EXPLANATORY NOTE

United States Cellular Corporation ("U.S. Cellular") filed a Current Report on Form 8-K on April 19, 2004 which disclosed that U.S. Cellular will file an amendment to its Annual Report on Form 10-K for the year ended December 31, 2003 to restate financial statements and financial information for each of the years ended December 31, 2003 and 2002, including restated interim quarterly financial information for those years. U.S. Cellular intends to file such amendment as soon as possible, but no later than May 17, 2004. As disclosed in the Form 8-K dated April 19, 2004, until such restatements are filed, previously reported consolidated financial statements for the years ended December 31, 2003 and 2002, including the reports of the independent auditors, and the interim quarterly financial statements for those years, should not be relied upon. As a result of the restatements, U.S. Cellular must reschedule the date of its 2004 annual meeting of shareholders and anticipates that it will be held on June 29, 2004. Due to this delay, U.S. Cellular is not able to file its definitive proxy statement for the 2004 annual meeting of shareholders within 120 days after December 31, 2003. Pursuant to General Instruction G. (3) of Form 10-K, in such event, items comprising Part III of Form 10-K (which includes information to be included in the definitive proxy statement) must be filed as an amendment to the Form 10-K not later than the end of such 120 day period. Accordingly, pursuant to such instruction, U.S. Cellular is filing this Amendment No. 1 to U.S. Cellular's Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for the sole purpose of filing the information required by Part III, Items 10 through 14.

Codes of Conduct and Ethics

As required by Section 807 of the American Stock Exchange Company Guide, U.S. Cellular has adopted a Code of Business Conduct, applicable to all officers and employees of U.S. Cellular and its subsidiaries, which includes a Code of Ethics for certain Senior Executives and Financial Officers, that complies with the definition of a "code of ethics" as set forth in Item 406 of Regulation S-K of the SEC. U.S. Cellular has also adopted a Code of Ethics for its directors. Each of the foregoing codes will be posted to U.S. Cellular's web site, www.uscellular.com, under About Us Investor Relations Corporate Governance Code of Business Conduct.

U.S. Cellular intends to satisfy the disclosure requirement under Item 10 of Form 8-K regarding any amendment to its Code of Ethics for certain Senior Executives and Financial Officers, and will disclose all other amendments to any of the foregoing codes, by posting such information to such internet website. Any waivers of any of the foregoing codes for directors or executive officers, including any waiver of the Code of Ethics for certain Senior Executives and Financial Officers, will be approved by U.S. Cellular's board of directors, as applicable, and disclosed in a Form 8-K that is filed with the SEC within five days of such waiver.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16 of the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder require our directors and officers, and persons who are deemed to own more than ten percent of our Common Shares, to file certain reports with the SEC with respect to their beneficial ownership of our Common Shares. The reporting persons are also required to furnish us with copies of all such reports they file.

Based on a review of copies of such reports furnished to us by such reporting persons and written representations by our directors and officers, we believe that all filing requirements under Section 16 of the Securities Exchange Act applicable to such reporting persons during and with respect to 2002 were complied with on a timely basis.

- (1) Mr. LeRoy T. Carlson, Jr., Chairman of U.S. Cellular receives no compensation directly from U.S. Cellular. Mr. Carlson is compensated by TDS in connection with his services for TDS and TDS subsidiaries, including U.S. Cellular. A portion of Mr. Carlson's salary and bonus paid by TDS is charged to U.S. Cellular by TDS pursuant to the Intercompany Agreement discussed below under "Intercompany Agreement." Accordingly, pursuant to the requirements of the SEC, such amounts charged to U.S. Cellular by TDS are reported in the above table in addition to the information presented for the other named executive officers. The amount of Mr. Carlson's 2003 bonus has not yet been determined. Mr. Carlson does not receive any long-term compensation awards or any other compensation from U.S. Cellular. Mr. Carlson receives long-term and other compensation from TDS, but this is not charged to U.S. Cellular.
- (2) Does not include the discount amount of any employee stock purchase plan since such plans are generally available to all eligible salaried employees. Does not include the value of any perquisites and other personal benefits, securities or property because the aggregate amount of such compensation is less than the lesser of either \$50,000 or 10% of the total of annual salary and bonus reported for the named executive officers above.
- (3) Represents the dollar value of base salary (cash and non-cash) earned by the named executive officer during the fiscal year identified.
- (4) Represents the dollar value of bonus (cash and non-cash) earned by the named executive officer during the fiscal year identified. The final bonus for 2003 has not been determined for Mr. Carlson.

Edgar Filing: UNITED STATES CELLULAR CORP - Form 10-K/A

- (5) Represents the fair market value as of the grant date of phantom stock units of our Common Shares credited to such officer with respect to deferred bonus compensation. See "Bonus Deferral and Company Match Awards." Mr. Carlson also receives a credit of phantom stock units with respect to TDS Common Shares but this is not charged to U.S. Cellular.
- (6) In 2001, 2002 and 2003, the Stock Option Compensation Committee approved a grant of performance share awards ("Performance Share Awards"), as detailed below. The amount reported is an actual award.

Pension Plan and Supplemental Benefit Agreement

We previously adopted the TDS Wireless Companies' Pension Plan (the "Wireless Pension Plan"). The Wireless Pension Plan, a qualified noncontributory defined contribution pension plan, provided pension benefits for our employees. Under the Wireless Pension Plan, pension contributions were calculated separately for each participant, based on a fixed percentage of the participant's qualifying compensation, and are funded currently.

Effective January 1, 2001, the TDS Employees' Pension Trust (the "TDS Target Pension Plan") was merged with and into the Wireless Pension Plan and the new merged plan is titled the TDS Pension Plan. All of the plan assets which had been held for the TDS Target Pension Plan and the Wireless Pension Plan were combined to be held on a consolidated basis for the new TDS Pension Plan, which will pay all benefits which previously accrued under both the TDS Target Pension Plan and the Wireless Pension Plan and all future pension plan accruals. All eligible participants who have been receiving a pension benefit contribution based on a fixed percentage of their qualifying compensation under the Wireless Pension Plan continue to be eligible for such benefit under the TDS Pension Plan.

The amounts of the annual contributions for the benefit of the named executive officers under the Wireless Pension Plan and TDS Pension Plan are included above in the Summary Compensation Table under "All Other Compensation."

We have also adopted a Supplemental Executive Retirement Plan ("SERP") to provide supplemental benefits under the Wireless Pension Plan and effective January 1, 2001, the TDS Pension Plan. The SERP was established to offset the reduction of benefits caused by the limitation on annual employee compensation which can be considered for tax qualified pension plans under the Internal Revenue Code. The SERP is a nonqualified deferred compensation plan and is intended to be unfunded. The amounts of the accruals for the benefit of the named executive officers are included above in the Summary Compensation Table under "All Other Compensation."

Purchase of Residence from Employee

In December 2003, to facilitate the relocation of Conrad Hunter from Tennessee to Illinois, U.S. Cellular purchased his primary residence for \$722,500, based on the average of two independent third-party appraisals.

Bonus Deferral and Company Match Awards

The 1998 Long Term Incentive Program permits employees selected by the stock option compensation committee to defer all or a portion of their annual bonus to a deferred compensation account ("Deferral Program"). The executive officers who have deferred their bonuses are identified

in the Summary Compensation Table above. See footnote 5 to such table. If a selected employee elects to defer all or a portion of his or her annual bonus under the Deferral Program, we will allocate a match award to the employee's deferred compensation account in an amount equal to the sum of (1) 25% of the deferred bonus amount which is not in excess of one-half of the employee's gross bonus for the year and (2) 33¹/₃% of the deferred bonus amount which is in excess of one-half of the employee's gross bonus for the year. The fair market value of the matched stock units are reported in the Summary Compensation Table under "Other Annual Compensation." An employee will be fully vested in the deferred bonus amounts credited to his or her deferred compensation account. One-third of the U.S. Cellular match award credited to the employee's deferred compensation account will become vested on each of the first three anniversaries of the last day of the year for which the applicable bonus is payable, provided that such employee is an employee of U.S. Cellular or an affiliate on such date and the deferred bonus amount has not been withdrawn or distributed before such date. Amounts credited to an employee's deferred compensation account will be deemed to be invested in phantom Common Shares at the time the amounts are credited to the deferred compensation account. An employee will receive an amount equal to his or her vested deferred compensation account balance on the earlier of the date specified by the employee or when he or she terminates employment with U.S. Cellular and all its affiliates. Our board of directors may determine that all match awards will become fully vested upon certain changes of control of U.S. Cellular.

Compensation of Directors

Our board of directors amended the compensation plan (the "Non-Employee Directors' Plan") for non-employee directors in 2002. A non-employee director is a director who is not an employee of U.S. Cellular, TDS or TDS Telecom. The purpose of the Non-Employee Directors' Plan is to provide reasonable compensation to non-employee directors in connection with their services to U.S. Cellular in order to induce qualified persons to become and serve as non-employee members of our board of directors.

The Non-Employee Directors' Plan provides that each non-employee director will receive an annual director's fee of \$34,000 payable annually. The plan also provides that each non-employee director serving on the audit committee will receive an annual director's fee of \$8,000, except for the chairperson, who will receive a fee of \$18,000. The plan also provides that each non-employee director will receive a fee of \$2,000 for serving on the stock option compensation committee except for the chairperson, who will receive a fee of \$4,000. It also provides that each non-employee director will receive a fee of \$1,500 for board of directors and audit committee meetings and \$1,000 for stock option compensation committee meetings, plus reimbursement of reasonable out-of-pocket expenses incurred in connection with travel to, and attendance at, each regularly scheduled or special meeting.

The Non-Employee Directors' Plan further provides that each non-employee director may elect to receive up to fifty percent (50%) of any or all of the above retainers or meeting fees for regularly scheduled meetings of the board (five per year), by the delivery of U.S. Cellular Common Shares having a fair market value as of the date of payment equal to the cash amount of the retainer or fee foregone.

Under the Non-Employee Directors' Plan, for purposes of determining the number of Common Shares deliverable in connection with any of the foregoing elections, the fair market value of a Common Share will be the average closing price of our Common Shares as reported in the American Stock Exchange Composite Transactions section of The Wall Street Journal for the twenty trading days before the annual meeting of shareholders or the date of the board meeting, as applicable. Our board of directors has reserved 10,000 Common Shares for issuance pursuant to the Non-Employee Directors' Plan.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

On February 29, 2004, there were outstanding 53,146,566 Common Shares, par value \$1.00 per share (excluding 1,899,702 shares held by U.S. Cellular and 22,534 shares held by a subsidiary), and 33,005,877 Series A Common Shares, par value \$1.00 per share, representing a total of 86,152,443 shares of common stock. As of February 29, 2004, no shares of our Preferred Stock, par value \$1.00 per share, were outstanding. Holders of outstanding Common Shares are entitled to elect 25% of the directors (rounded up to the nearest whole number) and are entitled to one vote for each Common Share held in such holder's name with respect to all matters on which the holders of Common Shares are entitled to vote at the annual meeting. The holder of Series A Common Shares is entitled to elect 75% of the directors (rounded down to the nearest whole number) and is entitled to ten votes for each Series A Common Share held in such holder's name with respect to all other matters on which the holder of Series A Common Shares is entitled to vote. Accordingly, the voting power of the Series A Common Shares with respect to matters other than the election of directors was 330,058,770 votes, and the total voting power of all outstanding shares of capital stock was 383,205,336 as of February 29, 2004.

Description of TDS Securities

The authorized capital stock of TDS includes Common Shares, \$.01 par value (the "TDS Common Shares"), Series A Common Shares, \$.01 par value, (the "TDS Series A Shares") and Preferred Shares, \$.01 par value (the "TDS Preferred Shares"). As of February 29, 2004, 50,788,519 TDS Common Shares (excluding 5,517,343 Common Shares held by TDS and 484,012 Common Shares held by a subsidiary of TDS), 6,444,555 TDS Series A Shares (representing a total of 57,233,074 shares of common stock) and 38,645 TDS Preferred Shares were outstanding.

Edgar Filing: UNITED STATES CELLULAR CORP - Form 10-K/A

The TDS Series A Shares have ten votes per share, and TDS Common Shares and TDS Preferred Shares have one vote per share, for total voting power of 115,272,714 votes at February 29, 2004. The holders of TDS Series A Shares, TDS Common Shares and TDS Preferred Shares vote as a single group, except with respect to matters as to which the Delaware General Corporate Law grants class voting rights and with respect to the election of directors. With respect to the election of directors, the holders of TDS Common Shares are entitled to elect 25% of the directors of TDS, rounded up to the nearest whole number, plus one director, and the holders of TDS Series A Shares and TDS Preferred Shares, voting as a group, are entitled to elect the remaining members of the board of directors of TDS.

Beneficial Ownership of TDS by Directors and Executive Officers of U.S. Cellular

Item 13. Certain Relationships and Related Transactions

Compensation Committee Interlocks and Insider Participation

LeRoy T. Carlson, Jr., President and Chief Executive Officer of TDS, makes annual executive compensation decisions for TDS, other than for himself. The stock option compensation committee of TDS makes annual executive compensation decisions for the President of TDS and approves long-term compensation awards for the executive officers of TDS. The TDS stock option compensation committee is comprised of members of the TDS board of directors who are not officers or employees of TDS or any of its subsidiaries and who are not directors of any TDS subsidiaries. LeRoy T. Carlson, Jr., is a member of the board of directors of TDS and U.S. Cellular. Mr. Carlson is also the Chairman of U.S. Cellular and, as such, approves annual compensation for executive officers of U.S. Cellular. He is compensated by TDS for his services to TDS and all of its subsidiaries. However, TDS is reimbursed by U.S. Cellular for a portion of Mr. Carlson's salary and bonus paid by TDS, pursuant to the intercompany agreement described below. See Footnote (1) to the Summary Compensation Table above. John E. Rooney, a director and President of U.S. Cellular, participated in executive compensation decisions for U.S. Cellular, other than for himself. Long-term compensation for executive officers is approved by our stock option compensation committee, which currently consists of Paul-Henri Denuit and J. Samuel Crowley. Our stock option compensation committee is comprised of members of our board of directors who are not officers or employees of TDS or U.S. Cellular or their subsidiaries.

LeRoy T. Carlson, Jr. and Walter C.D. Carlson, directors of U.S. Cellular, are trustees and beneficiaries of the voting trust which controls TDS, which controls U.S. Cellular, and LeRoy T. Carlson, a director of U.S. Cellular, is a beneficiary of such voting trust. See "Security Ownership of Certain Beneficial Owners and Management." LeRoy T. Carlson, LeRoy T. Carlson, Jr., Walter C.D. Carlson and Sandra L. Helton, directors of U.S. Cellular, are also directors of TDS. See "Election of Directors." We have entered into a number of arrangements and transactions with TDS. Some of these arrangements were established at a time prior to our initial public offering when TDS owned more than 90% of our outstanding capital stock and were not the result of arm's-length negotiations. There can be no assurance that such arrangements will continue or that the terms of such arrangements will not be modified in the future. If additional transactions occur in the future, there can be no assurance that the terms of such future transactions will be favorable to us or will continue to provide us with the same level of support for our financing and other needs as TDS has provided in the past. The principal arrangements that exist between U.S. Cellular and TDS are summarized below.

Exchange Agreement

U.S. Cellular and TDS are parties to an exchange agreement dated July 1, 1987, as amended as of April 7, 1988.

Common Share Purchase Rights; Potential Dilution. The exchange agreement granted TDS the right to purchase additional Common Shares of U.S. Cellular sold after our initial public offering, to the extent necessary for TDS to maintain its proportionate interest in our Common Shares. For purposes of calculating TDS's proportionate interest in our Common Shares, the Series A Common Shares are treated as if converted into Common Shares. Upon notice to U.S. Cellular, TDS is entitled to subscribe to each issuance in full or in part at its discretion. If TDS decides to waive, in whole or in part, one or more of its purchase opportunities, the number of Common Shares subject to purchase as a result of subsequent issuances will be further reduced.

If TDS elects to exercise its purchase rights, it is required to pay cash for all Common Shares issued to it by us, unless otherwise agreed. In the case of sales by us of Common Shares for cash, TDS is required to pay the same price per Common Share as the other buyers. In the case of sales for consideration other than cash, TDS is required to pay cash equal to the fair market value of such other consideration as determined by our board of directors. Depending on the price per

Common Share paid by TDS upon exercise of these rights, the issuance of Common Shares by us pursuant thereto could have a dilutive effect on our other shareholders. The purchase rights described above are in addition to the preemptive rights granted to TDS as a holder of Series A Common Shares under our restated certificate of incorporation.

Funding of License Costs. Through the date of our initial public offering, TDS had funded or made provisions to fund all the legal, engineering and consulting expenses incurred in connection with the wireline application and settlement process and that portion of the price of cellular interests acquired by purchase that represented the cost of cellular licenses. Pursuant to the exchange agreement, as amended, TDS has agreed to fund as an additional capital contribution, without the issuance of additional stock or the payment of any other consideration to TDS, additional costs associated with the acquisition of the additional cellular interests that we had a right to acquire at the time of the initial public offering. Through December 31, 2003, TDS had funded costs totaling approximately \$67.2 million. TDS is obligated under the exchange agreement to make additional capital contributions to us under certain circumstances. Currently TDS has no obligations with respect to additional capital contributions.

RSA Rights. Under the exchange agreement: (a) TDS retained all its rights to file applications for and obtain the wireline licenses to operate cellular systems in Rural Service Areas ("RSAs"); (b) TDS retained the right to exchange these RSA rights for additional interests in cellular systems in which we have an interest or interests in cellular systems within the same or other Metropolitan Statistical Areas ("MSAs") or in RSAs; (c) TDS retained the right to acquire telephone, paging or other non-cellular companies with interests in cellular systems; (d) TDS retained the right to acquire interests in RSAs in which we indicated we did not desire to participate; and (e) the rights referred to in (a), (b), (c) and (d) above were to remain the property of TDS unless transferred to us for appropriate consideration.

Right of Negotiation. For certain interests, if TDS desires to sell its interest in any RSA, TDS is required to give us the opportunity to negotiate for such interest, subject to TDS being legally able to transfer the interest free of any restrictions on its sale or transfer. If we desire to purchase any interest so offered, TDS is required to negotiate with us concerning the terms and conditions of the transaction, including the price and the method of payment. If we are unable to agree with TDS on the terms and conditions of the transaction during a 60-day negotiation period, TDS would thereafter be under no obligation to offer the interest to us, except if TDS proposed to sell the interest within a year after the end of the negotiation period at a price equal to or lower than our highest written offer during the negotiation period. In such case, we would have the right to purchase the interest at that price.

Corporate Opportunity Arrangements. Our restated certificate of incorporation, as amended, provides that, so long as at least 500,000 Series A Common Shares are outstanding, we may not, without the written consent of TDS, engage in any non-cellular activities. We have been informed that TDS intends to give its consent to the acquisition of any non-cellular interest that is incidental to the acquisition of a cellular interest. However, TDS could impose conditions on any such consent, including a requirement that we resell any non-cellular interest to TDS or that we give TDS the right of first refusal with respect to such sale.

Our restated certificate of incorporation, as amended, also restricts the circumstances under which we are entitled to claim that an opportunity, transaction, agreement or other arrangement to which TDS, or any person in which TDS has or acquires a financial interest, is or should be our property. In general, so long as at least 500,000 Series A Common Shares are outstanding, we will not be entitled to any such "corporate opportunity" unless it relates solely to the construction of, the ownership of interests in, and/or the management of, cellular telephone systems, and then only if such corporate opportunity did not arise in any way as a result of the rights otherwise retained by TDS. Our restated certificate of incorporation allows us to pursue future opportunities to provide cellular service and design, consulting, engineering and construction management services for cellular telecommunications systems located outside the United States.

Tax Allocation Agreement

We have entered into a tax allocation agreement with TDS under which we have agreed to join in filing consolidated Federal income tax returns with the TDS affiliated group unless TDS requests otherwise. Pursuant to such agreement, TDS files Federal income tax returns and pays Federal income taxes for all members of the TDS consolidated group, including U.S. Cellular and its subsidiaries. U.S. Cellular and its subsidiaries pay TDS for Federal taxes based on the amount they would pay if they were filing a separate return as their own affiliated group and were not included in the TDS group. These payments are based on the average tax rate (excluding the effect of tax credits) of the TDS affiliated group. Any deficiency in tax thereafter proposed by the IRS for any consolidated return year that involves income, deductions or credits of U.S. Cellular or its subsidiaries, and any claim for refund of tax for any consolidated return year that involves such items, will be contested or prosecuted at the sole discretion of TDS and at our expense. To the extent that any deficiency in tax or refund of tax is finally determined to be attributable to the income, deductions or credits of U.S. Cellular, such deficiency or refund will be payable by or to us.

If we cease to be a member of the TDS affiliated group, and for a subsequent year U.S. Cellular and its subsidiaries are required to pay a greater amount of Federal income tax than they would have paid if they had not been members of the TDS group after June 30, 1987, TDS will reimburse us for the excess amount of tax, without interest. In determining the amount of reimbursement, any profits or losses from new business activities acquired by us or our subsidiaries after we leave the TDS group will be disregarded. No reimbursement will be required if at any time in the future U.S. Cellular becomes a member of another affiliated group in which U.S. Cellular is not the common parent or fewer than 500,000 Series A Common Shares are outstanding. In addition, reimbursement will not be required on account of the income of any subsidiary of U.S. Cellular if more than 50% of the voting power of such subsidiary is held by a person or group other than a person or group owning more than 50% of the voting power of TDS.

Rules similar to those described above will be applied to any state or local franchise or income tax liabilities to which TDS and U.S. Cellular and its subsidiaries are subject and which are required to be determined on a unitary, combined or consolidated basis. U.S. Cellular was refunded \$34.6 million by TDS in 2003 for an overpayment of 2002 Federal income taxes and a 2002 net operating loss.

Cash Management Agreement

From time to time we deposit our excess cash with TDS for investment under TDS's cash management program pursuant to the terms of a cash management agreement. Such deposits are available to us on demand and bear interest each month at the 30-day commercial paper rate reported in The Wall Street Journal on the last business day of the preceding month plus $\frac{1}{4}\%$, or such higher rate as TDS may in its discretion offer on such demand deposits. We may elect to place funds for a longer period than on demand in which event, if such funds are placed with TDS, they will bear interest at the commercial paper rate for investments of similar maturity plus $\frac{1}{4}\%$, or at such higher rate as TDS may in its discretion offer on such investments.

Intercompany Agreement

In order to provide for certain transactions and relationships between the parties, U.S. Cellular and TDS have agreed under an intercompany agreement, among other things, as follows:

Services. U.S. Cellular and TDS make available to each other from time to time services relating to operations, marketing, human resources, accounting, customer services, customer billing, finance, and general administration, among others. Unless otherwise provided by written agreement, services provided by TDS or any of its subsidiaries are charged and paid for in conformity with the customary practices of TDS for charging TDS's non-telephone company subsidiaries. Payments by us to TDS for such services totaled \$60.1 million in 2003. For services provided to TDS, we receive payment for the salaries of our employees and agents assigned to render such services (plus 40% of the cost of such salaries in respect of overhead) for the time

spent rendering such services, plus out-of-pocket expenses. Payments by TDS to us for such services were nominal in 2003.

Equipment and Materials. We purchase materials and equipment from TDS and its subsidiaries on the same basis as materials and equipment are purchased by any TDS affiliate from another TDS affiliate. Purchases by us from TDS affiliates totaled \$5.7 million in 2003.

Accountants and Legal Counsel. We have agreed to engage the firm of independent public accountants selected by TDS for purposes of auditing our financial statements, including the financial statements of our direct and indirect subsidiaries, and providing certain other services. We have also agreed that, in any case where legal counsel is to be engaged to represent the parties for any purpose, TDS has the right to select the counsel to be engaged, which may be the same counsel selected to represent TDS unless such counsel deems there to be a conflict. If we use the same counsel as TDS, each of us and TDS is responsible for the portion of the fees and expenses of such counsel determined by such counsel to be allocable to each.

Indemnification. We have agreed to indemnify TDS against certain losses, claims, damages or liabilities, including those arising out of: (1) the conduct of our business (except where the loss, claim, damage or liability arises principally from TDS's gross negligence or willful misconduct); and (2) any inaccurate representation or breach of warranty under the Intercompany Agreement. TDS will similarly indemnify us with respect to: (1) the conduct by TDS of its non-cellular businesses before July 1, 1987 (except where the loss, claim, damage or liability arises principally from U.S. Cellular's gross negligence or willful misconduct); and (2) any inaccurate representation or breach of warranty under the intercompany agreement.

Disposal of Company Securities. TDS will not dispose of any of our securities held by it if such disposition would result in the loss of any license or other authorization held by us and such loss would have a material adverse effect on us.

Transfer of Assets. Without the prior written consent of TDS, we may not transfer (by sale, merger or otherwise) more than 15% of our consolidated assets unless the transferee agrees to become subject to the Intercompany Agreement.

Registration Rights Agreement; Other Sales of Common Shares

Under a registration rights agreement, we have agreed, upon the request of TDS, to file one or more registration statements under the Securities Act of 1933 or take other appropriate action under the laws of foreign jurisdictions in order to permit TDS to offer and sell, domestically or abroad, any of our debt or equity securities that TDS may hold at any time. TDS will pay all costs relating thereto and any underwriting discounts and commissions relating to any such offering, except that we will pay the fees of any counsel, accountants, trustees, transfer agents or other agents retained by U.S. Cellular in connection therewith. TDS has the right to select the counsel we retain to assist it to fulfill any of its obligations under the registration rights agreement.

There is no limitation on the number or frequency of the occasions on which TDS may exercise its registration rights, except that we will not be required to comply with any registration request unless, in the case of a class of equity securities, the request involves at least the lesser of 1,000,000 shares or 1% of the total number of shares of such class then outstanding, or, in the case of a class of debt securities, the principal amount of debt securities covered by the request is at least \$5,000,000. We have also granted TDS the right to include its securities in certain registration statements covering offerings by us and will pay all costs of such offerings other than incremental costs attributable to the inclusion of our securities owned by TDS in such registration statements.

We will indemnify TDS and its officers, directors and controlling persons against certain liabilities arising under the laws of any country in respect of any registration or other offering covered by the registration rights agreement. We have the right to require TDS to delay any exercise by TDS of its rights to require registration and other actions for a period of up to 90 days

if, in our judgment, any offering by us then being conducted or about to be conducted would be materially adversely affected. TDS has further agreed that it will not include any of our securities in any registration statement filed by us which, in the judgment of the managing underwriters, would materially adversely affect any offering by us. The rights of TDS under the registration rights agreement are transferable to non-affiliates of TDS.

Insurance Cost Sharing Agreement

Pursuant to an insurance cost sharing agreement, we and our officers, directors and employees are afforded coverage under certain insurance policies purchased by TDS. A portion of the premiums payable under each such policy is allocated by TDS to us on the same basis as premiums were allocated before the insurance cost sharing agreement was entered into, if the policies are the same as or similar to the policies in effect before the insurance cost sharing agreement was entered into, or on such other reasonable basis as TDS may select from time to time. If TDS decides to change the allocation of premiums at any time, TDS will consult with us before the change is made, but the decision as to whether to make the change will be in the reasonable discretion of TDS. We believe that the amounts payable by us under the insurance cost sharing agreement are generally more favorable than the premiums we would pay if we were to obtain coverage under separate policies.

Employee Benefit Plans Agreement

Under an employee benefit plans agreement, our employees participate in the TDS tax-deferred savings plan. We reimburse TDS for the costs associated with such participation. In addition, we have agreed to reimburse TDS for certain costs incurred by TDS in connection with the issuance of stock under the TDS employee stock purchase plans to our employees.

Intercompany Loan

In August 2002, U.S. Cellular entered into a loan agreement with TDS under which U.S. Cellular borrowed \$105 million from TDS, which was used for the Chicago 20MHz purchase. The loan bore interest at an annual rate of 8.1%, payable quarterly, and was due in August 2008, with prepayments optional. The terms of the loan did not contain covenants that were more restrictive than those included in U.S. Cellular's senior debt, except that the loan agreement provided that U.S. Cellular may not incur senior debt in an aggregate principal amount in excess of \$325,000,000 unless it obtained the consent of TDS as lender. The loan was subordinated to U.S. Cellular's 2002 Revolving Credit Facility until December 19, 2003. U.S. Cellular's board of directors, including independent directors, approved the terms of this loan and determined that such terms were fair to U.S. Cellular and all of its shareholders. This note was paid in full by U.S. Cellular on February 9, 2004.

Other Arrangements

The following persons are partners of Sidley Austin Brown & Wood LLP, the principal law firm of U.S. Cellular, TDS and their subsidiaries: Walter C.D. Carlson, a trustee and beneficiary of a voting trust that controls TDS and U.S. Cellular, the non-executive Chairman of the Board and member of the board of directors of TDS and a director of U.S. Cellular; William S. DeCarlo, the General Counsel of TDS and an Assistant Secretary of TDS and certain subsidiaries of TDS; and Stephen P. Fitzell, the General Counsel and Assistant Secretary of U.S. Cellular and certain subsidiaries of TDS. Walter C.D. Carlson does not provide legal services to U.S. Cellular, TDS or their subsidiaries.

Item 14. Principal Accountant Fees and Services

The following sets forth the aggregate fees (including expenses) billed by U.S. Cellular's principal auditors, PricewaterhouseCoopers LLP, for 2003 and 2002:

	2003	2002
Audit Fees (1)	\$ 914,567	\$ 876,110
Audit Related Fees (2)	16,290	560,000
Tax Fees (3)		321,324
All Other Fees (4)	1,500	31,000
Total Fees	\$ 932,357	\$ 1,788,434

- (1) Represents the aggregate fees billed by PricewaterhouseCoopers LLP for professional services rendered for the audit of the annual financial statements for the years 2003 and 2002 included in U.S. Cellular's Form 10-K for each of these years and the reviews of the financial statements included in U.S. Cellular's Form 10-Qs for each of these years, as well as accounting research, review of financial information included in other SEC filings and the issuance of consents and comfort letters. Does not include fees of \$16,500 paid to Arthur Andersen LLP in 2002.
- (2) Represents the aggregate fees billed by PricewaterhouseCoopers LLP for assurance and related services for the years 2003 and 2002 that are reasonably related to the performance of the audit or review of financial statements other than the fees disclosed in the foregoing paragraph. These services include acquisition and divestiture related services, accounting consulting and (for 2003 only) Sarbanes-Oxley Section 404 compliance planning. There were no fees paid to Arthur Andersen LLP for audit related services in 2002.
- (3) Represents the aggregate fees billed by PricewaterhouseCoopers LLP for professional services rendered in 2003 and 2002 for tax compliance, tax advice and tax planning. These services represented tax consulting services. Does not include fees of \$138,625 paid to Arthur Andersen LLP in 2002.
- (4) Represents the aggregate fees billed by PricewaterhouseCoopers LLP for services, other than services covered in (1), (2) or (3) above, for the years 2003 and 2002. These services include consulting on internal audit leadership for 2002 and licensing of a best practices database for 2003. Does not include fees of \$12,500 paid to Arthur Andersen LLP in 2002.

The audit committee determined that the payment of fees for non-audit related services does not conflict with maintaining PricewaterhouseCoopers LLP's independence.

PRE-APPROVAL PROCEDURES

The audit committee adopted a policy, effective May 6, 2003, as amended as of February 17, 2004, pursuant to which all audit and non-audit services must be pre-approved by the audit committee. Under no circumstances may U.S. Cellular's principal external auditor provide services that are prohibited by the Sarbanes-Oxley Act of 2002 or rules issued thereunder. Non-prohibited audit-related services and certain tax and other services may be provided to U.S. Cellular, subject to such pre-approval process and prohibitions. The audit committee has delegated to the chairman of the audit committee the authority to pre-approve services by the independent auditors and to report such approvals to the full audit committee at each of its regularly scheduled meetings. The pre-approval policy relates to all services provided by U.S. Cellular's principal external auditor and does not include any *de minimis* exception.
