Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
Goodyear Dunlop Tires North America, Ltd.
Employee Savings Plan for Bargaining Unit Employees

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Goodyear Dunlop Tires North America, Ltd. Employee Savings Plan for Bargaining Unit Employees (the Plan) at December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held At End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Notes to Financial Statements
December 31, 2004 and 2003**

1. Description of Plan

The following brief description of the Goodyear Dunlop Tires North America, Ltd. Employee Savings Plan for Bargaining Unit Employees is provided for general information. For more complete information, participants should refer to the text of the Plan.

a. General

Effective January 1, 2003, the Buffalo Hourly Employees 401(k) Retirement Savings Plan and the Huntsville Hourly Employees 401(k) Retirement Savings Plan (the Prior Plans) were merged into the Goodyear Dunlop Tires North America, Ltd. Employees Savings Plan for Bargaining Unit Employees (the Plan), subject to the provisions of ERISA. Thus, all of the assets in the Prior Plans (\$50,484,335 in total) were transferred out of the Prior Plans at end of day on December 31, 2002. The assets were received by the Plan on January 3, 2003 with the intention being to continue to offer a savings plan to the hourly employees of Goodyear Dunlop Tires North America, Ltd. (the Company).

The Plan is a defined contribution plan covering substantially all hourly employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Assets of the Plan are maintained by The Northern Trust Company (the trustee).

Although it has not expressed any interest to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon termination or partial termination of the Plan, or upon complete discontinuance of contributions, all affected participants shall accrue non-forfeitable benefits to the effective date of such election.

b. Participation

An employee must be part of the bargaining unit represented by the United Steel Workers of America, AFL-CIO-CIC, Local 915 at Huntsville, Alabama (the 915 Union) or Local 135 at Buffalo, New York and have at least 90 days of service to participate in the Plan.

Effective December 5, 2003, a majority of the members of the 915 Union were terminated due to the closing of the Huntsville plant. As per agreements reached as part of the 2003 negotiations, the Company and the 915 Union agreed to continue participation of terminated 915 Union employees (915 Employees), provided they were a 915 Union member as of the termination date and they have a vested balance greater than \$5,000. Vested balances that do not exceed \$5,000 shall be paid to the 915 Employees in lump sum.

c. Contributions

Effective January 1, 2003, participants are entitled to make tax deferred contributions to the Plan equal to a full percentage between 1% and 50% of their compensation, as defined in the Plan agreement.

**Goodyear Dunlop Tires North America, Ltd.
Employee Savings Plan for Bargaining Unit Employees
Notes to Financial Statements
December 31, 2004 and 2003**

Beginning January 1, 2003, the Plan allowed for Employer Matching Contributions at a rate of 50% up to 6% of the Employee Contribution deferral. Effective April 20, 2003, these Employer Matching Contributions were suspended; on the same date, any participant who has a vested interest in the Goodyear Stock Fund attributable to Matching Employer Contributions (or a Beneficiary with respect to any such participant) may elect at any time to transfer all or a portion of the vested interest to another investment fund.

In any Plan year, the participant's tax deferred contributions may not exceed the Internal Revenue Service's maximum deferral contribution amount, which was \$13,000 and \$12,000 for 2004 and 2003, respectively.

d. Participant accounts

Each participant's account is credited with their contributions and earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the balance in their account.

e. Benefits

The value of a participant's account can be distributed upon termination of employment, retirement, death, or total and permanent disability.

f. Vesting

Participants are vested in the value of Employer Matching contributions and earnings upon three years continuous service, and are immediately vested in the value of their contributions and earnings thereon. Service prior to the January 1, 2003 effective date of the Plan is taken into account.

g. Participant loans receivable

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance. Loans are granted for twelve to 54 month periods and only two loans may be outstanding per participant at any time. The loans are secured by a lien on one-half of the participant's account balance and bear interest at prime plus 1%, and currently range from 5% to 10.5%. Principal and interest are repaid through payroll deduction. Administrative expenses are paid out of the participant's account balance.

h. Hardship withdrawals

Participants who suffer a financial hardship, as defined in the Plan agreement, may request a distribution from the value attributable to their account, exclusive of income. The Retirement Savings Committee determines whether the withdrawal request meets the hardship definition of the Internal Revenue Code and limits the amount of the withdrawal to that required to meet the immediate financial need created by the hardship. Participants are required to file a loan application prior to the request for a hardship withdrawal.

i. Plan administration

The Plan is administered by the Retirement Savings Committee, which is appointed by the Employee Benefits Committee of the Company. Administrative expenses, other than loan fees, are borne by the Company. All expenses of the investment funds are paid by the Plan.

2. Accounting Policies

a. Basis of accounting

The accounts of the Plan are maintained on the accrual basis of accounting.

b. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Investment valuation and income recognition

The Plan's investments are stated at fair value. Investments in Goodyear Common Stock are valued at the last reported sales price on the last business day of the month. If no sales were reported on that date, the shares are valued at the last bid price. All other plan investments are valued based on units of participation in commingled funds or mutual funds as reported by the fund manager, which approximates net asset value. Purchases and sales of securities are reflected on a trade date basis.

Dividend income is recorded on the ex-dividend date.

Interest income is recorded as earned.

Appreciation or depreciation on Goodyear common stock distributed to participants is the difference between the weighted average cost and the current market value at the time of distribution.

d. Payment of benefits

Benefits are recorded when paid.

e. Concentration of Credit Risk

The Stable Value Fund of the Plan invests part of the fund in investment contracts of financial institutions with strong credit ratings and has established guidelines relative to diversification and maturities that maintain safety and liquidity.
