PROXY STATEMENT

ABOUT THE MEETING

Why am I receiving this proxy statement?

This proxy statement contains information related to the solicitation of proxies for use at our 2004 annual meeting of stockholders, to be held at 10:00 a.m., New York City time, on Wednesday, May 12, 2004 at The Princeton Club of New York, The James Madison Room, 15 West 43rd Street, New York, New York 10036-7497, for the purposes stated in the accompanying Notice of Annual Meeting of Stockholders. This solicitation is made on behalf of our Board of Directors. "We," "our," "us," the "Company" and "New Plan" refer to New Plan Excel Realty Trust, Inc. and its subsidiaries and affiliates. This proxy statement, the enclosed proxy card and our 2003 annual report to stockholders are being mailed to stockholders beginning on or about April 8, 2004.

Who is entitled to vote at the annual meeting?

Only holders of record of our common stock and our voting Series D depositary shares at the close of business on March 1, 2004, the record date for the annual meeting, are entitled to receive notice of the annual meeting and to vote at the meeting. Our common stock and Series D depositary shares constitute the only classes of securities entitled to vote at the meeting.

What are the voting rights of stockholders?

Each share of common stock outstanding on the record date entitles its holder to cast one vote on each matter to be voted on. Each Series D depositary share outstanding on the record date entitles its holder to cast one vote on each matter upon which holders of the common stock have the right to vote.

Certain of our directors and executive officers are obligated to vote all of their shares of voting securities in favor of the proposals described in this proxy statement. As of the record date, these persons collectively beneficially owned or controlled the vote with respect to a total of approximately 2,149,255 shares of common stock, excluding shares that may be acquired upon exercise of stock options, which shares of common stock represent approximately 2.2% of the outstanding shares entitled to vote at the annual meeting.

What will constitute a quorum at the annual meeting?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock and Series D depositary shares outstanding on March 1, 2004, in the aggregate, will constitute a quorum, permitting the stockholders to conduct business at the meeting. We will include abstentions and broker non-votes in the calculation of the number of shares considered to be present at the meeting. Broker non-votes are shares held by a broker or nominee which are represented at the meeting, but with respect to which the broker or nominee is not voting on a particular proposal.

As of the record date, there were 99,500,522 shares of common stock outstanding, and 1,500,000 Series D depositary shares outstanding.

How do I vote?

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

You may vote either by completing and returning the accompanying proxy card or by completing a written ballot at the annual meeting.

How are proxy card votes counted?

If the accompanying proxy card is properly signed and returned to us, and not revoked, it will be voted as directed by you. Unless contrary instructions are given, the persons designated as proxy holders on the proxy card will vote **FOR** the election of all nominees for our Board of Directors named in this proxy statement, and as recommended by our Board of Directors with regard to any other matters, or, if no such recommendation is given, in their own discretion.

May I change my vote after I return my proxy card?

Yes. You may revoke a previously granted proxy at any time before it is exercised by filing with our Secretary a notice of revocation or a duly executed proxy bearing a later date. Additionally, the powers of the proxy holders will be suspended regarding any person who executed a proxy but then attends the meeting in person and requests that their proxy be revoked. Attendance at the meeting will not, in itself, constitute revocation of a previously granted proxy.

Who pays the costs of soliciting proxies?

We will pay the costs of soliciting proxies. In addition to soliciting proxies by mail, our officers, directors and other employees, without additional compensation, may solicit proxies personally or by other appropriate means. It is anticipated that banks, brokers, fiduciaries, custodians and nominees will forward proxy soliciting materials to their principals, and that we will reimburse such persons' out-of-pocket expenses.

You should rely only on the information provided in this proxy statement. We have authorized no one to provide you with different information. You should not assume that the information in this proxy statement is accurate as of any date other than the date of this proxy statement or, where information relates to another date set forth in this proxy statement, then as of that date.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes, with approximately one-third of the directors scheduled to be elected by the stockholders annually. The terms of current directors Norman Gold, Nina Matis, William Newman and George Puskar expire at the 2004 annual meeting, while the terms of the remaining directors expire at the annual meeting of stockholders to be held in 2005 and 2006, as described below. The nominees have been recommended for election to serve as directors for three-year terms expiring in 2007. Based on its review of the relationships between its existing directors (including the director nominees) and the Company, the Board of Directors has affirmatively determined that if these nominees are elected, eight of the 11 directors serving on the Board of Directors will be independent directors.

The Board of Directors knows of no reason why any nominee would be unable to serve as a director. If any nominee is unavailable for election or service, the Board of Directors may designate a substitute nominee and the persons designated as proxy holders on the proxy card will vote for the substitute nominee recommended by the Board of Directors, or, the Board of Directors may, as permitted by our bylaws, decrease the size of our Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES SET FORTH ABOVE.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND ITS COMMITTEES

How often did the Board of Directors meet during 2003?

During 2003, the Board of Directors held nine meetings, including telephonic meetings. All directors attended at least 75% of Board and applicable committee meetings on which he or she served during his or her period of service. In addition, directors are expected to attend the annual meetings of stockholders. Last year, all of our directors attended the annual meeting of stockholders.

Does the Board of Directors have a lead director?

On February 11, 2003, the Board of Directors established the position of "lead" director. The Board will, on an annual basis, select the lead director from among the Board's independent directors. The lead director is currently H. Carl McCall. The role of the lead director is to serve as liaison between (i) the Board of Directors and management, including the Chief Executive Officer, (ii) independent directors and (iii) interested third parties and the Board of Directors. The lead director serves as the focal point of communication with the Board of Directors regarding management plans and initiatives, and ensures that the role between board oversight and management operations is respected. The lead director also provides the medium for informal dialogue with and between independent directors, allowing for free and open communication within that group. In addition, the lead director will serve as the communication conduit for third parties who wish to communicate with the Board.

Are a majority of our directors independent?

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

Yes. The Board of Directors has evaluated the status of each director and has affirmatively determined that Ms. Matis and Messrs. Bottorf, Engelman, Gold, Goldstein, McCall, Puskar and White are "independent," as such term is defined in the New York Stock Exchange's listing standards. William Newman and Glenn Rufrano are not independent as they are employees of the Company. In addition, Melvin Newman is not independent as he is the brother of William Newman.

Pursuant to our corporate governance guidelines and the New York Stock Exchange listing standards, in order for a director to be deemed independent, the Board of Directors must affirmatively determine that a director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). After broadly considering all facts and circumstances, the Board of Directors determined that Ms. Matis and Messrs. Bottorf, Engelman, Goldstein, McCall, Puskar and White have no known relationship (material or otherwise) with the Company and that Mr. Gold has no material relationship with the Company.

In the case of Mr. Gold, he was formerly associated with a law firm that provided limited peripheral legal services to the Company in 2003. Mr. Gold's current firm does not provide legal services to the Company. In light of the fact that (i) Mr. Gold was no longer an active partner with the firm during the period of time that these services were being performed, (ii) the work performed by the firm was not performed or otherwise supervised by Mr. Gold, and (iii) the total amount paid by the Company to the firm was approximately \$200,000 in 2003 (including payments for certain services performed in 2002 but not billed until 2003), the Board of Directors determined that Mr. Gold's relationship with the Company is not material, and therefore he is an independent director.

6

How can I communicate with the Board of Directors?

Interested third parties may communicate with the Board by communicating directly with the presiding lead director, either (i) by sending any correspondence they may have in writing to the "Lead Director" c/o General Counsel of New Plan, who will then directly forward such correspondence to the lead director, or (ii) by e-mailing correspondence directly to the lead director at lead.director@newplan.com. The lead director will decide what action should be taken with respect to the communication, including whether such communication will be reported to the Board of Directors.

What committees has the Board of Directors established and how often did those committees meet during 2003?

The Board of Directors has an audit committee, an executive compensation and stock option committee, a nominating committee and a corporate governance committee. All members of the committees described below are "independent" of the Company as that term is defined in the New York Stock Exchange's listing standards and as affirmatively determined by the Board of Directors.

Audit Committee

The audit committee currently consists of four directors, Irwin Engelman, who is chairman, Raymond H. Bottorf, H. Carl McCall and George Puskar, all of whom are independent directors. The principal purposes of the audit committee are to assist the Board of Directors in the oversight of (i) the integrity of our financial statements; (ii) our compliance with legal and regulatory requirements; (iii) the qualification, independence and performance of our independent auditors and (iv) the performance of our internal audit function. The audit committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent auditors and is also responsible to review with our independent auditors any issues they have encountered in the scope of their audit work. The audit committee is also charged with the tasks of reviewing our financial statements, financial reporting issues and adequacy of internal control over financial reporting with management and our independent auditors.

Our audit committee's written charter requires that all members of the committee meet the independence, experience, financial literacy and expertise requirements of the New York Stock Exchange, the Sarbanes-Oxley Act of 2002, the Securities Exchange Act of 1934, as amended, and applicable rules and regulations of the Securities and Exchange Commission, all as in effect from time to time. All of the members of the audit committee meet the foregoing requirements. The Board of Directors has determined that Irwin Engelman is an "audit committee financial expert" as defined by the Securities and Exchange Commission.

The Board of Directors has adopted a written charter for the audit committee, a copy of which is available on our website at www.newplan.com. The audit committee met five times during 2003, including telephonic meetings.

Executive Compensation and Stock Option Committee

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

The executive compensation and stock option committee, which we refer to as the "compensation committee," currently consists of three directors, Gregory White, who is chairman, Matthew Goldstein and Nina Matis, all of whom are independent directors. The principal purposes of the compensation committee are (i) to review and approve our corporate

7

goals and objectives with respect to the compensation of our executive officers, including the chief executive officer, evaluate the executive officers' performance in light of those goals and objectives, and determine the appropriate level and structure of the executive officers' compensation, subject to the approval of a majority of the Company's independent directors (including members of the compensation committee); (ii) to make recommendations to the Board of Directors regarding compensation of the directors; and (iii) to recommend, implement and administer our incentive and equity-based compensation plans.

The Board of Directors has adopted a written charter for the compensation committee, a copy of which is available on our website at www.newplan.com. The compensation committee met three times, including telephonic meetings, and took action by unanimous written consent eight times during 2003.

Nominating Committee

The nominating committee currently consists of three directors, Matthew Goldstein, who is chairman, Raymond H. Bottorf and Gregory White, all of whom are independent directors. The principal purposes of the nominating committee are (i) to identify individuals that are qualified to serve as directors; (ii) to recommend such individuals to the Board of Directors, either to fill vacancies that occur on the Board from time to time or in connection with the selection of director nominees for each annual meeting of stockholders; and (iii) to periodically assess the size of the Board of Directors to ensure the Board of Directors can effectively carry out its obligations.

The nominating committee has approved, and the Board of Directors has adopted, policies and procedures to be used for considering potential director candidates. These policies and procedures provide that qualifications and credentials for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board of Directors. However, at a minimum, candidates for director will be selected on the basis of integrity, judgment, ability to make independent analytical inquiries, willingness and ability to devote adequate time and resources to diligently perform Board duties, and reputation, both personal and professional, consistent with the image and reputation of the Company. In addition to the aforementioned minimum qualifications, the nominating committee also believes that there are other factors that, while not a prerequisite for nomination, should be taken into account when considering whether to recommend a particular person. These factors include: (1) whether the person possesses specific real estate expertise and familiarity with general issues affecting the Company's business; (2) whether the person's nomination and election would enable the Board of Directors to have a member that qualifies as an "audit committee financial expert" as such term is defined by the Securities and Exchange Commission; (3) whether the person would qualify as an "independent" director under the New York Stock Exchange's listing standards and our corporate governance guidelines; (4) the importance of continuity of the existing composition of the Board of Directors; and (5) the importance of a diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise.

The nominating committee will seek to identify director candidates based on input provided by a number of sources, including (i) nominating committee members, (ii) other members of the Board of Directors, and (iii) stockholders of the Company. The nominating committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified director candidates; however, we do not currently employ a search firm, or pay a fee to any other third party, to locate qualified director candidates. Once director candidates have been

8

identified, the nominating committee will then evaluate these candidates in light of his or her qualifications and credentials, and any additional factors that it deems necessary or appropriate.

The nominating committee will consider persons recommended by stockholders in the same manner as all other director candidates. Stockholders who wish to suggest qualified candidates must comply with the advance notice provisions and other requirements of Article II, Section 11 of our bylaws. These notice provisions require that recommendations for directors must be received no more than 150 days and no less than 120 days before the first anniversary of the date of the proxy statement for the preceding year (that is, no earlier than October 23, 2004 and no later than November 22, 2004 for candidates for election at the 2005 annual meeting).

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

After completing the identification and evaluation process described above, the nominating committee will recommend to the Board of Directors the nomination of a number of candidates equal to the number of director vacancies that will exist at the annual meeting of stockholders. The Board of Directors will then select director nominees for stockholders to consider and vote upon at the annual stockholders' meeting.

The Board of Directors has adopted a written charter for the nominating committee, a copy of which is available on our website at www.newplan.com. The nominating committee met two times during 2003, including telephonic meetings, and took action once by unanimous written consent in 2003.

Corporate Governance Committee

The corporate governance committee currently consists of three directors, Norman Gold, who is chairman, Nina Matis, and George Puskar, all of whom are independent directors. The principal purposes of the corporate governance committee are (i) to develop, recommend, implement and monitor our corporate governance guidelines, our code of business conduct and ethics and our code of ethics for our principal executive officer and senior financial officers, (ii) to oversee the evaluation of the Board of Directors and management, and (iii) to ensure that we are in compliance with all New York Stock Exchange listing requirements.

The Board of Directors has adopted a written charter for the corporate governance committee, a copy of which is available on our website at www.newplan.com. The corporate governance committee met one time telephonically during 2003 and took action once by unanimous written consent in 2003.

Do our directors receive any compensation for their service as directors?

Directors who are not otherwise paid employees or consultants of the Company currently receive annual compensation of \$30,000, plus a fee of \$1,000 for attendance, in person, at each meeting of the Board of Directors and a fee of \$500 for each telephonic meeting. Non-employee directors also currently receive \$500 for each committee meeting attended, including telephonic meetings, that is not on the same day as a meeting of the Board of Directors. The lead director currently receives additional annual compensation of \$10,000. The chairman of the audit committee currently receives additional annual compensation of \$10,000, and the other directors who are members of the audit committee currently receive additional annual compensation of \$5,000. Each director is reimbursed for expenses incurred in attending meetings, including committee meetings. The \$30,000 annual director compensation is paid 50% in cash and 50% through the issuance of shares of our common stock.

9

Pursuant to resolutions approved by the Board of Directors, every duly elected and qualified director who is not an officer of the Company is entitled to receive, on an annual basis, options to purchase shares of our common stock in accordance with the following formula: 3,000 shares, plus 250 shares multiplied by the number of years of continuous service beginning in 1997, including any portion of any fiscal year of service as a full year. The option price is the fair market value of the underlying shares of our common stock on the date of grant and the options are fully vested upon grant.

Do we have employment agreements with our named executive officers?

We have entered into employment agreements with each of Messrs. Rufrano, MacDonald, Roche, Siegel and Brumberg. The principal terms of each of these agreements are summarized below.

Glenn J. Rufrano Employment Agreement. Mr. Rufrano's employment agreement provides for an initial term commencing on February 23, 2000 and ending on the fifth anniversary, February 23, 2005, extending automatically for additional one-year periods unless either New Plan or Mr. Rufrano elects not to extend the term. The employment agreement also provides that, during the term of the employment agreement, Mr. Rufrano continue to be nominated by us at our annual meetings of stockholders to serve as our director, and that we use reasonable good faith efforts to cause Mr. Rufrano to be elected as a director. In addition, the employment agreement provides that, during the term of his employment under the employment agreement, Mr. Rufrano be our Chief Executive Officer and be appointed as a full voting member of our Investment Committee, or any successor committee. The employment agreement further provides that his annual salary cannot be reduced during the term of the agreement, and that he is entitled to receive an annual cash bonus of up to 100% of his base salary as determined by the compensation committee. The employment agreement also provides that Mr. Rufrano receive certain fringe benefits in connection with his employment.

13

Pursuant to the terms of his employment agreement and related option agreements, Mr. Rufrano was granted options to purchase 700,000 shares of our common stock, at an exercise price of \$12.8125 per share, the closing price of our common stock on February 22, 2000. A total of 500,000 of these options vest ratably over five years commencing on the first anniversary of the grant date. A total of 100,000 of these options vest upon the eighth anniversary of Mr. Rufrano's employment agreement, subject to acceleration in the fifth year if certain performance criteria are achieved, and the remaining 100,000 vested upon the fourth anniversary of Mr. Rufrano's employment agreement as a result of the achievement of certain performance criteria. Mr. Rufrano also was granted options to purchase an additional 515,121 shares of our common stock at an exercise price of \$12.8125 per share, all of which vested immediately upon Mr. Rufrano's employment with us. Mr. Rufrano has since exercised these options. The shares that were acquired upon the exercise of these options are subject to restrictions, which restrictions lapse ratably over five years commencing on the first anniversary of the exercise date for all but 60,000 shares. The restrictions on 30,000 of these shares lapse on the eighth anniversary of the employment agreement, subject to acceleration in the fifth year if certain performance criteria are achieved, and the restrictions on the remaining 30,000 shares lapsed on the fourth anniversary of the employment agreement as a result of the achievement of certain performance criteria. Shares not vested upon termination of Mr. Rufrano's employment are subject to repurchase by us at the lesser of the original exercise price or the then-current market price of our common stock.

If Mr. Rufrano's employment is terminated by us without "cause" or by Mr. Rufrano for "good reason," Mr. Rufrano will be entitled to severance benefits, including either:

the sum of \$2.5 million, if the termination of employment occurs prior to the expiration of the initial term of the employment agreement, or

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

the base salary for Mr. Rufrano from the date of termination of employment through the end of the employment period under the employment agreement if the termination occurs after an extension of the original five-year term of the employment agreement.

In addition, Mr. Rufrano's stock options will fully vest as of the date of such termination. However, all of the foregoing is subject to certain provisions of the Internal Revenue Code of 1986, as amended, concerning "excess" parachute payments. "Good reason" is defined to include, among other things, a "change in control" of New Plan, as defined in the employment agreement. The employment agreement also provides for certain benefits upon Mr. Rufrano's death or disability. If the employment agreement is terminated by Mr. Rufrano without "good reason" or by us for "cause," for one year following the date of termination, Mr. Rufrano may not:

serve as an officer, employee, director or consultant of a REIT or other real estate business with a significant portion of its business involved with community shopping centers,

generally, engage in any business which is competing with us,

divert to any entity any of our business, or

solicit any of our officers, employees or consultants to leave.

Additionally, Mr. Rufrano has agreed to support each proposal to be submitted to our stockholders that has been approved by our Board of Directors, and may not, directly or

14

indirectly, take or cause any action to be taken that may interfere with such stockholder proposal. Mr. Rufrano also has agreed to vote or cause to be voted in favor of each stockholder proposal any shares of our common stock he owns or controls.

As of the record date, Mr. Rufrano beneficially owned a total of 410,535 shares of our common stock, excluding shares that may be acquired upon exercise of stock options, which represent approximately 0.4% of the outstanding shares of stock entitled to vote at the annual meeting.

Scott MacDonald Employment Agreement. Mr. MacDonald's employment agreement provides for an initial term commencing on March 1, 2002 and ending on the third anniversary, March 1, 2005, extending automatically for additional one-year periods unless either New Plan or Mr. MacDonald elects not to extend the term. The employment agreement provides that, during the term of his employment under the employment agreement, Mr. MacDonald be our President and Chief Operating Officer. The employment agreement further provides that his annual salary cannot be reduced during the term of the agreement. His target bonus is 50% of base salary, but may be higher or lower as determined by the compensation committee. The employment agreement also provides that Mr. MacDonald receive certain fringe benefits in connection with his employment.

Pursuant to the terms of his employment agreement and related option agreements, Mr. MacDonald was granted options to purchase 250,000 shares of our common stock, at an exercise price of \$19.99 per share, the closing price of our common stock on April 1, 2002. A total of 180,000 of these options vest ratably over five years commencing on the first anniversary of the grant date, while the remaining 70,000 vest upon the eighth anniversary of the grant date, subject to acceleration in the fourth and fifth years in the event certain performance criteria are achieved.

If Mr. MacDonald's employment is terminated by us without "cause" or by Mr. MacDonald for "good reason," Mr. MacDonald will be entitled to severance benefits consisting of a lump sum payment equal to twice his average total compensation, including bonus, for the two fiscal years ending prior to the termination date and the full vesting of all stock options if the termination occurs more than one year after the grant date of the stock options. However, all of the foregoing is subject to certain provisions of the Internal Revenue Code of 1986, as amended, concerning "excess" parachute payments. "Good reason" is defined to include, among other things, a "change in control" of New Plan, as defined in the employment agreement. The employment agreement also provides for certain benefits upon Mr. MacDonald's death or disability. If the employment agreement is terminated by us without "cause" or by Mr. MacDonald for "good reason," for one year following the date of termination, Mr. MacDonald may not:

divert to any entity any such project, or

solicit any of our officers, employees, other than secretarial staff, or consultants to leave.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation committee of the Board of Directors currently consists of Gregory White (chairman), Matthew Goldstein and Nina Matis. Set forth below in full is the report of the compensation committee regarding the compensation paid by us to our executive officers with respect to fiscal year 2003.

What is our general compensation philosophy?

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

Our compensation committee desires to implement compensation policies that seek to enhance stockholder value by aligning closely the financial interests of our executive officers with those of our stockholders. Our overall objectives are to attract and retain the best possible executive talent, to motivate these executives to achieve the goals inherent in our business strategy, to link executive and stockholder interests through performance goals and equity-based plans, and to provide a compensation package that recognizes individual contributions as well as overall business results.

In implementing compensation policies, our committee strives to ensure that our executive officers are compensated fairly in relation to compensation packages provided for executives with comparable positions and responsibilities at comparable public REITs. We also are aware that our executive officers may have opportunities with other companies in the New York City metropolitan area, and we endeavor to remain competitive within this universe of companies as well. From time to time our committee may retain outside compensation consultants to assist it in the performance of our responsibilities.

What are the components of our executive compensation?

The components of our executive compensation program currently consist of base salary, bonus, and long-term incentive compensation, currently implemented through the use of restricted stock awards and stock options. Each of these three categories of compensation is reviewed separately, but the three components are integrally linked, as we review each category in light of its relationship to the total compensation that we believe our executive officers should receive.

Base Salary. Our committee determines the base salary level of each of our executive officers by evaluating the responsibilities of the position held and the experience of the individual, and by reference to the competitive marketplace for executive talent. Our committee strives to set base salaries at competitive levels relative to the base salaries paid to executive officers with comparable qualifications, experience and responsibilities at comparable public REITs. These REITs constitute only a portion of the REITs included in the NAREIT All Equity REIT Index, which is used in the Performance Graph above to compare stockholder returns.

While the employment agreements with our executive officers do not permit the base salaries of such executive officers to be reduced during the terms of the agreements, our committee will consider from time to time whether an increase in an executive officer's base salary is merited, taking into account the performance of the Company and of the executive officer, and also taking into account new responsibilities, increases in pay levels at comparable public REITs, and other matters deemed appropriate.

We established base salaries for 2003 for our executive officers in March 2003. In establishing these salaries, as a starting point we took into account the fact that, on a company-wide basis, salaries were increased by approximately 3% over 2002 levels. In addition,

19

our committee engaged an outside compensation consultant to assemble data regarding compensation paid to executive officers by comparable companies, to assist us in setting base salaries for our executive officers at a level that was appropriate in relation to our peers. As a benchmark, our consultant provided us with comparisons of base salary, bonuses, long-term incentive and total compensation paid to executive officers by several peer groups of companies. Our committee reviewed the information provided with respect to an asset-based peer group (6 large public REITs focused on neighborhood and power shopping centers) and a geographic peer group (10 REITs and two other real estate operating companies that operate in the Northeastern United States). Based on this information, our committee reviewed a comparative range of base salary, bonus, long-term and total compensation for each executive officer, with the low end being the average of the median base salary paid by the asset-based peer group and the geographic peer group, and the high end being the average of the 75th percentile of base salary paid by these two peer groups for such officer's comparable position at these other companies. We also took into account recommendations for base salaries provided to us by our Chief Executive Officer.

After reviewing and considering the foregoing information, our committee then determined base salaries for our executive officers on an individual-by-individual basis, taking into account both the performance of the individual executive in 2002 and the performance of the Company as a whole in 2002. Messrs. Roche, Siegel and Brumberg each received increases of 3% in their respective base salaries from 2002 to 2003, while the base salaries for Messrs. Rufrano, MacDonald, Bernstein and Newman did not change from 2002 to 2003.

Bonus. The range of bonuses is at the discretion of our committee and the amounts paid are based on, among other things, achievement of certain performance levels by the Company, including growth in funds from operations, and the individual executive's performance and contribution to increasing funds from operations.

Bonuses with respect to 2003 performance were determined in February 2004. Prior to awarding these bonuses, our committee engaged an outside compensation consultant (which was different than the consultant who provided information to us in 2003) to assemble data regarding

compensation paid to executive officers by comparable public REITs, to assist us in awarding bonuses for our executive officers at a level that was appropriate in relation to our peers.

As a benchmark, our consultant provided us with comparisons of base salary, bonuses, long-term incentive compensation and total compensation paid to executive officers by several peer groups of other public REITs. Our committee reviewed the information provided with respect to a retail peer group (10 other public REITs focused on retail properties), a geographic peer group (11 other public REITs that operate in the Northeastern United States) and an implied equity market capitalization peer group (12 other public REITs with implied equity market capitalization comparable to the Company). Based on this information, our committee then reviewed a comparative range of base salary, bonus, long-term incentive and total compensation for each executive officer, with the low end being the median paid by the peer groups, and the high end being the 75th percentile paid by the peer groups for such executive officer's comparable position (either in terms of job function or relative compensation standing within the company). We also took into account recommendations for bonuses provided to us by our Chief Executive Officer. Finally, in considering bonus awards, we took into account the total compensation expected to be paid to the executive officer, including base salary, bonus and long-term incentive compensation, and how that total compensation related to the range described above.

20

After reviewing and considering the foregoing information, our committee determined bonuses to executive officers on an individual-by-individual basis, taking into account several factors, including the performance of the individual executive, the performance of the Company as a whole, and the comparative range of bonus compensation paid by the peer groups for such executive officer's comparable position (both in terms of job function and relative compensation standing within the company). Bonuses for executive officers for 2003 performance ranged from 45-65% of base salaries of such officers, except for our Chief Executive Officer, who was paid a higher bonus as described below. These bonuses were awarded in part as a result of, among other things, the continued execution of the Company's business plan and the Company's achievement of the high end of the range of earnings guidance for 2003 that was provided by the Company in November 2002.

In the future, our committee expects to continue to evaluate bonus payments to executive officers based on performance criteria applicable to the Company in general and to the individual executive officer in particular and by reference to the competitive marketplace for executive talent.

Long-Term Incentive Compensation. Our committee believes that long-term incentive compensation is an important component of executive compensation, as it aligns the financial interests of our executive officers more closely with those of our stockholders.

In March 2003, our committee approved long-term incentive compensation awards to our executive officers after reviewing 2002 performance. Prior to determining these awards, we reviewed and considered the information provided to us by our compensation consultant referred to in "Base Salary" above. In considering long-term incentive compensation awards, we also took into account the total compensation expected to be paid to the executive officer, including base salary, bonus and long-term incentive compensation. We awarded option grants of 25,000 shares to Mr. Bernstein, 35,000 shares to each of Messrs. Roche, Siegel and Brumberg, 45,000 shares to Mr. MacDonald and 75,000 shares to Mr. Ruffano, as described below, which grants were designed to provide further incentive for executive performance. The size of these option grants was less than grants made with respect to the prior year, because in June 2003 we also approved grants of restricted stock with an initial value of approximately \$125,000 to Mr. Bernstein, approximately \$140,000 to each of Messrs. Roche, Siegel and Brumberg, approximately \$170,000 to Mr. MacDonald and approximately \$260,000 to Mr. Ruffano, as described below, which awards were also designed to provide further incentive for executive performance.

In February 2004, our committee approved long-term incentive compensation awards to our executive officers after reviewing 2003 performance. Prior to determining these awards, we reviewed and considered the information provided to us by our compensation consultant referred to in "Bonus" above. We also took into account recommendations for long-term incentive compensation awards for our executive officers provided to us by our Chief Executive Officer. Finally, in considering long-term incentive compensation awards, we also took into account the total compensation expected to be paid to the executive officer, including base salary, bonus and long-term incentive compensation, and how that total compensation related to the range described above.

Taking into account all of the foregoing, we awarded option grants of 30,505 shares to Mr. Bernstein, 42,706 shares to each of Messrs. Roche, Siegel and Brumberg, 54,908 shares to Mr. MacDonald and 115,000 shares to Mr. Ruffano, as described below, which grants were designed to provide further incentive for executive performance. In addition to the option grants, our committee also approved grants of restricted stock with an initial value of approximately

21

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

\$125,000 to Mr. Bernstein, approximately \$145,000 to each of Messrs. Roche, Siegel and Brumberg, approximately \$180,000 to Mr. MacDonald and approximately \$390,000 to Mr. Rufrano, as described below, which awards were also designed to provide further incentive for executive performance. The value of these grants roughly approximated the aggregate value of the incentive awards granted to our executive officers in March and June 2003 with respect to 2002 performance.

Our committee believes that grants of restricted stock provide a useful complement to stock option grants in incentivising performance, and anticipates utilizing both stock option and restricted stock grants in the future. In establishing aggregate awards for 2003 performance, we allocated approximately 75% of the value associated with such awards to grants of restricted stock, and 25% to grants of stock options.

In the future, our committee also will consider various other forms of long-term incentive compensation for our executive officers in addition to grants of stock options and restricted stock. Our committee expects that these awards will continue to be based on criteria applicable to the Company in general and to the individual executive officer in particular, and by reference to the competitive marketplace for executive talent.

How do we compensate our Chief Executive Officer?

Amounts paid during fiscal year 2003 to Glenn Rufrano, our Chief Executive Officer, are shown in the Summary Compensation Table. Mr. Rufrano entered into an employment agreement with us when he was hired in February 2000. Under this agreement, the Company is obligated to pay him a certain minimum base salary, but there are no longer any minimum requirements for bonus or other incentive compensation. The base salary paid to him in 2003 represented the minimum amount required to be paid under his employment agreement.

In February 2004, our committee approved a \$750,000 bonus (or approximately 135% of his base salary) to Mr. Rufrano for 2003 in light of his superior performance in 2003. This determination was based upon a number of factors, including the increased value created for stockholders, the continued successful execution of the Company's business plan, and the increased acceptance of the Company in the marketplace.

Mr. Rufrano was awarded an option grant of 75,000 shares in March 2003 and received a restricted stock grant in June 2003 with an initial value of approximately \$260,000, which grants were designed to provide further incentive for his performance. Both of these grants were made based on a review of 2002 performance. In February 2004, Mr. Rufrano was awarded an option grant of 115,000 shares and received a restricted stock grant with an initial value of approximately \$390,000, which grants were designed to provide further incentive for his performance. Both of these grants were made based on a review of 2003 performance.

Our committee believes that Mr. Rufrano's total compensation package of salary, bonus and long-term compensation was reasonable and competitive for his contribution as Chief Executive Officer.

22

Are there any tax limits on our executive compensation?

Our committee has reviewed the potential consequences for the Company of Section 162(m) of the Internal Revenue Code of 1986, as amended, which imposes a limit on tax deductions for annual compensation in excess of one million dollars paid to any of the five most highly compensated executive officers. To the extent that compensation is required to and does not qualify for deduction under Section 162(m), a larger portion of stockholder distributions may be subject to federal income tax expense as dividend income rather than return of capital, and any such compensation allocated to the Company's taxable REIT subsidiaries whose income is subject to federal income tax would result in an increase in income taxes due to the inability to deduct such compensation. Although the Company will be mindful of the limits imposed by Section 162(m), even if it is determined that Section 162(m) applies or may apply to certain compensation packages, the Company nevertheless reserves the right to structure the compensation packages and awards in a manner that may exceed the limitation on deduction imposed by Section 162(m).

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The compensation committee was comprised of Gregory White, Matthew Goldstein and Nina Matis during 2003. None of these individuals were, or ever have been, an employee of New Plan or any of our subsidiaries. No interlocking relationship existed between Mr. White, Mr. Goldstein or Ms. Matis and any member of any other company's board of directors, board of trustees or compensation committee during that period.

REPORT OF THE AUDIT COMMITTEE

The audit committee has reviewed and discussed our audited consolidated financial statements for fiscal year 2003 with our management, and also has discussed with PricewaterhouseCoopers LLP, our independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61. The audit committee has received both the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1, and has discussed with PricewaterhouseCoopers LLP the independence of PricewaterhouseCoopers LLP from us. In addition, the audit committee has considered whether the provision of non-audit services, and the fees charged for such non-audit services, by PricewaterhouseCoopers LLP are compatible with maintaining the independence of PricewaterhouseCoopers LLP from us.

Based on the foregoing, the audit committee recommended to the Board of Directors and authorized that our audited consolidated financial statements for fiscal year 2003 be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2003.

Respectfully submitted,

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Norman Gold, a current member of our Board of Directors and a nominee for election to serve as a director for a term expiring in 2007, was formerly associated with a law firm that provided limited peripheral services to us in 2003. The total amount of fees paid by us to this firm for services rendered in 2003 was approximately \$200,000 (including payments for certain services performed in 2002 but not billed until 2003).

The following loans were made by us over a number of years to assist certain executive officers in their purchase of our common shares. Such loans are unsecured except as otherwise specifically noted.

In July 1997, we advanced a loan totaling \$95,062 to Dean Bernstein, our Senior Vice President Acquisitions/Dispositions. On December 31, 2003, Mr. Bernstein was indebted in the aggregate amount of \$95,062 under these loans, which represented the maximum loan amount during 2003, represented by a demand note bearing interest at a rate of 5% per annum.

In June 1994 and July 1997, we advanced loans totaling \$111,881 to Steven F. Siegel, our Executive Vice President, General Counsel and Secretary. On December 31, 2003, Mr. Siegel was indebted in the aggregate amount of \$111,881 under these loans, which represented the maximum loan amount during 2003. The amount owed is represented by two demand notes, each bearing interest at 5% per annum.

In February 2000, we advanced loans totaling \$6,200,000 to Glenn Rufrano, our Chief Executive Officer. The maximum aggregate amount outstanding under these loans during 2003 was \$5,643,578. These loans were repaid in full by

Mr. Rufrano in June 2003.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that our executive officers and directors, and persons who own 10% or more of a registered class of our equity securities, file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC and the New York Stock Exchange. Executive officers, directors and greater than 10% stockholders are required by the SEC to furnish us with copies of all Forms 3, 4 and 5 that they file.

Based solely on our review of the copies of such forms received by us, and/or on written representations from certain reporting persons that they were not required to file a Form 5 for the fiscal year, we believe that our executive officers, directors and greater than 10% stockholders complied with all Section 16(a) filing requirements applicable to them with respect to transactions during 2003.

Relationship With Independent Accountants

Our consolidated financial statements for the fiscal year ended December 31, 2003 have been audited by PricewaterhouseCoopers LLP. Representatives of PricewaterhouseCoopers LLP are expected to be available at the annual meeting to respond to appropriate questions and to make a statement if they desire to do so.

For services rendered to New Plan Excel Realty Trust, Inc. during or in connection with our fiscal year 2003 and 2002, as applicable, PricewaterhouseCoopers LLP billed the following fees:

	<u>2003</u>	<u>2002</u>
Audit Fees	\$ 291,600	\$ 279,000
Audit-Related Fees	\$ 0	\$ 0
Tax Fees	\$ 0	\$ 0
All Other Fees	\$ 0	\$ 0

Audit Fees for 2003 included bills for services in connection with our medium-term notes offering in November 2003 (\$12,000), the creation of our standby equity distribution program in July 2003 (\$11,500), our convertible debt offering in May 2003 (\$29,100), our filing of a shelf registration statement on Form S-3 in May 2003 (\$9,000) and our preferred stock offering in April 2003 (\$40,000).

Audit Fees for 2002 included bills for services in connection with our debt offering in June 2002 (\$52,000), an 8-K filed by us in connection with our acquisition of a portfolio of properties (\$15,000) and a review of the implementation of our new accounting software to ensure reliability and accuracy of the financial data (\$15,000).

In addition to the foregoing, PricewaterhouseCoopers LLP billed approximately \$30,900 in 2003 for audit services provided with respect to the 2002 fiscal year to a joint venture in which we have an equity interest. We expect audit fees with respect to the 2003 fiscal year for such joint venture to be substantially similar to those billed with respect to 2002.

Pre-Approval Policies and Procedures

The audit committee's policy is to review and pre-approve, either pursuant to the audit committee's Audit and Non-Audit Services Pre-Approval Policy or through a separate pre-approval by the audit committee, any engagement of the Company's independent auditor to

Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form DEF 14A

provide any audit or permissible non-audit service to the Company. Pursuant to the Audit and Non-Audit Services Pre-Approval Policy, which is annually reviewed and reassessed by the audit committee, a list of specific services within certain categories of services, including audit, audit-related, tax and other services, are specifically pre-approved for the upcoming or current fiscal year, subject to an aggregate maximum annual fee payable by the Company for each category of pre-approved services. Any service that is not included in the approved list of services must be separately pre-approved by the audit committee. In addition, all audit and permissible non-audit services in excess of the pre-approved fee level, whether or not included on the pre-approved list of services, must be separately pre-approved by the audit committee. The audit committee has delegated authority to its chairman to specifically pre-approve engagements for the performance of audit and non-audit services, provided that the estimated cost for such services shall not exceed \$100,000. The chairman must report all pre-approval decisions to the audit committee at its next scheduled meeting and provide a description of the terms of the engagement, including (1) the type of services covered by the engagement, (2) the dates the engagement is scheduled to commence and terminate, (3) the estimated fees payable by the Company pursuant to the engagement, (4) other material terms of the engagement, and (5) such other information as the audit committee may request.

Are there any other matters coming before the 2004 annual meeting?

No other matters are to be presented for action at the annual meeting other than as set forth in this proxy statement. If other matters properly come before the meeting, however, the persons named in the accompanying proxy will vote all proxies solicited by this proxy statement as recommended by the Board of Directors, or, if no recommendation is given, in their own discretion.

When are stockholder proposals due for the 2005 annual meeting?

Any stockholder proposal pursuant to Rule 14a-8 of the rules promulgated under the Securities Exchange Act of 1934 to be considered for inclusion in our proxy materials for the next annual meeting of stockholders must be received at our principal executive offices no later than December 11, 2004.

In addition, any stockholder who wishes to propose a nominee to the Board of Directors or submit any other matter to a vote at a meeting of stockholders, other than a stockholder proposal included in our proxy materials pursuant to Rule 14a-8 of the rules promulgated under the Securities Exchange Act of 1934, must comply with the advance notice provisions and other requirements of Article II, Section 11 of our bylaws, which are on file with the SEC and may be obtained from the Secretary of New Plan upon request. These notice provisions require that recommendations for director candidates for the 2005 annual meeting must be received no earlier than October 23, 2004 and no later than November 22, 2004, and that requests to submit any other matter to a vote of stockholders must be received between February 14, 2005 and March 15, 2005. If a stockholder nomination or proposal is received before or after the range of dates specified in the advance notice provisions, our proxy materials for the next annual meeting of stockholders may confer discretionary authority to vote on such matter without any discussion of the matter in the proxy materials.
