Section 8 Other Events

Item 8.01 Other Events.

In the Current Report on Form 8-K filed on May 30, 2007, Exelon Corporation (Exelon) disclosed that Floor Amendment No. 4 to Senate Bill 1592 was posted in the Illinois House of Representatives and was assigned to the House Electric Utility Oversight Committee, which approved the amendment by a vote of 5 to 4. The text of the amended bill is attached as Exhibit 99.1 to this Current Report on Form 8-K.

As previously disclosed, on March 6, 2007, the Illinois House of Representatives approved legislation, known as House Bill 1750, that, if enacted into law, would roll back the current electricity rates of Commonwealth Edison Company (ComEd) and other Illinois utilities to rates that were in effect on December 29, 2006, would provide for a refund, with interest, of the charges collected from residential customers in excess of those rolled-back rates since January 2, 2007, and would generally limit rate increases for the electric energy component of rates for all bundled service customers until 2010. On May 30, 2007 the Illinois Senate Executive Committee voted to approve House Bill 1750 by a vote of 7 yes, 3 no, and three members voting present. The full Illinois Senate did not vote on the bill during the regular session. In order for the bill to become effective immediately upon becoming law, it must now pass the Illinois Senate by a supermajority of 60%. Otherwise, it can be amended to change the effective date to 2008 and be approved by a simple majority, but in that case the Illinois House would also need to approve the change to the bill. If the same version of the bill were approved by both chambers by the requisite majority, the bill would then go to the Governor for signature. The Governor has previously expressed support for rate freeze legislation. Exelon, ComEd and Exelon Generation Company, LLC (Generation) (collectively, the Registrants) believe the proposed legislation is unconstitutional, and if enacted, the Registrants would pursue all available legal remedies.

ComEd, Generation and other interested parties have been actively engaged in discussions with Illinois legislative leaders to explore alternatives to rate freeze and other legislation that would provide rate relief for Illinois electric customers, including financial assistance for Illinois electric customers with unusually high electric bills and other customers in need of financial assistance. ComEd and Generation are unable to predict the outcome of the discussions of alternatives to rate freeze and other legislation or the ultimate outcome of the legislative process or the coverage or content of any legislation that may be adopted.
