PROXY SOLICITATION

We are soliciting proxies on behalf of the board of directors, and we will pay all costs of preparing, assembling and mailing the proxy materials. In addition to mailing out proxy materials, our officers and employees may solicit proxies by telephone or fax, without receiving any additional compensation for their services. We have requested brokers, banks and other fiduciaries to forward proxy materials to the beneficial owners of our stock. We have engaged The Proxy Advisory Group, LLC, to assist in the solicitation of proxies and provide related advice and informational support, for a services fee and the reimbursement of customary disbursements that are not expected to exceed \$12,000 in the aggregate.

HOW PROXIES ARE VOTED

The proxy holders are Carl Spana, Ph.D., our chief executive officer, president and a director, and Stephen T. Wills, our chief financial officer, executive vice president of operations, secretary and treasurer. The proxy holders will vote your shares according to your instructions on the proxy card or your telephone instructions. If a signed proxy card does not contain instructions, the proxy holders will vote the shares FOR the election of the director nominees listed on the card; FOR ratifying the appointment of KPMG LLP as our independent registered public

Edgar Filing: PALATIN TECHNOLOGIES INC - Form DEF 14A

accounting firm for the fiscal year ending June 30, 2009; FOR the increase in common stock available for issuance under our 2005 Stock Plan; FOR the amendment of our restated certificate of incorporation to effect a reverse stock split; and in their discretion on any other business which may properly come before the meeting.

QUORUM AND VOTES REQUIRED

A majority of the votes of outstanding shares of common stock and Series A preferred stock, represented at the meeting in person or by proxy, constitutes a quorum. Abstentions and broker non-votes will count towards the quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee

PROXY STATEMENT, PAGE 4

Table of Contents

does not have discretionary voting power for that particular item, and has not received instructions from the beneficial owner. Common stock and Series A preferred stock will vote together as one class on the items of business listed on the proxy card. The votes required are as follows:

- **Item One:** directors are elected by a plurality of votes cast, so the eight nominees receiving the most votes will be elected. Stockholders who do not wish to vote for one or more of the individual nominees may withhold their authority to vote in the manner provided on the proxy card or in the telephone instructions. Votes withheld and broker non-votes do not affect the plurality election of directors.
- **Item Two:** ratifying the appointment of our independent registered public accounting firm for the fiscal year ending June 30, 2009 requires a majority of the votes cast on that item. Abstentions and broker non-votes will count neither for nor against ratification.
- **Item Three:** approval of the increase in common stock available for issuance under our 2005 Stock Plan requires a majority of the votes cast on that item. Abstentions and broker non-votes will count neither for nor against the proposal.
- **Item Four:** approval of the amendment of our restated certificate of incorporation to effect a reverse stock split requires a majority of all stock entitled to vote at the meeting. Abstentions and broker non-votes will count against the proposal.

If your shares are held in a stock brokerage account, the broker will vote your shares as you direct. If you do not provide instructions to your broker, your broker may vote your shares for Item One (election of directors), Item Two (ratification of appointment of our independent registered public accounting firm) and Item Four (amendment of our restated certificate of incorporation to effect a reverse stock split), but may not vote your shares for or against Item Three (increase in common stock available under our 2005 Stock Plan) unless you provide instructions to your broker.

IS VOTING CONFIDENTIAL?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspectors of Election, American Stock Transfer & Trust Company, LLC ("American Stock"), examine these documents. Management will not know how you voted on a specific proposal unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

VOTING RIGHTS, SHARES OUTSTANDING AND VOTES PER SHARE

Holders of common stock and of Series A preferred stock at the close of business on the record date of March 26, 2009 are entitled to vote at the meeting.

- Common stock: 86,662,901 shares outstanding, one vote per share
- Series A preferred stock: 4,997 shares outstanding with approximately 39.84 votes per share, a total of 199,080 votes

HOUSEHOLDING OF ANNUAL DISCLOSURE DOCUMENTS

In December 2000, the Securities and Exchange Commission ("SEC") adopted a rule concerning the delivery of annual disclosure documents. The rule allows us or your broker to send a single set of our annual report and proxy statement to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. This practice, referred to as "householding," benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be "household," the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Each stockholder will continue to receive a separate proxy card or voting instruction card.

If your household received a single set of disclosure documents this year, but you would prefer to receive your own copy, please contact our transfer agent, American Stock, by calling their toll free number, 1-800-776-9437.

If you do not wish to participate in "householding" and would like to receive your own set of Palatin's annual disclosure documents in future years, follow the instructions described below. Conversely, if you share an address with another Palatin's stockholder and together both of you would like to receive only a single set of our annual disclosure documents, follow these instructions:

- If your Palatin shares are registered in your own name, please contact our transfer agent, American Stock, and inform them of your request by calling them at 1-800-776-9437 or writing them at 59 Maiden Lane, Plaza Level, New York, NY 10038.
- If a broker or other nominee holds your Palatin shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

ITEM ONE: ELECTION OF DIRECTORS

Our Nominating and Corporate Governance Committee has nominated the eight persons listed below to serve as directors. A stockholder who wishes to suggest a nominee to the Nominating and Corporate Governance Committee may do so in the manner and within the time frame explained under "Nomination of Directors" below. We recommend voting FOR these eight nominees. At the meeting, the eight nominees who receive the most votes will be elected as directors to serve until the next annual meeting, or until their successors are elected and qualified. Each of the nominees is currently a director and was elected at our last annual stockholders' meeting on December 7, 2007. If any of the nominees should become unavailable to serve on the board, the proxy holders will vote your shares for a board-approved substitute, or the board may reduce the number of directors.

**ITEM TWO: RATIFICATION OF APPOINTMENT OF KPMG LLP
AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

We recommend voting **FOR** the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2009. KPMG served as our independent registered public accounting firm for the fiscal year ended June 30, 2008. We expect that a representative of KPMG will attend the annual meeting. The representative will have an opportunity to make a statement, if he or she desires, and will be available to respond to appropriate questions from stockholders.

Audit Fees. For the fiscal year ended June 30, 2008, KPMG billed us a total of \$233,000 for professional services rendered for the audit of our annual consolidated financial statements, review of our consolidated financial statements in our Forms 10-Q and services provided in connection with regulatory filings. For the fiscal year ended June 30, 2007, the total billed for the same services and the audit of our internal control over financial reporting was \$367,000.

Audit-Related Fees. For the fiscal years ended June 30, 2008 and 2007, KPMG did not perform or bill us for any audit-related services.

Tax Fees. For the fiscal year ended June 30, 2008, we anticipate that KPMG will bill us a total of \$15,500 for professional services rendered for tax compliance, tax advice and tax planning. For the fiscal year ended June 30, 2007, KPMG billed us \$15,000 for professional services rendered for tax compliance, tax advice and tax planning.

All Other Fees. KPMG did not perform or bill us for any services other than those described above for the fiscal years ended June 30, 2008 and 2007.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Auditors. Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation for and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Before engaging the independent registered public accounting firm for the next year's audit, management will submit to the Audit Committee for approval an estimate of fees for services expected to be rendered during that year in each of four categories:

1. Audit services, including work that generally only our independent registered public accounting firm can reasonably be expected to provide, such as services provided in connection with regulatory filings, statutory audits and attest services and consultation regarding financial accounting and/or reporting standards;
2. Audit-related services, including assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits and special procedures required to meet certain regulatory requirements;
3. Tax services, including services performed by our independent registered public accounting firm's tax personnel except those services specifically related to the audit of

PROXY STATEMENT, PAGE 10

Table of Contents

the consolidated financial statements, including fees in the areas of tax compliance, tax planning and tax advice; and

4. All other services not described in the preceding categories. We generally do not request other services from our independent registered public accounting firm.

The Audit Committee pre-approves fees for each category of service. The fees are budgeted and the Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

In the event the stockholders do not ratify the appointment of KPMG as our independent registered public accounting firm, the Audit Committee will reconsider its appointment.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the board of directors, which consists entirely of directors who meet the independence and experience requirements of the NYSE Amex (the "Exchange"), formerly known as the American Stock Exchange, has furnished the following report:

The Audit Committee assists the Board in overseeing and monitoring the integrity of its financial reporting process, compliance with legal and regulatory requirements and the quality of internal and external audit processes. This committee reviews and reassesses our charter annually and recommends any changes to the Board for approval. The Audit Committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of KPMG LLP.

The Audit Committee has reviewed and discussed the audited consolidated financial statements for the fiscal year ended June 30, 2008 with Palatin's management and has discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees. In addition, the Audit Committee has received from KPMG LLP the written disclosures and the letter from KPMG LLP regarding its independence as required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG LLP communications with the Audit Committee, and the Audit Committee further discussed with KPMG LLP their independence. The Audit Committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

Based on these reviews and discussions, we recommended to the board of directors that the audited consolidated financial statements be included in Palatin's annual report on Form 10-K for the fiscal year ended June 30, 2008.

ITEM THREE: APPROVAL OF AN INCREASE IN COMMON STOCK AVAILABLE FOR ISSUANCE UNDER OUR 2005 STOCK PLAN

INCREASE IN PLAN SHARES

The board of directors has authorized an increase in the number of shares of common stock available for issuance under the 2005 Stock Plan from 10,000,000 shares to 15,000,000 shares. Approval by our stockholders of the plan increase is required by the listing rules of the Exchange, for favorable federal income tax treatment for grants of incentive stock options under Section 422 of the Internal Revenue Code of 1986 (the "Code") and for continued eligibility to receive a federal income tax deduction for certain compensation paid under the plan by complying with Rule 162(m) of the Code. As of March 30, 2009, options to purchase 5,830,427 shares are outstanding under the plan and 1,725,000 shares are issuable on vesting of outstanding restricted stock units. Options to purchase 27,056 shares have been exercised under the plan, and 1,458,732 shares have been issued to non-executive employees upon the vesting of restricted stock units. The number of shares issued or potentially issuable under all options and stock awards is 9,041,215, which leaves only 958,785 shares available for future grants of awards under the plan. The board believes that it will not be able to continue carrying out the purposes of the plan unless additional stock becomes available for issuance under the plan.

The following is a brief summary of the plan. This summary is qualified in its entirety by reference to the text of the plan, a copy of which is attached as Appendix A to this proxy statement.

THE 2005 STOCK PLAN

Purposes of the plan. The plan is intended to use ownership of our common stock to attract potential employees, directors and consultants and to induce them to work for the benefit of Palatin, and to provide additional incentive for employees, directors and consultants to promote the success of Palatin.

Administration of the plan. The plan administrator is the Compensation Committee.

Participants. Participation in the plan is limited to those employees, non-employee directors and consultants of Palatin or its subsidiaries to whom the administrator grants any form of stock rights under the plan. We currently have 44 employees, including three executive officers, and seven non-employee directors who are eligible to participate. The plan provides that no participant may receive awards for more than 500,000 shares of common stock in any fiscal year.

Forms of stock rights. The plan contains specific provisions for stock options, stock grants and other stock-based awards such as stock units, stock appreciation rights and phantom stock awards. Those provisions are explained below. We have not previously used any form of equity compensation other than stock options and restricted stock units, but we will use other types of equity grants set forth in the plan if the administrator determines that they would be more effective in carrying out the purposes of the plan.

PROXY STATEMENT, PAGE 13

Table of Contents

Amendment of the plan and agreements. The stockholders may amend the plan. The administrator of the plan may also amend it at any time, however, some amendments may require stockholder approval, depending on laws, regulations and stock exchange rules in effect at the time of the amendment. The rules of the Exchange require stockholder approval for a material amendment to the plan, including any material increase in the number of shares to be issued under the plan (other than to reflect a reorganization, stock split, merger, spinoff or similar transaction). If the Exchange amends its corporate governance rules so that such rules no longer require stockholder approval of material amendments of equity compensation plans, then stockholder approval is required to materially increase the number of shares to be issued under the plan (other than to reflect a reorganization, stock split, merger, spin off or similar transaction); materially increases the benefits to participants, including permitting a repricing (or decrease in exercise price) of outstanding options, reducing the price at which awards may be offered, or extending the duration of the plan; materially expands the class of participants eligible to participate in the plan; or expand the types of awards provided under the plan.

No amendment of the plan may, without the participant's consent, adversely affect agreements with participants under the plan which are executed before the amendment. The administrator may, with the participant's consent, amend outstanding agreements for stock rights under the plan.

Termination of the plan. The plan will terminate on March 10, 2015. The stockholders or the board may terminate the plan earlier, but earlier termination will not affect any agreements with participants under the plan which are executed before the termination.

Dissolution or liquidation. All outstanding stock rights will terminate upon Palatin's dissolution or liquidation, but the participant or the participant's survivors will have the right to exercise the vested portion of outstanding options or to accept other stock rights immediately before the dissolution or liquidation.

Shares subject to the plan. The plan had an initial pool of 5,000,000 shares of our common stock available for grants. In 2007, the stockholders approved an increase of the shares available to 10,000,000. In the event of any change in our capital structure which affects our common stock, such as a stock split, stock dividend, recapitalization or business combination, the administrator will adjust the number of shares available to reflect the change (see Adjustments below). Every grant of stock-based rights, or the issuance of shares to a participant, will reduce the pool of shares available under the plan by the number of shares subject to the grant or actually issued. If any kind of grant or portion of a grant under the plan terminates for any reason without being exercised, the unissued shares subject to that grant will go back in to the pool and be available again for other grants. Also, if we buy back shares (at no more than the original issuance price) which we issued under a stock grant or any other stock-based award, then the shares which we buy back will go back in to the pool. However, shares of common stock tendered in payment for an award or shares of common stock withheld for taxes will not be available again for grant.

Adjustments. Unless otherwise provided under an individual stock right, the administrator (or the board of directors of a successor to Palatin) will adjust all stock rights to preserve their value in the event of stock dividends and stock splits, corporate transactions such as a merger, consolidation or sale of substantially all our assets, or a recapitalization or reorganization.

PROXY STATEMENT, PAGE 14

Transfer of stock rights. Unless the administrator otherwise approves a transfer not for value, stock rights are not transferable except by will or the laws of descent and distribution, and are exercisable only by the participant during his or her lifetime.

STOCK OPTIONS UNDER THE PLAN

Qualified and non-qualified options. The plan provides for the grant of options which are qualified "incentive stock options" under Section 422 of the Internal Revenue Code, and of non-qualified options, which do not meet the requirements of Section 422. Qualified options can be granted only to employees, while non-qualified options can be granted to employees, non-employee directors, and consultants. Although the principal difference between qualified and non-qualified options lies in the tax consequences to the option holder (see Tax Consequences below), the qualified options are also subject to several restrictions which the plan is designed to accommodate. Those restrictions are included in the following descriptions of plan features.

Option prices. For non-qualified options, the exercise price per share must be at least the fair market value of common stock on the date of grant. For qualified options, the exercise price per share must be at least the fair market value of common stock on the date of grant, except that if the recipient owns more than 10% of the combined voting power of all classes of our capital stock before the grant, the exercise price per share must be at least 110% of the fair market value of our common stock on the date of grant. The "fair market value" of our common stock is the closing market price of our common stock on the stock exchange or in the over-the-counter market on the applicable date. The closing market price of our common stock on March 26, 2009 was \$0.11 per share as reported by the Exchange. Recipients will pay us the exercise price for common stock purchasable under an option only if and when they choose to exercise the option.

Option vesting and expiration. The administrator determines the vesting schedule and expiration date of each option. Vesting may be immediate or on a fixed schedule, or may be subject to the occurrence of certain conditions or the attainment of stated goals or events. An option may not be exercisable for more than ten years, except that if the recipient owns more than 10% of the combined voting power of all classes of our capital stock before the grant, the maximum term is five years from the date of grant. Although the plan itself expires on March 15, 2015, options granted before the plan expires will continue to be exercisable until the expiration date of each individual option. Options may be subject to early termination as described below.

Early termination. Unless the administrator provides otherwise, if an option holder ceases to serve as an employee, non-employee director or consultant of Palatin or its affiliates, whether voluntarily or otherwise, that option holder's non-vested options will terminate immediately, and vested options will expire within the time designated in each holder's option agreement. For qualified options, the vested portion will expire no more than three months after termination of employment with Palatin or an affiliate. If the relationship terminated due to death or disability, the vested portion will expire one year after termination. If we terminate the relationship for "cause" (as defined below), then that holder's outstanding options will terminate immediately. For purposes of the plan, "cause" includes dishonesty, insubordination, substantial malfeasance or non-feasance of duty, unauthorized disclosure of confidential information, breach of any provision of any employment, consulting, advisory, non-disclosure, non-competition or similar agreement, and conduct substantially prejudicial to Palatin's business.

PROXY STATEMENT, PAGE 15

Table of Contents

Tax consequences. Options granted under the plan may be either tax-qualified employee incentive stock options, or non-qualified options.

- In the case of qualified options, neither grant nor exercise results in compensation income to the employee. We recognize on our books a compensation expense for accounting purposes calculated in accordance with Statement of Financial Accounting Standards No. 123R, "Share-Based Payment" (SFAS 123R), but do not take an expense deduction on our tax return. If the employee holds the stock issued on exercise for a holding period of at least two years after the date of grant, or one year after the exercise (whichever is longer), then upon subsequent sale of the stock, the employee will recognize as capital gains income (not compensation income) the difference between the sale price and the exercise price. If the employee sells the stock before the prescribed holding period has passed (a "disqualifying disposition"), then the employee will recognize as compensation income the difference between the exercise price and the fair market value of the stock at the time of exercise. That compensation income will be added to the basis of the option stock in determining the capital gain, if any, on the disqualifying disposition. Employees who receive qualified options must agree to notify us of any disqualifying disposition which allows us to take a compensation deduction on our tax return.
-

Edgar Filing: PALATIN TECHNOLOGIES INC - Form DEF 14A

In the case of non-qualified options, the grant does not result in compensation income for the option holder. We recognize on our books a compensation expense for accounting purposes calculated in accordance with SFAS 123R, but do not take an expense deduction on our tax return. The exercise of a non-qualified option results in the option holder recognizing as compensation income the difference between the exercise price and the fair market value of the stock at the time of exercise. We would have a compensation deduction at that time in the same amount on our tax return.

STOCK GRANTS UNDER THE PLAN

Stock grant terms. The administrator may grant shares of stock directly to a participant. The terms of a stock grant may require the participant to pay a specified price for the stock, or may grant the stock without any purchase price. Vesting may be immediate or on a fixed schedule, or may be subject to the occurrence of certain events or the attainment of stated goals.

Early termination. If a participant ceases to serve as an employee, non-employee director or consultant of Palatin or its affiliates, whether voluntarily or otherwise, any offered stock grants which the participant has not accepted will terminate immediately. For accepted stock grants of restricted stock, we will continue to be able to exercise our repurchase rights until the vesting lapses under the terms of the stock grant agreement. If we terminate the relationship for "cause" (as defined below), then we will immediately have the right to repurchase any stock issued under a stock grant, for the original purchase price. For purposes of the plan, "cause" includes dishonesty, insubordination, substantial malfeasance or non-feasance of duty, unauthorized disclosure of confidential information, breach of any provision of any employment,

PROXY STATEMENT, PAGE 16

Table of Contents

consulting, advisory, non-disclosure, non-competition or similar agreement, and conduct substantially prejudicial to Palatin's business.

Tax consequences. With respect to stock grants under our plan that result in the issuance of shares that are either not restricted as to transferability or not subject to a substantial risk of forfeiture, the recipient must generally recognize ordinary income equal to the fair market value of shares received. Thus, deferral of the time of issuance will generally result in the deferral of the time the recipient will be liable for income taxes with respect to such issuance. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the recipient.

With respect to stock grants involving the issuance of shares that are restricted as to transferability and subject to a substantial risk of forfeiture, the recipient must generally recognize ordinary income equal to the fair market value of the shares received at the first time the shares become transferable or are not subject to a substantial risk of forfeiture, whichever occurs earlier. A recipient may elect to be taxed at the time of receipt of shares rather than upon lapse of restrictions on transferability or substantial risk of forfeiture, but if the recipient subsequently forfeits such shares, the recipient would not be entitled to any tax deduction, including as a capital loss, for the value of the shares on which he previously paid tax. The recipient must file such election with the Internal Revenue Service within 30 days of the receipt of the shares. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee. We recognize on our books for accounting purposes a compensation expense calculated in accordance with SFAS 123R on the grant date, but do not take an expense deduction on our tax return until the shares are no longer subject to a substantial risk of forfeiture.

RESTRICTED STOCK UNITS UNDER THE PLAN

Restricted stock unit terms. The administrator may grant units for the issuance of common stock under restricted stock unit agreements, providing for vesting, and concurrent issuance, of shares of common stock upon the satisfaction of specified performance conditions or a specified vesting period.

Early termination. If a participant ceases to serve as an employee, non-employee director or consultant of Palatin or its affiliates, whether voluntarily or otherwise, any restricted stock units which have not vested will terminate immediately.

Tax consequences. Upon the grant of a restricted stock unit, the recipient does not recognize any income, and we recognize on our books for accounting purposes a compensation expense calculated in accordance with SFAS 123R, but do not take an expense deduction on our tax return. The issuance of stock upon vesting would result in income to the recipient and an expense deduction for us on our tax return.

RECOMMENDATION OF THE BOARD

The board recommends a vote FOR the amendment to increase common stock available for issuance under our 2005 Stock Plan.

PROXY STATEMENT, PAGE 20

Table of Contents

**ITEM FOUR: APPROVAL OF AN AMENDMENT TO OUR
RESTATED CERTIFICATE OF INCORPORATION TO EFFECT
A REVERSE STOCK SPLIT**

Reverse split resolution and amendment. On March 10, 2009, the board of directors adopted a resolution which authorizes, subject to stockholder approval, an amendment to our restated certificate of incorporation to effect a reverse stock split of our common stock, but only if the board determines that the reverse split is in the best interests of Palatin and its stockholders. The amendment allows a single reverse split which will combine between two and fifteen shares of outstanding common stock into one share of new common stock (the "New Common stock") at any time after May 13, 2009 (the date of this annual meeting) and before May 13, 2010. If the board decides to proceed with the reverse split, the board will determine the exact reverse split ratio and the effective date. We will be able to file only one reverse split amendment and effect only one reverse split pursuant to this proposal.

Text of the reverse split resolution and amendment. The complete text of the reverse split resolution and amendment is set forth as Appendix B to this proxy statement.

Edgar Filing: PALATIN TECHNOLOGIES INC - Form DEF 14A

Purpose and background of reverse split. A reverse split would decrease the number of shares of our common stock outstanding and issuable pursuant to options, warrants, restricted stock units and convertible preferred stock. We expect this to result in a higher market price for the New Common stock than for our current common stock. The board believes the reverse split is important for the two reasons described below: first, to keep our stock listed on a national stock exchange, and second, to facilitate raising capital through equity financings.

Exchange listing requirements. On December 23, 2008, we received notice from the Exchange that because our common stock had been trading below \$0.25 per share over the last seven months, the Exchange deemed it appropriate for us to effect a reverse stock split in accordance with Section 1003(f)(v) of the Exchange's Company Guide. Over the twelve months ended February 28, 2009, the trading price for our common stock has ranged from a high of \$1.05 to a low of \$0.06 per share. On March 26, 2009, the closing sales price was \$0.11 per share. If we do not complete a reverse stock split within a reasonable amount of time, the Exchange may consider suspending dealings in our common stock or remove our common stock from the list. If our common stock ceases to be listed on the Exchange, this could result in reduced news media coverage of our activities and a lack of investment analyst interest in our common stock, which could then result in lower trading volume and a lower market price. We have filed a plan of action with the Exchange, which the Exchange has approved, indicating that we intend to seek stockholder approval for a reverse split.

Raising capital. The reverse split would reduce the number of shares of our common stock outstanding without reducing the total number of authorized shares of common stock. As a result, we would have a larger number of authorized but unissued shares from which to issue additional shares of common stock, or securities convertible or exercisable into shares of common stock, in equity financing transactions. We currently have no plans for an equity financing transaction or other transaction in which we would issue shares that will be newly available for issuance as a result of the reverse stock split.

PROXY STATEMENT, PAGE 21

Table of Contents

No guarantee of success. We believe it is likely that the per share market price of our common stock will increase after a reverse split. However, we cannot guarantee that our common stock price will increase, and even if it does, we cannot guarantee that the price increase:

- will be proportionate to the reverse split ratio;
- will last in the marketplace for any length of time;
- will be sufficient to meet the listing requirements of the Exchange; or
- will be sufficient to facilitate raising capital.

Criteria to be used in deciding to apply the reverse split. If the stockholders approve this Item Four, the board or a committee of the board will have the authority to proceed with the reverse split. In determining whether to proceed with the reverse split and setting the exact ratio of the split, if any, the board or committee will consider a number of factors, including additional funding requirements, the amount of our authorized but unissued common stock, market conditions, existing and expected trading prices of our common stock and Exchange listing requirements. We anticipate that the reverse split, if the board or committee determines to proceed with the reverse split, will be implemented in conjunction with an equity financing or other transaction.

Range of exchange ratios. The purpose of seeking stockholder approval of a range of exchange ratios from one-for-two to one-for-fifteen (rather than a fixed exchange ratio) is to provide us with the flexibility to achieve the desired results of the reverse split. If the stockholders approve this proposal, the board would implement the reverse split only upon the board's determination that the reverse split would be in the best interests of Palatin and its stockholders at that time.

Effective date of reverse split. If the stockholders approve the amendment, and if the board then determines to proceed with the reverse split, it will become effective when we file the reverse split amendment with the Delaware Secretary of State. This could be on any date the board chooses after this annual meeting and before May 13, 2010. If the board determines not to proceed with the reverse split, the board may abandon the reverse split amendment pursuant to Section 242(c) of the Delaware General Corporation Law.

Edgar Filing: PALATIN TECHNOLOGIES INC - Form DEF 14A

No appraisal rights. Stockholders will not have dissenters' or appraisal rights under the Delaware General Corporation Law or under the restated certificate of incorporation, as amended, in connection with the proposed reverse stock split.

Material effects of the reverse split. The following table shows the approximately numerical effect of the reverse split on shares of our common stock as of March 26, 2009, at the minimum split ratio of one-for-two and at the maximum split ratio of one-for-fifteen. The actual reverse split ratio could fall anywhere on or between those two endpoints.

PROXY STATEMENT, PAGE 22

Table of Contents

	Common stock outstanding	New Common stock One-for-two split ratio	One-for-fifteen split ratio
Common stock outstanding	86,662,901	43,331,450	5,777,526
Shares of common stock issuable upon conversion of Series A Preferred Stock	199,080	99,540	13,272
Shares of common stock issuable upon exercise of outstanding options and warrants and the vesting of outstanding restricted stock units	13,919,718	6,959,859	927,981
Additional shares of common stock issuable under our 2005 Stock Plan if the stockholders approve Item Three above	5,000,000	2,500,000	333,333

The number of shares of common stock issuable upon exercise, vesting or conversion of all outstanding options, warrants, restricted stock units and convertible preferred stock will automatically be reduced by a factor equal to the split ratio. The reverse stock split will also increase the exercise price of options and warrants by a factor of from two to fifteen, depending on the actual reverse split ratio. The reverse split would not affect any stockholder's proportionate equity interest in Palatin, except for the effect on certain stockholders receiving cash in lieu of fractional shares. The reverse stock split will not otherwise affect any rights of holders of our securities.

The reverse split will have no effect on the number of our authorized shares of common stock or preferred stock or on the par value of the stock. The shares of New Common stock will be fully paid and non-assessable. The reverse split will not affect the voting and other rights of common or preferred stock. The reverse stock split will not result in any change in Palatin's business, management, assets, liabilities or net worth.

The reverse stock split will result in some stockholders holding odd lots of the New Common stock (blocks of less than 100 shares). Because broker/dealers typically charge a higher commission to complete trades in odd lots of securities, the transaction costs may increase for those stockholders who will hold odd lots after the reverse stock split.

No fractional shares. We will not issue any fractional shares that would result from the reverse split. Instead, we will pay the cash value of fractions of a share determined by the average closing price of the common stock for the five (5) trading days immediately preceding the effective date of the reverse split, multiplied by the fractional interest.

Mechanics of the reverse split. Assuming the reverse stock split is approved by our stockholders, this is how it will work:

PROXY STATEMENT, PAGE 23

Table of Contents

- If your shares are held in "street name" - that is, through an account at a brokerage firm, bank, dealer, or other similar organization - the number of shares you hold will automatically be adjusted to reflect the reverse stock split.
- If your shares are registered directly in your name with our transfer agent and your shares are held in book-entry form (i.e. your shares are not represented by a physical stock certificate), the number of shares you hold will automatically be adjusted to reflect the reverse stock split. You will be sent a transmittal letter by our transfer agent. You will need to return to our transfer agent a properly completed and duly executed transmittal letter in order to receive any cash payment in lieu of fractional shares or any other distributions, if any, that may be declared and payable to holders of record.
- If your shares are registered directly in your name with our transfer agent and your shares are held in certificated form (i.e. your shares are represented by one or more physical stock certificates), you will receive a transmittal letter asking you to surrender your certificate(s) representing pre-split shares in exchange for a New Common stock certificate representing post-split shares. You will need to return to our transfer agent a properly completed and duly executed transmittal letter, together with your certificate(s) representing pre-split shares, in order to receive a New Common stock certificate and any cash payment in lieu of fractional shares or any other distributions, if any, that may be declared and payable to holders of record following the reverse stock split.

Whether your shares are held in street name or directly, we will not issue fractional shares of common stock to you as described above under the heading "No fractional shares". If your shares are held in street name, payment for the fractional shares will be deposited directly into your account with the organization holding your shares.

Federal income tax consequences. The following is a summary of the material anticipated Federal income tax consequences of the reverse split to our stockholders. This summary is based on the Federal income tax laws as now in effect and as currently interpreted; it does not take into account possible changes in the tax laws or interpretations, including amendments to applicable statutes, regulations and proposed regulations or changes in judicial or administrative rulings, some of which may have retroactive effect. This summary does not purport to address all aspects of the possible Federal income tax consequences of the reverse split and is not intended as tax advice to any person. In particular, and without limiting the foregoing, this summary does not consider the Federal income tax consequences to stockholders in light of their individual investment circumstances or to holders subject to special treatment under the Federal income tax laws (for example, life insurance companies, financial institutions, tax-exempt organizations, regulated investment companies and foreign taxpayers).

The summary does not address any consequence of the reverse split under any state, local or foreign tax laws.

PROXY STATEMENT, PAGE 24

Table of Contents

We will not obtain a ruling from the Internal Revenue Service regarding the Federal income tax consequences to our stockholders as a result of the reverse split. Accordingly, WE ENCOURAGE EACH STOCKHOLDER TO CONSULT THEIR TAX ADVISOR REGARDING THE SPECIFIC TAX CONSEQUENCES OF THE POTENTIAL REVERSE SPLIT, INCLUDING THE APPLICATION AND EFFECT OF STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS.

The reverse split is intended to qualify as a "recapitalization" as described in Section 368(a)(1) of the Code. Consequently, neither we nor any stockholder will recognize any gain or loss. For exchanging stockholders, the aggregate basis of the shares of New Common stock received (excluding any fractional share for which cash is received) will be the same as the aggregate basis of common stock surrendered in the exchange. Similarly, the holding period for New Common stock received as a result of the reverse stock split will include the holding period of the shares of common stock surrendered in exchange thereof.

RECOMMENDATION OF THE BOARD

The board recommends a vote FOR the Reverse Split Amendment. The affirmative vote of a majority of the outstanding shares of common stock is required for approval of the Reverse Split Amendment.

CORPORATE GOVERNANCE

NOMINATION OF DIRECTORS

The Nominating and Corporate Governance Committee conducts an annual director performance evaluation process and proposes nominees for election as directors. Nominees must be well-regarded and experienced participants in their field(s) of specialty, familiar at the time of their appointment with our business, willing to devote the time and attention necessary to deepen and refine their understanding of Palatin and the issues we face, and must have an understanding of the demands and responsibilities of service on a public company board of directors. The committee considers individual merits, such as personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the board and concern for the long-term interests of the stockholders. The committee also considers each candidate in relation to existing or other potential members of the board, with a view to establishing a well-rounded, diverse, knowledgeable, and experienced board.

The committee will consider stockholder recommendations of nominees if they are accompanied by a comprehensive written resume of the recommended nominee's business experience and background, and a signed consent from the recommended nominee stating that he or she is willing to be considered as a nominee and, if nominated and elected, will serve as a director. The committee will consider candidates recommended by stockholders on the same basis as candidates from other sources. The committee may retain outside consultants to assist in identifying suitable director candidates. Stockholders may send their written recommendations with the required documentation to our executive offices at 4C Cedar Brook Drive, Cranbury, NJ 08512, Attention: Secretary, no later than the deadline for stockholder proposals to be included in the proxy statement as specified under "Stockholder Proposals for Next Annual Meeting" on page 41.

DIRECTOR INDEPENDENCE

The board of directors has determined that all of the directors and nominees except for Dr. Spana (our chief executive officer and president) are independent directors, as defined in Section 803 of the Company Guide of the Exchange, on which our common stock is listed.

THE BOARD AND ITS COMMITTEES

Committees and meetings. The board has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. During the fiscal year ended June 30, 2008, the board met six times, the Audit Committee met five times, the Compensation Committee met three times and the Nominating and Corporate Governance Committee met once. Each director has attended at least 75% of the total number of meetings of the board and committees of the board on which he served. With the exception of Drs. Prendergast and Spana, the directors did not attend the 2007 annual meeting of stockholders.

PROXY STATEMENT, PAGE 26

Audit Committee. The Audit Committee reviews the engagement of the independent registered public accounting firm and reviews the independence of the independent registered public accounting firm. The Audit Committee also reviews the audit and non-audit fees of the independent registered public accounting firm and the adequacy of our internal control procedures. The Audit Committee is currently composed of three non-employee directors, Mr. deVeer, Dr. Horovitz and Dr. Taber. The board has determined that the members of the Audit Committee are independent, as defined in Section 803 of the Company Guide of the Exchange, and satisfy the requirements of the Exchange as to financial literacy and expertise. The board has determined that at least one member of the committee, Mr. deVeer, is an Audit Committee financial expert as defined by the SEC. The responsibilities of the Audit Committee are set forth in a written charter adopted by the board, a copy of which is available on our web site at www.palatin.com. The report of the Audit Committee appears under Item Two above.

Compensation Committee. The Compensation Committee reviews and recommends to the board on an annual basis employment agreements and compensation for our officers, directors and some employees, and administers our 2005 Stock Plan and the options still outstanding which were granted under previous stock option plans. The Compensation Committee is composed of Mr. deVeer, Dr. Horovitz, Dr. Taber and Dr. De Souza. The report of the Compensation Committee appears below, in our discussion of executive compensation.

The Compensation Committee does not have a written charter. The committee administers our 2005 Stock Plan, under which it may delegate to an officer its authority to grant stock options and rights to officers and employees in accordance with Delaware law, except that it cannot authorize an officer to make grants to himself. Our chief financial officer and our Director of Human Resources and Administration support the committee in its work by gathering, analyzing and presenting data on Palatin's compensation arrangements and compensation in the marketplace.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee assists the board in recommending nominees as described above, and in determining the composition of committees. It also reviews, assesses and makes recommendations to the board concerning policies and guidelines for corporate governance, including relationships of the board, the stockholders and management in determining Palatin's direction and performance. The responsibilities of the Nominating and Corporate Governance Committee are set forth in a written charter adopted by the board, a copy of which is available on our web site at www.palatin.com. The Nominating and Corporate Governance Committee is composed of Mr. deVeer, Dr. Horovitz and Dr. De Souza, each of whom meets the independence requirements currently established by the Exchange.

Duration of office. Unless a director resigns, all directors hold office until the next annual meeting of stockholders or until their successors have been elected and qualified. Directors serve as members of committees as the board determines from time to time.

retained and made available to any non-management director upon request.

You can view the code of corporate conduct and ethics at our website, www.palatin.com. We will disclose any amendments to, or waivers from, provisions of the code of corporate conduct and ethics that apply to our directors, principal executive and financial officers in a current report on Form 8-K, unless the rules of the Exchange permit website posting of any such amendments or waivers.

DIRECTOR COMPENSATION

Non-employee directors' option grants. Non-employee directors receive an annual option grant on the first day of each fiscal year. On July 1, 2007, the first day of our last completed fiscal year, the chairman of the board received an option to purchase 40,000 shares of common stock and each other non-employee director received an option to purchase 20,000 shares of common stock. All of these options have an exercise price of \$1.98 per share, the closing price of our common stock on June 29, 2007, the last business day preceding the date of grant, vested in twelve monthly installments that began July 31, 2007, and expire ten years from the date of grant.

The amount of the annual option grant may vary from year to year and has increased for the current fiscal year. On July 1, 2008, the first day of the current fiscal year, the chairman of the board received an option to purchase 75,000 shares of common stock and each other non-employee director received an option to purchase 40,000 shares of common stock. All of these options have an exercise price of \$0.18 per share, the closing price of our common stock on the date of grant, vest in twelve monthly installments that began July 31, 2008, expire ten years from the date of grant and provide for accelerated vesting in the event of involuntarily termination as a director following a change in control, with exercise permitted following accelerated vesting for up to the earlier of one year after termination or the expiration date of the option.

In addition to the annual option grant, on July 1, 2008 the chairman of the board received an option to purchase 250,000 shares of common stock and each other non-employee director received

an option to purchase 150,000 shares of common stock. All of these options have an exercise price \$0.18 per share, the closing price of our common stock on the date of grant, vest in four annual installments on the anniversary of the date of grant, expire ten years from the date of grant and provide for accelerated vesting in the event of involuntarily termination as a director following a change in control, with exercise permitted following accelerated vesting for up to the earlier of one year after termination or the expiration date of the option.

Non-employee directors' cash compensation. Dr. Prendergast serves as chairman of the board and receives an annual retainer of \$60,000, payable quarterly. Other non-employee directors receive an annual retainer of \$30,000, payable on a quarterly basis, with the Audit Committee chairperson and Compensation Committee chairperson receiving an additional \$4,000 and \$2,000, respectively, payable on a quarterly basis.

Non-employee directors' expenses. Non-employee directors are reimbursed for expenses incurred in performing their duties as directors, including attending all meetings of the board and any committees on which they serve.

Employee directors. Employee directors are not separately compensated for services as directors, but are reimbursed for expenses incurred in performing their duties as directors, including attending all meetings of the board and any committees on which they serve.

The following table sets forth the compensation we paid to all directors during the fiscal year ended June 30, 2008, except for Dr. Spana, whose compensation is set forth under Executive Compensation below. EMPLOYMENT AGREEMENTS

On June 5, 2007, we entered into employment agreements with Dr. Spana, Mr. Wills and Dr. Hallam, which continue through June 30, 2010 unless terminated earlier. Under these agreements, Dr. Spana is serving as chief executive officer and president at a current salary of \$390,000 per year; Mr. Wills is serving as executive vice president of operations and chief financial officer at a current salary of \$321,000 per year; and Dr. Hallam is serving as executive vice president of research and development at a current salary of \$321,000 per year. Each agreement also provides for:

- annual discretionary bonus compensation, in an amount to be decided by the Compensation Committee and approved by the board, based on achievement of yearly objectives; and
- participation in all benefit programs that we establish, to the extent the executive's position, tenure, salary, age, health and other qualifications make him eligible to participate.

The Compensation Committee determined not to award any discretionary bonuses to our named executive officers for fiscal 2008, based on events transpiring during fiscal 2008, including discontinuation of development of bremelanotide for sexual dysfunction, termination of the Collaborative Development and Marketing Agreement between Palatin and King Pharmaceuticals, Inc. and the decrease in our common stock price.

Each agreement allows us or the executive to terminate the agreement upon written notice, and contains other provisions for termination by us for "cause," or by the employee for "good reason" or due to a "change in control" (as these terms are defined in the employment agreements and set forth below). Early termination may, in some circumstances, result in severance pay at the salary then in effect, plus continuation of medical and dental benefits then in effect for a period of two years (Dr. Spana) or 18 months (Mr. Wills and Dr. Hallam). Arrangements with our named executive officers in connection with a termination following a change in control are described below. Each agreement includes non-competition, non-solicitation and confidentiality covenants.

AMENDMENT OF RESTRICTED STOCK UNITS

In October 2006, we granted restricted stock units to our named executive officers for an aggregate of 975,000 shares of common stock. Under the original vesting conditions, 325,000 shares vested if the quoted market price of our common stock was \$4.00 or more for 20 consecutive trading days, an additional 325,000 shares vested if the quoted market price of our common stock was \$6.00 or more for 20 consecutive trading days and the remaining 325,000 shares vested if the quoted market price of our common stock was \$8.00 or more for 20 consecutive trading days. On March 26, 2008, the Compensation Committee revised the vesting conditions of the restricted stock units to provide more appropriate vesting incentives based on our condition at that time. Under the revised conditions, the 375,000 restricted stock units granted to Dr. Spana and the 300,000 restricted stock units granted to each of Mr. Wills and Dr. Hallam will vest on March 26, 2010, provided that the executive remains employed by us through such date, subject to earlier vesting in the event of a change in control or termination of

Table of Contents

employment other than a voluntary termination or termination for cause. The restricted stock units also require that each executive retain ownership of at least 33% of the vested stock for the duration of the executive's employment with us unless there is a change in control or for hardship as determined by the board of directors.

STOCK OPTION GRANTS

In connection with the grant of the restricted stock units to our named executive officers in October 2006, we determined at such time that the named executive officers would not receive any further stock options or stock awards during the remainder of fiscal year 2007 or the next three fiscal years thereafter, subject, however, to annual review by the Compensation Committee, which is authorized to make additional grants if warranted based on market conditions, our common stock price, the need to retain our executive officers, and the interests of our stockholders. In 2008, the Compensation Committee determined that additional stock option grants were necessary in order to motivate and retain our named executive officers, and on March 26, 2008, Dr. Spana, Mr. Wills, and Dr. Hallam were granted options to purchase 375,000, 300,000 and 300,000 shares of common stock, respectively. Twenty-five percent of the shares underlying each option were granted at an exercise price in excess of the fair market value on the date of grant in order to incentivize the executive to improve our financial condition.

If the named executive officer is terminated for cause or voluntarily terminates employment, all unvested restricted stock units are immediately forfeited.
- (3) Calculated by multiplying the number of restricted stock units by \$0.19, the closing market price of our common stock on June 30, 2008, the last trading day of our most recently completed fiscal year.

TERMINATION AND CHANGE-IN-CONTROL ARRANGEMENTS

The employment agreements and restricted stock unit agreements with Dr. Spana, Mr. Wills and Dr. Hallam contain the following provisions concerning severance compensation and the vesting of stock options and restricted stock units upon termination of employment or upon a change in control. The executive's entitlement to severance, payment of health benefits and accelerated vesting of options is contingent on the executive executing a general release of claims against us.

Termination without severance compensation. Regardless of whether there has been a change in control, if we terminate employment for cause or the executive terminates employment without good reason (as those terms are defined in the employment agreement and set forth

below), then the executive receives only his accrued salary and vacation benefits through the date of termination. He may also elect to receive medical and dental benefits pursuant to COBRA for up to two years, but must remit the cost of coverage to us. Under the terms of our outstanding options and restricted stock units, all unvested options and restricted stock units would terminate immediately, and vested options would be exercisable for three months after termination.

Severance compensation without a change in control. If we terminate or fail to extend the employment agreement without cause, or the executive terminates employment with good reason, then the executive will receive as severance pay his salary then in effect, paid on our regular pay schedule, plus medical and dental benefits at our expense, for a period of two years (Dr. Spana) or 18 months (Mr. Wills and Dr. Hallam) after the termination date. All unvested options would immediately vest and be exercisable for two years after the termination date. All unvested restricted stock units would terminate immediately.

Severance compensation after a change in control. If, within one year after a change in control, we terminate employment or the executive terminates employment with good reason, then the executive will receive as severance pay 200% (Dr. Spana) or 150% (Mr. Wills and Dr. Hallam) of his salary then in effect, paid in a lump sum, plus medical and dental benefits at our expense, for a period of two years (Dr. Spana) or 18 months (Mr. Wills and Dr. Hallam) after the termination date. We would also reimburse the executive for up to \$25,000 in fees and expenses during the six months following termination, for locating employment. We would also reimburse the executive for any excise tax he might incur on "excess parachute payments" (as defined in Section 280G(b) of the Internal Revenue Code). All unvested options would immediately vest and be exercisable for two years after the termination date. All unvested restricted stock units will vest upon a change in control, without regard to whether the executive's employment is terminated.

Option vesting upon a change in control. A change in control by itself does not change compensation or benefits while the employment agreement remains in effect. However, if any options are to be terminated in connection with a change in control, those options will vest in full immediately before the change in control.

Definitions. Under the employment agreements, a "change in control," "cause" and "good reason" are defined as follows:

A "change in control" occurs when:

- (a) some person or entity acquires more than 50% of the voting power of our outstanding securities;
- (b) the individuals who, during any twelve month period, constitute our board of directors cease to constitute at least a majority of the board of directors;
- (c) we enter into a merger or consolidation; or
- (d) we sell substantially all our assets.

The term "cause" means:

- (a) the occurrence of (i) the executive's material breach of, or habitual neglect or failure to perform the material duties which he is required to perform under, the

PROXY STATEMENT, PAGE 36

Table of Contents

terms of his employment agreement; (ii) the executive's material failure to follow the reasonable directives or policies established by or at the direction of our board of directors; or (iii) the executive's engaging in conduct that is materially detrimental to our interests such that we sustain a material loss or injury as a result thereof, provided that the breach or failure of performance is not

Edgar Filing: PALATIN TECHNOLOGIES INC - Form DEF 14A

cured, to the extent cure is possible, within ten days of the delivery to the executive of written notice thereof;

- (b) the willful breach by the executive of his obligations to us with respect to confidentiality, invention and non-disclosure, non-competition or non-solicitation; or
- (c) the conviction of the executive of, or the entry of a pleading of guilty or nolo contendere by the executive to, any crime involving moral turpitude or any felony.

The term "good reason" means the occurrence of any of the following, with our failure to cure such circumstances within 30 days of the delivery to us of written notice by the executive of such circumstances:

- (a) any material adverse change in the executive's duties, authority or responsibilities, which causes the executive's position with us to become of significantly less responsibility, or assignment of duties and responsibilities inconsistent with the executive's position;
- (b) a material reduction in the executive's salary;
- (c) our failure to continue in effect any material compensation or benefit plan in which the executive participates, unless an equitable arrangement has been made with respect to such plan, or our failure to continue the executive's participation therein (or in a substitute or alternative plan) on a basis not materially less favorable, both in terms of the amount of benefits provided and the level of the executive's participation relative to other participants;
- (d) our failure to continue to provide the executive with benefits substantially similar to those enjoyed by the executive under any of the company's health and welfare insurance, retirement and other fringe-benefit plans insurance, the taking of any action by us which would directly or indirectly materially reduce any of such benefits, or our failure to provide the executive with the number of paid vacation days to which he is entitled; or
- (e) the relocation of the executive to a location which is a material distance from Cranbury, New Jersey.

3. SHARES SUBJECT TO THE PLAN.

(a) The number of Shares which may be issued from time to time pursuant to this Plan shall be 15,000,000 [~~10,000,000~~], or the equivalent of such number of Shares after the Administrator, in its sole discretion, has interpreted the effect of any stock split, stock dividend, combination, recapitalization or similar transaction in accordance with Paragraph 24 of the Plan.

Notwithstanding the foregoing, if a Stock Right is exercised, in whole or in part, by tender of Shares or if the Company or an Affiliate's tax withholding obligation is satisfied by withholding Shares, the number of Shares deemed to have been issued under the Plan for purposes of the limitation set forth in Paragraph 3(a) above shall be the number of Shares that were subject to the Stock Right or portion thereof, and not the net number of Shares actually issued.

7. TERMS AND CONDITIONS OF STOCK GRANTS.

Each offer of a Stock Grant to a Participant shall state the date prior to which the Stock Grant must be accepted by the Participant, and the principal terms of each Stock Grant shall be set forth in an Agreement, duly executed by the Company and, to the extent required by law or requested by the Company, by the Participant. The Agreement shall be in a form approved by the Administrator and shall contain terms and conditions which the Administrator determines to be appropriate and in the best interest of the Company, subject to the following minimum standards:

- (a) Each Agreement shall state the purchase price (per share), if any, of the Shares covered by each Stock Grant, which purchase price shall be determined by the Administrator but shall not be less than the minimum consideration required by the Delaware General Corporation Law on the date of the grant of the Stock Grant;
- (b) Each Agreement shall state the number of Shares to which the Stock Grant pertains; and
- (c) Each Agreement shall include the terms of any right of the Company to restrict or reacquire the Shares subject to the Stock Grant, including the time and events upon which such rights shall accrue and the purchase price therefor, if any.

8. TERMS AND CONDITIONS OF OTHER STOCK-BASED AWARDS.

The Board shall have the right to grant other Stock-Based Awards based upon the Common Stock having such terms and conditions as the Board may determine, including, without limitation, the grant of Shares based upon certain conditions, the grant of securities convertible into Shares and the grant of stock appreciation rights, phantom stock awards or stock units. The principal terms of each Stock-Based Award shall be set forth in an Agreement, duly executed by the Company and, to the extent required by law or requested by the Company, by the Participant. The Agreement shall be in a form approved by the Administrator and shall contain terms and conditions which the Administrator determines to be appropriate and in the best interest of the Company.

The Company intends that the Plan and any Stock-Based Awards granted hereunder be exempt from the application of Section 409A of the Code or meet the requirements of paragraphs (2), (3) and (4) of subsection (a) of Section 409A of the Code, to the extent applicable, and be operated in accordance with Section 409A so that any compensation deferred under any Stock-Based Award (and applicable investment earnings) shall not be included in income under Section 409A of the Code. Any ambiguities in the Plan shall be construed to effect the intent as described in this Paragraph 8.

9. EXERCISE OF OPTIONS AND ISSUE OF SHARES.

An Option (or any part or installment thereof) shall be exercised by giving written notice to the Company or its designee, together with provision for payment of the full purchase price in accordance with this Paragraph for the Shares as to which the Option is being exercised, and upon compliance with any other condition(s) set forth in the Option Agreement. Such notice shall be signed by the person exercising the Option, shall state the number of Shares with respect to which the Option is being exercised and shall contain any representation required by the Plan

2005 Stock Plan Page 6

Table of Contents

or the Option Agreement. Payment of the purchase price for the Shares as to which such Option is being exercised shall be made (a) in United States dollars in cash or by check, or (b) at the discretion of the Administrator, through delivery of shares of Common Stock having a Fair Market Value equal as of the date of the exercise to the cash exercise price of the Option, or (c) at the discretion of the Administrator, by having the Company retain from the shares otherwise issuable upon exercise of the Option, a number of shares having a Fair Market Value equal as of the date of exercise to the exercise price of the Option, or (d) at the discretion of the Administrator, by delivery of the grantee's personal recourse note, bearing interest payable not less than annually at no less than 100% of the applicable Federal rate, as defined in Section 1274(d) of the Code, with or without the pledge of such Shares as collateral, or (e) at the discretion of the Administrator, in accordance with a cashless exercise program established with a securities brokerage firm, and approved by the Administrator, or (f) at the discretion of the Administrator, by any combination of (a), (b), (c), (d) and (e) above, or (g) at the discretion of the Administrator, payment of such other lawful consideration as the Board may determine. Notwithstanding the foregoing, the Administrator shall accept only such payment on exercise of an ISO as is permitted by Section 422 of the Code.

The Company shall then reasonably promptly deliver the Shares as to which such Option was exercised to the Participant (or to the Participant's Survivors, as the case may be). In determining what constitutes "reasonably promptly," it is expressly understood that the issuance and delivery of the Shares may be delayed by the Company in order to comply with any law or regulation (including, without limitation, state securities or "blue sky" laws) which requires the Company to take any action with respect to the Shares prior to their issuance. The Shares shall, upon delivery, be fully paid, non-assessable Shares.

The Administrator shall have the right to accelerate the date of exercise of any installment of any Option; provided that the Administrator shall not accelerate the exercise date of any installment of any Option granted to an Employee as an ISO (and not previously converted into a Non-Qualified Option pursuant to Paragraph 27) if such acceleration would violate the annual vesting limitation contained in Section 422(d) of the Code, as described in

Paragraph 6.B.d.

The Administrator may, in its discretion, amend any term or condition of an outstanding Option provided (i) such term or condition as amended is permitted by the Plan, (ii) any such amendment shall be made only with the consent of the Participant to whom the Option was granted, or in the event of the death of the Participant, the Participant's Survivors, if the amendment is adverse to the Participant, and (iii) any such amendment of any Option shall be made only after the Administrator determines whether such amendment would constitute a "modification" of any Option which is an ISO (as that term is defined in Section 424(h) of the Code) or would cause any adverse tax consequences for the holder of such Option including, but not limited to, pursuant to Section 409A of the Code.

10. ACCEPTANCE OF STOCK GRANTS AND STOCK-BASED AWARDS AND ISSUE OF SHARES.

A Stock Grant or Stock-Based Award (or any part or installment thereof) shall be accepted by executing the applicable Agreement and delivering it to the Company or its designee, together with provision for payment of the full purchase price, if any, in accordance

2005 Stock Plan Page 7

Table of Contents

with this Paragraph for the Shares as to which such Stock Grant or Stock-Based Award is being accepted, and upon compliance with any other conditions set forth in the applicable Agreement. Payment of the purchase price for the Shares as to which such Stock Grant or Stock-Based Award is being accepted shall be made (a) in United States dollars in cash or by check, or (b) at the discretion of the Administrator, through delivery of shares of Common Stock having a Fair Market Value equal as of the date of acceptance of the Stock Grant or Stock-Based Award to the purchase price of the Stock Grant or Stock-Based Award, or (c) at the discretion of the Administrator, by delivery of the grantee's personal recourse note bearing interest payable not less than annually at no less than 100% of the applicable Federal rate, as defined in Section 1274(d) of the Code, or (d) at the discretion of the Administrator, by any combination of (a), (b) and (c) above.

The Company shall then, if required pursuant to the applicable Agreement, reasonably promptly deliver the Shares as to which such Stock Grant or Stock-Based Award was accepted to the Participant (or to the Participant's Survivors, as the case may be), subject to any escrow provision set forth in the applicable Agreement. In determining what constitutes "reasonably promptly," it is expressly understood that the issuance and delivery of the Shares may be delayed by the Company in order to comply with any law or regulation (including, without limitation, state securities or "blue sky" laws) which requires the Company to take any action with respect to the Shares prior to their issuance.

The Administrator may, in its discretion, amend any term or condition of an outstanding Stock Grant, Stock-Based Award or applicable Agreement provided (i) such term or condition as amended is permitted by the Plan, (ii) any such amendment shall be made only with the consent of the Participant to whom the Stock Grant or Stock-Based Award was made, if the amendment is adverse to the Participant and (iii) any such amendment shall be made only after the Administrator determines whether such amendment would cause any adverse tax consequences to the Participant, including, but not limited to, pursuant to Section 409A of the Code.

11. RIGHTS AS A SHAREHOLDER.

No Participant to whom a Stock Right has been granted shall have rights as a shareholder with respect to any Shares covered by such Stock Right, except after due exercise of the Option or acceptance of the Stock Grant or as set forth in any Agreement and tender of the full purchase price, if any, for the Shares being purchased pursuant to such exercise or acceptance and registration of the Shares in the Company's share register in the name of the Participant.

12. ASSIGNABILITY AND TRANSFERABILITY OF STOCK RIGHTS.

By its terms, a Stock Right granted to a Participant shall not be transferable by the Participant other than (i) by will or by the laws of descent and distribution, or (ii) as approved by the Administrator in its discretion and set forth in the applicable Agreement provided that no Stock Right may be transferred by a Participant for value. Notwithstanding the foregoing, an ISO transferred except in compliance with clause (i) above shall no longer qualify as an ISO. The designation of a beneficiary of a Stock Right by a Participant, with the prior approval of the Administrator and in such form as the Administrator shall prescribe, shall not be deemed a transfer prohibited by this Paragraph. Except as provided above, a Stock Right shall only be exercisable or may only be accepted, during the Participant's lifetime, by such Participant (or by his or her legal representative) and shall not be assigned, pledged or hypothecated in any way

2005 Stock Plan Page 8

(whether by operation of law or otherwise) and shall not be subject to execution, attachment or similar process. Any attempted transfer, assignment, pledge, hypothecation or other disposition of any Stock Right or of any rights granted thereunder contrary to the provisions of this Plan, or the levy of any attachment or similar process upon a Stock Right, shall be null and void.

13. EFFECT ON OPTIONS OF TERMINATION OF SERVICE OTHER THAN "FOR CAUSE" OR DEATH OR DISABILITY.

Except as otherwise provided in a Participant's Option Agreement, in the event of a termination of service (whether as an employee, director or consultant) with the Company or an Affiliate before the Participant has exercised an Option, the following rules apply:

- a. A Participant who ceases to be an employee, director or consultant of the Company or of an Affiliate (for any reason other than termination "for cause", Disability, or death for which events there are special rules in Paragraphs 14, 15, and 16, respectively), may exercise any Option granted to him or her to the extent that the Option is exercisable on the date of such termination of service, but only within such term as the

Administrator has designated in a Participant's Option Agreement.

- b. Except as provided in Subparagraph (c) below, or Paragraph 15 or 16, in no event may an Option intended to be an ISO, be exercised later than three months after the Participant's termination of employment.
- c. The provisions of this Paragraph, and not the provisions of Paragraph 15 or 16, shall apply to a Participant who subsequently becomes Disabled or dies after the termination of employment, director status or consultancy; provided, however, in the case of a Participant's Disability or death within three months after the termination of employment, director status or consultancy, the Participant or the Participant's Survivors may exercise the Option within one year after the date of the Participant's termination of service, but in no event after the date of expiration of the term of the Option.
- d. Notwithstanding anything herein to the contrary, if subsequent to a Participant's termination of employment, termination of director status or termination of consultancy, but prior to the exercise of an Option, the Board of Directors determines that, either prior or subsequent to the Participant's termination, the Participant engaged in conduct which would constitute "cause", then such Participant shall forthwith cease to have any right to exercise any Option.
- e. A Participant to whom an Option has been granted under the Plan who is absent from the Company or an Affiliate because of temporary disability (any disability other than a Disability as defined in Paragraph 1 hereof), or who is on leave of absence for any purpose, shall not, during the period of any such absence, be deemed, by virtue of such absence alone, to have terminated such Participant's employment, director status or consultancy with the Company or with an Affiliate, except as the Administrator may otherwise expressly provide.
- f. Except as required by law or as set forth in a Participant's Option Agreement, Options granted under the Plan shall not be affected by any change of a Participant's status within or among the Company and any Affiliates, so long as the Participant continues to be an employee, director or consultant of the Company or any Affiliate.

14. EFFECT ON OPTIONS OF TERMINATION OF SERVICE "FOR CAUSE".

Except as otherwise provided in a Participant's Option Agreement, the following rules apply if the Participant's service (whether as an employee, director or consultant) with the Company or an Affiliate is terminated "for cause" prior to the time that all his or her outstanding Options have been exercised:

- a. All outstanding and unexercised Options as of the time the Participant is notified his or her service is terminated "for cause" will immediately be forfeited.
- b. For purposes of this Plan, "cause" shall include (and is not limited to) dishonesty with respect to the Company or any Affiliate, insubordination, substantial malfeasance or non-feasance of duty, unauthorized

disclosure of confidential information, breach by the Participant of any provision of any employment, consulting, advisory, nondisclosure, non-competition or similar agreement between the Participant and the Company, and conduct substantially prejudicial to the business of the Company or any Affiliate. The determination of the Administrator as to the existence of "cause" will be conclusive on the Participant and the Company.

- c. "Cause" is not limited to events which have occurred prior to a Participant's termination of service, nor is it necessary that the Administrator's finding of "cause" occur prior to termination. If the Administrator determines, subsequent to a Participant's termination of service but prior to the exercise of an Option, that either prior or subsequent to the Participant's termination the Participant engaged in conduct which would constitute "cause", then the right to exercise any Option is forfeited.
- d. Any provision in an agreement between the Participant and the Company or an Affiliate, which contains a conflicting definition of "cause" for termination and which is in effect at the time of such termination, shall supersede the definition in this Plan with respect to that Participant.

15. EFFECT ON OPTIONS OF TERMINATION OF SERVICE FOR DISABILITY.

Except as otherwise provided in a Participant's Option Agreement, a Participant who ceases to be an employee, director or consultant of the Company or of an Affiliate by reason of Disability may exercise any Option granted to such Participant:

- a. To the extent that the Option has become exercisable but has not been exercised on the date of Disability; and
- b. In the event rights to exercise the Option accrue periodically, to the extent of a pro rata portion through the date of Disability of any additional vesting rights that would have accrued on the next vesting date had the Participant not become Disabled. The proration shall be based upon the number of days accrued in the current vesting period prior to the date of Disability.

A Disabled Participant may exercise such rights only within the period ending one year after the date of the Participant's termination of employment, directorship or consultancy, as the case may be, notwithstanding that the Participant might have been able to exercise the Option as to some or all of the Shares on a later date if the Participant had not become Disabled and had continued to be an employee, director or consultant or, if earlier, within the originally prescribed term of the Option.

The Administrator shall make the determination both of whether Disability has occurred and the date of its occurrence (unless a procedure for such determination is set forth in another agreement between the Company and such Participant, in which case such procedure shall be used for such determination). If requested, the Participant shall be examined by a physician selected or approved by the Administrator, the cost of which examination shall be paid for

by the Company.

16. EFFECT ON OPTIONS OF DEATH WHILE AN EMPLOYEE, DIRECTOR OR CONSULTANT.

Except as otherwise provided in a Participant's Option Agreement, in the event of the death of a Participant while the Participant is an employee, director or consultant of the Company or of an Affiliate, such Option may be exercised by the Participant's Survivors:

- a. To the extent that the Option has become exercisable but has not been exercised on the date of death; and
- b. In the event rights to exercise the Option accrue periodically, to the extent of a pro rata portion through the date of death of any additional vesting rights that would have accrued on the next vesting date had the Participant not died. The proration shall be based upon the number of days accrued in the current vesting period prior to the Participant's date of death.

If the Participant's Survivors wish to exercise the Option, they must take all necessary steps to exercise the Option within one year after the date of death of such Participant, notwithstanding that the decedent might have been able to exercise the Option as to some or all of the Shares on a later date if he or she had not died and had continued to be an employee, director or consultant or, if earlier, within the originally prescribed term of the Option.

17. EFFECT OF TERMINATION OF SERVICE ON UNACCEPTED STOCK GRANTS.

In the event of a termination of service (whether as an employee, director or consultant) with the Company or an Affiliate for any reason before the Participant has accepted a Stock Grant, such offer shall terminate.

For purposes of this Paragraph 17 and Paragraph 18 below, a Participant to whom a Stock Grant has been offered and accepted under the Plan who is absent from work with the Company or with an Affiliate because of temporary disability (any disability other than a permanent and total Disability as defined in Paragraph 1 hereof), or who is on leave of absence for any purpose, shall not, during the period of any such absence, be deemed, by virtue of such absence alone, to have terminated such Participant's employment, director status or consultancy with the Company or with an Affiliate, except as the Administrator may otherwise expressly provide.

In addition, for purposes of this Paragraph 17 and Paragraph 18 below, any change of employment or other service within or among the Company and any Affiliates shall not be treated as a termination of employment, director status or consultancy so long as the Participant continues to be an employee, director or consultant of the Company or any Affiliate.

18. EFFECT ON STOCK GRANTS OF TERMINATION OF SERVICE OTHER THAN "FOR CAUSE" OR DEATH OR DISABILITY.

Except as otherwise provided in a Participant's Agreement, in the event of a termination of service (whether as an employee, director or consultant), other than termination "for cause,"

2005 Stock Plan Page 11

Disability, or death for which events there are special rules in Paragraphs 19, 20, and 21, respectively, before all Company rights of repurchase shall have lapsed, then the Company shall have the right to repurchase that number of Shares subject to a Stock Grant as to which the Company's repurchase rights have not lapsed.

19. EFFECT ON STOCK GRANTS OF TERMINATION OF SERVICE "FOR CAUSE".

Except as otherwise provided in a Participant's Agreement, the following rules apply if the Participant's service (whether as an employee, director or consultant) with the Company or an Affiliate is terminated "for cause":

- a. All Shares subject to any Stock Grant shall be immediately subject to repurchase by the Company at the purchase price, if any, thereof.
- b. For purposes of this Plan, "cause" shall include (and is not limited to) dishonesty with respect to the employer, insubordination, substantial malfeasance or non-feasance of duty, unauthorized disclosure of confidential information, breach by the Participant of any provision of any employment, consulting, advisory, nondisclosure, non-competition or similar agreement between the Participant and the Company, and conduct substantially prejudicial to the business of the Company or any Affiliate. The determination of the Administrator as to the existence of "cause" will be conclusive on the Participant and the Company.
- c. "Cause" is not limited to events which have occurred prior to a Participant's termination of service, nor is it necessary that the Administrator's finding of "cause" occur prior to termination. If the Administrator determines, subsequent to a Participant's termination of service, that either prior or subsequent to the Participant's termination the Participant engaged in conduct which would constitute "cause," then the Company's right to repurchase all of such Participant's Shares shall apply.
- d. Any provision in an agreement between the Participant and the Company or an Affiliate, which contains a conflicting definition of "cause" for termination and which is in effect at the time of such termination, shall supersede the definition in this Plan with respect to that Participant.

20. EFFECT ON STOCK GRANTS OF TERMINATION OF SERVICE FOR DISABILITY.

Except as otherwise provided in a Participant's Agreement, the following rules apply if a Participant ceases to be an employee, director or consultant of the Company or of an Affiliate by reason of Disability: to the extent the Company's rights of repurchase have not lapsed on the date of Disability, they shall be exercisable; provided, however, that in the event such rights of repurchase lapse periodically, such rights shall lapse to the extent of a pro rata portion of the Shares subject to such Stock Grant through the date of Disability as would have lapsed had the

Participant not become Disabled. The proration shall be based upon the number of days accrued prior to the date of Disability.

The Administrator shall make the determination both of whether Disability has occurred and the date of its occurrence (unless a procedure for such determination is set forth in another agreement between the Company and such Participant, in which case such procedure shall be used for such determination). If requested, the Participant shall be examined by a physician

selected or approved by the Administrator, the cost of which examination shall be paid for by the Company.

21. EFFECT ON STOCK GRANTS OF DEATH WHILE AN EMPLOYEE, DIRECTOR OR CONSULTANT.

Except as otherwise provided in a Participant's Agreement, the following rules apply in the event of the death of a Participant while the Participant is an employee, director or consultant of the Company or of an Affiliate: to the extent the Company's rights of repurchase have not lapsed on the date of death, they shall be exercisable; provided, however, that in the event such rights of repurchase lapse periodically, such rights shall lapse to the extent of a pro rata portion of the Shares subject to such Stock Grant through the date of death as would have lapsed had the Participant not died. The proration shall be based upon the number of days accrued prior to the Participant's death.

22. PURCHASE FOR INVESTMENT.

Unless the offering and sale of the Shares to be issued upon the particular exercise or acceptance of a Stock Right shall have been effectively registered under the Securities Act of 1933, as now in force or hereafter amended (the "1933 Act"), the Company shall be under no obligation to issue the Shares covered by such exercise unless and until the following conditions have been fulfilled:

- a. The person(s) who exercise(s) or accept(s) such Stock Right shall warrant to the Company, prior to the receipt of such Shares, that such person(s) are acquiring such Shares for their own respective accounts, for investment, and not with a view to, or for sale in connection with, the distribution of any such Shares, in which event the person(s) acquiring such Shares shall be bound by the provisions of the following legend which shall be endorsed upon the certificate(s) evidencing their Shares issued pursuant to such exercise or such grant:

"The shares represented by this certificate have been taken for investment and they may not be sold or otherwise transferred by any person, including a pledgee, unless (1) either (a) a Registration Statement with respect to such shares shall be effective under the Securities Act of 1933, as amended, or (b) the Company shall have received an opinion of counsel satisfactory to it that an

exemption from registration under such Act is then available, and (2) there shall have been compliance with all applicable state securities laws."

- b. At the discretion of the Administrator, the Company shall have received an opinion of its counsel that the Shares may be issued upon such particular exercise or acceptance in compliance with the 1933 Act without registration thereunder.

23. DISSOLUTION OR LIQUIDATION OF THE COMPANY.

Upon the dissolution or liquidation of the Company, all Options granted under this Plan which as of such date shall not have been exercised and all Stock Grants and Stock-Based Awards which have not been accepted will terminate and become null and void; provided, however, that if the rights of a Participant or a Participant's Survivors have not otherwise terminated and expired, the Participant or the Participant's Survivors will have the right immediately prior to such dissolution or liquidation to exercise or accept any Stock Right to the

2005 Stock Plan Page 13

Table of Contents

extent that the Stock Right is exercisable or subject to acceptance as of the date immediately prior to such dissolution or liquidation. Upon the dissolution or liquidation of the Company, any outstanding Stock-Based Awards shall immediately terminate unless otherwise determined by the Administrator or specifically provided in the applicable Agreement.

24. ADJUSTMENTS.

Upon the occurrence of any of the following events, a Participant's rights with respect to any Stock Right granted to him or her hereunder shall be adjusted as hereinafter provided, unless otherwise specifically provided in a Participant's Agreement:

A. Stock Dividends and Stock Splits. If (i) the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if the Company shall issue any shares of Common Stock as a stock dividend on its outstanding Common Stock, or (ii) additional shares or new or different shares or other securities of the Company or other noncash assets are distributed with respect to such shares of Common Stock, the number of shares of Common Stock deliverable upon the exercise of an Option or acceptance of a Stock Grant may be appropriately increased or decreased proportionately, and appropriate adjustments may be made including, in the purchase price per share, to reflect such events. The number of Shares subject to the limitation in Paragraphs 3 and 4(c) shall also be proportionately adjusted upon the occurrence of such events.

B. Corporate Transactions. If the Company is to be consolidated with or acquired by another entity in a merger, sale of all or substantially all of the Company's assets other than a transaction to merely change the state of incorporation (a "Corporate Transaction"), the Administrator or the board of directors of any entity assuming the obligations of the Company hereunder (the "Successor Board"), shall, as to outstanding Options, either (i) make

appropriate provision for the continuation of such Options by substituting on an equitable basis for the Shares then subject to such Options either the consideration payable with respect to the outstanding shares of Common Stock in connection with the Corporate Transaction or securities of any successor or acquiring entity; or (ii) upon written notice to the Participants, provide that all Options must be exercised (either (a) to the extent then exercisable or, (b) at the discretion of the Administrator, all Options being made fully exercisable for purposes of this Subparagraph), within a specified number of days of the date of such notice, at the end of which period the Options shall terminate; or (iii) terminate all Options in exchange for a cash payment equal to the excess of the Fair Market Value of the Shares subject to such Options (either (a) to the extent then exercisable or, (b) at the discretion of the Administrator, all Options being made fully exercisable for purposes of this Subparagraph) over the exercise price thereof.

With respect to outstanding Stock Grants, the Administrator or the Successor Board, shall either (i) make appropriate provisions for the continuation of such Stock Grants by substituting on an equitable basis for the Shares then subject to such Stock Grants either the consideration payable with respect to the outstanding Shares of Common Stock in connection with the Corporate Transaction or securities of any successor or acquiring entity; or (ii) upon written notice to the Participants, provide that all Stock Grants must be accepted (to the extent then subject to acceptance) within a specified number of days of the date of such notice, at the end of which period the offer of the Stock Grants shall terminate; or (iii) terminate all Stock Grants in exchange for a cash payment equal to the excess of the Fair Market Value of the Shares subject

2005 Stock Plan Page 14

Table of Contents

to such Stock Grants over the purchase price thereof, if any. In addition, in the event of a Corporate Transaction, the Administrator may waive any or all Company repurchase rights with respect to outstanding Stock Grants.

C. Recapitalization or Reorganization. In the event of a recapitalization or reorganization of the Company, other than a Corporate Transaction pursuant to which securities of the Company or of another corporation are issued with respect to the outstanding shares of Common Stock, a Participant upon exercising an Option or accepting a Stock Grant after the recapitalization or reorganization shall be entitled to receive for the purchase price paid upon such exercise or acceptance the number of replacement securities which would have been received if such Option had been exercised or Stock Grant accepted prior to such recapitalization or reorganization.

D. Adjustments to Stock-Based Awards. Upon the happening of any of the events described in Subparagraphs A, B or C above, any outstanding Stock-Based Award shall be appropriately adjusted to reflect the events described in such Subparagraphs. The Administrator or the Successor Board shall determine the specific adjustments to be made under this Paragraph 24 and, subject to Paragraph 4, its determination shall be conclusive.

E. Modification of Options. Notwithstanding the foregoing, any adjustments made pursuant to Subparagraph A, B or C above with respect to Options shall be made only after the Administrator determines whether such adjustments would constitute a "modification" of any ISOs (as that term is defined in Section 424(h) of the Code) or would cause any adverse tax consequences for the holders of Options, including, but not limited to, pursuant to Section 409A of the Code. If the Administrator determines that such adjustments made with respect to Options would constitute a modification or other adverse tax consequence, it may refrain from making such adjustments, unless the holder of an Option specifically agrees in writing that such adjustment be made and such writing indicates that the holder has full knowledge of the consequences of such "modification" on his or her income tax treatment with respect to the Option.

25. ISSUANCES OF SECURITIES.

Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares subject to Stock Rights. Except as expressly provided herein, no adjustments shall be made for dividends paid in cash or in property (including without limitation, securities) of the Company prior to any issuance of Shares pursuant to a Stock Right.

26. FRACTIONAL SHARES.

No fractional shares shall be issued under the Plan and the person exercising a Stock Right shall receive from the Company cash in lieu of such fractional shares equal to the Fair Market Value thereof.

27. CONVERSION OF ISOs INTO NON- QUALIFIED OPTIONS; TERMINATION OF ISOs.

The Administrator, at the written request of any Participant, may in its discretion take such actions as may be necessary to convert such Participant's ISOs (or any portions thereof)

2005 Stock Plan Page 15

[Table of Contents](#)

that have not been exercised on the date of conversion into Non-Qualified Options at any time prior to the expiration of such ISOs, regardless of whether the Participant is an employee of the Company or an Affiliate at the time of such conversion. At the time of such conversion, the Administrator (with the consent of the Participant) may impose such conditions on the exercise of the resulting Non-Qualified Options as the Administrator in its discretion may determine, provided that such conditions shall not be inconsistent with this Plan. Nothing in the Plan shall be deemed to give any Participant the right to have such Participant's ISOs converted into Non-Qualified Options, and no such conversion shall occur until and unless the Administrator takes appropriate action. The Administrator, with the consent of the Participant, may also terminate any portion of any ISO that has not been exercised at the time of such conversion.

28. WITHHOLDING.

In the event that any federal, state, or local income taxes, employment taxes, Federal Insurance Contributions Act ("F.I.C.A.") withholdings or other amounts are required by applicable law or governmental regulation to be withheld

from the Participant's salary, wages or other remuneration in connection with the exercise or acceptance of a Stock Right or in connection with a Disqualifying Disposition (as defined in Paragraph 29) or upon the lapsing of any right of repurchase, the Company may withhold from the Participant's compensation, if any, or may require that the Participant advance in cash to the Company, or to any Affiliate of the Company which employs or employed the Participant, the statutory minimum amount of such withholdings unless a different withholding arrangement, including the use of shares of the Company's Common Stock or a promissory note, is authorized by the Administrator (and permitted by law). For purposes hereof, the fair market value of the shares withheld for purposes of payroll withholding shall be determined in the manner provided in Paragraph 1 above, as of the most recent practicable date prior to the date of exercise. If the fair market value of the shares withheld is less than the amount of payroll withholdings required, the Participant may be required to advance the difference in cash to the Company or the Affiliate employer. The Administrator in its discretion may condition the exercise of an Option for less than the then Fair Market Value on the Participant's payment of such additional withholding.

29. NOTICE TO COMPANY OF DISQUALIFYING DISPOSITION.

Each Employee who receives an ISO must agree to notify the Company in writing immediately after the Employee makes a Disqualifying Disposition of any shares acquired pursuant to the exercise of an ISO. A Disqualifying Disposition is defined in Section 424(c) of the Code and includes any disposition (including any sale or gift) of such shares before the later of (a) two years after the date the Employee was granted the ISO, or (b) one year after the date the Employee acquired Shares by exercising the ISO, except as otherwise provided in Section 424(c) of the Code. If the Employee has died before such stock is sold, these holding period requirements do not apply and no Disqualifying Disposition can occur thereafter.

30. TERMINATION OF THE PLAN.

The Plan will terminate on March 10, 2015, the date which is ten years from the earlier of the date of its adoption by the Board of Directors and the date of its approval by the shareholders of the Company. The Plan may be terminated at an earlier date by vote of the shareholders or the Board of Directors of the Company; provided, however, that any such earlier termination shall not affect any Agreements executed prior to the effective date of such termination.

2005 Stock Plan Page 16

[Table of Contents](#)

31. AMENDMENT OF THE PLAN AND AGREEMENTS.

The Plan may be amended by the shareholders of the Company. The Plan may also be amended by the Administrator, including, without limitation, to the extent necessary to qualify any or all outstanding Stock Rights

granted under the Plan or Stock Rights to be granted under the Plan for favorable federal income tax treatment (including deferral of taxation upon exercise) as may be afforded incentive stock options under Section 422 of the Code, and to the extent necessary to qualify the shares issuable upon exercise or acceptance of any outstanding Stock Rights granted, or Stock Rights to be granted, under the Plan for listing on any national securities exchange or quotation in any national automated quotation system of securities dealers. Any amendment approved by the Administrator which the Administrator determines is of a scope that requires shareholder approval shall be subject to obtaining such shareholder approval. Any modification or amendment of the Plan shall not, without the consent of a Participant, adversely affect his or her rights under a Stock Right previously granted to him or her. With the consent of the Participant affected, the Administrator may amend outstanding Agreements in a manner which may be adverse to the Participant but which is not inconsistent with the Plan. In the discretion of the Administrator, outstanding Agreements may be amended by the Administrator in a manner which is not adverse to the Participant. In addition, if the stock exchange on which the Shares are traded amends its corporate governance rules so that such rules no longer require stockholder approval of "material amendments" of equity compensation plans, then, from and after the effective date of such an amendment to those rules, no amendment of the Plan which (i) materially increases the number of shares to be issued under the Plan (other than to reflect a reorganization, stock split, merger, spin-off or similar transaction); (ii) materially increases the benefits to Participants, including any material change to: (a) permit a repricing (or decrease in exercise price) of outstanding Options, (b) reduce the price at which Shares or Options may be offered, or (c) extend the duration of the Plan; (iii) materially expands the class of Participants eligible to participate in the Plan; or (iv) expands the types of awards provided under the Plan shall become effective unless stockholder approval is obtained.

32. EMPLOYMENT OR OTHER RELATIONSHIP.

Nothing in this Plan or any Agreement shall be deemed to prevent the Company or an Affiliate from terminating the employment, consultancy or director status of a Participant, nor to prevent a Participant from terminating his or her own employment, consultancy or director status or to give any Participant a right to be retained in employment or other service by the Company or any Affiliate for any period of time.

33. GOVERNING LAW.

This Plan shall be construed and enforced in accordance with the law of the State of Delaware.

Section 1. Authorized Capital Stock. The Corporation shall be authorized to issue two classes of shares of capital stock to be designated, respectively, "Preferred Stock" and "Common Stock." The total number of shares of capital stock which the Corporation shall have the authority to issue is 160,000,000, comprised of 150,000,000 shares of Common Stock, par value \$.01 per share, and 10,000,000 shares of Preferred Stock, par value \$.01 per share.
