PROXY STATEMENT**

The following information is furnished in connection with the solicitation of proxies by the Board of Directors of the Company for the Annual Meeting of Shareholders (the Meeting) to be held on Wednesday, September 13, 2006, at 11:00 A.M., Atlanta time, at the Company's Corporate Headquarters, 1945 The Exchange, Suite 300, Atlanta, Georgia. A copy of the Company's Annual Report for the fiscal year ended April 30, 2006, and a proxy for use at the Meeting are enclosed with this Proxy Statement. This Proxy Statement and the enclosed proxy first were mailed to shareholders on or about August 15, 2006.

GENERAL INFORMATION

Any proxy given pursuant to this solicitation may be revoked, without compliance with any other formalities, by any shareholder who attends the Meeting and gives oral notice of his or her election to vote in person. In addition, any proxy given pursuant to this solicitation may be revoked prior to the Meeting by delivering to the Secretary of the Company a notice of revocation or a duly executed proxy for the same shares bearing a later date. All proxies of shareholders solicited by the Company, which are properly executed and received by the President of the Company prior to the Meeting, and which are not revoked, will be voted at the Meeting. The shares represented by such proxies will be voted in accordance with the instructions thereon, and unless specifically instructed to vote otherwise, the individuals named in the enclosed proxy will vote to elect all the nominees as set forth in this Proxy Statement. Abstentions and broker non-votes will be included in determining whether a quorum is present at the Meeting, but will otherwise have no effect on the election of the Directors. Abstentions and broker non-votes will have the effect of negative votes on the proposal to increase the number of the Company's authorized shares of Common Stock. Broker non-votes are proxies received from brokers or other nominees holding shares on behalf of their clients who have not received specific voting instructions from their clients with respect to non-routine matters. A system administered by the Company's transfer agent will tabulate the votes cast.

The Company pays the cost of soliciting proxies. Copies of solicitation material may be furnished to banks, brokerage houses and other custodians, nominees and fiduciaries for forwarding to beneficial owners of shares of the Common Stock and normal handling charges may be paid for such forwarding service. In addition to soliciting by mail, Directors and regular employees of the Company, at no additional compensation, may assist in soliciting proxies by telephone or other means.

Table of Contents

As of the Record Date for the Meeting, there were 3,532,180 shares of Common Stock outstanding and entitled to vote. The holders of Common Stock, the only outstanding class of voting stock of the Company, are entitled to one (1) vote per share.

ELECTION OF DIRECTORS

The Board of Directors recommends the election of the seven (7) nominees listed below to constitute the entire Board to hold office until the next Meeting of Shareholders and until their successors are elected and qualified. If, at the time of the Meeting, any of such nominees should be unable or unwilling to serve, the persons named in the proxy will vote for such substitutes or vote to reduce the number of Directors for the ensuing year in accordance with his judgment of what is in the best interest of the Company. Management has no reason to believe that any substitute nominee or nominees or reduction in the number of Directors for the ensuing year will be required. The affirmative vote of a plurality of the votes cast is required to elect the nominees. The Board has determined that David L. Abrams, Samuel E. Allen, Gilbert L. Danielson, and Robert T. McWhinney, Jr. are independent Directors within the meaning of the listing standards of the Nasdaq Stock Market.

The following information relating to: (1) age as of August 23, 2006; (2) directorships in other publicly-held companies; (3) positions with the Company; and (4) principal employment has been furnished by the respective nominees. Except as otherwise indicated, each nominee has been or was engaged in his or her present or last principal employment, in the same or a similar position, for more than five (5) years.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During the fiscal year ended April 30, 2006, the Board of Directors held five meetings, the Audit Committee held four meetings, the Nominating and Corporate Governance Committee held two meeting, and the Compensation Committee held two meetings. All of the Directors who served during the fiscal year ended April 30, 2006, attended at least seventy-five percent (75%) of the aggregate of all Board meetings and the meetings of each committee of the Board on which he or she served, if any, except for Mr. Felker Ward, who retired from the Board of Directors in February 2006. Prior to his retirement from the Board, Mr. Ward attended two of the three Board of Directors meetings held during fiscal 2006 through that date.

The Board's standing Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are composed entirely of independent Directors as defined in the listing standards of the Nasdaq Stock Market. These committees all operate pursuant to written charters adopted by the Board of Directors available at the Company's Website, www.servidyne.com, through the Investor Relations and then the Corporate Governance links.

The Audit Committee currently consists of Mr. Allen, Mr. Danielson, Chairman, and Mr. McWhinney. The Board has determined that Mr. Danielson is an audit committee financial expert within the meaning of the rules of the Securities & Exchange Commission. The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its financial and other oversight responsibilities by serving as an independent and objective party to oversee, monitor and appraise: (1) the integrity of the Company's financial statements and other external financial information, financial reporting process and internal controls; (2) the Company's auditing process, including all engagements of the Company's independent accountants, the internal auditors and the performance of financial management; and (3) the Company's ethical and legal compliance. The Audit Committee has the sole authority to appoint, compensate, retain, and terminate the independent accountants, and to pre-approve all audit and permitted non-audit services, if any, provided by the independent accountants.

The Compensation Committee currently consists of Mr. David L. Abrams, Mr. Allen, Mr. Danielson, and Mr. McWhinney, Chairman. The primary function of the Compensation Committee is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to executive compensation. This Committee is authorized to determine the compensation of the Company's Executive Officers, and to administer the Company's 2000 Stock Award Plan.

The Nominating and Corporate Governance Committee currently consists of Mr. David L. Abrams, Mr. Allen, Chairman, Mr. Danielson, and Mr. McWhinney. The primary function of the Nominating and Corporate Governance Committee is to assist the Board of Directors in fulfilling its responsibilities with respect to: (1) Board and Committee membership, organization and function; (2) director qualifications and performance; and (3) corporate governance. The Committee is responsible for recommending to the Board the slate of

Table of Contents

nominees to be recommended to the shareholders for election at the Company's annual shareholder meeting.

The Board also has a standing Executive Committee, currently consisting of Alan R. Abrams, J. Andrew Abrams, and Ms. Garrett. This Committee is empowered to take actions that do not require the approval of the full Board of Directors, subject to the authority of the other Board committees and to the requirements of applicable law. All actions of the Executive Committee are subsequently submitted to the full Board of Directors for affirmation. The Executive Committee did not meet during fiscal 2006.

NOMINATION OF DIRECTORS

Nominations Process. The Nominating and Corporate Governance Committee is responsible for considering and making recommendations to the Board concerning nominees to recommend to the shareholders in connection with the Company's Annual Meeting of Shareholders, and nominees for appointments to fill any vacancy on the Board. To fulfill these responsibilities, the Committee periodically considers and makes recommendations to the Board regarding what experience, talents, skills and other characteristics the Board as a whole should possess in order to maintain its effectiveness. In determining whether to nominate an incumbent Director for re-election, the Board and the Nominating and Corporate Governance Committee evaluate each incumbent's continued service in light of the Board's collective requirements at the time such Director comes up for re-election.

When the need for a new Director arises (whether because of a newly created Board seat or a vacancy), the Nominating and Corporate Governance Committee proceeds by whatever means it deems appropriate to identify a qualified candidate or candidates. The Committee reviews the qualifications of each candidate. Final candidates are generally interviewed by one or more Board members. The Committee then makes a recommendation to the Board based on its review, the results of interviews with the candidate, and all other available information. The Board makes the final decision on whether to invite the candidate to join the Board.

Director Qualifications. The Nominating and Corporate Governance Committee is responsible for considering and making recommendations to the Board concerning criteria for the selection of qualified Directors. At a minimum, Directors should have high moral character and personal integrity, demonstrated accomplishment in his or her field, and the ability to devote sufficient time to carry out the duties of a Director. In addition to these minimum qualifications for candidates, in evaluating candidates the Board and the Committee may consider all information relevant in their business judgment to the decision of whether to nominate a particular candidate for a particular Board seat, taking into account the then-current composition of the Board. These factors may include: a candidate's professional and educational background, reputation, industry knowledge and business experience, and the relevance of those characteristics to the Company and the Board; whether the candidate will complement or contribute to the mix of talents, skills and other characteristics needed to maintain the Board's effectiveness; the candidate's ability to

Table of Contents

fulfill the responsibilities of a Director and of a member of one or more of the Board's standing committees; whether the candidate is independent; and whether the candidate is financially literate or a financial expert.

Shareholder Nominations. Nominations of individuals for election to the Board at any meeting of shareholders at which Directors are to be elected may be made by any Company shareholder entitled to vote for the election of Directors at that meeting by complying with the procedures set forth in Section 10 of the Company's Bylaws. Section 10 provides that notice of proposed shareholder nominations must be given to the Secretary of the Company at the Company's principal executive offices not less than sixty (60) days nor more than ninety (90) days prior to the meeting at which Directors are to be elected, unless the notice of meeting is given less than sixty (60) days prior to the meeting, in which case the notice of nomination must be received not later than the tenth (10th) day following the day on which the notice of meeting was mailed to shareholders. The notice of nomination must contain information about each proposed nominee, including age, address, principal occupation, the number of shares of stock of the Company beneficially owned by such nominee, and such other information as would be required to be disclosed under the Securities Exchange Act of 1934 (the Exchange Act), in connection with any acquisition of shares by such nominee or with the solicitation of proxies by such nominee for his or her election as a Director. Information must also be disclosed by and about the shareholder proposing to nominate that person. The chairman of a shareholder meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

The Nominating and Corporate Governance Committee will consider recommending to the Board that it include in the Board's slate of Director nominees for a shareholders' meeting a nominee submitted to the Company by a shareholder who has beneficially held at least five percent (5%) of the Company's outstanding Common Stock for at least two (2) years. In order for the Committee to consider such nominees, the nominating shareholder should submit the information about the nominee and nominating shareholder described in Section 10 of the Bylaws to the Secretary of the Company at the Company's principal executive offices within the time period prescribed by Rule 14a-8 under the Exchange Act generally, at least one hundred twenty (120) days before the first anniversary of the date that the Company's Proxy Statement was released to shareholders in connection with the previous year's Annual Meeting of Shareholders. That deadline can be found under Shareholder Proposals. The nominating shareholder should expressly indicate that such shareholder desires that the Board and the Committee consider such shareholder's nominee for inclusion with the Board's slate of nominees for the shareholders' meeting, and should submit information demonstrating that the shareholder has beneficially owned at least five percent (5%) of the Company's outstanding Common Stock for at least two (2) years. The nominating shareholder and shareholder's nominee should undertake to provide, or consent to the Company obtaining, all other information the Board and the Committee may request in connection with their evaluation of the nominee.

Table of Contents

The shareholder's nominee must satisfy the minimum qualifications for Director described above. In addition, in evaluating shareholder nominees for inclusion with the Board's slate of nominees, the Board and Committee may consider all relevant information, including: the factors described above; whether there are or will be any vacancies on the Board; the size of the nominating shareholder's Company holdings and the length of time such shareholder has owned such holdings; whether the nominee is independent of the nominating shareholder and able to represent the interests of the Company and its shareholders as a whole; and the interests and/or intentions of the nominating shareholder.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Directors, certain officers, and persons who beneficially own more than ten percent (10%) of the outstanding Common Stock of the Company to file with the Securities and Exchange Commission reports of changes in ownership of the Common Stock of the Company held by such persons. These persons are also required to furnish the Company with copies of all forms they file under this statute. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations of such persons, all required forms were filed on time.

**APPROVAL AND ADOPTION OF AN AMENDMENT TO
THE ARTICLES OF INCORPORATION TO INCREASE THE
NUMBER OF AUTHORIZED SHARES OF COMMON STOCK**

General

The Company's Articles of Incorporation currently provides for authorized capital stock consisting of 5,000,000 shares of Common Stock, par value \$1.00 per share.

On May 25, 2006, the Board of Directors approved, subject to shareholder approval, an amendment to the Articles of Incorporation to increase the number of authorized shares of Common Stock to 10,000,000 shares (the

Amendment), with all seven (7) Directors voting in favor of approval.

Purpose and Effect of the Amendment

The proposed increase in the number of authorized shares of Common Stock has been deemed advisable by the Board of Directors in order to, among other purposes, provide additional authorized shares of Common Stock in order for the Company to have flexibility with respect to the conduct of its business, including the possibility of using Company stock as consideration in acquiring other businesses, and other possible financing alternatives, and in order for the Company to continue to appropriately provide equity incentive compensation to its employees. As further described below, the Company has a limited amount of authorized Common Stock available to raise capital and/or acquire other businesses and issue equity awards. Accordingly, the Board of Directors believes that it is in the best interests of the Company to authorize additional Common Stock, and thereby provide the Company with additional flexibility with respect to its ability to issue additional Common Stock.

If the Amendment is approved, the additional authorized but unissued shares of Common Stock may be issued from time to time for such proper corporate purposes as may be determined by the Board of Directors, without further action or authorization by the shareholders. In addition to the possible acquisition of other businesses/companies, the raising of capital, or the issuance of equity incentives to employees and other eligible participants in the Company's equity compensation plan, such other corporate purposes may include, without limitation, the declaration of stock splits and/or stock dividends or the issuance of warrants or other instruments to acquire Common Stock.

During the fiscal year ended April 30, 2006, the Company issued a total of 335,203 shares of Common Stock in conjunction with a ten percent (10%) stock dividend.

Table of Contents

As of June 30, 2006, 3,695,336 shares of Common Stock were issued and outstanding and an additional 163,266 shares are held by the Company as treasury stock. As of the same date, options to purchase an aggregate of 1,069,390 shares of Common Stock were issued and outstanding under the Company's 2000 Stock Award Plan. Further, as of June 30, 2006, the Company has issued warrants to purchase a total of 55,000 shares of Common Stock. The Company issued these warrants for the purchase of Common Stock in connection with a business acquisition.

Accordingly, because the Company has issued, and reserved for issuance under outstanding awards, an aggregate of approximately 4,819,726 shares, or approximately 96%, of its total 5,000,000 shares of currently authorized Common Stock, the Board of Directors believes that it is necessary and prudent for the Company to amend its Articles of Incorporation to increase the Company's authorized shares of Common Stock to 10,000,000 shares to allow the Company to issue additional shares of Common Stock for the purposes described above, and for any other lawful purpose.

The possible future issuance of shares of equity securities consisting of Common Stock or securities convertible into Common Stock, such as the issuance of any stock options or stock appreciation rights, could affect the current shareholders of the Company in a number of ways, including the following:

diluting the voting power of the current holders of Common Stock;

diluting the market price of the Common Stock, to the extent that the shares of Common Stock are issued and sold at prices below current trading prices of the Common Stock, or if the issuance consists of equity securities convertible into Common Stock, to the extent that the securities provide for the conversion into Common Stock at prices that could be below current trading prices of the Common Stock;

diluting the earnings per share and book value per share of the outstanding shares of Common Stock; and

making the payment of dividends on Common Stock potentially more expensive.

The increase in authorized shares of Common Stock may have an incidental anti-takeover effect, although that is not the intention of this proposal. Additional shares could be used to dilute the stock ownership of parties seeking to obtain control of the Company, and the increase in authorized shares discourages the possibility of, or renders more difficult, certain mergers, tender offers or proxy contests. For example, without further shareholder approval, the Board of Directors could sell shares of Common Stock in a private transaction to purchasers who would oppose a takeover, thereby potentially

Table of Contents

preventing a transaction favored by a majority of independent shareholders under which shareholders would have received a premium for their shares over then-current market prices. The Company is not aware of any pending or proposed effort to obtain control or change management of the Company.

If the Amendment is approved by the shareholders at the Annual Meeting, the Amendment will become effective upon the filing of Articles of Amendment to the Articles of Incorporation with the Secretary of State of the State of Georgia. If the Amendment is approved, all or any part of the additional authorized shares of Common Stock may be issued following such approval without further approval from the shareholders, except to the extent required by law, for those purposes and on such terms as the Board of Directors may determine to be appropriate. The Company is not currently subject to any law which would require further shareholder approval prior to the issuance of shares of Common Stock.

No Appraisal Rights

Under Georgia law, shareholders are not entitled to appraisal rights with respect to this proposal.

Vote Required and Recommendation of the Board

The affirmative vote of the holders of a majority of the shares of the Common Stock of the Company represented and voted at the Annual Meeting, assuming the presence of a quorum, is required to increase the number of authorized shares of the Company's Common Stock from 5,000,000 shares to 10,000,000 shares.

The Board of Directors recommends a vote FOR approval of the Amendment.

**COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS
REPORT ON EXECUTIVE COMPENSATION**

The objectives of the Company's Executive compensation program are to enhance the profitability of the Company, and thus shareholder value, by aligning employee compensation with the financial interests of the shareholders of the Company, and to attract, motivate, reward and retain skilled employees, including Executive Officers, who contribute to the long-term success of the Company. In furtherance of these goals, the Company's compensation program for Executive Officers includes base salary, annual incentive compensation and long-term incentive compensation. At the discretion of the Board of Directors, selected Executive Officers may participate in the Senior Management Deferral Plan, which is designed to permit eligible employees to defer a portion of their incentive compensation. The Compensation Committee approves the compensation of the Company's Executive Officers, based in part or by the recommendation of the CEO.

Table of Contents

Salary. The Compensation Committee determines base salaries for the Executive Officers, including the CEO, based upon the financial performance of the Company or subsidiary, as the case may be, and upon the individual's level of responsibility, qualifications, time with the Company, contribution, performance, and the compensation levels of similarly positioned executives in comparable companies. Evaluation of these factors is subjective, and no fixed, relative weights are assigned to the criteria considered.

Incentive Compensation. The Company is committed to attracting skilled employees by offering competitive compensation programs. Accordingly, the Company has an annual incentive bonus program that covers all full-time employees of the Company and its subsidiaries, including the Executive Officers. At the beginning of each fiscal year, with recommendations from management, the Compensation Committee approves a specific consolidated net earnings target and an incentive bonus opportunity for each Executive Officer, generally expressed as a percentage of such officer's base salary. The incentive bonus that can be earned by Executive Officers, or any full-time employee, is contingent on the Company achieving consolidated net earnings, and is derived by a formula tied to the level of attainment of the consolidated net earnings target, or in the case of those Executive Officers who are presidents of operating segments, tied partially to the level of attainment of the consolidated net earnings target and partially to the level of attainment of a net earnings target for the operating segment. All Executive Officers receive any earned incentive bonuses in two (2) installments, payable six (6) months apart. To qualify to receive an incentive bonus installment, a plan participant must be actively employed by the Company at the time of such payment. The Company retains discretion to terminate or amend the plan at any time.

The Company has a 401(k) plan (the Plan) that covers eligible employees meeting certain service requirements. Pursuant to the provisions of the Plan, eligible employees may make salary deferrals (before tax) of up to one hundred percent (100%) of their total compensation per plan year, subject to a specified maximum annual contribution as determined by the Internal Revenue Service. The Plan also includes provisions that authorize the Company to make discretionary contributions. Such contributions, if made, are allocated among all eligible employees as determined under the Plan. The trustees under the Plan invest the assets of each participant's account as directed by the participant. During the fiscal year ended April 30, 2006, the Company made employer matching 401(k) contributions to the Plan for all participating employees totaling approximately \$63,000.

Stock Awards. The Board of Directors adopted the 2000 Stock Award Plan on May 26, 2000. The Company's shareholders approved the 2000 Stock Award Plan on August 23, 2000. It is the intent of the 2000 Stock Award Plan to provide the means through which employees, including Executive Officers, can build a financial stake in the Company, so as to align the employees' economic interests with those of shareholders. The 2000 Stock Award Plan is designed to play an integral role in the ability of the Company to attract and retain key employees, directors, consultants, and independent contractors. The Company believes that equity ownership among employees is an incentive which can enhance the Company's growth, profitability, and, accordingly, shareholder value.

Table of Contents

The Executive Officers were not awarded any stock options or shares of restricted stock during the Company's fiscal year ended April 30, 2006.

In June 2006, the Compensation Committee awarded 312,000 stock appreciation rights to employees, directors and certain independent contractors under the 2000 Stock Award Plan.

Compensation Deductibility Policy. The Company does not anticipate that Section 162 (m) of the Internal Revenue Code, which limits the tax deduction for certain executive compensation exceeding \$1,000,000, will have any impact on the compensation policies of the Company.

The tables included in this Proxy Statement and accompanying narrative and footnotes reflect the decisions covered by the above discussion.

Directors' Deferred Compensation Plan. The Company maintains a Directors' Deferred Compensation Plan (the Deferred Compensation Plan) under which each member of the Board of Directors may elect to defer to a future date receipt of all or any part of his or her compensation as a Director and/or as a member of a committee of the Board. For purposes of the Deferred Compensation Plan, compensation means the retainer fees and meeting fees payable to such Directors by the Company in their capacities as Directors or as members of a committee of the Board of Directors, respectively, but excludes awards of restricted stock, or stock options, stock appreciation rights or other equity incentives.

The Deferred Compensation Plan is administered by the Executive Committee of the Board of Directors. A committee member may not participate in any decision relating in any way to his or her individual rights or obligations as a participant under the Deferred Compensation Plan.

The Company will make payments of deferred compensation and the accumulated earnings on such deferred compensation, pursuant to the provisions of the Deferred Compensation Plan at the time specified by each participant, in a lump sum, subject to the Deferred Compensation Plan's restrictions and limitations, or, at the sole discretion of the participant, in no more than five (5) equal annual installments. For the year ended April 30, 2006, three (3) members of the Board of Directors participated in the Deferred Compensation Plan.

Pre-Approval of Audit and Permissible Non-Audit Services

Pursuant to its Charter, the Audit Committee is responsible for the pre-approval of all audit services and all permissible non-audit services to be performed for the Company by the independent public accountant. To help fulfill this responsibility, the Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy. Under the Policy, all auditor services must be pre-approved by the Audit Committee either (1) before the commencement of each service on a case-by-case basis called specific pre-approval; or (2) by the description in sufficient detail in an appendix to the Policy of particular services that the Audit Committee has generally approved, without the need for case-by-case consideration called general pre-approval. Unless a particular service has received general pre-approval, it must receive the specific pre-approval of the Committee, or one of its members to whom the Committee has delegated specific pre-approval authority. The appendix to the Policy describes the services which have received general pre-approval. These general pre-approvals allow the Company to engage the independent accountant for the enumerated services subject to fee limits per engagement and aggregate limits per service for a fiscal year. Any engagement of the independent public accountants pursuant to a general pre-approval must be reported to the Audit Committee at its next regular

meeting. The Audit Committee periodically reviews the services that have received general pre-approval and the associated ranges of fees. The Policy in no way delegates to management the Audit Committee's responsibility to pre-approve services performed by the independent public accountant.
