- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 2.02 Results of Operations and Financial Condition.

On August 8, 2007, Metrotek Technologies, Inc., a Delaware corporation (the "Company"), issued a press release announcing its financial results for the second quarter ended June 30, 2007 and that it is holding a conference call regarding these financial results at 11:00 a.m., Eastern time, on August 8, 2007. A copy of the Company's press release is attached hereto as Exhibit 99.1 and incorporated herein by this reference.

The attached press release contains references to non-GAAP income from continuing operations and non-GAAP income from continuing operations per share information, which are non-GAAP financial measures that refer to the Company's income from continuing operations or per share information excluding restructuring costs related to the recent retirements of the Company's founders and the relocation of the Company's principal executive offices from Denver to Wake Forest.

By eliminating the restructuring expenses in 2007 that are non-recurring and not indicative of the results of the Company's operations, the Company believes non-GAAP income from continuing operations and non-GAAP income from continuing operations per share are useful tools permitting management and the board of directors to measure, monitor and evaluate the Company's operating performance and to make operating decisions. Non-GAAP income from continuing operations and non-GAAP income from continuing operations per share are also used by management to assist it in planning and forecasting future operations and making future operating decisions.

The Company also believes that non-GAAP income from continuing operations and non-GAAP income from continuing operations per share provide meaningful information to investors in terms of enhancing their understanding of the Company's core operating performance and results and allowing investors to more easily compare the Company's financial performance on an operating basis in different fiscal periods. However, non-GAAP income from continuing operations and non-GAAP income from continuing operations per share as defined by the Company may not be directly comparable to similarly defined measures as reported by other companies. Non-GAAP income from continuing operations and non-GAAP income from continuing operations per share should be considered only as supplements to, and not as substitutes for or in isolation from, other measures of financial information prepared in accordance with GAAP, such as GAAP income, GAAP income per share, GAAP income from continuing operations and GAAP income from continuing operations per share.

The information in this Item 2.02, including Exhibit 99.1, is being furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that Section, and such information shall not be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

The attached press release also contains forward-looking statements relating to the Company's future performance. A more thorough discussion of certain risks, uncertainties and other factors that may affect the Company's operating results is included under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 and subsequently filed reports, including Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, with the Securities and Exchange Commission. Additional information will be included under those captions in the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2007, which will be filed with the SEC on or shortly after August 8, 2007.

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits

99.1 Press Release of Metretek Technologies, Inc., issued August 8, 2007, announcing its second quarter 2007 financial results
