-----  
COLONIAL HIGH INCOME MUNICIPAL TRUST ANNUAL REPORT  
-----

NOVEMBER 30, 2001

[graphic omitted]

President's Message

Dear Shareholder:

I wanted to take this opportunity to let you know that the sale of Liberty Financial's asset management companies -- including Colonial Management Associates -- to FleetBoston Financial was completed effective November 1, 2001.

In light of this change and recent turmoil in the markets, I think it is important to assure you that only the ownership of Colonial has changed. The trust will continue to be guided by the same investment principles which attracted you in the first place.

The past year has been an interesting time for US investment markets. At the beginning of 2001, the Federal Reserve began lowering interest rates in hopes of stimulating the sagging economy. In total, we saw ten rate cuts in the first 11 months of the year, bringing the short-term interest rate down from 6.5% to 2.0%. An additional cut in December brought rates to a historic low of 1.75%. These aggressive rate cuts raised some concerns that inflationary pressures could surface, but inflation has thus far been kept in check. At the same time, economic weakness and stock market volatility has prompted investors to shift assets into the bond market - a move which has benefited municipal bond prices.

The following report will provide you with more detailed information about the trust's performance and the strategies used by portfolio manager Maureen Newman. As always, we thank you for choosing Colonial High Income Municipal Trust and for giving us the opportunity to serve your investment needs.

Sincerely,

/s/ Keith T. Banks

Keith T. Banks  
President

-----  
MEET THE NEW PRESIDENT

Effective November 1, 2001, Mr. Keith Banks has taken on the position of president of Colonial High Income Municipal Trust. Mr. Banks is currently chief investment officer of Fleet Asset Management, a position he has held since 2000. Prior to joining Fleet, he was managing director and head of US equity for J.P. Morgan Investment Management from 1996 to 2000. He began his investment career in 1981 as an equity analyst at Home Insurance. A chartered financial analyst, Mr. Banks earned his BA from Rutgers University and his MBA from Columbia Business School.

-----  
PORTFOLIO MANAGER'S REPORT  
-----

During the 12 months ended November 30, 2001, the generally weak economy caused investors to seek out more defensive investments, and demand for bonds increased. Colonial High Income Municipal Trust delivered a total return of 7.01% (based on net asset value) for the 12 months ended November 30, 2001. However, this return falls short of the trust's benchmark, the Lehman Brothers Municipal Bond Index, which returned 8.75% for the same period.

The trust benefited from its holdings of longer-maturity bonds, as well as holdings in the multi-family housing sector. On the negative side, the trust was hurt by defaults of certain nursing home bonds and by the bankruptcy of Bethlehem Steel (0.02% of net assets). The income available for distribution to common shareholders was helped as the short-term rates paid out to preferred shareholders dropped. If short-term rates rise, we could see a decline in the income available for distribution to common shareholders. While the issuance of preferred shares provides the possibility of higher tax-exempt income, it also adds price volatility to the portfolio.

We believe that the economic recovery is forthcoming, but the process may be long and slow with little measurable improvement until late 2002. Consumer spending remains cautious, but consumer confidence has begun to increase and inflation remains in check. We expect bonds to perform well in the coming months, and we have positioned the portfolio to take advantage of continued low interest rates and a slow economic recovery.

/s/ Maureen G. Newman

Maureen G. Newman

Maureen G. Newman is portfolio manager of Colonial High Income Municipal Trust and a senior vice president of Colonial Management Associates, Inc. (CMA). Prior to joining Colonial, she worked at Fidelity Investments for 11 years, managing several mutual funds. Ms. Newman received her BA in economics from Boston College and her MBA from Babson College. She is a chartered financial analyst, a member of the Boston Security Analysts Society and former chairman of the National Federation of Municipal Analysts.

Tax-exempt investing offers current tax-free income but also involves certain risks. The value of the trust will be affected by interest rate changes and the creditworthiness of issues held in the trust. The municipal bond management team identifies problems and opportunities and reacts quickly to market changes. Interest income from certain tax-exempt bonds may be subject to the federal alternative minimum tax for individuals and corporations.

Quality breakdowns are calculated as a percentage of total investments, including short-term obligations. Ratings shown in the quality breakdown represent the highest rating assigned to a particular bond by one of the following nationally recognized rating agencies: Standard & Poor's Corporation, Moody's Investors Service, Inc. or Fitch Investors Service, Inc.

Because the trust is actively managed, there can be no guarantee that the trust will continue to maintain these quality breakdowns in the future.

NOTES TO FINANCIAL STATEMENTS

November 30, 2001

NOTE 1. ACCOUNTING POLICIES

## Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

### ORGANIZATION

Colonial High Income Municipal Trust (the "Trust") is a Massachusetts business trust registered under the Investment Company Act of 1940 (the "Act"), as amended, as a diversified, closed-end management investment company. The Trust's investment objective is to provide high current income, generally exempt from federal income taxes. The Trust's secondary investment objective is to seek total return. The Trust authorized an unlimited number of common shares of beneficial interest and 4,800 Auction Preferred Shares ("APS").

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The following is a summary of significant accounting policies consistently followed by the Trust in the preparation of its financial statements.

### SECURITY VALUATION AND TRANSACTIONS

Debt securities generally are valued by a pricing service based upon market transactions for normal, institutional-size trading units of similar securities. When management deems it appropriate, an over-the-counter or exchange bid quotation is used.

Futures contracts are valued based on the difference between the last sale price and the opening price of the contract.

Options are valued at the last reported sale price, or in the absence of a sale, the mean between the last quoted bid and asking price.

Short-term obligations with a maturity of 60 days or less are valued at amortized cost.

Investments for which market quotations are not readily available are valued at fair value under procedures approved by the Trustees.

Security transactions are accounted for on the date the securities are purchased, sold or mature.

Cost is determined and gains and losses are based upon the specific identification method for both financial statement and federal income tax purposes.

The Trust may trade securities on other than normal settlement terms. This may increase the risk if the other party to the transaction fails to deliver and causes the Trust to subsequently invest at less advantageous prices.

### FEDERAL INCOME TAXES

Consistent with the Trust's policy to qualify as a regulated investment company and to distribute all of its taxable and tax-exempt income, no federal income tax has been accrued.

At November 30, 2001, capital loss carryforwards available (to the extent provided in regulations) to offset future realized gains were approximately as follows:

YEAR OF EXPIRATION	CAPITAL LOSS CARRYFORWARD
2002	\$ 6,578,630
2003	5,267,623
2004	2,815,387
2005	5,926,653

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

2007	3,941,668
2008	14,340,573
2009	4,198,716
	-----
	\$43,069,250
	-----

Expired capital loss carryforwards, if any, are recorded as a reduction of paid-in capital.

INTEREST INCOME, DEBT DISCOUNT AND PREMIUM

Interest income is recorded on the accrual basis. Original issue discount is accreted to interest income over the life of the security with a corresponding increase in the cost basis; market discount is not accreted. Premium is amortized against interest income with a corresponding decrease in the cost basis.

Effective December 1, 2001, the Trust will adopt the provisions of the AICPA Audit and Accounting Guide for Investment Companies and will be required to amortize premium and discount on all debt securities. Upon the effective date, this accounting principle change will not have an impact on total net assets, but will result in a reclassification between cost of securities held and net unrealized appreciation/depreciation. Management of the Trust currently believes that the impact of adopting this principle will not be material to the financial statements.

DISTRIBUTIONS TO SHAREHOLDERS

Distributions to common and preferred shareholders are recorded on the ex-date.

The amount and character of income and gains to be distributed are determined in accordance with income tax regulations, which may differ from generally accepted accounting principles. Reclassifications are made to the Trust's capital accounts to reflect income and gains available for distribution (or available capital loss carryforwards) under income tax regulations.

The following reclassifications have been made to the financial statements:

INCREASE (DECREASE)		
PAID-IN CAPITAL	UNDISTRIBUTED NET INVESTMENT INCOME	ACCUMULATED NET REALIZED LOSS
\$ (5,580,052)	\$67,160	\$5,512,892

These differences are primarily due to expiring capital loss carryforwards and market discount reclassifications. Net investment income, net realized gains (losses) and net assets were not affected by this reclassification.

Distributions to preferred shareholders are recorded daily and are payable at the end of each dividend period. Each dividend payment period for the APS is generally seven days. The applicable dividend rate for the APS on November 30, 2001 was 1.95% for Series T and 1.70% for Series W. For the year ended November 30, 2001, the Trust declared dividends to Auction Preferred shareholders amounting to \$3,649,679 representing an average APS dividend rate for such period of 3.04%.

NOTE 2. FEES AND COMPENSATION PAID TO AFFILIATES

MANAGEMENT FEE

Colonial Management Associates, Inc. (the "Advisor") is the investment advisor of the Trust and furnishes accounting and other services and office facilities

## Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

for a monthly fee equal to 0.80% annually of the Trust's average daily net assets. Effective July 1, 2001, the management fee was reduced to 0.75% annually of the Trust's average daily net assets.

On November 1, 2001, Liberty Financial Companies, Inc., the former parent of the Advisor, completed the sale of its asset management business, including the Advisor, to Fleet National Bank ("Fleet"). This transaction resulted in a change of control of the Advisor and, therefore, an assignment of the Advisor's investment advisory contract with the Trust to Fleet. The Trust had obtained approval of a new investment advisory contract by the Trust's Board of Trustees and shareholders, which became effective upon completion of the sale. The new contract is identical to the prior contract in all material respects except for its effective and termination dates.

### BOOKKEEPING FEE

The Advisor is responsible for providing pricing and bookkeeping services to the Trust under a Pricing and Bookkeeping Agreement. Under a separate agreement (the "Outsourcing Agreement"), the Advisor has delegated those functions to State Street Bank and Trust Company ("State Street"). The Advisor pays fees to State Street under the Outsourcing Agreement.

During the period December 1, 2000 to June 30, 2001, the Advisor provided bookkeeping and pricing services weekly to the Trust for a monthly fee equal to \$18,000 annually plus 0.0233% annually of the Trust's average daily net assets over \$50 million. Effective July 1, 2001, under its pricing and bookkeeping agreement with the Trust, the Advisor receives from the Trust an annual flat fee of \$10,000, paid monthly, and in any month that the Trust's average daily net assets are more than \$50 million, a monthly fee equal to the average daily net assets of the Trust for that month multiplied by a fee rate that is calculated by taking into account the fees payable to State Street under the Outsourcing Agreement.

### OTHER

The Trust pays no compensation to its officers, all of whom are employees of the Advisor.

The Trust's Trustees may participate in a deferred compensation plan, which may be terminated at any time. Obligations of the plan will be paid solely out of the Trust's assets.

The Trust has an agreement with its custodian bank under which \$331 of custody fees were reduced by balance credits for the year ended November 30, 2001. The Trust could have invested a portion of the assets utilized in connection with the expense offset arrangements in an income producing asset if it had not entered into such agreements.

### NOTE 3. PREFERRED SHARE OFFERING

On August 26, 1999, the Trust offered and currently has outstanding 4,800 APS (2,400 shares each of Series T and W). The APS are redeemable at the option of the Trust on any dividend payment date at the redemption price of \$25,000 per share, plus an amount equal to any dividends accumulated on a daily basis unpaid through the redemption date (whether or not such dividends have been declared). Total proceeds, net of commissions, of \$118,500,000, were received upon completion of the offering.

APS commissions of \$1,500,000 from the offering and costs incurred by the Trust in connection with the offering of the APS totaling \$282,640 and \$106,148 for fiscal years 2000 and 1999, respectively, were recorded as a reduction of capital paid in excess of par applicable to common shares.

Under the Act, the Trust is required to maintain asset coverage of at least 200% with respect to the APS as of the last business day of each month in

## Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

which any APS are outstanding. Additionally, the Trust is required to meet more stringent asset coverage requirements under the terms of the APS and in accordance with the guidelines prescribed by the rating agencies. Should these requirements not be met, or should dividends accrued on the APS not be paid, the Trust may be restricted in its ability to declare dividends to common shareholders or may be required to redeem certain of the APS. At November 30, 2001 there were no such restrictions on the Trust.

### NOTE 4. PORTFOLIO INFORMATION

#### INVESTMENT ACTIVITY

During the year ended November 30, 2001, purchases and sales of investments, other than short-term obligations, were \$49,947,879 and \$64,642,329, respectively.

Unrealized appreciation (depreciation) at November 30, 2001, based on cost of investments for federal income tax purposes was:

Gross unrealized appreciation	\$ 15,539,279
Gross unrealized depreciation	(22,755,172)
	-----
Net unrealized depreciation	\$ (7,215,893)
	=====

#### OTHER

There are certain risks arising from geographic concentration in any state. Certain revenue or tax related events in a state may impair the ability of certain issuers of municipal securities to pay principal and interest on their obligations.

The Trust may focus its investments in certain industries, subjecting it to greater risk than a trust that is more diversified.

The Trust may purchase or sell municipal and Treasury bond futures contracts and purchase and write options on futures. The Trust may invest in these instruments to hedge against the effects of changes in the value of portfolio securities due to anticipated changes in interest rates and/or market conditions, for duration management, or when the transactions are economically appropriate to the reduction of risk inherent in the management of the Trust and not for trading purposes. The use of futures contracts and options involves certain risks, which include (1) imperfect correlation between the price movement of the instruments and the underlying securities, (2) inability to close out positions due to different trading hours or the temporary absence of a liquid market for either the instrument or the underlying securities or (3) an inaccurate prediction by the Advisor of the future direction of interest rates. Any of these risks may involve amounts exceeding the amount recorded in the Trust's Statement of Assets and Liabilities at any given time.

# Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

TO THE TRUSTEES AND SHAREHOLDERS OF COLONIAL HIGH INCOME MUNICIPAL TRUST

In our opinion, the accompanying statement of assets and liabilities, including the investment portfolio, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of Colonial High Income Municipal Trust (the "Trust") at November 30, 2001, the results of its operations, the changes in its net assets and the financial highlights for the periods indicated, in conformity with accounting principles generally accepted in the United States of America. These financial statements and the financial highlights (hereafter referred to as "financial statements") are the responsibility of the Trust's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with auditing standards generally accepted in the United States of America which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of portfolio positions at November 30, 2001 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

John J. Neuhauser	4,763	25
Joseph R. Palombo	4,763	25
Thomas E. Stitzel	4,763	25
Thomas C. Theobald	4,763	25
Anne-Lee Verville	4,763	25

FEDERAL TAX INFORMATION

99.71% of the distributions from net investment income will be treated as exempt income for federal income tax purposes.

DIVIDEND REINVESTMENT PLAN

As a shareholder in the trust you are eligible to participate in the Dividend Reinvestment Plan.

The trust generally distributes net investment income monthly and capital gains annually. Under the trust's Dividend Reinvestment Plan (the "plan") all distributions will be reinvested automatically in additional shares of the trust, unless the shareholder elects to receive cash or the shares are held in broker or nominee name and a reinvestment service is not provided by the broker or nominee. All cash distributions will be mailed by check directly to the record holder by the dividend paying agent.

If the market price of the shares on the distribution payment date is equal to or greater than the net asset value, plan participants will be issued shares at the higher of net asset value or 95% of the market price. The aggregate market value of the shares may constitute income to shareholders for federal income tax purposes. However, if the market price of the shares is less than the net asset value, shares will be bought as soon as practicable (but no more than 30 days after the distribution, except as may be required to comply with federal securities laws) in the open market for the accounts of plan participants. If, during this purchase period, the market price surpasses the net asset value, the average per share price paid may exceed the net asset value of the shares, resulting in the acquisition of fewer shares than if the distribution had been in newly-issued shares.

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

All plan accounts receive written confirmations of all transactions. Shares purchased under the plan are held in uncertificated form. Each shareholder's proxy includes shares purchased pursuant to the plan. The automatic reinvestment of distributions does not relieve participants of any income tax payable on the distributions.

Fees and expenses of the plan other than brokerage charges are incurred on shares issued directly by the trust. Participants will bear a pro-rata share of brokerage charges incurred on open market purchases.

A plan participant may terminate his or her participation by written notice to the plan agent. The plan may be amended or terminated on 30 days written notice to the plan participants. All correspondence concerning the plan should be directed to State Street Bank and Trust Company, the plan agent, by mail at P.O. Box 8200, Boston, MA 02266-8200 or by phone at 1-800-426-5523.
