Registration for the webcast is not required. An archived copy of the webcast will also be available on our website through May 11, 2010.

How many votes are needed to have the proposals pass?

Election of Directors. A plurality of the votes cast at the meeting is required to elect directors. This means that the Director nominee with the most votes for a particular slot is elected for that slot. You may vote for or

Table of Contents

withheld with respect to the election of directors. Only votes for or withheld are counted in determining whether a plurality has been cast in favor of a Director. Abstentions are not counted for purposes of the election of Directors.

On July 27, 2006, our Board adopted a corporate governance policy regarding director elections that is contained in our Corporate Governance Guidelines. The policy provides that in any uncontested election, any nominee for director who receives a greater number of votes withheld for his or her election than votes for such election will tender his or her resignation as a director promptly following the certification of the shareholder vote. The Corporate Governance and Nominating Committee, without participation by any director so tendering his or her resignation, will consider the resignation offer and recommend to the Board whether to accept it. The Board, without participation by any director so tendering his or her resignation, will act on the Corporate Governance and Nominating Committee's recommendation no later than 90 days following the date of the Annual Meeting at which the election occurred. If the Board decides to accept the director's resignation, the Corporate Governance and Nominating Committee will recommend to the Board whether to fill the resulting vacancy or to reduce the size of the Board. We will promptly disclose the Board's decision and the reasons for the decision in a broadly disseminated press release that will also be furnished to the Securities and Exchange Commission (SEC) on Form 8-K.

Approval of the Employee Stock Purchase Plan. The approval of the Old National Bancorp Employee Stock Purchase Plan requires the affirmative vote of a majority of the shares present in person or by proxy at the meeting, so long as the total vote cast on the proposal represents over 50% of the outstanding shares.

Approval of the Advisory Proposal on Executive Compensation. The approval of the Advisory Proposal on Executive Compensation requires the affirmative vote of a majority of the shares present in person or by proxy at the meeting.

Ratification of Independent Registered Public Accounting Firm. The affirmative vote of a majority of the shares present in person or by proxy is required for ratification of the appointment of Crowe Horwath LLP as the independent registered public accounting firm of the Company for fiscal year 2009.

What is householding ?

We have adopted a procedure called householding, which has been approved by the SEC. Under this procedure, a single copy of the annual report and proxy statement will be sent to any household at which two or more shareholders reside if they appear to be members of the same family, unless one of the shareholders at that address notifies us that they wish to receive individual copies. This procedure reduces our printing costs and fees.

Shareholders who participate in householding will continue to receive separate proxy cards.

Householding will not affect dividend check mailings in any way.

If a single copy of the annual report and proxy statement was delivered to an address that you share with another shareholder, at your written or oral request to the Company's Shareholder Services Department at 812-464-1296 or 1-800-677-1749, at P.O. Box 929, Evansville, Indiana 47706-0929, or via email to shareholderservices@oldnational.com, we will promptly deliver a separate copy.

A number of brokerage firms have instituted householding. If you hold your shares in street name, please contact your bank, broker, or other holder of record to request information about householding.

How are abstentions and broker non-votes treated?

Abstentions or broker non-votes will not be voted for or against any items or other matters presented at the meeting. Abstentions will be counted for purposes of determining the presence of a quorum at the Annual Meeting, but broker non-votes will not be counted for quorum purposes if the broker has failed to vote as to all matters.

With respect to the election of directors, abstentions, broker non-votes and instructions on the enclosed form of proxy to withhold authority to vote for one or more of the nominees will result in the nominee receiving fewer votes, but will not affect the outcome of the election.

Table of Contents

The Old National Bancorp Employee Stock Purchase Plan will be approved if the votes cast for this proposal exceed those cast against this proposal. Abstentions and broker non-votes will not be counted either for or against this proposal.

With respect to the proposal to ratify the selection of the independent accounting firm, abstentions and broker non-votes shall have no effect on the outcome of the vote.

How do I designate my proxy?

If you wish to give your proxy to someone other than the proxies identified on the proxy card, you may do so by crossing out all the names of the proxy members appearing on the proxy card and inserting the name of another person. The signed card must be presented at the Annual Meeting by the person you have designated on the proxy card.

Who will pay for the costs involved in the solicitation of proxies?

The Company will pay all costs of preparing, assembling, printing and distributing the proxy materials. The Company retained Georgeson, Inc., a proxy soliciting firm, to assist in the solicitation of proxies, for an estimated fee of \$8,000 plus reimbursement of certain out-of-pocket expenses. Georgeson, Inc. may solicit proxies by personal interview, telephone, telefax, mail and electronic mail. In addition to solicitations by mail, Directors and Officers of the Company and its subsidiaries may solicit proxies personally, by telephone or in person, telefax and electronic mail but such persons will not be specially compensated for their services.

We will, upon request, reimburse brokerage firms and others for their reasonable expenses incurred for forwarding solicitation material to beneficial owners of stock.

Other Matters Related to the Meeting

Only matters brought before the Annual Meeting in accordance with the Company's By-laws will be considered. Aside from the items listed above in the Notice of Annual Meeting, the Company does not know of any other matters that will be presented at the Annual Meeting. However, if any other matters properly come before the Annual Meeting or any adjournment, the proxy holders will vote them in accordance with their best judgment.

Should any nominee for Director become unable or unwilling to accept nomination or election, the persons acting under the proxy intend to vote for the election of another person recommended by the Corporate Governance and Nominating Committee of the Board and nominated by the Board. The Company has no reason to believe that any of the nominees will be unable or unwilling to serve if elected to office.

**Report of the Corporate Governance and
Nominating Committee and Other Board Matters**

The Corporate Governance and Nominating Committee is primarily responsible for corporate governance matters affecting the Company and its subsidiaries. The Corporate Governance and Nominating Committee operates under a written charter which conforms to the requirements of the SEC and the New York Stock Exchange (NYSE).

Role and Functioning of the Board

The Board, which is elected by the shareholders, selects the Executive Leadership Group (ELG), which is the executive management team charged with the conduct of the Company s business. Having selected the ELG, the Board acts as an advisor and counselor to management and ultimately monitors its performance. The Board has the responsibility for overseeing the affairs of the Company and, thus, an obligation to keep informed about the Company s business. This involvement enables the Board to provide guidance to management in formulating and developing plans and to exercise its decision-making authority on appropriate matters of importance to the Company. Acting as a full Board and through the Board s six standing committees, the Board oversees and approves the Company s strategic plan. The Board regularly reviews the Company s progress against its strategic plan and exercises oversight and decision-making authority regarding strategic areas of importance to the Company.

The Company s Corporate Governance Guidelines provide for a non-executive Chairman (currently Larry E. Dunigan), who acts as chair of meetings of the Board; leads executive sessions of the Board; consults and meets with any or all outside directors as required and represents such directors in discussions with management of the Company on corporate governance issues and other matters; ensures that the Board, Committees of the Board, individual directors and management of the Company understand and discharge their duties and obligations under the Company s system of corporate governance; mentors and counsels new members of the Board to assist them in becoming active and effective directors; leads the Board in the annual evaluation of the CEO s performance; acts in an advisory capacity to the president and CEO in all matters concerning the interests of the Board and relationships between management and the Board; and performs such other duties and responsibilities as may be delegated to the non-executive Chairman by the Board from time to time.

Executive sessions, or meetings of outside Directors without management present, are held at regular intervals for both the Board and the Committees. Mr. Dunigan, as the non-executive Chairman of the Company, serves as the presiding director of the executive session meetings of the non-management Directors of the Board. The Board meets in executive session a minimum of four times each year.

The Board met eight times during 2008. Each Director attended 90% or more of Board meetings and meetings of Committees on which they served in 2008. Directors as a group attended an average of 97.4% of the Board meetings and meetings of Committees on which they served in 2008.

Corporate Governance and Nominating Committee Scope of Responsibilities

The Corporate Governance and Nominating Committee has responsibility for recruiting and nominating new Directors, assessing the independence of non-management Directors, leading the Board in its annual performance evaluation, reviewing and assessing the adequacy of the Corporate Governance Guidelines and retaining outside advisors as needed to assist and advise the Board with respect to legal and other accounting matters. The Corporate Governance and Nominating Committee is also responsible for reviewing with the full Board, on an annual basis, the requisite skills and characteristics of Board members as well as the composition of the Board as a whole.

Attendance at Annual Meetings

The Company has not established a formal policy regarding Director attendance at its Annual Meeting, but it encourages all Directors to attend these meetings and reimburses expenses associated with attendance. The non-executive Chairman presides at the Annual Meeting. All the Directors attended the Annual Meeting in 2008.

Table of Contents

Code of Conduct and Code of Ethics

The Board has adopted the Code of Business Conduct and Ethics that sets forth important company policies and procedures in conducting our business in a legal, ethical and responsible manner. These standards are applicable to all of our directors and employees, including the Company's Chief Executive Officer, Chief Financial Officer and Controller. In addition, the Audit Committee has adopted the Code of Ethics for CEO and Senior Financial Officers that supplements the Code of Business Conduct and Ethics by providing more specific requirements and guidance on certain topics. The Code of Ethics for CEO and Senior Financial Officers applies to the Company's Chief Executive Officer, Chief Financial Officer and Controller. The Code of Business Conduct and Ethics and the Code of Ethics for CEO and Senior Financial Officers are available on our website at www.oldnational.com. We will post any material amendments to, or waivers from, our Code of Business Conduct and Ethics and Code of Ethics for Senior Financial Officers on our website within two days following the date of such amendment or waiver.

Employees are required to report any conduct they believe in good faith to be an actual or apparent violation of our Codes of Conduct. In addition, as required under the Sarbanes-Oxley Act of 2002, the Audit Committee has established confidential procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls, or auditing matters and the confidential, anonymous submission by company employees of concerns regarding questionable accounting or auditing matters.

In 2008, the Corporate Governance and Nominating Committee amended the Code of Business Conduct and Ethics. The new Code of Business Conduct and Ethics addresses, among other things, the following topics: working with integrity; honesty and fair dealing; compliance with laws, rules and regulations (including federal securities laws); conflicts of interest; corporate opportunities; protection and proper use of Company assets; protecting confidential information; and the reporting of any illegal or unethical behavior. In addition, a table of contents and an introductory message from the President and Chief Executive Officer of the Company supporting the Code and its principles was added to the new Code of Conduct.

Corporate Governance Guidelines

The Board has adopted the Corporate Governance Guidelines that, along with the Company's corporate charter, By-laws and charters of the various committees of the Board, provide the foundation for the Company's governance. Among other things, our Corporate Governance Guidelines set forth the (i) minimum qualifications for the Directors; (ii) independence standards for the Directors, (iii) responsibilities of the Directors; (iv) majority vote standard election of Directors; (v) committees of the Board, (vi) access of Directors to the officers and employees of the Company; (vii) Directors' compensation; (viii) procedures for Director orientation and development; (ix) procedures for an annual review of the CEO and management succession planning; (x) stock ownership guidelines for executives and Directors; and (xi) procedures for an annual self-evaluation of the Board.

In 2008, the Corporate Governance and Nominating Committee amended the Corporate Governance Guidelines. The changes were made to the Corporate Governance Guidelines to comply with changes to Section 303A.02(b) of the NYSE Listed Company Manual.

Communications from Shareholders to Directors

The Board believes that it is important that a direct and open line of communication exist between the Board and the Company's shareholders and other interested parties. As a consequence, the Board has adopted the procedures described in the following paragraph for communications to directors.

Any shareholder or other interested party who desires to contact Old National's Chairman or the other members of the Board may do so by writing to: Board of Directors, c/o Corporate Secretary, Old National Bancorp, P.O. Box 718, Evansville, IN 47705-0718. Communications received are distributed to the non-executive chairman or other members of the Board, as appropriate, depending on the facts and circumstances outlined in the communication received. For example, if any complaints regarding accounting, internal accounting controls and auditing matters are received, then they will be forwarded by the Corporate Secretary to the Chairman of the Audit Committee for review.

Table of Contents

Policy Regarding Consideration of Director Candidates Recommended by Shareholders

The Company's nomination procedures for directors are governed by its By-Laws. Each year the Corporate Governance and Nominating Committee makes a recommendation to the entire Board of nominees for election as directors. The Corporate Governance and Nominating Committee will review suggestions from shareholders regarding nominees for election as directors. All such suggestions from shareholders must be submitted in writing to the Corporate Governance and Nominating Committee at the Company's principal executive office not less than 120 days in advance of the date of the annual or special meeting of shareholders at which directors are to be elected. All written suggestions of shareholders must set forth (i) the name and address of the shareholder making the suggestion, (ii) the number and class of shares owned by such shareholder, (iii) the name, address and age of the suggested nominee for election as Director, (iv) the nominee's principal occupation during the five years preceding the date of suggestion, (v) all other information concerning the nominee as would be required to be included in the proxy statement used to solicit proxies for the election of the suggested nominee, and (vi) such other information as the Corporate Governance and Nominating Committee may reasonably request. Consent of the suggested nominee to serve as a Director of the Company, if elected, must also be included with the written suggestion.

In seeking individuals to serve as directors, the Corporate Governance and Nominating Committee seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise. Directors should have an active interest in the business of the Company, possess a willingness to represent the best interests of all shareholders, be able to objectively appraise management performance, possess the highest personal and professional ethics, integrity and values, and be able to comprehend and advise management on complicated issues that face the Company and Board.

Directors should also demonstrate achievement in one or more fields of business, professional, governmental, communal, scientific or educational endeavor. Directors are expected to have sound judgment, borne of management or policy making experience that demonstrates an ability to function effectively in an oversight role. In addition, directors should have a general appreciation regarding major issues facing public companies of a size and operational scope similar to that of the Company. These issues include contemporary governance concerns, regulatory obligations of an SEC reporting financial holding company, strategic business planning and basic concepts of corporate finance.

Determination with Respect to the Independence of Directors

It is the policy of the Board that a majority of its members be independent from management, and the Board has adopted Director Independence Standards that meet the listing standards of the NYSE. The portion of our Corporate Governance Guidelines addressing our Director Independence Standards is attached to this proxy statement as Appendix I.

In accordance with our Corporate Governance Guidelines, the Board undertook its annual review of Director independence. During this review, the Board considered any and all commercial and charitable relationships of Directors, including transactions and relationships between each Director or any member of his or her immediate family and the Company and its subsidiaries. Following the review, the Board affirmatively determined, by applying the Director Independence Standards contained in the Corporate Governance Guidelines that each of our Directors nominated for election at this Annual Meeting, is independent of the Company and its management in that none has a direct or indirect material relationship with the Company, with the exception of Robert G. Jones and Linda E. White.

The independent Directors of the Company are Joseph D. Barnette, Jr., Alan W. Braun, Larry E. Dunigan, Niel C. Ellerbrook, Andrew E. Goebel, Phelps L. Lambert, Arthur H. McElwee, Jr., Marjorie Z. Soyugenc, Kelly N.

Stanley and Charles D. Storms. Ms. Linda E. White was elected to the Board on November 12, 2008. Her Board service began with the January 22, 2009 meeting. She is not an independent director due to the fact that Robert G. Jones, President and CEO of the Company, previously served as the Chairman of the Compensation Committee for Deaconess Health System, Inc. Although Mr. Jones has resigned from the Compensation Committee of Deaconess Health System, Ms. White will be considered non-independent for three years under the Company's Independence Standards. The only other non-independent Director is President and CEO, Robert G. Jones. Mr. Jones is considered an inside Director because of his employment as President and CEO of the Company.

Table of Contents

In addition, all members of the Audit Committee, the Compensation and Management Development Committee and the Corporate Governance and Nominating Committee satisfy the standards of independence applicable to members of such committees established under applicable law, the listing requirements of the NYSE and the Director Independence Standards set forth in the Company's Corporate Governance Guidelines.

Director Compensation

All outside Directors of the Company receive an annual retainer of \$35,000 for serving on the Board. The outside Directors receive \$20,000 of the retainer in cash, while \$15,000 of the retainer is paid in Company stock. In addition, outside Directors receive \$1,500 for each Board meeting they attend. Directors not otherwise employed by the Company also receive \$1,000 for each Committee meeting attended and Audit Committee members receive \$1,500 for each Audit Committee meeting attended. The Audit Committee Chairman receives an additional annual retainer of \$7,500 and Directors serving as a Committee Chairperson on other committees receive an additional annual retainer of \$2,500. The non-executive Chairman of the Board receives an additional annual retainer of \$25,000. Robert G. **Item 2: Approval of Old National Bancorp
Employee Stock Purchase Plan**

The second item to be acted upon at the Annual Meeting is the approval of the Old National Bancorp Employee Stock Purchase Plan (the Plan), adopted on January 22, 2009 by the Board. The Board's adoption of the Plan is subject to approval by the shareholders at the Annual Meeting.

The Company is establishing the Plan to encourage and facilitate the purchase of shares of our common stock by our employees by offering our shares at a discount to the market price. The shares will be purchased by employees using accumulated payroll deductions. The acquisition of shares of our common stock by employees allows us to offer additional incentives to employees and to attract and retain key personnel for the continued achievement of our financial goals. This Plan is consistent with the Company's overall compensation philosophy, which attempts to place equity in the hands of employees in an effort to further instill shareholder considerations and values in the actions of the employees. This Plan also makes up for the fact that we no longer make matching contributions in the form of Company stock to eligible participants in the ESOP component of the Old National Bancorp Employee Stock Ownership and Salary Savings Plan. The matching contribution is now made in cash in the 401(k) component of that plan.

The following summary of the material features of the Plan is qualified in its entirety by reference to the full text of the Plan, which is set out in Appendix III to this Proxy Statement.

Eligibility and Participation

The right to purchase shares under the Plan, a purchase right, may be granted only to eligible employees. All employees of the Company (including officers), whose customary employment with the Company is more than 20 hours per week and/or more than five months in any calendar year, are eligible to participate in the Plan. An employee will not be eligible to purchase shares under the Plan unless the employee has been employed by the Company or a participating Subsidiary for such continuous period as the Board may require, but in no event will the required period of continuous employment be greater than two years. No employee will be eligible for the grant of any purchase rights under the Plan if, immediately after the purchase rights are granted, the employee owns stock possessing five percent or more of the total combined voting power or value of all classes of our stock. The Board may provide that employees who are highly compensated employees (within the meaning of Section 423(b)(4)(D) of the Internal Revenue Code of 1986, as amended (the Code) may not be eligible to participate in a particular offering of shares under the Plan.

No participant may purchase common stock with a fair market value in excess of \$25,000 in any calendar year under the Plan. Fair market value means the closing sales price (or the closing bid, if no sales were reported) as reported on the New York Stock Exchange (or the exchange or market on which our common stock is then traded) on the trading day prior to the date on which shares are to be purchased.

Common Shares Subject to the Plan

Subject to adjustment as described below, the maximum number of shares of the Company's common stock that may be purchased under the Plan is the sum of the following:

500,000 shares of common stock, plus

an annual increase to be added on the first day of the Company's fiscal year beginning in 2010 equal to the lesser of (i) 200,000, (ii) 1 percent of the outstanding shares on that date or (iii) a lesser amount determined by the Board.

The common stock to be sold under the Plan may, at the election of the Company, be either authorized but unissued shares or shares bought on the open market for purposes of the Plan; provided, however, while the Company is participating in the Capital Purchase Program established by the United States Department of Treasury, the Company will not purchase shares on the open market. If any purchase right granted under the Plan terminates for any reason without having been exercised, the shares of common stock not purchased under the purchase right will again become available for issuance under the Plan.

In the event of any stock dividend, stock split, consolidation, reorganization, merger, spinoff or similar transaction or event having a similar effect to any of the foregoing, other than one in which the Company is not the

Table of Contents

surviving corporation, the number and kind of shares of our stock subject to the Plan, the maximum number of shares that may be delivered under the Plan, and the selling price and other relevant provisions of the Plan will be appropriately adjusted by the Compensation and Management Development Committee. If the Company is a party to a corporate transaction in which the Company is not the surviving corporation, the Compensation and Management Development Committee may take any other actions with respect to the Plan as it deems appropriate.

Administration

The Plan will be administered by the Compensation and Management Development Committee or an individual appointed by the Board or the Compensation and Management Development Committee (the Administrator). The Administrator will have the discretionary power to construe, administer and interpret the Plan and to resolve any ambiguities thereunder; to prescribe, amend and rescind administrative rules relating to the Plan; to set the provisions which will determine an employee's ability to participate in the Plan and to take all other actions that are necessary or appropriate for administration of the Plan. The Administrator's interpretations, rules and actions are final and binding.

Awards under the Plan

Participation in the Plan is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases under the Plan are not determinable and it is not possible at this time to determine or indicate the number, names or positions of employees who will be provided with the opportunity to participate in the Plan or the number of shares of common stock which may be purchased by any employee under the Plan.

Purchase Rights; Purchase Price

On each date selected by the Board, each eligible employee may be granted a purchase right to purchase up to that number of shares of common stock purchasable but not exceeding ten percent of the employee's compensation during the period that begins on the offering date (or any later date as the Board determines for a particular offering) and ends on the date stated in the offering (the purchase period). A participant may change his or her contributions during the purchase period and the Administrator may, in its discretion, limit the number of changes during the purchase period. A participant's payroll deduction authorization form will remain in effect for successive purchase periods unless terminated.

The Plan provides that the purchase price of shares of common stock acquired pursuant to purchase rights will be an amount not less than 95 percent of the fair market value of the shares of common stock on the applicable purchase date. The actual percentage will be determined by the Compensation and Management Development Committee. The purchase price in the initial offering under the Plan will be 95 percent of the fair market value and will remain at 95 percent of the fair market value until changed by the Compensation and Management Development Committee.

The number of shares of common stock a participant purchases on each purchase date is determined by dividing the total amount of payroll deductions withheld from the participant's compensation since the prior purchase date by the purchase price.

Exercise of Purchase Rights; Payment for Shares

The Board or the Compensation and Management Development Committee will establish one or more purchase dates during an offering as of which purchase rights granted pursuant to the Plan may be exercised and purchases of shares of common stock may be carried out. In connection with each offering made under the Plan, the Board or the Compensation and Management Development Committee may specify:

a maximum number of shares of common stock that may be purchased by any participant on any purchase date during the offering;

a maximum aggregate number of shares of common stock that may be purchased by all participants pursuant to the offering; and

a maximum aggregate number of shares of common stock that may be purchased by all participants on any purchase date under the offering (when an offering contains more than one purchase date).

Table of Contents

If the aggregate purchase of shares of common stock issuable upon exercise of purchase rights granted under the offering exceed the maximum aggregate number, then, in the absence of any Board or Compensation and Management Development Committee action, a *pro rata* allocation of the shares of common stock available will be made in as nearly a uniform manner as practicable and equitable.

Delivery of Shares to Custodian; Withdrawal of Shares; Dividends

As soon as practicable after each purchase date, the Administrator will credit to the account of the custodian selected by the Compensation and Management Development Committee one or more certificates representing (or will otherwise cause to be delivered to the account of the custodian) the aggregate number of whole shares of common stock with respect to which purchase rights were exercised on the purchase date. The Compensation and Management Development Committee may require that shares be retained with the custodian, or other designated broker or agent for a designated period of time and/or may establish other procedures to permit tracking of disqualifying dispositions of the shares.

The custodian will also automatically reinvest cash dividends received on the common stock held by the custodian in additional shares of common stock and will facilitate the participant's voting rights attributable to shares held in a participant's account. Participants may direct the custodian, subject to applicable securities laws, to deliver to the participant all or part of the shares held by the custodian in his or her account or to sell the shares and deliver to the participant the proceeds therefrom, less applicable expenses.

Termination of Employment

Termination of a participant's employment for any reason, including disability or death, or the failure of the participant to remain continuously employed by the Company for at least 20 hours per week, will terminate his or her participation in the Plan immediately. The payroll deductions credited to the participant's account will be returned to him or her or, in the case of death, to the person or persons entitled thereto as provided in the Plan.

Upon termination of employment of any participant other than for death, disability or retirement, the Company will have the option to repurchase all, or any portion of, the shares owned by the participant that, at the time of the termination, are subject to the restriction on transfer provided for in the Plan. The option is exercisable by the Company by written notice for 30 days following the participant's termination of employment. The Company will have the right to repurchase the shares at the purchase price per share paid by the participant at the applicable purchase date.

Amendment and Termination of the Plan

The Board has the authority to amend or terminate the Plan, except that no such action may adversely affect any outstanding rights to purchase stock under the Plan. Unless sooner terminated, the Plan will terminate at the time that all of the shares of common stock reserved for issuance under the Plan, as increased and/or adjusted from time to time, have been issued under the terms of the Plan. No purchase rights may be granted under the Plan after the Plan is terminated.

Upon termination of the Plan, the Administrator will terminate payroll deductions and, unless the participant elects to abandon his or her shares, will issue and deliver to each participant certificates for the number of shares of common stock paid for in full. A participant may elect, upon termination of the Plan, to abandon all or any number of the shares of common stock then purchasable by the participant and not yet issued. The Administrator will refund to the participant any amount in the Plan account contributed by the participant that exceeds the amount necessary to

purchase the number of shares of common stock the participant elects to purchase and not abandon. If the participant retains no right to purchase shares of common stock, the Administrator will refund to the participant any amount in the Plan account contributed by the participant. Any contributions remaining in the Plan account will be refunded to the participants making the contributions as soon as administratively practicable after termination of the Plan.

The Board may not amend the Plan without approval of the shareholders within 12 months of the adoption of the amendment if the amendment would (a) increase the number of shares that may be issued under the Plan (other than due to a change in capitalization), (b) change the designation of the corporation whose employees may be eligible for participation in the Plan, (c) require the approval of the shareholders under any law, rule or regulation

Table of Contents

to which the Company is then subject, or (d) be required for the Plan to satisfy the requirements of Code Section 423 or other applicable laws or regulations.

Federal Income Tax Consequences

The Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Code Section 423. Under these provisions, no income will be taxable to the participant until the shares purchased under the Plan are sold or otherwise disposed of.

Upon a sale or other disposition of the shares, the participant will generally be subject to tax and the amount of the tax will depend upon the holding period. If the shares are sold or otherwise disposed of more than two years from the first day of the offering period and more than one year from the exercise date (the date the stock was transferred to the participant), then the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of the sale or disposition over the exercise price, or (b) the excess of the fair market value of the shares at the time the purchase right was granted over the exercise price. Any additional gain or loss will be treated as long-term capital gain or loss. If the shares are sold or otherwise disposed of in a disqualifying disposition (*i.e.*, disposition of the shares before the expiration of the above holding period), the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on the sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period.

In general, the Company is not entitled to a deduction for amounts taxed to a participant. However, if a participant makes a disqualifying disposition (*i.e.*, disposes of the shares prior to expiration of the holding period described above), the Company will be entitled to a deduction equal to the amount the participant must include in income. A person holding common stock acquired under the Plan who disposes of shares prior to the expiration of the holding periods must notify the Company of the disposition in writing.

The foregoing is only a summary of the effect of federal income taxation upon the participant and the Company with respect to the shares purchased under the Plan. Reference should be made to the applicable provisions of the Code. In addition, the summary does not discuss the tax consequences of a participant's death or the income tax laws of any state in which the participant may reside.

Rights Not Transferable

The rights or interests of any participant in the Plan, or in any common stock or cash to which he or she may be entitled under the Plan, are not transferable by voluntary or involuntary assignment or by operation of law, or by any other manner other than as permitted by the Code or by will or the laws of descent and distribution. Only the participant to whom a purchase right is granted may exercise a purchase right. If a participant in any manner attempts to transfer, assign or otherwise encumber his or her rights or interest under the Plan, other than as permitted by the Code or by will or the laws of descent and distribution, the act will be treated as an automatic withdrawal from the Plan. No right or interest of a participant in any purchase right will be liable for, or subject to, any lien, obligation, garnishment or liability of the participant.

Restriction on Sale of Stock

A participant will be prohibited from selling any common stock acquired under the terms of the Plan until the expiration of the period commencing on each purchase date and ending two years later. Notwithstanding the foregoing, the sale restriction will lapse upon the earlier of the death, disability or retirement of the participant. A participant will be considered disabled if he or she has been determined to be disabled under (a) the Federal Social

Security Act, or (b) the terms of the Company's long-term disability plan. A participant will be considered retired if he or she has ceased employment on or after attaining age 65.

Our Board unanimously recommends a vote FOR the proposal contained in Item 2 to approve and adopt the Old National Bancorp Employee Stock Purchase Plan.

Item 3: Approval of an Advisory Proposal on the Company's Executive Pay-for-Performance Compensation Policies and Procedures

We believe that our compensation policies and procedures are centered on a pay-for-performance culture and are strongly aligned with the long-term interests of our shareholders. We also believe that both the Company and shareholders benefit from responsive corporate governance policies and constructive and consistent dialogue.

As required by Title VII of the American Recovery and Reinvestment Act of 2009, the Company is required by law to provide shareholders with the right to cast an advisory vote on our compensation programs until such time as the Company is no longer participating in the Capital Purchase Program created by the U.S. Department of Treasury under the Emergency Economic Stabilization Act.

This proposal, commonly known as a "Say on Pay" proposal, gives you as a shareholder the opportunity to endorse or not endorse our executive pay program through the following resolutions:

Resolved that the shareholders approve the overall executive pay-for-performance compensation policies and procedures employed by the Company, as described in the Compensation Discussion and Analysis and the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) in this Proxy Statement

Because your vote is advisory, it will not be binding upon the Board. However, the Compensation and Management Development Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

We are committed to achieving a high level of return to our shareholders. In 2008 our Company's total return to shareholders was 28%. Our stock price increased 21.31% compared to our peers who suffered an average decline of 24.43%. In its 2008 Bank Performance Scorecard Highlighting America's Top 150 Banks, The Bank Director magazine recognized Old National Bancorp as the 28th top performing bank in the United States.

The Board unanimously recommends a vote FOR approval of the Pay-for-Performance Compensation Policies and Procedures employed by the Compensation Committee, as described in the Compensation Discussion and Analysis, and the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) in the Proxy Statement, and Proxies solicited by the Board will be so voted in the absence of instructions to the contrary.

**Report of the Compensation
and Management Development Committee Matters**

The Board appoints the members of the Compensation and Management Development Committee (Compensation Committee). The Compensation Committee is currently composed of four non-employee directors, each of whom is independent from management and the Company (as independence is currently defined in the NYSE s listing requirements and in the Company s Corporate Governance Guidelines). No member is eligible to participate in any management compensation program.

Compensation and Management Development Committee Charter

The Compensation Committee operates pursuant to a written charter. A copy of the Compensation Committee s charter is available on our web site, www.oldnational.com, under the Investor Relations/Corporate Governance link. As required by the charter, in early 2009, the Compensation Committee reviewed the charter and conducted an annual performance evaluation, the results of which have been discussed with the Compensation Committee members and shared with the Company s Corporate Governance and Nominating Committee.

Compensation Consultant

The Compensation Committee has retained Mercer(US)Inc. (Mercer) to provide information, analyses and advice regarding executive and director compensation, as described further in this report. The Mercer consultant who performs these services reports directly to the Committee chair. With consent of the Committee chair, Mercer may, from time to time, contact the Company s executive officers for information necessary to fulfill its assignments and may make reports and presentations to and on behalf of the Committee that the executive officers also receive. All of the decisions with respect to determining the amount or form of executive and director compensation under the Company s executive and director compensation programs are made by the Committee and may reflect factors and considerations other than the information and advice provided by Mercer. To the extent that the independent consultant s work involves Director compensation, that work is shared with the Corporate Governance and Nominating Committee, which is responsible for reviewing and making recommendations to the Board regarding Director compensation and benefits.

Scope of Responsibilities

The Compensation Committee is responsible for approving and evaluating the Company s employee compensation and benefit programs, ensuring the competitiveness of those programs, and advising the Board regarding the development of key executives. The Compensation Committee is responsible for annually reviewing, approving, and recommending to the Board for its approval all elements of the compensation of the Chief Executive Officer and other executive officers. The Compensation Committee is also responsible for determining awards to employees of stock or stock options pursuant to the Company s 2008 Incentive Compensation Plan.

Compensation and Management Development Committee Interlocks and Insider Participation

No member of the Compensation Committee is or was formerly an officer or employee of the Company. No executive officer of the Company currently serves or in the past year has served as a member of the compensation committee or board of directors of another company of which an executive officer serves on the Compensation Committee. Nor does any executive officer of the Company serve or has in the past year served as a member of the compensation committee of another company of which an executive officer serves as a director of the Company.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of SEC Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Table of Contents

The Compensation Committee certifies that it has reviewed with the Company's Chief Risk Officer the incentive compensation arrangements with the Company's executive officers (each of whom is a senior executive officer for purposes of Section 111(b)(3) of the Emergency Economic Stabilization Act of 2008) and has made reasonable efforts to ensure that such arrangements do not encourage the executive officers of the Company to take unnecessary and excessive risks that threaten the value of the Company.

Executive Compensation

Compensation Discussion and Analysis

Overview

This Compensation Discussion and Analysis describes the key principles and approaches used to determine the compensation of our Chief Executive Officer, Chief Financial Officer, and our other three most highly compensated executive officers. Detailed information regarding the compensation of these executive officers, who are referred to as Named Executive Officers or NEOs, appears in the tables following this Compensation Discussion and Analysis. This discussion should be read in conjunction with those tables.

This Compensation Discussion and Analysis consists of the following parts:

Responsibility for Executive Compensation Decisions.

Compensation Philosophy and Objectives.

Role of Executive Officers in Compensation Decisions.

Compensation Committee Procedures.

Setting Executive Compensation for 2008.

Deductibility Cap on Executive Compensation.

Certification of Compliance with Emergency Economic Stabilization Act of 2008.

Responsibility for Executive Compensation Program

The Compensation Committee of our Board is responsible for establishing and implementing our general executive compensation philosophy, subject to approval of the full Board. Subject to full Board approval, the Compensation Committee determines the compensation for all of our executive officers, including our Named Executive Officers. The Compensation Committee's charter permits the Compensation Committee to delegate authority to subcommittees.

In 2008, the Compensation Committee made no delegation of its authority over compensation matters relating to our Named Executive Officers.

Compensation Philosophy and Objectives

Through our compensation program for executive officers, we strive to attract and retain superior executives in a highly competitive environment and provide financial incentives that align our executive officers' interests with those of our shareholders. The Compensation Committee believes that the primary components of each executive officer's compensation should be a competitive base salary and incentive compensation that rewards the achievement of annual and long-term objective performance goals. The Compensation Committee also believes

Table of Contents

stock ownership is important, because it aligns our executives' interests with the interests of our shareholders. Thus, equity compensation represents a significant element of each executive officer's potential compensation.

Role of Executive Officers in Compensation Decisions

The Compensation Committee reviews, approves, and recommends to our full Board each element of compensation for each executive officer, including all Named Executive Officers. The Compensation Committee considers the recommendations of the Chief Executive Officer in determining the base salary, annual incentive compensation and long-term incentive awards for each of the executive officers of the Company other than the Chief Executive Officer. Together with the Compensation Committee, our Chief Executive Officer annually reviews the performance of each of our other executive officers, the compensation of each executive officer, including base salary, annual incentive compensation and long-term incentive awards and makes recommendations to the Compensation Committee regarding the compensation of those officers for the following year. The Compensation Committee Chairman annually reviews our Chief Executive Officer's compensation (following an annual performance review lead by the Company's non-executive Chairman) and makes recommendations to the Compensation Committee regarding the Chief Executive Officer's compensation for the following year. All discussions with respect to the Chief Executive Officer's compensation are made in executive session of the Compensation Committee, without the Chief Executive Officer present.

Committee Procedures

The Compensation Committee has engaged Mercer, a nationally recognized compensation consulting firm, to assist it in evaluating our executive compensation structure and expenses. Mercer has fulfilled this role since 2003. For 2008, Mercer:

- assessed the competitiveness of our compensation packages for executive officers;
- analyzed our business performance over one-year and three-year periods; and
- evaluated the relationship between executive officer pay and our performance.

In examining our business performance, Mercer focused on:

- growth in fully-diluted earnings per share;
- net income growth;
- return on average equity;
- return on average assets;
- revenue growth;
- non-performing asset ratio;
- total shareholder return; and
- book value per share.

In evaluating the competitiveness of our compensation levels for Named Executive Officers and other members of management, Mercer gathers pay and performance data from a peer group of publicly-traded financial services companies that includes a broad representation of regional banks. Mercer selects the peer group with input from the Compensation Committee. The Compensation Committee considers the peer group data when evaluating the compensation for all of the Named Executive Officers. The composition of the peer group may be amended from year to year to take account of mergers, acquisitions, and other changes that make a company more or less appropriate for inclusion. Under the SEC disclosure rules, companies generally limit executive compensation disclosure to their most highly compensated executive officers. To determine competitive pay for these positions, Mercer uses data from publicly-filed documents as well as data from its proprietary market surveys. For the remaining executives, Mercer uses data from its proprietary market surveys only. The market surveys include a broader range of companies and do not provide company-specific information. The survey data is used as a general reference and is one of a number of factors considered in determining where pay is actually set.

Table of Contents

For 2008 compensation decisions, our publicly-traded peer group consisted of the following 26 companies:

Hancock Holding Company	Associated Banc-Corp	Sky Financial Group, Inc
Bank of Hawaii Corporation	BOK Financial Corporation	TCF Financial Corporation
South Financial Group, Inc.	Fulton Financial Corporation	BancorpSouth, Inc.,
Valley National Bancorp	International Bancshares Corporation	FirstMerit Corporation
Cullen/Frost Bankers, Inc.	Trustmark Corporation	UMB Financial Corporation
Whitney Holding Corporation	Susquehanna Bancshares, Inc.	First Midwest Bancorp, Inc.
Citizens Republic Bancorp, Inc.	Alabama National Bancorporation	AMCORE Financial, Inc.
Irwin Financial Corporation	First Merchants Corporation	Integra Bank Corporation
1st Source Corporation	Colonial BancGroup, Inc.	

Mercer has agreed that this peer group continued to be appropriate for the Company's pay and performance benchmarking for 2008.

In making its recommendation to the Compensation Committee regarding executive officer compensation, Mercer reviews the compensation practices and performance of the peer companies and discusses our performance and strategic objectives with our Chief Executive Officer and Chief Financial Officer. Before the beginning of each fiscal year, Mercer provides the Compensation Committee with a detailed written report regarding our executive compensation structure, its competitiveness relative to the peer group companies, and the alignment of our executive pay with the Company's performance. This review evaluates overall compensation as well as each significant component of compensation. It evaluates whether the compensation structure continues to provide the appropriate incentives and alignment of executive officers' interests with those of our shareholders. Mercer meets with the Compensation Committee to discuss its report, answer questions, and discuss issues that require further study.

The Compensation Committee considers the information provided by Mercer, including compensation reports and Mercer's recommended best practices as a baseline for establishing targeted total compensation, principal compensation components, and determining the allocation of total potential compensation components for each Named Executive Officer and other executives in the Company. In general, we seek to establish total compensation, base salaries, annual incentive compensation, and long-term equity incentive compensation for each position at or near the median for the peer group, if targeted performance is achieved; and at or near the 75% percentile of the peer group, if exceptional performance is achieved. The Compensation Committee also seeks to allocate potential total compensation among base salary, annual incentive compensation, and longer-term incentive compensation in proportions that reflect peer group averages.

Executive Compensation for 2008

Components of Compensation. In establishing the 2008 compensation for our executive officers, the Compensation Committee:

analyzed the compensation levels of comparable executive officers in the peer group;

determined a mix of base salary and bonus opportunity, along with an equity position to align our executive officers' compensation with our performance and leadership accomplishments;

assessed our executive officers' performance; and

assessed our financial and business results relative to other companies within the banking industry as well as to our own past performance and financial goals.

The principal components of each executive officer's compensation are:

base salary;

annual incentive compensation; and

long-term equity incentive compensation.

Table of Contents

In general, we strive to target the percentage that each of these components bears to the total compensation for our executive officer group as a whole, assuming the achievement of targeted performance, to approximately the corresponding percentages for the peer group. According to Mercer's report, the following table represents each element of compensation and the corresponding percentage of total compensation represented by each element for our peer group:

Type of Compensation	Percentage of Total Compensation
Base salary	44%
Cash incentive awards	24%
Performance-based equity awards	15%
Service-based equity awards	9%
Stock Options	8%

The actual mix of these components for each individual executive officer varies, depending on our evaluation of the executive officer's responsibilities, the percentage of the executive officer's compensation that should be at risk, and the reasonable potential compensation in light of that risk.

The only elements of our executive officers' compensation that we pay in cash are base salary and annual incentive compensation. For 2008, we paid the following cash compensation to our Named Executive Officers:

Names	Year	Base Salary (\$)	Annual Incentive Compensation (\$)	Total Cash Compensation (\$)
Robert G. Jones	2008	638,466	0	638,466
Barbara A. Murphy*	2008	332,310	0	382,310
Christopher A. Wolking	2008	306,939	0	306,939
Daryl D. Moore	2008	297,721	0	297,721
Jeffrey L. Knight	2008	236,023	0	236,023

* Ms. Murphy received a discretionary bonus of \$50,000 paid in 2008.

Base Salary. Base salary is the only component of compensation that is not subject to the achievement of performance or vesting criteria. Base salary is designed to provide a fixed level of cash compensation for performing day-to-day responsibilities. We establish base salary ranges for each position based on the ranges for similar positions at other peer group companies. In general, we target base salary ranges near the median for the peer group. We review base salaries annually and we adjust them to take into account such factors as market changes, changes in duties, individual performance, and experience. For 2008, the base salaries of Messrs. Jones, Wolking, Knight and Ms. Murphy were increased as a result of their individual performance, the roles they play within the Company, and a desire to move these individuals closer to the median salaries for comparable positions within the peer group. Mr. Moore's salary was increased, even though he was above the midpoint of his salary range, due to his extensive experience in the credit area and his exceptional performance in 2007 in managing the credit risks of the Company in

a difficult credit market. In assessing Mr. Jones' performance, the Compensation Committee considered the role Mr. Jones played in selecting and leading the management team in its outstanding 2007 strategic, operational, and financial performance. The Compensation Committee attributed the Company's success to Mr. Jones' leadership skills both within the Company and as a leader in the banking industry.

Annual Incentive Compensation. Our practice is to award cash bonuses based on our achievement of pre-established objective performance goals. The objective of awarding annual incentive compensation is to reward short-term financial and operational performance. The Short Term Incentive Plan, which was approved by shareholders in 2008, is our primary vehicle for awarding such bonuses. The Short Term Incentive Plan does not preclude us from making additional bonus payments or special awards to Short Term Incentive Plan participants outside of the Short Term Incentive Plan.

Under the Short Term Incentive Plan, the Compensation Committee establishes quantitative performance goals for each fiscal year prior to March 31 of that year. The Compensation Committee has established the Target Incentive Payout for the CEO of 75% of his base salary. The Target Incentive Payout for the Chief Financial Officer and Chief

Table of Contents

Banking Officer is 45% of base salary, and the Target Incentive Payout for the other Named Executive Officers is 40%. For 2008, the threshold payout under the Short-Term Incentive Plan was 7.5% for the CEO, 4.5% for the Chief Financial Officer and Chief Banking Officer and 4% for the other Named Executive Officers. The amount of bonus payments under the Short Term Incentive Plan is based entirely on the achievement of the established performance goals. In practice, the Compensation Committee makes recommendations that the Board then approves or adjusts. Performance measures permitted under the Short Term Incentive Plan include:

- return on assets;
- return on equity;
- total shareholder equity;
- operating income;
- earnings per share; and
- total risk-adjusted revenue.

The Compensation Committee chose earnings per share (EPS) as the performance measure for 2008, because it believed that EPS was the best method of measuring our growth and financial performance. In cooperation with our Chief Executive Officer, the Compensation Committee established the threshold payout level at \$1.05 Earnings Per Share (EPS), the target payout level at \$1.17 EPS, and maximum payout level at \$1.29 EPS. The Compensation Committee determined that the target payout level of \$1.17 EPS was sufficiently difficult to achieve yet reasonable after considering the dynamics of the general banking environment and potential credit costs due to a challenging economic environment within the Company's operating footprint.

Based on earnings per share of \$.95, no bonuses were earned under the Short Term Incentive Plan for 2008.

Long-Term Incentive Compensation. We believe that stock ownership by our executive officers is an important tool for aligning their interests with those of our shareholders over the long-term. Therefore, our long-term incentive compensation consists entirely of equity compensation awards. The 2008 Incentive Compensation Plan, which was approved by shareholders in 2008, is our primary vehicle for providing equity compensation. Awards under the 2008 Incentive Compensation Plan consist of a combination of:

- nonqualified stock options;
- performance-based restricted stock; and
- service-based restricted stock.

Each of these forms of award encourages executives to use their best efforts to increase the value of our stock, since the value of the awards increases with the value of our stock. In addition, because an executive officer's right to an award generally vests over time, such awards provide a valuable retention tool.

Our practice is to determine the dollar amount of equity compensation that we want to provide, based on the closing price of our stock on the date of grant. In general, we seek to pay equity incentive compensation that approximates the median for our peer group, if targeted performance is achieved, and the 75th percentile for our peer group, if maximum performance is achieved. In recommending equity compensation awards for an executive, the

Compensation Committee considers previously granted but non-vested awards, but it does not generally consider equity ownership or previously vested awards. The Compensation Committee typically makes recommendations regarding equity compensation awards at its first meeting in January, depending upon the availability of the financial results for the preceding year. Typically, these awards are then approved or adjusted by the Board at its next meeting. We make the awards as early as practicable in the year and communicate them to executive officers so that the incentives will be known as early as practicable, thereby maximizing their potential impact. We make equity awards after financial data for the preceding year is available, because this information enables us to refine our expectations for the current year. The proximity of any awards to earnings announcements or other market events is coincidental. Under special circumstances, such as the employment of a new executive or substantial promotion of an existing executive, the Compensation Committee may award equity compensation at

Table of Contents

other times during the year. The Compensation Committee did not make any special grants of equity incentive compensation to any NEO in 2008.

On January 24, 2008, we granted non-qualified stock options, performance-based restricted stock, and service-based restricted stock to all executive officers pursuant to our 2008 Incentive Compensation Plan. These awards are reflected on the Table on page 33 entitled Grants of Plan-Based Awards During 2008. The Chief Executive Officer, however, only received an award of non-qualified stock options and performance-based restricted stock with no service-based component. The portions of the total potential equity award represented by each type of award reflected the allocation of such types among our peer group. The Compensation Committee awarded the right to earn shares to the Named Executive Officers and certain other executives based on the performance of the Company. The awards differed for each of the Named Executive Officers and they were determined by the Compensation Committee, according to each officer's salary level and based on competitive survey data provided by Mercer. The awards were not based on individual performance.

Nonqualified Stock Options. Stock options allow an executive officer to purchase shares of our stock at a future date for the closing price of the stock on the date of grant. In general, an executive officer must remain employed by us until the end of a stated vesting period to exercise a stock option. Special rules apply if the executive terminates employment on account of death, retirement, or disability, or if there is a change in control of the Company. Under most circumstances, the options granted in 2008 will vest in three approximately equal annual installments over a three-year period ending on February 1, 2011.

Performance-Based Restricted Stock. In general, our executive officers will not earn performance-based restricted stock unless we meet pre-established objective performance criteria for the performance period, and the executive officer remains employed throughout the required service period. The performance period for the 2008 grants is the three-year period ending December 31, 2010. The restriction period for the 2008 grants ends on February 1, 2011. The financial factors used and the weighting attached to each factor (in parentheses) are:

earnings per share growth (50%),

total revenue growth (25%), and

and net charge-off ratio (25%).

For each factor, we have established minimum, target and maximum performance levels. The weighted average performance level will determine the percentage of shares for which restrictions will lapse. If target is achieved, restrictions will lapse on all of the shares awarded. If maximum performance is achieved, the number of shares awarded will double.

We define earnings per share as GAAP EPS, disregarding, however, extraordinary items and non-recurring charges, both as determined under GAAP, recognized in a period after the quarter ending December 31, 2007. The threshold earnings per share is \$1.18, the target is \$1.31 and the maximum is \$1.44.

We define total revenue as the sum of net interest income and total non-interest income (as reflected in year-end financial statements), disregarding however, extraordinary items as determined under GAAP, recognized in a period after the quarter ending December 31, 2007. The threshold total revenue is \$426,925,000 the target is \$450,031,000 and the maximum is \$479,262,000.

We define net charge-off ratio as the three-year average of net charge-offs to average loans for 2008, 2009, and 2010. The minimum net charge-off ratio is .5%, the target is .3%, and the maximum is .2%.

If an executive officer terminates employment on account of death, or there is a change in control of the Company, the target performance criteria will be deemed satisfied, and restrictions on the shares will lapse. If the executive officer terminates employment on account of disability or retirement, the executive officer will be treated the same as if he or she had continued employment. We pay cash dividends on performance-based restricted stock, even if the stock remains subject to restrictions.

Service-Based Restricted Stock. Service-based restricted stock is not contingent on our business performance. In general, with the exception of dividends, an executive officer will not realize value for service-based restricted stock, unless he or she remains employed during the required service period. If an executive officer terminates

Table of Contents

employment on account of death, or there is a change in control of the Company, restrictions on the stock will lapse. If the executive officer terminates employment on account of disability or retirement, he or she will be treated the same as if he or she had continued employment. Like the 2008 stock options, service-based restricted stock granted in 2008 will vest in three approximately equal annual installments over a three-year period ending on February 1, 2011. We pay cash dividends on service-based restricted stock to our executive officers, even if the stock remains subject to restrictions.

Retirement Plans. Until December 31, 2005, we maintained a traditional qualified defined benefit pension plan, known as the Old National Bancorp Employees Retirement Plan (Retirement Plan). We froze the Retirement Plan as of December 31, 2001, except for employees who were at least age 50 or who had 20 years of credited service as of December 31, 2001. As of December 31, 2005, we froze the Retirement Plan for all remaining employees. We also maintained a nonqualified retirement plan to replace any reduction in benefits under the Retirement Plan due to limitations on benefits under the Internal Revenue Code (Supplemental Plan). We also froze the Supplemental Plan as of December 31, 2005. No executive officer will earn further benefits under the Retirement Plan or the Supplemental Plan after 2005, although benefits as of December 31, 2005, are preserved.

We continue to maintain a tax-qualified defined contribution plan, known as the Old National Bancorp Employee Stock Ownership and Savings Plan (Savings Plan), for eligible employees. The Savings Plan allows employees to make pre-tax 401(k) contributions. Subject to applicable IRS limitations, we match employee contributions dollar for dollar on a bi-weekly basis to the extent that they do not exceed 6% of the employee's compensation. Subject to the conditions and limitations of the Plan, an employee will be eligible to become a participant of the plan on the first day of the month after completing one month of service. All active participants will be eligible to receive a Safe Harbor Matching Contribution . We may also make profit sharing contributions, in our discretion. To receive profit sharing contributions for a year, an employee must have (i) completed at least 1,000 hours of service during the year and (ii) been employed on the last day of the year or retired on or after age 65, died, or become disabled during the year.

We also maintain a nonqualified deferred compensation plan, known as the Executive Deferred Compensation Plan, for a select group of management employees designated by the Compensation Committee, including our executive officers. All executive officers are eligible to participate in the plan. An executive officer may elect to defer up to 25% of his or her regular compensation, and up to 75% of his or her annual bonus under the Short Term Incentive Plan, in which case the deferral amount will be credited to his or her plan account. We provide matching contribution credits under the plan up to 6% of compensation, reduced by matching contributions under the Savings Plan. In addition, we may provide discretionary contribution credits to make up for any reduction in discretionary profit sharing contributions under the Savings Plan due to Internal Revenue Code contribution limits applicable to tax-qualified retirement plans. We did not provide discretionary credits for 2008.

We credit an executive officer's plan account with earnings based on the hypothetical earnings of an investment fund consisting of Company stock, the return on a recognized market index selected by the Compensation Committee, or a combination of the two, as elected by the executive officer. For the market index fund, we use a Bloomberg fund index, which approximates the risk and return associated with a diversified high quality corporate bond.

All amounts paid under the nonqualified deferred compensation plan are paid from our general assets and are subject to the claims of our creditors. Except in the case of financial emergency, an executive officer's benefits under the plan may not be distributed until after termination of employment. In general, an executive officer may elect to receive his plan benefits in a lump sum or in annual installments over two to ten years.

Other Compensation. Detailed information regarding other compensation is provided in note 6 to the Summary Compensation Table on page 32. In general, we believe that perquisites should not constitute a consequential portion of any executive officer's compensation. No executive received perquisites in excess of \$10,000 in 2008. Moreover,

certain of the perquisites provided to executive officers also provide a benefit to us. For example, executive physicals, which we require, help us to assure that our executive officers do not postpone addressing health issues that could result in great cost to us in lost productivity and covered treatment costs. Likewise, the reimbursement of club dues encourages the active participation of our executive officers in community functions that promote business development.

Table of Contents

Stock Ownership Guidelines. In 2005, the Compensation Committee adopted stock ownership guidelines for executive officers. Under those guidelines, executive officers are required to hold shares of our stock with a value of three times their annual base salary (five times base salary for our Chief Executive Officer). Executive officers have five years from October 2005 to achieve this ownership. For purposes of the guidelines, in-the-money options and unearned performance-based stock are taken into account.

Changes in Executive Compensation in 2009

In January 2009, based on results of a review by executive management of the compensation program, the Compensation Committee approved certain changes to the program which will be effective in 2009. The restructuring will result in one significant change to the performance-based stock component of long-term equity awards.

In 2009, our long-term equity awards for the Named Executive Officers other than the CEO will be allocated as follows:

40% performance-based restricted stock units
40% service-based restricted stock
20% stock options

The performance-based restricted stock units will be allocated as follows:

50% of the award will be based on internal measures
50% of the award will be based on external measures

The financial factors internal measures will continue to be earnings per share growth, revenue growth and net charge-off ratio for the internal measure awards. The external measures will include the same financial factors with the addition of total shareholder return compared to peers. The CEO's award in 2009 is allocated as follows:

50% stock options
50% performance-based restricted stock units

Restricted stock units, unlike the performance-based restricted stock previously awarded, will receive stock dividends only on the restricted stock units actually earned at the end of the three-year performance period. Service-based shares will continue to receive cash dividends.

In 2009, the service-based restricted stock component has been increased from 25% of the long-term equity to award to 40%. The increase in the percentage for 2009 was made by the Compensation Committee in order to align the Company more closely with peer group practices.

The Compensation Committee also instituted a one-year holding period on grants of long-term equity awards for the 2009 awards.

Limitations on Executive Compensation Required in Connection with Our Participation in the TARP Program

On December 12, 2008, the Company issued preferred stock and common stock purchase warrants to the U.S. Department of Treasury under the Troubled Asset Relief Program (TARP) Capital Purchase Program (CPP) created under the Emergency Economic Stabilization Act of 2008 (EESA). As a result of this transaction, the Company entered into certain required amendments to compensation agreements with its Named Executive Officers and became subject to certain additional executive compensation and governance requirements under TARP CPP, the

EESA, and Treasury Department regulations. Those requirements apply to the Company's Named Executive Officers as well as other Senior Executive Officers of the Company (SEOs). These requirements:

prohibit incentive compensation arrangements that encourage SEOs to take unnecessary and excessive risks;

obligate the Compensation Committee to review SEO incentive compensation arrangements with senior risk officers to ensure that executives are not encouraged to take unnecessary and excessive risks and to meet annually with senior risk officers to discuss and review the relationship between risk management policies and practices and SEO incentive compensation arrangements ;

Table of Contents

provide for the recovery of any bonus or incentive compensation paid to a SEO where the payment was later found to have been based on statements of earnings, gains, or other criteria which prove to be materially inaccurate ;

limit the amounts that can be paid under change in control and similar agreements which provide payments upon separation of service ; and

limit the Company's tax deduction for compensation paid to any SEO to \$500,000 annually.

On February 17, 2009, The American Recovery and Reinvestment Act of 2009 (ARRA) was signed into law. ARRA adds expansive new restrictions on executive compensation to those previously imposed on participants in the TARP CPP. ARRA amends the executive compensation and corporate governance provisions of EESA to:

prohibit TARP recipients from making golden parachute payments to any SEO or any of the next five most highly- compensated employees of the participating company;

prohibit paying or accruing any bonus, retention award, or incentive compensation to the SEOs and the twenty next most highly-compensated employees that fully vests during the period in which any obligation under the CPP remains outstanding or that has a value greater than one-third of the total amount of the annual compensation of the employee receiving the award; and

require an annual, non-binding shareholder vote on the company's executive compensation program.

In accordance with the ARRA and based on recent guidance issued by the SEC, the Board of Directors authorized a non-binding advisory shareholder vote on the Company's executive compensation plans, programs and arrangements. See Proposal 3: Advisory Vote on Executive Compensation.

Other provisions of the ARRA require the participating companies to establish a board compensation committee that must meet at least semi-annually to discuss and evaluate employee compensation plans in light of an assessment of any risk posed to the company from the plans; to adopt a company-wide policy regarding excessive or luxury expenditures; and to annually file a written certification of the company's CEO and CFO as to the company's compliance with the requirements.

Regulations required under the ARRA have not yet been issued. Accordingly, the ultimate impact of these limitations on the Company's executive compensation program cannot be determined at this time. As described above, the Company's executive compensation program has included significant performance-based elements, including annual and long-term incentive compensation. We expect that the Compensation Committee's ability to use these performance-based elements will be severely limited under the ARRA regulations. The Compensation Committee intends to assess what actions may be necessary in response to these limitations in order to ensure that the executive compensation program will continue to fulfill its philosophy and objective.

(2)

Stock awards included in Column (e) consist entirely of service-based restricted stock and performance-based restricted stock granted under our 1999 Equity Incentive Plan. Award values are based on the closing price for our stock on the grant date. The value taken into account for 2008 is based on the portion of the required service period occurring in 2008. In the case of 2006 performance-based awards, we have assumed that the restrictions on 10% of the performance-based shares will ultimately lapse. In the case of 2007 performance-based awards, we have assumed that 50% of the target performance will be achieved. For the number of shares of service-based and performance-based restricted stock awarded in 2008, see the Grants of Plan-Based Awards Table.

- (3) The amount reflected in Column (f) is the compensation cost that we recognized in 2008 under Statement of Financial Accounting Standard No. 123-R (*Share-Based Payment*). The awards included in this Column consist entirely of non-qualified stock options granted in 2006, 2007 and 2008. We determined the fair value of each grant as of the date of grant using the Black-Scholes option pricing method with the following assumptions:

2006 Options	2007 Options	2008 Options
Dividend Yield: 3.6%	Dividend Yield: 4.23%	Dividend Yield: 5.33%
Expected Volatility: 19.54%	Expected Volatility: 15.3%	Expected Volatility: 15.82%

- (4) These amounts represent incentives that were earned under the Company's Short Term Incentive Plan.
- (5) This amount is the increase of the actuarial present value of the executive's benefit under our frozen defined benefit plans, plus the amount of the executive's earnings credit under our Executive Deferred Compensation Plan in excess of the earnings that would have been credited using the

The assumptions used to develop the grant date valuations for the options granted on January 24, 2008 were: Dividend Yield of 5.33%, Expected Volatility of 15.82%, Annual Risk-Free Interest Rate of 3.03%, Expected Option life of 6.0 years and a Forfeiture rate of 7%.

The Retirement Plan is a tax-qualified defined benefit plan, and the Supplemental Plan is a defined benefit non-qualified deferred compensation plan established to make up for benefit reductions under Retirement Plan on account of Internal Revenue Code benefit limitations.
- (2) The calculation of present value of accumulated benefit assumes a discount rate of 6.25% until age 65. It further assumes that the executive officer will receive the present value of his or her retirement benefit at age 65 in the form of a lump sum payment, calculated using 2008 IRS Prescribed Mortality-Generational Annuitant, male and female. The assumed lump sum basis is based on the applicable mortality and the plans funding segment rates: Years 0 - 5, 7.11%; Years 5 - 20, 8.23%; and Years 20+, 7.42%.

Potential Payments on Termination or Change in Control.

TARP Restrictions. In connection with our participation in the TARP CPP, each of our current Named Executive Officers entered into a letter agreement providing that his or her compensation arrangements would comply with the restrictions imposed under the EESA and the TARP CPP during such period as any financial obligation under the TARP CPP is outstanding. Those agreements limit the rights of such persons under the agreements and arrangements described below. In addition, our ability to make payments in connection with a termination or change in control under the terms of the contractual arrangements described below is subject to the additional restrictions and limitations imposed under ARRA. Please refer to the discussion appearing under the caption Compensation Discussion and Analysis Limitations on Executive Compensation Required in Connection with Our Participation in the TARP Program appearing on page 30 of this proxy statement.

Employment Agreements. We have entered into employment agreements with each Named Executive Officer with the exception of Jeffrey L. Knight, who has entered into an Amended Severance and Change of Control Agreement. The agreements are summarized below. The summary is qualified in its entirety by reference to the agreements

themselves, copies of which are available from the Company itself, or from the Company's public filings with the Securities and Exchange Commission.

The term of the employment agreements entered into with the Chief Executive Officer, Chief Financial Officer and Chief Banking Officer end on December 31, 2010, with automatic one-year extensions, unless the Named Executive Officer or the Company provides 60 days notice before the end of the term of an intent not to renew the agreement. The term of the agreement for Mr. Moore ends on December 31, 2009, with automatic one-year extensions, unless Mr. Moore or the Company provides 60 days notice before the end of the term of an intent not to renew the agreement. The term of the severance and change of control agreement for Mr. Knight ends on December 31, 2009, with automatic one-year extensions, unless Mr. Knight or the Company provides 60 days notice before the end of the term of an intent not to renew the agreement.

Under each of their respective employment agreements, the Named Executive Officers are entitled to a base salary, incentive compensation (both cash and equity) and other employee benefits as determined by the Board. Based on information provided by the Compensation Committee compensation consultant, the Committee determined that the benefits, including the various multiples of components of compensation, were within the market range for such payouts and benefits. The Committee regularly reviews the Company's employment and

Table of Contents

severance agreement arrangements and uses peer data to determine whether these arrangements are consistent with prevailing market practices.

Pursuant to the employment agreements and severance and change of control agreement, we are generally obligated to pay certain non-change of control severance benefits to the Named Executive Officer, if we terminate his or her employment without cause, or the executive resigns within 90 days after we have taken certain actions that adversely affect him or her. The agreements also obligate the Company to pay certain severance benefits if there is a change of control of the Company as defined within the agreement. A Named Executive Officer must satisfy the terms of the agreement, including its non-solicitation and non-compete provisions, to receive his or her benefits.

For purposes of the employment agreements and severance and change of control agreements, Cause includes (i) the Named Executive Officer's act or failure to act constituting willful misconduct or gross negligence that is materially injurious to the Employer or its reputation; (ii) the Named Executive Officer's willful and material failure to perform the duties of his employment (except in the case of a termination of Employment for Good Reason or on account of the Executive's physical or mental inability to perform such duties) and the failure to correct such failure within five (5) days after receiving notice from the Board specifying such failure in detail; (iii) the Named Executive Officer's willful and material violation of the Employing Companies' code of ethics or written harassment policies; (iv) the requirement or direction of a federal or state regulatory agency having jurisdiction over the Company that the Named Executive Officer's employment be terminated; (v) the Named Executive Officer's arrest or indictment for a felony or a lesser criminal offense involving dishonesty, breach of trust, or moral turpitude; or (vi) the Named Executive Officer's intentional breach of a material term, condition, or covenant of this Agreement and the failure to correct such violation within five (5) days after receipt of written notice from the Board specifying such breach in detail.

We are generally required to pay non-change of control benefits under the employment agreements and severance and change of control agreement, if the Named Executive Officer terminates his or her employment for Good Reason within 90 days after we have taken specified actions and we have failed to correct the event within 30 days following the Named Executive Officer's notice of termination. These actions include (i) a material reduction in the Named Executive Officer's duties, responsibilities, or status with the Employing Companies; (ii) a reduction in the Named Executive Officer's base compensation for failure to include the Named Executive Officer with other similarly situated employees in any incentive, bonus, or benefit plans as may be offered by the Employing Companies from time to time; (iii) a change in the primary location at which the Named Executive Officer is required to perform the duties of his or her employment to a location that is more than fifty (50) miles from the location at which his or her office is located on the effective date of the Agreement; or (iv) the Company's material breach of the Agreement.

The non-change of control severance benefits payable under the employment agreements and severance and change of control agreement include a lump sum payment equal to the Named Executive Officer's Weekly Pay rate multiplied by the greater of (i) 52 or (ii) two times his or her years of service. The non-change of control severance benefits for our Chief Executive Officer, Chief Financial Officer and Chief Banking Officer provide for a severance payment of 104 weeks, however. For purposes of this payment, the Named Executive Officer's Weekly Pay rate is the sum of his or her annual base salary then in effect and also includes payment of the Named Executive Officer's target bonus for the year the severance is paid, divided by 52. Each of the employment agreements and severance and change of control agreement contain non-solicitation and non-compete provisions, which remain in effect for two years after termination of employment.

The employment agreements and severance and change of control agreements also provide for change of control severance benefits for each Named Executive Officer. The Company is required to pay change of control severance benefits if, within two years following a change of control (as defined in the agreements), we terminate the Named Executive Officer's employment for a reason other than Cause or the Named Executive Officer's disability. The Board believes that the employment agreements and severance and change of control agreements, which include change of

control severance benefits, assure the fair treatment of the Named Executive Officers in relation to their professional careers with the Company by assuring them of some financial security in the event of a change of control. The change of control provision also protects the shareholders of the Company by encouraging the Named Executive Officers to continue to devote their full attention to the Company without being distracted by the need to seek other employment following the change of control. The Compensation Committee established the

change of control payouts to each of the Named Executive Officers after reviewing peer data and consulting with Mercer.

Under the employment agreements and severance and change of control agreement, we are obligated to make the change of control severance payment, if the Named Executive Officer resigns for "Good Reason" within two years after a change of control after we have taken certain actions detrimental to the Named Executive Officer. These actions include (i) assignment to the Named Executive Officer of any duties materially inconsistent with his or her positions, duties, responsibilities, or status with the Employing Companies immediately before the change of control date; (ii) a substantial reduction in the Executive's duties or responsibilities, or any removal of the Named Executive Officer from, or any failure to re-elect the Named Executive Officer to, any positions held by the Named Executive Officer immediately before the change of control date; (iii) a reduction by the Employing Companies in the compensation or benefits of the Named Executive Officer in effect immediately before the change of control date, or any failure to include the Named Executive Officer, at a level equal to or better than any other senior executive of an Employing Company, in any incentive, bonus, or benefit plan covering one or more senior executives of the Employing Companies; (iv) a reduction in the Named Executive Officer's total compensation opportunity; (v) a change in the primary location at which the Named Executive Officer is required to perform the duties of his or her employment to a location that is more than fifty (50) miles from the location at which his or her office is located immediately before the change in control date (disregarding any change in location in anticipation of the change of control); or (vi) the Company's material breach of the Agreement.

The change of control severance payment required under the employment agreements and severance and change of control agreement is a single lump sum payment in an amount equal to the product of (i) three (3) times (for the Chief Executive Officer, Chief Financial Officer and Chief Banking Officer and two (2) times for our other Named Executive Officers) (ii) the sum of (A) the Named Executive Officer's annual base salary, at the greater of the rate in effect on the change of control date or the termination date, plus (b) the Named Executive Officer's target bonus for the year containing the change of control date, or, if greater, for the year preceding the change of control date, subject to certain limitations and reimbursement provisions contained in the employment agreement.

Under Code Section 4999, a 20% excise tax is imposed on change on control payments that are "excess parachute payments" within the meaning of Section 280G(b)(1). In general, the excess parachute payment threshold above which excise taxes are imposed is three times the base amount. If the severance payment under a change in control agreement would be equal to or greater than 110% of the excess parachute payment threshold, we will make an additional payment to the executive to put him or her in the same position as if no portion of the change in control payment had been an excess parachute payment. If the severance payment under a change in control agreement would be more than 100% but less than 110% of the excess parachute payment threshold, the severance payment will be reduced to \$1.00 less than the excess parachute threshold.

Table of Contents**Potential Payments Upon Termination of Employment or Change in Control**

The following tables provide information regarding potential payments upon termination of employment or a change in control for the Named Executive Officers. For purposes of the following tables, we have assumed that the change in control and/or termination occurred on December 31, 2008, and we have used the closing price of our stock on that date.

The Company has entered into certain agreements and maintains certain plans that will require the Company to provide compensation to Named Executive Officers of the Company in the event of a termination of employment or a change in control of the Company. The amount of compensation payable to each Named Executive Officer in each situation is listed in the following tables.

Notwithstanding the following discussions regarding the amount of compensation payable to Named Executive Officers in the event of termination of employment or a change in control, upon effectiveness of ARRA, no such payments may be made upon the officer's termination from the Company during a period in which any obligations arising from financial assistance provided under TARP remains outstanding. Only payments for services performed or benefits accrued shall be allowed.

Director Compensation

The Corporate Governance and Nominating Committee annually reviews and recommends the compensation for our non-employee directors. No fees are paid to directors who are also employees. As a starting point for its recommendations, the Compensation Committee uses the peer group compensation data prepared by Mercer to the Compensation Committee. It seeks to establish Board compensation that is median for the peer group.

For 2008, we paid all outside directors an annual retainer of \$35,000 for serving as directors. Of this amount, we paid \$20,000 in cash and \$15,000 in the form of our stock. We paid this fee in two equal installments in May and October. In addition, directors received \$1,500 for each Board meeting they attended. We paid Board committee members (other than Audit Committee members) \$1,000 for each committee meeting attended, and we paid Audit Committee members \$1,500 for each Audit Committee meeting attended. We pay meeting fees quarterly in the month following the end of the quarter, except fees for the last quarter of the year, which we pay in December.

For 2008, we paid the Non-Executive Chairman of the Board an additional retainer of \$25,000. We paid the Audit Committee Chairman an additional retainer of \$7,500 and other committee chairmen an additional retainer of \$2,500. We paid these additional retainers in May.

We maintain a nonqualified deferred compensation plan, known as the Directors Deferred Compensation Plan, for our non-employee directors. A director may defer 25%, 50%, 75%, or 100% of his cash compensation pursuant to the plan. We credit a director's plan account with earnings based on the hypothetical earnings of an investment fund consisting of Company stock, the return on a recognized market index selected by the Compensation Committee, or a combination of the two, as elected by the director. For the market index fund, we

Table of Contents

use a Bloomberg fund index, which approximates the risk and return associated with a diversified high quality corporate bond.

All amounts paid under the plan are paid from our general assets and are subject to the claims of our creditors. In most circumstances, deferred amounts are not distributed to the director until after termination of his or her service. In general, the director may elect to receive his or her plan benefits in a lump sum or in annual installments over two to ten years.

The following table shows all outside director compensation paid for 2008. Mr. Jones is not compensated as a director, since employees who serve as directors are not compensated for their service as a director.

Director Independence Standards

The Board will have a majority of Directors who meet the criteria for independence required by Section 303A.02 of the New York Stock Exchange (NYSE) Listed Company Manual. No Director shall qualify as independent unless the Board affirmatively determines that the Director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). A material relationship is a relationship that the Board determines, after a consideration of all relevant facts and circumstances, compromises the Director's independence from management. The Board will consider the issue not merely from the standpoint of the Director, but also from that of persons or organizations with which the director has an affiliation. The Board acknowledges that it is not possible to anticipate, or explicitly provide for, all circumstances that might signal potential conflicts of interest, or that might bear on the materiality of a director's relationship with the Company. Therefore, determining independence must be accomplished on a case-by-case basis through an in-depth analysis of each Director, the members of his or her immediate family and all of his or her relevant affiliations with the Company, subject to the requirements of applicable laws and regulations and the listing standards of the NYSE set forth below.

In accordance with Section 303A.02 of the NYSE Listed Company Manual, a Director will automatically be deemed not to be independent if the Director meets any of the following:

- a. is currently, or has been within the last three (3) years, an employee of the Company or any of its affiliates, or has an immediate family member who has been, within the last three (3) years, an executive officer of the Company.
- b. does receive, or has an immediate family member who receives, or has received during any twelve-month period within the past three (3) years, more than \$120,000 per year in direct compensation from the Company, other than Director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- c. is a current partner or employee of a firm that is the Company's internal or external auditor; has an immediate family member who is a current partner of such a firm or an immediate family member who is a current employee of such a firm and personally works on the Company's audit; or within the last three (3) years was or has an immediate family member who was a partner or employee of such a firm and personally worked on the Company's audit within that time.
- d. is an executive officer or an employee, or has an immediate family member who is an executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three (3) fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.
- e. is employed, or has an immediate family member who is employed, within the last three (3) years, as an executive officer of another company where any of the Company's present executives serve on such other company's compensation committee.

Table of Contents

For purposes of the foregoing, immediate family member includes a person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and anyone (other than domestic employees) sharing such person's home.

Additionally, a Director of the Company will not fail to be deemed independent for purposes of the NYSE Listed Company Manual solely as a result of lending relationships (such as depository, transfer, register, indenture trustee, trusts and estates, private banking, investment management, custodial, securities brokerage, cash management and similar services) between the Company and its subsidiaries, on the one hand, and a company with which the Director is affiliated by reason of being a Director, officer or a significant shareholder thereof, on the other, provided that the relationship complies with paragraph (d) above and:

- a. such relationships are in the ordinary course of business of the Company and are on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons; and
- b. with respect to extensions of credit by the Company or its subsidiaries:
 - i. such extensions of credit have been made in compliance with applicable law, including Regulation O of the Board of Governors of the Federal Reserve, Sections 23A and 23B of the Federal Reserve Act and Section 13(k) of the Securities Exchange Act of 1934; and
 - ii. no event of default has occurred under the loan.

OLD NATIONAL BANCORP
EMPLOYEE STOCK PURCHASE PLAN

ARTICLE I

INTRODUCTION

Section 1.01 Purpose. The Old National Bancorp Employee Stock Purchase Plan (the Plan) is established and maintained by Old National Bancorp. The purpose of the Plan is to encourage and facilitate the purchase of shares of Common Stock by Eligible Employees. The Plan is intended to qualify as an employee stock purchase plan within the meaning of Code Section 423. The provisions of the Plan will be construed in a manner consistent with the requirements of Code Section 423.

Section 1.02 Term. The term of the Plan will commence on the Effective Date and will end on the tenth anniversary thereof.

Section 1.03 Administration. The Administrator has the discretionary power to construe, administer and interpret the Plan and to resolve any ambiguities thereunder; to prescribe, amend and rescind administrative rules relating to the Plan; to set the eligibility provisions for participation in the Plan; and to take all other actions that are necessary or appropriate for administration of the Plan. The Administrator's interpretations, rules and actions are final and binding upon all concerned and, in the event of judicial review, are entitled to the maximum deference allowable by law. The Administrator will not be liable for any decision, determination or action taken in good faith in connection with the administration of the Plan.

Section 1.04 Authorized Shares. Subject to adjustment as provided in Article VIII, the maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan shall be 500,000 shares, plus an annual increase to be added on the first day of the Company's fiscal year beginning in 2010 equal to the lesser of (i) 200,000, (ii) 1 percent of the outstanding shares on such date or (iii) a lesser amount determined by the Board. The Common Stock to be sold under the Plan may, at the election of the Company, be authorized but unissued shares or treasury shares, including shares bought on the open market or otherwise, for purposes of the Plan. If any Purchase Right terminates without having been exercised, the shares of Common Stock not purchased under the Purchase Right will again become available for issuance under the Plan.

ARTICLE II

ELIGIBILITY AND PARTICIPATION

Section 2.01 *Eligible Employees.*

- (a) Purchase Rights may be granted only to Eligible Employees of Participating Companies. An Employee will not be eligible to be granted Purchase Rights under the Plan unless, on the Offering Date, the Employee has been in the employ of a Participating Company for such continuous period preceding the Offering Date as the Board may require, but in no event will the required period of continuous employment be greater than two years. In addition, the Board may provide that no Employee will be eligible to be granted Purchase Rights unless, on the Offering Date, the Employee's customary employment with a Participating Company is more than 20 hours per week and/or more than five months per calendar year. The Board may also provide in an Offering that Employees who are highly compensated employees within the meaning of Code Section 423(b)(4)(D) are not eligible to participate.
- (b) If a Participant's employment with a Participating Company terminates for any reason, including death, or the Participant ceases to be an Eligible Employee, then his or her participation in the Plan will automatically terminate without any act on his or her part as of the date of termination of employment or change in status. In this event, the Administrator will refund the balance, if any, in the Participant's Account. A transfer from one Participating Company to another will not be treated as a termination of employment.

Section 2.02 Limitations on Participation. Notwithstanding Section 2.01, no Employee will be eligible for the grant of any Purchase Rights under the Plan if, immediately after any such Purchase Rights are granted, the Employee owns five percent or more of the total combined voting power or value of all classes of stock of the Company or any Subsidiary. For purposes of this subsection, Code Section 424(d) will apply in determining the stock ownership of an Employee. Stock that the Employee may purchase under this Plan and any other plan will be treated as stock owned by the Employee.

ARTICLE III

GRANT OF PURCHASE RIGHTS/CONTRIBUTIONS

Section 3.01 *Purchase Rights*. On each Offering Date each Eligible Employee, pursuant to an Offering, will be granted a Purchase Right to purchase up to a number of shares of Common Stock, purchasable either with a percentage of Compensation or with a maximum dollar amount, as designated by the Board, but in either case not exceeding ten percent of the Employee's Compensation during the period that begins on the Offering Date (or such later date as the Board determines for a particular Offering) and ends on the date stated in the Offering.

Section 3.02 *Limitation on Purchase Rights*.

- (a) Notwithstanding any other provision in this Plan to the contrary, no Participant may purchase shares of Common Stock under the Plan and all other employee stock purchase plans of the Company or any Subsidiary with a Fair Market Value in excess of \$25,000 per calendar year. For purposes of this subsection, Fair Market Value of the Common Stock will be determined at the time the Purchase Right is granted. Employee stock purchase plans not described in Code Section 423 will be disregarded. If a Participant is precluded by this subsection from purchasing additional shares of Common Stock under the Plan, then his or her Contributions will automatically be discontinued.
- (b) In the event that Participants elect to purchase more shares than are available under Section 1.04, the maximum number of shares of Common Stock that any Participant will be permitted to purchase will be reduced until the total number of shares that all Participants, in the aggregate, have elected to purchase equals the number of shares available under Section 1.04. This reduction will be made proportionately based upon the number of shares of Common Stock elected by each Participant.
- (c) The purchase price of shares of Common Stock acquired pursuant to Purchase Rights will be an amount not less than 95 percent of the Fair Market Value of the shares of Common Stock on the applicable Purchase Date. The actual percentage will be determined by the Committee and set forth in the Offering.

Section 3.03 *Contributions*.

- (a) Subject to Section 3.01 and Section 3.02, each Eligible Employee will designate the percentage or the fixed dollar amount of his or her Compensation which he or she elects to have withheld for the purchase of Common Stock by completing and filing with the Administrator a payroll deduction authorization form. A Participant may begin making Contributions after the beginning of the Offering to the extent permitted in the Offering. Each Participant's Contributions will be recorded in his or her Account. Participants' Accounts will not be credited with interest. All funds recorded in the Accounts will be segregated from the Participating Company's general assets.
- (b) A Participant may change his or her Contributions during the Purchase Period by completing and filing a new payroll deduction authorization form with the Administrator authorizing a change in his or her payroll deduction rate. The Administrator may, in its discretion, limit the number of payroll deduction rate changes during the Purchase Period. The change in the payroll deduction rate will be effective with the first payroll period following five business days after the Administrator's receipt of the new payroll deduction authorization form unless the Administrator elects to process a given change in payroll deduction rate earlier. A Participant's payroll deduction authorization form will remain in effect for successive Purchase Periods unless terminated as provided in Section 6.01.

- (c) Notwithstanding anything in this Article to the contrary, to the extent necessary to comply with Section 2.02 and subsection 3.02(a), a Participant's Contributions may be decreased to zero percent at any time during a Purchase Period. Contributions will recommence at the rate provided in the Participant's payroll deduction authorization form at the beginning of the first Purchase Period that is scheduled to end in the following calendar year, unless terminated by the Participant as provided in Section 6.01.

ARTICLE IV

EXERCISE OF PURCHASE RIGHTS

Section 4.01 Purchase Dates. The Board or Committee, whichever is applicable, will establish one or more Purchase Dates during an Offering as of which Purchase Rights granted pursuant to that Offering may be exercised. Purchases of shares of Common Stock will be carried out in accordance with that Offering. The Company will purchase shares of Common Stock on behalf of each Participant pursuant to Article V as soon as administratively practicable after each Purchase Date. Any Contributions not applied to the purchase of whole shares of Common Stock will be accumulated in the Participant's Account and applied in the next Purchase Period, subject to the withdrawal by the Participant pursuant to Section 6.01.

Section 4.02 Limitations on Purchases. In connection with each Offering, the Board or Committee, whichever is applicable, may specify a maximum number of shares of Common Stock that may be purchased by any Participant or by all Participants on any or all Purchase Dates during the Offering. If the aggregate purchase of shares of Common Stock upon exercise of Purchase Rights granted under the Offering would exceed the maximum aggregate number, then, in the absence of any Board or Committee action to the contrary, a *pro rata* allocation of the shares of available Common Stock will be made in as nearly a uniform manner as is practicable and equitable.

ARTICLE V

DELIVERY OF SHARES

Section 5.01 Delivery of Shares to Custodian. As soon as practicable after each Purchase Date, the Administrator will cause to be credited to the account of the custodian selected by the Committee (or otherwise, at the Administrator's sole discretion, deliver to the custodian one or more certificates representing) the aggregate number of shares of Common Stock with respect to which Purchase Rights of all of the Participants were exercised on the Purchase Date.

Section 5.02 Duties of Custodian.

- (a) The custodian will keep accurate records of the beneficial interests of each Participant in the shares of Common Stock by means of Participants' Accounts under the Plan, and will provide each Participant with periodic statements as directed by the Administrator.
- (b) The custodian will also, in accordance with procedures adopted by the custodian, facilitate voting rights attributable to shares held in Participants' Accounts.
- (c) The custodian will automatically reinvest any cash dividends received by the custodian on Common Stock in Participants' Accounts in additional shares of Common Stock.
- (d) The Committee may require that shares of Common Stock be retained with the custodian, or other designated broker or agent, for a designated period of time and/or may establish other procedures to permit tracking of disqualifying dispositions of the shares.

Section 5.03 Delivery of Shares to Participants. A Participant may, at any time, in the form and manner established by the Administrator, direct the custodian to sell the shares held by the custodian in his or her Account and deliver the proceeds therefrom, less applicable expenses, to the Participant.

Section 5.04 *Beneficiary Designation*. A Participant may designate a beneficiary (or beneficiaries) who is (or are) to receive the shares of Common Stock and cash, if any, from the Participant's Account in the event a Participant dies. Any such designation will be on a form provided by or otherwise acceptable to the Administrator. Participants may change their beneficiary designation forms at any time by written notice to the Administrator. The most recent beneficiary designation filed with the Administrator prior to the Participant's death shall be the controlling beneficiary designation.

If the Participant fails to designate a beneficiary, or if the designation is for any reason illegal or ineffective, or if no designated beneficiary survives the Participant, his benefits under the Plan will be paid: (a) to his surviving spouse; (b) if there is no surviving spouse, to his descendants (including legally adopted children or their

Table of Contents

descendants) *per stirpes*; (iii) if there is neither a surviving spouse nor surviving descendants, to the duly appointed and qualified executor or other personal representative of the Participant to be distributed in accordance with the Participant's will or applicable intestacy law; or (iv) in the event that there will be no such representative duly appointed and qualified within 30 days after the date of death, those individuals who would be entitled to share in the distribution of the Participant's estate under the provisions of the applicable statute then in force governing the descent of intestate property, in the proportions specified in the statute. The Administrator may determine the identity of the distributees, and in so doing may act and rely upon any information it may deem reliable upon reasonable inquiry, and upon any affidavit, certificate, or other paper believed by it to be genuine, and upon any evidence believed by it to be sufficient.

ARTICLE VI

WITHDRAWAL FROM PARTICIPATION

Section 6.01 *Withdrawal from Current Participation.* Subject to subsection 2.01(b), a Participant may elect to withdraw from participation under the Plan at any time up to 15 days prior to a Purchase Date (or such other date specified by the Administrator) by following the procedures prescribed by the Administrator. As soon as administratively practicable after a withdrawal, payroll deductions will cease and all Contributions to the Participant's Account not previously applied to the purchase of Common Stock will be returned to the Participant. No interest will accrue on the amounts returned to the Participant. No partial withdrawals will be permitted.

Section 6.02 *Affect of Withdrawal on Future Participation.* A Participant who has withdrawn from the Plan will not be a Participant in future Purchase Periods unless he or she again enrolls in accordance with the provisions of Article II. Re-enrollment will only be effective as of the commencement of a Purchase Period.

ARTICLE VII

COMPANY OPTION TO PURCHASE SHARES

Upon termination of employment of any Participant other than for death, Total and Permanent Disability or Retirement, the Company has the option to repurchase all, or any portion of, the shares owned by the Participant that, at the time of the employment termination, are subject to the restriction on transfer provided for in Article IX. Such option is exercisable by the Company for 30 days following the termination of employment by written notice to the Participant. The Company has the right to repurchase the shares at the purchase price per share paid by the Participant at the applicable Purchase Date.

ARTICLE VIII

CHANGES IN COMPANY STOCK

In the event of a Corporate Transaction, other than a Corporate Transaction in which the Company is not the surviving corporation, the number and kind of shares of stock or securities of the Company to be subject to the Plan, the maximum number of shares or securities that may be delivered under the Plan, and the selling price and other relevant provisions of the Plan will be appropriately adjusted by the Committee, whose determination will be binding on all persons. If the Company is a party to a Corporate Transaction in which the Company is not the surviving corporation, the Committee may take such actions with respect to the Plan as the Committee deems appropriate.

ARTICLE IX

RESTRICTIONS ON SHARES

Section 9.01 Restrictions on Transfer. The rights or interests of any Participant in the Plan, or in any Common Stock or cash to which he or she may be entitled under the Plan, will not be transferable by voluntary or involuntary assignment or by operation of law, or by any other manner other than as permitted by the Code or by will or the laws of descent and distribution. Only the Participant to whom a Purchase Right is granted may exercise the

III-8

Table of Contents

Purchase Right. If a Participant in any manner attempts to transfer, assign or otherwise encumber his or her rights or interest under the Plan, other than as permitted by the Code or by will or the laws of descent and distribution, such act will be treated as an automatic withdrawal under Section 6.01. No right or interest of a Participant in any Purchase Right will be liable for, or subject to, any lien, obligation, garnishment or liability of the Participant.

Section 9.02 Restrictions on Sale. Participants are prohibited from selling any shares of Common Stock acquired under the terms of the Plan until the expiration of the period commencing on each Purchase Date and ending two years later. Notwithstanding the foregoing, the sale restriction will lapse upon the earlier of the Participant's death, Total and Permanent Disability or Retirement.

Section 9.03 Restrictive Legend. Any certificate issued to evidence shares of Common Stock for which a Purchase Right is exercised may bear such legends and statements as the Company or the Committee deem advisable to assure compliance with federal and state laws and regulations and any other restrictions. Such legends and statements may include, but are not limited to, restrictions on transfer.

Section 9.04 Investment Representations and Warranties. As a condition to the exercise of the Purchase Right, the Company may require a Participant to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute the shares. At the option of the Company, a stop transfer order against any shares of Common Stock may be placed on the official stock books and records of the Company, and a legend indicating that the Stock may not be pledged, sold or otherwise transferred, unless an opinion of counsel was provided (concurring in by counsel for the Company) stating that the transfer is not in violation of any applicable law or regulations, may be stamped on the stock certificate in order to assure exemption from registration. The Administrator may also require such other action or agreement by the Participant as may from time to time be necessary to comply with the federal and state securities laws. This provision will not obligate any Participating Company to undertake registration of Purchase Rights or Common Stock hereunder.

ARTICLE X

AMENDMENT AND TERMINATION

Section 10.01 Amendment. The Board may at any time, and from time to time, amend the Plan. Notwithstanding the foregoing, shareholder approval will be sought to the extent necessary and required for the Plan to satisfy the requirements of Code Section 423 or other applicable laws or regulations.

Section 10.02 Termination. The Board may terminate the Plan at any time in its discretion. Unless sooner terminated, the Plan will terminate at the time that all of the shares of Common Stock reserved for issuance under the Plan, as increased and/or adjusted from time to time, have been issued under the terms of the Plan. No Purchase Rights may be granted under the Plan after the Plan is terminated. Upon termination of the Plan, the Administrator will terminate payroll deductions and, unless the Participant elects to abandon his or her shares, will issue and deliver to each Participant a certificate for the number of shares of Common Stock paid for in full. A Participant may elect, upon termination of the Plan, to abandon all or any number of the shares of Common Stock then purchasable by and not yet issued. The Administrator will refund to the Participant any amount in the Account contributed by the Participant that exceeds the amount necessary to purchase the number of shares of Common Stock the Participant elects to purchase and not abandoned. If the Participant retains no right to purchase shares of Common Stock, the Administrator will refund to the Participant any amount in the Account contributed by the Participant. Any Contributions remaining in the Accounts will be refunded to the Participants as soon as administratively practicable after termination of the Plan.

ARTICLE XI

MISCELLANEOUS

Section 11.01 *Disqualifying Dispositions*. In order for tax treatment under Code Section 421 to apply to the Common Stock acquired hereunder, the Participant is generally required to hold the shares of Stock for two years after the Offering Date of a Purchase Right through which shares of Common Stock were acquired and for one year

III-9

Table of Contents

after the transfer of Common Stock to the Participant. A person holding Common Stock acquired hereunder who disposes of shares prior to the expiration of the holding periods (a disqualifying disposition) will notify the Company of the disposition in writing.

Section 11.02 Tax Withholding. At the time the Purchase Right is exercised, in whole or in part, or at the time some or all of the Common Stock issued under the Plan is disposed of, the Participant must make adequate provisions for the Participating Company's federal, state or other tax withholding obligations, if any, that arise upon the exercise of the Purchase Right or the disposition of the Common Stock. At any time, the Participating Company may, but will not be obligated to, withhold from the Participant's Compensation the amount necessary for the Participating Company to meet applicable withholding obligations, including without limitation any withholding required to make available to the Participating Company any tax deductions or benefits attributable to the sale or early disposition of Common Stock purchased by the Participant.

Section 11.03 Shareholder Rights. No Participant will have rights or privileges of a shareholder of the Company with respect to any shares of Common Stock subject to Purchase Rights unless and until the Participant's share of Common Stock acquired upon exercise of Purchase Rights are recorded in the books of the Company (or transfer agent).

Section 11.04 No Effect on Employment or Service. Neither the Plan nor an Offering will confer upon any Participant any right to continued employment by a Participating Company or interfere with or limit in any way the right of a Participating Company to terminate any Participant's employment or service at any time. Employment with a Participating Company is on an at-will basis only, unless otherwise provided by a written employment, change in control or severance agreement, if any, between the Participant and the Participating Company, as the case may be. If there is any conflict between the provisions of the Plan and an employment, change in control or severance agreement between a Participant and the Participating Company, the provisions of the employment, change in control or severance agreement will control, unless the conflict results from complying with the requirements of Code Section 423.

Section 11.05 Incapacity of Participant or Beneficiary. If any person entitled to receive a distribution under the Plan is physically or mentally incapable of personally receiving and giving a valid receipt for any payment due (unless prior claim therefor will have been made by a duly qualified guardian or other legal representative), then, unless and until claim therefor will have been made by a duly appointed guardian or other legal representative of the person, the Participating Company may provide for the payment or any part thereof to be made to any other person or institution then contributing toward or providing for the care and maintenance of the person. Any such payment will be a payment for the account of such person and a complete discharge of any liability of the Participating Company and the Plan therefor.

Section 11.06 Compliance with Securities Laws. The sale and delivery of shares of Common Stock under the Plan will be in compliance with relevant statutes and regulations of governmental authorities, including (without limitation) the Securities Act of 1933, as amended, the rules and regulations promulgated thereunder, state securities laws and regulations, and the regulations of any stock exchange or other securities market on which the Company's securities may then be traded. Further, all Common Stock acquired pursuant to the Plan will be subject to the Company's policies concerning compliance with securities laws and regulations, as such policies may be amended from time to time. The terms and conditions of Purchase Rights granted hereunder to, and the purchase of shares by, persons subject to Section 16 of the Exchange Act will comply with any applicable provisions of Rule 16b-3. As to such persons, the Plan will be deemed to contain, and such Purchase Rights will contain, and the shares issued upon exercise thereof will be subject to, such additional conditions and restrictions as may be required from time to time by Rule 16b-3 to qualify for the maximum exemption from Section 16 of the Exchange Act with respect to Plan transactions.

Section 11.07 Governing Law. The Company's obligation to offer, issue, sell, deliver or repurchase Common Stock under the Plan is at all times subject to all approvals of and compliance with any governmental authorities (whether domestic or foreign) required in connection with the authorization, offer, issuance, sale, delivery or repurchase of Common Stock as well as all federal, state, local and foreign laws. This Plan and all determinations made hereunder and action taken pursuant hereto will be governed by and construed in accordance with the laws of the State of Indiana (without regard to choice of law principles thereof).

Section 11.08 Administrative Costs. All costs and expenses incurred in administering the Plan will be paid by the Participating Company, except that any brokerage fees incurred upon the sale of shares of Common Stock or costs incurred in the issuance of a stock certificate will be paid by the Participant.

Section 11.09 Mistake of Fact. Any mistake of fact or misstatement of facts will be corrected when it becomes known by a proper adjustment to an Offering.

Section 11.10 Evidence. Evidence required of anyone under the Plan may be by certificate, affidavit, document, or other information which the person relying thereon considers pertinent and reliable, and signed, made, or presented by the proper party or parties.

Section 11.11 Notices.
