NOTES TO THE FINANCIAL STATEMENTS

(unaudited)

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited interim financial statements of Kore Nutrition Incorporated (the Company or Kore) have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission (SEC), and should be read in conjunction with the audited financial statements and notes thereto contained in the Company's registration statement filed with the SEC on Form S-1. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. NOTE 2 - GOING CONCERN

Kore has recurring losses and has a deficit accumulated during the development stage of \$230,169 as of September 30, 2008. Kore's financial statements are prepared using the generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. Without realization of additional capital and achievement of profitable operations, Kore may be unlikely to continue as a going concern. Kore's management plans on raising cash from public or private debt or equity financing, on an as needed basis. Kore's ability to continue as a going concern is dependent on these additional cash financings, and, ultimately, upon achieving profitable operations through the development of mineral interests.

NOTE 3 LOANS FROM SHAREHOLDERS

The amounts due to shareholders are unsecured, non-interest bearing and have no specified terms of repayment.

NOTE 4 SHORT TERM LOAN-RELATED PARTY

The agreements expire in October 2008 but will continue on a month to month basis on the same terms. The directors will be compensated \$50,000 and \$25,000 per year, respectively. On April 30, 2008, Kore issued 5,000,000 shares of common stock to officers as settlement for unpaid salaries due under these agreements of \$106,250 (salaries earned through March 2008).

Kore neither owns nor leases any real or personal property, and an officer has provided office services without charge. Such costs are immaterial to the financial statements and accordingly are not reflected herein. The officers and directors are involved in other business activities and most likely will become involved in other business activities in the future.
