ANNUAL MEETING AND PROXY SOLICITATION INFORMATION

General Information

This proxy statement is furnished to the shareholders of American Equity Investment Life Holding Company, 6000 Westown Parkway, West Des Moines, Iowa 50266 (referred to in this proxy statement as the "Company" or as "we," "our" or "us"), in connection with the solicitation of proxies by the Board of Directors for use at the Annual Meeting of Shareholders to be held on June 9, 2011, at the time and place shown in the Notice of Annual Meeting of Shareholders, and at any adjournment thereof. To obtain directions to the Annual Meeting, you may contact us at our toll-free number 1-888-221-1234.

We will bear all expenses in connection with this solicitation. Proxies may be solicited by the Board of Directors or management personally, by telephone or by facsimile.

This proxy statement is first being mailed on or about April [25], 2011.

Voting Rights

Only shareholders of record as of the close of business on April 11, 2011, will be entitled to the notice of and to vote at the meeting. We have a single class of voting common stock, \$1 par value per share ("Common Stock") of which 59,482,889 shares were outstanding and entitled to vote on such date. Each share is entitled to one vote.

Shares present in person or represented by proxy at the meeting will be tabulated for determination of whether a quorum is present. A quorum will be present if a majority of the votes entitled to be cast on a matter are represented for any purpose at the meeting. Votes withheld for any director, broker non-votes and abstentions represented at the meeting will be counted for quorum purposes. Votes will be tabulated under the supervision of Computershare, Inc., which has been designated by the Board of Directors to act as inspector of the election.

If your shares of Common Stock are held in the name of a bank, broker or other holder of record, you will receive instructions from that holder of record that you must follow in order for your shares to be voted at the Annual Meeting. Contact your bank, broker or other holder of record directly if you have any questions. Even if you do not provide instructions, your bank, broker or other holder of record may vote your shares on certain "routine matters". The New York Stock Exchange ("NYSE") considers Proposal 5 Ratification of Appointment of Independent Registered Public Accounting Firm to be a "routine matter". As a result, without instructions from you, your broker is permitted to vote your shares on this matter at its discretion. A broker non-vote occurs when a broker does not vote on some matter on the proxy card because the broker has not received instructions from you and does not have discretionary voting power for that particular item. The NYSE considers Proposal 1 Election of Directors, Proposal 2 Approval of the 2011 Director Stock Option Plan, Proposal 3 Approval of an Amendment to our Articles of Incorporation to Increase the Number of Authorized Shares of our Common Stock from 125,000,000 Shares to 200,000,000 Shares, Proposal 4 Approval of the Issuance of our Common Stock in Certain Circumstances upon Conversion of our 3.50% Convertible Senior Notes Due 2015 and upon Exercise of Related Warrants in Excess of the New York Stock Exchange Limits for Share Issuances Without Shareholder Approval, Proposal 6 Advisory Vote on Executive Compensation and Proposal 7 Advisory Vote on the Frequency of Holding Future Advisory Votes on Executive Compensation to be "non-routine matters" and, therefore, brokers may not vote on the matter unless they receive specific voting instructions from you. At this year's annual meeting, in the event that a brokerage firm does not receive voting instructions from one of our shareholders, such shareholder's shares will not be voted, and will be considered "broker non-votes" with respect to Proposal 1, Proposal 2, Proposal 3, Proposal 4, Proposal 6 and Proposal 7.

If you plan to attend the meeting and vote in person, you will be given a ballot when you arrive. If your shares of Common Stock are not registered in your own name and you plan to attend the Annual Meeting and vote your shares in person, you will need to contact the broker or agent in whose name your shares are registered to obtain a broker's proxy card. You will need to bring the broker's proxy card with you to the Annual Meeting in order to vote.

Voting

If you vote by proxy, the individuals named on the proxy card (your proxies) will vote your shares in the manner you indicate. If you sign, date and return the proxy card without indicating your instructions on how to vote your shares, the proxies will vote your shares as follows:

"**FOR**" the election of the six nominees for Directors;

"**FOR**" the approval of the 2011 Director Stock Option Plan;

"**FOR**" the approval of an amendment to our Articles of Incorporation to increase the number of authorized shares of our Common Stock from 125,000,000 shares to 200,000,000 shares;

"**FOR**" the approval of the issuance of our Common Stock in certain circumstances upon conversion of our 3.50% Convertible Senior Notes Due 2015 and upon exercise of related warrants in excess of the New York Stock Exchange limits for share issuances without shareholder approval;

"**FOR**" the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2011;

"**FOR**" the approval of the compensation of our named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC; and

"**FOR**" the approval of an annual advisory vote on the compensation of our named executive officers.

If any other matter is presented at the Annual Meeting, your proxies will vote in accordance with their best judgment. At the time this proxy statement was printed, we knew of no matters to be addressed at the Annual Meeting beyond those described in this proxy statement.

As an alternative to voting by using the enclosed proxy card, if you are a registered shareholder (that is, you own shares of Common Stock in your own name and not through a broker, nominee or in some other "street name"), you may vote by telephone or through the Internet. Please see the enclosed proxy card for instructions on how to access the telephone and Internet voting systems. If you hold your shares in "street name," your broker or other nominee will advise you on whether you may vote by telephone or through the Internet as an alternative to voting by using the enclosed proxy card.

As to the election of directors, regardless of which method is used to vote, you may (a) vote for all of the director nominees as a group, (b) vote for all of the director nominees as a group, except those nominees whose names you specify or (c) withhold your vote from all nominees as a group.

A proxy may be revoked at any time prior to its use. Such revocation may be made in person at the Annual Meeting, by notice in writing delivered to the Corporate Secretary of the Company, by voting by telephone or through the Internet at a later date or by a proxy bearing a later date.

The Board of Directors urges you to exercise your right to vote by returning the enclosed proxy card, by calling the toll-free telephone number or by visiting the website shown on the proxy card.

Proposal 2
Approval of 2011 Director Stock Option Plan

The Board of Directors has unanimously approved the 2011 Director Stock Option Plan, subject to shareholder approval. The plan is intended to benefit the Company and its shareholders by enhancing the Company's ability to attract and retain the services of experienced and highly qualified non-employee Directors and to increase their long-term financial stake in the Company's continued success.

Summary of Material Provisions

The following is a summary of certain provisions of the 2011 Director Stock Option Plan. This summary is qualified by reference to the complete text of the 2011 Director Stock Option Plan, which is attached as *Appendix A* to this Proxy Statement and is incorporated herein by reference.

The 2011 Director Stock Option Plan provides for the issuance of options to purchase a maximum of 250,000 shares of Common Stock or 0.42% of the 59,482,889 shares of Common Stock outstanding on the record date, to non-employee directors of the Company, of which there are currently eight. As of March 31, 2011, the market value of a share of Common Stock was \$13.12. Options granted under the 2011 Director Stock Option Plan may be exercised for a period of no more than ten years from the date of grant. Unless sooner terminated by the Company's Board of Directors, the 2011 Director Stock Option Plan will terminate on June 30, 2021 and no additional awards may be made under the 2011 Director Stock Option Plan after that date.

Options granted under the 2011 Director Stock Option Plan will be non-qualified stock options under the Code and will entitle the optionee, upon exercise, to purchase shares of Common Stock from the Company at an exercise price per share no less than the fair market value of a share of Common Stock on the date of the grant. Options will not be transferable other than by laws of descent and distribution and will generally be exercisable during an optionee's lifetime only by the optionee.

The Board of Directors will administer the 2011 Director Stock Option Plan and have the authority, subject to the provisions of the 2011 Director Stock Option Plan, to determine who will receive awards under the 2011 Director Stock Option Plan and the terms of such awards. The maximum number of shares which may be granted to any Director in any one year is 15,000. The Board has the authority to determine whether to include a vesting schedule for any option grant; provided, that in the absence of such a schedule, all options vest six months after the date of grant. The Board has the authority to adjust the number of shares available for options, the number of shares or other property subject to outstanding options and the exercise price for options following the occurrence of events such as stock splits, dividends, distributions and recapitalizations. However, without the approval of the Company's shareholders, the Board may not otherwise lower the exercise price for any outstanding options or issue any replacement options for options previously granted at a higher exercise price.

In the event of a change of control of the Company, or upon the death or disability of the optionee, any outstanding options under the 2011 Director Stock Option Plan will be immediately fully exercisable by an optionee or his designated beneficiary. A change of control includes the acquisition by any person of more than 35% of the outstanding voting stock of the Company, the sale of all or substantially all of the assets of the Company or the approval of the complete liquidation of the Company, a merger pursuant to which the Company's shareholders own less than 50% of the stock of the resulting entity and certain changes in the composition of a majority of the members of the Board of Directors.

The 2011 Director Stock Option Plan may be amended by the Board of Directors, except that the Board may not (i) change any option previously made under the 2011 Director Stock Option Plan in a

Table of Contents

manner which would impair the recipients' rights without their consent, or (ii) amend the 2011 Director Stock Option Plan without approval of the Company's shareholders, if required by law.

The following is a brief summary of the federal income tax aspects of stock options which could be granted under the 2011 Director Stock Option Plan based upon the federal income tax laws in effect on the date hereof. This summary is not intended to be exhaustive and does not describe state or local tax consequences. Because all options granted under the 2011 Director Stock Option Plan are non-qualified stock options, (i) no income is realized by the participant at the time the option is granted; (ii) generally upon exercise of the option, the participant realizes ordinary income in an amount equal to the excess, if any, of (1) the fair market value of the shares on the date of exercise over (2) the option price paid for the shares and the Company will be entitled to a tax deduction in the same amount; and (iii) at disposition, any appreciation (or depreciation) after date of exercise is treated either as short-term or long-term capital gain or loss, depending upon the length of time that the participant has held the shares.

The benefits or amounts to be received by or allocated to participants and the number of options to be granted under the 2011 Director Stock Option Plan cannot be determined at this time because the amount of any grant to be made to any eligible participant in any year is to be determined at the discretion of the Board of Directors. However, the 2011 Director Stock Option Plan provides that the maximum number of shares which may be granted to any participant in any one year is 7,500. In fiscal year 2010, an aggregate of 72,000 options were granted to directors under the 2000 Director Stock Option Plan.

The affirmative vote of a majority of the shares of the Company's common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for approval of this proposal.

The Board of Directors unanimously recommends that you vote FOR approval of the 2011 Directors Stock Option Plan.

Proposal 3
Approval of an Amendment to our Articles of Incorporation to Increase the Number of Authorized Shares of our Common Stock from 125,000,000 Shares to 200,000,000 Shares

The Board of Directors has unanimously approved an amendment to Article IV of our Articles of Incorporation to increase the number shares of our authorized Common Stock, par value \$1 per share, from 125,000,000 shares to 200,000,000 shares. The text of the proposed amendment is attached hereto as *Appendix B* and the following summary is qualified in its entirety by reference to such text.

At March 31, 2011, we had 59,411,489 shares of Common Stock issued and outstanding and an aggregate of 40,188,202 shares of Common Stock reserved for issuance in connection with certain outstanding plans and agreements, including:

- (i) 1,366,250 shares potentially issuable upon the exercise of outstanding options under the 2000 Employee Stock Option Plan;
- (ii) 181,000 shares potentially issuable upon the exercise of outstanding options under the 2000 Director Stock Option Plan;
- (iii) 500 shares potentially issuable upon the exercise of outstanding options under the 1996 Stock Option Plan;
- (iv) Up to 2,475,053 shares issuable to employees in connection with the 2009 Employee Incentive Plan (of which options representing 681,500 shares have been granted and are outstanding);
- (v) Up to 3,963,800 shares issuable under our Independent Insurance Agent Stock Option Plan and 2010 Independent Insurance Agent Stock Option plan (of which options representing 2,814,800 shares have been granted and are outstanding);
- (vi) 485,990 shares potentially issuable under deferred compensation agreements with certain officers, directors and consultants;
- (vii) 2,727,084 shares issuable upon conversion of the shares of the 8% Convertible Trust Preferred Securities issued by one of our subsidiary trusts;
- (viii) Up to 11,724,414 shares issuable upon conversion of the Notes or exercise of the Warrants, as discussed in Proposal 4 below (which amount will be increased to 44,000,000 if Proposal 4 is approved);
- (ix) Up to 11,954,489 shares issuable upon conversion of the 5.25% Contingent Convertible Senior Notes Due 2029; and
- (x) Up to 5,309,622 shares issuable upon conversion of the 5.25% Contingent Convertible Senior Notes due 2024.

The proposed increase in the authorized Common Stock has been recommended by the Board of Directors to assure that an adequate supply of authorized and unissued shares is available for general corporate needs, as well as for such purposes as raising additional capital for the operations of the Company, or the financing of the acquisition of other insurance business or companies. Except as discussed in Proposal 2 and Proposal 4, there are currently no plans for issuing additional shares of Common Stock in connection with new capital transactions or acquisitions or for any other purposes, other than in the ordinary course under outstanding Company plans and agreements. Such shares would be available for issuance without further action by the shareholders, unless required by applicable law. The issuance of additional shares of Common Stock may result in some dilution of the stock ownership of existing shareholders. The proposed amendment could permit the Board of Directors to issue shares of common stock in transactions that could make a takeover of the Company more difficult.

Proposal 4

Approval of the Issuance of our Common Stock in Certain Circumstances upon Conversion of our 3.50% Convertible Senior Notes Due 2015 and upon Exercise of Related Warrants in Excess of the New York Stock Exchange Limits for Share Issuances Without Shareholder Approval

On September 22, 2010, we issued \$200 million in aggregate principal amount of 3.50% Convertible Senior Notes Due 2015 (the "Notes"). While we presently intend to settle our conversion obligations under the Notes entirely in cash, in certain limited circumstances described below, we have the discretion to elect to settle our conversion obligations in shares of our Common Stock or a combination of cash and shares of our Common Stock, based on the conversion rate for the Notes, which is initially 80 shares of our Common Stock per \$1,000 principal amount of Notes (equivalent to an initial conversion price of \$12.50 per share of our Common Stock).

Concurrently with the sale of the Notes, we entered into convertible note hedge transactions (collectively, the "Note Hedges") with respect to our Common Stock with JPMorgan Chase Bank, National Association, London Branch and Deutsche Bank AG, London Branch (together, the "Option Counterparties"), whereby we purchased from the Option Counterparties options to acquire shares of our Common Stock. The Option Counterparties are generally obligated to settle their obligations to us upon exercise of the Note Hedges in the same manner as we satisfy our obligations to holders of the Notes. Separately and concurrently with the entry into the Note Hedges, we entered into warrant transactions, whereby we sold to the Option Counterparties warrants to acquire shares of our Common Stock (the "Initial Warrants"). On September 17, 2010, we entered into amendments to the Note Hedges (collectively, the "Note Hedge Amendments"). The Note Hedge Amendments increase the number of shares of our Common Stock covered by the Note Hedges to up to 16,000,000 shares (subject to customary anti-dilution adjustments substantially similar to those in the Notes). On the same date, we entered into amendments to the Warrants (collectively, the "Warrant Amendments") and sold additional warrants (the "Additional Warrants") to acquire additional shares of our Common Stock (the "Additional Warrants" and, together with the Initial Warrants, the "Warrants"). The Warrants cover 16,000,000 shares of our Common Stock, subject to adjustment. However, subject to certain conditions, we may elect to satisfy our obligations to the Option Counterparties upon exercise of the Warrants entirely in cash. Additionally, to the extent that we elect to deliver shares of our Common Stock to satisfy our obligations upon exercise of the Warrants, we are only obligated to deliver shares of Common Stock to the extent that the market price per share of our Common Stock exceeds the applicable strike price of the Warrants (which is initially equal to \$16.00 per share, subject to adjustments)

Because our Common Stock is listed on the New York Stock Exchange (the "NYSE"), we are subject to NYSE rules and regulations. Section 312.03(c) of the NYSE Listed Company Manual requires shareholder approval in certain circumstances prior to the issuance of common stock or securities convertible into or exercisable for common stock, in any transaction or series of related transactions if (1) the common stock has, or will have upon issuance, voting power equal to 20% or more of the voting power outstanding before the issuance of such stock or of securities convertible into or exercisable for common stock or (2) the number of shares of common stock to be issued is, or will upon issuance, equal 20% or more of the number of shares of common stock outstanding before the issuance of the common stock or of securities convertible into or exercisable for common stock. Because there were 58,622,076 shares of our Common Stock outstanding at the time we sold the Notes and the Warrants, we would only be permitted to issue up to approximately 11,724,414 shares of Common Stock (the "Maximum Amount") upon conversion of the Notes or upon exercise of the Warrants, respectively, without first obtaining shareholder approval.

Because the maximum number of shares of our Common Stock which are potentially issuable upon the conversion of the Notes could otherwise, in certain circumstances, exceed the Maximum Amount, we agreed in the Indenture (as defined below) that, unless we had obtained shareholder approval to

Table of Contents

issue shares in excess of such limitations, we would deliver cash, instead of shares, for any amounts due upon conversion in excess thereof.

Correspondingly, because the number of shares of Common Stock potentially issuable upon exercise of the Warrants could also otherwise, in certain circumstances, exceed the Maximum Amount, the Warrants limit the maximum number of shares issuable upon exercise of the Warrants to an aggregate of 11,663,780 shares, subject to certain adjustments. We agreed in the Warrants to use our commercially reasonable efforts to seek shareholder approval to remove this limitation and to allow for the issuance of up to 1.75 times the total number of shares underlying the Warrants (or up to a total of 28,000,000 shares, subject to adjustment in accordance with the terms of the Warrants).

Failure to obtain such approval with respect to the Notes would limit the Company's ability to use shares of Common Stock instead of cash to settle amounts in excess of the Maximum Amount. If such approval is obtained with respect to the Warrants, the Option Counterparties would no longer have the right to terminate the Warrants if, at any time, the number of shares of Common Stock that would be delivered upon exercise of the Warrants would exceed 66% of the share cap, which, at the current strike price for the Warrants, would occur if the price of our Common Stock were to reach approximately \$31. Termination of the Warrants would result in a payment from us to the Option Counterparties and could, in certain circumstances, result in the termination of the Note Hedges, which could have a dilutive effect upon conversion of the Notes and could result in adverse tax consequences to us.

We are, therefore, asking you to consider and vote upon this proposal to approve the issuance of Common Stock issuable upon conversion of the Notes in excess of the Maximum Amount and to approve the issuance of up to 1.75 times the number of shares underlying the Warrants. However, our ability to issue shares of Common Stock upon conversion of the Notes or exercise of the Warrants is also limited by the number of authorized but unissued shares of Common Stock under our Articles of Incorporation at the time of the conversion or exercise. Pursuant to Proposal 3, we are seeking to amend our Articles of Incorporation to increase the number of authorized shares of Common Stock which, if approved by shareholders, may provide additional shares for the conversion of Notes or exercise of Warrants.

The Offering of the Notes. The Notes are governed by an indenture (the "Indenture") between us and U.S. Bank National Association, as trustee (the "Trustee"). Under the terms of the Indenture, the Notes bear interest at a rate of 3.50% per year, payable semiannually in arrears on March 15 and September 15 of each year, beginning on March 15, 2011. The Notes will mature on September 15, 2015. Holders may convert their Notes at their option at any time prior to the close of business on the business day immediately preceding June 15, 2015 only under the following circumstances: (1) during any calendar quarter commencing after the calendar quarter ending on December 31, 2010 (and only during such calendar quarter), if the last reported sale price of our Common Stock for at least 20 trading days (whether or not consecutive) during a period of 30 consecutive trading days ending on the last trading day of the immediately preceding calendar quarter is greater than or equal to 130% of the applicable conversion price on each applicable trading day; (2) during the five business day period after any ten consecutive trading day period (the "Measurement Period") in which the trading price per \$1,000 principal amount of Notes for each trading day of the Measurement Period was less than 98% of the product of the last reported sale price of our Common Stock and the conversion rate on each such trading day; or (3) upon the occurrence of specified corporate events. On or after June 15, 2015 until the close of business on the second scheduled trading day immediately preceding the maturity date, holders may convert their Notes at any time, regardless of the foregoing circumstances.

The Notes are intended to be settled in cash. However, in certain limited circumstances described in this paragraph, we have the discretion to settle in shares of our Common Stock or a combination of cash and shares of our Common Stock. Unless as of the close of business on March 15, 2015, certain

Table of Contents

events of bankruptcy, insolvency or reorganization of one or more of the Option Counterparties or one or more of their significant subsidiaries have occurred, all conversions occurring on or after March 15, 2015 will be settled in cash. Prior to March 15, 2015, unless as of the close of business on the trading day immediately following the related conversion date, certain events of bankruptcy, insolvency or reorganization of one or more of the Option Counterparties or one or more of their significant subsidiaries have occurred, all conversions other than conversions following certain trading price conditions for the Notes (which are described in clause (2) of the preceding paragraph), will be settled in cash. In connection with any conversion of the Notes, if, as of the close of business on the trading day immediately following the related conversion date (if such conversion date occurs prior to March 15, 2015), or as of the close of business on March 15, 2015 (if such conversion date occurs on or after March 15, 2015), as applicable, certain events of bankruptcy, insolvency or reorganization of one or more of the Option Counterparties or one or more of their significant subsidiaries have occurred, we will have the right to settle in shares of our Common Stock or a combination of cash and shares of our Common Stock.

The initial conversion rate for the Notes is 80 shares of common stock per \$1,000 in principal amount of Notes, equivalent to a conversion price of \$12.50 per share of our Common Stock. The conversion rate is subject to adjustment upon the occurrence of specified events but will not be adjusted for accrued and unpaid interest. If we undergo a "fundamental change" (as defined in the Indenture), holders may require us to repurchase all or part of their Notes for cash at a price equal to 100% of the principal amount of the Notes to be repurchased, plus accrued and unpaid interest to, but excluding, the fundamental change repurchase date. We may not redeem the Notes prior to maturity.

Convertible Note Hedge and Warrant Transactions. The Note Hedges are intended to both reduce the potential dilution upon conversion of the Notes and our exposure to potential cash payments we may be required to make upon a conversion of the Notes. The Warrants could separately have a dilutive effect to the extent that the market price per share of our Common Stock exceeds the applicable strike price of the Warrants (which is initially equal to \$16.00 per share, subject to adjustments).

Upon exercise of the Note Hedges, we are entitled to receive from the Option Counterparties a number of shares of our common stock, cash with equivalent value or a combination thereof based on the amount by which the market price per share of our Common Stock, as measured under the terms of the Note Hedges, is greater than the strike price of the Note Hedges (which initially corresponds to the conversion price of the Notes) during the relevant valuation period under the Note Hedges. We currently intend to settle the Note Hedges in cash. If the market price per share of our Common Stock, as measured under the terms of the Warrants, exceeds the strike price of the Warrants during the measurement period at the maturity of the Warrants, we will owe the Option Counterparties a number of shares of our Common Stock in an amount based on the excess of such market price per share of our Common Stock over the strike price of the Warrants. However, subject to certain conditions as specified under the terms of the Warrants, we may elect to settle the Warrants entirely in cash.

The Note Hedges and the Warrants are separate transactions, entered into by us with the Option Counterparties, and are not part of the terms of the Notes. Holders of the Notes will not have any rights with respect to the Note Hedges or Warrants.

The Terms of the Notes, the Note Hedges and the Warrants are complex. The foregoing summary of terms is general in nature and is qualified by reference to the full text of the agreements attached as exhibits to our Current Reports on Form 8-K filed with the U.S. Securities and Exchange Commission on September 22, 2010 and September 28, 2010 (the "8-Ks"). Shareholders desiring a more complete understanding of the terms of Indenture, Note Hedges, Initial Warrants, Note Hedge Amendments, Warrant Amendments and Additional Warrants are urged to read the 8-Ks and the exhibits thereto.

Proposal 5
Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee has appointed KPMG LLP ("KPMG") as our independent registered public accounting firm for the year 2011. The Board of Directors requests that the shareholders ratify the appointment of KPMG. If the appointment of KPMG is not ratified by our shareholders, our Audit Committee will investigate the reasons for the shareholder rejection and will consider approving another independent registered public accounting firm.

Fees paid to KPMG for its services during the last two fiscal years were:

	2010	2009
Audit fees	\$ 1,382,500	\$ 1,405,819
Audit-related fees	262,391	233,608
Tax fees	28,950	28,283
All other fees		
Total	\$ 1,673,841	\$ 1,667,710

Audit fees include fees associated with the annual consolidated financial statements audit, audit of internal control over financial reporting, the reviews of our quarterly reports on Form 10-Q, annual audits of certain of our subsidiaries and statutory audits required by regulatory authorities. Audit-related fees primarily include comfort letters related to our At-The-Market offering of common stock and issuance of convertible debt and employee benefit plan audits. Tax fees paid to KPMG primarily relate to consultation regarding a tax method change.

The Audit Committee is responsible for the appointment, retention, compensation and oversight of the independent registered public accounting firm. The Audit Committee has adopted policies and procedures for pre-approving services (audit and non-audit) and all fees for services performed by the independent registered public accounting firm. These policies were adopted in compliance with SOX and rules adopted by the SEC thereunder. In accordance with such policies and procedures, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to assure that the provision of such services do not impair the auditors' independence. These services may include audit services, audit-related services, tax services and other services. Permissible non-audit services are usually limited to fees for tax services, accounting assistance or audits in connection with acquisitions and other services specifically related to accounting or audit matters such as comfort letters related to common stock or debt offerings and audits of employee benefit plans. Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. The Audit Committee has delegated to the Chairman of the Audit Committee specific pre-approval authority provided that the estimated fee for any such engagement does not exceed \$25,000. The Chairman of the Audit Committee must report, for information purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. Requests to provide services that require separate approval by the Audit Committee will be submitted to the Audit Committee by both the independent registered public accounting firm and our Chief Financial Officer and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

We anticipate that representatives of KPMG will be present at the meeting, will be available to respond to questions concerning the 2010 audit and may make a statement if they so desire.

The affirmative vote of a majority of the shares of the Company's common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for approval of this proposal.

The Board of Directors unanimously recommends that you vote FOR the ratification of KPMG LLP as the independent registered public accounting firm for 2011.

Proposal 6
Advisory Vote on Executive Compensation

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") requires that we provide our shareholders with the opportunity to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules adopted by the SEC.

As discussed in "Information Regarding Management and Certain Security Holders Compensation Discussion and Analysis," our compensation policies and programs are designed to attract and retain highly qualified and motivated executive officers and employees, encourage and reward achievement of our annual and long-term goals and encourage executive officers and employees to become shareholders with interests aligned with those of other shareholders. The primary elements of compensation for most of our executive officers includes: (1) base pay; (2) discretionary annual cash bonuses; (3) incentive compensation pursuant to the Short-Term Performance Incentive Plan; and (4) long-term equity incentive compensation through stock options. This compensation structure is central to the Company's ability to attract, retain and motivate individuals who can achieve superior financial results. Please refer to "Information Regarding Management and Certain Security Holders Compensation Discussion and Analysis" for an overview of the compensation of the Company's named executive officers.

We are asking for shareholder approval of the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules, which disclosures include the disclosures under "Information Regarding Management and Certain Security Holders Compensation Discussion and Analysis," the compensation tables and the narrative discussion following the compensation tables. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the policies and practices described in this proxy statement. Accordingly, we ask our shareholders to vote on the following resolution:

"RESOLVED, the shareholders of American Equity Investment Life Holding Company approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the Company's Proxy Statement for the 2011 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2010 Summary Compensation Table and the other related tables and disclosures."

This vote is advisory and therefore not binding on the Company, the Compensation Committee of the Board of Directors or the Board of Directors. The Board of Directors and Compensation Committee value the opinions of the Company's shareholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider those shareholders' concerns, and the Board of Directors and Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The affirmative vote of a majority of the shares of the Company's common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for advisory approval of this proposal.

The Board of Directors unanimously recommends that you vote FOR the approval of the compensation of the Company's named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

Proposal 7

Advisory Vote on the Frequency of Holding Future Advisory Votes on Executive Compensation

The Dodd-Frank Act also enables the Company's shareholders to vote, on an advisory or non-binding basis, on how frequently they would like to cast an advisory vote on the compensation of the Company's named executive officers. By voting on this proposal, shareholders may indicate whether they would prefer future advisory votes on named executive officer compensation once every one, two or three years. Shareholders may also abstain from casting a vote on this proposal

After careful consideration of the frequency alternatives, the Board of Directors believes that conducting an advisory vote on executive compensation on an annual basis is appropriate for the Company and its shareholders at this time.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting when you vote in response to the resolution set forth below.

"RESOLVED, that the shareholders determine, on an advisory basis, whether the preferred frequency of an advisory vote on the executive compensation of the Company's named executive officers as set forth in the Company's proxy statement should be every year, every two years, or every three years."

The option of one year, two years or three years that receives the highest number of votes cast by shareholders will be the frequency for the advisory vote on executive compensation that has been selected by shareholders. However, because this vote is advisory and not binding on the Company, the Compensation Committee of the Board of Directors or the Board of Directors, we may decide that it is in the best interests of our shareholders and us to hold an advisory vote on executive compensation more or less frequently than the option approved by our shareholders.

The advisory vote on the frequency of holding the advisory vote on executive compensation will be determined by a plurality vote which means that the frequency option that receives the most affirmative votes of all the votes cast is the one that will be deemed approved by the shareholders.

The Board of Directors unanimously recommends that you vote FOR the approval of an annual advisory vote on the compensation of the Company's named executive officers.

Board Leadership Structure

Mr. Noble serves as Executive Chairman of the Board of Directors. Prior to January 1, 2009, Mr. Noble served as Chairman, Chief Executive Officer, President and Treasurer of the Company. The Company chose to separate the roles of Chief Executive Officer and Executive Chairman of the Board due to the increased responsibilities brought by the growth of the Company. As Executive Chairman of the Board, Mr. Noble's focus is on the strategic direction of the Company. Mr. Noble's history as our founder and his strategic experience made him the appropriate leader of the Board. In 2009, the Company created the role of "Lead Independent Director" and appointed Mr. Howe to such position. The Lead Independent Director works with the Executive Chairman of the Board, Chief Executive Officer and other members of the Board of Directors to provide independent oversight of the Company. Among other things, Mr. Howe serves as principal liaison among the Executive Chairman of the Board, the independent directors and senior management. Mr. Howe also chairs executive sessions of the independent directors.

Board of Director's Oversight of Risk Management

The Company's Board of Directors administers its risk oversight function directly and through the committees of the Board of Directors. The involvement of the Board of Directors in setting the Company's business strategy is a key part of its assessment of management's approach to risk and allows the Board of Directors to understand and determine what level of risk is appropriate for the Company. While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board of Directors also have responsibility for risk management. For example, the Audit Committee focuses on financial risk, including internal controls. Additionally, the Company's Compensation Committee is responsible for creating incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy. Finally, the Investment Committee manages the risks involving the Company's assets and liabilities and investment policies and activities.

The Company has a Disclosure Committee comprised of (i) the Audit Committee Chair, who also serves as Chairman for the Disclosure Committee, (ii) the Chief Financial Officer, (iii) the Vice President Accounting/Controller and (iv) the Secretary of the Company. The purpose of the Disclosure Committee is to assist senior officers of the Company to fulfill the Company's and their responsibilities regarding the identification and disclosure of material information about the Company and the accuracy, completeness and timeliness of the Company's financial reports, SEC reports and press releases. The Disclosure Committee is governed by a written charter approved by the Board of

Compensation Discussion and Analysis

Our compensation policies and programs are designed to:

attract and retain highly qualified and motivated executive officers and employees;

encourage and reward achievement of our annual and long-term goals; and

encourage executive officers and employees to become shareholders with interests aligned with those of other shareholders.

Section 162(m) of the Internal Revenue Code limits deductible compensation to \$1 million for certain named executives, with the exception of "performance-based compensation". Compensation to our executive officers in 2010 and all prior years was below this threshold and thus fully deductible for federal income tax purposes. The deductibility of future compensation will be dependent on our financial results which impact the compensation of our executive officers.

General. The primary elements of compensation for the named executives in this proxy statement include:

Base pay;

Discretionary annual cash bonuses;

Incentive compensation pursuant to the Short-Term Performance Incentive Plan; and

Long-term equity incentive compensation through stock options.

Base Pay and Discretionary Cash Bonuses. In 2009, the Compensation Committee recognized that the base salary for the named executives was, and had historically been, significantly lower than the salaries of comparable executives of companies in our industry. Consequently, in June 2009, the Compensation Committee approved an increase in salaries for the named executives, other than Mr. Noble. The increase was approved following a review of a compensation study prepared by Pearl Meyer. In an effort to bring the base salaries of our executive officers, including the named executive officers, closer to the industry standard, the Compensation Committee determined that the Company should increase base salaries to approximate the 25th percentile of the peer group levels over a two-year period (2009 and 2010), with the first portion of the increase retroactive to January 1, 2009. To develop a blended market consensus base salary for each of the positions of the named executives, the consultant utilized proxy data from 11 insurance companies having total assets in 2008 from \$4.0 billion to \$28.8 billion (Conseco, Inc., American Financial Group, Inc., Reinsurance Group of America, Incorporated, Torchmark Corporation, StanCorp Financial Group, Inc., FBL Financial Group, Inc., OneBeacon Insurance Group, Ltd., National Western Life Insurance Company, Horace Mann Educators Corporation, SWS Group, Inc., Kansas City Life Insurance Company). The consultant also utilized public and private survey data from 2008 for the financial service and insurance industries of companies having assets from \$4 billion to \$34 billion (trend adjusted to January 1, 2009). Consistent with the foregoing, on March 29, 2010, the Compensation Committee recommended, and the Board of Directors approved, the following base salaries retroactive to January 1, 2010: Mr. Noble \$650,000; Ms. Waugaman \$550,000; Mr. Matovina \$450,000; Ms. Richardson \$425,000 and Mr. Grensteiner \$300,000.

Through March 15, 2010, Mr. Noble made recommendations to the Compensation Committee regarding the amount of discretionary annual cash bonuses paid to executive officers of the Company, including the named executives, and the Compensation Committee reviewed and approved these

Table of Contents

recommendations. In making such recommendations, Mr. Noble considered the historical levels of compensation of such officers and the financial results and performance of the Company including attainment of sales, asset growth and earnings objectives. On March 15, 2010, the Compensation Committee approved the recommendations of Mr. Noble with respect to the payment of discretionary cash bonuses in March 2010 to the executive officers of the Company, including \$50,000 each to Ms. Waugaman, Mr. Matovina, Ms. Richardson and Mr. Grensteiner in recognition of the record financial performance of the Company during 2009. On March 15, 2010, the Compensation Committee also approved the payment of a discretionary cash bonus of \$50,000 in March 2010 to Mr. Noble in recognition of the record financial performance of the Company during 2009.

Incentive Compensation. During late 2009 and early 2010, the Compensation Committee directed management to develop a short-term incentive compensation program for 2010. On March 28, 2010, management proposed and the Compensation Committee approved a Short-Term Performance Incentive Plan for management personnel, which included the named executives. The Board of Directors approved the Short-Term Performance Incentive Plan on March 29, 2010. This program differs materially from prior programs in terms of design and award opportunities, which management and the Compensation Committee believe will significantly improve its internal effectiveness and external competitiveness. There were two components to the short-term incentive program design for 2010 for the named executives a Performance Incentive Plan and a Production Incentive Plan.

Under the Performance Incentive Plan, each named executive had a threshold, target and maximum incentive opportunity expressed as a percent of base salary. These earning opportunities were tied to threshold, target and maximum performance goals established with respect to Invested Asset Growth and Return on Average Equity ("ROAE"), based on operating income, for fiscal 2010. Management and the Compensation Committee believed that the combination of growth and returns created the proper focus and alignment for maximizing short-term and long-term shareholder value creation. For purposes of calculating any incentive awards under the Performance Incentive Plan, Invested Asset Growth was weighted 35% and ROAE was weighted 65%. For any awards earned under the Performance Incentive Plan for fiscal 2010 performance, 70% of such award was paid in cash and 30% was paid in restricted stock. The portion paid in restricted stock is subject to cliff vesting three years from the grant date (other than grants to retirement eligible individuals which vest immediately) in order to mitigate any risk of focusing only on short-term performance and to create an additional retention mechanism for key personnel.

Under the Production Incentive Plan, each named executive could earn additional short-term incentive awards based on the Company's Gross Production and ROAE during fiscal 2010. The combination of these measures, which were equally weighted, produced an incentive pool that was available to the top 50 managers, including the named executives. The top 10 executives (including the named executives) were allocated 70% of the incentive pool earned under the Production Incentive Plan for 2010 based on their relative base salary as a percentage of total base salaries for the group. The remaining 30% of the pool was distributed on a discretionary basis to any or all of the top 50 managers, including the named executives. Any awards earned under the Production Incentive Plan for fiscal 2010 were paid in cash.

For the named executives, the combination of the two programs created a target award opportunity equal to approximately 32% of base salary, which in conjunction with the changes to base salary improved the competitive positioning of target total cash compensation (base salary plus target short-term incentive opportunity) over prior years but remains below the market 50th percentile data provided by the Compensation Committee's independent compensation consultant. The maximum award opportunity for the named executives, before consideration of any discretionary awards, was equal to approximately 66% of base salary, which management and the Compensation Committee believes is competitive and appropriate without creating an incentive to take undue or unnecessary risk that could materially harm the Company.

Table of Contents

The target goals under the Performance Incentive Plan for 2010 were \$2.2 billion for Invested Asset Growth and ROAE of 12%. The actual results for 2010 were Invested Asset Growth of \$3.4 billion and ROAE of 13.1%. The target goals under the Production Incentive Plan for 2010 were Gross Production of \$3 billion and ROAE of 12%. The actual Gross Production for 2010 was \$4.3 billion. The combination of the results under the two programs resulted in an award to each of the named executives equal to approximately 55% of base salary. Each named executive also received a \$20,000 discretionary bonus pursuant to the Production Incentive Plan for 2010.

On March 15, 2011, management proposed and the Compensation Committee approved the structure of the 2011 incentive program under the Short-Term Performance Incentive Plan for senior management personnel, which include the named executives. There is one component to the short-term incentive program design for 2011 for the named executives a Performance Incentive Plan. Under the Performance Incentive Plan for 2011, each named executive has a threshold, target and maximum incentive opportunity expressed as a percent of base salary. These earning opportunities are tied to threshold, target and maximum performance goals established with respect to Invested Asset Growth and ROAE based on operating income for fiscal 2011. Management and the Compensation Committee believe that the combination of growth and returns create the proper focus and alignment for maximizing short-term and long-term shareholder value creation. For purposes of calculating any incentive awards for fiscal year 2011 under the Performance Incentive Plan, Invested Asset Growth is weighted 50% and ROAE is weighted 50%. For any awards earned under the Performance Incentive Plan for fiscal 2011 performance, 80% of such award will be paid in cash and 20% will be paid in restricted stock. The portion to be paid in restricted stock will be subject to cliff vesting three years from the grant date (other than grants to retirement eligible individuals which vest immediately) in order to mitigate any risk of focusing only on short-term performance and to create an additional retention mechanism for key personnel.

For the named executives, the 2011 incentive program under the Short-Term Performance Incentive Plan creates a target award opportunity equal to 40% of base salary. The maximum award opportunity for the named executives is equal to 80% of base salary, which management and the Compensation Committee believes is competitive and appropriate without creating an incentive to take undue or unnecessary risk that could materially harm the Company.

The specific performance goals for the 2011 incentive program under the Short-Term Performance Incentive Plan will be disclosed in next year's Proxy Statement. However, at the time the performance goals were approved by the Compensation Committee, it was believed that the performance targets reflected an appropriate degree of stretch but that they were attainable based on successful execution of the Company's business plan and the realization of macro-economic and stock market conditions reasonably aligned with the Company's near term expectations.

Stock Ownership and Long-Term Equity Compensation. We emphasize long-term equity compensation in our total compensation package for all employees and particularly for senior officers. We believe this helps align the interests of such employees and officers with shareholders and creates an incentive to build our Common Stock value through growth in profitability targets including gross spread earnings on our annuity liability reserves, net operating earnings and return of operating earnings on average equity. Senior officers of the Company are encouraged to own shares of our Common Stock. Although no particular level of stock ownership is required, each of the named executives holds stock in amounts significant to his or her individual net worth. In addition, long-term equity compensation has been provided in the form of stock options granted under employee stock option plans adopted by our Board of Directors and approved by the shareholders.

All options granted under our employee stock option plans from and after our initial public offering ("IPO") have an exercise price equal to the closing public market value of the shares on the date of grant. There has been no backdating. Options granted prior to the IPO have an exercise price

Table of Contents

equal to the fair market value of the shares as determined by our Board of Directors in its discretion. All options granted under our employee stock option plans have vesting periods of either six months or thirty-six months and may be exercised for a period of no more than ten years from the date of grant. The maximum number of shares subject to stock options which may be granted to any employee in any one year is 75,000. The exercise price of an option may be paid in cash, Common Stock or by a promissory note, to the extent permitted by law. We have also established a "cashless exercise" arrangement whereby an optionee delivers an exercise notice and irrevocable instructions to an approved registered broker to sell shares and deliver the exercise price in cash to us.

To reinforce our emphasis on long-term equity compensation and to better align the interests of our senior officers with those of the shareholders, Ms. Waugaman, Mr. Matovina, Ms. Richardson and Mr. Greinsteiner received options to purchase 47,250 shares of our Common Stock on March 15, 2010, Mr. Noble received options to purchase 50,000 shares of our Common Stock on March 31, 2010, and each of our executive officers received options to purchase 27,250 shares of our Common Stock (25,000 with respect to Mr. Noble) on June 11, 2010. The per share exercise price is \$10.24 for the options granted on March 15, 2010, \$10.65 for the options granted on March 31, 2010 and \$9.27 for the options granted on June 11, 2010. The vesting period for the options is the earlier of thirty-six months from the grant date or the date the optionee retires if such retirement occurs after the age of 65 and following 10 years of service with the Company.

Change in Control, Separation and Retirement Arrangements. We have no written employment contracts or separation agreements with any of our officers or employees other than the separation agreement we entered into with Kevin R. Wingert, a former executive and director, filed on an amendment to a Form 8-K on January 2, 2009, and Mr. Noble's Retirement Benefit Agreement which was approved in June 2009 and March 2010 by the Compensation Committee, as amended, filed on a Form 8-K on April 2, 2010. The Retirement Benefit Agreement provides certain retirement benefits to Mr. Noble in recognition of his past services to the Company and in consideration for his consent to certain post-termination obligations. The terms of this agreement were negotiated in consultation with and following input from Pearl Meyer, the Compensation Committee's compensation consultant. Specifically, the consultant reviewed multiple drafts of the Retirement Benefit Agreement and provided guidance as to specific terms based on its experience with similar agreements. In the event of Mr. Noble's retirement, the Retirement Benefit Agreement provides that Mr. Noble will receive a monthly benefit of \$54,167 or such higher amount which reflects one-twelfth of Mr. Noble's annual base salary as in effect at the time of his retirement for five years following his retirement for a total of 60 monthly installments (the "Retirement Benefit"); provided, however, that if Mr. Noble dies before all 60 monthly installments have been paid, then (a) if at the time of his death he is married, his wife will receive the monthly payments until the earliest of (i) the 24-month anniversary of Mr. Noble's death, (ii) her death and (iii) such time as all 60 monthly installments have been paid; or (b) if Mr. Noble dies without a surviving spouse, the payment of the Retirement Benefit will cease upon his death. In addition, during his lifetime, Mr. Noble will continue to receive health benefits generally available to the Company's senior executive officers under various Company benefit plans. The Agreement also contains confidentiality, non-competition and non-solicitation provisions which continue for two years following Mr. Noble's retirement.

To promote retention of senior officers, we have entered into change in control agreements with a small group of our executives including each of the named executives except Mr. Noble. Each January 1, the term of each of these agreements is automatically extended one year unless we have given ninety days notice that we will not extend the term of the agreement. With certain exceptions, an executive is entitled to payments for a period of twenty-four or thirty-six months following a change in control if his or her employment is terminated for certain reasons within twenty-four or thirty-six months following a change in control. Such payments are equal to two or three times the amount of the executive's base salary plus "target annual bonus" as defined below in *Potential Payments Upon*

Table of Contents

Change in Control. These agreements also provide for the continuation of health, dental and life insurance benefits during the twenty-four and thirty-six month periods. If payments under these agreements become subject to the "golden parachute" excise tax imposed by Internal Revenue Code Sections 280G and 4999, then the named executives will be entitled to receive an additional "gross-up" payment that is sufficient to pay the golden parachute excise tax and all other taxes, interest and penalties associated with the excise tax and gross-up payment. During the term of the agreement and during the period in which the executive is entitled to continued salary payments, the executive may not (i) solicit or entice any other employee to leave us or our affiliates to go to work for any competitor, or (ii) request or advise a customer or client of ours or our affiliates to curtail or cancel its business relationship with us or our affiliates.

Non-Qualified Deferred Compensation Arrangements. We permit senior officers of the Company to defer on an elective basis a specified portion of their base salaries, annual cash bonuses and amounts paid under the cash incentive plan. Any such deferrals must be made pursuant to a non-qualified deferred compensation agreement between the officer and the Company with deferred amounts contributed to the American Equity Officers Rabbi Trust. The investment of deferred amounts is directed by the individual officers and the return on such investments is added to the deferred account balance of such officer. No above market returns are paid on deferred amounts. Mr. Noble, Ms. Waugaman and Ms. Richardson have each invested a portion of their deferred compensation accounts in our Common Stock and dividends paid on our stock have been credited to their accounts. The balance of the deferred compensation accounts will be distributed to each executive who has elected to make such deferrals upon his or her death, disability or separation from service.

Other Compensation. We have a qualified 401(k) plan for all employees who are eligible after thirty days of employment and attainment of age 18. We match 50% of employee contributions to the plan up to 4% of the employee's total compensation, subject to the limitations specified in the Internal Revenue Code. In addition to the 401(k) plan, all employees participate in the American Equity Investment Employee Stock Ownership Plan ("ESOP") as described below. We offer a package of insurance benefits to all employees including health, dental, long-term disability and life insurance. Several of the named executives receive perquisites including car allowances, use of Company owned aircraft and payment of private club dues.

The Company established the ESOP effective July 1, 2007. We make semi-annual discretionary contributions to the ESOP. The principal purpose of the ESOP is to provide each eligible employee with an equity interest in the Company. Employees become eligible once they have completed a minimum of six months of service. Employees become 100% vested after two years of services.

- (1) Amounts reflect grant date fair value of restricted stock pursuant to FAS ASB Topic 718 earned under the Short-Term Performance Incentive Plan previously described above under "Incentive Compensation" in the Compensation Discussion and Analysis.
- (2) Amounts reflect for each option award, the aggregate grant date fair value pursuant to FAS ASB Topic 718. For a discussion regarding the assumptions made in the valuation of the option awards, please see Footnote 11 *Retirement and Share-Based Compensation Plans* in the Notes to Consolidated Financial Statements of our Annual Report on Form 10-K.
- (3) 2010 amounts consist of cash awards earned under the Short-Term Performance Incentive Plan previously described above under "Incentive Compensation" in the Compensation Discussion and Analysis. 2009 and 2008 amounts consist of cash incentive plan awards based upon net receipts of premiums from new annuity sales.
- (4) Mr. Noble's amount in 2010 includes \$27,442 for use of Company owned aircraft and \$13,764 for the ESOP. Ms. Waugaman's amount in 2010 includes \$9,600 for car allowance, \$4,493 for use of the Company owned aircraft and \$3,196 for private club dues. Mr. Grensteiner's amount in 2010 includes \$11,330 for the ESOP. In determining the aggregate incremental cost to the Company for the use of Company owned aircraft, the Company uses a methodology that reflects the average cost of fuel and other variable costs (for example landing fees, catering and crew travel expenses). Because the Company owned aircraft are used primarily for business travel, the methodology excludes fixed costs that do not change based on usage, including pilot salaries and the cost of maintenance unrelated to non-business travel. When an aircraft is already flying to a destination for business purposes and one or more non-business passengers are on such flight, only the direct variable costs associated with the additional non-business passenger(s) are

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form PRE 14A

included in determining the incremental cost to the Company. If an aircraft flies empty before picking up or after dropping off one or more passengers flying for non-business reasons, this "deadhead" segment would be included in the incremental cost to the Company. On certain occasions, an executive's spouse, other family members or guest may accompany the executive on a flight when such persons are invited to attend an event for appropriate business purposes. No additional incremental cost is incurred by the Company in such situations under the methodology.

The following table provides information concerning our non-qualified deferred compensation arrangements, including deferred compensation agreements with certain of the named executives permitting them to defer on an elective basis a specified portion of their base salaries, annual cash bonuses and amounts paid under the cash incentive plan. Deferred amounts are contributed to individual accounts within the American Equity Officers Rabbi Trust and investments in such accounts are self-directed by the officer who is the beneficiary of the account. All such investments are made on open market terms. There were no withdrawals or distribution of any deferred amounts during 2010.

Potential Payments Upon Termination or a Change in Control

We have no employment contracts or separation agreements with any of our employees other than the separation agreement we entered into with Kevin R. Wingert, a former executive and director, filed on an amendment to a Form 8-K on January 2, 2009, and Mr. Noble's Retirement Benefit Agreement, as amended in March 2010 and filed on a Form 8-K on April 2, 2010. As discussed below, we have change in control agreements with a small group of senior officers including each of the named executives, except Mr. Noble, which would provide payments and benefits to them in the event of the termination of their employment under certain circumstances following a change in control. In the absence of a change in control, however, regardless of the manner in which the termination of employment occurs (with the exception of death, disability and retirement for certain benefits), the named executives would be entitled only to the following:

Base salary to the termination date (two-week notice of termination by either the employer or employee is required), with no right to receive any cash bonus or incentive amounts not paid prior to notice of termination;

The right to exercise vested stock options within thirty days of the termination date;

Distribution of the executive's 401(k) account;

Distribution of the executive's account, if any, pursuant to any deferred compensation arrangements including elective deferrals of salary, bonus and/or incentive, and earnings thereon;

COBRA benefits for the purchase of medical and dental insurance; and

The right to convert group life insurance to an individual policy without proof of insurability, at the executive's ongoing expense.

Under the change in control agreements, the named executives would have additional rights in the event of the termination of their employment following a change in control in defined circumstances including discharge without "cause" or voluntary resignation for "good reason". A "change in control" is defined to include: (i) the acquisition by any person of 35% of the combined voting power of the Company; (ii) during two consecutive years a majority of the directors originally on the Board of Directors (and with certain designated successors) ceasing to constitute a majority of the Board of Directors; (iii) a merger with another entity in which our voting securities cease to represent at least 50% of the combined voting power of the surviving entity; or (iv) the sale of substantially all of the assets of the Company in a plan of complete liquidation. During the term of the agreement and during the period in which the executive is entitled to continued salary payments, the executive may not (i) solicit or entice any other employee to leave us or our affiliates to go to work for any competitor, or (ii) request or advise a customer or client of ours or our affiliates to curtail or cancel its business relationship with us or our affiliates.

If a termination occurs within twenty-four or thirty-six months following a change in control which meets all of the definitions, terms and conditions of the named executive's change in control agreement, the executive would be entitled to the following in addition to the items set forth in the bullets above:

Salary continuation payments for two or three years;

A cash lump sum equal to the amount of the "target annual bonus" that the executive would receive for the year in which the executive's termination occurs, prorated through the date of termination;

A cash lump sum equal to two or three times the executive's "target annual bonus";

Table of Contents

An amount equal to a full gross-up for any excise tax incurred by the named executive as a result of receiving change in control payments; and

Continuation of health, dental and life insurance benefits during the salary continuation period.

For 2011, we interpret the term "target annual bonus" to be such amounts provided under the 2011 incentive program under the Short-Term Performance Incentive Plan as described above.

The following table sets forth the estimated amount of compensation each of the named executive officers, other than Mr. Noble, would receive in the event of an eligible termination following a change in control, assuming such termination had occurred at December 31, 2010. No pro-rated portion of "target annual bonus" amounts is included for the year of termination since such amounts would be immaterial for a termination occurring on December 31.

(1) Our employee stock option plans provide for automatic vesting of stock options upon a change in control or upon death or disability. For information concerning the outstanding options which each of the named executives could exercise within thirty days after any termination, see the Outstanding Equity Awards table above.

The Company entered into a Separation and Release Agreement, effective January 1, 2009, with Kevin R. Wingert. Subject to the terms and conditions of the Separation Agreement, the Company paid Mr. Wingert his annual base salary in effect at December 31, 2008 of \$350,000 and provided health insurance coverage at a cost of \$9,600 annually through December 31, 2010. Policy Regarding Related Person Transactions

We recognize that Related Person Transactions (as defined below) may raise questions among shareholders as to whether those transactions are consistent with the best interests of the Company and its shareholders. It is our policy to enter into or ratify Related Person Transactions only when the Board of Directors, acting through our Audit Committee or as otherwise described herein, determines that the Related Person Transaction in question is in, or is not inconsistent with, the best interests of the Company and its shareholders, including but not limited to situations where the Company may obtain products or services of a nature, quantity or quality, or on other terms, that are not readily available from alternative sources or when the Company provides products or services to related persons on an arm's length basis on terms comparable to those provided to unrelated third parties or on terms comparable to those provided to employees generally. Therefore, the Company has adopted the procedures set forth below for the review, approval or ratification of Related Person Transactions.

In order to deal with the potential conflicts inherent in such transactions, our Audit Committee adopted a policy regarding Related Person Transactions. For the purposes of this policy, a "Related Person Transaction" is a transaction, arrangement, or relationship (or any series of similar transactions, arrangements, or relationships) in which the Company was, is, or will be a participant and the amount involved exceeds \$120,000, and in which any related person had, has, or will have a direct or indirect material interest, and a "related person" means:

any person who is, or at any time since the beginning of our last fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company;

any person who is known to be the beneficial owner of more than 5% of any class of our voting securities;

any immediate family member of any of the foregoing persons; and

any firm, corporation, or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Any proposed transaction with a related person shall be consummated or amended only if the following steps are taken:

Counsel (either inside or outside) will assess whether the proposed transaction is a Related Person Transaction for purposes of this policy.

If counsel determines that the proposed transaction is a Related Person Transaction, the proposed transaction shall be submitted to the Audit Committee for consideration at the next committee meeting or, in those instances in which counsel, in consultation with the chief executive officer or the chief financial officer, determines that it is not practicable or desirable for us to wait until the next committee meeting, to the Chairman of the Audit Committee (who has been delegated authority to act between committee meetings).

The Audit Committee, or where submitted to the Chairman of the committee, the Chairman, shall consider all of the relevant facts and circumstances available to the committee or the Chairman, including (if applicable) but not limited to: (i) the benefits to the Company; (ii) the impact on a director's independence in the event the related person is a director, an immediate family member of a director, or an entity in which a director is a partner, shareholder, or executive officer; (iii) the availability of other suppliers or customers for comparable products or

services; (iv) the terms of the transaction; and (v) the terms available to unrelated third parties or to employees generally.

The Audit Committee (or the Chairman) shall approve only those Related Person Transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders, as the committee (or the Chairman) determines in good faith. The Audit Committee or Chairman, as applicable, shall convey the decision to counsel, who shall convey the decision to the appropriate persons within the Company.

At the Audit Committee's first meeting of each fiscal year, the committee shall review any previously approved Related Person Transactions that remain ongoing and have a remaining term of more than six months or remaining amounts payable to or receivable from the Company of more than \$120,000. Based on all relevant facts and circumstances, taking into consideration the Company's contractual obligations, the committee shall determine if it is in the best interests of the Company and its shareholders to continue, modify, or terminate the Related Person Transaction.

Householding; Annual Report on Form 10-K

The SEC permits companies and intermediaries, such as a brokerage firm or a bank, to satisfy the delivery requirements for Notices and proxy materials with respect to two or more shareholders sharing the same address by delivering only one Notice or set of proxy materials to that address. Certain of our shareholders whose shares are held in street name and who have consented to householding will receive only one Notice or set of proxy materials per household. If you would like to receive a separate set of proxy materials in the future, or if your household is currently receiving multiple copies of the same items and you would like to receive only a single copy at your address in the future, please contact Julie L. LaFollette, Director of Investor Relations, at 6000 Westown Parkway, West Des Moines, Iowa 50266 (1-888-221-1234, ext. 3602) and indicate your name, the name of each of your brokerage firms or banks where your shares are held, and your account numbers.
