INDEPENDENT AUDITORS' REPORT  
-----

To the Board of Directors of  
Mitigo Inc.

We have audited the accompanying balance sheet of Mitigo Inc. (A Development Stage Company) as of December 31, 2001 and the related statements of operations, changes in stockholders' deficit and cash flows for the period from August 17, 2001 (Inception) through December 31, 2001. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mitigo Inc. as of December 31, 2001, and the results of its operations and its cash flows for the period from August 17, 2001 (Inception) through December 31, 2001, in conformity with accounting principles generally accepted in the United State of America.

## Edgar Filing: INTERNATIONAL WIRELESS INC - Form 8-K/A

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company incurred a net loss of \$243,507 and there are existing uncertain conditions that the Company faces relative to raising capital and generating revenue. These conditions raise substantial doubt about its ability to continue as a going concern. Management's plans regarding these matters also are described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

/s/ Marcum & Kliegman LLP

MITIGO, INC.  
(A DEVELOPMENT STAGE COMPANY)

### NOTES TO FINANCIAL STATEMENTS

#### NOTE 1 - Description of Business Going Concern Uncertainty and Managements Plans

##### The Company and Nature of Business

Mitigo Inc. (The "Company") was incorporated on August 17, 2001 in the state of Delaware. The Company develops software solutions that allow mobile phone, Personal Digital Assistants ("PDA's"), and other wireless devices to read visual symbols such as barcodes and matrix codes. Since inception the Company's efforts have been devoted to creating its business plan and developing and selling its software. Accordingly, through the date of these financial statements, the Company is considered to be in the development stage and the accompanying financial statements represent those of a development stage enterprise.

##### Going Concern Uncertainty and Management's Plans

As shown in the accompanying financial statements, the Company incurred a net loss of \$243,507 during the period from August 17, 2001 (Inception) through December 31, 2001 resulting in a deficit accumulated during the development stage of \$243,507. Management plans include raising capital and generating revenue through sale of their software. On January 11, 2002, the Company was acquired by International Wireless, Inc. ("IWIN") (See Note 6) and became a 100% wholly owned subsidiary of IWIN. Failure of the Company or IWIN to raise capital or generate revenue may result in depleting of funds available to implement the Company's business plan and cause it to curtail or cease operations. Additionally, even if the Company or IWIN does raise sufficient capital or generate revenue, there can be no assurances that the net proceeds or the revenue will be sufficient to enable it to develop business to a level where it will generate profits and cash flows from operations.

These matters raise substantial doubt about the Company's ability to continue as a going concern. However, the accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. These financial statements do not include any adjustments relating to the recovery of the recorded assets or the classification of

## Edgar Filing: INTERNATIONAL WIRELESS INC - Form 8-K/A

the liabilities that might be necessary should the Company be unable to continue as a going concern.

### NOTE 2 - Summary of Significant Accounting Policies

-----

#### Cash and Cash Equivalents

-----

For purposes of the statement of cash flows, the Company considers all short-term investments with an original maturity of three months or less to be cash equivalents.

#### Income Taxes

-----

The Company accounts for income taxes using the liability method, which requires the determination of deferred tax assets and liabilities based on the differences between the financial and tax bases of assets and liabilities using enacted tax rates in effect for the year in which differences are expected to reverse. Deferred tax assets are adjusted by a valuation allowance, if, based on the weight of available evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

See notes to unaudited pro forma combined financial information.

6

MITIGO, INC.  
(A DEVELOPMENT STAGE COMPANY)

NOTES TO FINANCIAL STATEMENTS

-----

### NOTE 2 - Summary of Significant Accounting Policies, continued

-----

#### Income Taxes

-----

At December 31, 2001, the Company has net operating loss carryforwards of approximately \$241,000 which would have expired through 2021. However, in connection with the IWIN acquisition (See Note 6), pursuant to Section 382 of the Internal Revenue Code the amount of these carryforwards that will be available are materially limited.

#### Property and Equipment and Depreciation

-----

Property and equipment is stated at cost and is depreciated using the straight line method over the estimated useful lives of the respective assets. Routine maintenance, repairs and replacement costs are expensed as incurred and improvements that extend the useful life of the assets are capitalized. When property and equipment is sold or otherwise disposed of, the cost and related accumulated depreciation are eliminated from the accounts and any resulting gain or loss is recognized in operations.

#### Advertising Costs

-----

Advertising costs are expensed as incurred. Advertising costs for the period August 17, 2001 (Inception) through December 31, 2001 amounted to \$7,455.

## Edgar Filing: INTERNATIONAL WIRELESS INC - Form 8-K/A

### Software Development Costs

-----

Software development costs related to the development of software to be sold, leased or otherwise marketed are charged to expense as incurred until technological feasibility is established. Thereafter, all software production costs are capitalized and amortized on a straight-line basis over the estimated economic life of the product and reported at the lower of unamortized cost or net realizable value.

Technological feasibility of the software was not established until December 31, 2001. Therefore, software development costs, totaling \$34,325 for the period August 17, 2001 (Inception) through December 31, 2001, were charged to expense.

### Use of Estimates in the Financial Statements

-----

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities and disclosure of contingent asset and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The accompanying notes are an integral part of these financial statements.

See notes to unaudited pro forma combined financial information.

7

MITIGO, INC.  
(A DEVELOPMENT STAGE COMPANY)

### NOTES TO FINANCIAL STATEMENTS

-----

#### NOTE 2 - Summary of Significant Accounting Policies, continued

-----

#### Fair Value of Financial Instruments

-----

SFAS No. 107, "Disclosures about Fair Value of Financial Instruments" requires that the Company disclose estimated fair values of financial instruments. The carrying amounts reported in the accompanying balance sheet for liabilities qualifying as financial instruments are a reasonable estimate of fair value.

#### New Accounting Pronouncements

-----

In July 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 141, Business Combinations. SFAS No. 141 requires the purchase method of accounting for business combinations initiated after June 30, 2001 and eliminates the pooling-of-interests method.

In July 2001, the FASB issued SFAS No. 142, "Goodwill and Other Intangible Assets", which is effective for the Company in 2002. SFAS No. 142 require, among other things, the discontinuance of goodwill amortization. In addition, the standard includes provisions for the reclassification of certain existing recognized intangibles as goodwill, reassessment of the useful lives of existing recognized intangibles, reclassification of certain intangibles out of previously reported goodwill and the identification of reporting units for purposes of assessing potential

## Edgar Filing: INTERNATIONAL WIRELESS INC - Form 8-K/A

future impairment of goodwill.

The FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" in August 2001. SFAS No. 144 changes the accounting for long-lived assets to be held and used by eliminating the requirement to allocate goodwill to long-lived assets to be tested for impairment, by providing a probability weighted cash flow estimation approach to deal with situations in which alternative courses of action to recover the carrying amount of possible future cash flows and by establishing a primary-asset approach to determine the cash flow estimation period for a group of assets and liabilities that represents the unit of accounting for long-lived assets to be held and used. SFAS No. 144 changes the accounting for long-lived assets to be disposed of other than by sale by requiring that the depreciable life of a long-lived asset to be abandoned be revised to reflect a shortened useful life and by requiring the impairment loss to be recognized at the date a long-lived asset is exchanged for a similar productive asset or distributed to owners in a spin-off if the carrying amount of the asset exceeds its fair value. SFAS No. 144 changes the accounting for long-lived assets to be disposed of by sale by requiring that discontinued operations no longer be recognized on a net realizable value basis (but at the lower of carrying amount or fair value less costs to sell), by eliminating the recognition of future operating losses of discontinued components before they occur and by broadening the presentation of discontinued operations in the income statement to include a component of an entity rather than a segment of a business. A component of an entity comprises operations and cash flows that can be clearly distinguished, operationally, and for financial reporting purposes, from the rest of the entity. The effective date for SFAS No. 144 is for fiscal years beginning after December 15, 2001.

See notes to unaudited pro forma combined financial information.

8

MITIGO, INC.  
(A DEVELOPMENT STAGE COMPANY)

NOTES TO FINANCIAL STATEMENTS

-----  
NOTE 2 - Summary of Significant Accounting Policies, continued  
-----

The Company expects that the adoption of the new statements will not have a significant impact on its financial statements.

NOTE 3 - Property and Equipment  
-----

Property and equipment at December 31, 2001 consist of the following:

	2001	Estimated Useful Lives
	-----	
Furniture and fixtures	\$2,401	7 years
Equipment and software	1,000	5 years

Edgar Filing: INTERNATIONAL WIRELESS INC - Form 8-K/A

Leasehold improvements	1,155	4 years
	-----	
	4,556	
Less: accumulated amortization and depreciation	(567)	
	-----	
Property and Equipment, Net	\$3,989	
	=====	

Depreciation and amortization expense for the period ended December 31, 2001 was \$567.

NOTE 4 - Loans Payable, Related Party

-----

On September 1, 2001, the Company entered into a revolving credit agreement with IWIN, whereby the Company would receive advances or IWIN would incur expenses on behalf of the Company up to \$600,000. The note bears interest at 6% and was due December 31, 2003. The balance due under this note payable at December 31, 2001 was \$216,091. On January 11, 2002, IWIN acquired all of the issued and outstanding shares of the Company (See Note 6).

NOTE 5 - Commitments

-----

Employment Agreements

-----

The Company has entered into three employment agreements with officers of the Company whereby the Company will pay a minimum total salary of \$382,200 per annum plus bonus, performance bonus based on the Company's revenue goals, annual increases and future issuance of stock options in the sole discretion of the Board of Directors. These employment agreements terminate through December 2004, however they will automatically renew annually thereafter unless terminated by the employee or the Company.

See notes to unaudited pro forma combined financial information.

9

MITIGO, INC.  
(A DEVELOPMENT STAGE COMPANY)

NOTES TO FINANCIAL STATEMENTS

-----

NOTE 6 - Subsequent events

-----

Related Party Transaction - Licensing Agreement

-----

On January 10, 2002, the Company entered into a licensing agreement with Cobblestone Software, Inc ("Cobblestone") whereby Cobblestone granted the Company exclusive license to its intellectual property rights relating to, among other things, decoding visibly encoded public-domain symbols for use in mobile commerce. In consideration for the license granted, the Company

## Edgar Filing: INTERNATIONAL WIRELESS INC - Form 8-K/A

paid Cobblestone \$5,000 upon execution of the agreement and an additional \$25,000 will be due September 1, 2002 and \$50,000 will be due September 1, 2003 and each year thereafter. The Company may elect however at its sole discretion to cede back certain intellectual property rights whereby the payment due subsequent to such election and each year thereafter would remain at \$25,000. Cobblestone is owned by the Chief Technology Officer of the Company and a relative of the Chief Technology Officer.

### Acquisition Agreement

-----  
On January 11, 2002, IWIN acquired 100% of the issued and outstanding stock of the Company for an aggregate purchase price of 4,398,000 shares of the IWIN's common stock to be issued to the stockholders of the Company ("Sellers"). An aggregate of 2,998,006 shares were issued to the Sellers at closing and 1,399,994 shares will be held in escrow. These escrow shares will be released to the Sellers pursuant to a formula based on net income for 2002 and 2003, as defined in the agreement. Any escrow shares not released to the Sellers based on this formula of net income at the end of 2003, as defined in the agreement, will be returned to IWIN.

See notes to unaudited pro forma combined financial information.

## INTERNATIONAL WIRELESS, INC

### INTRODUCTION TO UNAUDITED PRO FORMA CONDENSED COMBINED

#### FINANCIAL INFORMATION

The following Unaudited proforma condensed combined balance sheet as of December 31, 2001 and the Unaudited pro forma condensed combined statement of operations for the year ended December 31, 2001 are based on the historical financial statements of International Wireless, Inc. (the "Company") and Mitigo Inc. ("Mitigo") and give effect to the proforma adjustments described herein as though the acquisition of Mitigo dated January 11, 2002 had been consummated at December 31, 2001 for the Unaudited condensed combined balance sheet and at August 17, 2001 (Inception of Mitigo) for the Unaudited condensed combined statement of operations for the year ended December 31, 2001.

The Unaudited pro forma condensed combined financial statements should be read in conjunction with the notes thereto and with the historical financial statements of International Wireless, Inc, as filed on March 12, 2002, on Form 8-K/A and the historical financial statements of Mitigo. included elsewhere herein. The Unaudited pro forma combined financial statements are not necessarily indicative of the Company's combined financial position or results of operations that would have been achieved had the acquisition been consummated at December 31, 2001 for the Unaudited condensed combined balance sheet, and at August 17, 2001 for the Unaudited condensed combined statements of operations for the year ended December 31, 2001.

Under the terms of an acquisition agreement dated January 11, 2002, International Wireless, Inc. purchased 100% of the issued and outstanding stock of Mitigo. The pro forma adjustments reflect the transaction using the purchase method of accounting, and are based on available information and certain estimates and assumptions set forth in the notes to the unaudited pro forma condensed combined financial information. International Wireless, Inc. will establish a new basis for Mitigo's assets and liabilities based upon an allocation of the fair value of the acquisition. The unaudited pro forma

Edgar Filing: INTERNATIONAL WIRELESS INC - Form 8-K/A

financial information reflects the Company's best estimates; however, the actual amounts may differ from the pro forma amounts.

See notes to unaudited pro forma combined financial information.
