and government agency issues held by the Trustee on behalf of the Plan. A portion of the income generated upon investment of cash collateral is remitted to the Borrowers, and the remainder is allocated between the Plan and the Trustee in its capacity as a security agent. Securities lending income allocated to the Plan amounted to \$143,310 and \$79,541 for 2005 and 2004, respectively. Securities lending income allocated to the Trustee amounted to \$112,186 and \$79,666 for 2005 and 2004, respectively. Securities lending income is classified as interest income in the Statements of Changes in Net Assets Available for Benefits.

**7. Plan Termination**

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to reduce, suspend or discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ( ERISA ). In the event of Plan termination, such termination would not reduce the interest of any participating employee or their beneficiaries accrued under the Plan up to the date of such termination.

**8. Tax Status of the Plan**

The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated December 13, 2005 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the IRC ). The Plan has been amended since the date of the determination letter. The Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**9. Related Parties**

At December 31, 2005 and 2004, the Plan held units of participation in certain common/collective trust funds and short-term investment funds of State Street Bank and Trust Company, the Plan trustee, shares of common stock of Baxter, the Plan sponsor, loans with participants, and shares of common stock and fixed income securities in CitiGroup Inc., CitiBank Mortgage Securities Inc., CitiBank Credit Card Issuance Trust, Travelers Property Casualty Corporation, and CitiBank Credit Card Master Trust I, which are all affiliated with Citistreet LLC, the recordkeeper. These transactions are allowable party-in-interest transactions under ERISA and the regulations promulgated thereunder.

**10. Plan Mergers**

During 2000, Baxter acquired North American Vaccine, Inc. The North American Vaccine, Inc. Retirement and Savings 401(k) Plan and Trust was merged into the Plan effective November 2004. As a result of this merger, total assets of approximately \$2.7 million were transferred into the Plan.

During 2001, Baxter acquired Sera-Tec Biologicals, L.P. The Sera-Tec Biologicals 401(k) Plan was merged into the Plan effective July 2005. As a result of this merger, total assets of approximately \$3.1 million were transferred into the Plan.

**11. New Accounting and Disclosure Standard**

In December 2005, the Financial Accounting Standards Board (FASB) issued FASB Staff Position AAG INV-1 and SOP 94-1-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), which will be effective for the Plan year ending December 31, 2006. The FSP clarifies the definition of fully benefit-responsive investment contracts and establishes new financial statement presentation and disclosure requirements for these contracts. Management is in the process of analyzing the impact of the FSP on the accounting, presentation and disclosure of the Plan's guaranteed investment contracts.
