Report of Independent Registered Public Accounting Firm

To the Benefits Administration Committee and Participants
of the Phelps Dodge Employee Savings Plan

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Phelps Dodge Employee Savings Plan at December 31, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Benefits Administration Committee (the Committee); our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by the Committee, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Committee. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Phelps Dodge Employee Savings Plan

Notes to Financial Statements

1. Description of Plan

General

The Phelps Dodge Employee Savings Plan (the Plan) is a defined contribution plan established for the benefit of eligible employees (the Participants) of Phelps Dodge Corporation (the Corporation). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. A brief description of the Plan is included in the following paragraphs. Participants should refer to the Plan document for a complete description of Plan provisions.

Administration

The Plan is sponsored by the Corporation and administered by the Benefits Administration Committee (the Committee) composed of seven employees of the Corporation who are appointed by the Corporation's Board of Directors.

Effective December 23, 2003, all plan assets are held by a trust (the Trust) administered by JPMorgan Chase Bank (the Trustee). Prior to that date, UMB Bank, N.A. served as the Trustee. JPMorgan Retirement Plan Services LLC serves as the Recordkeeper of the Plan.

Brokerage commissions, taxes and other expenses in connection with the purchase and sale of securities or other property for a fund are paid by such fund. All other fees and expenses of Plan administration are paid by the Trust unless the Corporation elects, in its sole discretion, to pay those expenses directly. The Trust's fees and expenses primarily relate to the administration of the Plan's benefit-responsive guaranteed investment contracts (GICs).

Contributions

All Participants are eligible to make pretax deferral contributions (Pretax Contributions), subject to certain limitations, equal to 1 percent to 100 percent of their eligible pay. Participants 50 years or older may be eligible to make additional Pretax Contributions up to the annual catch-up limit, which may be eligible for a matching contribution from the Corporation (Company Matching Contribution). After-tax contributions are not permitted. The Company Matching Contribution is equal to 100 percent of the first 3 percent of eligible pay deferred and 50 percent of the next 2 percent of eligible pay deferred. Participants are eligible to make Pretax Contributions to the Plan immediately upon hire date, and those Pretax Contributions are eligible for the Company Matching Contribution. All contributions are invested in one or more of the investment vehicles available within the Plan as directed by Participants. Participants are always fully vested in their total account balances.

A profit sharing contribution for eligible employees may be made by the Corporation (Company Profit Sharing Contribution). Eligible employees are those Participants employed in a salaried job classification, have a year of service (1,000 hours of work) and employed on the last day of the plan year. However, if Participants retired, died or became disabled during the year, those Participants are still eligible to receive this contribution. The Company Profit Sharing Contribution is limited to the lesser of total

Table of Contents

Phelps Dodge Employee Savings Plan

Notes to Financial Statements

1. Description of Plan (Continued)

eligible pay of Participants multiplied by:

6 percent; or

8 percent of consolidated net income of the Corporation divided by aggregate eligible Participants pay; or

4 percent of consolidated net income divided by the aggregate eligible pay of exempt salaried Participants.

Company Profit Sharing Contributions can be made only to the extent that they do not reduce the Corporation's consolidated net income below \$0.50 per common share for such year after provision for payment of preferred and preference share dividends. A profit sharing contribution of \$5,234,000 was made for 2003 and paid in March 2004.

Investments

Participants may direct the investment of their Pretax Contributions, Company Matching Contributions and Company Profit Sharing Contributions in a variety of investment vehicles comprised of common stocks, mutual funds, common/collective funds and GICs. The Plan is intended to comply with Section 404(c) of ERISA.

Distributions

Participants' interests in the Trust become distributable upon severance from employment with the Corporation, upon attaining age 59 1/2 or to their beneficiaries in the event of their death. The distribution may be made in a single lump sum or a series of substantially equal annual, quarterly or monthly cash installments beginning no earlier than age 55 and continuing over a period not to exceed 10 years, at the election of the Participant or beneficiary. Cash distributions are based upon the underlying closing price of the mutual funds, common/collective funds or GICs. Distributions of investments in Phelps Dodge Common Stock, Occidental Petroleum Stock or BP Amoco Stock are based upon the actual price at which the stock is liquidated in the market three days prior to distribution. Distributions of investments in Phelps Dodge Common Stock, Occidental Petroleum Common Stock and BP Amoco Common Stock may also be made in shares.

After-tax contributions were permitted in certain plans that transferred assets into the Plan in prior years. Participants may withdraw such after-tax contributions and earnings thereon at any time. The Plan also provides, with certain limitations, for hardship withdrawals of Pretax Contributions, Company Pre-Safe Harbor Matching Contributions and Company Profit Sharing Contributions; however, earnings on any of these contributions are ineligible for hardship withdrawal. Hardship withdrawals are not granted unless other financial resources are not reasonably available, including after-tax savings or a loan from the Plan. All withdrawals and distributions are made in accordance with rules outlined in the Plan document.

Loans

Participants may borrow from their account balances as provided in the Plan. Loans are repayable over a maximum of 5 years with the exception of loans for the purchase of a primary residence that may extend to 15 years. The maximum loan amount is equal to \$50,000 minus the Participant's highest outstanding loan balance during the past 12

Table of Contents

**Phelps Dodge Employee Savings Plan
Notes to Financial Statements**

1. Description of Plan (Continued)

months, limited to 50 percent of the Participant's vested account balance. Loans bear interest at the prime rate as quoted by the Plan's Trustee plus 2 percent. The prime rate at December 31, 2003, was 4.00 percent.

Loans are repaid by payroll deductions and interest is credited to the Participant's accounts. Loans are generally secured by the Participant's account balance.

Plan Termination

The Plan may be amended or terminated at any time by the Corporation. No such action may cause any portion of the Trust to revert to the Corporation or to be used or diverted for any purpose other than for the exclusive benefit of Participants or their beneficiaries.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments, other than GICs, are presented at fair value. The fair values of common stock, mutual funds and common/collective fund shares are based upon the closing market price on the valuation date. GICs are recorded at contract value and are based upon the respective face values plus accrued interest on the valuation date. Participant loans are valued at cost, which approximates fair value.

Security transactions are recorded on a trade date basis. Expenses paid by the Plan in connection with such transactions include brokerage commissions and taxes that are included in the cost of securities purchased and deducted from the proceeds of securities sold. Net appreciation (depreciation) in the fair value of the Plan's investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Dividend income is recognized on the ex-dividend date. Interest income is recognized as earned. Employer and Participant contributions are recognized on the accrual basis.

Risks and Uncertainties

Investments held by the Plan are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of such

investments, it is at least

Table of Contents**Phelps Dodge Employee Savings Plan
Notes to Financial Statements****2. Summary of Significant Accounting Policies (Continued)**

reasonably possible that changes in risks in the near term would materially affect Participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

The following table presents investments that represent 5 percent or more of the Plan's net assets at December 31:

	2003	2002
	(in thousands)	
Phelps Dodge Common Stock Fund	\$88,290	\$46,854
J.P. Morgan Interest Income Fund	86,281	79,969
American Century Equity Growth Fund	61,573	47,931
Moderate Investment Portfolio Fund	61,011	49,861
American Century Income and Growth Fund	50,685	38,773
Aggressive Investment Portfolio Fund	45,173	32,453
J.P. Morgan Enhanced Index Fund	36,325	26,782
T. Rowe Price Small Cap Stock Fund	30,008	19,086*
Schwab Personal Choice Retirement Fund	27,651	20,645
Participant Loans	22,191*	22,503

* Amounts are less than 5 percent of the Plan's net assets

Certain of the Plan's investments include GICs that are carried at contract value. The GICs are credited with earnings on the underlying investments and charged for Participant withdrawals and administration expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the GICs within the respective funds as of December 31 was as follows:

	2003	2002
	(in thousands)	
J.P. Morgan Interest Income Fund	\$ 84,333	\$ 78,252
Moderate Investment Portfolio Fund	23,862	20,088
Aggressive Investment Portfolio Fund	8,771	6,553
Conservative Investment Portfolio Fund	8,500	7,741
	\$125,466	\$112,634

Table of Contents**Phelps Dodge Employee Savings Plan
Notes to Financial Statements****3. Investments (Continued)**

A reconciliation of the fair market value of investments in these contracts and the related contract value as reflected in the accompanying Statement of Net Assets Available for Benefits was as follows:

	December 31,	
	2003	2002
	(in thousands)	
Fair market value of investments	\$129,161	\$117,958
Synthetic wrapper value	(3,695)	(5,324)
	<u> </u>	<u> </u>
Carrying value (contract value)	<u>\$125,466</u>	<u>\$112,634</u>

There were no reserves against contract value for credit risk of the contract issuers or otherwise at December 31, 2003 or 2002. The average yield and crediting interest rates were approximately 5.46 percent and 6.43 percent for 2003 and 2002, respectively. The crediting interest rates are based on a formula agreed upon by the issuers. Such interest rates are reviewed on a quarterly basis for resetting.

During 2003, the Plan's investments (including gains and losses on investments bought and sold, as well as those held during the year) appreciated in value as follows (in thousands):

Common stocks	\$ 62,884
Mutual funds	48,394
Common/collective funds	15,227
	<u> </u>
	<u>\$126,505</u>

4. Related Party Transactions

The Trustee invests in the Corporation's common stock in accordance with the provisions of the Plan. The following is a summary of transactions in the Corporation's common stock during 2003 (in thousands):

Cost of shares purchased	\$12,108
Number of shares purchased	272
Proceeds from shares sold	\$29,570
Number of shares sold	579
Value of shares distributed	\$ 528
Number of shares distributed	11

Certain Plan investments are shares of mutual funds and common/collective trusts managed by American Century Investments and J.P. Morgan Investment Management while an affiliated company, JPMorgan Retirement Plan Services LLC, is the Recordkeeper as defined by the Plan. Therefore, these transactions qualify as party-in-interest.

- 8 -

Table of Contents**Phelps Dodge Employee Savings Plan
Notes to Financial Statements****5. Tax Status**

The Plan received a determination letter from the Internal Revenue Service (IRS) dated October 16, 2002, which states that the Plan met the requirements of Section 401(a) of the Internal Revenue Code and that the earnings of the Trust are exempt from taxation under Section 501(a) of the Code. The Plan has been amended since receiving the determination letter, however, the Committee believes that the Plan, as amended and as operated, continues to satisfy IRS requirements for tax exemption.

6. Reconciliation of the Financial Statements to the Form 5500

During 2002, the Corporation identified certain accounting matters related to its consolidated financial statements for years prior to 2002 that required restatement. The restated adjustments applicable to 2000 required the Corporation to make a profit sharing contribution of \$4,067,000 to the Plan in 2003. The profit sharing contribution and related interest were reflected in the Plan's financial statements as of December 31, 2002; however, were not recorded in the Form 5500 until 2003.

The following table presents a reconciliation of the Plan's Net Assets Available for Benefits from the financial statements at December 31, 2002, to the amount included in the 2003 Form 5500 as of that date:

	December 31, 2002
	(in thousands)
Net assets available for benefits per the financial statements	\$ 415,028
Profit sharing contribution receivable	(4,067)
Interest receivable on related employer profit sharing contribution	(361)
	<hr/>
Net assets available for benefits per the Form 5500	\$ 410,600
	<hr/>

The following table presents a reconciliation of the Plan's Changes in Net Assets Available for Benefits from the financial statements to the Form 5500 for the year ended December 31, 2003:

	Year Ended December 31, 2003
	(in thousands)
Increase in net assets per the financial statements	\$ 132,770
Prior year profit sharing contribution receivable	4,428
	<hr/>
Increase in net assets per the Form 5500	\$ 137,198
