The Board of Directors

SunLink Health Systems, Inc.

900 Circle 75 Parkway, Suite 1120

Atlanta, Georgia 30339

Ladies and Gentlemen:

We received the attached letter dated January 23, 2008 from Robert M. Thornton, Jr., purporting to represent the views of the entire Board, and continue to be shocked at the nonchalant and cavalier approach to our offer by a company that continues to deteriorate financially and generate negative returns, quarter after quarter.

Mr. Thornton's belief that he is running his own personal candy store, if not so tragic for shareholders, would be comical. Apparently, he is severely misguided with respect to appropriate corporate governance practices and/or is receiving questionable advice about the Board's fiduciary duties to its shareholders.

We do not believe that Mr. Thornton speaks for the entire Board, as he purports to do. We do not believe that the Board has abrogated its fiduciary duties under the guise of a sham committee controlled and directed entirely by Mr. Thornton.

Mr. Thornton's letter is quite telling. Despite a significant premium to the current share price, you (according to Mr. Thornton) have apparently pre-rejected our offer as "cheap" and concluded with no legitimate process whatsoever that we are simply acting in our own economic interest to the potential detriment of other shareholders.

How can the Board remotely discharge its fiduciary duties to its shareholders and adequately consider and evaluate our offer and make a determination without at least meeting with us to obtain from us all pertinent information reasonably available concerning our offer? Do you (as Mr. Thornton implies) intend to make your decision in a vacuum, without the benefit of all material facts and circumstances that are readily available to you? If so, you would clearly be in derogation of your fiduciary duties to your shareholders under applicable law.

Moreover, Mr. Thornton's assertions that questions we have raised regarding the independence of the members of the Special Committee are not our concern and that the Board has no duty to respond to us, your second largest shareholder, are

---

incomprehensible and underscore our concerns. Contrary to Mr. Thornton's apparent confusion (or denial), the Board is marred with innumerable conflicting business, social and other personal relationships which demand a wholly independent committee with independent outside advisors not some makeshift strategic committee misleadingly characterized as a special committee advised by SunLink's own director-general counsel.

To entrust a sham committee comprised of members who may be motivated to act in their own self-interests or in a manner beholden to SunLink management (including Mr. Thornton himself) would be materially detrimental to the interests of all SunLink shareholders, who may be unjustly denied the opportunity to receive maximum value for their SunLink shares. How can Mr. Thornton legitimately think that these issues should not concern us or any other SunLink shareholder?

In the past 24 months, management has done nothing to enhance shareholder value and has impeded multiple transactions offering liquidity to shareholders at a premium to market price, resulting in a loss of over 40% of SunLink's market capitalization.

Our \$7.50 per share substantial premium offer would result in immediate liquidity and maximum value for all SunLink shareholders. Clearly, every SunLink shareholder has a vested interest in ensuring that this offer is fully and fairly considered by the Board, without Mr. Thornton's undue influence.

Be assured we are not going away quite the contrary. Not only are we your second largest shareholder, we have also been an ear for many of SunLink's other shareholders. You should be listening to the true owners of your company its public shareholders who have elected each of you to manage the business, properties and affairs of SunLink for our benefit and in our best interests.

While we are pleased to have had a preliminary discussion today with Stephens Inc. regarding the potential initiation of a communication process and look forward to working with them in that regard, we urge you, the entire Board, to act responsibly and in accordance with your fiduciary duties to your shareholders and take affirmative steps to arrange a principal-to-principal meeting with us as soon as possible.

Very truly yours,

**Berggruen Holdings North America Ltd.**

Berggruen Holdings North America LTD.  
1114 Avenue of the Americas, 41st Floor  
New York, New York 10036  
Attn: Jared Bluestein, Chief Operating Officer

Dear Mr. Bluestein:

On behalf of the Board of Directors of SunLink Health Systems, Inc., this will acknowledge receipt of your letters of January 11, and January 18, 2008.

In your letter of January 18, you complain that your concerns about the members of our so called Special Committee being independent and about the legal representation of that Committee have not been responded to. The Board has no duty to respond to you, an interested party who is attempting to force a quick, and if possible cheap, sale of SunLink, concerning such matters. In any event, you misunderstand the reasons for and the status of that committee. The Special Committee was formed to assist the Board in its efforts to make an informed decision about how to take the Company forward. The Board is charged with promoting the best interests of the Company and all shareholders and will make all decisions in furtherance of that duty. The Special Committee was not appointed by the Board because any conflict existed with management, or any member of the Board, and has no need or reason to be independent of the entire Board or, as you say, to have independent counsel different from SunLink's general counsel. With due respect, these issues are simply not your concern in any event.

Regarding your demand for inspection, SunLink's counsel will respond directly to your counsel as you requested. Finally, please note that the Board of Directors of SunLink has and will continue to perform its duties with care and diligence and will not be instructed about how to do so by third parties pursuing their own economic interests to the potential detriment of other shareholders. As stated in our recent press release, although the Board has not foreclosed any option, it will not approve efforts by any potential purchaser who seeks to acquire SunLink for less than its true value. The Board is evaluating the offer by Resurgence and SunLink will reply when that evaluation is concluded. No amount of drum beating, letter writing, inspection demands or other stirring the pot will change this.

Very truly yours,

Robert M. Thornton, Jr.  
Chairman of the Board of Directors
