CONTROLS AND PROCEDURES

As of the end of the registrant's fiscal year ended December 31, 2005, an evaluation of the effectiveness of the registrant's "disclosure controls and procedures" (as such term is defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) was carried out by the registrant's management with the participation of the principal executive officer and principal financial officer. Based upon that evaluation, the registrant's principal executive officer and principal financial officer have concluded that as of the end of that fiscal year, the registrant's disclosure controls and procedures are effective to ensure that information required to be disclosed by the registrant in reports that it files or submits under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms and (ii) accumulated and communicated to the registrant's management, including its principal executive officer and principal financial officer, to allow timely decisions regarding required disclosure.

It should be noted that while the registrant's principal executive officer and principal financial officer believe that the registrant's disclosure controls and procedures provide a reasonable level of assurance that they are effective, they do not expect that the registrant's disclosure controls and procedures or internal control over financial reporting will prevent all errors and fraud. A control system, no matter how well conceived or operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met.

INTERNAL CONTROLS OVER FINANCIAL REPORTING

During the fiscal year ended December 31, 2005, there were no changes in the Registrant's internal control over financial reporting that have materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-14(f) under the Securities Exchange Act of 1934).

AUDIT COMMITTEE FINANCIAL EXPERT

Victor Bradley serves as a member of the audit committee of the Registrant's Board of Directors. The Board of Directors has reviewed the definition of "audit committee financial expert" under item 8(a) of General Instruction B to Form 40-F and determined that Mr. Bradley satisfies the criteria for a audit committee financial expert under the Exchange Act. The SEC has indicated that the designation of Mr. Bradley as an audit committee financial expert does not make Mr. Bradley an "expert" for any purpose, impose any duties, obligations or liability on Mr. Bradley that are greater than those imposed on members of the audit committee and board of directors who do not carry this designation or affect the duties, obligations or liability of any other member of the audit committee.

CODE OF ETHICS

The Registrant has adopted a code of ethics that applies to the Registrant's principal executive officer, principal financial officer and principal accounting officer. A copy of Registrant's code of ethics is available without charge, upon request made to the General Counsel at 150 York Street, Suite 1902, Toronto, Ontario M5H 3S5, Canada.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Fees payable to the Registrant's independent auditor, Deloitte & Touche LLP, for the years ended December 31 2005 and 2004, totaled Cdn. \$509,640 and Cdn. \$275,400, respectively, as detailed in the following table:

Pre-Approval Policies and Procedures

The Registrant's audit committee is responsible for overseeing the work of the independent auditors and has considered whether the provision of services other than audit services is compatible with maintaining the auditors' independence. The audit committee has adopted a policy regarding its pre-approval of all audit and permissible non-audit services provided by the independent auditors. The policy gives detailed guidance to the Registrant's management as to the specific types of services that have been pre-approved. The policy requires audit committee specific approval of all other permitted types of services that have not been pre-approved. The Registrant's senior management periodically provides the audit committee with a summary of services provided by the independent auditors in accordance with the pre-approval policy. The audit committee's charter delegates to its Chair the authority to evaluate and approve engagements in the event that the need arises for pre-approval between audit committee meetings. If the Chair approves any such engagements, he reports his approval decisions to the full audit committee at its next meeting. For the year ended December 31, 2005, the de minimus exception to pre-approval provisions was not utilized.

OFF-BALANCE SHEET ARRANGEMENTS

During 2005 the Registrant entered into a combination of forward and call option contracts to economically hedge against the risk of declining copper prices for a portion of its forecast copper concentrate sales. This copper economic hedging program provides a forward price of \$1.37 per pound of copper for a total of 50.2 million pounds of copper in 2007. The program includes long call options at an average strike price of approximately \$1.67 per pound of copper. No cash has been paid for the call options as the price has been deducted from the hedge price, providing a net hedge price of \$1.27 per pound. The program will not be accounted as a hedge under accounting rules and accordingly the value of the derivatives will be mark-to market at each period end and accounted for as an unrealized gain or loss in the statement of earnings.
