URANERZ ENERGY CORPORATION
NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To all Stockholders of Uranerz Energy Corporation:

You are invited to attend the 2014 Annual Meeting of Stockholders (the *Annual Meeting*) of Uranerz Energy Corporation (the *Company*). The Annual Meeting will be held at the Casper Petroleum Club, 1301 Wilkins Circle, Casper, Wyoming, U.S.A., 82601 on Wednesday, June 11, 2014, at 9:30 a.m. Mountain Daylight Time (*MDT*). The purposes of the meeting are:

1. To elect the Nominees to the Company's Board of Directors to serve until the Company's 2015 Annual Meeting of Stockholders or until successors are duly elected and qualified; the following are nominees for election as Directors: Glenn Catchpole, Dennis Higgs, Paul Goranson, Paul Saxton, Gerhard Kirchner, Peter Bell, and Arnold Dyck;
2. To ratify the appointment of the Company's independent registered public accounting firm, Manning Elliott LLP, for the fiscal year ending December 31, 2014;
3. To conduct an advisory vote on the compensation of our named executive officers; and
4. To conduct any other business that may properly come before the Annual Meeting.

The Board of Directors has fixed April 22, 2014 as the record date for the Annual Meeting. Only stockholders of the Company of record at the close of business on that date will be entitled to notice of, and to vote at, the Annual Meeting. A list of stockholders as of April 22, 2014 will be available at the Annual Meeting for inspection by any stockholder. Stockholders will need to register at the meeting to attend and vote at the meeting. If your shares of common stock are not registered in your name, you will need to obtain a proxy from the broker, bank or other institution that holds your shares of common stock in order to register to attend and vote. You should ask the broker, bank or other institution that holds your shares to provide you with a proxy to vote your shares of common stock at the Annual Meeting. Please bring that documentation to the meeting.

IMPORTANT

Whether or not you expect to attend the Annual Meeting, please sign and return the enclosed proxy promptly. If you decide to attend the meeting, you may, if you wish, revoke the proxy and vote your shares of common stock in person. The Company's Proxy Statement for the 2014 Annual Meeting of Stockholders and the Company's Annual Report for the fiscal year ended December 31, 2013 are available at <http://www.uranerz.com/s/2014annualmeeting.asp>.

By Order of the Board of Directors,

/s/ Sandra R. MacKay

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

To Be Held June 11, 2014

Unless the context requires otherwise, references in this statement to *Uranerz Energy*, *Uranerz*, the *Company*, *we*, *us* or *our* refer to Uranerz Energy Corporation.

The Annual Meeting of Stockholders of Uranerz Energy (the *Annual Meeting*) will be held at the Casper Petroleum Club, 1301 Wilkins Circle, Casper, Wyoming, U.S.A., 82601 on Wednesday, June 11, 2014, at 9:30 a.m. Mountain Daylight Time (*MDT*).

We are providing the enclosed proxy materials and form of proxy in connection with the solicitation by the Company's Board of Directors (the *Board*) of proxies for this Annual Meeting. The Company anticipates that this Proxy Statement and the form of proxy will first be mailed to holders of the Company's shares of common stock (the Company's shares of common stock will be referred to as *shares* and the whole class of common stock referred to as the *common stock*) on or about April 30, 2014. A notice of the availability of this Proxy Statement and the form of proxy will first be mailed to holders of the Company's common stock on or about this date.

You are invited to attend the Annual Meeting at the above stated time and location. If you plan to attend and your shares are held in street name in an account with a bank, broker or other nominee you must obtain a proxy issued in your name from such broker, bank or other nominee.

You can vote your shares by completing and returning the proxy card or, if you hold shares in street name, by completing the voting form provided by the broker, bank or other nominee.

A returned signed proxy card without an indication of how shares should be voted will be voted *FOR* the election of all nominees, *FOR* the ratification of the appointment of the Company's independent registered public accounting firm, and *FOR* the resolution approving the compensation of our named executive officers as disclosed in this Proxy Statement.

Our corporate bylaws define a quorum as one-third of the voting power of the issued and outstanding voting stock present in person or by proxy. The Company's Articles of Incorporation do not allow cumulative voting for directors. The nominees who receive the most votes will be elected. An affirmative vote of a simple majority of the shares present, whether in person or by proxy, is required to ratify the appointment of the Company's independent registered public accounting firm and to approve the advisory resolution approving the compensation of our named executive officers.

QUESTIONS AND ANSWERS ABOUT PROXY MATERIALS AND VOTING

Why am I receiving this Proxy Statement and proxy card?

You are receiving this Proxy Statement and proxy card because you were a stockholder of record at the close of business on April 22, 2014 and are entitled to vote at the Annual Meeting. This Proxy Statement describes issues on which the Company would like you, as a stockholder, to vote. It provides information on these issues so that you can make an informed decision. You do not need to attend the Annual Meeting to vote your shares.

When you sign the proxy card you appoint Glenn Catchpole, Chief Executive Officer of the Company, and Dennis Higgs, Executive Chairman of the Board of the Company, as your representatives at the Annual Meeting. As your representatives, they will vote your shares at the Annual Meeting (or any adjournments or postponements) in accordance with your instructions on your proxy card. With proxy voting, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, it is a good idea to complete, sign and return your proxy card in advance of the Annual Meeting just in case you change your plans.

If an issue comes up for vote at the Annual Meeting (or any adjournments or postponements) that is not described in this Proxy Statement, your representatives will vote your shares, under your proxy, in their discretion, subject to any limitations imposed by law.

When is the record date?

The Board has fixed April 22, 2014 as the record date for the Annual Meeting. Only holders of the Company's common stock as of the close of business on that date will be entitled to vote at the Annual Meeting.

How many shares are outstanding?

As of April 22, 2014, the Company had 86,154,806 shares of common stock issued and outstanding. The Company's common stock is the only outstanding voting security of the Company.

What am I voting on?

You are being asked to vote on the following:

- the election of the seven (7) nominees to the Company's Board to serve until the Company's 2015 annual meeting of stockholders or until successors are duly elected and qualified. The following are nominees for election as Directors: Glenn Catchpole, Dennis Higgs, Paul Goranson, Paul Saxton, Gerhard Kirchner, Peter Bell and Arnold Dyck;
- the ratification of the appointment of the Company's independent registered public accounting firm, Manning Elliott LLP, for the fiscal year 2014;
- to conduct an advisory, non-binding vote on the compensation of our named executive officers; and
- any other business that may properly come before the meeting.

How many votes do I get?

Each share is entitled to one vote. No cumulative rights are authorized, and dissenters' rights are not applicable to any of the matters being voted upon.

The Board recommends a vote **FOR** the election of all Directors, **FOR** the ratification of the appointment of the Company's independent registered public accounting firm, and **FOR** the resolution approving the compensation of our named executive officers as disclosed in this Proxy Statement.

How do I vote?

You have several voting options. You may vote by:

- signing your proxy card and mailing it in the enclosed, prepaid and addressed envelope;
- signing and faxing your proxy card to our transfer agent, Corporate Stock Transfer, for proxy voting, to the fax number provided on the proxy card;
- voting over the internet by following the procedures provided on the proxy card; or
- attending the Annual Meeting and voting in person.

If your shares are held in an account with a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy card from your broker, bank, or other nominee.

Can stockholders vote in person at the Annual Meeting?

The Company will pass out written ballots to anyone who wants to vote at the Annual Meeting. If you hold your shares through a brokerage account but do not have a physical share certificate, or the shares are registered in someone else's name, you must request a legal proxy from your stockbroker or the registered owner to vote at the meeting.

What if I share an address with another stockholder and we received only one copy of the proxy materials?

If certain requirements are met under relevant U.S. securities law, including in some circumstances the stockholders' prior written consent, we are permitted to deliver one annual report and one proxy statement to a group of stockholders who share the same address. If you share an address with another stockholder and have received only one copy of the proxy materials, but desire another copy, please send a written request to our offices at the address below or call us at (604) 689-1659 to request another copy of the proxy materials. Please note that each stockholder should receive a separate proxy card to vote the shares they own.

Send requests to:

Uranerz Energy Corporation
Suite 1410 800 West Pender Street
Vancouver, B.C., Canada V6C 2V6
Attention: Sandra R. MacKay, Corporate Secretary

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. You may do this by:

- signing another proxy with a later date and mailing it to the attention of: Jason K. Brenkert, Inspector of Elections, at 1400 Wewatta Street, Suite 400, Denver, Colorado, 80202, so long as it is received prior to 12:00 p.m. MDT on June 10, 2014;
- voting in person at the Annual Meeting; or
- giving written notice of the revocation of your proxy to the Company's Corporate Secretary, Sandra R. MacKay, at Suite 1410 800 West Pender Street, Vancouver, B.C., Canada V6C 2V6, prior to 12:00 p.m. MDT on June 10, 2014.

Beneficial stockholders should refer to the instructions received from their broker, bank or intermediary or the registered holder of the shares if they wish to change their vote.

How many votes do you need to hold the meeting?

To conduct the Annual Meeting, the Company must have a quorum, which means that one-third of the outstanding voting shares of the Company as of the record date must be present at the Annual Meeting. The common stock is the only outstanding voting stock of the Company. Based on 86,154,806 shares outstanding as of the record date of April 22, 2014, 28,718,269 shares must be present in person or by proxy for the quorum to be reached. Your shares will be counted as present at the Annual Meeting if you:

- submit a properly executed proxy card (even if you do not provide voting instructions); or
- attend the Annual Meeting and vote in person.

What if I abstain from voting?

Abstentions with respect to a proposal are counted for the purposes of establishing a quorum. Since the Company's bylaws state that matters presented at a meeting of the stockholders must be approved by the majority of the voting power of the voting shares present at the meeting, a properly executed proxy card marked **ABSTAIN** with respect to a proposal will have the same effect as voting **AGAINST** that proposal. However, as described below, election of directors is by a plurality of the votes cast at the meeting. A properly executed proxy card marked **WITHHELD** with respect to the election of directors will not be voted and will not count **FOR** any of the nominees for which the vote was withheld.

What effect does a broker non-vote have?

Brokers and other intermediaries holding shares in street name for their customers are generally required to vote the shares in the manner directed by their customers. If their customers do not give any direction, brokers may vote the shares on routine matters, but not on non-routine matters. Since the election of directors under this Proxy Statement is uncontested, the election of directors is considered a non-routine matter and brokers are not permitted to vote shares held in street name for their customers in relation to this item of business. The approval of compensation for our

executive officers is also considered a non-routine matter and brokers may not vote shares held in street name for their customers in relation to that item of business. The ratification of the appointment of the Company's independent registered public accounting firm for the fiscal year of 2014 is considered a routine matter and brokers will be permitted to vote shares held in street name for their customers.

The absence of a vote on a non-routine matter is referred to as a broker non-vote. Any shares represented at the Annual Meeting but not voted (whether by abstention, broker non-vote or otherwise) will have no impact in the election of directors, except to the extent that the failure to vote for an individual results in another individual receiving a larger proportion of votes cast for the election of directors. Any shares represented at the Annual Meeting but not voted (whether by abstention, broker non-vote or otherwise) with respect to the proposal to ratify the appointment of the independent registered public accountant and the proposal to approve the compensation of our named executive officers will have the same effect as a vote against such proposal.

How many votes are needed to elect directors?

The nominees for election as directors at the Annual Meeting will be elected by a plurality of the votes cast at the meeting. A properly executed proxy card marked **WITHHELD** with respect to the election of directors will not be voted and will not count **FOR** or **AGAINST** any of the nominees.

How many votes are needed to ratify the appointment of the independent registered public accountant Manning Elliott LLP?

The ratification of the appointment of the independent registered public accountant Manning Elliott LLP will be approved if a majority of the voting power of the voting shares present at the meeting votes **FOR** the proposal. A properly executed proxy card marked **ABSTAIN** with respect to this proposal will have the same effect as voting **AGAINST** this proposal.

How many votes are needed to approve the advisory, non-binding compensation for our executive officers?

The compensation for our named executive officers will be approved, on an advisory, non-binding basis, if a majority of the voting power of the voting shares present at the meeting votes **FOR** the proposal. A properly executed proxy card marked **ABSTAIN** with respect to this proposal will have the same effect as voting **AGAINST** this proposal.

Will my shares be voted if I do not sign and return my Proxy Card?

If your shares are held through a brokerage account, your brokerage firm, under certain circumstances and subject to certain legal restrictions, may vote your shares, otherwise your shares will not be voted at the meeting. See **What effect does a broker non-vote have?** above for a discussion of the matters on which your brokerage firm may vote your shares.

If your shares are registered in your name and you do not sign and return your proxy card, your shares will not be voted at the Annual Meeting.

Where can I find the voting results of the meeting?

Within four (4) business days of the Annual Meeting, the Company will file a current report on Form 8-K with the Securities and Exchange Commission (**SEC**) announcing the voting results of the Annual Meeting.

Who will pay for the costs of soliciting proxies?

The Company will bear the cost of soliciting proxies. In an effort to have as large a representation at the meeting as possible, the Company's directors, officers and employees may solicit proxies by telephone or in person in certain circumstances. These individuals will receive no additional compensation for their services other than their regular compensation. Upon request, the Company will reimburse brokers, dealers, banks, voting trustees and their nominees who are holders of record of the Company's Common Stock on the record date for the reasonable expenses incurred in mailing copies of the proxy materials to the beneficial owners of such shares.

When are stockholder proposals due for the 2015 annual meeting of stockholders?

In order to be considered for inclusion in next year's 2015 proxy statement, stockholder proposals must be submitted in writing to the Company's Corporate Secretary, Sandra R. MacKay, at Uranerz Energy Corporation, Suite 1410, 800 West Pender Street, Vancouver, B.C., Canada V6C 2V6, and received no later than January 1, 2015, provided that this date may be changed in the event that the date of the annual meeting of stockholders to be held in calendar year 2015 is changed by more than 30 days from the date of the annual meeting of stockholders to be held in calendar year 2014. Such proposals must also comply with the requirements as to form and substance established by the SEC if such proposals are to be included in our proxy statement and form of proxy.

Similarly, stockholder proposals not submitted for inclusion in the proxy statement and received after March 15, 2015 will be considered untimely pursuant to Rule 14a-5(e)(2) of the Securities Exchange Act of 1934, as amended (the *Exchange Act*) provided that this date may be changed in the event that the date of the annual meeting of stockholders to be held in the calendar year 2015 is changed by more than 30 days from the date of the Annual Meeting of stockholders to be held in calendar year 2014.

How can I obtain a copy of the 2013 Annual Report on Form 10-K?

The Company's 2013 Annual Report on Form 10-K, including financial statements, is available through the SEC's website at www.sec.gov.

At the written request of any stockholder who owns shares on the record date, the Company will provide to such stockholder, without charge, a paper copy of the Company's 2013 Annual Report on Form 10-K as filed with the SEC, including the financial statements, but not including exhibits. If requested, the Company will provide copies of the exhibits for a reasonable fee.

Requests for additional paper copies of the 2013 Annual Report on Form 10-K should be mailed to:

Uranerz Energy Corporation
Suite 1410 800 West Pender Street
Vancouver, B.C., Canada V6C 2V6
Attention: Sandra R. MacKay, Corporate Secretary

What materials accompany or are attached to this proxy statement?

The following materials accompany this proxy statement:

1. Form of proxy card; and
2. The Company's Annual Report on Form 10-K.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting

Under rules adopted by the SEC, we are now furnishing proxy materials on the internet in addition to mailing paper copies of the materials to each stockholder of record. **Instructions on how to access and review the proxy materials on the internet can be found on the proxy card or voting instruction form sent to stockholders of record. The 2013 Annual Report and this Proxy Statement can be accessed on the Company's website at www.uranerz.com/s/2014annualmeeting.asp. Directions for attending the Annual Meeting can also be found at this website.**

PROPOSAL 1 ELECTION OF DIRECTORS

QUESTIONS AND ANSWERS

What is the current composition of the Board?

The current Board is composed of seven directors. The Company's current bylaws require the Board to have at least one and not more than twelve directors.

Is the Board divided into classes? How long is the term?

No, the Board is not divided into classes. All directors serve one-year terms until the next annual meeting of stockholders or until their successors are otherwise duly elected and qualified.

Who is standing for election this year?

The Board has nominated the following seven current Board members for election at the 2014 Annual Meeting, to hold office until the 2015 Annual Meeting:

- Glenn Catchpole
- Dennis Higgs
- Paul Goranson
- Paul Saxton
- Gerhard Kirchner
- Peter Bell
- Arnold Dyck

How are nominees elected?

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting.

The Board recommends a vote *FOR* each of the nominees. All proxies executed and returned without an indication as to how shares should be voted will be voted *FOR* the election of all nominees.

INFORMATION ON THE BOARD OF DIRECTORS AND EXECUTIVE OFFICERS

The following table sets forth certain information with respect to our current directors, director nominees and executive officers. * Indicates that the director is independent in accordance with Section 803A of the NYSE MKT Company Guide.

The following is a description of the business background of the current directors, director nominees and executive officers of the Company.

Mr. Glenn Catchpole was appointed to the Board and became our President and Chief Executive Officer on March 1, 2005. Mr. Catchpole became Chief Executive Officer on December 2, 2013 upon the appointment of Mr. Goranson as President & Chief Operation Officer. Mr. Catchpole is a licensed engineer with a B.S. degree in Mechanical Engineering from the University of Wyoming and an M.S. degree in Civil Engineering from Colorado State University. He has been active in the uranium solution mining industry since 1978, holding various positions including well field engineer, project manager, general manager and managing director of several uranium solution mining operations.

In 1988 Mr. Catchpole joined Uranerz U.S.A., Inc. and Uranerz Exploration and Mining and became Director of Regulatory Affairs, Environmental Engineering and Solution Mining. Mr. Catchpole's responsibilities included the monitoring and oversight of the environmental and regulatory aspects of two large uranium mines in Canada and the operational aspects of one uranium solution mine in the United States. In 1996 Mr. Catchpole was appointed General Manager and Managing Director of the Inkai uranium solution mining project located in the Republic of Kazakhstan (Central Asia). In 1998 Cameco Corporation acquired Uranerz U.S.A. Inc., and Mr. Catchpole continued his post at the Inkai Project for Cameco. Mr. Catchpole spent six years taking the Inkai project from acquisition through feasibility study, joint venture formulation, government licensing, environmental permitting, design, construction and the first phase start-up.

Following his departure from Cameco in 2002, Mr. Catchpole was an independent consulting engineer providing project management to the oil and gas, mining, and construction industries. Mr. Catchpole is experienced in all phases of project development including environmental permitting, budgeting, scheduling, procurement, and construction of infrastructure and mining facilities. He has served on numerous mineral evaluation and due diligence teams.

Mr. Dennis Higgs is Executive Chairman of the Board. Mr. Higgs was appointed to the Board as President and Chief Executive Officer on May 26, 1999, and resigned as President and Chief Executive Officer on March 1, 2005. Mr. Higgs became Executive Chairman of our Board on February 1, 2006.

Mr. Higgs has been involved in the financial and venture capital markets for over twenty-five years, raising millions of dollars in the United States, Canada and Europe. He founded his first junior exploration company in 1983 and took it public through an initial public offering in 1984. Since then, Mr. Higgs has been involved in the founding, financing, initial public listing, and building of several companies. Mr. Higgs was directly involved with the founding and initial public offering of Arizona Star Resource Corp. and the listing and financing of BioSource International Inc.

Mr. Paul Goranson is President and Chief Operating Officer and was appointed to the Board on December 2, 2013.

Mr. Goranson is a licensed engineer with a B.S. degree in Natural Gas Engineering from Texas A&M University and an M.S. in Environmental Engineering from Texas A&M University Kingsville. Mr. Goranson has over twenty-five years of mining, processing and regulatory experience in the uranium extraction industry that includes both conventional and in-situ recovery ("*ISR*") mining. Most recently Mr. Goranson was President of Cameco Resources, a wholly-owned U.S. subsidiary of Cameco Corporation, which is one of the world's largest uranium mining companies. Mr. Goranson was responsible for executing the "Double U" growth strategy for Cameco's U.S. operations, including developing production expansion projects such as the North Butte *ISR* uranium recovery facility and the refurbishment of the Highland Central Processing Plant. While President of Cameco Resources, Mr. Goranson's responsibilities included executive leadership for the operations at the Smith Ranch-Highland, Crow Butte and North Butte *ISR* uranium recovery facilities.

Prior to Cameco Resources, Mr. Goranson was Vice President of Mesteña Uranium LLC where he led the construction, startup and operation of the Alta Mesa project that achieved over one million pounds of uranium production per year under his stewardship. At Mesteña his responsibilities included marketing uranium where he negotiated long term uranium supply contracts with nuclear utilities as well as spot uranium sales. Prior to Mesteña, Mr. Goranson was the manager for radiation safety, regulatory compliance and licensing with Rio Algom Mining

LLC, a division of BHP Billiton.

Mr. Paul Saxton was appointed to the Board on October 26, 2004. Mr. Saxton is a mining engineer who also holds an MBA from the University of Western Ontario. He has been active in the mining industry since 1969, holding various positions including mining engineer, mine superintendent, president and chief executive officer of numerous Canadian mining companies.

Following ten years with Cominco, Mr. Saxton became Vice President and subsequently President of Mascot Gold Mines Ltd., initially working on the design and construction of the Nickel Plate mine in British Columbia, Canada. Subsequently Mr. Saxton became a Vice President of Corona Corporation where he was responsible for western operations and exploration and was instrumental in the re-opening of the Nickel Plate Mine. In 1989, Mr. Saxton was appointed Senior Vice President of Viceroy Resource Corporation where he was responsible for helping to obtain financing and the construction and operations of the Castle Mountain mine in California. In 1994, Mr. Saxton was appointed President of Loki Gold Corporation and Baja Gold Inc. where he was responsible for arranging over \$45 million in mine financing and bringing the Brewery Creek Gold mine into production. Loki Gold, Baja Gold and Viceroy merged in 1996 and Mr. Saxton was named President of the new entity.

Following his departure from Viceroy in 1999, Mr. Saxton became president of Standard Mining Corp., organizing the company and supervising its exploration activities until 2001 when Standard Mining Corp. was merged with Doublestar Resources Ltd. In March 2004, Mr. Saxton was appointed as a director and President of Lincoln Gold Corporation, a company engaged in mineral exploration in Mexico and in the States of California and Nevada.

Mr. Saxton chairs the Company's Corporate Governance & Nominating Committee and is a member of the Compensation Committee.

Dr. Gerhard Kirchner was appointed to the Board March 13, 2005. Dr. Kirchner has 40 years of international mine development and management experience including 20 years with Uranerz Exploration and Mining Ltd. He received a multidisciplinary education in mining engineering and economic geology, and a Doctorate in Mining Sciences from the University of Leoben, Austria.

At Uranerz Exploration and Mining Ltd., Dr. Kirchner spent nine years as General Manager and eleven years as Senior Vice President. He and his team were responsible for the Key Lake uranium discovery, and the acquisition, engineering and development of projects such as the Midwest uranium deposit, Eagle Point North uranium deposit, Star Lake gold deposit and the Crow Butte ISL uranium deposit.

Arrangements between Officers and Directors

To our knowledge, there is no arrangement or understanding between any of our executive officers and any other person, including directors, pursuant to which the executive officer or director was selected to serve as an executive officer or director.

Family Relationships

None of our directors or executive officers is related by blood, marriage, or adoption to any other director or executive officer.

Other Directorships

None of our directors or director nominees are also directors of issuers with a class of securities registered under Section 12 of the *United States Securities Exchange Act of 1934*, as amended, (the *Exchange Act*) (or which otherwise are required to file periodic reports under the Exchange Act).

Legal Proceedings

The Company is not aware of any material legal proceedings to which any director, officer or affiliate of the Company, or any owner of record or beneficially of more than five percent of the common stock of the Company, or any associate of any director, officer, affiliate of the Company, or security holder is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries.

The Company is not aware of any of its directors or officers being involved in any legal proceedings in the past ten years relating to any matters in bankruptcy, insolvency, criminal proceedings (other than traffic and other minor offenses) or being subject to any of the items set forth under Item 401(f) of Regulation S-K.

Director Qualification and Background

The Company's Corporate Governance & Nominating Committee identifies candidates for nomination to the Board. The Company does not have a formal policy with respect to evaluation of nominees, but it has been the Company's practice to seek to compose a Board which brings a full complement of skills and attributes and experience to the Board and in this respect the Company looks for a diverse range of attributes and qualifications among its Board candidates. These include: financial acumen, previous public company governance experience, experience in the uranium industry, sound business experience, government relations experience, investor relations experience, sales and marketing experience, ISR mining experience, and knowledge of the nuclear power industry. Each candidate is not expected to possess all of these attributes, but rather the Corporate Governance & Nominating committee seeks to nominate a group which, in the aggregate, is comprised of individuals who contribute the full range of such

experience and qualifications. Additionally, each nominee is expected to display a commitment to good governance and the protection of stockholder interests, demonstrated leadership skills, and effective communication skills. Nominees who have previously served as directors of the Company are also evaluated on the basis of their attendance record and their dedication to fulfillment of their responsibilities as a director of the Company.

In developing its recommendation as to the nominees to the Board for 2014, the Corporate Governance & Nominating Committee concluded that the proposed nominees should each serve as a director based on the following particular experience, qualifications and attributes of each director:

Mr. Glenn Catchpole is recommended as a nominee to the Board because of the following particular qualifications: extensive experience in the uranium industry; extensive government relations experience; proven business acumen; proven leadership abilities; strong interpersonal skills; a demonstrated ability to manage personnel; and a proven ability to take projects from exploration stage through production start-up.

Mr. Dennis Higgs is recommended as a nominee to the Board because of the following particular qualifications: significant experience in the raising of capital in the public markets; proven experience in forming companies and taking them from start-up to viability; significant experience in mergers & acquisitions and financings; experience in the mining industry and previous experience as a director of a public company; understanding of United States and Canadian securities laws and regulations; demonstrated leadership and interpersonal skills; and strong presentation and communication skills.

Mr. Paul Goranson is recommended as a nominee to the Board because of the following particular qualifications: extensive experience in the uranium industry; extensive experience in managing ISR uranium mines from greenfield exploration to commercial production; demonstrated ability to manage projects and personnel; demonstrated experience in government relations; held in high regard within the industry; proven leadership and management skills; and strong interpersonal skills.

Mr. Paul Saxton is recommended as a nominee to the Board because of the following particular qualifications and attributes: Mr. Saxton is a professional engineer with extensive experience in the mining industry, including working as a mine superintendent and a chief executive officer of a number of Canadian mining companies. Mr. Saxton has considerable previous public company director experience and experience raising capital in the public markets.

Dr. Gerhard Kirchner is recommended as a nominee to the Board because of the following particular qualifications and attributes: over 30 years of mine development and management experience, 20 of which have been in the uranium industry. Dr. Kirchner also has previous public company board experience, considerable investor relations experience and knowledge; his consultancy experience includes advising on mining and engineering projects worldwide.

Mr. Peter Bell is recommended as a nominee to the Board because of the following particular qualifications and attributes: Mr. Bell has considerable experience as a director of both public and private companies and professional organizations. Mr. Bell has broad business experience including having provided a broad range of consulting services to businesses in respect of marketing and sales efforts, business growth and development.

Mr. Arnold Dyck is recommended as a nominee to the Board because of the following particular qualifications and attributes: Mr. Dyck is a Certified Management Accountant and is qualified as a financial expert as defined for Audit Committee purposes by applicable securities legislation. Mr. Dyck is knowledgeable in best audit committee practices and has previously served on the boards of directors of subsidiary companies of public companies. Mr. Dyck's management and professional experience includes working within the uranium mining industry for the original Uranerz group of companies in a professional capacity and ultimately as a member of the board of directors of certain companies within that group.

The Corporate Governance & Nominating Committee also evaluates each candidate in respect of whether their personal and professional schedules allow them to dedicate sufficient time to governance of the Company and in each case the above nominees have demonstrated consistent conscientiousness in devoting their time and energies to the affairs of the Company.

CORPORATE GOVERNANCE

We believe that effective corporate governance is critical to our long-term success and our ability to create value for our stockholders. We regularly review our corporate governance practices, monitor emerging developments in corporate governance and update our policies and procedures when our Board determines that it would benefit the Company and our stockholders to do so. We also monitor our corporate governance policies and practices to maintain compliance with the provisions of the Sarbanes-Oxley Act of 2002, the SEC rules, the corporate governance standards of the NYSE MKT (the *NYSE MKT Standards*) and applicable Canadian requirements. Each of the Board's standing Committees reviews its charter not less than annually. During 2013 each of the standing Committees updated its respective charter to ensure consistency with NYSE MKT Standards and Canadian requirements as well as the Company's current practices and policies.

We maintain a corporate governance page on our website that includes: our Corporate Governance Guidelines, our Code of Business Conduct and Ethics and the charters for the Audit, Corporate Governance & Nominating and Compensation Committees of our Board, all of which can be found at www.uranerz.com by clicking on "Corporate Governance" under the heading "About Us". Reference to our website is provided herein for informational purposes only and no content on our website is incorporated herein by reference or otherwise forms a part of this proxy statement, unless otherwise stated herein.

BOARD OF DIRECTORS CONSTITUTION

The Company's current bylaws require the Board to have at least one and no more than twelve directors. The current Board is composed of seven directors. A Board of seven directors is being proposed for 2014.

Director Independence

We had seven Directors at December 31, 2013, including four independent Directors, as follows:

- Glenn Catchpole
- Dennis Higgs
- Paul Goranson
- Paul Saxton, independent
- Gerhard Kirchner, independent
- Peter Bell, independent
- Arnold Dyck, independent

Consistent with NYSE MKT Standards, the Board assesses the independence of its members not less than annually. The Board applies the requirements for independence set out in Rule 803A of the NYSE MKT Company Guide and considers all relevant facts and circumstances in making its assessment.

The Company's Code of Business Conduct and Ethics specifically addresses conflict of interest situations involving directors. Pursuant to our Code of Business Conduct and Ethics, all directors are required to act in the best interests of the Company and to avoid conflicts of interest.

With the assistance of the Corporate Governance & Nominating Committee, the Board has considered the relationship of the Company to each of the nominees for election by the stockholders at the Company's 2014 annual general meeting and has determined that four of the seven nominees for election as directors at the Annual Meeting are independent (Messrs. Saxton, Bell and Dyck and Dr. Kirchner). The three nominees who are not independent (Messrs. Catchpole, Higgs and Goranson) are executive officers of the Company and members of management.

MEETINGS OF THE BOARD AND BOARD MEMBER ATTENDANCE AT ANNUAL MEETING

Action by the Board of Directors or committees of the Board may be taken at in-person meetings, at meetings held by conference call, or by unanimous written consent. During the fiscal year ended December 31, 2013, the Board held six meetings in-person or by teleconference. The 2013 attendance record of Board members was 95%, as follows: Messrs. Higgs, Catchpole, Dyck, Saxton and Dr. Kirchner attended all six meetings of the Board; Mr. Bell attended five of the six meetings of the Board; and Mr. Goranson attended the one meeting of the Board held in 2013 following his appointment in December of 2013. At each of its regular in-person Board meetings the Board holds sessions at which the independent directors meet in the absence of management directors.

Board members are not required, but are expected to make every effort, to attend the annual meeting of stockholders. All of the then Board members attended last year's annual meeting. All seven current Board members who are nominated for election are expected to attend the 2014 Annual Meeting.

COMMUNICATIONS TO THE BOARD

Stockholders may communicate directly with members of the Board, or the Board as a group, by writing directly to the individual Board member or the Board, c/o Corporate Secretary, Sandra R. MacKay, at Uranerz Energy Corporation, Suite 1410 - 800 West Pender Street, Vancouver, B.C., Canada V6C 2V6. The Company's Corporate Secretary will forward communications directly to the appropriate Board member. If the correspondence is not addressed to a particular member, the communication will be forwarded to a Board member to bring to the attention of the Board. The Company's Corporate Secretary will review all communications before forwarding them to the appropriate Board member.

BOARD LEADERSHIP STRUCTURE

The Board has reviewed our Company's current Board leadership structure in light of the composition of the Board, the Company's size, the nature and stage of the Company's business, the regulatory framework under which the Company operates, the Company's stockholder base and other relevant factors. Under the current Board leadership structure, the positions of Chairman of the Board (the *Executive Chairman*) and Chief Executive Officer (the *Chief Executive Officer*) are two separate and distinct positions. The Board is of the view that this Board leadership structure is appropriate for the Company. The Board noted the following factors in reaching its determination:

- the Board operates efficiently and effectively under its current structure;
- by virtue of their complimentary but distinct backgrounds and experience, the senior executive functions within the Company are appropriately divided between the two incumbents, as is the leadership of the Company's two operational offices; the Chief Executive Officer oversees the Casper, Wyoming office activities and the Executive Chairman oversees those of the Vancouver, Canada office;
- the Chief Executive Officer and the Executive Chairman provide an appropriate cross-check over one another in a manner which allows for effective decision making; and
- the separation of the two functions improves management independent director information sharing and communication because both the Chief Executive Officer and the Executive Chairman have direct communication with independent directors.

The Company does not have a lead independent director or independent chairman. Given the size of the Board, the Board believes that the presence of four independent directors out of the seven directors on the Board is sufficient independent oversight of the Executive Chairman and Chief Executive Officer. The independent directors work well together in the current board structure and the Board does not believe that selecting a lead independent director is necessary to improve or enhance the Board's oversight role.

THE BOARD OF DIRECTORS' ROLE IN RISK MANAGEMENT OVERSIGHT

The understanding, identification and management of risk are essential elements for the successful management of the Company. Risk management begins with management, which takes primary responsibility for risk identification, mitigation and control. The Board as a whole regularly assesses management's effectiveness in identifying and appropriately controlling risks. Not less than semi-annually, management presents a report to the Board summarizing its review and analysis of the Company's methods for identifying and managing risks.

The Audit Committee also has oversight responsibility with respect to the integrity of the Company's financial reporting process and systems of internal control regarding finance and accounting, as well as its financial statements. The Compensation Committee considers risks related to the Company's compensation programs and succession planning. The Corporate Governance & Nominating Committee considers risks related to the independence and effective functioning of the Board.

In the event that a committee is allocated responsibility for examining and analyzing a specific risk, such committee reports on the relevant risk exposure during its regular reports to the entire Board to facilitate proper risk oversight by the entire Board.

Based on a review of the nature of operations, we do not believe that any personnel of the Company are incented to take excessive risks that would likely have a material adverse effect on our operations.

BOARD COMMITTEES

Our Board has established three standing committees: an Audit Committee, a Compensation Committee, and a Corporate Governance & Nominating Committee, as well as a fourth committee: the Marketing Committee.

The information below sets out the current members of each of Uranerz Board committees and summarizes the functions of each of the Board committees in accordance with their charters.

Audit Committee

We have a standing Audit Committee, established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee's charter complies with Rule 10A-3 of the Exchange Act and the requirements of the NYSE MKT Company Guide. Our Audit Committee is comprised of three directors each of whom, in the opinion of the Company's Board, is independent (in accordance with Rule 10A-3 of the Exchange Act and the requirements of Section 803B of the NYSE MKT Company Guide) and financially literate: Arnold Dyck (committee Chair), Peter Bell and Gerhard Kirchner. Mr. Arnold Dyck satisfies the requirement of a financial expert as defined under Item 407(d)(5) of Regulation S-K and is, in the opinion of the Company's Board, financially sophisticated as that term is used in the NYSE MKT Company Guide.

Our Audit Committee monitors our audit and the preparation of financial statements and all financial disclosure contained in our SEC filings. Our Audit Committee appoints our external auditors, monitors their qualifications and independence and determines the appropriate level of their remuneration. The external auditors report directly to the Audit Committee. Our Audit Committee has the authority to terminate our external auditors' engagement and approve in advance any services to be provided by the external auditors that are not related to the audit.

The Committee's charter requires the Committee to evaluate the functioning of the Committee on an annual basis. The Committee also reviews its charter annually.

During the fiscal year ended December 31, 2013, the Audit Committee met eight times. Messrs. Dyck and Bell attended all eight meetings of the Committee; Dr. Kirchner attended seven of the eight Committee meetings. A copy of the Audit Committee charter can be found on the Company's website at: www.uranerz.com.

Audit Committee Report

The Company's Audit Committee oversees the Company's financial reporting process on behalf of the Board. The Audit Committee is comprised of three members. Each member is independent as determined under Rule 10A-3 of the Exchange Act and the rules of the NYSE MKT. The Audit Committee operates under a written charter adopted by the Board.

The Committee assists the Board by overseeing the (1) integrity of the Company's financial reporting and internal control, (2) independence and performance of the Company's independent auditors, and (3) provides an avenue of communication between management, the independent auditors, and the Board.

In the course of providing its oversight responsibilities regarding the 2013 financial statements, the Committee reviewed the 2013 audited financial statements, which appear in the 2013 Annual Report to Stockholders, with management and the Company's independent auditors. The Committee reviewed accounting principles, practices, and judgments as well as the adequacy and clarity of the notes to the financial statements.

The Audit Committee reviewed the independence and performance of the independent auditors who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, and such other matters as required to be communicated by the independent auditors in accordance with Statement of Audit Standard 61, as superseded by Statement of Auditing Standard 114 – the Auditor's Communication with Those Charged with Governance, as modified or supplemented.

The Audit Committee reviews the independent auditors' audit plan, scope and timing, not less than annually. The Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable standards of the Public Company Accounting Oversight Board for independent auditor communications with audit committees concerning independence as may be modified or supplemented, concerning its independence as required under applicable standards for auditors of public companies.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in the Annual Report to the SEC on Form 10-K for the year ended December 31, 2013. The Committee and the Board have also recommended the selection of Manning Elliott LLP as independent auditors for the Company for the fiscal year 2014.

Compensation Committee

We have a standing Compensation Committee currently comprised of four directors all of whom, in the opinion of the Company's Board, are independent (under Section 803A and Section 805(c)(1) of the NYSE MKT Company Guide): Peter Bell (committee Chair), Arnold Dyck, Gerhard Kirchner and Paul Saxton. We have a Compensation Committee charter that complies with the requirements of the NYSE MKT. Our Compensation Committee is responsible for considering and authorizing terms of employment and compensation of executive officers and providing advice on compensation structures. Neither the Chief Executive Officer nor the Executive Chairman may be present during the voting determination or deliberations in respect of his compensation. In addition, our Compensation Committee reviews both our overall salary objectives and significant modifications made to employee benefit plans, including those applicable to executive officers. The Compensation Committee is also responsible for reviewing and making recommendations to the Board with respect to succession planning for the executive officers.

The Compensation Committee is responsible for administration of the Company's stock option plan (the *Stock Option Plan*). The Compensation Committee authorizes the granting of stock options and determines the number of shares covered by each grant and the terms and conditions of the stock option, subject to the provisions of the Stock Option Plan.

The Compensation Committee also reviews the remuneration of independent directors from time to time to ensure that it properly reflects the responsibilities associated with being an effective independent director.

The Compensation Committee's charter requires the committee to evaluate the functioning of the committee on an annual basis. The Compensation Committee also reviews its charter annually.

During the fiscal year ended December 31, 2013, the Compensation Committee met in person twice. All of the members of the Compensation Committee attended all of the meetings held in fiscal year 2013. In addition to meeting in person the Compensation Committee rendered certain decisions by way of resolutions by written consent on four occasions during the course of the year. A copy of the Compensation Committee charter can be found on the Company's website at www.uranerz.com.

The Compensation Committee does not and cannot delegate its authority to determine director and executive officer compensation. Neither the Compensation Committee nor management engaged the services of an external compensation consultant during fiscal year 2013.

Corporate Governance & Nominating Committee

We have a standing Corporate Governance & Nominating Committee comprised of four directors all of whom, in the opinion of the Company's Board, are independent (under Section 803A of the NYSE MKT Company Guide): Paul Saxton (committee Chair), Arnold Dyck, Gerhard Kirchner and Peter Bell. We have a Corporate Governance & Nominating Committee charter that complies with the requirements of the NYSE MKT. Our Corporate Governance & Nominating Committee is responsible for developing our approach to corporate governance issues.

The Corporate Governance & Nominating Committee evaluates the qualifications of potential candidates for director and recommends to the Board nominees for election at the next annual meeting or any special meeting of stockholders, and any person to be considered to fill a Board vacancy resulting from death, disability, removal, resignation or an increase in Board size. During 2010 the committee developed a Board member skills matrix which identifies those personal attributes which each Board nominee is expected to possess as well as the range of professional and business experience which it felt the Board should possess in the aggregate. The committee refers to the skills matrix in its evaluation of individual directors and in its process for selecting and evaluating potential candidates to the Board. Candidates for the Board are required to demonstrate five personal attributes: he or she must: (i) adhere to the highest standards of ethics and integrity; (ii) be a team player; (iii) be independent-minded; (iv) have strong business acumen; and (v) possess a thorough understanding of the fiduciary duties of a director. Additionally, the Corporate Governance & Nominating Committee seeks to find candidates for the Board who display some or all of these skills and attributes: uranium mining industry experience, financial expertise or literacy, strategic planning experience, investment banking or capital raising experience, human resources knowledge, public company board experience, government relations experience, marketing experience and a mindset for risk management and oversight.

The Company does not have a formal policy regarding diversity in the selection of nominees for directors, however it does consider diversity as part of its overall selection strategy. In considering diversity of the Board in its criteria for selecting nominees, the Corporate Governance & Nominating Committee takes into account various factors and perspectives, including differences of viewpoint, professional experience, education, skills and other individual qualities and attributes that contribute to Board heterogeneity, as well as race, gender and national origin. The Corporate Governance & Nominating Committee seeks persons with leadership experience in a variety of contexts and, among public company leaders, across a variety of industries. The Corporate Governance & Nominating Committee believes that this expansive conceptualization of diversity is the most effective means to implement Board diversity. The Corporate Governance & Nominating Committee assesses the effectiveness of this approach as part of its annual review of its charter.

The Corporate Governance & Nominating Committee has not adopted a formal policy for the consideration of stockholder nominations because the Corporate Governance & Nominating Committee does not believe such a policy is necessary for the equitable treatment of stockholder nominations. All nominees are given the same consideration and the independent composition of the Corporate Governance & Nominating Committee minimizes the impact of the Company's management or non-independent directors on the consideration of nominees. Further, the Company has not traditionally received a significant number of stockholder nominations, so such nominations can be dealt with on a one-off basis and a separate policy to deal with a large volume of nominations is not necessary.

There have been no material changes to the procedures pursuant to which a stockholder may recommend a nominee to the Board. Shareholders wishing to recommend a nominee to the Board should send a communication, directed to Paul Saxton as chairman of the Corporate Governance & Nominating Committee pursuant to the procedures set forth above under the section heading "Communications to the Board".

No stockholder or stockholders holding 5% or more of the Company's outstanding shares, either individually or in aggregate, recommended a nominee for election to the Board during this past year. All of the nominees included on the proxy card accompanying this proxy statement were nominated by the Corporate Governance & Nominating Committee and recommended by the Company's current Board.

The Corporate Governance & Nominating Committee is responsible for evaluating the functioning of the Board and its committees on an annual basis and making recommendations to the full Board as appropriate.

The Corporate Governance & Nominating Committee oversees the Board education program and evaluates and recommends educational programs to independent Board members.

The Corporate Governance & Nominating Committee's charter requires the committee to evaluate the functioning of the committee on an annual basis. The committee also reviews its charter annually.

During the fiscal year ended December 31, 2013, the Corporate Governance & Nominating Committee met twice. All of the members of the Corporate Governance & Nominating Committee attended both meetings. A copy of the Corporate Governance & Nominating Committee charter can be found on the Company's website at www.uranerz.com.

Marketing Committee

We have a Marketing Committee which was comprised of three directors during 2013: Glenn Catchpole, Dennis Higgs, and Arnold Dyck. Mr. Goranson was appointed to the Committee in January of 2014. The Marketing Committee is not a standing committee but rather a special committee responsible for developing our strategic approach to marketing and negotiation of strategic uranium sales contracts. The Corporate Governance & Nominating Committee evaluates the benefit of and need for a Marketing Committee of the Board on an annual basis. That review will next occur at the end of fiscal year 2014.

DIRECTOR COMPENSATION

The following table sets forth the compensation granted to our directors for the fiscal year ended December 31, 2013.

OTHER GOVERNANCE MATTERS

Code of Business Conduct and Ethics

We have adopted a corporate Code of Business Conduct and Ethics administered by our Senior Vice President, Finance and Chief Financial Officer, Benjamin Leboe. Our Code of Business Conduct and Ethics provides written standards that are reasonably designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in reports and documents that are filed with, or submitted to, the SEC and in other public communications made by the Company;
- compliance with applicable governmental laws, rules and regulations;
- prompt internal reporting of violations of the code to an appropriate person or persons identified in the code; and
- accountability for adherence to the code.

Our Code of Business Conduct and Ethics is available on our website at www.uranerz.com. A copy of the Code of Business Conduct and Ethics will be provided to any person without charge upon written request to the Company at its administrative offices: Uranerz Energy Corporation, Suite 1410 800 West Pender Street, Vancouver, B.C., Canada V6C 2V6. We intend to disclose on our website any amendment to the Code of Business Conduct and Ethics and any waiver from a provision of our Code of Business Conduct and Ethics that applies to any of our principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions that relates to any element of our Code of Business Conduct and Ethics. No waivers were granted from the requirements of our Code of Business Conduct and Ethics during the fiscal year ended December 31, 2013, or during the subsequent period from January 1, 2014, through to the date of this Proxy Statement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires any person who is a director or executive officer of the Company or who beneficially holds more than 10% of any class of our securities which have been registered with the SEC, to file reports of initial ownership and changes in ownership with the SEC. These persons are also required under the regulations of the SEC to furnish us with copies of all Section 16(a) reports they file.

To our knowledge, based solely on our review of the copies of the Section 16(a) reports furnished to us, all Section 16(a) filing requirements applicable to our directors, executive officers and holders of more than 10% of any class of our registered securities were timely complied with.

Set out below under the heading Summary Compensation Table are particulars of the compensation paid to the Company's executive officers, who were also the Company's five highest paid officers during fiscal 2013 (the *Named Executive Officers*, or the *executive officers*):

- (a) the Company's Chief Executive Officer;
- (b) the Company's Executive Chairman;
- (c) the Company's President & Chief Operating Officer;
- (d) the Company's Senior Vice President, Finance & Chief Financial Officer; and
- (e) the Company's Senior Vice President, Legal & Corporate Secretary.

COMPENSATION DISCUSSION AND ANALYSIS

Oversight of Executive Compensation Program

The Compensation Committee of the Board oversees the Company's executive compensation programs which are designed specifically for the Company's executive officers. Additionally, the Compensation Committee is charged with reviewing the performance of the executive officers, not less than annually, and reviewing and approving all compensation decisions relating to the executive officers.

The Compensation Committee is composed entirely of independent, non-management members of the Board. At least once each year, and at such other times as is necessary, the Board reviews any and all relationships that each director has with the Company. The Board has determined that none of the Compensation Committee members has any material business relationship with the Company.

The responsibilities of the Compensation Committee, as stated in its charter, include the following:

- to review and assess the adequacy of the Compensation Committee charter annually and submit any proposed changes to the Board for approval;
- to produce an annual report on senior executive officer compensation for inclusion in the Company's annual report or the proxy statement relating to its annual meeting of stockholders;
- to review and make such recommendations to the Board as the Compensation Committee deems advisable with regard to all incentive-based compensation plans and equity-based plans;
- to assess the achievement of personal and corporate goals and objectives that are relevant to the compensation of the Company's senior executive officers;
- to evaluate senior executive officer performance in light of the goals and objectives that were set and determine and recommend senior executive officer compensation based on such evaluation; and

- to review and make recommendations to the Board with respect to the compensation of the senior executive officers.

Overview of Executive Compensation Program

The Company considers its people to be our primary asset and our principal source of competitive advantage. In order to recruit, motivate and retain the most qualified individuals as senior executive officers, the Company strives to maintain an executive compensation program that is competitive in the mining industry with a competitive, global labor market. Although the Company is currently in the exploration stage, in order to achieve our objective of becoming a producer we have drawn primarily upon senior experienced talent from senior companies within the industry or relevant profession. The purpose of the Company's compensation program is to encourage exceptional organizational and individual performance and to reward senior executive officers for enhancing shareholder value and achieving corporate goals.

In order to accomplish our goals and to ensure that the Company's executive compensation program is consistent with the Company's business strategy, the Compensation Committee, in designing or adapting and applying the executive compensation program, bears these principal objectives in mind:

- to encourage and reward performance which supports the Company's core values and business objectives;
- to provide competitive total compensation and reward programs to enhance the Company's ability to attract, motivate and retain knowledgeable and experienced senior executive officers; and
- to be mindful of shareholders' interests and the Company's key objective of increasing long-term shareholder value, which objective guides the Committee toward a pay for performance system, in which an executive officer's short and long-term compensation is dependent upon both individual and Company performance.

In considering shareholders' interests, the Compensation Committee considers the outcome of the most recent advisory say on pay vote by its shareholders as an indicator of whether the foregoing objective is being satisfactorily met or whether adjustments are warranted.

Compensation Elements and Rationale

There are three basic components to the Company's executive compensation program: base salary, short term incentive (cash) compensation and long-term incentive (equity) compensation. Each element, and the relative weighting, is considered in the context of the overall compensation package and with reference to the above-stated objectives.

(i) Base salary

Historical approach

The Compensation Committee has historically taken a conservative position in respect of base salaries which was considered appropriate to the Company's then stage of development. During 2010 the Company participated in a mining industry salary survey to which the Compensation Committee referred in assessing the competitiveness of the Company's senior executive officer compensation program. The 2010 survey, PriceWaterhouseCoopers Mining Industry Salary Survey, contained data from 290 U.S. and Canadian mining organizations (the identities of which were not provided). The Survey provided data for positions similar to the positions of the Named Executive Officers, as to average base salary, average cash incentive compensation as a percentage of base salary, average annual equity based grants and average total annual compensation. At that time the Committee concluded that the cash compensation elements of its executive officer compensation program, base salaries and short term cash incentives, appeared low relative to surveyed companies of like size and at a similar stage of development, however, the Committee considered this appropriate to the Company's then stage of development and the status of its recruiting efforts. This position was affirmed by the Committee in 2012 and 2011.

2013

As is described in more detail below, in 2013 the Compensation Committee concluded that improvements to the base salaries of the executive officers were appropriate to the Company's current stage of development and given the Company's need to attract and retain senior talent at this critical time. Reference was again made to the above-mentioned survey, this time with the objective of placing the base salary component of cash compensation in the midrange rather than below mid-range, to ensure annual base salaries remained competitive and to support the Company's recruiting and executive officer succession planning efforts. The Compensation Committee intends to keep base salaries competitive as a stand-alone compensation element going forward.

(ii) Short term incentive (cash bonus)

The objective of the short term incentive program is to put variable pay at risk, motivate the executive officers to achieve predetermined objectives and provide a means to reward achievement of corporate milestones and fulfillment of the annual business plan.

Historical approach

Historically, in 2010 and prior years, the Company was extremely conservative in its award of short term incentives, which we considered appropriate to the Company's stage of development; awards were fully discretionary based on the judgment of the Compensation Committee.

Transitioning to a less subjective and more formal, objective program

In 2011, the Compensation Committee developed a more formal framework for the potential award of short term incentive compensation to guide the Compensation Committee in exercising its discretion with respect to this compensation element. The more formal framework developed in 2011 called for the setting of annual corporate and individual goals for each executive officer and prescribed the relative weightings to be given to each in determining whether annual bonuses were earned. The Compensation Committee would then annually review demonstrated results, typically following the fiscal year end. While the more formal framework has guided the Committee in reaching such determinations since 2011, the Committee still exercises its discretion and admittedly subjective judgment in light of the fact that, until the Company is revenue producing, a wholly formulaic approach is difficult to apply. How the Committee exercised its judgment and discretion during 2013, and how performance was measured against goal achievement, is more fully described below.

During 2014, as the Company transitions to an operating company, the process for the determination of short term incentive compensation will be even more formalized. As significant corporate milestones are achieved by the Company during fiscal year 2014 and thereafter, we expect short term incentive compensation awards to become a more significant element of the overall executive officer compensation program. In 2013 the Compensation Committee adjusted the short term incentive compensation program by setting an upper threshold for awards: each executive officer may receive up to a maximum of 60% of his or her annual base compensation after review of both personal and corporate goal achievement. Commencing in 2014 we expect the determination of whether short term incentive compensation has been earned, and to what extent, to be more objectively and formulaically measurable, with Committee discretion and subjective judgment coming less and less into play. In anticipation of that transition, corporate goals for 2014 have been formalized, as have personal goals for 2014 for each executive officer.

(iii) Long term incentive (equity)

The Company's long term incentive program provides for the granting of stock options to executive officers to both motivate executive performance and retention, and align executive officer performance to shareholder value. In awarding long term incentives the Compensation Committee compares the long term incentive program to that of peer group companies and evaluates such factors as the number of options available in the Stock Option Plan and the number of options outstanding relative to the number of shares outstanding.

The Compensation Committee has historically sought to award stock options on a competitive basis given the conservative position taken in respect of cash compensation components. During 2012 the Company introduced a vesting schedule for options awarded to the executive officers in order to promote retention and to better align the Company's approach to this element of compensation with best governance practices.

During 2013, the number of options awarded to the executive officer group was reduced from the numbers granted in previous years. This was in part in recognition of the fact that the cash compensation elements of the executive program have improved. As described below, a number of factors were considered in making the 2013 grant recommendation and in placing less weight on this element of overall compensation. The Compensation Committee intends to annually consider the factors described above, as well as other relevant factors such as those considered in 2013 and described below, when exercising its discretion with respect to this element of executive compensation.

(iv) Non-cash compensation

The Company does not currently provide a benefit program such as health and welfare benefits or retirement saving programs to its senior executive officers who are engaged under consulting arrangements or who are based in Canada. The Company does make such standard health and welfare programs available to its other employees as well as to one of the five executive officers. During fiscal year 2014 the Compensation Committee will consider extending such a program to its Canadian based executive officers in order to ensure its compensation program remains competitive.

During fiscal year 2013, three of the Company's executive officers provided services through consulting or management agreements with the Company. Compensation to the Chief Executive Officer, Executive Chairman, and the Senior Vice President, Finance & Chief Financial Officer is paid as consulting or management fees pursuant to these agreements. This has been the case for some time. The Company considers such consulting arrangements to be no less favorable to the interests of shareholders than executive employment agreements. The Company enters into consulting agreements or employment agreements on a case by case basis depending on the executive officer's preference and individual engagement terms. In general terms, our executive officer compensation program is intended to operate in an integrated manner to meet our objectives for the program, and decisions about each element of the compensation program are made after taking into account the other elements of the program. As an exploration stage company without revenues, our compensation program has historically provided us with considerable flexibility whereby the Company has been able to conserve cash by paying modest base salaries and modest or no short term incentive bonuses, whilst utilizing the long term incentive award compensation element to ensure that overall compensation was fair. Historically, particularly when executive officers were founders or very early stage recruits to the Company, executive officers were compensated in a manner which emphasized stock options. As additional executive officers have been hired in a highly competitive market, and the Company has matured, cash compensation elements have increased in order to ensure an appropriate mix of compensation elements, again so that the Company can attract and retain the requisite senior talent. This has been particularly necessary, in the view of the Committee, at a time when there have been significant declines in share price and/or price volatility such that an equity compensation program might not provide a return to the executive which is competitive in the employment market place. At present, the Company's executive compensation program is now more balanced as a mix of the three compensation components, less weighted to non-cash compensation than in past years, to ensure retention of the senior management team at a crucial stage in the Company's development.

Review of Executive Officer Performance

The Compensation Committee reviews executive officer performance relative to corporate and individual goals not less than annually, typically at calendar year end. The Compensation Committee has the opportunity to meet with the executive officers frequently during the year, which assists the Compensation Committee in forming its own assessment of each individual's performance. Additionally, the Chief Executive Officer and the Executive Chairman provide their evaluations to the Committee of the performance of the other executive officers.

The Compensation Committee met in December of 2012 to assess the performance and accomplishments of the executive officers during the year 2012, in general terms. After assessing that corporate objectives had been substantially met and benchmarking against 2011 performance and the amount of cash incentive compensation which had been paid to the executive officer group in respect of 2011 performance, the Committee decided to accrue the sum of \$400,000 (in the aggregate) for the potential award, during 2013, of executive officer short term cash incentive compensation in respect of 2012 performance. The Committee resolved to consider, and if deemed appropriate, pay, individual allocations in fiscal year 2013, after a more detailed review of individual executive performance during 2012 and having due regard to fiscal constraints at the time that any such award would be paid.

In January of 2013, upon the recommendation of the executive officers, the Committee resolved to defer payment of short term cash incentive compensation to any of the executive officers due to fiscal constraint, pending further financing or improvements in the Company's cash position.

In July of 2013, in large part because the Company's cash position had improved due to the convertible note financing in June of 2013, the Committee conducted the activities relating to annual executive officer performance review and overall executive compensation program review which it had deferred from January of 2013.

At its July 2013 meeting, the Compensation Committee reached the decision to increase the base salaries of each of its executive officers, in part because it was mindful that when the award of short term incentive cash compensation had been deferred, as base salaries were already relatively low, the cash compensation paid to executive officers had become uncompetitive and retention and succession concerns had materialized.

The Compensation Committee then carried out a review of the performance of each executive officer and assessed the extent to which the Company's corporate objectives were achieved. The Committee considered the recommendations of the Chief Executive Officer and the Executive Chairman with respect to the performance of the other executive officers. The Committee then met without management present to review and discuss the performance of the Chief Executive Officer and the Executive Chairman as well as the other executive officers. The Committee considered the self-evaluation by each of the executive officers as to their achievement of their personal goals, and considered the executive officers' evaluation of the Company's achievements of its corporate objectives. The Committee also considered the Company's overall financial position in exercising its discretion with respect to executive awards. Because the Company is not yet revenue producing such that most of the Corporate goals are not objectively or formulaically measurable, the Committee was guided in good measure by the amounts awarded to the executive officers in 2012 after concluding that the individual performance levels attained during 2012 were substantially similar to those attained during 2011.

At its July 2013 meeting, the Committee reached the decision to grant a cash bonus to each of the executive officers, with each officer receiving an amount in relative proportion to his or her base salary and position within the organization. Favoring a conservative approach while the Company is not yet in production, the Committee determined that cash bonuses should not exceed 50% of regular base salaries, notwithstanding that corporate and personal goals were substantially achieved. The Committee was primarily influenced by corporate goal achievement in determining the bonuses of the Chief Executive Officer and the Executive Chairman. In the case of the Senior Vice President, Finance & Chief Financial Officer and the Senior Vice President, Legal & Corporate Secretary, while corporate goal achievements were factored in, personal goal achievement was given slightly greater weight.

The Committee was influenced by these key corporate achievements in relation to pre-determined objectives, in reaching its determination that bonus awards were in order to reward 2012 performance:

- (a) management had developed and executed upon a short term strategic plan during 2012;
- (b) Nichols Ranch construction had continued in a positive manner;
- (c) regulatory compliance was exemplary and in particular the critical deep disposal well permits had been obtained;
- (d) the workforce had been supplemented by quality new hires, and employee caliber and morale were high;
- (e) safety and environmental standards at the highest levels were being achieved and a culture which heeds safety and environmental concerns was being well established;
- (f) significant progress had been made in applying to the Wyoming Business Council for a loan under its industrial development revenue bond and additional financing had been secured in June of 2013; and
- (g) Board and management communication had been improved.

In assessing corporate and individual performance it was noted that the Company's treasury position, while subsequently supplemented, had become concerning. Similarly, the Company's market performance, while it was acknowledged that this was contributed to by many external factors, had not been exemplary, and thus the interests of shareholders in this respect were considered. Evaluation of these two latter performance measurements guided the Committee to a conservative position.

In assessing the individual performance of each executive officer relative to his or her personal stated objectives, the Committee found each executive officer's performance, when measured against the achievement of corporate and personal goals, to have been exemplary. Although application of a formulaic approach based only on corporate and goal achievement would have yielded a larger cash bonus award in each instance, the Committee exercised its discretion, bearing in mind the Company's stage of development and having regard to market factors and shareholder interests, to lower the cash incentive amounts to be awarded to a range of 50% of the executive's base salary. As stated above, while the corporate and personal goal achievement is one of the factors weighed by the Committee in evaluating bonus award entitlement, the Compensation Committee did not intend or wish to fetter its discretion to take into account additional factors.

In exercising its discretion the Committee compared the performance of the executive officers as a group during 2012 to 2011 performance and determined that the performance of the group was on par with 2011 performance. The Committee thus used the amounts awarded in 2011 as reference points. Individual proposed bonus amounts for each executive officer were compared as against one another to ensure internal equity amongst the group and to acknowledge that the group worked in a team approach such that in the Committee's view the amounts to be awarded should be substantially consistent. The aggregate cash compensation figures which would be yielded after taking into account bonus awards were reviewed to ensure that the overall cash compensation, while conservative, yielded an overall cash compensation program that was not so low as to present retention issues, again having regard to the above-referenced salary survey. Lastly, the Committee had reference to the aggregate amount which had been accrued in December of 2012 (\$400,000) and determined that it did not wish to exceed that amount. The individual bonus awards to each executive officer formulated through this process by the Committee are set out below.

In December of 2013 the Committee adopted a similar approach as to what it had taken in December 2012, earmarking a pool of \$420,000 for the awarding of bonuses in early 2014 to reward 2013 performance. That amount was determined after benchmarking against 2012 bonuses awarded.

Dennis Higgs, Executive Chairman

Mr. Higgs is compensated through the Company's consulting agreement with Ubex Capital Inc. The Board considers Mr. Higgs' continuing involvement to be of vital interest to the Company's success and increased Ubex's consulting services over time to the point where Mr. Higgs provides the Company services as a fully involved Executive Chairman. Mr. Higgs' consulting rate is based on the Board of Directors determination upon recommendation by the Compensation Committee of the value of his expertise to the Company.

In July of 2013 the annual retainer paid to Mr. Higgs' consulting firm was increased to \$250,000 per annum retroactive to January of 2013. In July of 2013 Mr. Higgs was awarded a discretionary cash bonus in the amount of \$102,500 in recognition of his instrumental contribution to the achievement of corporate goals in 2012. The review process which led to the annual retainer increase and bonus award, and the underlying compensation philosophy for such compensation elements, is described above.

Glenn Catchpole, Chief Executive Officer (and President and acting Chief Operating Officer, January-November, 2013)

Mr. Catchpole is compensated indirectly through the Company's consulting agreement with Catchpole Enterprises Inc. (*CEI*). The Company engaged CEI in early 2005 to provide industry expertise and strategic planning consulting services and full-time executive management to create a viable resource company. The Board and the Compensation Committee considers Mr. Catchpole's continuing involvement to be of vital interest to the Company's success. The Board has chosen the consulting arrangement to minimize administrative costs and to maintain the certainty and flexibility of contractual arrangements. Mr. Catchpole's consulting rate is based on the Board's determination upon recommendation by the Compensation Committee of the value of his expertise to the Company.

In July of 2013 the annual retainer paid to Mr. Catchpole's consulting firm was increased to \$250,000 per annum retroactive to January of 2013. In July of 2013 Mr. Catchpole was awarded a discretionary cash bonus in the amount of \$102,500 in recognition of his instrumental contribution to the achievement of corporate goals in 2012 and the additional workload assumed by Mr. Catchpole as acting Chief Operating Officer until the December 2013 hiring of Mr. Goranson. The review process which led to the annual retainer increase and bonus award, and the underlying compensation philosophy for such compensation elements, is described above.

Paul Goranson, President & Chief Operating Officer

Mr. Goranson was hired by the Company effective December 2, 2013 as its President & Chief Operating Officer. Mr. Goranson's base salary of \$230,000 per annum was determined by the Compensation Committee having regard to: market factors, with the objective of making a competitive employment offer in order to attract someone of Mr. Goranson's calibre and experience, Mr. Goranson's salary expectations based on his previous employment, and internal equity within the executive officer group. Mr. Goranson was awarded 250,000 stock options upon his hire, which options vest over a two year period. The amount of options awarded was determined by reference to historical awards to senior executive officers upon hire as well as those factors considered in determining base annual salary.

Benjamin Leboe, Senior Vice President, Finance & Chief Financial Officer

The Company's compensation policy for Mr. Leboe, as Principal of Independent Management Consultants of British Columbia is based on time spent consulting for the Company. The Board and the Compensation Committee believes that this provides the Company with greater flexibility in controlling expenses. Mr. Leboe's services as Chief Financial Officer entail a high and specialized degree of attention to the Company's financial management and reporting activities. Mr. Leboe has extensive expertise in the area of financial management, accounting, business valuation and management consulting, which expertise is very valuable to the Company. Mr. Leboe's consulting rate is based on the Board's determination upon recommendation by the Compensation Committee of the value of his expertise to the Company.

In July of 2013 the annual retainer paid to Mr. Leboe's consulting firm was increased to \$200,000 per annum retroactive to January of 2013. In July of 2013 Mr. Leboe was awarded a discretionary cash bonus in the amount of \$97,500 in recognition of his instrumental contribution to the achievement of corporate goals in 2012, his individual contribution as a member of the Company's executive team and his personal performance in fulfilling 2012 personal performance goals.

The review process which led to the annual retainer increase and bonus award, and the underlying compensation philosophy for such compensation elements, is described above.

Sandra MacKay, Senior Vice President, Legal & Corporate Secretary

Ms. MacKay's compensation rate is determined by the Board of Directors upon recommendation of the Compensation Committee, having regard to the value of her expertise to the Company. Ms. MacKay is an experienced lawyer with special expertise in the areas required in her role as general internal counsel to the Company; additionally she has an extensive business background.

In July of 2013 Ms. MacKay's annual base salary was increased to \$200,000 per annum retroactive to January of 2013. In July of 2013 Ms. MacKay was awarded a discretionary cash bonus in the amount of \$97,500 in recognition of her instrumental contribution to the achievement of corporate goals in 2012, her individual contribution as a member of the Company's executive team and her personal performance in fulfilling 2012 personal performance goals.

The review process which lead to the annual retainer increase and bonus award, and the underlying compensation philosophy for such compensation elements, is described above.

Disclosure Relating to Summary Compensation Table and Grants of Plan-Based Awards

For a discussion of each individual executive officer's compensation arrangements and cash bonuses, please see the discussion under each officer's name in the Compensation Discussion and Analysis above.

In July of 2013, as part of its review of the compensation program for executive officers and directors, the Compensation Committee endorsed option grants to its directors and executive officers, as is set out below. The number of options granted to directors was consistent with grants in 2012 and 2011. With respect to the executive officers, the number of options was reduced from historic levels and was determined in each case having regard to the impact which a recent decline in share price had had on the value of options previously given, in order to make the grant figures equitable amongst the group when considered against past grants in each individual's case.

In December of 2013 the Compensation Committee, as part of its annual review of the Company's overall compensation program, considered a universal option grant to all employees, excepting out directors and executive officers because those individuals had received option grants in July of 2012. The Compensation Committee determined that a universal option grant to regular employees consistent with historic annual levels was in order, in light of the Company's accomplishment in progressing construction of the Nichols Ranch Project, and in light of the need to retain key employees given the increased staffing demands as the Company prepares for production. The grant of a total of 970,000 stock options was approved. The Compensation Committee was once again mindful of the Company's guideline whereby it endeavors to ensure that the amount of options outstanding at any time does not, in the aggregate, exceed 10% of the number of issued and outstanding shares of common stock then outstanding (the 10% Limitation). In light of the 10% Limitation, and in order to align with best practices, the Compensation Committee determined that all options granted in December of 2013 would vest over a two year period, as to 40% upon the grant date, and as to 30% on each of the first and second anniversaries of the grant date. In 2011, such a vesting schedule was introduced for the first time, in respect of the stock option awards granted to executive officers and directors in December of 2011.

Compensation Committee Interlocks and Insider Participation

No person who served as a member of the Compensation Committee during fiscal year 2013 was a current or former officer or employee of the Company or engaged in certain transactions with the Company as required to be disclosed under Item 404 of Regulation S-K. Additionally, there were no compensation committee interlocks during fiscal year 2013, which generally means that no executive officer of the Company served as a director or member of the compensation committee of another entity which had an executive officer serving as a director or member of the Company's Compensation Committee.

Pension Benefits

None.

Non-Qualified Deferred Compensation

None.

Retirement, Resignation or Termination Plans

Officers with contracts for services have notice requirements which permit pay in lieu of notice. In December 2007 we approved a policy whereby certain executive officers will receive a termination payment of a multiple of their annual compensation following a change in control of our Company. At present, the multiple used for a change of control payment is five times base compensation for executive officers Higgs and Catchpole and three times base compensation for officer Leboe. In February of 2014, the Compensation Committee resolved in principle to change the terms of the change of control agreements which are currently in place for Messrs. Higgs, Catchpole and Leboe and to enter into new change of control agreements with Mr. Goranson and Ms. MacKay. Under the new agreement terms an executive officer will be compensated following a change of control, as will be precisely defined, only if the officer's engagement or employment is subsequently terminated or detrimentally changed such that the officer would have good reason to resign, as will be defined. In such circumstances, commonly referred to as a "double trigger", the executive officer will be entitled to a severance payment which will not exceed two times his or her annual cash compensation (base salary plus target incentive compensation). It is the view of the Compensation Committee that change of control agreements on such terms are more in line with current best practices and will better align to shareholders' interests going forward. Those agreements are expected to be put in place prior to the Annual General Meeting. Once concluded they will be disclosed in a Form 8-K filing by the Company.

Compensation Committee Report

The Compensation Committee oversees the Company's compensation reporting process on behalf of the Board. The Compensation Committee has four members, each of whom is independent as defined in the NYSE MKT Company Guide. The committee operates under a written charter, revised and adopted by the Board.

The Committee assists the Board by overseeing the (1) annual review of director and executive officer compensation policies and goals, (2) determining the compensation of directors and executive officers, and (3) providing accurate public disclosure of the Company's compensation program.

In the course of providing its oversight responsibilities regarding the Company's compensation of directors and executive officers in 2013, the Committee reviewed and discussed with management the Compensation Discussion and Analysis included in this Annual Report.

Based on the Compensation Committee's review of the Compensation Discussion and Analysis and discussions with the Board and the Company's management, the Compensation Committee recommended that the Compensation Discussion and Analysis be included in this Annual Report.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following tables set forth information as of December 31, 2013 regarding the ownership of our common stock by:

- each named executive officer, each director and all of our directors and executive officers as a group; and
- each person who is known by us to own more than 5% of our shares of common stock.

Beneficial ownership is determined in accordance with the rules and regulations of the SEC. Shares subject to options that are exercisable within 60 days following December 31, 2013 are deemed to be outstanding and beneficially owned by the optionee for the purpose of computing share and percentage ownership of that optionee but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. Except as indicated in the footnotes to this table, and as affected by applicable community property laws, all persons listed have sole voting and investment power for all shares shown as beneficially owned by them.

The number of shares beneficially owned and the percentage of shares beneficially owned are based on 85,815,074 shares of common stock outstanding plus 5,165,050 common share purchase options vested within 60 days of December 31, 2013.

We believe that all persons named have full voting and investment power with respect to the shares indicated, unless otherwise noted in the table. Under the rules of the SEC, a person (or group of persons) is deemed to be a beneficial owner of a security if he or she, directly or indirectly, has or shares the power to vote or to direct the voting of such

security, or the power to dispose of or to direct the disposition of such security. Accordingly, more than one person may be deemed to be a beneficial owner of the same security. A person is also deemed to be a beneficial owner of any security, which that person has the right to acquire within 60 days, such as options or warrants to purchase our common stock.

We have no knowledge of any other arrangements, including any pledge by any person of our securities, the operation of which may at a subsequent date result in a change in control.

We are not, to the best of our knowledge, directly or indirectly owned or controlled by another corporation or foreign government.

Change in Control

We are not aware of any arrangement that might result in a change in control in the future. We have no knowledge of any arrangements, including any pledge by any person of our securities, the operation of which may at a subsequent date result in a change in control of the Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We had no reportable transactions with related parties since January 1, 2013, including named security holders.

Policy for Review of Related Party Transactions

The Company has a policy for the review of transactions with related persons as set forth in the Company's Audit Committee Charter and internal practices. The policy requires review, approval or ratification of all transactions in which the Company is a participant and in which any of the Company's directors, executive officers, significant shareholders or an immediate family member of any of the foregoing persons has a direct or indirect material interest, subject to certain categories of transactions that are deemed to be pre-approved under the policy - including employment of executive officers, director compensation (in general, where such transactions are required to be reported in the Company's proxy statement pursuant to SEC compensation disclosure requirements), as well as certain transactions where the amounts involved do not exceed specified thresholds. All related party transactions must be reported for review by the Audit Committee of the Board pursuant to the Audit Committee's charter and the rules of the NYSE MKT.

Following its review, the Audit Committee determines whether these transactions are in, or not inconsistent with, the best interests of the Company and its shareholders, taking into consideration whether they are on terms no less favorable to the Company than those available with other parties and the related person's interest in the transaction. If a related party transaction is to be ongoing, the Audit Committee may establish guidelines for the Company's management to follow in its ongoing dealings with the related person.

Our policy for review of transactions with related persons was followed in all of the transactions set forth above and all such transactions were reviewed and approved in accordance with our policy for review of transactions with related persons.

PROPOSAL 2 RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

QUESTIONS AND ANSWERS

What am I voting on?

The Audit Committee has selected Manning Elliott LLP to be the Company's Independent Registered Public Accounting Firm for the current fiscal year ending December 31, 2014.

This proposal seeks stockholder ratification of the appointment of Manning Elliott LLP.

Will a representative of Manning Elliott be present at the Annual Meeting?

The Company does not expect that a representative of Manning Elliott will be present at the Annual Meeting and therefore will not be available to make a statement or answer questions.

INFORMATION IN RESPECT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Policy on Pre-Approval by Audit Committee of Services Performed by Independent Auditors

The Audit Committee has adopted procedures requiring the Audit Committee to review and approve in advance, all particular engagements for services provided by the Company s independent auditor. Consistent with applicable laws, the procedures permit limited amounts of services, other than audit, review or attest services, to be approved by one or more members of the Audit Committee pursuant to authority delegated by the Audit Committee, provided the Audit Committee is informed of each particular service. All of the engagements and fees for 2013 were pre-approved by the Audit Committee.

The Board recommends a vote *FOR* the ratification of the appointment of the independent registered public accounting firm. All proxies executed and returned without an indication as to how shares should be voted will be voted *FOR* the ratification of the appointment of the independent registered public accounting firm.

PROPOSAL 3 ADVISORY VOTE REGARDING EXECUTIVE COMPENSATION

The *Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010* (the *Dodd-Frank Act*), requires that the Company provide its stockholders with the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of the Company's named executive officers as disclosed in this Proxy Statement in accordance with applicable SEC rules.

As described in greater detail under the heading Executive Compensation - Compensation Discussion and Analysis, the Company's goal for its executive compensation program is to attract, motivate and retain a talented team of executives who will provide leadership for its success, and thereby increase shareholder value. The Company believes that its executive compensation program satisfies this goal and is strongly aligned with the long-term interests of its shareholders. Please see the section Executive Compensation and the related compensation tables for additional details about the Company's executive compensation programs, including information about the fiscal 2013 compensation of the Company's named executive officers.

The Company is asking its stockholders to indicate their support for its named executive officer compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives shareholders the opportunity to express their views on the Company's named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, the Company is asking shareholders to vote **FOR** the following resolution at the Meeting:

BE IT RESOLVED, that the shareholders of Uranerz Energy Corporation approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Proxy Statement for the 2014 annual general meeting of shareholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

This "say-on-pay" vote is advisory, and therefore, is not binding on the Company, the Compensation Committee or the Board. The Board and the Company's Compensation Committee value the opinions of the Company's shareholders, and to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement, the Company, the Board and the Compensation Committee will consider the results of the vote in future compensation deliberations. Pursuant to the advisory vote of Company's shareholders at our annual meeting of shareholders held on June 15, 2011, voting in favor of a frequency of advisory votes on executive compensation of every three (3) years, as disclosed in our current report on Form 8-K on June 21, 2011, our Board adopted a frequency of advisory votes on executive compensation of every three (3) years.

Unless otherwise instructed, the proxies given pursuant to this solicitation will be voted FOR the resolution approving the compensation of our named executive officers as disclosed in this Proxy Statement. Under the rules of the NYSE MKT exchange, brokers are prohibited from giving proxies to vote on executive compensation matters unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to this proposal if you want your broker to vote your shares on the matter.

The Board recommends that the shareholders vote FOR the resolution approving the compensation of our named executive officers as disclosed in this Proxy Statement.

OTHER MATTERS

As of the date of this Proxy Statement, management does not know of any other matter that will come before the meeting.

By Order of the Board of Directors

Sandra R. MacKay, Corporate Secretary

April 29, 2014

Please sign and return the enclosed form of proxy promptly. If you decide to attend the meeting, you may, if you wish, revoke the proxy and vote your shares in person.
