DOVER MOTORSPORTS, INC.
ISSUES STOCK TO PAY DOWN DEBT

Dover Motorsports, Inc. (NYSE: Symbol - DVD) announced today that certain existing shareholders of Dover Motorsports, Inc. (the "Company"), including two of its directors, acquired from the Company 1,162,800 shares of its common stock for an aggregate purchase price of \$5,000,040.

The Company noted that the offering was consistent with the recently completed spin-off of its gaming operations. The full amount of the proceeds will be utilized to reduce outstanding debt and the offering will not be dilutive to earnings per share. In addition, the consummation of this offering allows the Company to reduce its interest expense and will assist in meeting debt compliance covenants.

The shares of common stock were sold in a private offering. Each of the purchasers represented that the shares were being acquired for investment purposes and not with a view towards public distribution. The purchase agreements, which were tendered to the Company prior to the opening of the

market this morning, required that the price per share be the higher of the closing price of the common stock on the New York Stock Exchange on the immediately preceding trading day or a ten-day average of the closing price of the common stock on the New York Stock Exchange on such date. The purchase price per share was \$4.30, which was last Friday's closing price. Since the ten-day average was \$4.23, the higher price of \$4.30 was used.

The sale was made without any discount to market for the purchasers, no registration rights were granted to the purchasers, and no other special terms were provided to the purchasers. The offering was unanimously approved by the full board of directors of the Company based on the recommendations of an independent committee of the Board.

Raymond James & Associates, Inc. acted as financial advisor to the Company and rendered a fairness opinion.
