**Table of Contents****Definition of Terms:**

Equity LifeStyle Properties, Inc., a Maryland corporation, together with MHC Operating Limited Partnership (the Operating Partnership ) and other consolidated subsidiaries ( Subsidiaries ), are referred to herein as the Company, EL, we, us, and our. Capitalized terms used but not defined herein are as defined in the Company's Annual Report on Form 10-K ( 2007 Form 10-K ) for the year ended December 31, 2007.

**Presentation:**

These unaudited Consolidated Financial Statements have been prepared pursuant to the Securities and Exchange Commission ( SEC ) rules and regulations and should be read in conjunction with the financial statements and notes thereto included in the 2007 Form 10-K. The following Notes to Consolidated Financial Statements highlight significant changes to the Notes included in the 2007 Form 10-K and present interim disclosures as required by the SEC. The accompanying Consolidated Financial Statements reflect, in the opinion of management, all adjustments necessary for a fair presentation of the interim financial statements. All such adjustments are of a normal and recurring nature. Revenues are subject to seasonal fluctuations and as such quarterly interim results may not be indicative of full year results.

**Note 1 Summary of Significant Accounting Policies***(a) Basis of Consolidation*

The Company consolidates its majority-owned subsidiaries in which it has the ability to control the operations of the subsidiaries and all variable interest entities with respect to which the Company is the primary beneficiary. The Company also consolidates entities in which it has a controlling direct or indirect voting interest. All inter-company transactions have been eliminated in consolidation. The Company's acquisitions were all accounted for as purchases in accordance with Statement of Financial Accounting Standards No. 141, Business Combinations ( SFAS No. 141 ).

The Company has applied the Financial Accounting Standards Board ( FASB ) issued Interpretation No. 46R, Consolidation of Variable Interest Entities ( FIN 46R ) an interpretation of ARB 51. The objective of FIN 46R is to provide guidance on how to identify a variable interest entity ( VIE ) and determine when the assets, liabilities, non-controlling interests, and results of operations of a VIE need to be included in a company's consolidated financial statements. A company that holds variable interests in an entity will need to consolidate such entity if the company absorbs a majority of the entity's expected losses or receives a majority of the entity's expected residual returns if they occur, or both (i.e., the primary beneficiary). The Company has also applied Emerging Issues Task Force 04-5 Accounting for investments in limited partnerships when the investor is the sole general partner and the limited partners have certain rights ( EITF 04-5 ) which determines whether a general partner or the general partners as a group controls a limited partnership or similar entity and therefore should consolidate the entity. The Company will apply FIN 46R and EITF 04-5 to all types of entity ownership (general and limited partnerships and corporate interests).

The Company applies the equity method of accounting to entities in which the Company does not have a controlling direct or indirect voting interest or is not considered the primary beneficiary, but can exercise influence over the entity with respect to its operations and major decisions. The cost method is applied when (i) the investment is minimal (typically less than 5%) and (ii) the Company's investment is passive.

As of December 31, 2007, the Bar Harbor joint venture has been consolidated with the operations of the Company as the Company has determined that as of December 31, 2007 the company was the primary beneficiary by applying the standards of FIN 46R.

*(b) Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Table of Contents****Note 1 Summary of Significant Accounting Policies (continued)***(c) Markets*

The Company manages all of its operations on a property-by-property basis. Since each Property has similar economic and operational characteristics, the Company has one reportable segment, which is the operation of land lease Properties. The distribution of the Properties throughout the United States reflects our belief that geographic diversification helps insulate the portfolio from regional economic influences. The Company intends to target new acquisitions in or near markets where the Properties are located and will also consider acquisitions of Properties outside such markets.

*(d) Inventory*

Inventory consists of new and used Site Set homes and is stated at the lower of cost or market after consideration of the N.A.D.A. (National Automobile Dealers Association) Manufactured Housing Appraisal Guide and the current market value of each home included in the home inventory. Inventory sales revenues and resale revenues are recognized when the home sale is closed. The expense for the inventory reserve is included in the cost of home sales in our Consolidated Statements of Operations. (See Note 6 in the Notes to Consolidated Financial Statements contained in this Form 10-Q.)

*(e) Real Estate*

In accordance with SFAS No. 141, we allocate the purchase price of Properties we acquire to net tangible and identified intangible assets acquired based on their fair values. In making estimates of fair values for purposes of allocating purchase price, we utilize a number of sources, including independent appraisals that may be available in connection with the acquisition or financing of the respective Property and other market data. We also consider information obtained about each Property as a result of our due diligence, marketing and leasing activities in estimating the fair value of the tangible and intangible assets acquired.

Real estate is recorded at cost less accumulated depreciation. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets. We use a 30-year estimated life for buildings acquired and structural and land improvements, a ten-to-fifteen-year estimated life for building upgrades and a three-to-seven-year estimated life for furniture, fixtures and equipment. The values of above- and below-market leases are amortized and recorded as either an increase (in the case of below-market leases) or a decrease (in the case of above-market leases) to rental income over the remaining term of the associated lease. The value associated with in-place leases is amortized over the expected term, which includes an estimated probability of lease renewal. Expenditures for ordinary maintenance and repairs are expensed to operations as incurred, and significant renovations and improvements that improve the asset and extend the useful life of the asset are capitalized and then expensed over the asset's estimated useful life.

The Company periodically evaluates its long-lived assets, including our investments in real estate, for impairment indicators. Judgments regarding the existence of impairment indicators are based on factors such as operational performance, market conditions and legal factors. Future events could occur which would cause us to conclude that impairment indicators exist and an impairment loss is warranted.

For Properties to be disposed of, an impairment loss is recognized when the fair value of the Property, less the estimated cost to sell, is less than the carrying amount of the Property measured at the time the Company has a commitment to sell the Property and/or is actively marketing the Property for sale. A Property to be disposed of is reported at the lower of its carrying amount or its estimated fair value, less costs to sell. Subsequent to the date that a Property is held for disposition, depreciation expense is not recorded. The Company accounts for its Properties held for disposition in accordance with the Statement of Financial Accounting Standards No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* (SFAS No. 144). Accordingly, the results of operations for all assets sold or held for sale have been classified as discontinued operations in all periods presented.

**Table of Contents**

**Note 1 Summary of Significant Accounting Policies (continued)**

*(f) Cash and Cash Equivalents*

The Company considers all demand and money market accounts and certificates of deposit with maturity dates, when purchased, of three months or less to be cash equivalents.

*(g) Notes Receivable*

Notes receivable generally are stated at their outstanding unpaid principal balances net of any deferred fees or costs on originated loans, or unamortized discounts or premiums net of a valuation allowance. Interest income is accrued on the unpaid principal balance. Discounts or premiums are amortized to income using the interest method. In certain cases we finance the sales of homes to our customers (referred to as *Chattel Loans*) which loans are secured by the homes. The valuation allowance for the *Chattel Loans* is calculated based on a comparison of the outstanding principal balance of each note compared to the N.A.D.A. value and the current market value of the underlying manufactured home collateral.

*(h) Investments in Joint Ventures*

Investments in joint ventures in which the Company does not have a controlling direct or indirect voting interest, but can exercise significant influence over the entity with respect to its operations and major decisions, are accounted for using the equity method of accounting whereby the cost of an investment is adjusted for the Company's share of the equity in net income or loss from the date of acquisition and reduced by distributions received. The income or loss of each entity is allocated in accordance with the provisions of the applicable operating agreements. The allocation provisions in these agreements may differ from the ownership interests held by each investor. Differences between the carrying amount of the Company's investment in the respective entities and the Company's share of the underlying equity of such unconsolidated entities are amortized over the respective lives of the underlying assets, as applicable.

*(i) Income from Other Investments, net*

Income from other investments, net primarily includes revenue relating to the Company's ground leases with Privileged Access L.P. (*Privileged Access*). The ground leases with *Privileged Access* for approximately 24,300 sites at 82 of the Company's Properties are accounted for in accordance with Statement of Financial Accounting Standards No. 13, Accounting for Leases. The Company recognized income related to these ground leases of approximately \$6.4 million and \$4.9 million for the quarters ended March 31, 2008 and 2007, respectively.

*(j) Insurance Claims*

The Properties are covered against fire, flood, property damage, earthquake, windstorm and business interruption by insurance policies containing various deductible requirements and coverage limits. Recoverable costs are classified in other assets as incurred. Insurance proceeds are applied against the asset when received. Recoverable costs relating to capital items are treated in accordance with the Company's capitalization policy. The book value of the original capital item is written off once the value of the impaired asset has been determined. Insurance proceeds relating to the capital costs are recorded as income in the period they are received.

Approximately 70 Florida Properties suffered damage from five hurricanes that struck the state during 2004 and 2005. As of April 22, 2008, the Company estimates its total claims to exceed \$21.0 million. The Company has made claims for full recovery of these amounts, subject to deductibles. Through March 31, 2008, the Company has made total expenditures of approximately \$18.0 million. Approximately \$6.9 million of these expenditures have been capitalized per the Company's capitalization policy through March 31, 2008.

**Table of Contents****Note 1 Summary of Significant Accounting Policies (continued)**

The Company has received proceeds from insurance carriers of approximately \$8.4 million through March 31, 2008. The proceeds were accounted for in accordance with the Statement of Financial Accounting Standards No.5, Accounting for Contingencies ( SFAS No. 5 ). During the quarter ended March 31, 2008, approximately \$0.4 million has been recognized as a gain on insurance recovery, which is net of approximately \$0.1 million of contingent legal fees and included in income from other investments, net.

On June 22, 2007, the Company filed a lawsuit related to some of the unpaid claims against certain insurance carriers and its insurance broker. See Note 12 in the Notes to Consolidated Financial Statements contained in this Form 10-Q for further discussion of this lawsuit.

*(k) Deferred Financing Costs*

Deferred financing costs include fees and costs incurred to obtain long-term financing. The costs are being amortized over the terms of the respective loans on a level yield basis. Unamortized deferred financing fees are written-off when debt is retired before the maturity date. Upon amendment of the line of credit, unamortized deferred financing fees are accounted for in accordance with EITF No. 98-14, Debtor s Accounting for Changes in Line-of-Credit or Revolving-Debt Arrangements ( EITF 98-14 ). Accumulated amortization for such costs was \$11.0 million and \$10.3 million at March 31, 2008 and December 31, 2007, respectively.

*(l) Recent Accounting Pronouncements*

In March 2008, the FASB issued Statement of Financial Accounting Standards No. 161, Disclosure about Derivative Instruments and Hedging Activities ( SFAS No. 161 ), an amendment of SFAS No. 133. SFAS No. 161 is intended to enhance the disclosure framework in SFAS No. 133 by requiring objectives of using derivatives to be disclosed in terms of underlying risk and accounting designation. The statement requires a new tabular disclosure format as a way of providing a more complete picture of derivative positions and their effect during the reporting period. SFAS No. 161 is effective November 15, 2008 with early adoption recommended. The Company does not believe SFAS No. 161 will have an impact on the consolidated financial statements.

In December 2007, the FASB issued Statement of Financial Accounting Standards No. 160, Non-controlling Interests in Consolidated Financial Statements ( SFAS No. 160 ), an amendment of Accounting Research Bulletin No. 51. SFAS No. 160 seeks to improve uniformity and transparency in reporting of the net income attributable to non-controlling interests in the consolidated financial statements of the reporting entity. The statement requires, among other provisions, the disclosure, clear labeling and presentation of non-controlling interests in the Consolidated Balance Sheet and Consolidated Income Statement. SFAS No. 160 is effective January 1, 2009 with early adoption prohibited. The Company has not yet determined the impact, if any, that SFAS No. 160 will have on its consolidated financial statements.

In December 2007, the FASB issued Statement of Financial Accounting Standard No. 141R, Business Combinations, ( SFAS No. 141R ). SFAS No. 141R replaces FASB Statement No. 141 but retains the fundamental requirements set forth in SFAS No. 141 that the acquisition method of accounting (also known as the purchase method) be used for all business combinations and for an acquirer to be identified for each business combination. SFAS No. 141R replaces, with limited exceptions as specified in the statement, the cost allocation process in SFAS No. 141 with a fair value based allocation process. SFAS No. 141R applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. Early application is not permitted. The Company has not yet determined the impact, if any, that SFAS No. 141R will have on its consolidated financial statements.

**Note 1 Summary of Significant Accounting Policies (continued)**

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, The Fair Value Option for Financial Assets and Financial Liabilities ( SFAS No. 159 ). SFAS No. 159 permits companies to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by providing companies with the opportunity to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. Companies are not allowed to adopt SFAS No. 159 on a retrospective basis unless they choose early adoption. The adoption of SFAS No. 159 is optional and the Company has not yet determined the impact, if any, that SFAS No. 159 will have on its consolidated financial statements.

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, Fair Value Measurements ( SFAS No. 157 ), which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 does not require any new fair value measurements, but provides guidance on how to measure fair value by providing a fair value hierarchy used to classify the source of the information. This statement was effective for the Company beginning January 1, 2008. The Company does not expect that the adoption of SFAS No. 157 will have a material effect on its financial statements.

**Table of Contents****Note 2 Earnings Per Common Share**

Earnings per common share are based on the weighted average number of common shares outstanding during each year. Statement of Financial Accounting Standards No. 128, Earnings Per Share ( SFAS No. 128 ) defines the calculation of basic and fully diluted earnings per share. Basic and fully diluted earnings per share are based on the weighted average shares outstanding during each period and basic earnings per share exclude any dilutive effects of options, warrants and convertible securities. The conversion of OP Units has been excluded from the basic earnings per share calculation. The conversion of an OP Unit to a share of Common Stock has no material effect on earnings per common share.

The following table sets forth the computation of basic and diluted earnings per common share for the quarters ended March 31, 2008 and 2007 (amounts in thousands):

Land improvements consist primarily of improvements such as grading, landscaping and infrastructure items such as streets, sidewalks or water mains. Depreciable property consists of permanent buildings in the Properties such as clubhouses, laundry facilities, maintenance storage facilities, furniture, fixtures and equipment.

On January 23, 2008, we acquired a 151-site resort Property known as Lake George Schroon Valley Resort on approximately 20 acres in Warrensburg, New York. The purchase price was approximately \$2.1 million and was funded by proceeds from the tax-deferred exchange account established as a result of the November 2007 sale of Holiday Village-Iowa.

On January 14, 2008, we acquired a 179-site resort Property known as Grandy Creek located on 63 acres near Concrete, Washington. The purchase price was \$1.8 million and the Property was leased to Privileged Access.

All acquisitions have been accounted for utilizing the purchase method of accounting, and, accordingly, the results of operations of acquired assets are included in the statements of operations from the dates of acquisition. Certain purchase price adjustments may be recorded within one year following the acquisitions.

The Company actively seeks to acquire additional Properties and currently is engaged in negotiations relating to the possible acquisition of a number of Properties. At any time these negotiations are at varying stages, which may include contracts outstanding, to acquire certain Properties, which are subject to satisfactory completion of our due diligence review.

Edgar Filing: EQUITY LIFESTYLE PROPERTIES INC - Form 10-Q

As of March 31, 2008, the Company had two Properties designated as held for disposition pursuant to SFAS No. 144. The Company determined that these Properties no longer met its investment criteria. As such, the results from operations of these two Properties are classified as income from discontinued operations. The Company expects to sell these Properties for proceeds greater than their net book value. The Properties classified as held for disposition as of March 31, 2008 are listed in the table below.

**Note 5 Investment in Joint Ventures**

The Company recorded approximately \$0.9 million and \$1.3 million of net income from joint ventures, net of approximately \$0.6 million and \$0.4 million of depreciation expense for the quarters ended March 31, 2008 and 2007, respectively. The Company received approximately \$1.0 million and \$2.7 million in distributions from such joint ventures for the quarters ended March 31, 2008 and 2007, respectively. Approximately \$1.0 million and \$2.6 million of such distributions were classified as a return on capital and were included in operating activities on the Consolidated Statements of Cash Flows for the quarters ended March 31, 2008 and 2007, respectively. The remaining distributions were classified as return of capital and classified as investing activities on the Consolidated Statements of Cash Flows. Approximately \$0.8 million and \$2.0 million of the distributions received in the quarters ended March 31, 2008 and 2007, respectively, exceeded the Company's basis in its joint venture and as such were recorded in income from unconsolidated joint ventures. Of these distributions, \$0.6 million relates to the gain on the payoff of our share of seller financing in excess of our joint venture basis on one Lakeshore investment.

On February 15, 2008, the Company acquired an additional 25% interest in Voyager RV Resort for approximately \$5.5 million, increasing the Company's ownership interest to 50%.

(2) Includes 1,042 and 978 used units as of March 31, 2008 and December 31, 2007, respectively.

(3) Includes \$0.3 million in discontinued operations as of March 31, 2008 and December 31, 2007.

Included in the new and used inventory are approximately \$28.7 million and \$22.9 million of homes that are being rented or are available for rental, generally on an annual basis, as of March 31, 2008 and December 31, 2007, respectively.

Resale revenues are stated net of commissions paid to employees of \$0.2 million and \$0.3 million for quarters ended March 31, 2008 and 2007, respectively.

**Note 7 Notes Receivable**

As of March 31, 2008 and December 31, 2007, the Company had approximately \$11.0 million in notes receivable. As of March 31, 2008 and December 31, 2007, the Company had approximately \$10.7 and \$10.6 million, respectively, in Chattel Loans receivable, which yield interest at a per annum average rate of approximately 9.1%, have a weighted average term remaining of approximately nine years, require monthly principal and interest payments and are collateralized by homes at certain of the Properties. These notes are recorded net of allowances of approximately \$105,000 and \$160,000 as of March 31, 2008 and December 31, 2007, respectively. During the quarter ended March 31, 2008, approximately \$0.5 million was repaid and an additional \$1.0 million was loaned to homeowners.

As of March 31, 2008 and December 31, 2007, the Company had approximately \$0.4 million in notes which bear interest at a per annum rate of prime plus 0.5% and mature on December 31, 2011. The notes are collateralized with a combination of common OP Units and partnership interests in certain joint ventures.

**Note 8 Long-Term Borrowings**

As of March 31, 2008 and December 31, 2007, the Company had outstanding mortgage indebtedness on Properties held for long-term investment of approximately \$1,537 million and \$1,542 million, respectively, and approximately \$14 million of mortgage indebtedness, on Properties held for sale as of March 31, 2008 and December 31, 2007. The weighted average interest rate, including amortization expense, on long-term borrowings for the quarter ending March 31, 2008 and the year ending December 31, 2007, was approximately 6.1% per annum. The debt bears interest at rates of 4.3% to 10.0% per annum and matures on various dates ranging from 2008 to 2016. Included in our debt balance are three capital leases with an imputed interest rate of 13.1% per annum. The debt encumbered a total of 164 of the Company's Properties as of March 31, 2008 and December 31, 2007, and the carrying value of such Properties was approximately \$1,787 million and \$1,784 million, respectively, as of such dates.

As of March 31, 2008 and December 31, 2007, the \$370.0 million bank commitment had \$287.9 million and \$267.0 million, respectively, available for future borrowings. The weighted average interest rate for the quarter ending March 31, 2008 and the year ending December 31, 2007 was 5.49% and 6.84% per annum, respectively.

**Note 9 Stock-Based Compensation**

The Company accounts for its stock-based compensation in accordance with Statement of Financial Accounting Standards No. 123(R), Share Based Payment ( SFAS 123(R) ), which was adopted on July 1, 2005.

Stock-based compensation expense was approximately \$1.6 million and \$1.0 million for the quarters ended March 31, 2008 and 2007, respectively.

Pursuant to the Stock Option Plan as discussed in Note 13 to the 2007 Form 10-K, certain officers, directors, employees and consultants have been offered the opportunity to acquire shares of common stock of the Company through stock options ( Options ). During the quarter ended March 31, 2008, Options for 121,167 shares of common stock were exercised for gross proceeds of approximately \$2.0 million.

On January 4, 2008, the Company awarded restricted stock grants for 30,000 shares of common stock at a fair market value of approximately \$1.3 million to Mr. Joe McAdams. One-third of the restricted common stock vested immediately upon issuance, with one-third will vest on each of December 31, 2008 and December 31, 2009.

On January 31, 2008, the Company awarded restricted stock grants for 8,000 shares of common stock at a fair market value of approximately \$349,000, and awarded Options to purchase 115,000 shares of common stock with an exercise price of \$43.67 per share to certain members of the Board of Directors for services rendered in 2007. One-third of the Options to purchase common stock and the shares of restricted common stock covered by these awards vests on each of December 31, 2008, December 31, 2009, and December 31, 2010.

**Note 10 Long-Term Cash Incentive Plan**

On May 15, 2007, the Company's Board of Directors approved a Long-Term Cash Incentive Plan (the Plan ) to provide a long-term cash bonus opportunity to certain members of the Company's management and executive officers. The total cumulative payment for all participant's (the Eligible Payment) is based upon certain performance conditions being met. Such performance conditions include the Company's Compound Annual Funds From Operations Per Share Growth Rate over the three-year period ending December 31, 2009, which is further adjusted upward or downward based on the Company's Total Return compared to a selected peer group. The Company accounts for the Plan in accordance with SFAS 123(R). As of March 31, 2008, the Company had accrued compensation expense of approximately \$1.0 million related to the Plan, including approximately \$0.3 million in the quarter ended March 31, 2008.

**Note 11 Transactions with Related Parties**

**Privileged Access**

Mr. McAdams, the Company's President effective January 1, 2008, owns 100 percent of Privileged Access. The Company has entered into an employment agreement effective as of January 1, 2008 (the Agreement ) with Mr. McAdams which provides for an initial term of three years, but such Agreement can be terminated at any time. The Agreement provides for a minimum annual base salary of \$300,000, with the option to receive an annual bonus in an amount up to three times his base salary. Mr. McAdams is also subject to a non-compete clause and to mitigate potential conflicts of interest shall have no authority, on behalf of the Company and its affiliates, to enter into any agreement with any entity controlling, controlled by or affiliated with Privileged Access. Prior to forming Privileged Access, Mr. McAdams was a member of our Board of Directors from January 2004 to October 2005. Simultaneous with his appointment as president of Equity Lifestyle Properties, Inc., Mr. McAdams resigned as Privileged Access's Chairman, President and CEO. However, he will remain on the board of PATT Holding Company, LLC ( PATT ), Thousand Trails' parent entity and a subsidiary of Privileged Access and retains 100 percent ownership of Privileged Access.

Mr. Heneghan, the Company's CEO, is a member of the board of PATT, pursuant to the Company's rights under its resort Property leases with Privileged Access to represent the Company's interests. Mr. Heneghan does not receive compensation in his capacity as a member of such board.

**Table of Contents**

**Note 11 Transactions with Related Parties (continued)**

Privileged Access has substantial business relationships with the Company, including the following:

As of March 31, 2008, we are leasing approximately 24,300 sites at 82 resort Properties (which includes 60 Properties operated by a subsidiary of Privileged Access known as the TT Portfolio ) to Privileged Access or its subsidiaries. For the quarters ended March 31, 2008, and 2007, we recognized approximately \$6.4 million, and \$4.9 million, respectively, in rent from these leasing arrangements. The lease income is included in Income from other investments, net in the Company's Consolidated Statement of Operations. As of March 31, 2008 and December 31, 2007, no payments and approximately \$0.1 million, respectively, were outstanding. During the quarters ended March 31, 2008 and 2007, the Company made no reimbursements to Privileged Access for capital improvements.

Effective January 1, 2008, the leases for these Properties provide for the following significant terms: a) annual fixed rent of approximately \$25.5 million, b) annual rent increases at the higher of CPI or a renegotiated amount based upon the fair market value of the Properties, c) expiration date of January 15, 2020, and d) two 5-year extension terms at the option of Privileged Access. The January 1, 2008 lease for the TT Portfolio also included provisions where the Company paid Privileged Access \$1 million for entering into the amended lease. The \$1 million payment will be amortized on a pro-rata basis over the term of the lease as an offset to the annual lease payments. Additionally, the Company also agreed to reimburse Privileged Access up to \$5 million for the cost of any improvements made to the TT Portfolio. The Company shall reimburse Privileged Access only if the improvement has been pre-approved, is a depreciable fixed asset and supporting documentation is provided. The assets purchased with the capital improvement fund will be the assets of the Company and will be amortized in accordance with the Company's depreciation policies.

The Company has subordinated its lease payment for the TT Portfolio to a bank that has loaned Privileged Access \$5 million as of March 31, 2008. Privileged Access is obligated to pay back \$2.5 million of the loan in 2009 and the final \$2.5 million in 2010. The Company believes that the possibility that Privileged Access would not make its lease payment on the TT Portfolio as a result of the subordination is remote.

Since June 12, 2006, Privileged Access has leased 130 cottage sites at Tropical Palms, a resort Property located near Orlando, Florida. For the quarters ended March 31, 2008 and 2007, we earned approximately \$0.3 million and \$0.4 million, respectively, in rent from this leasing arrangement. The lease income is included in the Resort base rental income in the Company's Consolidated Statement of Operations. As of both March 31, 2008 and December 31, 2007, approximately \$0.4 million in lease payments were outstanding. The Tropical Palms lease currently provides for the following significant terms: a) annual fixed rent of approximately \$1.4 million, paid quarterly, b) percentage rent of 50% of the tenants gross revenues in excess of the fixed rent, and c) expiration date of June 30, 2008.

The Company leased 40 to 160 sites at three resort Properties in Florida, to a subsidiary of Privileged Access from October 1, 2007 until September 30, 2010. The sites will vary during each month of the lease term due to the seasonality of the resort business in Florida. For the quarter ended March 31, 2008, we recognized approximately \$0.1 million in rent from this leasing arrangement. The lease income is included in the Resort base rental income in the Company's Consolidated Statement of Operations. As of March 31, 2008 and December 31, 2007, no amounts are outstanding under this lease. The annual fixed rent is approximately \$0.2 million.

The Company leased 40 to 160 sites at Lake Magic, a resort Property in Clermont, Florida, to a subsidiary of Privileged Access from December 15, 2006 until September 30, 2007. The sites varied during each month of the lease term due to the seasonality of the resort business in Florida. For the quarter ended March 31, 2007, we recognized approximately \$0.1 million in rent from this leasing arrangement. The lease income is included in the Resort base rental income in the Company's Consolidated Statement of Operations. As of March 31, 2008, no

amounts are outstanding under this expired lease.

**Note 11 Transactions with Related Parties (continued)**

The Company has an option to purchase the subsidiaries of Privileged Access, including TT, beginning on April 14, 2009, at the then fair market value, subject to the satisfaction of a number of significant contingencies ( ELS Option ). The ELS Option terminates on January 15, 2020. The Company has consented to a fixed price option where the Chairman of PATT can acquire the subsidiaries of Privileged Access anytime before December 31, 2011. If the Company exercised the ELS Option prior to December 31, 2011, the fixed price option would terminate.

Privileged Access and the Company have agreed to certain arrangements in which we may utilize each other's services. During the quarter ended March 31, 2008, the Company expensed approximately \$48,000 for the use of a Privileged Access employee who is managing the Company's call center and \$24,000 and \$0 were accrued for Privileged Access as of March 31, 2008 or December 31, 2007, respectively for the call center services. For the remainder of 2008, the Company expects to incur approximately \$1.0 million in costs for Privileged Access to assist the Company with functions such as: call center management, information technology, legal, sales and marketing. The Company expects to receive approximately \$0.1 million from Privileged Access for Privileged Access use of certain Company information technology resources during the remainder of 2008. The Company and Privileged Access expect to add additional shared employee arrangements and will engage a third party to evaluate the fair market value of such employee services.

In addition to the arrangements described above, the Company has the following arrangements with Privileged Access. In each arrangement, the amount of income or expense, as applicable, recognized by the Company for the quarter ended March 31, 2008 is less than \$0.1 million and there were no amounts due under these arrangements as of March 31, 2008 or December 31, 2007. Each arrangement is expected to generate less than \$0.1 million of revenue, or expense as applicable, for the year ending December 31, 2008.

Since November 1, 2006, the Company has leased 41 to 44 sites at 22 resort Properties to Privileged Access (the Park Pass Lease ). The Park Pass Lease expires on October 31, 2008.

The Company and Privileged Access have entered into a Site Exchange Agreement for a one-year period beginning September 1, 2007 and ending August 31, 2008. Under the Site Exchange Agreement, the Company is allowing Privileged Access to use 20 sites at an Arizona resort Property known as Countryside. In return, Privileged Access is allowing the Company to use 20 sites at an Arizona resort Property known as Verde Valley Resort (a property in the TT Portfolio).

On September 15, 2006, the Company and Privileged Access entered into a Park Model Sales Agreement related to a Texas resort Property in the TT Portfolio known as Lake Conroe. Under the Park Model Sales Agreement, Privileged Access was allowed to sell up to 26 park models at Lake Conroe. Privileged Access is obligated to pay the Company 90% of the site rent collected from the park model buyer. All 26 homes have been sold as of December 31, 2007.

The Company advertises in Trailblazer, a magazine that is published by a subsidiary of Privileged Access. Trailblazer is an award-winning recreational lifestyle magazine for active campers, which is read by more than 65,000 paid subscribers.

On April 1, 2008, the Company entered into a six-month lease for a corporate apartment located in Chicago, Illinois for use by Mr. McAdams and other employees of the Company and Privileged Access. The Company pays monthly rent payments, plus utilities and housekeeping expenses. Mr. McAdams and Privileged Access reimburse the Company for their use of the apartment.

**Table of Contents**

**Note 11 Transactions with Related Parties (continued)**

The Company is not required, explicitly or implicitly, to protect Mr. McAdams from absorbing losses incurred by Privileged Access and observes that it could be required to consolidate Privileged Access in the event it were to provide subordinated financial support to Mr. McAdams or Privileged Access either directly or indirectly in the future.

**Corporate headquarters**

The Company leases office space from Two North Riverside Plaza Joint Venture Limited Partnership, an entity affiliated with Mr. Zell, the Company's Chairman of the Board. Fees paid to this entity amounted to approximately \$163,000 and \$196,000 for the quarters ended March 31, 2008 and 2007, respectively. The Company had no amounts due to this entity as of March 31, 2008 and December 31, 2007, respectively.

**Note 12 Commitments and Contingencies**

**California Rent Control Litigation**

As part of the Company's effort to realize the value of its Properties subject to rent control, the Company has initiated lawsuits against several municipalities in California. The Company's goal is to achieve a level of regulatory fairness in California's rent control jurisdictions, and in particular those jurisdictions that prohibit increasing rents to market upon turnover. Regulations in California allow tenants to sell their homes for a premium representing the value of the future discounted rent-controlled rents. In the Company's view, such regulation results in a transfer of the value of the Company's stockholders' land, which would otherwise be reflected in market rents, to tenants upon the sales of their homes in the form of an inflated purchase price that cannot be attributed to the value of the home being sold. As a result, in the Company's view, the Company loses the value of its asset and the selling tenant leaves the Property with a windfall premium. The Company has discovered through the litigation process that certain municipalities considered condemning the Company's Properties at values well below the value of the underlying land. In the Company's view, a failure to articulate market rents for sites governed by restrictive rent control would put the Company at risk for condemnation or eminent domain proceedings based on artificially reduced rents. Such a physical taking, should it occur, could represent substantial lost value to stockholders. The Company is cognizant of the need for affordable housing in the jurisdictions, but asserts that restrictive rent regulation does not promote this purpose because the benefits of such regulation are fully capitalized into the prices of the homes sold. The Company estimates that the annual rent subsidy to tenants in these jurisdictions may be in excess of \$15 million. In a more well balanced regulatory environment, the Company would receive market rents that would eliminate the subsidy and homes would trade at or near their intrinsic value.

In connection with such efforts, the Company announced it has entered into a settlement agreement with the City of Santa Cruz, California and that, pursuant to the settlement agreement, the City amended its rent control ordinance to exempt the Company's Property from rent control as long as the Company offers a long term lease which gives the Company the ability to increase rents to market upon turnover and bases annual rent increases on the CPI. The settlement agreement benefits the Company's stockholders by allowing them to receive the value of their investment in this Property through vacancy decontrol while preserving annual CPI based rent increases in this age-restricted Property.

The Company has filed two lawsuits in federal court against the City of San Rafael, challenging its rent control ordinance on constitutional grounds. The Company believes that one of those lawsuits was settled by the City agreeing to amend the ordinance to permit adjustments to market rent upon turnover. The City subsequently rejected the settlement agreement. The Court initially found the settlement agreement was binding on the City, but then reconsidered and determined to submit the claim of breach of the settlement agreement to a jury. In October 2002, the first case against the City went to trial, based on both breach of the settlement agreement and the constitutional claims. A jury found no breach of the settlement agreement; the Company then filed motions asking the Court to rule in its favor on that claim, notwithstanding the jury verdict. The Court postponed decision on those motions and on the constitutional claims, pending a ruling on certain property rights issues by the United States Supreme Court.

**Table of Contents****Note 12 Commitments and Contingencies (continued)**

The Company also had pending a claim seeking a declaration that the Company could close the Property and convert it to another use which claim was not tried in 2002. The United States Supreme Court issued the property rights rulings in 2005 and subsequently on January 27, 2006, the Court hearing the San Rafael cases issued a ruling that granted the Company's motion for leave to amend to assert alternative takings theories in light of the United States Supreme Court's decisions. The Court's ruling also denied the Company's post trial motions related to the settlement agreement and dismissed the park closure claim without prejudice to the Company's ability to reassert such claim in the future. As a result, the Company filed a new complaint challenging the City's ordinance as violating the takings clause and substantive due process. The City of San Rafael filed a motion to dismiss the amended complaint. On December 5, 2006, the Court denied portions of the City's motion to dismiss that had sought to eliminate certain of the Company's taking claims and substantive due process claims. The Company's claims against the City were tried in a bench trial during April 2007. On July 26, 2007, the United States District Court for the Northern District of California issued Preliminary Findings of Facts and Legal Standards, Preliminary Conclusions of Law and Request for Further Briefing ( Preliminary Findings ) in this matter. The Company filed the Preliminary Findings on Form 8-K on August 2, 2007. In August 2007, the Company and the City filed the further briefs requested by the Court. On January 29, 2008, the Court issued its Findings of Facts, Conclusions of Law and Order Thereon (the Order ). The Company filed the Order on Form 8-K on January 31, 2008. On March 14, 2008, the Company filed a petition for attorneys' fees incurred in the amount of approximately \$6,800,000 plus costs of approximately \$1,274,000. The City also filed a petition for attorneys' fees incurred in the amount of approximately \$763,000 plus costs of approximately \$58,000 in connection with the jury verdict that found no breach of the settlement agreement (as described above). While the City alleges it is the prevailing party on the settlement agreement issue, the Company asserts that the outcome of the entirety of the case finding the ordinance unconstitutional means that the Company is the prevailing party in the case. The parties have submitted briefs with respect to the petitions for attorneys' fees and costs, which remain pending before the court and there can be no assurances as to the outcome of these petitions.

The Company's efforts to achieve a balanced regulatory environment incentivize tenant groups to file lawsuits against the Company seeking large damage awards. The homeowners association at Contempo Marin ( CMHOA ), a 396 site Property in San Rafael, California, sued the Company in December 2000 over a prior settlement agreement on a capital expenditure pass-through after the Company sued the City of San Rafael in October 2000 alleging its rent control ordinance is unconstitutional. In the Contempo Marin case, the CMHOA prevailed on a motion for summary judgment on an issue that permits the Company to collect only \$3.72 out of a monthly pass-through amount of \$7.50 that the Company believed had been agreed to by the CMHOA in a settlement agreement. The CMHOA continued to seek damages from the Company in this matter. The Company reached a settlement with the CMHOA in this matter which allows the Company to recover \$3.72 of the requested monthly pass-through and does not provide for the payment of any damages to the CMHOA. Both the CMHOA and the Company brought motions to recover their respective attorneys' fees in the matter, which motions were heard by the Court in January 2007. On January 12, 2007, the Court granted CMHOA's motion for attorneys' fees in the amount of \$347,000 and denied the Company's motion for attorneys' fees. These fees have been fully accrued by the Company as of December 31, 2006. The Company has appealed both decisions. The Company believes that such lawsuits will be a consequence of the Company's efforts to change rent control since tenant groups actively desire to preserve the premium value of their homes in addition to the discounted rents provided by rent control. The Company has determined that its efforts to rebalance the regulatory environment despite the risk of litigation from tenant groups are necessary not only because of the \$15 million annual subsidy to tenants, but also because of the condemnation risk.

In June 2003, the Company won a judgment against the City of Santee in California Superior Court (case no. 777094). The effect of the judgment was to invalidate, on state law grounds, two (2) rent control ordinances the City of Santee had enforced against the Company and other property owners. However, the Court allowed the City to continue to enforce a rent control ordinance that predated the two invalid ordinances (the prior ordinance ). As a result of the judgment the Company was entitled to collect a one-time rent increase based upon the difference in annual adjustments between the invalid ordinance(s) and the prior ordinance and to adjust its base rents to reflect what the Company could have charged had the prior ordinance been continually in effect. The City of Santee appealed the

judgment. The Court of Appeal and California Supreme Court refused to stay enforcement of these rent adjustments pending appeal. After the City was unable to obtain a stay, the City and the tenant association each sued the Company

**Table of Contents****Note 12 Commitments and Contingencies (continued)**

in separate actions alleging the rent adjustments pursuant to the judgment violate the prior ordinance (Case Nos. GIE 020887 and GIE 020524). They seek to rescind the rent adjustments, refunds of amounts paid, and penalties and damages in these separate actions. On January 25, 2005, the California Court of Appeal reversed the judgment in part and affirmed it in part with a remand. The Court of Appeal affirmed that one ordinance was unlawfully adopted and therefore void and that the second ordinance contained unconstitutional provisions. However, the Court ruled the City had the authority to cure the issues with the first ordinance retroactively and that the City could sever the unconstitutional provisions in the second ordinance. On remand, the trial court was directed to decide the issue of damages to the Company from these ordinances, which the Company believes is consistent not only with the Company receiving the economic benefit of invalidating one of the ordinances, but also consistent with the Company's position that it is entitled to market rent and not merely a higher amount of regulated rent. The remand action was tried to the court in the third quarter of 2007. On January 25, 2008, the trial court issued a preliminary ruling determining that the Company had not incurred any damages from these ordinances and actions primarily on the grounds that the ordinances afforded the Company a fair rate of return. The Company sought clarification of this ruling. On April 9, 2008, the court issued a final statement of decision that included a clarification stating that the constitutional issues were not resolved on the merits and that the court had not determined that the ordinances afforded the Company a fair rate of return outside the remand period. The Company plans to appeal.

In addition, the Company has sued the City of Santee in federal court alleging all three of the ordinances are unconstitutional under the Fifth and Fourteenth Amendments to the United States Constitution. Thus, it is the Company's position that the ordinances are subject to invalidation as a matter of law in the federal court action. Separately, the Federal District Court granted the City's Motion for Summary Judgment in the Company's federal court lawsuit. This decision was based not on the merits, but on procedural grounds, including that the Company's claims were moot given its success in the state court case. The Company appealed the decision, and on May 3, 2007 the United States Court of Appeals for the Ninth Circuit affirmed the District Court's decision on procedural grounds. The Company intends to continue to pursue an adjudication of its rights on the merits in Federal Court through claims that are not subject to such procedural defenses.

In October 2004, the United States Supreme Court granted certiorari in State of Hawaii vs. Chevron USA, Inc., a Ninth Circuit Court of Appeals case that upheld the standard that a regulation must substantially advance a legitimate state purpose in order to be constitutionally viable under the Fifth Amendment. On May 24, 2005 the United States Supreme Court reversed the Ninth Circuit Court of Appeals in an opinion that clarified the standard of review for regulatory takings brought under the Fifth Amendment. The Supreme Court held that the heightened scrutiny applied by the Ninth Circuit is not the applicable standard in a regulatory takings analysis, but is an appropriate factor for determining if a due process violation has occurred. The Court further clarified that regulatory takings would be determined in significant part by an analysis of the economic impact of the regulation. The Company believes that the severity of the economic impact on its Properties caused by rent control will enable it to continue to challenge the rent regulations under the Fifth Amendment and the due process clause.

As a result of the Company's efforts to achieve a level of regulatory fairness in California, a commercial lending company, 21<sup>st</sup> Mortgage Corporation, a Delaware corporation, sued MHC Financing Limited Partnership. Such lawsuit asserts that certain rent increases implemented by the partnership pursuant to the rights afforded to the property owners under the City of San Jose's rent control ordinance were invalid or unlawful. 21<sup>st</sup> Mortgage has asserted that it should benefit from the vacancy control provisions of the City's ordinance as if 21<sup>st</sup> Mortgage were a homeowner and contrary to the ordinance's provision that rents may be increased without restriction upon termination of the homeowners' tenancy. In each of the disputed cases, the Company believes it had terminated the tenancy of the homeowner (21<sup>st</sup> Mortgage's borrower) through the legal process. The Court, in granting 21<sup>st</sup> Mortgage's motion for summary judgment, has indicated that 21<sup>st</sup> Mortgage may be a homeowner within the meaning of the ordinance. The Company does not believe that 21<sup>st</sup> Mortgage can show that it has ever applied for tenancy, entered into a rental agreement or been accepted as a homeowner in the communities. A bench trial in this matter concluded in January 2008 with the trial court determining that the Company had validly exercised its rights under the rent control ordinance, that the Company had not violated the ordinance and that 21<sup>st</sup> Mortgage was not entitled to the benefit of

rent control protection in the circumstances presented. In April 2008, the Company filed a petition for attorneys' fees incurred in

**Table of Contents****Note 12 Commitments and Contingencies (continued)**

the amount of approximately \$812,000 plus costs of approximately \$79,000, which remains pending before the Court and there can be no assurances as to the outcome of this petition.

**Countryside at Vero Beach**

On January 12, 2006, the Company was served with a complaint filed in Indian River County Circuit Court on behalf of a purported class of homeowners at Countryside at Vero Beach. The complaint includes counts for alleged violations of the Florida Mobile Home Act and the Florida Deceptive and Unfair Trade Practices Act, and claims that the Company required homeowners to pay water and sewer impact fees, either to the Company or to the County, as a condition of initial or continued occupancy in the Park, without properly disclosing the fees in advance and notwithstanding the Company's position that all such fees were fully paid in connection with the settlement agreement described above. On February 8, 2006, the Company served its motion to dismiss the complaint. In May 2007, the Court granted the Company's motion to dismiss, but also allowed the plaintiff to amend the complaint. The plaintiff filed an amended complaint, which the Company has also moved to dismiss. Before any ruling on the Company's motion to dismiss the amended complaint, the plaintiff asked for and received leave to file a second amended complaint, which the plaintiff filed on April 11, 2008. The Company will vigorously defend the lawsuit.

**Colony Park**

On December 1, 2006, a group of tenants at the Company's Colony Park Property in Ceres, California filed a complaint in the California Superior Court for Stanislaus County alleging that the Company has failed to properly maintain the Property and has improperly reduced the services provided to the tenants, among other allegations. On March 2, 2007, the Company filed a demurrer to the complaint, along with a motion to strike portions of the complaint (motion to strike) and a motion to compel arbitration and stay action (motion to compel). After a hearing on March 28, 2007, the Court issued a ruling on April 5, 2007, which overruled the demurrer, took the motion to compel under submission, and granted the motion to strike in part and denied it in part. The Court subsequently issued a ruling on April 6, 2007, denying the motion to compel. The Company has filed an interlocutory appeal, which is pending, of the denial of the motion to compel. On April 11, 2007, the plaintiff tenant group filed their first amended complaint in the case. On September 19, 2007, the Company filed an answer denying all material allegations of the first amended complaint and filed a counterclaim for declaratory relief and damages. Discovery has commenced. The Court has set a trial date for October 21, 2008. The Company believes that the allegations in the first amended complaint are without merit, and intends to vigorously defend the lawsuit.

California's Department of Housing and Community Development (HCD) issued a Notice of Violation dated August 21, 2006 regarding the sewer system at Colony Park. The notice ordered the Company to replace the Property's sewer system or show justification from a third party explaining why the sewer system does not need to be replaced. The Company has provided such third party report to HCD and believes that the sewer system does not need to be replaced. Based upon information provided by the Company to HCD to date, HCD has indicated that it agrees that the entire system does not need to be replaced.

**Hurricane Claim Litigation**

On June 22, 2007 the Company filed suit, in the Circuit Court of Cook County, Illinois (Case No. 07CH16548), against its insurance carriers, Hartford Fire Insurance Company, Essex Insurance Company, Lexington Insurance Company, and Westchester Surplus Lines Insurance Company, regarding a coverage dispute arising from losses suffered by the Company as a result of hurricanes that occurred in Florida in 2004 and 2005. The Company also brought claims against Aon Risk Services, Inc. of Illinois, the Company's insurance broker, regarding the procurement of appropriate insurance coverage for the Company. The Company is seeking declaratory relief establishing the coverage obligations of its carriers, as well as a judgment for breach of contract, breach of the covenant of good faith and fair dealing, unfair settlement practices and, as to Aon, for failure to provide ordinary care in the selling and procuring of insurance. The claims involved in this action exceed \$11 million.

**Table of Contents**

**Note 12 Commitments and Contingencies (continued)**

In response to motions to dismiss, the trial court dismissed: (1) the requests for declaratory relief as being duplicative of the claims for breach of contract and (2) certain of the breach of contract claims as being not ripe until the limits of underlying insurance policies have been exhausted. On or about January 28, 2008, the Company filed its Second Amended Complaint. Aon has filed a motion to dismiss the Second Amended Complaint in its entirety as against Aon, and the insurers have moved to dismiss portions of the Second Amended Complaint as against them. A briefing schedule on those motions has been set. Written discovery proceedings have commenced.

Since filing the lawsuit, the Company has received additional payments from Essex Insurance Company and Lexington Insurance Company of approximately \$2.2 million. In addition, in January 2008 the Company entered a settlement with Hartford Fire Insurance Company pursuant to which Hartford paid the Company the remaining disputed limits of Hartford's insurance policy, in the amount of approximately \$516,000.00, and the Company dismissed and released Hartford from additional claims for interest and bad faith claims handling.

**Brennan Beach**

The Company has learned that the Law Enforcement Division of the New York Department of Environmental Compliance ( DEC ) has investigated certain allegations relating to the operation of the onsite wastewater treatment plant and the use of adjacent wetlands at Brennan Beach, which is located in Pulaski, New York. The Company attended meetings with the DEC in November 2007 and April 2008 at which certain alleged violations were discussed, and the Company has cooperated with the DEC investigation. No formal notices have been issued to the Company asserting specific violations, but the DEC has indicated that it believes the Company is responsible for certain alleged violations and has proposed that the Company agree to a resolution involving formal acknowledgment of responsibility and the payment of penalties, which the Company is considering. While the outcome is still uncertain, the amount of any penalties is not expected to be material.

**Appalachian RV**

The Company has learned that the U.S. Environmental Protection Agency ( EPA ) has undertaken an investigation of potential lead contamination at Appalachian RV, which is located in Shartlesville, Pennsylvania, reportedly stemming from observations of remnants of old auto battery parts at the Property. In late November and early December 2007, the EPA conducted an assessment by taking samples of surface soil, sediment, surface water, and well water at the Property. The Company is cooperating with the EPA.

In March 2008, the EPA issued a report regarding the findings of the sampling ( EPA Report ). The EPA Report found no elevated concentrations of lead in either the sediment samples, surface water samples, or well water samples. However, out of the more than 800 soil samples the EPA took, which were collected from locations throughout the Property, the EPA Report identified elevated levels of lead in 61 samples.

Following issuance of the EPA Report, the EPA sent the Company a Notice of Potential Liability for a cleanup of the elevated lead levels at the Property, and a proposed administrative consent order seeking the Company's agreement to conduct such a cleanup. On April 9, 2008, the Company submitted a response suggesting that the Company conduct additional soil testing, which the EPA has approved, to determine what type of cleanup might be appropriate.

The EPA also advised the Company that, because elevated arsenic levels were detected at six locations at the Property during the EPA's testing for lead, at the suggestion of the Agency for Toxic Substances and Disease Registry (ATSDR), the EPA is further analyzing for potentially elevated arsenic levels the samples it previously collected.

As a result of these circumstances, the Company decided not to open the Property until these issues can be resolved. In addition, although the potential costs and most appropriate method of addressing the environmental issues at the Property are uncertain, based upon information to date, a liability of approximately \$0.3 million for future estimated costs was accrued in the first quarter of 2008.

**Florida Utility Operations**

The Company received notice from the Florida Department of Environmental Protection ( DEP ) that as a result of a compliance inspection it is alleging violations of Florida law relating to the operation of onsite water plants and wastewater treatment plants at seven properties in Florida. The alleged violations relate to record keeping and reporting requirements, physical and operating deficiencies and permit compliance. The Company has investigated each of the alleged violations, including a review of a third party operator hired to oversee such operations. The Company met with the DEP in November 2007 to respond to the alleged violations and as a follow-up to such meeting provided a written response to the DEP in December 2007. In light of the Company s written response, in late January 2008 the DEP conducted a follow-up compliance inspection at each of the seven properties. In early March 2008, the DEP provided the Company comments in connection with the follow-up inspection, which made various recommendations and raised certain additional alleged violations similar in character to those alleged after the initial inspection. The Company has investigated and responded to the additional alleged violations. While the outcome of this investigation remains uncertain, the Company expects to resolve the issues raised by the DEP by entering into a consent decree in which the Company will agree to make certain improvements in its facilities and operations to resolve the issues and pay certain costs and penalties associated with the violations. While the outcome is still uncertain, the amount of the costs and penalties to be paid to the DEP is not expected to be material. The Company has also replaced its third party operator hired to oversee onsite water and wastewater operations at each of the seven properties. The Company is evaluating the costs of any improvements to its facilities, which would be capital expenditures depreciated over the estimated useful life of the improvement. During the course of this investigation, one permit for operation of a WWTP expired. The Company applied for renewal of the permit and expects the DEP to grant the application.

**Other**

The Company is involved in various other legal proceedings arising in the ordinary course of business. Such proceedings include, but are not limited to, notices, consent decrees, additional permit requirements and other similar enforcement actions by governmental agencies relating to the Company s water and wastewater treatment plants and other waste treatment facilities. Additionally, in the ordinary course of business, the Company s operations are subject to audit by various taxing authorities. Management believes that all proceedings herein described or referred to, taken together, are not expected to have a material adverse impact on the Company. In addition, to the extent any such proceedings or audits relate to newly acquired Properties, the Company considers any potential indemnification obligations of sellers in favor of the Company.

***Overview***

The Company is a self-administered, self-managed, real estate investment trust ( REIT ) with headquarters in Chicago, Illinois. The Company is a fully integrated owner and operator of lifestyle-oriented properties ( Properties ). The Company leases individual developed areas ( sites ) with access to utilities for placement of factory built homes, cottages, cabins or recreational vehicles ( RVs ). The Company was formed to continue the property operations, business objectives and acquisition strategies of an entity that had owned and operated Properties since 1969. As of March 31, 2008, we owned or had an ownership interest in a portfolio of 313 Properties located throughout the United States and Canada containing 112,865 residential sites. These Properties are located in 28 states and British Columbia (with the number of Properties in each state or province shown parenthetically) Florida (87), California (48), Arizona (35), Texas (15), Pennsylvania (13), Washington (14), Colorado (10), Oregon (9), North Carolina (8), Virginia (8), Delaware (7), Maine (6), Nevada (6), Wisconsin (6), New York (6), Indiana (5), Illinois (4), Massachusetts (4), New Jersey (4), Michigan (3), South Carolina (3), New Hampshire (2), Ohio (2), Tennessee (2), Utah (2), Alabama (1), Kentucky (1), Montana (1), and British Columbia (1).

This report includes certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. When used, words such as anticipate, expect, believe, project, intend, may be and will similar words or phrases, or the negative thereof, unless the context requires otherwise, are intended to identify forward-looking statements. These forward-looking statements are subject to numerous assumptions, risks and uncertainties, including, but not limited to:

in the age-qualified properties, home sales results could be impacted by the ability of potential homebuyers to sell their existing residences as well as by financial markets volatility;

in the all-age properties, results from home sales and occupancy will continue to be impacted by local economic conditions, lack of affordable manufactured home financing, and competition from alternative housing options including site-built single-family housing;

our ability to maintain rental rates and occupancy with respect to properties currently owned or pending acquisitions;

our assumptions about rental and home sales markets;

the completion of pending acquisitions and timing with respect thereto;

ability to obtain financing or refinance existing debt;

the effect of interest rates;

whether we will consolidate Privileged Access and the effects on our financials if we do so; and

other risks indicated from time to time in our filings with the Securities and Exchange Commission.

These forward-looking statements are based on management's present expectations and beliefs about future events. As with any projection or forecast, these statements are inherently susceptible to uncertainty and changes in circumstances. The Company is under no obligation to, and expressly disclaims any obligation to, update or alter its forward-looking statements whether as a result of such changes, new information, subsequent events or otherwise.

Since December 31, 2006, the gross investment in real estate has increased from \$2,337 million to \$2,404 million as of March 31, 2008.

Occupancy in our Properties as well as our ability to increase rental rates directly affects revenues. Our revenue streams are predominantly derived from customers renting our sites on a long-term basis. Revenues are subject to seasonal fluctuations and as such quarterly interim results may not be indicative of full fiscal year results.

We have approximately 64,900 annual sites, approximately 8,800 seasonal sites which are leased to customers generally for three to six months, and approximately 8,800 transient sites occupied by customers who lease sites on a short-term basis. We expect to service over 100,000 customers with these transient sites. However, we consider this revenue stream to be our most volatile. It is subject to weather conditions, gas prices, and other factors affecting the marginal RV customer s vacation and travel preferences. Finally, we have approximately 24,300 membership sites for which we currently receive ground rent of approximately \$25.5 million annually. This rent is classified in Income from other investments, net in the Consolidated Statements of Operations. We also have interests in Properties containing approximately 6,000 sites for which revenue is classified as Equity in income from unconsolidated joint ventures in the Consolidated Statements of Operations.

Our home sales volumes and gross profits have been declining since 2005. We believe that the disruption in the site-built housing market may be contributing to the decline in our home sales operations, as potential customers are not able to sell their existing site-built homes as well as increased price sensitivity for seasonal and second homebuyers. A number of factors have contributed to this disruption. In the last few years, many site-built home sales were for speculative or investment purposes. Innovative financing techniques, such as loan securitizations, provided increased credit access and resulted in overbuilding and excess site-built home supply. Bad lending practices, like no money down, diminished underwriting, longer amortization periods and aggressive appraisals have contributed to loan defaults, repossessions and capital meltdowns. The disruption has not impacted our manufactured home occupancy, however, the anticipated continuation of the decline in our sales volumes may negatively impact occupancy in the future.

In order to maintain and improve existing occupancy, the Company is focusing on new customer acquisition projects. During 2007, we formed an occupancy task force to review our portfolio for opportunities to increase occupancy. The task force is focused on gaining incremental occupancy in our manufactured home portfolio. We have identified a number of options for addressing occupancy, including renewed efforts on whole ownership sales, home rental, fractional sales, and locating financing sources for our customers. We believe that in connection with other customer identification strategies that we have embarked upon, these options will introduce quality customers to our Properties and the lifestyles that we provide. We have determined that it is appropriate to pursue new home rentals in a limited number of age-restricted communities, in order to maintain or incrementally increase occupancy and to continue new home rental activities in California, given the substantial market rent availability.

***Privileged Access***

Privileged Access has been the owner of Thousand Trails ( TT ) since April 14, 2006. TT 's primary business consists of entering into agreements with individuals to use its properties (the Agreements ) and has been engaged in such business for almost 40 years. The properties are primarily campgrounds with designated sites for the placement of recreational vehicles to service its membership base of over 100,000 families. The campgrounds are owned by the Company and leased to Privileged Access. Privileged Access is headquartered in Frisco, Texas, and has more than 2,000 employees and is 100 percent owned by Mr. McAdams, the Company 's President, effective January 1, 2008.

As of March 31, 2008, we are leasing approximately 24,300 sites at 82 resort Properties to Privileged Access or its subsidiaries so that Privileged Access may meet its obligations under the Agreements. For the quarters ended March 31, 2008 and 2007 we recognized approximately \$6.4 million and \$4.9 million, respectively, in rent from these leasing arrangements. The lease income is included in Income from other investments, net in the Company 's Consolidated Statement of Operations.

Effective January 1, 2008, the leases for these Properties were amended and restated and provide for the following significant terms: a) annual fixed rent of approximately \$25.5 million, b) annual rent increases at the higher of CPI or a renegotiated amount based upon the fair market value of the Properties, c) expiration date of January 15, 2020, and d) two 5-year extension terms at the option of Privileged Access. The January 1, 2008 lease for 59 of the Properties known as the TT Portfolio also included provisions where the Company paid Privileged Access \$1 million for entering into the amended lease. The \$1 million payment will be amortized on a pro-rata basis over the remaining term of the lease as an offset to the annual lease payments. Additionally, the Company also agreed to reimburse Privileged Access up to \$5 million for the cost of any improvements made to the TT Portfolio if (i) the improvement has been pre-approved, (ii) is a depreciable fixed asset and (iii) supporting documentation is provided. The assets purchased with the capital improvement fund will be the assets of the Company and will be amortized in accordance with the Company 's depreciation policies.

The Company has subordinated its lease payment for the TT Portfolio to a bank that has loaned Privileged Access \$5 million as of March 31, 2008. Privileged Access is obligated to pay back \$2.5 million of the loan in 2009 and the final \$2.5 million in 2010. The Company believes that the possibility that Privileged Access would not make its lease payment on the TT Portfolio as a result of the subordination is remote.

Since June 12, 2006, Privileged Access has leased 130 cottage sites at Tropical Palms, a resort Property located near Orlando, Florida from the Company. For the quarters ended March 31, 2008 and 2007 we earned approximately \$0.3 million and \$0.4 million, respectively, in rent from this leasing arrangement. The lease income is included in the

Resort base rental income in the Company's Consolidated Statement of Operations. The Tropical Palms lease currently provides for the following significant terms: a) annual fixed rent of approximately \$1.4 million,

**Table of Contents**

paid quarterly, b) percentage rent of 50% of the tenants gross revenues in excess of the fixed rent, and c) expiration date of June 30, 2008.

Refer to Note 11 Transactions with Related Parties included in the Notes to Consolidated Financial Statements in this Form 10-Q for a description of all agreements between the Company and Privileged Access.

***Supplemental Property Disclosure***

We provide the following disclosures with respect to certain assets:

*Monte Vista* Monte Vista is a lifestyle-oriented resort Property located in Mesa, Arizona containing approximately 56 acres of vacant land. We have obtained approval to develop 275 manufactured home and 240 resort sites on this land. In connection with evaluating the development of Monte Vista, we evaluated selling the land and subsequently decided to list 26 acres of the land for sale. With respect to the land not listed for sale, we intend to develop additional resort sites and may consider other alternative uses for the land or sale of the acreage.

*Bulow Plantation* Bulow Plantation is a 628-site mixed lifestyle-oriented resort and manufactured home Property located in Flagler Beach, Florida, which contains approximately 180 acres of adjacent vacant land. We have obtained approval from Flagler County for an additional manufactured home community development of approximately 700 sites on this land. In connection with evaluating the possible development and based on inquiries from single-family home developers, we evaluated a sale of the land. Subsequently, we listed the land for sale for a purchase price of \$28 million. We anticipate that we will proceed with the development if we determine that any offers or the terms thereof are unacceptable. ELS obtained an amendment to the Board of Flagler County Commissioners resolution approving the planned unit development classification of the Property to clarify that resort cottages may be installed and set forth standards for the installation of resort cottages. This amendment may impact the plans for the future development.

*Holiday Village, Florida* Holiday Village is a 128-site manufactured home Property located in Vero Beach, Florida, on approximately 20 acres of land. As a result of the 2004 hurricanes, this Property is less than 50% occupied. The residents have been notified that the Property was listed for sale for a purchase price of \$6 million.

***Critical Accounting Policies and Estimates***

Refer to the 2007 Form 10-K for a discussion of our critical accounting policies, which includes impairment of real estate assets and investments, investments in unconsolidated joint ventures, and accounting for stock compensation. During the quarter ended March 31, 2008, there were no changes to these policies.

**Table of Contents****Results of Operations**

The results of operations for the two Properties designated as held for disposition as of March 31, 2008 and three Properties sold in 2007, pursuant to SFAS No. 144 have been classified as income from discontinued operations. See Note 4 of the Notes to Consolidated Financial Statements contained in this Form 10-Q for summarized information for these Properties.

**Comparison of the Quarter Ended March 31, 2008 to the Quarter Ended March 31, 2007**

The following table summarizes certain financial and statistical data for the Property Operations for all Properties owned throughout both periods ( Core Portfolio ) and the Total Portfolio for the quarters ended March 31, 2008 and 2007 (amounts in thousands).

	Core Portfolio				Total Portfolio

**Property Operating Revenues**

The 4.3% increase in the Core Portfolio property operating revenues reflects: (i) a 3.8% increase in rates in our community base rental income, (ii) a 4.8% increase in revenues for our resort base income comprised of an increase in annual and seasonal resort revenue partially offset by a decrease in transient income, and (iii) an increase in utility income due to increased pass-throughs at certain Properties. Total Portfolio property operating revenues increased due to rate increases and our 2007 acquisitions.

**Property Operating Expenses**

Edgar Filing: EQUITY LIFESTYLE PROPERTIES INC - Form 10-Q

The 5.0% increase in property operating expenses in the Core Portfolio reflects a 5.8% increase in property operating and maintenance expenses and an 8.0% increase in property management expenses. Core property operating and maintenance expense increase is primarily due to repairs and maintenance and utilities and also includes an accrual of approximately \$0.3 million in estimated remediation costs at Appalachian RV. (See Note 12 in the Notes to Consolidated Financial Statements contained in this Form 10-Q.) Core Portfolio and Total Portfolio property management expense primarily increased due to increased payroll costs. Our Total Portfolio property operating expenses increased due to higher property operating expenses in the Core Portfolio and our 2007 and 2008 acquisitions.

**Table of Contents****Home Sales Operations**

The following table summarizes certain financial and statistical data for the Home Sales Operations for the quarters ended March 31, 2008 and 2007 (dollars in thousands).

(2) Includes third party home sales of zero and 11 for the quarters ending March 31, 2008 and 2007, respectively.

Income from home sales operations decreased as a result of reduced new home sales gross profits and lower used and brokered resale volumes. Cost of new homes sales includes an increase in new home inventory reserve of approximately \$0.3 million. Cost of used homes sales included used home removal costs of approximately \$0.2 million during the quarter ended March 31, 2008 an increase of approximately 41.4% compared to the quarter

ended March 31, 2007. Home selling expenses decreased by 32.8% due to lower sales volumes and lower advertising expenses.

***Other Income and Expenses***

The following table summarizes other income and expenses for the quarters ended March 31, 2008 and 2007 (amounts in thousands).

	<b>2008</b>	<b>2007</b>	<b>Variance</b>	<b>% Change</b>

Total other expenses, net	\$ (40,805)	\$ (40,131)	\$ (674)	(1.7%)

**Table of Contents**

Interest income decreased primarily due to the \$0.3 million in interest received on our Privileged Access note in the quarter ended March 31, 2007, which was fully repaid in 2007. Income from other investments, net increased primarily due to higher Privileged Access lease income of \$6.4 million and \$0.4 million of hurricane insurance proceeds, net of contingent legal fees. General and administrative expense increased due to higher compensation costs. Rent control initiatives increased due to activity regarding the City of San Rafael briefing, the City of Santee decision and 21<sup>st</sup> Mortgage trial (see Note 12 in the Notes to Consolidated Financial Statements contained in this Form 10-Q). Depreciation expense increased primarily due to the 2007 and 2008 acquisitions.

**Equity in Income of Unconsolidated Joint Ventures**

During the quarter ended March 31, 2008, equity in income of unconsolidated joint ventures decreased primarily due to the \$0.6 million gain on the payoff of our share of seller financing in excess of our basis on one Lakeshore investment, offset by a \$2.1 million gain from distributions received from debt re-financings by one Diversified joint venture in 2007.

**Liquidity and Capital Resources****Liquidity**

As of March 31, 2008, the Company had \$2.6 million in cash and cash equivalents and \$287.9 million available on its lines of credit. The Company expects to meet its short-term liquidity requirements, including its distributions, generally through its working capital, net cash provided by operating activities, proceeds from sale of Properties and availability under the existing lines of credit. The Company expects to meet certain long-term liquidity requirements such as scheduled debt maturities, Property acquisitions, and capital improvements by using long-term collateralized and uncollateralized borrowings, including borrowings under its existing lines of credit, and the issuance of debt securities or additional equity securities in the Company, in addition to working capital. The table below summarizes cash flow activity for the quarters ended March 31, 2008 and 2007 (amounts in thousands).

	<b>For the quarters ended March 31,</b>	
	<b>2008</b>	<b>2007</b>
Cash provided by operating activities	\$ 40,040	\$ 42,012
Cash (used in) provided by investing activities	(11,237)	1,455
Cash used in financing activities	(32,021)	(45,072)
Net decrease in cash	\$ (3,218)	\$ (1,605)

**Operating Activities**

Net cash provided by operating activities decreased by \$2.0 million for the quarter ended March 31, 2008. The decrease reflects increased general and administrative expense and decreased income from home sales, offset by increased property operating income and income from other investments, net.

**Investing Activities**

Net cash used in investing activities reflects the impact of the following investing activities:

**Acquisitions***2008 Acquisitions*

On January 14, 2008, we acquired a 179-site Property known as Grandy Creek located on 63 acres near Concrete, Washington. The purchase price was \$1.8 million and the Property was leased to Privileged Access on that same day.

**Table of Contents**

On January 23, 2008, we acquired a 151-site resort Property known as Lake George Schroon Valley Resort on approximately 20 acres in Warrensburg, New York. The purchase price was approximately \$2.1 million and was funded by proceeds from the tax-deferred exchange account established as a result of the November 2007 sale of Holiday Village-Iowa.

***2007 Acquisitions***

On January 29, 2007, the Company acquired the remaining 75% interest in a joint venture Property known as Mesa Verde, which is a 345-site resort Property on approximately 28 acres in Yuma, Arizona. The gross purchase price was approximately \$5.9 million. We assumed a first mortgage loan of approximately \$3.5 million with an interest rate of 4.94% per annum, maturing in May 2008. The remainder of the acquisition price, net of a credit for our existing 25% interest, was funded with a withdrawal from the tax-deferred exchange account established as a result of the disposition of Lazy Lakes discussed below.

Certain purchase price adjustments may be made within one year following the acquisitions.

***Dispositions***

On January 10, 2007, we sold Lazy Lakes, a 100-site resort Property in the Florida Keys, for proceeds of approximately \$7.7 million. The Company recognized a gain of approximately \$4.6 million. In order to defer the taxable gain on the sale of Lazy Lakes, the sales proceeds, net of an eligible distribution of \$2.4 million, were deposited in a tax-deferred exchange account. The funds in the exchange account were used in the Mesa Verde acquisition discussed above and the Winter Garden acquisition on June 27, 2007.

We currently have two family Properties held for disposition, which are in various stages of negotiations. We plan to reinvest the proceeds or reduce outstanding lines of credit with the proceeds from these dispositions.

We continue to look at acquiring additional assets and are at various stages of negotiations with respect to potential acquisitions. Funding is expected to come from either proceeds from potential dispositions, lines of credit draws, or other financing.

***Investments in and distributions from unconsolidated joint ventures***

During the quarter ended March 31, 2008, the Company invested approximately \$5.5 million in its joint ventures to purchase an additional 25% interest in Voyager RV. The Company also received approximately \$0.4 million held for the initial investment in one of the Morgan Properties.

During the quarter ended March 31, 2008, the Company received approximately \$1.0 million in distributions from our joint ventures that were classified as return on capital and were included in operating activities. Of these distributions, \$0.6 million relates to the gain on the payoff of our share of seller financing in excess of our basis on one Lakeshore investment.

During the quarter ended March 31, 2007, the Company received approximately \$2.7 million in distributions from our joint ventures. Approximately \$2.6 million of these distributions were classified as return on capital and were included in operating activities. The remaining distributions were classified as a return of capital and were included in investing activities.

***Notes Receivable Activity***

The notes receivable activity during the first quarter of 2008, of \$0.1 million in cash outflow reflects net lending from our Chattel Loans.

During the first quarter of 2007, we received a principal repayment of \$7.3 million on a note receivable from Privileged Access of approximately \$12.3 million, which was repaid in full during 2007. The remaining notes receivable activity of \$0.3 million in cash outflow reflects net lending from our Chattel Loans.

**Table of Contents**

***Capital Improvements***

The Company identifies capital improvements as recurring capital expenditures on rental properties ( Recurring CapEx ), site development costs and corporate costs. Recurring CapEx was approximately \$2.2 million and \$3.3 million for the quarters ended March 31, 2008 and 2007, respectively. Site development costs were approximately \$2.0 million and \$2.9 million for the quarters ended March 31, 2008 and 2007, respectively, and represent costs to develop expansion sites at certain of the Company s Properties and costs for improvements to sites when a smaller used home is replaced with a larger new home. Reduction in site development costs is due to the decrease in new home sales volume (excluding third party dealer sales).

***Financing Activities***

*Financing, Refinancing and Early Debt Retirement*

*2008 Activity*

During the quarter ended March 31, 2008, we had approximately \$4.8 million in principal repayments on mortgage debt.

*2007 Activity*

During the quarter ended March 31, 2007, the Company completed the following transactions:

The Company repaid approximately \$1.9 million of mortgage debt in connection with the sale of Lazy Lakes on January 10, 2007.

In connection with the acquisition of Mesa Verde, during the first quarter of 2007, the Company assumed \$3.5 million in mortgage debt bearing interest at 4.94% per annum and maturing in May 2008.

*Secured Debt*

As of March 31, 2008, our secured long-term debt balance was approximately \$1.6 billion, with a weighted average interest rate including amortization in 2008 of approximately 6.1% per annum. The debt bears interest at rates between 4.3% and 10.0% per annum and matures on various dates mainly ranging from 2008 to 2016. Included in our debt balance are three capital leases with an imputed interest rate of 13.1% per annum. The Company has \$200 million of secured debt that matures in 2008. During the quarter ended March 31, 2008, we locked a rate on \$140 million of financing with Fannie Mae on nine manufactured home Properties, most of which have existing secured debt. We have a rate of 5.76% locked on \$25.8 million of financing for 60 days and a rate of 5.91% locked on \$114.4 million for 180 days. We initially paid a \$2.9 million cash deposit for the rate lock which was refunded to us in April 2008 as the lender agreed to allow us to guarantee the deposit instead of requiring a cash deposit.

The maximum amount maturing in any of the succeeding five years beginning in 2009 is \$297.8 million. The weighted average term to maturity for the long-term debt is approximately 5.2 years.

In April 2008, the Company closed on two of the nine Fannie Mae loans for total financing proceeds of approximately \$25.8 million bearing interest of 5.76% and maturing on May 1, 2018. The proceeds were used to refinance a \$6.7 million mortgage on Holiday Village, in Ormond Beach, Florida, and to pay down \$15 million of our unsecured lines of credit and for other working capital purposes.

*Unsecured Debt*

We have two unsecured Lines of Credit ( LOC ) of \$400 million and \$20 million that bear interest at a rate of LIBOR plus a maximum of 1.20% per annum, have a 0.15% facility fee, mature on June 30, 2010, and have a one-year extension option. Our current group of banks have committed up to \$370 million on our \$420 million borrowing capacity. The weighted average interest rate in the first quarter of 2008 for our unsecured debt was approximately 5.49% per annum. During the quarter ended March 31, 2008, we borrowed \$39.8 million and paid

**Table of Contents**

down \$60.7 million on the lines of credit for a net pay-down of \$20.9 million funded by our operations. The balance outstanding as of March 31, 2008 was \$82.1 million.

*Contractual Obligations*

As of March 31, 2008, we were subject to certain contractual payment obligations as described in the table below (dollars in thousands).

	<b>Total</b>	<b>2008 (2)</b>	<b>2009</b>	<b>2010 (3)</b>	<b>2011</b>	<b>2012</b>	<b>Thereafter</b>
Long Term Borrowings <sup>(1)</sup>	\$ 1,631,182	\$ 206,941	\$ 85,763	\$ 315,268	\$ 65,013	\$ 18,005	\$ 940,192
Weighted average interest rates	6.04%	5.72%	7.01%	6.68%	7.07%	5.93%	5.59%

(1) Balance excludes net premiums and discounts of \$2.1 million.

(2) We locked rate on \$140.0 million financing with Fannie Mae.

(3) Includes lines of credit repayments in 2010 of \$82.1 million. We have an option to extend this maturity for one year to 2011.

Included in the above table are certain capital lease obligations totaling approximately \$6.6 million. These agreements expire in June 2009 and are paid semi-annually at an imputed interest rate of 13.1% per annum.

The Company does not include preferred OP Unit distributions, interest expense, insurance, property taxes and cancelable contracts in the contractual obligations table above.

The Company also leases land under non-cancelable operating leases at certain of the Properties expiring in various years from 2022 to 2054, with terms which require twelve equal payments per year plus additional rents calculated as a percentage of gross revenues. Minimum future rental payments under the ground leases are approximately \$1.8 million per year for each of the next five years and approximately \$20.3 million thereafter.

With respect to maturing debt, the Company has staggered the maturities of its long-term mortgage debt over an average of approximately eight years, with no more than \$600 million in principal maturities coming due in any single year. The Company believes that it will be able to refinance its maturing debt obligations on a secured or unsecured basis; however, to the extent the Company is unable to refinance its debt as it matures, we believe that we will be able to repay such maturing debt from asset sales and/or the proceeds from equity issuances. With respect to any refinancing of maturing debt, the Company's future cash flow requirements could be impacted by significant changes in interest rates or other debt terms, including required amortization payments.

***Equity Transactions***

*2008 Activity*

The 2008 quarterly distribution per common share is \$0.20 per share, up from \$0.15 per share in 2007. On April 11, 2008, the Company paid a \$0.20 per share distribution for the quarter ended March 31, 2008 to stockholders of record on March 28, 2008.

On March 31, 2008, the Operating Partnership paid distributions of 8.0625% per annum on the \$150 million Series D 8% Units and 7.95% per annum on the \$50 million of Series F 7.95% Units

During the quarter ended March 31, 2008, we received approximately \$2.3 million in proceeds from the issuance of shares of common stock through stock option exercises and the Company's Employee Stock Purchase Plan ( ESPP ).

*2007 Activity*

On April 13, 2007, the Company paid a \$0.15 per share distribution for the quarter ended March 31, 2007 to stockholders of record on March 30, 2007.

**Table of Contents**

On March 30, 2007, the Operating Partnership paid distributions of 8.0625% per annum on the \$150 million Series D 8% Units and 7.95% per annum on the \$50 million of Series F 7.95% Units.

During the quarter ended March 31, 2007, we received approximately \$2.5 million in proceeds from the issuance of shares of common stock through stock option exercises and the ESPP.

***Inflation***

Substantially all of the leases at the Properties allow for monthly or annual rent increases which provide the Company with the opportunity to achieve increases, where justified by the market, as each lease matures. Such types of leases generally minimize the risk of inflation to the Company.

**Table of Contents****Funds From Operations**

Funds from Operations ( FFO ) is a non-GAAP financial measure. We believe FFO, as defined by the Board of Governors of the National Association of Real Estate Investment Trusts ( NAREIT ), to be an appropriate measure of performance for an equity REIT. While FFO is a relevant and widely used measure of operating performance for equity REITs, it does not represent cash flow from operations or net income as defined by GAAP, and it should not be considered as an alternative to these indicators in evaluating liquidity or operating performance.

FFO is defined as net income, computed in accordance with GAAP, excluding gains or losses from sales of Properties, plus real estate related depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect FFO on the same basis. We believe that FFO is helpful to investors as one of several measures of the performance of an equity REIT. We further believe that by excluding the effect of depreciation, amortization and gains or losses from sales of real estate, all of which are based on historical costs and which may be of limited relevance in evaluating current performance, FFO can facilitate comparisons of operating performance between periods and among other equity REITs. Investors should review FFO, along with GAAP net income and cash flow from operating activities, investing activities and financing activities, when evaluating an equity REIT's operating performance. We compute FFO in accordance with standards established by NAREIT, which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do. FFO does not represent cash generated from operating activities in accordance with GAAP, nor does it represent cash available to pay distributions and should not be considered as an alternative to net income, determined in accordance with GAAP, as an indication of our financial performance, or to cash flow from operating activities, determined in accordance with GAAP, as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to make cash distributions.

The following table presents a calculation of FFO for the quarters ended March 31, 2008 and 2007 (amounts in thousands):

	<b>Quarters Ended March 31,</b>	
	<b>2008</b>	<b>2007</b>

**Item 3. Quantitative and Qualitative Disclosure of Market Risk**

Market risk is the risk of loss from adverse changes in market prices and interest rates. Our earnings, cash flows and fair values relevant to financial instruments are dependent on prevailing market interest rates. The primary market risk we face is long-term indebtedness, which bears interest at fixed and variable rates. The fair value of our long-term debt obligations is affected by changes in market interest rates. At March 31, 2008, approximately 94% or approximately \$1.5 billion of our outstanding debt had fixed interest rates, which minimizes the market risk until the debt matures. For each increase in interest rates of 1% (or 100 basis points), the fair value of the total outstanding debt would decrease by approximately \$78.7 million. For each decrease in interest rates of 1% (or 100 basis points), the fair value of the total outstanding debt would increase by approximately \$83.0 million.

At March 31, 2008, approximately 6% or approximately \$94.1 million of our outstanding debt was at variable rates. Earnings are affected by increases and decreases in market interest rates on this debt. For each increase/decrease in interest rates of 1% (or 100 basis points), our earnings and cash flows would increase/decrease by approximately \$0.9 million annually.

**Item 4. Controls and Procedures**

***Evaluation of Disclosure Controls and Procedures***

The Company's management, with the participation of the Company's Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer), have evaluated the effectiveness of the Company's disclosure controls and procedures as of March 31, 2008. Based on that evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective at the reasonable assurance level as of March 31, 2008.

Notwithstanding the foregoing, a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that it will detect or uncover failures within the Company to disclose material information otherwise required to be set forth in the Company's periodic reports.

***Changes in Internal Control Over Financial Reporting***

There were no material changes in the Company's internal control over financial reporting during the quarter ended March 31, 2008.

**Part II Other Information**

**Item 1. Legal Proceedings**

See Note 12 of the Consolidated Financial Statements contained herein.

**Item 1A. Risk Factors**

With the exception of the following there have been no material changes to the factors disclosed in Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2007.

*Some Potential Losses Are Not Covered by Insurance.* We carry comprehensive insurance coverage for losses resulting from property damage, liability claims and business interruption on all of our Properties. We believe the policy specifications and coverage limits of these policies are adequate and appropriate. There are, however, certain types of losses, such as lease and other contract claims that generally are not insured. Should an uninsured loss or a loss in excess of coverage limits occur, we could lose all or a portion of the capital we have invested in a Property, as well as the anticipated future revenue from the Property. In such an event, we might nevertheless remain obligated for any mortgage debt or other financial obligations related to the Property.

Our property and casualty insurance policies, which expired on March 31, 2008, were renewed for a one-year term. While the property program maintained an overall \$100 million limit, the California Earthquake sublimit was increased from \$10 million to \$25 million. The policy deductibles range from \$100,000 to five percent of insurable values specifically for named storms, Florida wind, and earthquakes. A deductible indicates ELS maximum exposure in event of a loss within policy limit.

*Our Accounting Policies and Methods Are the Basis on Which We Report Our Financial Condition and Results of Operations, and They May Require Management to Make Estimates About Matters that Are Inherently Uncertain.* One policy that will be critical to the presentation of our financial condition and results of operations in 2008 and beyond is our policy related to Privileged Access. Since April 14, 2006, Privileged Access has been our largest tenant and is currently leasing 82 resort Properties from us. Effective January 1, 2008, the 100 percent owner of Privileged Access, Mr. Joe McAdams, became our President and we amended and restated the leases for the Properties. Under generally accepted accounting principles, effective January 1, 2008, Mr. McAdams, Privileged Access and the Company are considered related parties. Due to the materiality of the leasing arrangement and the related party nature of the arrangement, the Company has analyzed whether the operations of Privileged Access should be consolidated with ours. We have determined under FIN 46 that it would not be appropriate to consolidate Privileged Access as we do not control Privileged Access and are not the primary beneficiary of Privileged Access. This conclusion required management to make certain judgments. As a result of the complex nature of the arrangements, on February 15, 2008, we submitted a letter to the Office of the Chief Accountant at the SEC describing the relationship and asking for the SEC's concurrence with our conclusions that we should not consolidate the operations of Privileged Access. The SEC has concluded its review of our letter and does not object to the Company's conclusions as described in the letter. If our arrangement with Privileged Access changes in the future, then we will have to reevaluate our conclusion.
