The Company believes these rules allow it to provide you with the information you need while lowering the costs of delivery and reducing the environmental impact of the Annual Meeting. The Company is mailing to most of its stockholders a Notice of Internet Availability of Proxy Materials, rather than a paper copy of the proxy statement and 2012 Annual Report to Stockholders. The notice contains instructions on how to access the proxy materials, vote and obtain, if you so desire, a paper copy of the proxy materials.

YOUR VOTE IS IMPORTANT! WHETHER OR NOT YOU EXPECT TO BE PRESENT AT THE MEETING, PLEASE VOTE AS PROMPTLY AS POSSIBLE SO THAT WE MAY BE ASSURED OF A QUORUM TO TRANSACT BUSINESS. PROXY STATEMENT

General Information

As a stockholder of Helmerich & Payne, Inc., you are invited to attend the Annual Meeting of Stockholders on March 6, 2013 (the "Annual Meeting") and vote on the items of business described in this proxy statement. The proxy is being solicited by and on behalf of the Board of Directors of Helmerich & Payne, Inc., and will be voted at the Annual Meeting. Throughout this proxy statement, Helmerich & Payne, Inc. is referred to as the "Company," "we," "our" or "us."

Important Notice of Electronic Availability of Materials

As permitted by the rules of the SEC, we are making our 2012 Annual Report to Stockholders and this proxy statement available to stockholders electronically via the Internet at the following website: www.proxyvote.com. Most stockholders will not receive printed copies of the proxy materials unless they request them. Instead, a Notice of Internet Availability of Proxy Materials ("Notice"), which was mailed to most of our stockholders, explains how you may access and review the proxy materials and how you may submit your proxy on the Internet. If you received the Notice, you will not receive a printed copy of the proxy materials unless you request it by following the instructions for requesting such materials contained in the Notice. Stockholders who requested paper copies of proxy materials or previously elected to receive proxy materials electronically did not receive the Notice and are receiving the proxy materials in the format requested. The Notice and the proxy materials are first being made available to our stockholders on or about January 22, 2013.

Annual Meeting Information

Our Annual Meeting will be held at Boulder Towers, H&P Conference Center, Eleventh Floor, 1437 South Boulder Avenue, Tulsa, Oklahoma, at 12:00 noon, Tulsa time, on Wednesday, March 6, 2013, unless adjourned or postponed. Directions to the meeting can be obtained by calling our Investor Relations department at 918-742-5531.

Attendance

If your shares are registered directly in your name with the Company's transfer agent, you are considered a "stockholder of record". If your shares are held in a brokerage account, by a trustee or by another nominee, you are considered a "beneficial owner" of those shares. Only stockholders of record or beneficial owners of the Company's common shares may attend the meeting in person. If you are a stockholder of record, you may be asked to present proof of identification, such as a driver's license. Beneficial owners must also present evidence of share ownership, such as a recent brokerage account or bank statement. All attendees must comply with our standing rules, which will be distributed upon entrance to the Annual Meeting. Even if you plan to attend the Annual Meeting, we recommend that you also vote by proxy as described in this proxy statement so that your vote will be counted if you later decide not to attend the Annual Meeting.

Items of Business at Annual Meeting

The Items of business scheduled to be voted on at the Annual Meeting are:

- | | |
|------------|---|
| Proposal 1 | The election of Directors; |
| Proposal 2 | The ratification of the appointment of Ernst & Young LLP as our independent auditors for fiscal 2013; |
-

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

- Proposal 3 The advisory vote on executive compensation; and
- Proposal 4 The consideration, if properly presented, of a non-binding stockholder proposal to adopt a majority voting standard in the election of Directors.

We will also consider any other business that properly comes before the Annual Meeting.

Board Recommendation on Voting

Our Board of Directors recommends that you vote your shares FOR the nominees for election to the Board under Proposal 1, and FOR Proposals 2 and 3. As explained below, our Board of Directors makes no recommendation with respect to voting on Proposal 4.

Voting Information

Record date and quorum. The holders of a majority of our outstanding stock entitled to vote at the Annual Meeting must be present in person or by proxy for the transaction of business. This is called a quorum. Abstentions and broker non-votes (discussed below) will be counted for purposes of determining the presence of a quorum at the meeting. At the close of business on December 10, 2012, there were 106,419,709 issued and outstanding shares of our common stock, the holders of which are entitled to one vote per share on all matters. We have no other class of securities entitled to vote at the meeting. Only stockholders of record at the close of business on January 10, 2013, will be entitled to vote at the Annual Meeting.

Submitting voting instructions for shares held in your name (i.e., you are a stockholder of record). You may vote your shares of common stock by telephone or over the Internet, which saves the Company money, or by completing, signing and returning a proxy. A properly submitted proxy will be voted in accordance with your instructions unless you subsequently revoke your instructions. If you submit a signed proxy without indicating your vote, the person voting the proxy will vote your shares according to the Board of Director's recommendation (FOR the nominees listed in this proxy statement as "Nominees for Directors of the First Class", FOR Proposals 2 and 3, and ABSTAIN with respect to Proposal 4).

Submitting voting instructions for shares held in street name (i.e., you are the beneficial owner of your shares). If you are a beneficial owner of shares, follow the instructions you receive from your broker or other organization holding your shares in street name. If you want to vote in person, you must obtain a legal proxy from your broker and bring it to the Annual Meeting. If you do not submit voting instructions to the organization that holds your shares, that organization may still be permitted to vote your shares. In general, under applicable New York Stock Exchange rules, the organization that holds your shares may generally vote on routine matters. Proposal 2, the approval and appointment of the Company's independent auditor, is a routine matter. However, absent specific instructions from beneficial owners, brokers may not vote for non-routine matters. Proposal 1, the election of directors, Proposal 3, the advisory vote on executive compensation, and Proposal 4, the stockholder proposal, are non-routine matters. Therefore, there may be broker non-votes with respect to Proposals 1, 3, and 4.

Revoking your proxy. Any stockholder giving a proxy may revoke it at any time by submission of a later dated proxy or subsequent Internet or telephonic proxy. Stockholders who attend the Annual Meeting may revoke any proxy previously granted and vote in person by written ballot.

Voting Requirements. The election of Directors will require the affirmative vote of a plurality of the shares of common stock voting in person or by proxy at the Annual Meeting. Votes withheld and broker non-votes will not affect the outcome of the election of Directors. With regard to Proposals 2, 3 and 4, the affirmative vote of a majority of shares of common stock present in person or by proxy at the Annual Meeting and entitled to vote thereat is required for approval. A share that is a broker

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

non-vote is not considered a share entitled to vote on the particular matter. Therefore, even though broker non-votes are counted in determining a quorum, broker non-votes are excluded from the denominator in determining whether affirmative votes represented a majority of those present and entitled to vote at the Annual Meeting. Abstentions will have the effect of a negative vote.

Each outstanding share of our common stock will be entitled to one vote on each matter considered at the meeting. With regard to Proposal 1, election of Directors, stockholders may vote in favor of all nominees, withhold their votes as to all nominees, or withhold their votes as to specific nominees. The proxies executed and returned (or delivered via telephone or over the Internet) can be voted only for the named nominees. If any one of the nominees is not a candidate at the Annual Meeting, an event which management does not anticipate, the proxies (whether given on an executed and returned proxy, by telephone, or over the Internet) will be voted for a substitute nominee. With regard to Proposal 2, ratification of independent auditors, Proposal 3, advisory vote on executive compensation, and Proposal 4, consideration of a non-binding stockholder proposal to adopt a majority voting standard in the election of Directors, a stockholder may vote FOR or AGAINST the matter or abstain from voting on the matter.

Vote Tabulation and Results

Broadridge Financial Solutions, Inc. will tabulate all votes which are received prior to the date of the Annual Meeting. We have appointed two employee inspectors to receive Broadridge's tabulation, to tabulate all other votes, and to certify the voting results. We intend to publish final results in a Current Report on Form 8-K to be filed with the SEC within four business days of the Annual Meeting.

Solicitation of Proxies

The cost of this solicitation will be paid by us. In addition, arrangements may be made with brokerage houses and other custodians, nominees, and fiduciaries to send proxies and proxy material to their principals. Solicitation of proxies may be made by mail, telephone, personal interviews or by other means by our officers and employees who will not be additionally compensated therefor.

Other Matters

As of this date, management knows of no business which will come before the meeting other than that set forth in the notice of the meeting. If any other matter properly comes before the meeting, the persons named as proxies will vote on it in accordance with their best judgment.

PROPOSAL 1 ELECTION OF DIRECTORS

Our Board of Directors ("Board") is divided into three classes First Class, Second Class, and Third Class whose terms expire in different years. At the March 7, 2012 Annual Meeting of Stockholders, the stockholders of the Company approved a proposal to amend the Company's Amended and Restated Certificate of Incorporation to eliminate the classified board structure and to provide for the annual election of Directors. The approved proposal and the Company's current Amended and Restated Certificate of Incorporation provide that the terms of the Directors of the First Class expire this year, and their successors are to be elected at this Annual Meeting for terms of one year. Mr. Foutch also serves on several nonprofit and private industry boards. As a result of Mr. Foutch's service as a chief executive officer and in other executive positions and as a director of several oil and gas exploration and development companies, the Board believes that he provides valuable business, leadership and management experience and insights into many aspects of the oil, natural gas and contract drilling industries.

Mr. Hans Helmerich is a Director of Atwood Oceanics, Inc. ("Atwood"), and the Company, through its wholly-owned subsidiary, owns common stock of Atwood. As a result, Atwood may be deemed to be an affiliate of the Company.

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" EACH OF THE PERSONS NOMINATED BY THE BOARD.

CORPORATE GOVERNANCE

The Board has adopted Corporate Governance Guidelines to address significant corporate governance issues. The guidelines, as well as all Board committee charters, our Code of Business Conduct and Ethics, applicable to all our Directors, officers, and employees, the Code of Ethics for Principal Executive Officer and Senior Financial Officers, the Related Person Transaction Policies and Procedures, the Foreign Corrupt Practices Act Compliance Policy, and certain Audit Committee Practices are available on our website, www.hpinc.com, under the "Governance" section. The information on our website is not incorporated by reference in this proxy statement. A printed copy of the above mentioned documents will be provided without charge upon written request to our Corporate Secretary.

Our Corporate Governance Guidelines provide a framework for our corporate governance initiatives and cover topics such as director independence and selection and nomination of director candidates, communication with the Board, Board committee matters, and other areas of import. Certain highlights from our Corporate Governance Guidelines, as well as other corporate governance matters, are discussed below.

Director Independence

Our Corporate Governance Guidelines provide that a majority of the Board must meet the requirements for being an independent director under the listing standards of the New York Stock Exchange ("NYSE") and applicable law, including the requirement that the Board affirmatively determine that the Director has no material relationship with us. To guide its determination of whether a Director is independent, the Board has adopted the following categorical standards:

A Director will not be independent if:

the Director is, or has been, within the last three years, our employee, or an immediate family member is, or has been within the last three years, our executive officer;

the Director has received, or an immediate family member has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from us, other than Director and committee fees and pension and other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

the Director is a current partner or employee of a firm that is our internal or external auditor;

the Director has an immediate family member who is a current partner of a firm that is our internal or external auditor;

the Director has an immediate family member who is a current employee of a firm that is our internal or external auditor and who personally works on the Company's audit;

the Director or an immediate family member was within the last three years a partner or employee of a firm that is our internal or external auditor and personally worked on our audit within that time;

the Director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers at the same time serves or served on that company's compensation committee; or

the Director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, us for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or two percent (2%) of such other company's consolidated gross revenues.

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

In addition, the following commercial and charitable relationships will not be considered material relationships that would impair a director's independence:

the Director (or an immediate family member of the Director) is, or during the last fiscal year has been, an affiliate or executive officer of another company (including banks or financial institutions) to which we were indebted, or to which such other company was indebted to us, during the last or current fiscal year and the total amount of indebtedness did not exceed two percent (2%) of the total consolidated assets of the indebted entity at the end of such fiscal year;

the Director (or an immediate family member of the Director) is, or during the last fiscal year has been, an executive officer, director or trustee of a charitable organization where our annual discretionary charitable contributions to the charitable organization, in the last or current fiscal year did not exceed the greater of \$1,000,000 or two percent (2%) of that organization's consolidated gross revenues;

the Director (or an immediate family member of a Director) is a member of, employed by, or of counsel to a law firm or investment banking firm that performs services for us, provided the payments made by us to the firm during a fiscal year do not exceed two percent (2%) of the firm's gross revenues for the fiscal year, and the Director's relationship with the firm is such that his or her compensation is not linked directly or indirectly to the amount of payments the firm receives from us; or

a relationship arising solely from a Director's position as a director of another company that engages in a transaction with us shall not be deemed a material relationship or transaction that would cause a Director to not be independent.

Finally, a Director who is a member of our Audit Committee will not be independent if such Director: (i) other than in his or her capacity as a member of the Audit Committee, the Board or any other Board committee, accepts directly or indirectly any consulting, advisory or other compensatory fee from us or any subsidiary (except for retirement benefits to the extent permitted by applicable rules of the SEC); or (ii) is an affiliated person (as defined by the SEC) of us or any subsidiary.

Generally, relationships not addressed by the NYSE rules or otherwise described above will not cause an otherwise independent Director to be considered not independent. For relationships that do not fall within the categories delineated above, the Directors who are otherwise independent under the guidelines will determine whether a relationship is material and, therefore, whether the Director would be independent.

In determining the independence of Ms. Marshall and Messrs. Armstrong, Foutch, Petrie, Robillard, Rooney, Rust, and Zeglis, the Board of Directors considered (i) State Farm Mutual Automobile Insurance Company's ownership of our common stock and that it previously held approximately \$3 million of our long-term unsecured debt, (ii) Mr. Rust's position as Chairman, President and Chief Executive Officer of State Farm Mutual Automobile Insurance Company, and (iii) that Mr. Zeglis is also a director of State Farm Mutual Automobile Insurance Company. In 2012, the Company re-paid the debt held by State Farm Mutual Automobile Insurance Company. The Board of Directors also considered that the Company, through its wholly owned subsidiary, has provided contract drilling services to Hunt Oil Company (of which Mr. Robillard is an officer and director) and Laredo Petroleum, Inc. (of which Mr. Foutch is an officer and director). Payments made to the Company by those entities have not exceeded two percent of the consolidated gross revenues of such entities during any applicable fiscal year. The Board of Directors also considered that the Company in 2012 made charitable contributions to the Thomas Gilcrease Museum. Messrs. Foutch and Petrie are members of the National Board of the museum. The donation was less than \$1,000,000.

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

After applying the standards set forth above in our Corporate Governance Guidelines, the Board determined that Ms. Marshall and Messrs. Armstrong, Foutch, Petrie, Robillard, Rooney, Rust and Zeglis, our current directors, had no material relationship with the Company and that each is independent under the categorical standards and the applicable requirements of the NYSE and applicable law.

Director Identification, Evaluation, and Nomination

General Principles and Procedures. We are of the view that the continuing service of qualified incumbents promotes stability and continuity in the boardroom, contributing to the Board's ability to work as a collective body, while giving us the benefit of familiarity and insight into our affairs that our Directors have accumulated during their tenure. Accordingly, the process for identifying nominees shall reflect our practice of re-nominating incumbent Directors who continue to satisfy the Nominating and Corporate Governance Committee's ("Committee") criteria for membership on the Board, whom the Committee believes continue to make important contributions to the Board, and who consent to continue their service on the Board.

In general, and as more fully outlined in the Corporate Governance Guidelines, in considering candidates for election at annual meetings of stockholders, the Committee will:

consider if the Director continues to satisfy the minimum qualifications for director candidates as set forth in the Corporate Governance Guidelines;

assess the performance of the Director during the preceding term; and

determine whether there exist any special, countervailing considerations against re-nomination of the Director.

If the Committee determines that (i) an incumbent Director consenting to re-nomination continues to be qualified and has satisfactorily performed his or her duties as Director during the preceding term, and (ii) there exist no reasons, including considerations relating to the composition and functional needs of the Board as a whole, why in the Committee's view the incumbent should not be re-nominated, then the Committee will, absent special circumstances, propose the incumbent Director for re-election.

The Committee will identify and evaluate new candidates for election to the Board where there is no qualified and available incumbent, including for the purpose of filling vacancies or a decision of the Directors to expand the size of the Board. The Committee will solicit recommendations for nominees from persons that the Committee believes are likely to be familiar with qualified candidates. The Committee may also determine to engage a professional search firm to assist in identifying qualified candidates.

As to each recommended candidate that the Committee believes merits consideration, the Committee will:

cause to be assembled information concerning the background and qualifications of the candidate;

determine if the candidate satisfies the minimum qualifications required by our Corporate Governance Guidelines;

determine if the candidate possesses any of the specific qualities or skills that the Committee believes must be possessed by one or more members of the Board;

consider the contribution that the candidate can be expected to make to the overall functioning of the Board; and

consider the extent to which the membership of the candidate on the Board will promote diversity among the Directors.

Based on all available information and relevant considerations, the Committee will select and recommend to the Board a candidate who, in the view of the Committee, is most suited for membership on the Board.

Stockholder Recommendations. The Committee shall consider recommendations for the nomination of qualified Directors submitted by holders of our shares entitled to vote generally in the election of Directors. The Committee will give consideration to these recommendations for positions on the Board where the Committee has determined not to re-nominate a qualified incumbent Director.

For each annual meeting of stockholders, the Committee will accept for consideration only one recommendation from any stockholder or affiliated group of stockholders. The Committee will only consider recommendations of nominees for Director who satisfy the minimum qualifications prescribed by our Corporate Governance Guidelines.

Only those recommendations whose submission complies with the following procedural requirements will be considered by the Committee: (1) *Stockholder Nominations to the Committee.* The Committee will consider qualified nominees recommended by stockholders who may submit recommendations to our Corporate Secretary at our headquarters address. To be considered by the Committee, stockholder nominations must be submitted before our fiscal year-end and must include the information listed in paragraph 2(i) and (ii)(a), (c) and (d) below, together with a statement of the number of shares of our stock beneficially owned by the stockholder making the nomination and by any other supporting stockholders. (2) *Stockholder Nominations at the Annual Meeting.* Our By-laws provide that any stockholder who is entitled to vote for the election of Directors at a meeting called for such purpose may nominate persons for election to the Board. A stockholder desiring to nominate a person or persons for election to the Board must send a timely (see 2014 Annual Meeting/Stockholder Proposals on page 46) written notice to the Corporate Secretary setting forth in reasonable detail the following: (i) as to each person whom the stockholder proposes to nominate for election all information relating to such person that is required to be included in a proxy statement filed pursuant to the proxy rules of the SEC (including such person's written consent to being named in the proxy statement as a nominee and to serving as a Director if elected); and (ii) as to the stockholder giving notice (a) the name and address of the stockholder making the nomination, (b) a representation that the stockholder is a holder of record of our stock entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to present the nomination, (c) the class or series and number of shares of our capital stock which are owned beneficially or of record by the stockholder, and (d) a description of all arrangements or understandings between the stockholder and any other person or persons (naming such person or persons) pursuant to which the nomination is to be made by the stockholder.

Candidates for Director who are properly recommended by our stockholders will be evaluated in the same manner as any other candidate for Director. The Committee may require the candidate to furnish other information as the Committee may reasonably request to assist the Committee in determining the eligibility of the candidate to serve as a Director. The Committee (or the presiding officer at any meeting of the stockholders) may disregard the purported nomination of any person not made in compliance with these procedures.

Director Qualification Standards

All persons nominated to serve as one of our Directors should possess the following minimum qualifications more fully discussed in our Corporate Governance Guidelines. Specifically, all candidates:

must be individuals of personal integrity and ethical character;

should be free of conflicts of interest that would materially impair his or her judgment;

must be able to represent fairly and equally all of our stockholders;

must have demonstrated achievement in business, professionally, or the like;

must have sound judgment;

must have a general appreciation regarding major issues facing public companies of a size and operational scope similar to ours;

must have, and be prepared to devote, adequate time to the Board and its committees; and

must not conflict with any of our term or age limits for Directors.

The Committee will also ensure that:

at least a majority of the Directors serving at any time on the Board are independent, as defined under the rules of the NYSE and applicable law;

at least three of the Directors satisfy the financial literacy requirements required for service on the Audit Committee under the rules of the NYSE; and

at least some of the independent Directors have experience as senior executives of a public or substantial private company.

Our Corporate Governance Guidelines also provide, in lieu of a formal diversity policy, that as part of the nomination process, the Committee will consider diversity in professional background, experience, expertise, perspective, age, gender, and ethnicity with respect to Board composition as a whole. With respect to diversity, we place particular emphasis on identifying candidates whose experiences and talents complement and augment those of other Board members with respect to matters of importance to the Company. We attempt to balance the composition of the Board to promote comprehensive consideration of issues. Our current Board composition achieves this through widely varying levels and types of business and industry experience among current Board members. We monitor the composition and functioning of our Board and Committees through both an annual review of our Corporate Governance Guidelines and a self-evaluation process undertaken each year by our Directors.

The foregoing qualification attributes are only threshold criteria, however, and the Committee will also consider the contributions that a candidate can be expected to make to the collective functioning of the Board based upon the totality of the candidate's credentials, experience, and expertise, the composition of the Board at the time, and other relevant circumstances.

Board Leadership Structure

The Company's By-laws provide that, in general, any two or more offices may be held by the same person, including the offices of Chairman of the Board ("Chairman") and CEO. The Board believes that this flexibility in the allocation of the responsibilities of these two roles is beneficial and enables the Board to adapt the leadership function to changing circumstances. Mr. Hans Helmerich currently holds the positions of Chairman and CEO at the Company. Mr. Helmerich has served as a Director since 1987 and became the Chairman in 2012. He has served as the Company's CEO since 1989 and was the President from 1989 to 2012. Mr. Helmerich, who has over 20 years of successful experience as CEO and possesses in-depth knowledge of the Company, its operations and the evolving drilling and energy industry, has been responsible for the general supervision, direction and control of the Company's business and affairs. The Board believes that the interests of all stockholders are best served at this time by the leadership model of a combined Chairman and CEO. The experience and

knowledge of Mr. Helmerich provides the Board and the Company with continuity of leadership that has enabled the Company's success for more than 20 years.

In addition, the Board has demonstrated its commitment and ability to provide independent oversight and management. We believe that the most effective board structure is one that emphasizes board independence and ensures that the board's deliberations are not dominated by management. With the exception of Messrs. Helmerich and Lindsay, our Board will be composed entirely of independent Directors. Each of our standing Board committees is comprised of only independent Directors. Further, while the Board does not currently have a lead independent Director, it appoints a presiding, independent Director for each executive session of the Board when it meets without Messrs. Helmerich and Lindsay. While the Board believes this practice provides for independent leadership without the need to designate a single lead director, the Board may examine during 2013 whether the appointment of a lead Director would enhance the Board's effectiveness. Our Board's oversight of risk management (discussed below) has had no effect on our leadership structure to date.

Board Meeting Attendance

There were four regularly scheduled meetings of the Board held during fiscal 2012. We require each Director to make a diligent effort to attend all Board and Committee meetings as well as the Annual Meeting of the Stockholders. All but two of our then sitting Directors attended the 2012 Annual Meeting of the Stockholders. During fiscal 2012, no incumbent Director attended fewer than 75% of the aggregate of the total number of meetings of the Board and its committees of which he or she was a member.

Board Committees

Messrs. Rust (Chairman), Fouch, Robillard and Rooney are members of the Audit Committee. The Board has adopted a written charter for the Audit Committee. The primary functions of the Audit Committee are to assist the Board in fulfilling its independent and objective oversight responsibilities of financial reporting and internal financial and accounting controls of the Company and to monitor the qualifications, independence, and performance of our independent registered public accounting firm. The Board has determined that Mr. Edward B. Rust, Jr. is an "audit committee financial expert" as defined by the SEC. During the fiscal year ended September 30, 2012, the Audit Committee held twelve meetings.

Ms. Marshall and Messrs. Armstrong, Petrie and Zeglis (Chairman) are members of the Human Resources Committee (which functions as our compensation committee). The Board has adopted a written charter for the Human Resources Committee. The primary functions of the Human Resources Committee are to evaluate the performance of our executive officers, to review and make decisions regarding compensation of our executive officers and make recommendations regarding compensation of non-employee members of our Board, and to review and make recommendations or decisions regarding incentive compensation and equity-based compensation plans. The Human Resources Committee may not delegate any of its authority to other persons or committees. During the fiscal year ended September 30, 2012, the Human Resources Committee held six meetings.

Ms. Marshall and Messrs. Armstrong (Chairman), Fouch, Petrie, Robillard, Rooney, Rust, and Zeglis are members of the Nominating and Corporate Governance Committee. The Board has adopted a written charter for the Nominating and Corporate Governance Committee. The primary functions of the Committee are to identify and to recommend to the Board the selection of Director nominees for each annual meeting of stockholders or for any vacancies on the Board, to make recommendations to the Board regarding the adoption or amendment of corporate governance principles applicable to us, and to assist the Board in developing and evaluating potential candidates for executive positions and

generally oversee management succession planning. During the fiscal year ended September 30, 2012, the Nominating and Corporate Governance Committee held four meetings.

The non-management Directors, in fiscal 2012, met in executive session without management, prior to each regularly scheduled Board meeting. Mr. Armstrong was presiding Director for all executive sessions.

Transactions with Related Persons, Promoters and Certain Control Persons

The Company has adopted written Related Person Transaction Policies and Procedures. The Audit Committee is responsible for applying such policies and procedures. The Audit Committee reviews all transactions, arrangements, or relationships in which the aggregate amount involved will or may be expected to exceed \$120,000 in any fiscal year, the Company is a participant, and any related person has or will have a material direct or indirect interest. In general, a related person is any Company executive officer, Director, or nominee for election as a Director, any greater than 5 percent beneficial owner of our common stock, and immediate family members of any of the foregoing.

The Audit Committee applies the applicable policies and procedure by reviewing the material facts of all interested transactions that require the Audit Committee's approval and either approves or disapproves of the entry into the interested transaction, subject to the exceptions described below. Any member of the Audit Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction. In determining whether to approve an interested transaction, the Audit Committee takes into account, among other factors it deems appropriate, the nature of the related person's interest in the interested transaction, the material terms of the interested transaction including whether the interested transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, the materiality of the related person's direct or indirect interest in the interested transaction, the materiality of the interested transaction to us, the impact of the interested transaction on the related person's independence (as defined in our Corporate Governance Guidelines and the New York Stock Exchange Listing Standards), and the actual or apparent conflict of interest of the related person participating in the transaction (as contemplated under our Code of Business Conduct and Ethics). The following transactions are deemed to be pre-approved under the applicable policies and procedures: (i) Director and executive officer compensation otherwise required to be disclosed in our proxy statement, (ii) transactions where all of our stockholders receive proportional benefits, (iii) certain banking related services, and (iv) transactions available to our employees generally. There are no related person transactions required to be reported in this proxy statement.

Compensation Committee Interlocks and Insider Participation

During fiscal 2012, the members of our Human Resources Committee were Ms. Marshall and Messrs. Armstrong, Petrie and Zeglis. No executive officer or member of the Human Resources Committee has any relationship covered by the SEC's Compensation Committee Interlock and Insider Participation regulations.

Communication with the Board

The Board has established several means for employees, stockholders, and other interested persons to communicate their concerns to the Board. If the concern relates to our financial statements, accounting practices or internal controls, the concern may be submitted in writing to the Chairperson of the Audit Committee in care of our Corporate Secretary at our headquarters address. If the concern relates to our governance practices, business ethics, or corporate conduct, the concern may be submitted in writing to the Chairperson of the Nominating and Corporate Governance Committee in

care of our Corporate Secretary at our headquarters address. If the concern is intended for the presiding Director or the non-management or independent Directors as a group, the concern may be submitted in writing to such presiding Director or groups in care of our Corporate Secretary at our headquarters address. If the employee, stockholder, or other interested person is unsure as to which category his or her concern relates, he or she may submit it in writing to the Board or any one of the Directors in care of our Corporate Secretary at our headquarters address. Our headquarters address is 1437 South Boulder Avenue, Tulsa, OK 74119.

Each communication intended for any management or non-management or independent Director(s) or for the entire Board and received by the Corporate Secretary which is related to our operations will be promptly forwarded to the specified party(ies).

The Board's Role in Risk Management

The Audit Committee reviews and discusses with management the Company's processes and policies with respect to risk assessment and risk management, including the Company's enterprise risk management program. In addition, the Company's risk oversight process involves the Board receiving information from management on a variety of matters, including operations, legal, regulatory, finance and strategy, as well as information regarding any material risks associated with each matter. The full Board (or the appropriate Board committee, if the Board committee is responsible for the oversight of the matter) receives this information through updates from the appropriate members of management to enable it to understand and monitor the Company's risk management practices. When a Board committee receives an update, the chairperson of the relevant Board committee reports on the discussion to the full Board during the Board committee reports portion of the next Board meeting. This enables the Board and the Board committees to coordinate the risk oversight role.

Compensation Risk Assessment

Management has undertaken, with input from the Human Resources Committee's independent compensation consultant, a review of our compensation programs and practices applicable to all employees, including executive officers, in order to assess the risks presented by such programs and practices. Management analyzed the likelihood and magnitude of potential risks, focusing on program elements that may create risk, including pay mix and amount, performance metrics and goals, the balance between annual and long-term incentives, the terms of equity and bonus awards, and change-in-control arrangements. The review also took into account mitigating features associated with our compensation programs and practices which include elements such as capped payouts levels for both annual bonuses and equity grants under the Company's stock plan, the Human Resources Committee's authority to exercise negative discretion over bonus payouts, stock ownership guidelines aligning the interests of executive officers with stockholders, claw-back provisions contained in stock plan award and other agreements, the use of multiple performance measures, and multi-year vesting schedules for equity awards.

Management discussed the findings of the risk assessment with the Human Resources Committee and the full Board. Based on the assessment, we have determined that our compensation programs and practices applicable to all employees, including executive officers, are aligned with the interests of stockholders, appropriately reward pay for performance, and are not reasonably likely to have a material adverse effect on the Company.

EXECUTIVE COMPENSATION DISCUSSION & ANALYSIS

Summary

During fiscal 2012, the Company, under our CEO's leadership, achieved the highest level of revenue and income in the Company's history and record net income in four of the last five years. The Company's total stockholder return for the period 2008 through 2012 ranked in the 96th percentile relative to its peers within the Company's compensation peer group. For these reasons, as well as the CEO's strategic leadership, he received a \$1,606,036 bonus for fiscal 2012 as shown in both the "Bonus" and "Non-Equity Incentive Plan Compensation" columns in the Summary Compensation Table on page 29, together with base salary increase and equity award applicable to fiscal 2013. Also, during fiscal 2012, our CEO received a 10.1% base salary increase so that his base salary would approximate the Company's compensation peer group median, and was awarded 62,000 non-qualified option shares and 12,000 shares of restricted stock as shown in the Grants of Plan-Based Awards in Fiscal 2012 table on page 31.

As a part of its annual review of executive compensation, perquisites and related matters, the Human Resources Committee (the "Committee") terminated effective March 1, 2013, the Company's executive medical plan. This plan provided reimbursement for deductibles, co-pays and certain expenses not covered by our basic medical and dental plans. Upon termination of the plan, each executive officer participant will receive a one-time salary increase of \$10,000 as a partial offset for the loss of this benefit. Consistent with competitive practice, we will pay the cost of annual physical exams for our executive officers.

Compensation Process, Philosophy and Objectives

The Committee has the responsibility for establishing, implementing and monitoring our executive compensation program. All compensation decisions relating to our CEO, Chief Financial Officer and the other executive officers identified in the Summary Compensation Table ("named executive officers") are made by the Committee after soliciting input from all independent Directors. For purposes of deciding upon named executive officer compensation, the Committee generally meets in late November and early December following the end of each fiscal year to consider bonus compensation for the completed fiscal year and salary adjustments and equity-based compensation awards for the next calendar year. During these meetings, the Committee also approves executive bonus plan performance objectives for the next fiscal year. Prior to making final compensation decisions, the Committee reviews proposed executive compensation with the independent Directors as a group. Generally, the types of compensation and benefits paid to our named executive officers are the same as those provided to other key employees. There are no material individual differences in compensation policies and decisions for our named executive officers.

The objectives of our executive compensation program are to compensate executives in a manner that advances the interests of the stockholders while ensuring that we are able to attract and retain qualified executives. To that end, we have designed our executive compensation program to reward the achievement of short- and long-term corporate goals that enhance stockholder value. The Committee monitors both performance and compensation to ensure that we maintain our ability to attract and retain qualified executives and that compensation paid to our executives remains competitive relative to compensation paid to executives of competitor companies. Our compensation elements consist of:

Base salary;

Bonus;

Long-term equity incentive compensation;

Retirement benefits; and

Other benefits.

We believe the Company should have the ability to recover compensation paid to executive officers and key employees under certain circumstances. As a result, we have two policies addressing recoupment of bonus and equity compensation from executive officers and certain other key employees. The following is a summary of those policies:

In the event the Board determines that any fraud or intentional misconduct caused or was a substantial contributing factor to a restatement of our financials, the Board may require reimbursement of any bonus compensation paid to an executive officer or certain other key employees to the extent the bonus paid exceeded what would have been paid had the financial results been properly reported. This policy applies to all bonuses paid after September 30, 2008, which coincide with the fiscal years that are subject to the restatement; and

If the Committee reasonably believes that a participant under our 2005 and 2010 Long-Term Incentive Plans ("Plans") has committed certain acts of misconduct, including fraud, embezzlement, or deliberate disregard of our rules or policies, that may reasonably be expected to result in damage to us, the Committee may cancel all or part of any outstanding award under the Plans whether or not vested or deferred. Additionally, if the misconduct occurs during a fiscal year in which there was also an exercise or receipt of an award under the Plans, the Committee may recoup any value received from such award.

Role of Executive Officers in Compensation

The Committee annually evaluates the performance of the CEO and determines the CEO's compensation in light of the objectives of our compensation program. The CEO provides an annual assessment of his performance and the performance of the other named executive officers, together with his recommendations as to the compensation of the other named executive officers. These recommendations are considered by the Committee when making its compensation decisions. The other named executive officers do not play a role in their own compensation decisions, other than discussing individual performance objectives with the CEO. The Executive Vice President and General Counsel and the Vice President, Human Resources review the compensation consultant's annual draft of its compensation analysis and provide comments for the consultant's consideration. They also attend Committee meetings and provide requested information to the Committee.

Role of Compensation Consultant

Pay Governance, the Committee's independent compensation consultant, provides at least annually research, market data, and survey information regarding executive and director compensation. At the Committee's request, Pay Governance advised the Committee on all principal aspects of executive compensation including the competitiveness of program design and award values. It provided the Committee with a written executive compensation analysis with respect to the named executive officers. The written analysis for fiscal 2012 addressed, among other things:

Comparison and assessment of named executive officers' compensation values to peer group proxy and survey data;

Total shareholder return comparison between the Company and its peer group discussed below;

Consultant recommendations; and

Emerging issues and trends in executive compensation.

The Committee generally reviews the compensation of the named executive officers in late November and early December following the end of a particular fiscal year. During 2012, Pay

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

Governance attended one meeting and presented its written compensation analysis and recommendations covering the named executive officers.

The Committee's compensation consultant periodically provides the Committee with a written director compensation analysis. The Committee reviews the analysis and determines whether to recommend to our Board a compensation increase for non-employee directors. The executive officers do not play a role in determining or recommending the amount or form of director compensation.

Pay Governance reports directly to the Committee although they may meet with management from time to time to gather information or to obtain management's perspective on executive compensation matters. The Committee has the sole authority under its Charter to retain, at our expense, or terminate the compensation consultant at any time. In addition, the Committee may conduct or authorize investigations of matters within its scope of responsibilities and may retain, at our expense, independent counsel or other advisors as it deems necessary.

The Committee has considered the independence of Pay Governance in light of SEC rules and proposed NYSE listing standards. The Committee requested and received a letter from Pay Governance addressing its independence, including the following factors:

other services provided to us by Pay Governance;

fees paid by us as a percentage of Pay Governance's total revenue;

policies or procedures maintained by Pay Governance that are designed to prevent a conflict of interest;

any business or personal relationships between the individual consultants involved in the engagement and a member of the Committee;

any Company stock owned by the individual consultants involved in the engagement; and

any business or personal relationships between our executive officers and Pay Governance or the individual consultants involved in the engagement.

The Committee discussed these considerations and concluded that the work of Pay Governance did not raise any conflict of interest.

Effect of Stockholder Say-on-Pay Vote on Executive Compensation Decisions

The Committee has reviewed the voting results from the advisory vote on executive compensation (commonly known as a say-on-pay proposal) conducted at our 2012 annual meeting of stockholders. At this meeting, more than 94.59% of the votes cast on the say-on-pay proposal were in favor of our named executive officers' compensation as disclosed in the proxy statement for that meeting. The Committee determined that, given the very high level of support, no changes to our executive compensation policies and decisions were necessary based on last year's voting results.

We have determined that our stockholders should have the opportunity to vote on a say-on-pay proposal each year. In the event there is any significant vote against the compensation of our named executive officers as disclosed in the proxy statement, the Committee will consider the concerns of the stockholders in future executive compensation decisions.

Determining Executive Compensation

In making compensation decisions, the Committee compares each element of compensation against a peer group of publicly-traded contract drilling and oilfield service companies (collectively "Compensation Peer Group") and against published survey data. The Compensation Peer Group consists of companies that are representative of the types of companies that we compete against for

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

talent. During 2012, Pay Governance conducted an independent review of our Compensation Peer Group and recommended no changes to that peer group. The companies included in our Compensation Peer Group are as follows:

Diamond Offshore Drilling, Inc.	Noble Corporation
Dresser-Rand Group Inc.	Nabors Industries Ltd.
Cameron International Corporation	ENSCO PLC
Rowan Companies, Inc.	Patterson-UTI Energy, Inc.
Unit Corporation	Atwood Oceanics, Inc.
Key Energy Services, Inc.	Hercules Offshore, Inc.
FMC Technologies, Inc.	Parker Drilling Company

The Committee also uses survey data to assist in compensation decisions, including those instances in which a named executive officer's position or duties do not match the position or duties of Compensation Peer Group executives. This survey data includes oilfield services, energy, and general industry data. The surveys referenced in Pay Governance's 2012 compensation report were:

2012 Mercer Energy Sector Compensation Survey;

2012 Frost Oilfield Manufacturing & Services Industry Executive Compensation Survey;

2012 Pearl Meyer & Partners Drilling Management Survey; and

2012 Towers Watson Oilfield Services Compensation Survey.

The Committee sets target total direct compensation for named executive officers to generally approximate the median level of compensation paid to similarly situated executives of the companies comprising the Compensation Peer Group. Variations to this objective may occur as dictated by corporate performance, experience level, internal equity, nature of duties, market factors, and retention issues. At the time the Committee makes compensation decisions, it uses prior fiscal year peer data and available survey data. This data provides peer compensation comparisons on a historical basis. However, the Committee is unable to determine how current pay of the named executive officers compares to current pay of peer executives.

A significant portion of total compensation is variable based on corporate performance and relative stockholder return. The Committee considers individual performance during its annual review of base salary and equity awards. However, no specific individual performance criteria or guidelines are used by the Committee as a controlling factor in the Committee's ultimate judgment and final decision. In deciding on the type and amount of executive compensation, the Committee focuses on both current pay and the opportunity for future compensation. The Committee does not have a specific formula for allocating each element of pay, but instead bases the allocation on peer and survey data and the Committee's judgment. Salary adjustments are generally limited to approximately the same percentage that is applicable to all office-based employees.

Historically, almost all of long-term equity incentive compensation has been awarded to named executive officers in the form of stock options. However, due to competitive considerations, the Committee since 2009, has generally awarded a mix of 70% stock options and 30%

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

time-based restricted stock. Equity awards are calculated based on an executive's base pay and the current value of our common stock. Under this methodology, the Committee has generally limited the value of annual equity awards to a range of 250% to 300% of the CEO's base salary and 200% to 270% of the base salary of the other named executive officers. To determine the actual number of stock option shares awarded to a named executive officer, the dollar value of the award is divided by the applicable Black-Scholes value. In determining the Black-Scholes value, the Committee uses an average price for our common stock over a 10-day trading period ending on the Friday before the week that stock option

awards are considered by the Committee. Exceptions to our long-term incentive compensation policy have occurred and may occur in the future as dictated by retention considerations and market factors.

2012 Executive Compensation Components

The principal components of compensation for named executive officers for the fiscal year ended September 30, 2012, are described below.

Base Salary

We provide named executive officers and other employees with a base salary to compensate them for services rendered during the fiscal year. Base salaries of named executive officers are set to generally approximate the median level of base salaries of similarly situated executives of companies included in the Compensation Peer Group. If base salaries of our named executive officers consistently fall below such median level, then the Committee will consider market adjustments to base salaries. Salary levels are typically considered annually as part of our review process as well as upon a promotion. Although named executive officers generally receive the same percentage salary increase applicable to office-based employees, the named executive officers may receive greater increases as a result of market adjustments, changes in duties or retention considerations.

Effective January 1, 2012, office-based employees generally received a 3% base salary increase in addition to applicable market salary increases. All named executive officers received market salary adjustments effective January 1, 2012, ranging from 10.1% to 16.7%.

Bonus

The Annual Bonus Plan for Executive Officers ("Bonus Plan") is a cash incentive plan for calculation of annual non-equity incentive-based compensation. These cash incentive awards are designed to reward short-term performance and achievement of strategic goals. Combined salaries and target bonus levels are intended to generally approximate the median of the Compensation Peer Group's combined salary and annual bonus levels.

Pursuant to the terms of the Bonus Plan, each named executive officer is assigned a threshold, target and reach bonus award opportunity expressed as a percentage of base salary. These bonus award opportunities range from 40% to 130% for the CEO and 25% to 100% for the other named executive officers and do not include the up to 100% bonus adjustment described below. An executive officer's bonus opportunity is based upon three weighted corporate performance criteria. These performance criteria and their weightings are: earnings per share (35%); return on invested capital (35%); and operating earnings before interest, taxes, depreciation, and amortization (30%). At the beginning of each fiscal year, the Committee approves the assignment of a threshold, target, and reach objective for each performance criterion. The target objective is established based upon the operating and capital budget approved by the Board. Once the target objective is established, the threshold objective is adjusted 30% below and the reach objective is adjusted between 30% and 50% above the target objective. Actual fiscal year financial results are compared to plan objectives in order to determine the amount of any executive officer bonus. If actual financial results fall between the threshold and target or the target and reach objectives, then bonuses are proportionately increased as a result of the threshold or target objective being exceeded. Notwithstanding the other provisions of the Bonus Plan, the Committee has the right to reduce or eliminate any bonus due a named executive officer based upon the Committee's determination of individual performance, and the Committee has the discretion to adjust performance criteria during a fiscal year if, for example, the initially-established performance criteria are rendered unrealistic in light of circumstances beyond the control of the Company and its management. No adjustments were made to the corporate performance criteria during fiscal 2012.

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

The approved corporate performance criteria for fiscal 2012 were:

	Threshold	Target	Reach
Earnings Per Share	\$ 2.93	\$ 4.19	\$ 5.45
Return on Invested Capital	9.2%	13.1%	17%
Operating EBITDA	\$ 786,000,000	\$ 1,123,000,000	\$ 1,459,000,000

The bonus, if any, is then subject to being increased or decreased by up to 100% based on the Committee's overall assessment of our dayrates, utilization and continued industry leading safety performance (20% weighting) and our stockholder returns relative to both the returns of our U.S. land drilling peers within the Compensation Peer Group and all companies within our peer group (80% weighting). In determining operational success, the Committee compared our dayrates, utilization and safety performance to that of our U.S. land drilling competitors, all but one of which are included in the Compensation Peer Group.

With the exception of the safety criterion, no specific criteria or objectives are used by the Committee when assessing our dayrates or utilization or relative stockholder returns. The Committee does consider Company safety statistics and compares those statistics to industry safety statistics. Whether the bonus of a named executive officer is increased or decreased by up to 100% is primarily dependent upon the Committee's judgment as to the named executive officer's success in positively affecting the corporate performance factors referred to above.

Within this framework, the Committee determined that the target objectives for earnings per share, return on invested capital and operating EBITDA had been exceeded in fiscal 2012 and that the annual bonus for all named executive officers be increased by approximately 60% due to our operational and safety success, record income and the achievement of favorable relative stockholder returns.

Long-Term Equity Incentive Compensation

The 2010 Plan was approved by our stockholders at the 2011 Annual Meeting of Stockholders. The 2010 Plan governs all stock-based awards granted on or after March 2, 2011, and the 2000 and the 2005 Long-Term Incentive Plans govern stock-based awards granted under such plans prior to March 2, 2011. The 2010 Plan allows the Committee to design stock-based compensation programs to encourage growth of stockholder value and allow key employees and non-employee Directors to participate in the long-term growth and profitability of the Company. Approximately 175 employees (including the named executive officers) and non-employee Directors receive stock-based awards on an annual basis. Stock option award levels are determined based on market data, and vary among participants based on their positions.

Under the 2010 Plan, the Committee may grant nonqualified stock options, restricted stock awards and stock appreciation rights to selected employees and non-employee Directors. Also, the Committee may grant incentive stock options to selected employees under such Plan. To date, the Committee has only awarded non-qualified stock options and time-vested restricted stock to participants. A total of 6,000,000 shares of common stock have been authorized for award under the 2010 Plan. With the exception of new employees or non-employee Directors, the Committee only approves annual stock-based awards at its meeting in late November or early December after the end of each fiscal year. The Committee selected this time period for review of executive compensation since it coincides with executive performance reviews and allows the Committee to receive and consider final fiscal year financial information. Newly hired employees or appointed Directors may be considered for stock-based awards at the time they join the Company. Exceptions to this policy may occur as dictated by retention considerations or market factors.

Stock Options

The Committee believes that stock options align the interests of executives with stockholders in that stock options only have value to the extent the price of our stock on the date of exercise exceeds the exercise price on the grant date.

The grant date for all stock options is the date the Committee approves the grant. The Committee does not make equity grants in anticipation of the release of material non-public information and does not time the release of such information based on equity award grant dates. The Committee has never approved a backdated stock option grant.

The grant price for all option grants, as provided by the 2010 Plan, is the closing price on the date of grant. Such Plan also prohibits repricing of stock option awards.

The majority of options granted by the Committee vest at a rate of 25% per year over the first four years of the ten-year option term. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to the option.

The number and grant date fair value of non-qualified stock options awarded to the named executive officers in fiscal 2012 are shown in the Grants of Plan-Based Awards in Fiscal 2012 table on page 31. In making these awards, the Committee applied the methodology discussed above and considered individual and corporate performance and the value of equity awards made by competitors.

Restricted Stock

We believe that awards of restricted stock assists in retention of executives and other key employees. Since 2009, the Committee has annually awarded time-vested restricted stock to the named executive officers and other key employees. Generally, all restricted stock awards fully vest over a range of three to five years from the original date of grant. During the restriction period, the participant receives quarterly payments from us equal to quarterly dividends and has the right to vote restricted shares. Unvested restricted stock is forfeited if the executive or other key employee leaves the Company.

The number of shares of restricted stock awarded to the named executive officers in fiscal 2012 are shown in the Grants of Plan-Based Awards in Fiscal 2012 table on page 31. In making these awards, the Committee applied the methodology discussed above and considered the retentive effect of these awards during a competitive business climate, individual and corporate performance and the value of equity awards made by competitors.

Total Direct Compensation for 2012

With the exception of Messrs. Lindsay and Mackey, the following reflects the percentile ranking of how fiscal 2012 total direct compensation (i.e., base salary, bonus and equity awards) for the named executive officers compares to the total direct compensation of executives of the Compensation Peer Group:

Hans Helmerich	35 th percentile
Juan Pablo Tardio	65 th percentile

With regard to Messrs. Lindsay and Mackey, there was insufficient peer group data to provide a meaningful percentile ranking.

Retirement

Pension Plans

Prior to October 1, 2003, most full-time employees, including the named executive officers, participated in our qualified Employees Retirement Plan ("Pension Plan"). The named executive officers also participated in our non-qualified Supplemental Pension Plan. Effective October 1, 2003, we revised both the Pension Plan and the Supplemental Pension Plan to close the plans to new participants and reduced benefit accruals for current participants through September 30, 2006, at which time benefit accruals were discontinued and the plans frozen.

The fiscal 2012 year-end present value of accumulated benefits for each of the named executive officers is shown in the Pension Benefits for Fiscal 2012 table on page 35.

Savings Plans

Savings plans are designed to help employees, especially long-service employees, save and prepare for retirement.

Qualified Plan

Our 401(k)/Thrift Plan ("Savings Plan") is a tax-qualified savings plan pursuant to which most employees paid in U.S. dollars, including the named executive officers, are able to contribute to the Savings Plan on a before tax basis the lesser of up to 100% of their annual compensation or the dollar limit prescribed annually by the Internal Revenue Service ("IRS"). We match 100% of the first 5% of compensation that is contributed to the Savings Plan subject to IRS annual compensation limits (\$250,000 for 2012). All employee contributions are immediately vested and matching contributions are subject to a six-year graded vesting schedule.

Supplemental Savings Plan

In addition to the Savings Plan, the named executive officers and certain other eligible employees can participate in the Supplemental Savings Plan, which is a non-qualified savings plan. Pursuant to the Supplemental Savings Plan, a participant can contribute between 1% and 40% of the participant's cash compensation to the Supplemental Savings Plan on a before tax basis. If the participant has not received the full Company match of the first 5% of pay in the Savings Plan, then the balance of the match would be contributed to the Supplemental Savings Plan. The Nonqualified Deferred Compensation for Fiscal 2012 table on page 36 contains additional Supplemental Savings Plan information for the named executive officers.

Other Benefits

The named executive officers are provided with other benefits, including perquisites, that the Company and the Committee believe are reasonable. The Committee annually reviews the levels of these benefits provided to the named executive officers. The compensation associated with these benefits is included in the "All Other Compensation" column of the Summary Compensation Table on page 29 and a brief explanation of these benefits is shown in footnote 7 to such table. A more detailed explanation of our aircraft policy is provided below.

Company Aircraft

With the approval of the CEO, our aircraft may be used by the named executive officers and other employees for business purposes. Since many of our operations and offices are in remote locations, our aircraft provide a more efficient use of employee time and improved flight times than are available

commercially. Our aircraft also provide a more secure traveling environment where sensitive business issues may be discussed.

The CEO is allocated 15 hours personal use of our aircraft annually without reimbursement to us. The time attributable to our CEO's attendance at board meetings of publicly held companies will not be counted against the 15 hour limitation. Any personal use by the CEO in excess of this allotment will only be permitted under extraordinary circumstances. Also, with the approval of the CEO, the other named executive officers are permitted personal use of our aircraft, without reimbursement to us, only under extraordinary circumstances.

For tax purposes, imputed income is assessed to each named executive officer for his or his guest's personal travel based upon the Standard Industrial Fare Level of such flights during the calendar year.

Executive Officer and Director Stock Ownership Guidelines; Prohibited Transactions

Because the Board believes in linking the interests of management and stockholders, the Board has adopted stock ownership guidelines for the named executive officers. Our Executive Stock Ownership Guidelines specify a number of shares that our named executive officers must accumulate and hold within five years of the later of the adoption of the guidelines or the appointment of the individual as a named executive officer. The CEO is required to own shares having a value of five times base salary, and the other named executive officers are required to own shares having a value of two times base salary. The Board has adopted a similar policy applicable to Directors requiring ownership of shares having a value equal to two times annual compensation.

We prohibit our directors, officers and other employees from engaging in certain transactions involving Company stock. Transactions that are prohibited include hedging transactions and the pledging of Company stock as collateral.

Deductibility of Executive Compensation

The Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that we may not deduct certain compensation of more than \$1,000,000 that is paid to certain individuals. This limitation does not apply to compensation that meets the requirements under Section 162(m) for qualifying performance-based compensation. The Committee generally prefers to optimize the deductibility of compensation paid to our executive officers. However, if future compliance with Section 162(m) is inconsistent with our compensation policy or what is believed to be in the best interests of our stockholders, then future compensation arrangements may not be fully deductible under Section 162(m).

Potential Payments Upon Change-in-Control or Termination

Change-in-Control

We have entered into change-in-control agreements with the named executive officers and certain other key employees. These agreements are entered into in recognition of the importance to us and our stockholders of avoiding the distraction and loss of key management personnel that may occur in connection with rumored or actual change-in-control of the Company. These agreements contain a "double" trigger provision whereby no benefits will be paid to an executive unless both a change-in-control has occurred and the executive's employment is terminated after a change-in-control. We believe this arrangement appropriately balances our interests and the interests of executives since we make no payments unless a termination of employment occurs.

More specifically, if we actually or constructively terminate a named executive officer's employment within 24 months after a change-in-control other than for cause, disability, death, or the occurrence of a substantial downturn, or if any of the named executive officers terminates his

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

employment for good reason within 24 months after a change-in-control (as such terms are defined in the change-in-control agreement), any unvested benefits under our Supplemental Savings Plan and Supplemental Pension Plan and any options or restricted stock granted to any of the named executive officers will fully vest and we will be required to pay or provide:

A lump sum payment equal to two and one-half (2^{1/2}) times the base salary and annual bonus of the CEO and two (2) times the base salary and annual bonus of the other named executive officers;

24 months of benefit continuation;

A prorated annual bonus payable in one lump sum;

Up to \$5,000 for out-placement counseling services; and

A lump sum payment of any accrued vacation pay, any previously deferred compensation, and base salary through the termination date;

provided that the payments and benefits will be provided only if a named executive officer executes and does not revoke a release of claims in the form attached to the change-in-control agreement. No tax gross-ups are provided on payments made under these agreements. These agreements are automatically renewed for successive two-year periods unless terminated by us.

For more information regarding post-termination payments that we may be required to make to named executive officers in the event of a change-in-control, see the Potential Payments Upon Change-in-Control table on page 37.

Our long-term equity compensation plans contain a provision whereby all stock options and restricted stock will automatically become fully vested and immediately exercisable in the event of a change-in-control, as defined in such plans. This provision was included in all equity plans in order to be consistent with market practice at the time the plans were approved by stockholders. The potential value of the acceleration of vesting of stock options and restricted stock upon a change-in-control is reflected in columns 6 and 7 of the Potential Payments Upon Change-in-Control table on page 37.

Other Termination Payments

The Supplemental Pension Plan and Supplemental Savings Plan described on page 26 and quantified in the Pension Benefits for Fiscal 2012 and Nonqualified Deferred Compensation for Fiscal 2012 tables on pages 35 and 36 provide for potential payments to named executive officers upon termination of employment for other than change-in-control.

Compensation Committee Report

The Human Resources Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis ("CD&A") required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Human Resources Committee recommended to the Board that the CD&A be included in this proxy statement. This report is provided by the following Directors, who comprise the Human Resources Committee:

- (1) The amounts shown in this column are salaries earned during fiscal 2012, 2011, and 2010. Annual salary adjustments become effective at the beginning of each calendar year. Thus, the salaries reported in the above table for fiscal 2012 are the sum of the named executive officers' salaries for the last three months of calendar 2011 and the new salaries for the first nine months of calendar 2012.
- (2) The amounts shown in this column reflect the amounts paid pursuant to our Annual Bonus Plan for Executive Officers based on the Human Resources Committee's assessment of our safety and operational success and relative total stockholder return. The amounts were earned in connection with our performance for each reported fiscal year, but were paid during the first quarter of the succeeding fiscal year. Also, the amounts are over and above the amounts earned by meeting the performance objectives under the bonus plan.
- (3) The amounts included in this column represent the aggregate grant date fair value of stock awards determined pursuant to FASB ASC Topic 718. Because the amounts reflect our accounting expense, the amounts do not correspond to the actual value that will be recognized by the named executive officers. For additional information, including valuation assumptions with respect to the grants, refer to note 6, "Stock-Based Compensation," to our audited financial statements for the fiscal year ended September 30, 2012, included in the 2012 Annual Report on Form 10-K filed with the SEC on November 21, 2012.
- (4) The amounts included in this column represent the aggregate grant date fair value of option awards determined pursuant to FASB ASC Topic 718. Because the amounts reflect our accounting expense, the amounts do not correspond to the actual value that will be recognized by the named executive officers. For additional information, including valuation assumptions with respect to the grants, refer to note 6, "Stock-Based Compensation," to our audited financial statements for the fiscal year ended September 30, 2012, included in the 2012 Annual Report on Form 10-K filed with the SEC on November 21, 2012.
- (5) The amounts included in this column are payments under our Annual Bonus Plan for Executive Officers based on annual performance measured against pre-established objectives whose outcome is uncertain at the time the awards are communicated to the named executive officers. The bonus award opportunities and financial measures and financial measure weightings for determining bonus amounts for fiscal 2012 are described in the CD&A beginning on page 23.
- (6)

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

The amounts in this column reflect the aggregate change in the actuarial present value of the accumulated benefit of each named executive officer under our Pension Plan and our Supplemental Pension Plan. The actuarial present value calculation for fiscal 2012 for Mr. Mackey, who is retirement eligible, is based on an immediate annuity (with an assumed retirement date of September 30, 2012), whereas the present value calculation for Messrs. Helmerich, Lindsay and Tardio, who are not retirement eligible, is based on a deferred annuity (with an assumed retirement age of 61).

(7)

"All other compensation" for fiscal 2012 includes the following:

Our matching contribution to our 401(k)/Thrift Plan on behalf of each named executive officer as follows: Hans Helmerich \$12,500; John W. Lindsay \$12,500; Steven R. Mackey \$12,500; and Juan Pablo Tardio \$12,500.

Our matching contribution to the nonqualified Supplemental Savings Plan for Employees of Helmerich & Payne, Inc. on behalf of each named executive officer as follows: Hans Helmerich \$109,050; John W. Lindsay \$51,588; Steven R. Mackey \$39,487; and Juan Pablo Tardio \$34,177.

For Hans Helmerich, the amount reported includes \$63,568 for personal use of our aircraft. The value shown for personal use of our aircraft is the incremental cost to us of such use, which is calculated based on the variable operating costs to us per nautical mile of operation, which include fuel costs, repairs, meals, professional services, travel expenses and licenses and fees. Fixed costs that do not change based on usage, such as the cost of aircraft, pilot salaries, insurance, rent, and other costs, were not included. The amount reported includes deadhead flights and is reduced by any reimbursements to us. The amount reported is attributable primarily to flights by Mr. Helmerich in connection with attending board meetings of publicly held companies and complies with the Company's aircraft use policy described on pages 26 and 27 of the CD&A.

Our contributions toward business travel premiums, medical premiums, executive medical expenses, club memberships, and event tickets. The values of these personal benefits are based on the incremental aggregate cost to us and are not individually quantified because none of them individually exceeded the greater of \$25,000 or 10% of the total amount of perquisites and personal benefits for each named executive officer.

GRANTS OF PLAN-BASED AWARDS IN FISCAL 2012

As described on pages 24 and 25 of the CD&A, we provide incentive award opportunities to executives, designed to reward both short-term and long-term business performance, and create a close alignment between incentive compensation and stockholders' interests. The following table provides information on non-equity incentive plan awards and restricted stock and stock options granted in fiscal 2012 to each of our named executive officers. Although the grant date fair value is shown in the table for these stock and option awards, there can be no assurance that these values will actually be realized during the terms of these grants.

	12/6/2011							3,000 (3)			179,280

(1) These columns show the threshold, target, and maximum potential value of the payout for each named executive officer under our Annual Bonus Plan for Executive Officers if certain of our financial performance objectives are achieved for the October 1, 2011, to September 30, 2012, performance period. The amounts are based on salaries in effect as of January 1, 2012 for each named executive officer (with the exception of Mr. Lindsay, whose bonus was based on a salary change effective on September 5, 2012) which is the basis for determining the actual payments to be made subsequent to year-end. The potential payouts are performance-driven and, therefore, are at risk. The possible payouts reflected in the table may be increased or decreased by an adjustment factor of up to 100% based on the Human Resources Committee's assessment of corporate performance. The financial measures, bonus opportunities, and adjustment factors for determining payout are described in the CD&A on pages 23 and 24.

(2) The shares of restricted stock were granted in fiscal 2012 to the named executive officer. The stock vests ratably in four equal annual installments, beginning on December 6, 2012, one year after the grant date. Dividends are paid on the restricted stock at the same rate applicable to other holders of our common stock.

(3) The shares of restricted stock were granted in fiscal 2012 to the named executive officer. The stock vests ratably in four equal annual installments, beginning on December 6, 2014, three years after the grant date. Dividends are paid on the restricted stock at the same rate applicable to other holders of our common stock.

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

This column shows the number of stock options granted in fiscal 2012 to the named executive officers. The options vest and become exercisable ratably in four equal annual installments, beginning on December 6, 2012, one year after the grant date.

(5)

This column shows the exercise price for the stock options granted, which was the closing price of our common stock on December 6, 2011.

(6)

The fair value shown for stock awards and option awards are accounted for in accordance with FASB ASC Topic 718. This column shows the full grant date fair value of the restricted stock and stock options under FASB ASC Topic 718 granted to the named executive officers in fiscal 2012. The full grant date fair value is the amount that we would expense in our financial statements over the award's vesting schedule. For restricted stock, fair value is calculated based on the average of the high and low sales prices on December 6, 2011. For stock options, fair value was calculated using the Black-Scholes value on the grant date of \$27.75. In applying the Black-Scholes model, we have made certain valuation assumptions. For additional information on the valuation assumptions, refer to note 6, "Stock-Based Compensation," to our audited financial statements for the fiscal year ended September 30, 2012, included in the 2012 Annual Report on Form 10-K filed with the SEC on November 21, 2012. The actual value, if any, the named executive officer will realize on option awards will depend on the excess of the market value of the common stock over the exercise price on the date the option is exercised. The values reflect the accounting expense and may not reflect the actual value realized by the named executive officer.

Outstanding Equity Awards at Fiscal 2012 Year-End

The following table provides information on the current holdings of stock option awards and restricted stock awards by the named executive officers at September 30, 2012. This table includes exercisable and unexercisable option awards and unvested restricted stock awards, and such awards are reflected in each row below on an award-by-award basis. The vesting schedule for each grant that has not fully vested is shown following this table. For additional information about the option awards and stock awards, see the description of such awards in the CD&A on pages 24 and 25.

PENSION BENEFITS FOR FISCAL 2012

The Pension Benefits table below sets forth the fiscal 2012 year-end present value of accumulated benefits payable to each of our named executive officers under our Pension Plan and the Supplemental Pension Plan. Effective October 1, 2003, we revised both the Pension Plan and the Supplemental Pension Plan to close the plans to new participants and reduced benefit accruals for current participants through September 30, 2006, at which time benefit accruals were discontinued and the plans frozen.

The pension benefit under our Pension Plan for time periods prior to October 1, 2003, is calculated pursuant to the following formula:

$$\text{Compensation} \times 1.5\% = \text{Annual Pension Benefit.}$$

The pension benefit for the period commencing October 1, 2003, through September 30, 2006, is calculated as follows:

$$\text{Compensation} \times 0.75\% = \text{Annual Pension Benefit.}$$

Pension benefits are determined based on compensation received throughout a participant's career. "Compensation" includes salary, bonus, vacation pay, sick pay, Section 401(k) elective deferrals, and Section 125 "cafeteria plan" deferrals. The Pension Plan benefit formulas are the same for all employees. Therefore, retirement benefits for executives are calculated in the same manner as for other employees.

A normal retirement benefit is available under our Pension Plan if the employee retires at age 65 with at least 5 years of credited service or is otherwise fully vested. The "normal retirement date" is the first day of the month coincident with or next following the later of (i) normal retirement age (age 65) and (ii) the fifth anniversary of the employee's participation in the Plan.

An employee can take early retirement once he has reached age 55 and has completed at least 10 years of credited service. The amount of the early retirement benefit payment is reduced if the employee retires prior to age 62 and immediately begins receiving payments. The reduction in the annual benefit amount is 6% for each year ($1/2$ of 1% for each month) the employee's early retirement benefit payments start prior to age 62. The Pension Plan provides unreduced benefits for early retirement after the employee reaches age 62 and has at least 10 years of credited service. The benefit after age 62 is calculated the same as a benefit at age 65.

A vested benefit is available if the employee terminates employment before early or normal retirement and has 5 or more years of credited service. However, the employee may elect to start receiving a benefit as early as age 55 if he had 10 years of credited service. In this situation, the monthly amount will be less than what the employee would receive had he waited until age 65 since the benefit will be actuarially reduced to cover a longer period of time for payment. The actuarial reduction of the early deferred vested pension is greater than the reduction for early retirement immediately following termination of employment. However, if the employee qualified for the more favorable reduction factors at the time he leaves the Company, the benefit is based on those factors.

The employee may choose among alternative forms of retirement income payment after he becomes eligible to retire on his normal retirement date or early retirement date, as the case may be. Optional forms of payment include a single life annuity (which is an unreduced monthly pension for the rest of the employee's life), a Joint & Survivor Annuity (which is a reduced monthly pension during the employee's lifetime with payments, depending on the employee's election, of 50%, 75%, or 100% of the monthly pension continuing to the employee's spouse for the rest of the spouse's life), a guaranteed certain benefit option (which is a reduced monthly pension with payments guaranteed for 10 years and if the employee dies before the end of this period, his beneficiary will receive the payments through the end of this period) or a lump-sum (a one-time only lump sum payment, based on

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

the present value of the monthly benefits that would have been expected to be paid for the retiree's lifetime (no survivor benefits are payable under this option).

The Supplemental Pension Plan benefit payable to the employee is the difference between the monthly amount of our Pension Plan benefit to which the employee would have been entitled if such benefit were computed without giving effect to the limitations on benefits imposed by application of Sections 415 and 401(a)(17) of the Internal Revenue Code, and the monthly amount actually payable to the employee under our Pension Plan at the applicable point in time. The benefit amount is computed as of the employee's date of termination with the Company in the form of a straight life annuity payable over the employee's lifetime (calculated in the same manner as the Pension Plan) assuming payment was to commence at the employee's normal retirement date. The employee will be paid in the form of a lump sum payment or an annual installment payable over a period of two to 10 years as designated by the employee. The employee's form of payment election under the Pension Plan will not affect the payment form under the Supplemental Pension Plan. Payment under the Supplemental Pension Plan will commence within 30 days of the later of the first business day of the seventh month following the employee's separation from service or the age (between age 55 and 65) specified on the employee's election form. However, in the event of death, payment will be paid within 30 days of the date of death.

(1) The actuarial present value calculation for fiscal 2012 for Mr. Mackey, who is retirement eligible, is based on an immediate annuity (with an assumed retirement date of September 30, 2012), whereas the present value calculation for Messrs. Helmerich, Lindsay and Tardio, who are not retirement eligible, is based on a deferred annuity (with an assumed retirement age of 61). Effective beginning in 2008, the lump sum basis changed under the Pension Protection Act of 2006 ("PPA"). The lump sum factor is based on the PPA 2012 Applicable Mortality Table and the following tier rates: Segment 1 1.13%; Segment 2 3.71%; and Segment 3 4.52%. The lump-sum assumptions are consistent with those used at September 30, 2012. The Company's pension and the assumptions are more fully described in the Company's 2012 Annual Report on Form 10-K filed with the SEC on November 21, 2012.

Mr. Mackey is currently eligible to receive an unreduced early retirement benefit upon termination of employment. Messrs. Helmerich, Lindsay and Tardio would be eligible to receive a benefit anytime after attaining age 55 upon their termination of employment. Depending on their age at termination, they would be eligible to receive either a reduced early retirement benefit or an actuarially reduced early deferred vested benefit on or after age 55.

NONQUALIFIED DEFERRED COMPENSATION FOR FISCAL 2012

Pursuant to our Supplemental Savings Plan, a participant can contribute between 1% and 40% of a participant's combined base salary and bonus to the Plan on a before-tax basis. If the participant has not received the full Company match of the first 5% of pay in the Savings Plan, then the balance of the match will be contributed to the Supplemental Savings Plan. With the exception of one stable value fund, the investment fund selections are identical in both the qualified Savings Plan and the Supplemental Savings Plan. Unless previously distributed according to the terms of a scheduled in-service withdrawal, a participant's account will become payable at the time and in the form selected by the participant upon the earlier to occur of a participant's separation from service, a participant's disability, a change-in-control or the participant's death. A participant may select payment in the form of a single lump sum payment or annual installment payments payable over a period of two to 10 years.

The following Nonqualified Deferred Compensation table summarizes the named executive officers' compensation for fiscal 2012 under our Supplemental Savings Plan.

Name	Executive Contributions in Last FY (\$ (1))	Registrant Contributions in Last FY (\$ (1))	Aggregate Earnings in Last FY (\$ (2))	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$ (3))

- (1) The amounts reflected as Registrant Contributions above are included in the Summary Compensation Table under "All Other Compensation." Executive Contributions reflected above are made monthly during the fiscal year and are based on the employee's elected deferral percentage rate. These contributions are based on salary and bonus. Executive Contributions are reported as salary and bonus in the Summary Compensation Table.
- (2) These amounts do not include any above-market earnings.
- (3) The fiscal year-end balance reported for the Supplemental Savings Plan includes the following amounts that were previously reported in the above Summary Compensation Table as compensation for 2010 and 2011: Hans Helmerich \$266,515; John W. Lindsay \$65,851; Steven R. Mackey \$194,008; and Juan Pablo Tardio \$111,311.

POTENTIAL PAYMENTS UPON CHANGE-IN-CONTROL

The following table shows potential pre-tax payments to our named executive officers under existing agreements in the event of a change-in-control, assuming a September 30, 2012 termination date and using the closing price (\$47.61) of our common stock on September 28, 2012. Any payments due under the agreements are to be paid in a lump sum within 30 days after an executive's employment termination date.

- (1) For Mr. Helmerich, this amount represents a lump sum payment equal to two and one-half (2^{1/2}) times the sum of (a) base salary in effect at the time of termination and (b) an annual bonus, derived by taking the average of the annual bonus paid during the preceding two years. The computation for the other named executive officers is the same except that the multiplier in the preceding formula is two (2) times.
- (2) This amount represents an annual bonus for the fiscal year-end which coincides with the termination date of September 30, 2012. This annual bonus amount is calculated in the manner contemplated in footnote 1 above.
- (3) This column reflects accrued vacation pay not yet paid by us as of September 30, 2012.
- (4) This amount represents the value of 24 months of benefit continuation following the termination of employment. Benefits included are: 18 months of Company and executive medical COBRA, and private medical, dental and vision insurance for 6 months following COBRA; basic and supplemental life insurance; long-term disability insurance; Savings Plan match; and Supplemental Savings Plan match by us.
- (5) This amount represents payment for outplacement counseling services if utilized by the named executive officer.
- (6) This column represents the potential value of unvested stock options that would vest. The value in the column is derived by multiplying the number of shares underlying the options that vested by the difference between \$47.61, the market price of our common stock at September 28, 2012, and the exercise price of each option that vested.
- (7) This column represents the value of unvested restricted stock awards that would vest. The value on September 28, 2012, is shown at \$47.61 per share, the closing price of our common stock on that date.
- (8) This column reflects the value of, and payout under, the Supplemental Savings Plan and Supplemental Pension Plan.

DIRECTOR COMPENSATION IN FISCAL 2012

Each non-employee Director receives a quarterly retainer of \$17,500. The Audit Committee chair receives a quarterly retainer of \$3,750 and, beginning in the calendar year 2012, the Human Resources Committee and Nominating and Corporate Governance Committee chairs each began receiving a quarterly retainer of \$2,500. In addition, each member of the Audit Committee receives a quarterly retainer of \$1,250. In addition to quarterly retainers, each non-employee Director received in fiscal 2012 an option to purchase shares of our common stock pursuant to the Helmerich & Payne, Inc. 2010 Long-Term Incentive Plan which had a value of approximately \$75,000 on the date of grant. All non-employee Directors are reimbursed for expenses incurred in connection with the attending of Board or Committee meetings. Employee Directors do not receive compensation for serving on the Board.

The Directors may participate in our Director Deferred Compensation Plan ("Plan"). Each Director participating in the Plan may defer into a separate account maintained by us, all or a portion of such Director's cash compensation paid by us for services as a Director. A Director may select between two deemed investment alternatives, being an interest investment alternative and a stock unit investment alternative. The interest investment alternative provides for the payment of interest on deferred amounts in the Director's account at a rate equal to prime plus one percent. Under the stock unit investment alternative, we credit the Director's account with a number of stock units determined by dividing the Director's deferred compensation amount by the fair market value of a share of our common stock on the compensation deferral date. The Director's account is also credited with any dividends that would have been paid by us had the Director held actual shares of our common stock. The account balance attributable to the stock unit investment alternative may increase or decrease depending upon fluctuations in the value of our common stock and the distribution of dividends. The stock units credited to a Director's account are used solely as a device for the determination of the amount of cash payment to be distributed to the Director under the Plan. No Director is entitled to a distribution of actual shares of our common stock or to any other stockholder rights with respect to the stock units credited under the Plan. Except for emergency withdrawals and a change-in-control event (as defined in the Plan), the deferred cash amounts in a Director's account are not paid until he or she ceases to be a Director. The Plan does not create a trust and the participating Directors would be general unsecured creditors of the Company. Since employee Directors do not receive compensation for serving on the Board, only non-employee Directors are able to participate in the Plan. The Plan is interpreted and administered by the Human Resources Committee of the Board.

(2) The amounts included in this column represent the aggregate grant date fair value of option awards determined pursuant to FASB ASC Topic 718. Because the amounts reflect our accounting expense, the amounts do not correspond to the actual value that will be recognized by our directors. For additional information, including valuation assumptions with respect to the grants, refer to note 6, "Stock-Based Compensation," to our audited financial statements for the fiscal year ended September 30, 2012, included in the 2012 Annual Report on Form 10-K filed with the SEC on November 21, 2012.

The following table provides information on the outstanding equity awards at fiscal year-end for non-employee Directors. This table includes unexercised option awards reflected in each row below on an award-by-award basis. All options vested on the date of grant and expire ten years following the grant date. PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has appointed the firm of Ernst & Young LLP as the independent registered public accounting firm ("independent auditors") to audit our financial statements for fiscal year 2013. A proposal will be presented at the Annual Meeting asking the stockholders to ratify this appointment. The firm of Ernst & Young LLP has served us in this capacity for many years. Representatives of Ernst & Young LLP will be present at the annual meeting and will have the opportunity to make a statement if they so desire and to respond to appropriate questions. In the event the stockholders do not ratify the appointment of Ernst & Young LLP as the independent auditors to audit our financial statements for fiscal year 2013, the Audit Committee will consider the voting results and evaluate whether to select a different independent auditor.

Although ratification is not required by Delaware law, our articles or our by-laws, we are submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate governance. Even if the selection of Ernst & Young LLP is ratified, the Audit Committee may select different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF ERNST & YOUNG LLP AS OUR INDEPENDENT AUDITORS FOR FISCAL 2013.

The following table sets forth the aggregate fees and costs paid to Ernst & Young LLP during the last two fiscal years for professional services rendered to us:

The Audit Committee reviews and pre-approves audit and non-audit services performed by our independent registered public accounting firm as well as the fee charged for such services. Pre-approval is generally provided for up to one year, is detailed as to the particular service or category of service, and is subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. The Audit Committee may delegate pre-approval authority for such services to one or more of its members, whose decisions are then presented to the full Audit Committee at its next scheduled meeting. For fiscal 2011 and 2012, all of the audit and non-audit services provided by our independent registered public accounting firm were pre-approved by the Audit Committee in accordance with the Audit Committee Charter. In its review of all non-audit service fees, the Audit Committee considers among other things, the possible effect of such services on the auditor's independence.

Audit Committee Report

In conjunction with its activities during the fiscal year ended September 30, 2012, the Audit Committee has reviewed and discussed our audited financial statements with our management. The members of the Audit Committee have also discussed with our independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as modified or supplemented. The Audit Committee has received from our independent registered public accounting firm the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent registered public accounting firm its independence. Based on the foregoing review and discussions, the Audit Committee recommended to our Board that the audited financial statements be included in our Annual Report on Form 10-K for our fiscal year ended September 30, 2012.

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company is requesting stockholder approval, on an advisory basis, of the compensation of the Company's named executive officers as disclosed in this proxy statement. The Human Resources Committee of the Board has overseen the development of a compensation program that is described more fully in the Executive Compensation Discussion and Analysis section of this proxy statement, including the related compensation tables and narrative. Our compensation program is designed to attract and retain qualified executives who are critical to the successful implementation of our strategic business plan. Further, we believe that our compensation program promotes a performance-based culture and aligns the interests of executives with those of stockholders by linking a substantial portion of compensation to the Company's performance. It balances short-term and long-term compensation opportunities to ensure that the Company meets short-term objectives while continuing to produce value for our stockholders over the long-term.

During fiscal 2012, the Company, under our CEO's leadership, achieved the highest level of revenue and income in the Company's history and has experienced record net income in four of the last five years. The Company's total stockholder return for the period 2008 through 2012 ranked in the 96th percentile relative to its peers within the Company's Compensation Peer Group. The Company believes that its compensation program is appropriate and has served to accomplish the goals mentioned above. In deciding how to vote on this proposal, the Board urges you to consider the Executive Compensation Discussion and Analysis beginning on page 19 of this proxy statement.

For the reasons discussed, the Board recommends a vote in favor of the following resolution:

"Resolved, that the stockholders of the Company approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed pursuant to the SEC's compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the related narrative disclosure contained in the proxy statement)."

As an advisory vote, this proposal is not binding on the Company. However, the Human Resources Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by stockholders in their vote on this proposal, and will consider the outcome of the vote when making future compensation decisions for named executive officers. The Company currently conducts annual advisory votes on executive compensation, and we expect to conduct the next advisory vote at the Company's 2014 Annual Meeting of Stockholders.

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL 4 STOCKHOLDER PROPOSAL RELATING TO MAJORITY VOTING

The United Brotherhood of Carpenters Pension Fund, 101 Constitution Avenue, N.W., Washington, D.C. 20001, has represented that it is the beneficial owner of 1,501 shares of common stock of the Company and that it intends to present the proposal below for consideration at the Annual Meeting. In accordance with applicable rules of the SEC, the proposal and supporting statement, for which the Company accepts no responsibility, are set forth below exactly as they were submitted by the proponent.

Director Election Majority Vote Standard Proposal

Resolved: That the shareholders of Helmerich & Payne, Inc. ("Company") hereby request that the Board of Directors initiate the appropriate process to amend the Company's corporate governance documents (certificate of incorporation or bylaws) to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

Supporting Statement: Helmerich & Payne's Board of Directors should establish a majority vote standard in director elections in order to provide shareholders a meaningful role in these important elections. The proposed majority vote standard requires that a director nominee receive a majority of the votes cast in an election in order to be formally elected. The standard is particularly well-suited for the vast majority of director elections in which only board nominated candidates are on the ballot. Under the current plurality standard, a board nominee can be elected with as little as a single affirmative vote, even if a substantial majority of the votes cast are "withheld" from the nominee. We believe that a majority vote standard in board elections establishes a challenging vote standard for board nominees, enhances board accountability, and improves the performance of boards and individual directors.

In recent years, approximately 83% of the companies in the S&P 500 Index have adopted a majority vote standard in company bylaws, articles of incorporation, or charter. These companies have also adopted a director resignation policy that establishes a board-centric post-election process to determine the status of any director nominee that is not elected. This dramatic move to a majority vote standard is in direct response to strong shareholder demand for a meaningful role in director elections.

The Helmerich & Payne Board of Directors has not acted to establish a majority vote standard, retaining its plurality vote standard, despite the fact that many of its self-identified peer companies, including Rowan Companies, FMC Technologies, and Noble Corporation have adopted majority voting. The Board should take this critical first step in establishing a meaningful majority vote standard. With a majority vote standard in place, the Board can then act to adopt a director resignation policy to address the status of unelected directors. A majority vote standard combined with a post-election director resignation policy would establish a meaningful right for shareholders to elect directors at Helmerich & Payne, while reserving for the Board an important post-election role in determining the continued status of an unelected director. We urge the Board to join the mainstream major U.S. companies and establish a majority vote standard in director elections.

Company's Response:

The Board of Directors has determined not to make a voting recommendation on this proposal for the following reasons:

The Company's Board of Directors has considered the proposal set forth above relating to majority voting for director elections, and has determined to make no voting recommendation to stockholders. The Board recognizes that there are valid arguments in favor of, and in opposition to,

Edgar Filing: HELMERICH & PAYNE INC - Form DEF 14A

majority voting. The Board wants to use this proposal as an opportunity for stockholders to express their views on this subject without being influenced by any recommendation the Board might make.

Approval of this proposal will not, by itself, implement majority voting. The proposal, which is advisory in nature, would constitute a recommendation to the Board if approved by stockholders. Further, in order to implement majority voting, the Company's bylaws would need to be amended. If the proposal is approved, the Board intends to consider whether and in what manner to implement majority voting in director elections.

FOR THE FOREGOING REASONS, THE BOARD OF DIRECTORS IS NEITHER SUPPORTING NOR OPPOSING THIS PROPOSAL AND MAKES NO VOTING RECOMMENDATION.
