PROXY STATEMENT FOR 2008 ANNUAL MEETING

The Board of Directors (the **Board**) of Pinnacle Financial Partners, Inc. (the **Company**) is furnishing this proxy statement in connection with its solicitation of proxies for use at the 2008 Annual Meeting of Shareholders (the **Meeting**) to be held at 11:00 a.m. CDT on Tuesday, April 15, 2008 at our main office located at 211 Commerce Street, Nashville, Tennessee 37201, and at any adjournments of the meeting. The enclosed proxy is solicited by the Board of Directors of the Company.

The purposes of the Meeting are to elect two Class I directors, six Class II directors, to ratify the appointment of the Company's independent registered public accounting firm and to transact such other business as may properly be brought before the Meeting or any adjournment thereof.

The close of business on March 1, 2008 is the record date for the determination of shareholders entitled to notice of, and to vote at, the Meeting. We first mailed this proxy statement and the accompanying proxy card to shareholders on March 14, 2008.

As of the close of business on the record date, the Company had 90,000,000 shares of common stock, \$1.00 par value per share (the **Common Stock**) authorized, of which 22,420,317 shares were issued and outstanding and 10,000,000 shares of preferred stock, no par value (the **Preferred Stock**) authorized, of which no shares were issued and outstanding. Each issued and outstanding share of Common Stock is entitled to one vote on all matters presented at the meeting.

Table of Contents

You can revoke your proxy at any time before it is voted by delivering to Mr. Hugh M. Queener, Corporate Secretary, Pinnacle Financial Partners, Inc., 211 Commerce Street, Suite 300, Nashville, Tennessee 37201, either a written revocation of the proxy or a duly executed proxy bearing a later date. You may also revoke your proxy by attending the Meeting and voting in person.

Shareholder Approval Requirements

A quorum will be present at the meeting if at least 11,210,159 shares of Common Stock are represented in person or by valid proxy at the Meeting, which is a majority of the Company's outstanding shares of Common Stock as of the record date. According to Tennessee law and the Company's Amended and Restated Charter and Bylaws, the aggregate number of votes entitled to be cast by all shareholders present in person or represented by proxy at the Meeting, whether those shareholders vote for, against or abstain from voting, together with all broker non-votes will be counted for purposes of determining whether a quorum is present.

Broker Proxies. Proxies that are returned to us where brokers have received instructions to vote on one or more proposals but do not vote on other proposal(s) are referred to as broker non-votes with respect to the proposal(s) not voted upon. Broker non-votes are included in determining the presence of a quorum.

Vote Required to Elect Directors. The affirmative vote of a plurality of the votes cast by the shareholders entitled to vote at the Meeting is required for the election of directors. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted in determining whether there is a quorum. Therefore, so long as a quorum is present, withholding authority will have no effect on whether one or more directors is elected.

The Company's Board of Directors has adopted Corporate Governance Guidelines, as described in more detail below, which provide that, should an incumbent director receive more **Withhold Authority** votes than **For** votes, that director shall tender his or her resignation to the Chairman of the Company's Board of Directors following the shareholder vote. Subsequently, the Company's Nominating and Corporate Governance Committee shall consider the relevant facts and circumstances, including the factors that may have given rise to the resulting shareholder vote and the service and qualifications of the impacted director(s), and recommend to the Company's Board of Directors within ninety days of the shareholder vote as to whether to accept or reject the resignation of the impacted director(s). The Company's Board of Directors shall also consider the relevant facts and circumstances as to whether to accept or reject the Nominating and Corporate Governance Committee's recommendation. Subsequently, the Company shall describe a full explanation of the above process and the decisions reached in a Form 8-K filing with the Securities and Exchange Commission. Any director who tenders his resignation pursuant to this provision shall not participate in any discussion or recommendation related to the above process.

Vote Required to Ratify the Appointment of KPMG LLP and Other Matters. The ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the 2008 fiscal year and any matter other than that enumerated above that properly comes before the Meeting will also be approved if the number of shares of Common Stock voted in favor of the proposal exceeds the number of shares of Common Stock voted against it. A properly executed proxy marked **ABSTAIN** with respect to a proposal will not be voted on that proposal, although it will be counted in determining whether there is a quorum. Therefore, abstaining from voting on the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm and any other proposal that properly comes before the Meeting will have no effect on whether the proposal is approved so long as a quorum is present.

Proxy Solicitation

Although the Company does not currently plan to engage a proxy solicitation firm, the Company will pay the cost of proxy solicitation. Our directors, officers and employees may, without additional compensation, solicit proxies by personal interview, telephone, fax, or otherwise. We will direct brokerage firms or other custodians, nominees or fiduciaries to forward our proxy solicitation material to the beneficial owners of Common Stock held of record by these institutions and will reimburse them for the reasonable out-of-pocket expenses they incur in connection with this process.

Shareholder Proposals for Next Year's Meeting

In order for shareholder proposals for the 2009 Annual Meeting of Shareholders to be eligible for inclusion in the Company's 2009 Proxy Statement, all such proposals must be mailed to Hugh M. Queener, Corporate Secretary, Pinnacle Financial Partners, Inc., 211 Commerce Street, Suite 300, Nashville, Tennessee 37201, and must be received no later than the close of business on November 14, 2008. After this date, a shareholder who intends to raise a proposal to be acted upon at the 2009 Annual Meeting of Shareholders, but who does not desire to include the proposal in the Company's 2009 Proxy Statement, must inform the Company in writing no later than January 28, 2009. If notice is not provided by that date, such notice will be considered untimely and the Board may exclude such proposals from being acted upon at the 2009 Annual Meeting of Shareholders. Further, if the Board elects not to exclude the proposal from consideration at the meeting (although not included in the Proxy Statement), the persons named as proxies in the Company's proxy for the 2009 Annual Meeting of Shareholders may exercise their discretionary authority to act upon any such proposal.

CORPORATE GOVERNANCE

The Company has developed sound corporate governance principles which it believes are essential to running the Company's business efficiently and to maintaining the Company's integrity in the marketplace.

Corporate Governance Guidelines

The Company's Board has established a set of Corporate Governance Guidelines which are set forth in Appendix A of this Proxy Statement. These guidelines address such matters as director qualifications, director nominations, board composition, director meetings, board committees and other matters. The Board believes such guidelines to be appropriate for the Company in its effort to maintain best practices as to corporate governance. You may also access a copy of the Company's Corporate Governance Guidelines on the Corporate Governance section of the Company's website at www.pnfp.com.

Director Independence

The Board has determined that each of the following directors is an independent director within the meaning of NASDAQ Marketplace Rule 4200(a)(15) :

Harold Gordon Bone;	Gregory L. Burns;
Colleen Conway-Welch;	James C. Cope;
William H. Huddleston, IV;	Clay T. Jackson;
Hal N. Pennington;	Dale W. Polley;
Dr. Wayne J. Riley;	James L. Shaub, II; and
Reese L. Smith, III.	

The Board also determined that Ms. Sue G. Atkinson did not meet the definition of an independent director within the meaning of NASDAQ Marketplace Rule 4200(a)(15) due to the relationship the Company has with her public relations firm and the services her firm provides the Company on an ongoing basis.

Table of Contents

When considering the independence of Mr. Jackson, the Nominating and Corporate Governance Committee of the Board considered those transactions described below under Certain Relationships and Related Transactions. When considering the independence of Mr. Cope, the Nominating and Corporate Governance Committee and the Board of Directors considered the services provided to the Company by the law firm of which Mr. Cope is a partner. When considering the independence of Mr. Huddleston, the Nominating and Corporate Governance Committee and the Board of Directors considered the engineering work performed for the Company by the engineering firm of which Mr. Huddleston is the President.

During 2007, the independent directors held two meetings at which only independent directors were present. For both of the meetings, the independent directors elected Dale W. Polley to be the chairperson for the meeting. For 2008, the independent directors have determined that the chairman of the Company's Nominating and Corporate Governance Committee, Hal N. Pennington, will serve as lead independent director and preside as chairman at such meetings.

Director Qualifications

The Company's Corporate Governance Guidelines contain certain criteria that apply to nominees for a position on the Company's Board. The Company's Board and its Nominating and Corporate Governance Committee have also adopted procedures for the evaluation of director candidates (the Nominee Procedures) that contain certain minimum qualifications for candidates, including those identified by the Company's shareholders. The Company's Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee will annually review with the Board the composition of the Board as a whole and will consider with the Board the current composition of the Board in an effort to ensure that the members of the Board have a diversity of age, skills and experience in the context of the needs of the Board.

The Nominee Procedures provide that the Nominating and Corporate Governance Committee may consider whatever factors it deems appropriate in its assessment of a candidate for board membership and that candidates nominated to serve as directors will, at a minimum, in the Committee's judgment:

be able to represent the interests of the Company and all of its shareholders and not be disposed by affiliation or interest to favor any individual, group or class of shareholders or other constituency;

meet the minimum qualifications for directors set forth in the Corporate Governance Guidelines and fulfill the needs of the Board at that time in terms of age, diversity, experience and expertise; and

possess the background and demonstrated ability to contribute to the performance by the Board of its collective responsibilities, through senior executive management experience, relevant professional or academic distinction, and/or a record of relevant civic and community leadership.

In addition to these minimum qualifications, the Nominating and Corporate Governance Committee may also consider whether the candidate:

is of the highest ethical character and shares the core values of the Company as reflected in the Company's Corporate Governance Guidelines and the Company's Code of Conduct;

has a reputation, both personal and professional, consistent with the image and reputation of the Company;

is highly accomplished in the candidate's field;

has expertise and experience that would complement the expertise and experience of other members of the Board;

has the ability to exercise sound business judgment; and

Table of Contents

is independent as such term is defined by the NASDAQ Marketplace rules and the applicable provisions of the Securities Exchange Act of 1934, as amended (the Exchange Act).

Service Limitations for other Public Company Boards of Directors

The Company's Corporate Governance Guidelines limit the number of public company boards of directors on which the Company's directors may serve. Generally, non-employee directors may serve on the Company's board of directors and no more than three other public company boards, unless the non-employee director is the chief executive officer of a public company, in which case the limitation is reduced to two other public company boards. Employee directors are limited to the Company's board of directors plus two other public company boards.

Stock Ownership Guidelines

All of the Company's directors are encouraged to maintain a meaningful personal ownership of Common Stock in excess of minimum guidelines established by the Nominating and Corporate Governance Committee. Generally, the guidelines require that directors own shares with a value of approximately three times the average annual compensation paid a board member, provided that until such level is reached, the minimum level may be satisfied by the retention of ownership of all restricted shares granted that have vested, if any. All of the Company's directors are in compliance with the minimum guidelines.

Process for Identifying Candidates

The Nominating and Corporate Governance Committee seeks to identify potential candidates for membership on the Company's Board through conversations with members of the Board, senior management and other members of the community served by the Company.

The Nominating and Corporate Governance Committee also considers nominees proposed by the Company's shareholders in accordance with the provisions contained in the Company's Bylaws. The Nominating and Corporate Governance Committee considers candidates recommended by the Company's shareholders within the context of the criteria and procedures described in the Nominee Procedures and under the Director Qualifications and Evaluation of Candidate sections of this proxy statement. Under the Company's Bylaws, any shareholder may nominate a person for election to the Company's Board at the Meeting, provided that the nomination is received by the Secretary of the Company no later than March 16, 2008. Each nomination submitted in this manner shall include the name and address of the nominee(s) and all other information with respect to the nominee as required to be disclosed in the proxy statement for the election of directors under applicable rules of the Securities and Exchange Commission, including the nominee's consent to being named as a nominee and to serving as a director, if elected. Additionally, the nominating shareholder must provide his or her name and address as it appears in the stock records of the Company and the number of shares of Common Stock beneficially owned by the shareholder.

Evaluation of Candidates

The Nominating and Corporate Governance Committee will consider all candidates nominated through the processes described above. The chair of the Nominating and Corporate Governance Committee will preliminarily assess a candidate's qualifications and suitability, working with staff support and seeking input from the Board, and report such assessment as promptly as practicable to the Nominating and Corporate Governance Committee members. When feasible, the chair of the Nominating and Corporate Governance Committee will interview candidates whom the chair believes are likely to meet the criteria for board membership as part of the preliminary assessment process. The report may be made to the Nominating and

Table of Contents

Corporate Governance Committee at a meeting of the committee or informally to each committee member between meetings.

If it is the consensus of the Nominating and Corporate Governance Committee that a candidate is likely to meet the criteria for Board membership, the chair of the Nominating and Corporate Governance Committee will advise the candidate of the committee's preliminary interest and, if the candidate expresses sufficient interest, with the assistance of the Company's corporate secretary's office, will arrange interviews of the candidate with one or more members of the Nominating and Corporate Governance Committee and senior management of the Company, and request such additional information from the candidate as the committee deems appropriate. The Nominating and Corporate Governance Committee of the Company will consider the candidate's qualifications, including the individual's background, skills and abilities, and whether such characteristics are consistent with the Company's Corporate Governance Guidelines and the qualifications set forth in the Nominee Procedures and whether the candidate's qualifications and characteristics fulfill the needs of the Board at that time. The Nominating and Corporate Governance Committee will then confer and reach a collective assessment as to the qualifications and suitability of the candidate for membership on the Company's Board. On the basis of its assessment, the Nominating and Corporate Governance Committee will formally consider whether to recommend the candidate's nomination for election to the Board.

Code of Conduct

The Company has a code of conduct that applies to the Company's associates and directors. The purpose of the code of conduct is to, among other things, provide written standards that are reasonably designed to deter wrongdoing and to promote honest and ethical conduct; full, fair, accurate, timely and understandable disclosure in reports and documents that the Company files with the Securities and Exchange Commission and other public communications by the Company; compliance with applicable governmental laws, rules and regulations; prompt internal reporting of violations of the code of conduct; and accountability for adherence to the code of conduct. Each director and associate is required to read and certify annually that he or she has read, understands and will comply with the code of conduct.

Under the Sarbanes-Oxley Act of 2002 and the Securities and Exchange Commission's related rules, the Company is required to disclose whether it has adopted a code of ethics that applies to the Company's principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions. The Company's chief executive officer and senior financial officers are bound by the Company's code of conduct which contains provisions consistent with the Securities and Exchange Commission's description of a code of ethics.

A copy of the Company's code of conduct can be obtained from the Corporate Governance section of the Company's website at www.pnfp.com. The Company intends to disclose any legally required amendments to, or waivers from, the code of conduct with respect to its directors and officers in accordance with the rules and regulations of the Securities and Exchange Commission and the NASDAQ Stock Market. If such disclosure is made on the Company's website it will be located in the Investor Relations section of the Company's website at www.pnfp.com.

Communications with Members of the Board

The Company's Board has established procedures for the Company's shareholders to communicate with members of the Board. Shareholders may communicate with any of the Company's directors, including the chairperson of any of the committees of the Board, by writing to a director c/o Pinnacle Financial Partners, Inc., 211 Commerce Street, Suite 300, Nashville, Tennessee 37201.

Board Member Attendance at Annual Meeting

The Company encourages each member of the Board to attend the Annual Meeting of Shareholders. All of the Company's directors who served on the Board at that time attended the 2007 Annual Meeting of Shareholders except Mrs. Conway-Welch and Mr. Burns.

PROPOSAL #1: ELECTION OF DIRECTORS

The Company's Bylaws provide that the Board shall consist of not less than five (5) nor more than twenty-five (25) directors, and shall be divided into three classes, each class to be as nearly equal in number as practicable.

Pursuant to the terms of the merger agreement between the Company and Mid-America Bancshares, Inc., a Tennessee corporation (Mid-America), the Company increased the size of the Board and appointed three of Mid-America's directors to the Board upon the closing of the merger. Effective November 30, 2007, the closing date of the merger, Harold Gordon Bone, David Major and Gary L. Scott were elected to the Company's Board. Mr. Major has been appointed as a Class II director while Mr. Bone and Mr. Scott have each been appointed as Class I directors. Messrs. Bone, Major and Scott were each recommended to the Nominating and Corporate Governance Committee by the board of directors of Mid-America.

On December 18, 2007, Dr. Wayne J. Riley was elected by the Board of Directors as a Class II director after being recommended to the Board by the Nominating and Corporate Governance Committee. Dr. Riley was recommended to the Nominating and Corporate Governance Committee for consideration based on input from several of the independent board members.

Messrs. Bone, Major, Riley and Scott have been recommended to the Board for nomination by the Nominating and Corporate Governance Committee and nominated by the Board to serve as directors in the classes identified below. If elected, Messrs. Scott and Bone will serve until the Company's 2010 annual meeting of shareholders and until their successors are duly elected and qualified and Messrs. Major and Riley will serve until the Company's 2011 annual meeting of shareholders and until their successors are duly elected and qualified.

The terms for four (4) of the Company's incumbent Class II directors expire at the 2008 Annual Meeting. These directors are James C. Cope, William H. Huddleston, IV, Robert A. McCabe, Jr., and Hal N. Pennington. The nomination of directors Cope, Huddleston, McCabe and Pennington for their re-election to another three-year term has been recommended by the Nominating and Corporate Governance Committee and approved by the Board. The Nominating and Corporate Governance Committee has determined that Messrs. Cope, Huddleston and Pennington qualify as independent under the NASDAQ Marketplace rules requiring that a majority of the Board meet required independence criteria. There are five (5) directors whose terms expire at the 2009 annual meeting and six (6) other directors whose terms expire at the 2010 annual meeting. In each case, directors are elected until their respective successors are duly elected and qualified. At each annual meeting, one class of directors is elected for a three-year term.

Unless a proxy specifies otherwise, the persons named in the proxy will vote the shares covered thereby **FOR** the nominees as listed. Each nominee has consented to be a candidate and to serve, if elected. While the Board has no reason to believe that any nominee will be unavailable, if such an event should occur, it is intended that such shares will be voted for substitute nominee(s) as selected by the Board.

All of the Company's directors also currently serve as directors of the Company's wholly-owned subsidiary, Pinnacle National Bank (the Bank), Nashville, Tennessee.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The duties and responsibilities of the Human Resources and Compensation Committee (the Committee) include, among other things, overseeing the Company's overall executive compensation philosophy; measuring performance with respect to established goals and objectives; designing the components for all executive compensation; and establishing compensation for the Chief Executive Officer and the other Named Executive Officers. The Committee is composed of four independent directors.

Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer and the Chief Financial Officer during fiscal 2007, as well as the other individuals included in the Summary Compensation Table, are referred to as the Named Executive Officers. These individuals are considered the Company's executive officers for purposes of the applicable rules of the Securities and Exchange Commission (SEC). Additionally, the Company has established a Leadership Team which is composed of the Named Executive Officers and other members of senior management of the Company.

Compensation Philosophy The attraction and retention of experienced and high-achieving senior executives that can enhance the Company's performance and shareholder returns is an essential element of the Company's long term strategy. This strategy has resulted in the Company's growth from a start up institution to the second largest banking organization in Tennessee in less than eight years, despite intensifying competition for experienced bankers in the Company's markets. The Committee believes that consistent with the Company's need to continue to retain executives who can drive high performance by the organization, it should provide significantly above peer overall compensation if the Company's performance is significantly

Table of Contents

above that of peer financial institutions and the Company's compensation system is designed to reward executive officers for superior performance. Conversely, overall compensation levels should be reduced if high performance financial and strategic objectives are not met.

The Committee makes all compensation decisions for the Named Executive Officers, including establishing the framework on how these executives are compensated, and approves recommendations regarding equity awards to all associates, not just the executives, of the Company. The Committee receives recommendations concerning these decisions from the Chief Executive Officer.

Decisions regarding the non-equity compensation of members of the Leadership Team who are not Named Executive Officers are made by the Chief Executive Officer in consultation with each Leadership Team member's supervisor. For these officers, the Chief Executive Officer is responsible for establishing the framework on how these individuals are compensated. These decisions, including salary adjustments and annual equity and non-equity incentive plan award amounts, are ultimately presented to the Committee for review and approval. As is the case with the Named Executive Officers, the Committee can exercise its discretion in modifying any recommended adjustments or awards to these individuals.

Components of Executive Compensation The Committee has determined that it can accomplish its executive compensation objectives by utilizing three primary elements of executive compensation:

Base Salary

Annual Cash Incentive; and

Long-term Equity Compensation.

Base Salary - Base salary is designed to provide appropriate levels of compensation to the executive. Salaries for the Company's executive officers are reviewed annually and are based on:

Job scope and responsibilities;

Competitive salaries for similar positions at peer institutions; and

Other factors, including corporate and individual performance.

Annual Cash Incentive Plan - All non-commissioned associates of the Company are eligible for participation in the Annual Cash Incentive Plan which for 2007 provided targeted cash incentive plan payments to the participants at various levels. For the Named Executive Officers and certain other Leadership Team members, the targeted annual cash award ranged from 30% to 100% of the officer's base salary. The Committee is responsible for administering the Annual Cash Incentive Plan. For all participants, the award is based on certain soundness thresholds and an annual earnings per share target. The Company believes that a single plan with the same soundness thresholds and earnings per share targets for both executives and all other associates promotes a strong sense of teamwork within the firm. Furthermore, using a combination of an annual earnings per share target and a longer-term soundness threshold creates balance such that future performance is not sacrificed for the benefit of current period results.

The Annual Cash Incentive Plan is structured such that the Committee may increase payouts if the Company's actual performance for the calendar year exceeded pre-established performance targets or decrease or eliminate payouts if performance was less than the pre-established performance targets. Additionally, all participants must meet their individual goals and objectives in their annual performance reviews to receive any payouts under the Annual Cash Incentive Plan. The Chief Executive Officer of the Company also had discretionary authority to increase or decrease any participant's award, other than a Named Executive Officer, by specified percentages. The Committee has the discretion to adjust goals to reflect unusual circumstances. For example, in 2005 and 2006, the Committee determined that the merger related

Table of Contents

charges associated with the Cavalry acquisition should be excluded for purposes of determining whether the annual earnings per share target was achieved. In 2007, the Committee determined that the merger related charges associated with the Mid-America acquisition as well as the impact of the Company's denovo expansion into the Knoxville, Tennessee market should also be excluded for purposes of determining whether the 2007 earnings per share target was achieved.

Long-term Equity Compensation Incentive Plans. In 2004, the Company's Board adopted, and the Company's shareholders approved, the Company's 2004 Equity Incentive Plan, as amended on April 19, 2005, May 17, 2006 and November 27, 2007 (the "2004 Plan"). Under the terms of the 2004 Plan, the Company's associates are eligible to receive equity-based incentive awards including stock options, stock appreciation awards, restricted shares of the Company's common stock, restricted stock units, performance shares or units and performance-based cash compensation.

The Committee believes that equity-based, long-term compensation programs link the interests of senior management, both individually and as a team, to the long-term interests of the Company's stockholders. In 2007, the Committee granted awards to the Company's Named Executive Officers and other Leadership Team members, as follows:

Stock Options. Named Executive Officers and other Leadership Team members received stock option awards during 2007. All such stock options are ten year options that vest ratably over the five-year period after grant and have value only to the extent that the Company's common stock price is above the grant price during the exercise period after vesting. This compensation element is totally at-risk in the event that the stock price falls below the grant price over the exercise period. Conversely, the more the stock price increases, the greater the compensation to the executives. Stock options are typically granted at the Committee's meeting in January when the overall annual compensation for the Named Executive Officers is determined and shortly after the public announcement of the Company's fourth quarter and prior year annual financial results. Options are usually granted to new employees at the Committee meeting following the date that employment begins.

Restricted Stock. Consistent with previous periods, the Committee also granted shares of restricted stock to the Named Executive Officers and other Leadership Team members. The forfeiture restrictions of these shares awarded in January 2007 were tied to the achievement of certain soundness and profitability thresholds as prescribed by the Company's 2007 Annual Cash Incentive Plan performance target and the performance targets for 2008 and 2009 as set forth in the Company's three-year strategic plan which was approved by the Company's Board of Directors in July of 2007.

Measuring Performance - The Board has established a strategic framework consisting of 20 financial and other measures in the critically important areas of soundness, profitability, growth and market effectiveness. The Board has established long-term targets and annual targets for the current and next two years for each of these performance measures. These measurements primarily include categories which are widely known in the banking industry as well as several internally developed benchmarks as follows:

Soundness

Criticized/classified assets to capital	Tangible equity ratio
Nonperforming loans to total loans	Past due loans > 30 days
Net charged-off loans to average loans	Tier 1 leverage ratio
Total risk based capital ratio	Net noncore funding dependency

Table of Contents***Profitability***

Return on average assets	Return on average equity
Fully-diluted earnings per share	Efficiency ratio
Total noninterest income to total revenues	Net interest margin

Growth

Growth in earnings per share year over year	Growth in deposits year over year
---	-----------------------------------

Market Effectiveness

Deposit market share	Associate retention rates
Internal operational quality index	Internal service quality measurements

The key performance measures noted above are integral parts of the Company's strategic planning efforts. Annually, these measurements are reviewed and, in some cases, the measures or targets are modified by the Board. These measurements provide a basis for making qualitative judgments about performance and its implication on compensation and incentive awards for the Company's executive officers, particularly the Named Executive Officers.

Review of Committee's 2007 Compensation Process

The Committee's process for determining the compensation of M. Terry Turner, the Company's CEO, and the Company's other Named Executive Officers, involved several steps and included such items as the establishment of an appropriate basis for benchmarking; benchmarking bank performance relative to peers on key measures including those that are highly correlated to share price performance; making qualitative and quantitative judgments regarding the market equity of the Named Executive Officers versus benchmark ranges; profiling targeted compensation and developing a change plan to implement the results of the process, if necessary. The Committee has elected to engage an outside consultant, Mercer Human Resource Consulting LLC (Mercer) since 2005, to assist in the process and review the Named Executive Officer's compensation.

In order to establish the Named Executive Officers' compensation in 2007, the Company used a peer group established by Mercer as the basis for determining executive compensation. The Committee believes that Mercer produced relevant and reliable information in order to assess the competitive landscape for bank executives with comparable job scope. The 2007 Mercer study was presented to the Committee in November 2006.

For 2007 executive compensation, the Committee determined, based on discussions with Mercer, that compensation for a select peer group of banking organizations with assets of \$1.2 billion to \$4.2 billion was an appropriate benchmark for the Company. The peer group was comprised of the following organizations:

First Charter Corporation	Charlotte, NC
Sterling Bancshares	Houston, TX
PrivateBancorp, Inc.	Chicago, IL
Western Alliance Bancorp.	Las Vegas, NV
Prosperity Bancshares, Inc.	Houston, TX
Texas Capital Bancshares	Dallas, TX
Republic Bancorp, Inc.	Louisville, KY
Old Second Bancorp, Inc.	Aurora, IL
Bank of the Ozarks, Inc.	Little Rock, AR
Southwest Bancorp, Inc.	Stillwater, OK
Seacoast Banking Corporation	Stuart, FL

Mercantile Bank Corp.	Grand Rapids, MI
Virginia Commerce Bancorp, Inc.	Arlington, VA
Fidelity Southern Corp.	Atlanta, GA
Summit Bancshares, Inc.	Ft. Worth, TX

Mercer provided the Committee with comparisons of the Company's results to the peer group's results for the last year and the last three years, for the following measurements:

Fully diluted EPS growth	Net income growth
Return on average equity	Return on average assets
Revenue per share growth	Asset growth
Net charge-off ratios	Nonperforming asset ratios
Total shareholder return	Market value to book value ratio
Expenses as a percentage of sales	Book value per share growth

Mercer noted that the Company's performance for the above measures on an unweighted basis resulted in the Company performing at the 74th percentile while the Company performed in the top quartile for the profitability; growth and total shareholder return measurements. In its November 2006 study, Mercer also noted that the Company's total executive compensation historically approximated the market median (50th percentile) in 2005 and that cash compensation historically was less than the 50th percentile. As to 2006 compensation, Mercer noted that the Company's cash compensation remained below the 50th percentile of the peer group while equity compensation approximated the 75th percentile. Mercer noted that some of the discrepancy between performance and compensation was likely due to the rapid growth of the Company and the size of companies in the peer group.

In developing its peer comparisons, Mercer compared the Company's Named Executive Officers' compensation to those of the peer group. Mercer also surveyed a broader group of companies utilizing Mercer's 2007 America's Executive Remuneration Database and Wyatt's 2007 Report on Top Management Compensation with both of these surveys including over 150 financial services companies. The following details how the Company's positions were matched to those of the peer group and the compensation survey:

Named Executive Officer	Position	November 2006 Peer Study Match	Mercer Compensation Survey Match
M. Terry Turner	President and CEO	CEO	President and CEO
Robert McCabe, Jr.	Chairman	2 nd highest paid executive	Non CEO Chairman
Hugh M. Queener	Chief Admin. Officer	3 rd highest paid executive	Chief Admin. Officer
Harold R. Carpenter	Chief Financial Officer	CFO	CFO
Charles B. McMahan	Chief Credit Officer	5 th highest paid executive	Blend of top lending and credit executive

Mercer provided several recommendations to the Committee as follows:

- Increase salaries as the executives' base salaries historically were generally below the 50th percentile of peer banking organizations.
- The annual cash incentive plan should be better calibrated with annual EPS growth, since the plan payouts have not kept up with the historical EPS growth.
- Long-term incentives and performance based incentives should be flexed so that once the base salary and the total compensation levels are determined, long-term incentives and performance-based incentives should

represent the difference between the two.

- While the Company's practice of granting equity compensation deep into the organization has produced the desired results, in the future the Committee should consider greater

Table of Contents

utilization of restricted share awards to provide similar compensation and incentives to associates, yet reduce the burn rate of the shares authorized in the 2004 Equity Incentive Plan.

- Executives should have the opportunity to earn top quartile pay for top quartile performance by the Company.

The Committee recognized that because of the Company's relatively high growth rate, each year Mercer's peer group for executive compensation includes larger companies which generally pay higher salaries and total compensation than those compared in earlier years. As a result peer group salary and total executive compensation will increase at a greater rate than it would in the absence of such growth in assets. In addition to the Mercer November 2006 study, the Committee considered other relevant matters such as competitor efforts to hire Company executives, the degree of difficulty in the annual and long-range performance targets, affordability and other matters the Committee deemed important. The Chief Executive Officer provided input on these matters to the Committee and advised that he concurred with Mercer's recommendations. In establishing the Named Executive Officers compensation, the Committee noted that the executives had led the Company to outstanding levels of performance in soundness, profitability, growth and market effectiveness on both an annual and long-term basis, and that shareholders had directly benefited from their leadership.

Target Compensation for the Named Executive Officers for 2007 As a result, the Committee established benchmarks for compensation of the Company's Named Executive Officers in 2007. Generally, the Committee established that base salary should be set at the 60th percentile of the Mercer November 2006 peer group while total compensation opportunity should be set at the 75th percentile. The Committee noted that due to Mr. McCabe's significant role and responsibilities, his compensation should remain at approximately 95% of Mr. Turner's compensation. Cash incentive target awards were consistent with those for 2006 and consistent with Mercer's recommendation to better correlate total cash compensation with the Company's significant historical EPS growth. Equity compensation was calculated based on the difference between total targeted compensation and targeted cash compensation. The following is a summary of the significant elements of Named Executive Officer compensation for 2007:

Named Executive Officer	Base Salary	Cash Incentive Target Award as a Percentage of Base Salary	Equity Compensation	Total Target Compensation
M. Terry Turner	\$532,000	100%	\$400,000	\$1,464,000
Robert McCabe, Jr.	505,400	100%	380,000	1,390,800
Hugh M. Queener	280,000	85%	200,000	718,000
Harold R. Carpenter	275,000	75%	150,000	617,500
Charles B. McMahan	186,000	75%	60,000	376,200

For the above equity compensation awards, the Committee determined that 33% of the award should be in the form of performance-based restricted shares with the remaining 67% being in the form of nonqualified stock options that vest in 20% increments for the five years following the grant date. The performance goals for the restricted shares were calculated in the same fashion described above for other members of the Leadership Team. The number of stock option grants and restricted shares awarded was determined on the same basis as the Company uses to determine equity compensation expense in its consolidated financial statements pursuant to SFAS 123 (revised) Share Based Payment. On January 19, 2007 (the date the Committee approved the Named Executive Officer's 2007 compensation), the Company's common stock closed at \$31.25 per share on the NASDAQ Global Select Markets; thus the restricted

share awards were valued at \$31.25 per share while the nonqualified stock options were valued at \$11.39 per option grant pursuant to the Black-Scholes valuation model.

In establishing the components for the CEO's 2007 compensation, the Committee believed that a significant portion of the compensation should be at risk and based on the achievement of performance targets. The Committee determined that if performance targets were met, then compensation would be enhanced for meeting those goals and objectives. If performance targets were not met, compensation would be negatively impacted. The Committee also determined that outstanding results should provide for significantly enhanced compensation.

The Committee concluded that approximately 64% of the CEO's compensation for 2007 (compared to 54% in 2005) was considered at risk with approximately 36% in the form of base salary. This mix of fixed versus at-risk compensation was considered appropriate by the Committee. Furthermore, the Committee concluded that approximately 57% of the CEO's at-risk compensation for 2007 was in the form of cash incentives and 43% was in the form of equity compensation incentives. As to the other Named Executive Officers, Mr. McCabe's compensation was also approximately 64% at risk, while Mr. Queener's was 61% at risk; Mr. Carpenter's was 55% at risk and Mr. McMahan's was 51% at risk. The Committee concluded that such a mix of at risk compensation was consistent with the Mercer recommendations noted above and appropriate given each Named Executive Officer's role and responsibilities.

Additionally, although other peer banking organizations use additional forms of compensation, particularly pensions and deferred compensation, it is the view of the Committee and management that total compensation and wealth accumulation for the Company's CEO and the other Named Executive Officers should be largely comprised of 1) direct cash compensation (salary and cash incentive) and 2) equity-based compensation (stock options and restricted shares) which reward achievement of the firm's goals and objectives and the creation of long-term shareholder value. However, in setting the annual compensation of Messrs. Turner, McCabe, Queener and Carpenter, the Committee considers the impact of the amounts payable to these executives upon death, disability and termination of employment, both before and after a change in control, under their employment agreements with the Company, the terms of which are described in more detail below.

Status of 2007 At Risk Compensation as of March 1, 2008. In January 2008, the Committee determined that, while achieving its soundness thresholds, the Company did not meet its earnings per share targets for the 2007 Annual Cash Incentive Plan even though earnings growth for the Company was very favorable in comparison to the Company's peer group. The soundness threshold required that criticized and classified assets be less than 25% of Tier 1 capital at December 31, 2007. At December 31, 2007, this ratio was 15.5%. The annual earnings per share target for 2007 which would have resulted in a 100% target payout was \$1.52 per fully diluted share, or \$1.44 per fully-diluted share after considering the impact of the Knoxville expansion which the Committee determined in February 2008 was appropriate to do so based on the anticipated results of the Knoxville expansion and the strategic benefits of pursuing this opportunity. For 2007, the Company's fully-diluted earnings per share amounted to \$1.36 per share excluding the impact of merger-related charges, or \$1.34 per share including the impact of merger-related charges. The 2007 Annual Cash Incentive Plan provided for incentive payments at 20% of the targeted award should fully diluted earnings per share excluding merger related charges be less than \$1.37 per share. On January 18, 2008, the Committee exercising discretion permitted under the terms of the 2007 Annual Cash Incentive Plan approved the payment of cash incentive awards under the Company's 2007 Annual Cash Incentive Plan at a percentage that was generally higher than that otherwise payable under the terms of the plan, except for the Named Executive Officers. In accordance with the Named Executive Officers' request, the Named Executive Officers did not receive any cash incentive payments under the 2007 Cash Incentive Plan thus allowing for other associates of the Company to receive a payment in excess of the amount provided for by the 2007 Annual Cash Incentive Plan.

Table of Contents

As to equity compensation, on January 19, 2007, Mr. Turner was awarded 23,412 nonqualified stock options (valued at \$252,381); Mr. McCabe was awarded 22,242 options (valued at \$239,769); Mr. Queener was awarded 11,706 options (valued at \$126,191); Mr. Carpenter was awarded 8,780 options (valued at \$94,648) and Mr. McMahan was awarded 3,278 options (valued at \$35,337). The exercise price was \$31.25 per share with a Black-Scholes valuation of \$10.78 per share as of January 19, 2007. On February 29, 2008, the closing market price of the Company's Common Stock was \$22.94 per share, significantly below the exercise price of these options. The Black-Scholes valuation on that date was \$6.75 per share resulting in an aggregate fair value for these options as of February 29, 2008 of \$158,031, \$150,133, \$79,016, \$59,265 and \$22,127, respectively.

The Committee also approved the restricted share awards on January 19, 2007 establishing on that date the performance criteria for the first year of the award as the same criteria as that in the 2007 Annual Cash Incentive Plan (Criticized and classified assets be less than 25% of Tier 1 capital and an earnings target of \$1.44 per fully-diluted share). In accordance with the January 19, 2007 approval, the vesting criteria for the second and third years of the performance period were set at the Committee's meeting following the full Board's June 2007 strategic planning meeting. The performance targets for the 2008 and 2009 tranches were based upon a soundness threshold and earnings per share targets for fiscal years 2008 and 2009 adopted at that meeting. The restrictions associated with the restricted shares awarded to the Named Executive Officers and other Leadership Team members in 2007 lapse in 33.3% increments upon the achievement of the performance targets for each fiscal year in the three-year performance period or for the entire three-year period in the event the one year targets are not met but the targets established for the three-year period are met on a cumulative basis. Therefore, the incentive is only earned if senior management effectively manages the Company to achieve sustained longer-term performance within certain earnings per share and soundness thresholds.

Thus, the Named Executive Officers and the other Leadership Team members will have during each fiscal year an opportunity to vest restricted share awards should the Company's performance meet the soundness and earnings per share performance thresholds established for that fiscal year and the previous two fiscal years. The following is a discussion of the status of the 2007 performance (i.e., soundness threshold and fully diluted earnings per share) targets for restricted share awards issued over the last three years:

- § **2007 Award** - The soundness threshold of less than 25% criticized and classified assets in relation to Tier 1 capital was achieved. However, the 2007 earnings target of \$1.52 per fully diluted share, or \$1.44 per fully diluted share as the target amount had been adjusted by the Committee to take into account expenses expected to be incurred in connection with the Company's Knoxville expansion, was not achieved, and the restrictions associated with the 2007 tranche of the 2007 award have not been released.
- § **2006 Award** - The soundness threshold of less than 25% criticized and classified assets in relation to Tier 1 capital was achieved. However, the 2007 earnings target associated with the 2006 award of \$1.55 per fully diluted share, or \$1.47 per fully diluted share as the target amount had been adjusted by the Committee to take into account expenses expected to be incurred in connection with the Company's Knoxville expansion, was not achieved, and the restrictions associated with the 2007 tranche of the 2006 award have also not been released.
- § **2005 Award** - The soundness threshold of less than 25% criticized and classified assets in relation to Tier 1 capital was achieved. The 2007 earnings target associated with the 2005 award of \$1.48 per fully diluted share, or \$1.40 per fully diluted share as the target amount had been adjusted by the Committee to take into account expenses expected to be incurred in connection with the Company's Knoxville expansion, was not achieved. The

Table of Contents

Committee determined in February 2008 to adjust the three-year cumulative fully diluted earnings per share target of \$3.48 associated with the 2005 award to exclude the impact of the Company's Knoxville expansion so that as adjusted the three-year cumulative target was \$3.40 per fully diluted share. The Committee also determined that the Company's cumulative earnings per diluted share for the three year period, as adjusted for the merger related expenses totaled \$3.46, and as such the restrictions associated with the 2007 tranche of the 2005 award have been released.

The result of the Company's 2007 performance resulted in total compensation for the Named Executive Officers that was substantially less than the total target compensation approved by the Committee in January 2007, since these executives did not receive any cash incentive award pursuant to the 2007 Annual Cash Incentive Plan, only the 2005 award for restricted shares with 2007 performance targets vested, and stock options granted in 2007 have exercise prices that exceed the current market price of the Company's common stock.

Federal Income Tax Deductibility Limitations

The Committee believes it is appropriate to take into account the \$1,000,000 limit on the deductibility of executive compensation for federal income tax purposes pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended, and to seek to qualify the Company's performance-based cash and equity-based compensation for exclusions from Section 162(m) so such compensation will qualify as a tax deductible expense. The Committee will continue to evaluate whether it will approve annual compensation arrangements exceeding \$1,000,000 and whether it will attempt to qualify any such amounts for deductibility under the federal tax laws.

2008 Compensation Update

The previous discussion primarily addressed our compensation philosophies, processes and results for the fiscal year ended December 31, 2007. With the acquisition of Mid-America Bancshares, Inc. and the resulting increase in the size of the Company, the Committee continued such processes for 2008 so that in setting compensation for the Named Executive Officers, the Committee again utilized the services of Mercer with Mercer recommending (in November 2007) a larger peer group than that of the one used in the previous year—19 entities with asset sizes ranging from \$2.1 billion to \$6.2 billion as follows:

Prosperity Bancshares, Inc.	Houston, TX
CVB Financial Corp.	Ontario, CA
Boston Private Financial Holdings	Boston, MA
Amcore Financial, Inc.	Rockford, IL
Western Alliance Bancorp.	Las Vegas, NV
1 st Source Corporation	South Bend, IN
PrivateBancorp, Inc.	Chicago, IL
Sterling Bancshares	Houston, TX
Texas Capital Bancshares	Dallas, TX

After reviewing the short-term and longer-term performance of the Company, the Committee concluded that the Named Executive Officers should continue to be compensated at the 75th percentile of the newly established peer group with base salary approximating the 60th percentile. Consistent with 2007 and based on information provided by Mercer, the compensation for the Chairman of the Board remains at 95% of that for the President and CEO in 2008.

The Committee modified the equity compensation component slightly in 2008 from 2007. In 2007, the equity compensation award for the Named Executive Officers was segmented such that 67% was in the form of nonqualified stock options and 33% was in the form of performance-based restricted share awards. In 2008, the equity compensation component for all the Named Executive Officers and the remaining members of the Leadership Team was segmented such that 50% of equity compensation was in the form of nonqualified stock options and 50% in the form of restricted share awards. The restricted share component was further segmented such that half of the restricted shares were performance-based awards that vest in a manner consistent with previously issued performance-based restricted share awards upon the achievement of certain soundness and earnings per share thresholds. The other half of the restricted share awards will vest 10% each year over a 10 year period provided the Company is profitable in the immediately preceding year. Mr. McCabe's and Mr. McMahan's vesting periods for this restricted share award was modified such that they vest equally over a period of time such that so long as they are employed by the Company, the shares will be fully vested at age 65.

Primarily as a result of a modified peer group, total target compensation for 2008 for the Named Executive Officers increased in comparison to 2007 total target compensation. Mr. Turner's total compensation has increased by 18%; Mr. McCabe's increased by 18%; Mr. Queener's increased by 19%; Mr. Carpenter's increased by 23% and Mr. McMahan's increased by 22%.

On January 18, 2008, the Committee approved the 2008 Special Cash Incentive Plan. Pursuant to this plan, approximately 25 key employees of the Company that will be involved in integrating the operations of Mid-America with the Company's operations will be eligible to receive cash awards. Under the terms of this plan, participants will be entitled to receive cash incentive payments if specified goals established by the Committee and related to the integration of the Company and Mid-America are achieved by certain dates, including achievement of initiatives related to published synergy targets and limiting the aggregate integration and other merger costs within amounts previously disclosed. If one or more of the performance goals established under this plan are not satisfied, awards to participants will be reduced by specified amounts, but there can be no discretionary increases to a participant's target award. Awards earned under this plan are expected to be paid out on April 15, 2008. The maximum awards for the Company's Named Executive Officers were Mr. Turner \$200,000; Mr. McCabe \$190,000; Mr. Queener \$100,000; Mr. Carpenter \$80,000 and Mr. McMahan \$60,000. The Company filed a Form 8-K regarding this plan on January 25, 2008.

Human Resources and Compensation Committee Report

The Human Resources and Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Named Executive Officer Compensation

The table below summarizes the compensation paid or accrued by the Company during the fiscal year ended December 31, 2007 for (i) the Company's Chief Executive Officer; (ii) the Company's Chief Financial Officer; and (iii) the three highest paid executive officers of the Company whose total compensation exceeded \$100,000 for fiscal 2007 (collectively, the Named Executive Officers). When setting total compensation for each of the Named Executive Officers, the Compensation Committee reviews tally sheets which show the executive's current compensation, including equity and non-equity based compensation. Each of the Named Executive Officers, other than Mr. McMahan, has entered into an employment agreement with the Company, the terms of which are described below.

The Named Executive Officers were not entitled to receive payments which would be characterized as Bonus payments for the fiscal years ended December 31, 2006 and 2007. Bonuses for purposes of the table below consist of discretionary amounts not associated with an approved incentive plan, such as a relocation bonus. Amounts listed under the column title Non-Equity Incentive Plan Compensation, were determined by the Compensation Committee at its January 2007 meeting and were paid out shortly thereafter.

Based on the fair value of equity awards granted to Named Executive Officers in fiscal year 2007 and fiscal year 2006 and the base salaries of the Named Executive Officers in both years, total aggregate compensation for the Named Executive Officers decreased by \$217,000 or 8% between 2007 and 2006. This was primarily due to the Named Executive Officers electing not to receive any cash incentives in 2007 pursuant to the 2007 Annual Cash Incentive Plan. For 2007 and 2006, respectively, Salary accounted for approximately 70.9% and 50.8%, respectively, of the total compensation of the Named Executive Officers, Non-equity incentive plan compensation accounted for approximately 0% and 27.1%, respectively, of the total compensation of the Named Executive Officers, stock and option awards accounted for approximately 25.1% and 18.0%, respectively, of the total compensation and all other compensation accounted for approximately 4.1% in both years of the total compensation of the Named Executive Officers.

(1) *Stock Awards*
Since 2004, the Company has awarded restricted shares to certain executive officers, including the Named Executive Officers. The restrictions on these shares lapse in 33.3% annual increments if the Company

achieves certain soundness and earnings per diluted share thresholds for the fiscal year in which the award is granted and the next two fiscal years thereafter. Each of the awards granted in the 2005, 2006 and 2007 fiscal years had the same soundness threshold of criticized and classified assets being less than 0.25% of capital, but the earnings per share thresholds associated with the 2007 fiscal year were different for each of the 2005, 2006 and 2007 awards. For the award granted in 2005, the 2007 earnings per share diluted target was \$1.48 (or \$1.40 per diluted share after adjustment for the expenses expected to be incurred in connection with the Company's expansion into the Knoxville market). For the 2006 award, the 2007 earnings

per diluted share target was \$1.55 (or \$1.47 per diluted share after adjustment for the expenses expected to be incurred in connection with the Company's expansion into the Knoxville market) and for the 2007 award, the 2007 earnings per share diluted target was \$1.52 (or \$1.44 per diluted share after adjustment for the expenses expected to be incurred in connection with the Company's expansion into the Knoxville market). In addition to these annual earnings per diluted share targets, the awards allow for the forfeiture restrictions associated with the award for a particular year to lapse even if an annual earnings per diluted share target is not achieved, if a cumulative three-year earnings per diluted share target is achieved. For

purposes of determining whether the tranche of restricted shares awarded in 2005, 2006 and 2007 with earnings per diluted share targets associated with the 2007 fiscal year were achieved, the earnings per share diluted targets as adjusted for the expected expenses associated with the Company's expansion into the Knoxville market were compared to actual results for 2007. The Company's fully diluted earnings per share for 2007 was \$1.34. The adjusted earnings per diluted share target for the 2007 tranche of the 2005 award was \$1.40 per fully diluted share and as such the annual target was not achieved. The Committee determined in February 2008 to adjust the three-year cumulative fully

diluted earnings per share target of \$3.48 associated with the 2005 award for the impact of the Company's Knoxville expansion so that as adjusted the three-year cumulative target was \$3.40 per fully diluted share. The Committee determined that the Company's cumulative earnings per diluted share for the three year period, excluding the impact of merger related expenses incurred in the three-year period in connection with the Cavalry and Mid-America mergers, was \$3.46, and as such the restrictions associated with the 2007 tranche of the 2005 award have been released. The adjusted earnings per diluted share targets for the 2007 fiscal year related to the 2006 and 2007 awards was \$1.47 and \$1.44

per fully diluted share, respectively. As a result, the forfeiture restrictions related to the tranches of restricted shares awarded in 2006 and 2007 that were tied to the Company's earnings per diluted share in 2007 did not lapse. As a result of this performance, the Company has ceased recording expense associated with the 2006 award as the Company has determined that the performance targets for that award are not likely to be achieved and has reversed \$89,000 of expense that the Company had previously accrued in 2006 related to this award for

the Named Executive Officers. For the 2007 award, the Company continues to expense the costs associated with this award pursuant to the terms of the award which provide for a three year cumulative earnings per diluted share target. All awards were issued pursuant to the terms of the 2004 Plan. The amount in column (e) reflects the dollar amount recognized for financial statement purposes for the fiscal years ended December 31, 2007 and 2006, in accordance with SFAS 123(R) of awards pursuant to the 2004 Plan and thus includes amounts from awards granted in and prior to 2007 and 2006, as applicable. Assumptions used in the calculations of these amounts are included in footnote 15 to the Company's audited financial statements for the fiscal year ended December 31, 2007 included in the Company's Annual Report of Form 10-K filed with the Securities and Exchange Commission on March 7, 2008. For the 2006 awards, assumptions used in the calculations of these amounts are included in footnote 14 to the Company's audited financial statements for the fiscal year ended December 31, 2006 included in the Company's Annual Report of Form 10-K filed with the Securities and Exchange Commission on February 28, 2007..

- (2) *Option Awards* - All options are granted at an exercise price that equals the closing price of the Company's common stock on the date of grant. All awards expire ten years from date of issuance and vest in 20% increments on the anniversary date of the grant. The awards prior to 2006 were issued as incentive stock options while the 2007 and 2006 awards are classified as nonstatutory stock options. All awards were issued pursuant to the terms of the Pinnacle Financial Partners, Inc. 2000 Stock Incentive Plan (the 2000 Plan) or the 2004 Plan. The amount in column (f) reflects the dollar amount recognized for financial statement purposes for the fiscal years ended December 31, 2007 and 2006, in accordance with SFAS 123(R) of awards pursuant to the 2000 Plan and the 2004 Plan and thus includes amounts from awards granted in and prior to 2007 and 2006, as applicable. Assumptions used in the calculations of these amounts are included in footnote 15 to the Company's audited consolidated financial statements for the fiscal year ended December 31, 2007 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 7, 2008. For 2006 and previous periods, assumptions used in the calculations of these amounts are included in footnote 14 to the Company's audited consolidated financial statements for the fiscal year ended December 31, 2006 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 28, 2007 and in footnotes 1 and 12 to the Company's audited consolidated financial statements for the fiscal year ended December 31, 2003 included in the Company's Annual Report on Form 10-K filed on February 20, 2004. There were no forfeited stock option grants for the Named Executive Officers in 2007, however, 23,808 previously granted stock option awards were forfeited by employees of the Company during 2007.
- (3) *Non-Equity Incentive Plan Compensation* - Reflects compensation attributable to the Company's Annual Cash Incentive Plans in which all non-commissioned based associates participate. Actual and target payouts are expressed as a percentage of base salary. Payout of incentive compensation occurs upon achievement of certain soundness and performance thresholds as determined by the Committee. For the 2007 Annual Cash Incentive Plan, the Human Resources and Compensation Committee approved the payment of cash incentive awards under the Plan at a percentage that was generally higher than that otherwise payable under the terms of the plan, except for the Named Executive Officers. In accordance with the Named Executive Officer request, the Named Executive Officers did not receive any cash incentive payments under the 2007 Cash Incentive Plan. For the 2006 Annual Cash Incentive Plan and pursuant to the Plan's provision, the payout for 2006 was at 120% of target for all associates as well as each Named Executive Officer.

(4) *Other Compensation* - The Company provides the Named Executive Officers with other forms of compensation. The following is a listing of various types of other compensation that the Company has not used in the past but may consider in the future to award its executives. We believe that including a listing of forms of compensation that we currently do not use is beneficial to investors as they compare our compensation elements to those of other organizations.

Group benefit package - All Company associates, including the Named Executive Officers, participate in the Company's group benefit package which includes customary medical and dental benefits, group life, group disability, healthcare and dependent care reimbursement plans, 401k plan, etc. The Named Executive Officers receive no incremental employee benefits that are not offered to other Company associates, other than an enhanced long-term disability policy that provides incremental coverage over the group policy maximums. The following is a summary of the expense the Company incurred during 2007 and 2006 to provide a 401k plan match to our Named Executive Officers and the cost of the enhanced long term disability policy.

(1)

The amounts shown in column (c) reflect the minimum payment level under the Company's 2007 Annual Cash Incentive Plan which is 0% of the target amount shown in column (d). The amount shown in column (e) is 200% of such target amount. These amounts are based on the individual's current salary and position.

- (2) Reflects an award of restricted shares under the 2004 Plan. The amounts shown in column (g) reflect the restricted share award targeted number of shares that can be earned over a three-year vesting period. This is also the maximum number of shares that can be earned by the Named Executive Officer over the three-year period thus it is the same number in column (h). All awards in column (g) and (h) could be forfeited should the Company not meet the performance and soundness targets for these awards. The restrictions on these shares lapse in 33.3% annual increments upon the achievement of certain soundness and earnings per diluted share thresholds for the fiscal years ending December 31, 2007, 2008 and 2009 or soundness and cumulative performance thresholds for the three year period ended December 31, 2009. The Named Executive Officer is entitled to vote these shares and receive any dividends payable with respect thereto, if any, prior to the lapsing of the forfeiture restrictions thereon. Based on achievement of the soundness but lack of achievement of the earnings per diluted share thresholds for the fiscal year ended December 31, 2007, the restrictions on the 2007 tranche of the award granted on January 19, 2007 did not lapse. However the soundness and cumulative performance thresholds for 2005 awards were achieved and thus the restrictions for these awards did lapse. As a result, the threshold amounts above in column (f) do not reflect the vesting of the 2007 tranche of the 2007 award.
- (3) The amounts shown in column (j) reflect the number of nonstatutory stock options granted pursuant to the 2004 Plan during 2007. All options are granted at an exercise price that equals the closing price of the Company's common stock at the date of grant. All of the reflected awards expire ten years from the date of issuance and vest in 20% increments on the anniversary date of the grant. All awards were issued pursuant to the terms of the 2004 Plan. The amount in column (l) reflects the dollar amount to be recognized for financial statement purposes in accordance with SFAS 123(R) over the vesting period. Assumptions used in the calculations of these amounts are included in footnote 15 to the Company's audited

- (1) All option awards vest in 20% increments annually over the 10-year option term.
- (2) Unearned restricted share awards as of December 31, 2007 are for those shares which have vesting criteria tied to 2007 thru 2009 earnings per diluted share and soundness targets. The 2006 restricted share award is 66.7% unearned at December 31, 2007 as 33.3% of the award has restrictions that tied to 2007 earnings per diluted share and soundness targets which were not met and 33.3% that are based on 2008 targets. Although the 2007 performance target was not met, the portion of the 2006 restricted stock award with vesting conditions tied to that year may still be earned if the Company's cumulative performance for the three year period ended December 31, 2008 exceeds the threshold target established in the award agreement. The 2007 restricted share award is 100.0% unearned because even though the soundness thresholds were met in 2007 the 2007 earnings per diluted share targets were not met and 66.7% of the 2007 award are based on 2008 and 2009 soundness and performance targets. Although the 2007 earnings per diluted share target for the 2007 award was not met, the portion of the 2007 restricted share award with vesting conditions tied to that year may still be earned if the Company's cumulative performance for the three-year period ending December 31, 2010 exceeds the threshold target established in the award agreement.
- (3) Market value is determined by multiplying the closing market price of the Company's common stock on December 31, 2007 by the number of shares.

The following table details the number of options exercised during 2007, the value realized from those exercises as of the date of exercise, the number of restricted shares that vested during 2007 and the value realized on those shares as of the vesting date for the Named Executive Officers:

(1) The amounts shown in column (d) reflect the number of restricted shares for the 2007 tranche of the 2005 award. These shares vested in accordance with the restricted share award agreement on the date the Company filed its Annual Report on Form 10-K which was March 7, 2008. The closing price of our stock on that date was \$21.41 per share.

Employment Agreements

The Company entered into a three-year employment contract with M. Terry Turner, President and Chief Executive Officer, on August 1, 2000. This agreement was amended on January 1, 2008. This amendment eliminated the automatically three year renewable clause in the agreement as well as incorporated the impact of IRS Code Section 409A into the agreement. There were no other significant changes to the terms and conditions of the original agreement as a result of the amendment. The amended agreement automatically renews annually, unless any of the parties to the agreement gives notice of intent not to renew the agreement.

Pursuant to this agreement with Mr. Turner, the Company will be obligated to pay Mr. Turner his base salary for the following terminating events:

Table of Contents

	Payment Obligation Terminating Event	
Mr. Turner becomes permanently disabled		In relation to Base Salary Maximum of six months
The Company terminates Mr. Turner's employment without cause, as defined in the agreement		Three years annually
Mr. Turner terminates his employment for cause, as defined in the agreement		Maximum of twelve months
Mr. Turner terminates his employment within twelve months after a change of control, as defined in the agreement		Three times base salary and target bonus, plus benefits

The Company entered into a three-year employment contract with Robert A. McCabe, Jr., Chairman of the Board on August 1, 2000, which was amended January 1, 2008, to, among other things, provide that it was thereafter annually renewable and to include certain changes related to IRS Code Section 409A. Pursuant to this agreement with Mr. McCabe, the Company will be obligated to pay Mr. McCabe his base salary under the same terms and conditions as described above under Mr. Turner's agreement for certain terminating events.

The Company entered into a three-year employment contract with Hugh M. Queener, Chief Administrative Officer, on December 4, 2000, which was amended January 1, 2008, to, among other things, provide that it was thereafter annually renewable and to include certain changes related to IRS Code Section 409A. Pursuant to this agreement with Mr. Queener, the Company will be obligated to pay Mr. Queener his base salary under the same terms and conditions as described above under Mr. Turner's agreement for certain terminating events.

The Company entered into a three-year employment contract with Harold R. Carpenter, Chief Financial Officer, on March 14, 2006, which was amended January 1, 2008, to, among other things, provide that it was thereafter annually renewable and to include certain changes related to IRS Code Section 409A. Pursuant to this agreement with Mr. Carpenter, the Company will be obligated to pay Mr. Carpenter his base salary under the same terms and conditions as described above under Mr. Turner's agreement for certain terminating events.

The employment agreements set forth above for Messrs. Turner, McCabe, Queener and Carpenter, contain provisions that if the executive terminates his employment with the Company for cause within a year following a change of control, the executive shall be entitled to a lump sum severance payment equal to three times the executive's then current salary and target bonus, plus certain retirement benefits plus tax payments. Generally, this change of control provision is typically referred to as a double trigger such that (a) a change of control has to occur as defined in the employment agreements and (b) the executive has to terminate his employment for cause, again as defined in the employment agreement, as follows:

- (a) A change of control generally means the acquisition by a person or group of 40% or more of the voting securities of the Company or the Bank; a change in the majority of the Board over a twelve-month period (unless the new directors were approved by a two-thirds majority of prior directors); a merger, consolidation or reorganization in which the Company's shareholders before the merger own 50% or less of the voting power after the merger; or the sale, transfer or assignment of all or substantially all of the assets of the Company and its subsidiaries to any third party.
- (b) Termination for cause generally means that immediately following the change of control, the executive no longer reports to the same supervisor he reported to prior to the change of control, a change in supervisory authority has occurred such that the associates that reported to the executive prior to the change of control no longer report to the executive, a material modification in the executive's job title or scope of responsibility has occurred, a change in office location of more than 25 miles from the executive's current office location or a material change in salary, bonus opportunity or other benefit has occurred.

Table of Contents

Also and in the event of a change of control, the executive will receive three years of Company-provided health plan benefits subsequent to his termination. In addition, the executive will be indemnified by the Company for any excise tax due under Section 4999 of the Internal Revenue Code of an amount sufficient to place the executive in the same after-tax position as the executive would have been had no excise tax been imposed upon or incurred or paid by the executive. The executive is also entitled to receive assistance from a qualified accounting firm of his choice not to exceed \$2,500 per year for three years.

Furthermore, in the event of a change of control, any unvested restricted share awards, pursuant to the restricted share agreements with the executives noted above, would immediately vest. All unvested stock option grants would only vest pursuant to a change of control with the approval of the Human Resources and Compensation Committee.

- (1) Vesting of stock option awards pursuant to a change of control may only occur upon the consent of the Human Resources and Compensation Committee.
- (2) In determining the anticipated payment due the executive for excise tax and gross up pursuant to a termination by the Company of the employee without cause or a termination within twelve months following a change of control by the employee for cause, the Company has included in the calculation the anticipated value of the immediate vesting of previously unvested restricted share awards and stock option grants in addition to the cash payments and healthcare benefits noted above. As a result, the Company has computed the 20% excise tax obligation owed by Messrs. Turner, McCabe, Queener and Carpenter in the event of a change of control to be \$1,199,000, \$1,129,000, \$594,000 and \$495,000, respectively. As a result, the Company has assumed a personal income tax rate of 45% for each executive and has included the additional gross up amount in the table above. The Company has not anticipated such excise tax or gross up payments for other terminating events as payments for such matters would be extended over a period of time such that the executive's compensation would likely not be subject to section 280(g) of the Internal Revenue Code.
- (3) Mr. McMahan does not have an employment agreement with the Company.
- (4) The above amounts do not include benefits owed the Named Executive Officers or their estates pursuant to the Company's broad based group disability insurance policies or group life insurance policy. These benefits would be paid pursuant to these group policies which are provided to all employees of the Company. Additionally, and also not included in the above amounts, the Named Executive Officers and certain other Leadership Team members also participate in a supplemental group disability policy which provides incremental coverage (i.e., gap coverage) for these individuals over the broad-based group disability coverage maximums.

Ownership Guidelines

The Committee also requires the CEO and all other Named Executive Officers to maintain a meaningful personal ownership in the Company in the form of common stock. Periodically, the Committee may establish minimum common stock beneficial ownership levels for the CEO and the other Named Executive Officers. In 2006, the Committee established common stock beneficial ownership levels for the CEO and the Chairman of the Board of 50,000 shares of Company common stock. Additionally, the Committee established stock beneficial ownership levels of 25,000 shares for the Chief Administrative Officer and 10,000 shares for both the Chief Financial Officer and the Chief Credit Officer. All Named Executive Officers currently exceed the applicable minimum level of beneficial

ownership.

Section 16(A) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and persons who own beneficially more than 10% of the Company's outstanding common stock to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in their ownership of the Company common stock. Directors, executive officers and greater than 10% shareholders are required to furnish the Company with copies of the forms they file. To our knowledge, based solely on a review of the copies of these reports furnished to the Company during the year ended December 31, 2007, or on written representations from certain reporting persons that no Forms 5 were required for those persons, all of our directors and executive officers, who are listed above, complied with all applicable Section 16(a) filing requirements.

Certain Relationships and Related Transactions

The Company and the Bank have banking and other business transactions in the ordinary course of business with directors and officers of the Company and the Bank and their affiliates, including members of their families, corporations, partnerships or other organizations in which the directors and officers have a controlling interest. These transactions are on substantially the same terms (including price, interest rate and collateral) as those prevailing at the same time for comparable transactions with unrelated parties. In the opinion of management, these transactions do not involve more than the normal risk of collectability or present other unfavorable features to the Company or the Bank.

Atkinson Public Relations, of which Ms. Atkinson is chairman, provides various services for the Company subject to an agreement which was approved by the Board of the Company. For the year ended December 31, 2007, the Company incurred approximately \$309,000 in expenses for services rendered by this public relations company. Also, Mr. Jackson is an officer in an insurance firm that serves as an agent in securing insurance in such areas as Pinnacle Financial's employee bond and other insurance policies. The amount this agency receives in commissions or fees on such insurance services is immaterial.

In connection with our 2006 acquisition of Cavalry, we entered into an employment agreement with Ed Loughry. This agreement expired on December 31, 2007. Furthermore, pursuant to the employment agreement, Mr. Loughry agreed to a noncompetition and nonsolicitation clause for a period of three years following termination of his employment. Mr. Loughry's son, Cannon, was an employee of the Company serving as an executive in our information technology area in 2007 and was paid \$137,000 in salary and incentives for 2007.

Pursuant to the Audit Committee Charter, the Audit Committee of the Board of Directors is responsible for reviewing and approving any transaction required to be described in this Proxy Statement pursuant to the rules and regulations of the Securities and Exchange Commission. The Audit Committee has ratified the approval of the above-described transactions in which Ms. Atkinson and Mr. Jackson had an interest, which transactions had previously been approved by the full Board. In addition the Audit Committee has ratified the approval of Ed Loughry's employment agreement, which had previously been approved by the full Board and ratified the payment of the 2007 salary and cash incentive payment to Cannon Loughry.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

In February of 2007, the Audit Committee engaged the accounting firm of KPMG LLP (KPMG) as the auditors of the Company's December 31, 2007 consolidated financial statements. This engagement also included reviews of the Company's interim financial statements included in Quarterly Reports on Form 10-Q for 2007. The Audit Committee of the Board of the Company has approved the appointment of KPMG to serve as the Company's independent registered public accounting firm for the Company for the year ending December 31, 2008. Corporate Governance Guidelines**

*(as approved by the Nominating and
Corporate Governance Committee on February 22, 2008)*

The Nominating and Corporate Governance Committee of the Board of Directors (the Committee) has established these Corporate Governance Guidelines to provide guidance with respect to the Board s responsibilities as well as to comply with the rules of NASDAQ and good corporate governance principles. These guidelines are intended to reflect the Board s commitment to monitor the effectiveness of policy and decision making at the Board and management levels, with a view to enhancing stockholder value over the long term.

1. Director Qualifications

The Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of new Board members as well as the composition of the Board as a whole. This assessment will include members qualification as independent, as well as consideration of diversity, age, skills and experience in the context of the needs of the Board. No director may be nominated to a new term if he or she would be age 72 or older at the time of the election.

Directors are expected to submit a letter of resignation when they experience a change in employment or file for bankruptcy protection. The Committee will review the appropriateness of continued Board membership where a director experiences a change in employment or files for bankruptcy protection.

Directors must notify the Chairman of the Board and the Chairman of the Committee in advance of accepting an invitation to serve on another company s board of directors. The Committee may consider whether such service may negatively affect such director s ability to serve on the Board. Generally, inside directors and non-employee directors who also serve as a CEO of a public company are limited to their Pinnacle board seat plus two other public company boards. All other directors will limit the number of public company boards on which they serve to their Pinnacle board seat plus three other public company boards.

No director may be renominated that failed to attend at least 75% of the meetings of the Board and the Committees on which such director served in the year prior to the year in which his or her term expired without valid excuse as determined by the Committee.

In order to attract qualified candidates, the Firm may purchase reasonable directors and officers liability insurance on their behalf to provide the benefits of indemnification to the fullest extent permitted by law and the Firm s charter, by-laws and any indemnification agreements, and to provide exculpation as provided by state law and the Firm s charter.

2. Director Nomination

Nominees for directorship will be recommended to the Board by the Committee in accordance with the policies and principles in its charter. The Board will determine whether the recommended nominees will be part of the Firm s nominees for director in each proxy statement for the annual meeting of shareholders and, between annual meetings, will elect new directors, upon recommendation by the Committee, to fill vacancies on the Board.

3. Majority Voting on Directors

In an uncontested election of Directors (i.e., an election where the only nominees are those recommended by the Board of Directors), any nominee for Director who receives a greater number of votes withheld from his or her election than votes for his or her election will promptly tender his or her resignation to the Chairman of the Board following election of the shareholder vote.

The Committee will promptly consider the resignation submitted by a Director receiving a greater number of votes withheld from his or her election than votes for his or her election, and the Committee will recommend to the Board whether to accept the tendered resignation or reject it. In considering whether to accept or reject the tendered resignation, the Committee will consider factors deemed relevant by the members of the Committee including, without limitation, the stated reasons why

Table of Contents

shareholders withheld votes for election from such director, the length of service and qualifications of the director whose resignation has been tendered, the director's contributions to the Company's Corporate Governance Guidelines. The Board will act on the Committee's recommendation no later than 90 days following the date of the shareholder's meeting where the election occurred. In considering the Committee's recommendation, the Board will consider the factors considered by the Committee and such additional information and factors the Board believes to be relevant. Following the Board's decision on the Committee's recommendation, the Company will promptly publicly disclose the Board's decision whether to accept the resignation as tendered (providing a full explanation of the process by which the decision was reached and, if applicable, the reasons for rejecting the tendered resignation) in a Form 8-K filed with the Securities and Exchange Commission.

To the extent that one or more Directors' resignations are accepted by the Board, the Committee will recommend to the Board whether to fill such vacancy or vacancies or to reduce the size of the Board.

Any Director who tenders his or her resignation pursuant to this provision will not participate in the Committee recommendation or Board consideration regarding whether or not to accept the tendered resignation. If a majority of the members of the Committee received a greater number of votes withheld from their election than votes for their election at the same election, than the independent Directors who are on the Board who did not receive a greater number of votes withheld from their election than votes for their election (or who were not standing for election) will appoint a Board committee amongst themselves solely for the purpose of considering the tendered resignations and will recommend to the Board whether to accept them or reject them. This Board committee may, but need not, consist of all of the independent Directors who did not receive a greater number of votes withheld from their election than votes for their election or who were not standing for election.

This Corporate Governance Guideline will be summarized or included in each proxy statement relating to an election of directors of the Company.

4. Board Composition

The Board will have a majority of directors who meet the criteria for independence required by NASDAQ. The by-laws establish a range of five to twenty five board members. The Board believes that nine to seventeen members is currently the optimal size to permit diversity of experience without hindering effective discussion or diminishing individual accountability. Pursuant to the Firm's charter, the number of directors shall be set by the affirmative vote of a majority of the full Board and the Board shall be divided into three classes. Any change in the range of Board members will be reflected in the Firm's by-laws. The Committee shall recommend whether to increase the size of the Board or whether, in the event of a vacancy for any reason, to fill such vacancy or to reduce the size of the Board. A change in the range or number of directors requires affirmative votes of 2/3 of the then serving directors or the affirmative vote of the holders of 2/3 of the issued and outstanding shares.

5. Term Limits

The Board does not believe it should establish term limits. Term limits result in the loss of accumulated knowledge particular to the Firm and its business. Additionally, term limits may result in the loss of the most qualified individuals. As an alternative to term limits, the Committee will review each director's qualifications and performance on the Board at least every three years in connection with determining Board composition and/or whether to renominate a director.

6. Director Responsibilities

The basic responsibility of the directors is to oversee the business and affairs of the Firm. In the performance of their duties, the directors will exercise their business judgment to act in what they reasonably believe to be in the best interest of the Firm and its shareholders. Directors may seek information, advice or opinions from the Firm's officers and associates and from other advisers, consultants and experts and may rely in good faith upon information, advice or opinions provided by such persons.

Directors shall attend at least one continuing education program during their three-year term in order to enhance skills and stay abreast of important corporate governance issues.

Table of Contents

It is generally the duty of management (i.e., the CEO or his designee) to speak for the Firm. Absent unusual circumstances or as contemplated by the committee charters, Board members should communicate with third parties only at the request of the CEO.

Directors are encouraged to maintain a meaningful personal ownership in the company in the form of common stock. Periodically, the Committee may adjust minimum stock ownership guidelines for directors and key executives. Minimum stock ownership guidelines for directors are three times average annual compensation paid in the previous year, provided that until that level is reached (by a newly elected director), such director shall satisfy the minimum ownership by the ownership of all restricted shares granted to such director that have vested, if any. For the company's executive officers who are named executive officers under the SEC proxy rules, the minimum ownership guidelines are 50,000 shares for the CEO and the Chairman of the Board; 25,000 shares for the Chief Administrative Officer; and 10,000 shares for the Chief Financial Officer and the Chief Credit Officer.

7. Meetings

Directors should seek to attend all Board meetings and meetings of committees on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. Information and data that are important to the Board's understanding of the business to be conducted at a Board or committee meeting should generally be distributed in writing to the directors before the meeting and directors should review these materials in advance of the meeting.

The CEO will establish the agenda for each Board meeting. Each Board member is free to suggest the inclusion of items on the agenda. Each Board member is free at any Board meeting to raise subjects that are not on the agenda for that meeting. The Board will review the Firm's long-term strategic plans and the principal issues that the Firm will face in the future during at least one Board meeting each year, generally in a two-day retreat with the senior executives of the Firm.

8. Independent Director Meetings

The independent directors will meet in executive session periodically and at least in two regularly scheduled meetings. The director who presides at these meetings shall be referred to as the Lead Independent Director and shall be chosen by the board of directors. The Lead Independent Director, will serve until a successor is named. Additionally, the Lead Independent Director shall be denoted in the annual proxy statement.

9. Board Committees

In addition to the Committee, the Board will at all times have an Audit Committee and a Human Resources and Compensation Committee. All of the members of these committees will be independent directors under the criteria established by NASDAQ and applicable law. Committee members will be appointed by the Board upon recommendation by the Committee in the case of the Audit Committee and the Human Resources and Compensation Committee and by the independent members of the Executive Committee in the case of the Committee. Consideration should be given to rotating committee members periodically, but rotation is not mandated as a policy.

Additionally, the Board will have a Trust Committee and a Community Affairs Committee.

Each committee will have its own written charter which has been approved by the Board. The charters will set forth the purposes, goals and responsibilities of the committees as well as qualifications for committee membership, procedures for committee member appointment and removal, committee structure and operations and committee reporting to the Board.

The Chairman of each committee, in consultation with the committee members, will determine the frequency and length of the committee meetings consistent with any requirements set forth in the committee's charter. The Chairman of each committee, in consultation with the appropriate members of the committee and management, will develop the committee's agenda. At the beginning of the year, each committee will establish a schedule of agenda subjects to be discussed during the year (to the degree these can be foreseen). The schedule for each committee will be furnished to all directors.

The Board and each committee have the power to hire and compensate, independent legal, financial or other advisors, as they may deem necessary, without consulting or obtaining the approval of any officer of the Firm in advance.

The Board may, from time to time, establish or maintain additional committees as necessary or appropriate.

10. Audit Committee Responsibilities and Qualifications

In general, the Audit Committee will oversee auditing and financial reporting matters. The Audit Committee also has the responsibilities set forth in the Audit Committee Charter and otherwise required by law, regulation or requirement of NASDAQ and shall produce an annual report of the Audit Committee for inclusion in the Firm's proxy statement. The Audit Committee shall have responsibility for appointing, dismissing, overseeing and determining the compensation of the Firm's external auditors. The Audit Committee will assist the Board in monitoring (1) the integrity of the financial statements of the Firm, (2) the Firm's compliance with legal and regulatory requirements and other requirements imposed on the Firm by the Board and (3) the performance of the Firm's internal audit function and independent auditors.

Each Audit Committee member must meet the enhanced independence requirements imposed by federal law and NASDAQ. Each Audit Committee member must also be financially literate, and at least one member must possess certain accounting or financial expertise as set forth in the NASDAQ rules. The Chairman of the Audit Committee will have an accounting background and financial management expertise.

11. Human Resources and Compensation Committee Responsibilities and Qualifications

The Human Resources and Compensation Committee has the responsibilities set forth in the Human Resources and Compensation Committee Charter. The Human Resources and Compensation Committee will assist the Board in (1) approving the compensation of directors and officers, (2) establishing strategies and compensation policies and programs for associates of the Firm to provide incentives for delivery of value to the Firm's shareholders, (3) establishing policies to hire and retain senior executives, with the objective of aligning the compensation of senior management with the business of the Firm and the interests of the Firm's shareholders, (4) ensuring that the compensation policies of the Firm meet or exceed all legal and regulatory requirements and any other requirements imposed on the Firm by the Board and (5) producing an annual report on executive compensation for inclusion in the Firm's proxy statement.

Each member of the Human Resources and Compensation Committee must meet the independence requirements imposed by NASDAQ.

12. Nominating and Corporate Governance Committee Responsibilities and Qualifications

The Nominating and Corporate Governance Committee has the responsibilities set forth in the Nominating and Corporate Governance Committee Charter. This Committee will assist the Board in nominating directors for the Board and its committees (except membership on the Nominating and Corporate Governance Committee of the Board, which will be nominated by the independent members of the Executive Committee and elected by the Board) and in reviewing and recommending corporate governance guidelines and procedures

Additionally, this Committee will (1) identify individuals qualified to become Board members, (2) select or recommend to the Board for selection, director nominees for the Firm's next annual shareholders meeting and (3) develop and recommend to the Board corporate governance principles applicable to the Firm.

13. Director Access to Officers and Associates

To the extent appropriate for the discharge of their oversight function, directors may have full and free access to officers and associates of the Firm. The directors will use their judgment to ensure that any such contact is not disruptive to the business operations of the Firm and will copy the CEO on any written communications between a director and an officer or associate of the Firm, unless the circumstances would render copying the CEO inappropriate. All information provided by the Firm or Firm personnel to a director should be considered confidential unless it has been publicly disclosed by the Firm and shall not be disclosed by the Board member without the consent of the Firm.

Executive officers of the Firm are encouraged to regularly attend Board meetings. If the CEO wishes to have additional Firm personnel attend on a regular basis, this suggestion should be brought to the Board for approval.

14. Director Compensation

The Firm may compensate members of the Audit Committee only for services rendered as a member of the Board or as a Board committee member. The Firm will not compensate Associate members of the Board for service on the Board or a Board committee.

Table of Contents

Compensation for directors should be competitive with similarly situated companies. The form and amount of director compensation will be determined by the Human Resources and Compensation Committee in accordance with the policies and principles set forth in its charter, and the Human Resources and Compensation Committee will conduct an annual review of director compensation. The Human Resources and Compensation Committee is entitled to take into consideration that directors' independence may be jeopardized if director compensation and perquisites exceed customary levels, if the Firm makes substantial charitable contributions to organizations with which a director is affiliated, or if the Firm enters into consulting contracts with (or provides other indirect forms of compensation to) a director or an organization with which the director is affiliated.

The Human Resources and Compensation Committee will review the form and amounts of Board compensation annually to ensure its competitiveness with other companies and its effectiveness in attracting qualified members. In general, approximately one-third of the annual director compensation is in the form of restricted common stock.

15. Director Orientation and Continuing Education

All new directors must participate in the Firm's director orientation program, which should be conducted within two months of election of a new director. This orientation will include presentations by senior management to familiarize new directors with the Firm's strategic plans, its significant financial, accounting and risk management issues, its compliance programs, its Code of Conduct, its principal officers and its internal and independent auditors. Directors are expected to attend at least one developmental seminar during their three-year term and meet any applicable requirements for continuing education promulgated by NASDAQ.

16. CEO Evaluation and Management Succession

The Human Resources and Compensation Committee will conduct an annual review of the CEO's performance, as set forth in its charter. The Human Resources and Compensation Committee will consider, among other things, the goals set for the CEO and their achievement. The Board of Directors will review the Human Resources and Compensation Committee's report in order to ensure that the CEO is providing the best leadership for the Firm in the long- and short-term.

The Human Resources and Compensation Committee should make an annual report to the Board on succession planning. The CEO should at all times make available his or her recommendations and evaluations of potential successors, along with a review of any development plans recommended for such individuals.

17. Annual Performance Evaluation

The Board of Directors will conduct an annual self-evaluation to determine whether it and its committees are effective. The Nominating and Corporate Governance Committee will receive comments from all directors, which have been submitted to the legal counsel to the committee and will report annually to the Board with an assessment of the Board's performance. This will be discussed with the full Board annually. The assessment will focus on the Board's contribution to the Firm and specifically focus on areas in which the Board or management believes that the Board could improve.

18. Maintenance of Guidelines

The Nominating and Corporate Governance Committee will review these Corporate Governance Guidelines annually and recommend changes to the Board. The Board will determine the changes to be made to these Corporate Governance Guidelines based upon those recommendations. In the case of any conflict between these Guidelines and the Charter, Bylaws, or Committee Charters of any Board Committee, the Charter, Bylaws, and/or Committee Charter, as the case may be, shall be controlling.

19. Publication of Corporate Governance Matters

The Firm publishes on its web site (1) these Corporate Governance Guidelines, (2) the Audit Committee Charter, (3) the Human Resources and Compensation Committee Charter, (4) the Nominating and Corporate Governance Charter and (5) the Code of Conduct. In addition, these documents are available to any shareholder of the Firm who makes a request to the Secretary of the Firm.
