Dear Shareholder:

You are cordially invited to attend the Annual Meeting of Shareholders of Lincoln Electric Holdings, Inc., which will be held at 10:30 a.m. on May 1, 2002 at the Wellington Center in Highland Heights, Ohio. A map showing the location of the Annual Meeting is printed on the outside back cover of the Proxy Statement.

Enclosed with this letter are the Annual Meeting Notice, Proxy Statement, Proxy and Voting Instruction Form and an envelope in which to return the Proxy and Voting Instruction Form. Also enclosed is a copy of the Annual Report. The Annual Report and Proxy Statement contain important information about the Company, its Board of Directors and its Executive Officers. Please read these documents carefully.

If you are a registered holder of Lincoln stock or a participant in the Company's Employee Savings Plan, as a convenience to you and as a means of reducing costs, you may choose to vote your Proxy electronically using the Internet or a touch-tone telephone instead of using the conventional method of completing and mailing the enclosed Proxy and Voting Instruction Form. Electronic proxy voting is permitted under Ohio law and the Company's Regulations. You will find instructions on how to vote electronically in the Proxy Statement and on the Proxy and Voting Instruction Form. Having the freedom to vote by means of the Internet, telephone or mail does not limit your right to vote in person at the Annual Meeting, if you prefer. If you do plan to attend the Annual Meeting, please check the attendance box on the enclosed Proxy and Voting Instruction Form, or when prompted if you cast your vote over the Internet or by telephone.

We look forward to seeing you at the Annual Meeting.

Sincerely,

Anthony A. Massaro
Chairman, President and Chief Executive Officer Lincoln Electric Holdings, Inc.

The Annual Meeting of Shareholders of Lincoln Electric Holdings, Inc. will be held at 10:30 a.m. on Wednesday, May 1, 2002 at the Wellington Center, 777 Alpha Drive, Highland Heights, Ohio. Shareholders will be asked to vote on the following items:

- (1) Election of one Director to serve for a term scheduled to expire in 2003, election of one Director to serve for a term scheduled to expire in 2004, and election of four Directors each for a term scheduled to expire in 2005;
- (2) Ratification of the Directors' appointment of Ernst & Young LLP as the Company's independent auditors for the year ending December 31, 2002; and
- (3) Any other business properly brought before the meeting.

Shareholders of record at the close of business on March 21, 2002 are entitled to vote.

Frederick G. Stueber
*Senior Vice President,
General Counsel and Secretary*

March 28, 2002

Your vote is very important. Be sure that your shares are represented. Whether or not you plan to attend the Annual Meeting, we recommend that you mark, date, sign and return promptly the enclosed Proxy and Voting Instruction Form in the envelope provided or, in the alternative, vote your shares electronically either over the Internet (<http://www.votefast.com>) or by touch-tone telephone (1-800-542-1160).

If your shares are not registered in your own name and you would like to attend the Annual Meeting, please bring evidence of your share ownership with you. You should be able to obtain evidence of your share ownership from the broker, trustee, bank or other nominee that holds the shares on your behalf.

GENERAL INFORMATION

Who is soliciting proxies and why?

Edgar Filing: LINCOLN ELECTRIC HOLDINGS INC - Form DEF 14A

The enclosed Proxy is being solicited by the Directors of the Company, and the Company will pay the cost of the solicitation. In addition, certain Officers and other employees of the Company may, by telephone, telegram, letter or personal interview, request the return of proxies.

If your shares are held in your name, in order to vote your shares you must either attend the Annual Meeting and vote in person or appoint a proxy to vote on your behalf. Because the Directors of the Company realize that it would be highly unlikely that all shareholders would be able to attend the Annual Meeting, the Directors recommend that you appoint a proxy to vote on your behalf, as indicated on the accompanying Proxy and Voting Instruction Form, or appoint your proxy electronically via telephone or the Internet.

What is Householding?

To reduce the expense of delivering duplicate voting materials to shareholders who may have more than one account, we are taking advantage of the new Householding rules recently enacted by the Securities and Exchange Commission. These rules permit the Company to deliver only one set of voting materials to shareholders who share the same address, meaning only one copy of the Annual Report, Proxy Statement and any other shareholder communication will be sent to these households.

How do I obtain a separate set of voting materials?

If you share an address with another shareholder and have received only one copy of the Annual Report, Proxy Statement or any other shareholder communication, you may write to the Company to request a separate copy of these materials at no cost to you. For future Annual Meetings, you may request separate copies of these materials, or request that the Company send only one set of these materials to you if you are receiving multiple copies, by sending a written notice to the Secretary of the Company at Lincoln Electric Holdings, Inc., c/o National City Bank, Corporate Trust Operations, Locator 5352, P.O. Box 92301, Cleveland, Ohio 44197-1200.

Who may vote?

Record holders of the Common Stock of Lincoln Electric Holdings, Inc. (Lincoln Common) as of the close of business on March 21, 2002 are entitled to vote at the meeting. On that date, 42,280,640 shares of Lincoln Common were outstanding. Each share is entitled to one vote on each matter brought before the meeting.

What shares are included on the proxy card?

If you are both a registered shareholder of the Company and a participant in the Employee Savings Plan (401(k) Plan), you may have received one Proxy and Voting Instruction Form that shows all shares of Lincoln Common registered in your name, including any Dividend Reinvestment Plan shares, and all shares you have (based on the units credited to your account) under the 401(k) Plan. Accordingly, your Proxy and Voting Instruction Form also serves as your voting directions to the 401(k) Plan Trustee.

Please note, however, that unless the identical name or names appeared on all your accounts, we were not able to consolidate your share information. If that was the case, you received more than one Proxy and Voting Instruction Form.

If your shares are held through a nominee, you will receive either a voting form or a proxy card from the nominee, instructing you on how to vote your shares, which may also include instructions on electronic voting.

What are the issues on which I will be voting?

You are being asked to vote on two items:

- (1) Election of one Director to serve for a term scheduled to expire in 2003, election of one Director to serve for a term scheduled to expire in 2004, and election of four Directors each to serve for a term scheduled to expire in 2005; and
- (2) Ratification of the Directors' appointment of Ernst & Young LLP as the Company's independent auditors for the year ending December 31, 2002.

The Directors do not know of any other matters that are to be presented at the meeting. If any other matters come before the meeting of which we did not have notice prior to February 11, 2002, or that applicable laws otherwise would permit proxies to vote on a discretionary basis, it is intended that the persons authorized under solicited proxies will vote on the matters in accordance with their best judgment.

How do I vote?

Registered Holders. If your shares are registered in your name, you may vote in person or by proxy. If you decide to vote by proxy, you may do so in any **ONE** of the following three ways.

By telephone. After reading the proxy materials and with your Proxy and Voting Instruction Form in front of you, you may call the toll-free number **1-800-542-1160** using a touch-tone telephone. You will be prompted to enter your Control Number from your Proxy and Voting Instruction Form. This number will identify you and the Company. Then you can follow the simple instructions that will be given to you to record your vote.

Over the Internet. After reading the proxy materials and with your Proxy and Voting Instruction Form in front of you, you may use your computer to access the website **<http://www.votefast.com>**. You will be prompted to enter your Control Number from your Proxy and Voting Instruction Form. This number will identify you and the Company. Then you can follow the simple instructions that will be given to you to record your vote.

By mail. After reading the proxy materials, please mark, sign and date your Proxy and Voting Instruction Form and return it in the enclosed prepaid and addressed envelope.

The Internet and telephone voting procedures have been set up for your convenience and have been designed to authenticate your identity, allow you to give voting instructions and confirm that those instructions have been recorded properly.

Whether you choose to vote over the Internet, by telephone or by mail, you can specify whether your shares should be voted for all, some or none of the nominees for Director (Item 1 on the Proxy and Voting Instruction Form). You can also specify whether you want to vote for or against, or abstain from voting for, Item 2, the ratification of the independent auditors. If you do not specify how you want to vote your shares on your Proxy and Voting Instruction Form, your shares will be voted **for** the election of all the Director nominees and **for** the ratification of the independent auditors.

Participants in the 401(k) Plan. If you participate in the 401(k) Plan, the Plan's independent Trustee, KeyBank National Association, will vote your Plan shares according to your voting directions or, if you do not give directions, as recommended by the Board of Directors. You may give your voting directions to the Plan Trustee in any **ONE** of the three ways set forth above under Registered Holders. If you do not return your voting instruction form or vote over the Internet or by telephone, the Trustee will not vote your shares. Plan shares representing forfeited account values that have not been reallocated at the time of the proxy solicitation will be voted by the Trustee in proportion to the way other Plan participants directed their shares to be voted. Each participant who gives the Trustee voting directions acts as a named fiduciary for the Plan under the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Broker shares. If your shares are held by a bank, broker or other holder of record, that entity will give you separate voting instructions.

May I change my vote?

Yes. You have the right to change or revoke your proxy and may do so in any one of the following four ways:

- (1) by sending a written notice to the Company's Secretary stating that you want to change your proxy vote;
- (2) by submitting a properly signed Proxy and Voting Instruction Form with a later date;
- (3) by entering a later-dated telephone or Internet voting instruction; or
- (4) by voting in person at the Annual Meeting. **NOTE: You may not vote 401(k) Plan shares at the Annual Meeting.**

If you plan to attend the Annual Meeting, please check the attendance box on the enclosed Proxy and Voting Instruction Form or indicate so when prompted on the telephone or over the Internet.

If you are a beneficial shareholder only, that is if your shares are not registered in your name but are held by a bank, broker, trustee, or some other nominee, you will have to check with your bank, broker, trustee or other nominee to determine how to change your vote. Also note, that if you plan to attend the meeting, you will not be able to vote in person at the meeting any of your shares held by a nominee unless you have a valid proxy from the nominee.

How are the votes counted?

Shareholder votes will be tabulated by an independent inspector of elections for the meeting. All properly signed Proxy and Voting Instruction Forms and all properly recorded Internet and telephone votes will be counted to determine whether or not a

Edgar Filing: LINCOLN ELECTRIC HOLDINGS INC - Form DEF 14A

quorum is present at the meeting. Votes for the Director nominees that are marked *withhold* will not be counted in determining the election of Directors. Votes on Item 2 that are marked *abstain* have the same effect as votes **AGAINST** ratification of the auditors.

May I receive future shareholder communications over the Internet?

If you are a registered shareholder, you may consent to accessing future shareholder communications (e.g., proxy materials, annual reports and interim communications) over the Internet instead of receiving copies in the mail. You may give your consent by marking the appropriate box on your Proxy and Voting Instruction Form or following the prompts given you when you vote over the Internet or by telephone. If you choose electronic access to future shareholder communications, once there is sufficient interest in electronic delivery we will discontinue mailing the Proxy Statement and Annual Report to you, but you will receive a Proxy and Voting Instruction Form, together with a formal notice of the meeting, in the mail with instructions containing the Internet address or addresses to access shareholder communications.

Providing shareholder communications over the Internet will reduce the Company's printing and postage costs and the number of paper documents that you would otherwise receive. If you give your consent, there will be no cost to you for this service other than charges you may incur from your Internet provider, telephone and/or cable company. Once you give your consent, it will remain in effect until you inform us otherwise.

If your shares are held through a bank, broker or other holder of record, check the information provided by that entity for instructions on how to choose to access future shareholder communications over the Internet.

When are shareholder proposals due for the 2003 Annual Meeting?

In order to be included in next year's Proxy Statement, a shareholder proposal must be submitted in writing to the Secretary of the Company at Lincoln Electric Holdings, Inc., 22801 Saint Clair Avenue, Cleveland, Ohio 44117-1199 by November 28, 2002.

May I submit a nomination for Director?

If you are a shareholder entitled to vote at an Annual Meeting, you may nominate one or more persons for election as Director of the Company at that meeting. The Company's Regulations require that you do this by sending a written notice to the Secretary of the Company at Lincoln Electric Holdings, Inc., 22801 Saint Clair Avenue, Cleveland, Ohio 44117-1199. The notice must include certain information about you as a shareholder of the Company and about the person you intend to nominate, including a statement about the person's willingness to serve, if elected. This written notice must be received in the Secretary's Office at least 80 days before the Annual Meeting at which the nomination is to be made. For complete details on the nomination process, contact the Secretary of the Company.

How do I contact the Company?

ELECTION OF DIRECTORS **Item No. 1**

The Company's Regulations provide for three classes of Directors whose terms expire in different years. Ohio's General Corporation Law provides that, a quorum being present, the Director nominees receiving the greatest number of votes will be elected as Directors of the Company. Unless otherwise directed, shares represented by proxy will be voted in favor of electing the following:

Class of 2003. The class of Directors whose term ends in 2003 has been increased from four to five. Edward E. Hood, Jr. has agreed to stand for election to the Class of 2003. Mr. Hood has been elected previously by the shareholders.

Class of 2004. The class of Directors whose term ends in 2004 has been fixed at four. Harry Carlson has agreed to stand for election to the Class of 2004. Mr. Carlson has been elected previously by the shareholders.

Edgar Filing: LINCOLN ELECTRIC HOLDINGS INC - Form DEF 14A

Class of 2005. The class of Directors whose term ends in 2005 has been fixed at four. David H. Gunning, Paul E. Lego, G. Russell Lincoln and Hellene S. Runtagh are standing for election, all of whom have been elected previously by the shareholders, with the exception of Ms. Runtagh. G. Russell Lincoln has agreed to stand for election to this class.

If any of the nominees is unable to stand for election, the Board may provide for a lesser number of nominees or designate a substitute. In the latter event, shares represented by proxies may be voted for the substitute. We have no reason to believe that any of the nominees will be unable to stand for election.

FAMILY RELATIONSHIPS

Our business was founded by John C. Lincoln and managed for many years by his brother, James F. Lincoln. David C. Lincoln is the son of John C. Lincoln and the father of Kathryn Jo Lincoln. G. Russell Lincoln and Frank L. Steingass are the grandsons of James F. Lincoln and first cousins. Harry Carlson is married to a granddaughter of James F. Lincoln and is therefore related to Frank L. Steingass and G. Russell Lincoln as a first cousin by marriage.

TRANSACTIONS WITH DIRECTORS

Henry L. Meyer III, one of our Directors, is Chairman, President and Chief Executive Officer of KeyCorp. KeyBank National Association, a subsidiary of KeyCorp, serves as the agent for the Company's \$200 million credit agreement, a principal credit facility of the Company in which nine institutions participate. KeyBank has made the largest commitment thereunder, in the amount of \$68.5 million. In addition, KeyBank National Association serves as the independent trustee of the Company's 401(k) Plan.

All of the transactions with KeyBank were carried out in the ordinary course of business, upon terms no less favorable to the Company than would apply to similar transactions with unrelated companies.

DIRECTOR COMPENSATION

General. An employee of the Company who also serves as a Director does not receive any additional compensation for serving as a Director or as a member or chair of a committee.

2001 Director Compensation Package. During 2001, the Directors' compensation package for non-employee Directors was based on the following principles:

- a significant portion of Director compensation should be aligned with creating and sustaining shareholder value;
- Directors should hold a significant number of shares of Lincoln Common; and
- total compensation should be structured to attract and retain a diverse and truly superior Board of Directors.

With those principles in mind, the compensation package in 2001 was comprised of the following components:

- a two-part base annual retainer consisting of \$24,000 in cash plus an award of stock options granted pursuant to the Non-Employee Directors' Stock Option Plan approved by shareholders in May 2000;
- an annual retainer of \$2,000 for each Committee chair;
- an annual retainer of \$2,000 for each Committee member;
- Board meeting fees of \$1,000 for each meeting attended; and
- Committee meeting fees of \$1,000 for each meeting attended.

Non-Employee Directors' Stock Option Plan. Approved by shareholders in May 2000, the Plan provides for:

- an annual grant of an option to purchase 2,000 shares of Lincoln Common to each eligible Director in office on the date of the grant; and
- an initial grant of an option to purchase 6,000 shares of Lincoln Common to Directors who become eligible by virtue of their election after December 31, 1999.

The option price may not be less than the per share fair market value of Lincoln Common on the date of grant. An option becomes exercisable after the optionee has continuously served as a Director for one year from the date of grant. Once the optionee has completed one year of service as a Director, the option may be exercised in whole or in part with respect to 100% of the underlying shares of Lincoln Common. Options granted under the Plan have a 10-year term.

Edgar Filing: LINCOLN ELECTRIC HOLDINGS INC - Form DEF 14A

In accordance with the terms of the Plan, on November 30, 2001, each of the current Directors received an option to purchase 2,000 shares of Lincoln Common at an exercise price of \$22.80 per share. Also in accordance with the terms of the Plan, following her election as a Director of the Company on October 11, 2001, Ms. Runtagh received an option to purchase 6,000 shares of Lincoln Common at an exercise price of \$22.35 per share.

Non-Employee Directors Deferred Compensation Plan. Adopted in 1995, this Plan allows the non-employee Directors to defer payment of all or a portion of their annual cash compensation. This Plan allows each participating non-employee Director to:

elect to defer a specified dollar amount or a percentage of his or her cash compensation;

have the deferred amount credited to the Director's account and deemed invested in either an obligation of the Company adjusted in accordance with the return on the Standard & Poor's 500 Composite Stock Index and/or an obligation of the Company earning interest at a rate equal to the Moody's Corporate Average Bond Index; and

elect to begin payment of the deferred amounts as of the earlier of termination of services as a Director, death or a date not less than two years after the fees are initially deferred.

As of December 31, 2001, two Directors had elected to defer their cash compensation pursuant to this Plan.

Directors Charitable Award Program. Upon the death of a participating non-employee Director, the Company will donate an aggregate of \$500,000 (in 10 annual installments) to one or more charitable organizations recommended by the participating Director and approved by the Company. This Program is funded through insurance policies on the lives of the participating Directors.

Five years of service as a Director are required for eligibility under the Program.

In 2001, the Company paid \$251,000 in premiums on current insurance policies.

All charitable deductions and the cash surrender value of the policies accrue solely to the Company; the Directors derive no financial benefit.

All non-employee Directors, other than Ranko Cucuz, David C. Lincoln, Henry L. Meyer III, Hellene S. Runtagh and Frank L. Steingass, currently participate in the Program.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Directors and Executive Officers to file reports of beneficial ownership and changes in beneficial ownership with respect to the securities of the Company with the Securities and Exchange Commission and to furnish copies of these reports to the Company. Based on a review of these reports, the Company believes that for the year 2001 all filing requirements were met on a timely basis.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Executive Development Committee of the Board of Directors consists solely of non-employee Directors. Its primary charge is to determine and report to the Board on the compensation (or method of calculating it) for the Chairman, President and Chief Executive Officer and each other Executive Officer who is among the five highest paid executives. In addition, the Committee establishes procedures and conducts succession planning for the Chief Executive Officer and other executive management positions, and reviews and makes recommendations to the Board concerning the Company's employee benefit programs, other than health and welfare programs. The Chief Executive Officer recommends the compensation of the other Executive Officers, subject to Committee review and approval.

Executive Compensation Policy

Our executive compensation policy is based on our long-standing commitment to incentive-based compensation for all employees, including officers. The cash bonus program exemplifies this commitment. For many years, The Lincoln Electric Company, the Company's principal domestic subsidiary, has administered a discretionary employee bonus program featuring a cash distribution determined on the basis of a formula that takes into account Company performance, as well as individual earnings and performance. Virtually all domestic full-time employees participate in the program. Generally, the Company's foreign subsidiaries have also adopted formula-based cash bonus programs. The cost of the Company's cash bonus programs, net of hospitalization costs but inclusive of payroll taxes, was \$31.9 million in 2001, \$54.5 million in 2000, and \$60.1 million in 1999.

The Committee's approach to executive compensation is generally the same as the Company's approach to employee compensation. The base salaries of executives are set at approximately the 40th percentile of the Company's peer group; *i.e.*, base salaries are somewhat below market average. The Committee believes, however, that cash bonus opportunities should be above average, with the 75th percentile of our peer group used as the target for total cash compensation. In making these determinations, the Committee uses a peer group consisting of 200-300 manufacturers based in the United States having revenues comparable to those of the Company. The Committee also believes that individual circumstances and performance should be a factor in incentive awards. The financial targets for 2001 were based on earnings before interest, taxes and the cash bonus referred to above. Individual financial targets will vary, with a portion attributable to consolidated financial results and a portion attributable to regional/divisional results, depending upon the individual's responsibilities. Financial targets were set on the same basis for 2002. An individual executive's bonus in 2001 was based on the results of his/her financial targets and personal performance. Cash bonuses paid to the top executives for 2001 were below amounts paid in prior years. In total, bonuses for all executives in this program were 27% below the amounts paid to participants in 2000 and 45% below the target bonuses for 2001.

The Committee's compensation philosophy, after taking into account lower than average base salaries and above average cash bonus opportunities, includes a third principle, which is that long-term incentive opportunities should be established that rank executives at the median of their peer group for long-term incentive programs. As a result, annual stock option grants are expected to be made, as was the case in 2001. A long-term performance plan was also introduced in 1997, with cash payments based on net earnings growth over a three-year period. There was no cash payout achieved in 2001 for the applicable three-year period. The Committee believes, however, that long-term incentive compensation should be weighted toward equity rewards. In keeping with the Committee's belief that equity awards are a valuable compensation tool, the Committee extends the long-term incentive program to senior managers and also makes available certain one-time option grants to significant contributors, regardless of their position within the Company.

CEO Compensation

Mr. Massaro's compensation in 2001 reflects the Compensation Committee's three-part compensation philosophy, emphasizing incentives and performance:

base compensation of approximately \$700,000, slightly above the peer group 40th percentile;

cash bonus of \$443,250, a decline of 22% from 2000's award, and 41% below his target award, thus placing him below the median for his peer group;

stock option grants for long-term incentive compensation placing him at what the Compensation Committee believes is below the median of his peer group for long-term incentive programs;

no long-term performance plan payout; and

a deferred compensation retention benefit of \$400,000 per year, which was established in 1999 and that the Committee found appropriate.

Other Executive Officers

The base salaries of Messrs. Stropki, Elliott, Stueber and Schilling were established according to the principles discussed above. An aggregate of \$1,026,000 was paid to them as base pay in 2001 (against aggregate bonus target awards of \$875,000); thus 46% of their total compensation was at risk in bonuses. A total of 32% of their compensation was actually paid in bonuses, with cash bonuses generally 23% lower than in 2000 and 45% below target bonuses for 2001. Aggregate option grants of 153,000 shares were awarded to these executives in 2001 under the Company's 1998 Stock Option Plan, again, based upon the median of their peer group.

1993 Tax Act

Edgar Filing: LINCOLN ELECTRIC HOLDINGS INC - Form DEF 14A

The Committee's general philosophy is to qualify future long-term incentive plans for tax deductibility under Section 162(m) of the Internal Revenue Code, wherever appropriate, recognizing that, under certain circumstances, the limitations may be exceeded. The Company will recognize non-deductible compensation expense with respect to Mr. Massaro as a result of bonus payments and payments under the Company's Long-Term Performance Plan made during 2001 for 2000. All other compensation paid by the Company to other Executive Officers during 2001 was tax deductible. The Committee intends to preserve the deductibility of compensation and benefits to the extent practicable and to the extent consistent with its other compensation objectives.

STOCK PERFORMANCE GRAPH

The following line graph compares the yearly percentage change in the cumulative total shareholder return on Lincoln Common against the cumulative total return of the S&P Composite 500 Stock Index and The Russell 2000 Stock Index for the five-year calendar period commencing January 1, 1997 and ending December 31, 2001. This graph assumes that \$100 was invested on December 31, 1996 in each of Lincoln Common, the S&P 500 companies and a peer group of companies. A comparable peer-group index for the welding industry, in general, was not readily available because the industry is comprised of a relatively small number of competitors, many of whom either are based overseas and/or are privately held and not actively traded in the United States. The Russell 2000, published by the Frank Russell Company, represents a developed index based on a concentration of companies having relatively small market capitalization.

- (1) The amount reported here for the years 2001 and 2000 represent retention benefits credited to Mr. Massaro's account in the Deferred Compensation Plan (see Other Compensation Arrangements), under the terms of a letter of employment between Mr. Massaro and the Company dated March 7, 2000.
- (2) The amounts reported in this column are cash payouts earned for the period 1999 to 2001, pursuant to the Company's Long-Term Performance Plan and are based on earnings growth over the three-year period.
- (3) Mr. Schilling was not among the five most highly compensated Executive Officers prior to 2000.

STOCK OPTION GRANTS IN 2001

The following table provides information relating to stock option grants awarded in 2001 to our named Executive Officers. The Company does not have any outstanding stock appreciation rights and none were granted to the named Executive Officers or any other optionees during 2001.

Name	Number of Securities Underlying Options Granted (1)	Percent of Total Options Granted to Employees in Fiscal Year	Exercise Or Base Price (\$/Sh.)	Expiration Date	Grant Date Present Value (2)
------	---	--	---------------------------------	-----------------	------------------------------

- (1) These options were granted pursuant to the Company's 1998 Stock Option Plan. The options were granted at the fair market value of Lincoln Common on the date of grant, have 10-year terms and become exercisable in equal annual increments over a three-year period. Vesting of the options is accelerated by the occurrence of a change in control (see Other Compensation Arrangements).
- (2) The Grant Date Present Value was calculated using the Black-Scholes option pricing model. The model assumes (i) volatility calculated using the trading information for Lincoln Common during the 100 week period ended January 4, 2002 (43.1% for Lincoln Common); (ii) a risk-free rate of return based on the 10-year treasury bond rate at December 28, 2002 (5.11%); and (iii) a dividend yield for Lincoln Common of 2.45%. The actual amount, if any, realized upon the exercise of stock options will depend upon the market price of Lincoln Common relative to the exercise price per share of the stock option at the time of exercise. There is no assurance that the hypothetical Grant Date Present Values of the stock options reflected in this table will actually be realized.

STOCK OPTION EXERCISES IN 2001 AND YEAR-END OPTION VALUES

The following table provides information relating to exercisable and unexercisable stock options at December 31, 2001 for our named Executive Officers. The value of unexercised stock options is based on the difference between the exercise price of the options and the closing price of Lincoln Common on December 31, 2001, which was \$24.44. The Company has no outstanding stock appreciation rights.

PENSION BENEFITS

We provide pension benefits for our Executive Officers under two defined benefit programs: the Supplemental Executive Retirement Plan (the SERP), which became effective January 1, 1994, and a retirement annuity program (the Retirement Annuity Program), which has been in effect since 1936 and applies to all eligible employees. We also maintain a supplemental deferred compensation plan (the Deferred Compensation Plan), which became effective November 15, 1994. In 1997, we adopted The Lincoln Electric Company Executive Benefit Plan (the Executive Benefit Plan), which is triggered only by change in control situations and under which benefits paid will reduce and offset benefits payable under the Deferred Compensation Plan, and in certain circumstances, the SERP. Participation in the SERP, the Deferred Compensation Plan and the Executive Benefit Plan is limited to individuals chosen by the Compensation and Executive Development Committee (the Compensation Committee).

Supplemental Executive Retirement Plan

The purpose of the SERP is, in part, to make up for limitations imposed by the Internal Revenue Code on payments of retirement benefits under the Company's tax qualified retirement plans, including the Retirement Annuity Program, and, primarily, to provide an aggregate competitive retirement benefit for SERP participants. The following table shows the estimated annual pension benefits provided under the SERP. These numbers include benefits payable under our qualified plans, which would be payable to employees in various compensation classifications upon retirement on December 31, 2001, at age 60 after the selected periods of service. The numbers also include the employer provided benefit under the 401(k) Plan, and, in certain cases, previous employers retirement benefits. Mr. Schilling's benefit would be approximately 75% of the noted benefits on the table based on his SERP arrangement.

Average Compensation	Years of Service				
1,500,000	523,419	631,794	740,169	848,544	956,544

Generally, benefits under the SERP are based upon 1.445% of the average annual compensation for the three highest years in the seven-year period preceding retirement multiplied by the covered employee's years of service (including service with certain previous employers), except that the maximum benefit may not exceed 65% (50% for Mr. Schilling) of the average annual compensation for the three highest years used in the calculation, and service after age 65 is not included. The benefits payable under the SERP are reduced by the maximum Social Security benefit payable in the year of retirement, and the table reflects such reduction. The amounts reflected in the table will also be reduced by the single life benefits payable under the Retirement Annuity Program, the lifetime benefit equivalence of any account balance attributable to employer matching contributions, ESOP contributions and/or Financial Security Program contributions under the 401(k) Plan, and other employer-paid qualified plan benefits paid by previous employers (but only if prior years of service are awarded for service with that previous employer). Benefits under the SERP are also reduced if the covered employee has participated in the SERP for fewer than eight years at the time of retirement. Unless a different factor is set by the Compensation Committee, participants are only credited with 20% of the net amount of the benefit otherwise payable under the SERP when they first become participants, and in each of the next eight years an additional 10% of the net amount of the benefit will become payable upon retirement. Messrs. Massaro and Elliott have 100% participation factors. Certain terms of the SERP may be modified as to individual participants, upon action by the Compensation Committee.

The compensation covered by the SERP is the same as shown in the salary and bonus columns of the Summary Compensation Table on page 21. Credited service for SERP purposes for Messrs. Massaro, Elliott, Stropki, Stueber and Schilling is 37, 40, 30, 29 and 45 years, respectively.

Retirement Annuity Program

Under the Retirement Annuity Program, each employee accumulates 2.5% of each year's base compensation (limited to \$200,000) in the form of an annuity payable at normal retirement age (age 60 or five years of employment, if later). In addition to the 2.5% accumulation each year, the Company has granted, on a number of occasions, additional past service benefits. The Program also provides accumulated benefits to eligible spouses of deceased employees or former employees. Benefits under the program are in addition to those payable under Social Security.

The anticipated retirement benefits under the Retirement Annuity Program for the named Executive Officers with the highest compensation for 2001 are as follows:

Name	Annual Retirement Annuity Program Benefits
Anthony A. Massaro	\$45,063 (1)

- (1) Messrs. Massaro, Stropki, Stueber and Schilling are currently under normal retirement age (age 60 or five years of employment, if later). The amounts shown represent those anticipated at normal retirement age, assuming current compensation continues unchanged to that date and the benefits are payable on a single life basis. Although Mr. Schilling is over age 60, he has not met the five years of employment requirement and as a result has not reached normal retirement age under the Retirement Annuity Program.
- (2) Mr. Elliott is currently not receiving benefits but is beyond normal retirement age. The amount shown represents the benefit available on December 31, 2001 payable on a single life basis.

OTHER COMPENSATION ARRANGEMENTS

Messrs. Massaro, Elliott, and Stueber entered into employment agreements in July 1993, June 1993, and February 1995, respectively. The agreements were each modified in May 1998. Mr. Elliott's agreement was further modified in March 2000. The agreements grant credited service as of such dates for purposes of the SERP of 29, 32, and 22 years, respectively, as of their respective dates of hire, assuming a normal retirement age of 60 and service of 45 years at age 65 for all. Messrs. Massaro and Elliott have a participation factor of 100% under the SERP. Mr. Elliott's agreement provides that his SERP benefits will not be offset by his former employer's defined contribution plan (but will be offset by his former employer's defined benefit plan) and that the Company will provide severance pay equal to one year's base salary if he is terminated without cause. The agreement for Mr. Massaro was superseded by a new agreement in March 2000, which maintains the SERP benefit outlined. The new agreement for

Mr. Massaro also provides for (i) severance pay equal to two times his total compensation (base and bonus) if he is terminated without cause, and (ii) a retention benefit that is credited to Mr. Massaro's account in the Deferred Compensation Plan and vests at a rate of \$400,000 per year, commencing in 2000 and continuing through 2004. The agreement for Mr. Stueber provides that if he is terminated without cause prior to his 10th anniversary, he will be entitled to severance pay equal to two times his total compensation (base and bonus) for the preceding year. In addition, the Compensation Committee granted Mr. Schilling participation in the SERP, effective February 1, 1999. That action awarded Mr. Schilling 43³/₄ years of service but provided that his target benefit would be 50% of final average pay (instead of the normal 65%) and provided that his benefits would not vest until he reached age 66.

The Company adopted the Executive Benefit Plan in 1997. The plan has a specific limited scope. Benefits payable under the plan, if any, would be offset by benefits payable under the Deferred Compensation Plan and, for certain individuals, the SERP. Certain of the Company's employees, including the named Executive Officers, are entitled to receive a cash payment if there is a change in control of the Company, as defined in the Executive Benefit Plan, and certain employment conditions are satisfied. The Company has established a trust to hold the employees' accounts under the Executive Benefit Plan and has funded the trust with amounts sufficient to pay the benefits.

The term "change in control" is defined in the Executive Benefit Plan described above to include certain changes in beneficial ownership of Lincoln Common, certain changes in membership of the Company's Board of Directors, certain events of bankruptcy or insolvency and certain business combinations. In addition to the foregoing arrangements, the Company entered into agreements in 1998 with eight officers, including all current Executive Officers (except Mr. Schilling), designed generally to assure continued management in the event of a change in control of the Company. The agreements with Messrs. Stropki and Stueber were further modified in March 2000. These arrangements are operative only if a change in control occurs. The agreements provide that following a change in control, a three-year severance period commences. If the Company were to terminate a covered officer's employment for reasons relating to changed circumstances, then the amounts and benefits the officer would be entitled to receive include (i) a lump sum payment equal to the amount of base and incentive pay that would have been paid to the officer for the greater of one year or the remainder of the severance period; (ii) long-term incentive awards granted prior to the change in control; (iii) continuation of medical insurance, life insurance, and other welfare benefits for the greater of one year or the remainder of the severance period, subject to reduction for comparable welfare benefits received in any subsequent employment; and (iv) enhanced service credit and age under the SERP of three years and immediate vesting under the SERP. The officer would be entitled to receive an additional payment, net of taxes, to compensate for the excise tax imposed on these and other payments if they are determined to be excess parachute payments under the Internal Revenue Code. Payments under these agreements would be in lieu of any other rights to severance pay under other agreements.

AUDIT COMMITTEE REPORT

The Audit Committee consists solely of independent Directors within the meaning of Rule 4200 of the National Association of Securities Dealers, Inc. The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditor's independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board.

The Committee discussed with the Company's internal and independent auditors the overall scope and plan for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to shareholder approval, the selection of the Company's independent auditors.

RATIFICATION OF INDEPENDENT AUDITORS
Item No. 2

A proposal will be presented at the Annual Meeting to ratify the appointment of the firm of Ernst & Young LLP as the Company's independent auditors to examine our books of account and other records for the fiscal year ending December 31, 2002. Fees for the annual audit for the year ended December 31, 2001 were \$420,000, and all other fees were \$567,000. The latter fees were comprised of audit related services of \$375,000 and non-audit services of \$192,000. Audit related services generally include fees for employee benefit plans and statutory audits. During 2001, the Company did not incur any fees for Financial Information Systems Design and Implementation services. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate shareholder questions. Although such ratification is not required by law, the Board of Directors believes that shareholders should be given the opportunity to express their views on the subject. While not binding on the Board of Directors, the failure of the shareholders to ratify the appointment of Ernst & Young LLP as the Company's independent auditors would be considered by the Board of Directors in determining whether or not to continue the engagement of Ernst & Young LLP. Ratification requires the affirmative vote of the majority of the shares of Lincoln Common present or represented and entitled to vote on the matter at the Annual Meeting. Unless otherwise directed, shares represented by proxy will be voted **FOR** ratification of the appointment of Ernst & Young LLP.

The Board of Directors recommends that the shareholders vote FOR ratification of the appointment of Ernst & Young LLP as the Company's independent auditors.

OTHER MATTERS

The Board of Directors knows of no other matters that are likely to be brought before the Annual Meeting, but if any such matters properly come before the Annual Meeting, the persons named in the enclosed Proxy, or their substitutes, will vote the Proxy in accordance with their best judgment.
