IMPORTANT

Even if you have given your proxy, you may still vote in person if you attend the meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you must obtain from the record holder a proxy issued in your name. Your proxy is revocable in accordance with the procedures set forth in the Proxy Statement.

DYNATRONICS CORPORATION

PROXY STATEMENT FOR
2012 ANNUAL MEETING OF SHAREHOLDERS
To Be Held December 17, 2012

This Proxy Statement contains information related to the Annual Meeting of Shareholders (“Annual Meeting”) of Dynatronics Corporation, a Utah corporation (“we,” “us,” “our,” the “Company” or “Dynatronics”), to be held at 3:00 p.m. Mountain Time on Monday, December 17, 2012, at our corporate headquarters, 7030 Park Centre Drive, Cottonwood Heights, Utah and at any postponements or adjournments thereof.

A form of proxy is furnished with this Proxy Statement to all shareholders of the Company for use at the Annual Meeting. This proxy is solicited on behalf of the Board of Directors of the Company (the “Board of Directors”). We will pay the cost of preparing and disseminating this information. In addition to the solicitation of proxies by use of the mail, our directors, officers and employees may solicit proxies personally or by telephone or facsimile or otherwise. Management of the Company will not be separately compensated for such solicitation services, although we may reimburse them for their out-of-pocket expenses, if any. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of the shares of common stock held by such persons, and we will reimburse such brokerage firms and others for their expenses incurred in connection therewith.

Please register your vote by following the voting instructions in this Proxy Statement or in the Notice of Internet Availability. Each proxy executed and returned by a shareholder prior to the Annual Meeting will be voted according to the instructions given in the proxy. Your execution of the enclosed proxy will not affect your right as a shareholder to attend the Annual Meeting and to vote in person. Any shareholder giving a proxy may revoke it at any time prior to its use at the Annual Meeting by giving written notice to our Vice President of Administration, by filing a revoking instrument or a duly executed proxy bearing a later date with our Vice President of Administration, or by attending the Annual Meeting and voting in person.

Important Notice Regarding Internet Availability of Proxy Materials

In accordance with rules approved by the Securities and Exchange Commission (“SEC”), instead of mailing a printed copy of the Company’s proxy materials to shareholders, the Company may now furnish proxy materials to shareholders on the Internet by providing a Notice of Internet Availability of Proxy Materials (the “Notice of Internet Availability”) to shareholders when the materials are available on the Internet. If your shares are registered directly in your name with Interwest Transfer Company, our transfer agent, you are considered a shareholder of record. As a shareholder of record of the Company at the close of business on October 25, 2012 (the “Record Date”), you may receive a “full set delivery” of our proxy materials, including this Proxy Statement, our Annual Report to Shareholders, and the form of proxy card (the “Full Set Delivery”) and you may vote in person at the Annual Meeting or you can complete and sign the enclosed proxy card, and return it to the Company by mail. If you submit a proxy card, we will vote your shares as you direct. If you submit a proxy card without giving specific voting instructions, those shares will be voted as recommended by the Board.

If your shares are held in a stock brokerage account or other nominee, you are considered the beneficial owner of those shares, and your shares are held in “street name.” If you hold your shares in “street name,” you will receive instructions from your broker or other nominee describing how to vote your shares. If you do not instruct your broker or nominee how to vote such shares, they may vote your shares as they decide as to each matter for which they have discretionary authority under the rules of the NASDAQ Stock Market. Note that this limitation on the nominees’

discretionary authority may preclude many of these nominees from voting your shares, absent your direction, on Proposal One (election of directors) and Proposal Two (the approval of the reverse stock split).

You may also receive the Notice of Internet Availability, in which case you will not receive a printed copy of the proxy materials unless you specifically request one. Instead, the Notice of Internet Availability will instruct you on how you may access and review all of the Company's proxy materials and the Company's Annual Report over the Internet, and to register your vote. If you receive a Notice of Internet Availability and would still like to receive a printed copy of all of the Company's proxy materials, including the Proxy Statement and Annual Report, you should follow the instructions below for requesting these materials.

The Company intends to commence distribution of the proxy materials and/or the Notice of Internet Availability to shareholders on or about October 30, 2012.

On or about October 30, 2012, the Company will first make available the proxy solicitation materials at <http://dynatronics.com/Portals/0/CorpFiles/ProxyStatement.pdf> to all shareholders entitled to vote at the Annual Meeting. You may also request a printed copy of the proxy solicitation materials and Annual Report by any of the following methods: by telephone at (800) 874-6251; or by sending an e-mail to our Vice President of Administration and Corporate Secretary, Bob Cardon, at BobC@dynatron.com.

QUESTIONS AND ANSWERS ABOUT THE MEETING

Q: Why am I receiving this Proxy Statement?

A: We are holding our Annual Meeting to elect the members of our Board of Directors, as described in Proposal One. In addition, we are seeking shareholder approval for a reverse stock split to maintain our listing on NASDAQ, and seeking advisory approval and ratification of the appointment of Larson & Rosenberger LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2013, as more fully described in Proposals Two and Three, respectively.

Q: What do I need to do now?

A: We urge you to carefully read and consider the information contained in this Proxy Statement. If applicable, you should then vote as soon as possible in accordance with the instructions provided in this Proxy Statement, by telephone, by returning a signed proxy card if you receive one as a shareholder of record of the Company, or by Internet if that option is available to you.

Q: What is the quorum requirement for the Annual Meeting?

A: The holders of a majority of the shares entitled to vote at the Annual Meeting must be present at the Annual Meeting for the transaction of business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, whether representing votes for, against or abstained, if you:

- Are present and vote in person at the Annual Meeting; or
- Have voted by telephone or by properly submitting a proxy card or vote instruction form by mail.

If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

Q: How are proxies voted?

A: All shares represented by valid proxies received prior to the Annual Meeting will be voted and, where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the shareholder's instructions.

Q: How do I vote?

A: You can vote your shares using one of the following methods:

- Vote by telephone by following the instructions in the Notice of Internet Availability;
- For those shareholders of record who receive the Full Set Delivery of all printed proxy materials, including a form of proxy card for voting (meaning that you hold your shares in your own name, not in the name of a broker, bank, or nominee), you may complete and sign the proxy card, and return it to the Company by mail; or
- If you hold your shares in "street name," which means your shares are held of record by a broker, bank or nominee, you must follow the instructions received from your broker or nominee (the record holder of your shares) to vote your shares. Please refer to your proxy card or the voting instruction card delivered by your broker, bank or nominee to see if you may submit voting instructions using the Internet or

telephone; or

- You may request a printed copy of the proxy card, Proxy Statement, and Annual Report by following the instructions on the Notice of Internet Availability, then complete, sign, and return the proxy card to the Company by mail; or
- You may attend and vote your shares in person at the meeting.

If you use telephone voting as your voting method, you do not need to return a proxy card or voting instruction card. Unless you are planning to vote in person at the meeting, your vote must be received by 11:59 p.m. Mountain Time, on December 16, 2012.

Even if you submit your vote by one of the first four methods mentioned above, you may still vote at the meeting if you are the record holder of your shares or hold a legal proxy from the record holder. Your vote at the meeting will constitute a revocation of any earlier delivered proxy or voting instructions.

Q: What happens if I do not vote?

A: If you are a record holder of your shares and you do not submit a proxy card, vote at the Annual Meeting in person, or register your vote by telephone, your shares will not be counted as present for the purpose of determining the presence of a quorum, and your shares will not be voted at the meeting. If you submit a proxy card and affirmatively elect to abstain from voting, your shares will be counted as present for the purpose of determining the presence of a quorum but will not be voted at the Annual Meeting.

Q: If my Dynatronics shares are held in “street name,” will my broker, bank, or nominee vote my shares for me on all proposals?

A: If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a “broker non-vote.”

Q: How are broker non-votes and abstentions treated?

A: Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Only “FOR” and “AGAINST” votes are counted for purposes of determining the votes received in connection with each proposal, and therefore broker non-votes and abstentions have no effect on the proposal relating to the election of directors. In the case of each of the other proposals, broker non-votes and abstentions have no effect on determining whether the affirmative vote constitutes a majority of the shares present or represented by proxy and voting at the Annual Meeting. Approval of these other proposals also requires the affirmative vote of a majority of the shares necessary to constitute a quorum, however, and therefore broker non-votes and abstentions could prevent the approval of these other proposals because they do not count as affirmative votes. In order to minimize the number of broker non-votes, the Company encourages you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided in the Notice.

Q: Which ballot measures are considered “routine” or “non-routine”?

A: The ratification of the appointment of Larson & Rosenberger LLP as the Company’s independent registered public accounting firm for 2013 (Proposal Three) is considered a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal Three. The election of directors (Proposal One) and the approval of a reverse stock split (Proposal Two) are matters considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals One and Two.

Q: Can I change my vote after I have mailed my signed proxy or direction form?

A: Yes. If you are a record holder, you can change your vote at any time before your proxy is voted at the Annual Meeting by:

- delivering to our Vice President of Administration a signed notice of revocation;
- granting a new, later-dated proxy, which must be signed and delivered to the Vice President of Administration; or

- attending the Annual Meeting and voting your shares in person; however, your attendance alone will not revoke your proxy.

If your shares are held in street name and you have instructed your broker or nominee to vote your shares, you must follow your broker or nominee's directions in order to change your vote or revoke your proxy.

Q: What should I do if I receive more than one set of voting materials?

A: You may receive more than one set of voting materials, including multiple copies of this Proxy Statement and multiple proxy cards or voting instruction cards for a variety of reasons. For example, if you hold your shares in more than one brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a holder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive.

Q: What if I object to the proposed transactions? Do I have dissenter's rights?

A: You may register your objection to a proposal by voting your shares against the proposal. However, there are no appraisal or other "dissenter's rights" available under state law for the types of transactions and proposals discussed in this Proxy Statement.

Q: Who will serve as the inspector of election?

A: A representative from the Company will serve as the inspector of election.

Q: Where can I find the voting results of the Annual Meeting?

A: The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the inspector of election and published in a Current Report on Form 8-K, which the Company is required to file with the SEC within four business days following the Annual Meeting.

Q: Whom should I call with questions?

A: If you have any questions about the meeting, require directions to the meeting, or need additional copies of this Proxy Statement or the enclosed proxy card, you should contact:

Dynatronics Corporation
7030 Park Centre Drive
Cottonwood Heights, Utah 84121

VOTING OF SHARES

Our Board of Directors has fixed the close of business on October 25, 2012 as the "Record Date" for determining the shareholders entitled to receive notice of, and to vote at the Annual Meeting. At the close of business on the Record Date there were 12,688,650 shares of our common stock, no par value, issued and outstanding, each such share entitled to one vote. Our shares are held by approximately 2,600 shareholders.

Voting of Proxies

Your shares will be voted as you direct on your signed proxy card. If you do not specify on your proxy card how you want to vote your shares, we will vote signed returned proxies:

1. FOR the election of the Board of Directors' nominees for directors listed in this Proxy Statement;
2. FOR the reverse stock split; and
3. FOR ratification on an advisory basis of the appointment of Larson & Rosenberger as our independent registered public accounting firm for the fiscal year ending June 30, 2013.

We do not know of any other business that may be presented at the meeting. If a proposal other than those listed in the Notice is presented at the Annual Meeting, your signed proxy card authorizes the persons named in the proxy to vote your shares on such matters in their discretion.

Vote Required for Approval

A plurality of the shares voting at the Annual Meeting is required to elect directors. This means that the five nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them will be elected. In counting votes on the election of directors, abstentions, broker non-votes (i.e. shares held of record by a broker which are not voted because the broker has not received voting instructions from the beneficial owner of the shares and either lacks or declines to exercise authority to vote the shares in its discretion) and other shares not voted will be counted as not voted. These shares will be deducted from the total shares of which a plurality is required.

All other proposals presented in this Proxy Statement will be approved if a majority of the shares present or represented by proxy and voting at the Annual Meeting are cast in favor of the proposals. In counting votes on each such matter, abstentions will not be counted as voted for the matter and broker non-votes will be counted as not voted for the matter.

Quorum

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote at the meeting is required for a quorum for the transaction of business. In general, shares of common stock represented by a properly signed and returned proxy card will be counted as shares present and entitled to vote at the meeting for purposes of determining a quorum. Abstentions will be counted as “represented” for the purpose of determining the presence or absence of a quorum, but will not be counted for any other purpose. Inasmuch as street name holders will have discretionary voting rights with respect to routine Proposal Three, ratification of our independent registered public accounting firm, broker non-votes will also be counted as “represented” for the purpose of determining the presence or absence of a quorum.

Voting

As an alternative to voting in person at the Annual Meeting, or voting by telephone, those shareholders who receive a paper proxy card and voting instructions by mail, and who elect to vote by mail, should sign and return the mailed proxy card in the pre-addressed envelope that will be enclosed with the proxy card, and your shares will be voted at the Annual Meeting in the manner you direct.

If your shares are registered in the name of a bank or brokerage firm or other nominee (your record holder), you will receive instructions from your record holder that must be followed in order for your record holder to vote your shares per your instructions. Many banks and brokerage firms have a process for their beneficial holders to provide instructions via the Internet or over the telephone. If you hold shares through a bank or brokerage firm and wish to be able to vote in person at the Annual Meeting, you must obtain a legal proxy from your brokerage firm, bank or other holder of record and present it to the inspector of elections with your ballot.

PROXY SOLICITATION

We are soliciting proxies from our shareholders for use by our Board of Directors at our Annual Meeting. We will pay the cost of solicitation of proxies from our shareholders, including preparation, assembly, printing and mailing of this Proxy Statement and the proxy cards. * Denotes member of the Audit and Compensation Committees of our Board of Directors.

Independence

We continue to monitor the rules and regulations of the SEC and the NASDAQ Stock Market to ensure that a majority of our Board of Directors remain “independent” directors. Our Board of Directors has determined, after considering all of the relevant facts and circumstances, that each of Mr. Edwards, Mr. Christensen and Mr. Barton is independent within the meaning of the applicable NASDAQ Marketplace Rules. This means that the Board of Directors has determined that those directors (1) are not officers or employees of Dynatronics or its subsidiary and (2) have no direct or indirect relationship with Dynatronics that would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director. As a result, the Board of Directors has determined that we have a majority of independent directors as required by the NASDAQ Marketplace Rules.

Committees

Our Board of Directors has two standing committees: the Compensation Committee and the Audit Committee, each comprised solely of independent directors. The Board of Directors does not have a standing nominating committee or other committee that recommends qualified candidates to the Board of Directors for nomination or election as directors.

Compensation Committee

The Compensation Committee is responsible for reviewing and approving, where required, the compensation, as well as evaluating the performance, of our executive officers, and advising and assisting management in developing our overall compensation strategy to assure that it promotes shareholder interests, supports our strategic and tactical objectives, and provides for appropriate rewards and incentives for our management and employees. The Compensation Committee does not have a separate charter. In exercising its responsibilities, the Compensation Committee establishes and monitors policies governing the compensation of executive officers, reviews the performance of and determines salaries and incentive compensation for executive officers, and makes option awards to those individuals. Additionally, the Compensation Committee administers our stock plans and reviews and approves the structure of our bonus plans. The following independent directors constituted the Compensation Committee for the fiscal year ended June 30, 2012 and continue to function as such as of the date of this report: Val J. Christensen (committee chairman), Howard L. Edwards and Joseph H. Barton. The Compensation Committee held two meetings during fiscal year 2012. All members of the committee attended at least 75% of all meetings of the Compensation Committee.

Audit Committee

The Audit Committee, which has been established in accordance with requirements of Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (“Exchange Act”) is comprised of the following independent directors: Howard L. Edwards (committee chairman), Joseph H. Barton and Val J. Christensen. The Board of Directors has determined that each member of the Audit Committee (i) is independent, (ii) meets the financial literacy requirements of the NASDAQ Marketplace Rules, and (iii) meets the enhanced independence standards established by the SEC. In addition, the Board has determined that Mr. Edwards qualifies as an “audit committee financial expert” as that term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated under the Exchange Act by the SEC.

The Audit Committee is primarily concerned with the integrity of our financial statements, the independence, qualifications and performance of our independent registered public accounting firm, and our compliance with legal requirements. The Audit Committee operates under a written charter approved by the Board of Directors and the Audit Committee, that reflects standards and requirements adopted by the SEC and the NASDAQ Stock Market. The Audit Committee Charter can be found on our website, www.dynatronics.com, in the “Company Information, Investor Relations, Company Policies” section. The Audit Committee held four meetings during fiscal year 2012. Each member of the Audit Committee attended at least 75% of the Audit Committee’s meetings.

According to its charter, the Audit Committee’s duties include selecting and engaging our independent registered public accounting firm; reviewing the scope of the audit to be conducted by our independent registered public accounting firm; overseeing our independent registered public accounting firm and reviewing the results of its audit; reviewing our financial reporting processes, including the accounting principles and practices followed and the financial information provided to shareholders and others; overseeing our internal control over financial reporting and disclosure controls and procedures; and serving as our legal compliance committee.

Meetings of the Board of Directors

There were six regular meetings of the Board of Directors held during fiscal year 2012. No director attended fewer than 75% of all meetings of the Board of Directors during the fiscal year.

Executive Sessions of Independent Directors

The independent directors meet in executive session at scheduled times during the year. Mr. Christensen presides at these meetings as lead independent director. If Mr. Christensen is unable to participate, another non-management director designated by the remaining independent directors will preside at these meetings. During the year ended June 30, 2012, the independent directors met in executive session on one occasion, with each independent director in attendance.

Board Leadership Structure and Role in Risk Oversight

Currently, Kelvyn H. Cullimore, Jr. serves as our Chairman of the Board of Directors, and as Chief Executive Officer. The Company does not have a formal policy with respect to separation of the offices of Chairman of the Board and Chief Executive Officer, and the Board of Directors believes that flexibility in appointing the Chairman of the Board and Chief Executive Officer allows the Board of Directors to make a determination as to such positions from time to time and in a manner that it believes is in the best interest of the Company and its shareholders.

The Board of Directors believes that the traditional practice of combining the roles of Chairman of the Board and Chief Executive Officer currently provides the preferred form of leadership for the Company. Given Mr. Cullimore's long tenure and vast experience with the Company, the tremendous respect which he has earned from employees, business partners and shareholders, as well as other members of the medical device manufacturers industry, and his proven leadership skills, the Board of Directors believes the best interests of the Company's shareholders are met by Mr. Cullimore's continued service in both capacities. The Board of Directors also believes that Mr. Cullimore's fulfillment of both responsibilities encourages clear accountability and effective decision-making, and provides strong leadership for the Company's employees and other stakeholders.

Given the experience and qualifications the Company's directors contribute to the Board's activities, the Company has implemented a number of practices designed to encourage effective corporate governance. These practices include:

- the requirement that at least a majority of the Company's directors meet the standards of independence applicable to the Company;
- the appointment of Val J. Christensen as lead independent director, who is empowered to schedule and conduct meetings of the independent directors, communicate with the Chairman of the Board, disseminate information to the Board and raise issues with management on behalf of the independent directors when appropriate;
- executive sessions of the independent members of the Board of Directors and committee meetings which include individual sessions with representatives of the Company's independent registered public accounting firm, as well as the Company's CFO and CEO; and
- performance evaluations of the Company's CEO by the Compensation Committee.

The Company's management is primarily responsible to manage risk and inform the Board of Directors regarding the most material risks confronting the Company. The Board of Directors has oversight responsibility of the processes established to monitor and manage such risks. The Board of Directors believes that such oversight function is the responsibility of the entire Board of Directors through frequent reports and discussions at regularly scheduled Board meetings. In addition, the Board has delegated specific risk management oversight responsibility to the Audit Committee and to the independent members of the Board of Directors. In particular, the Audit Committee oversees management of risks related to accounting, auditing and financial reporting and maintaining effective internal controls for financial reporting. The independent members of the Board of Directors oversee risk management related to the Company's corporate governance practices and the Company's executive compensation plans and arrangements. These specific risk categories and the Company's risk management practices are reviewed by the entire Board of Directors in the ordinary course of regular Board meetings.

Communications with the Board of Directors

Shareholders may communicate directly with our Board of Directors by writing to them at Board of Directors, c/o Vice President of Administration, Dynatronics Corporation, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121. All communications received in this manner will be opened by the Secretary of the Company for the sole purpose of determining whether the contents represent a message to our directors; after which they will be forwarded

to the director or directors to whom addressed, except for communications that are (1) advertisements, promotions of a product or service, patently offensive material or matters deemed inappropriate for the Board of Directors, (2) solely related to complaints with respect to ordinary course of business customer service and satisfaction issues, or (3) clearly unrelated to our business, industry, management, Board of Directors, or related committee matters.

Code of Conduct and Ethics

We have established a Code of Business Ethics that applies to our officers, directors and employees. The Code of Business Ethics contains general guidelines for conducting our business consistent with the highest standards of business ethics, and is intended to qualify as a “code of ethics” within the meaning of the Exchange Act and as a “code of business conduct and ethics” within the meaning of the NASDAQ Marketplace Rules.

All of our directors, officers and employees must act in accordance with our Code of Business Ethics. Employees and directors are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Business Conduct and Ethics. In addition, our Audit Committee has established procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls, or auditing matters, and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

The Code of Business Ethics is available on our website at www.dynatronics.com, in the “Company Information, Investor Relations, Company Policies” section. A copy may also be obtained by writing to the Vice President of Administration, Dynatronics Corporation, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121.

REVIEW, APPROVAL OR RATIFICATION OF TRANSACTIONS WITH RELATED PERSONS

Transaction Review

We have adopted a policy that any transactions with directors, executive officers or entities of which they are also officers or directors or in which they have a financial interest, will only be on terms consistent with industry standards and approved by a majority of the disinterested directors of our Board of Directors. Our bylaws provide that no such transactions by us shall be either void or voidable solely because of such relationship or interest of directors or officers or solely because such directors are present at the meeting of our Board of Directors or a committee thereof which approves such transactions, or solely because their votes are counted for such purpose if:

- The fact of such common directorship or financial interest is disclosed or known by our Board of Directors or committee and noted in the minutes, and our Board of Directors or committee authorizes, approves or ratifies the contract or transaction in good faith by a vote for that purpose without counting the vote or votes of such interested directors; or
- The fact of such common directorship or financial interest is disclosed to or known by the shareholders entitled to vote, and they approve or ratify the contract or transaction in good faith by a majority vote or written consent of shareholders holding a majority of the shares of common stock entitled to vote (the votes of the interested directors or officers shall be counted in any such vote of shareholders); or
- The contract or transaction is fair and reasonable to us at the time it is authorized or approved.

In addition, interested directors may be counted in determining the presence of a quorum at a meeting of our Board of Directors or a committee thereof that approves such transactions. If there are no disinterested directors, we shall obtain a majority vote of the shareholders approving the transaction.

Transactions with Related Parties

We rent office and warehouse space in Pleasanton, California from the Rajala Family Trust, a shareholder of Dynatronics, holding approximately 9.1 percent of our issued and outstanding common stock. The monthly lease payment during fiscal year 2012 was \$9,000 and the lease term is renewable annually. In addition, we rent office and warehouse space in Detroit, Michigan from Steve Cyman. Mr. Cyman owns approximately 6.1 percent of the outstanding shares of the Company's common stock. The monthly lease payment is \$3,500 and the lease automatically renews on a semi-annual basis unless it is terminated. Management believes that the monthly rental payments for each facility are comparable to or below market rates for similar properties.

The Company has agreed to repurchase up to \$100,000 of Dynatronics common stock from Mr. John Rajala and from Mr. Tony Trolio annually for three years at full market value of the stock price. These agreements became effective on July 1, 2010 and run through June 30, 2013. Pursuant to these agreements, Mr. Rajala and Mr. Trolio each sold \$100,000 of their stock to the Company during the year ended June 30, 2011, the first year of the agreement. In

addition, Mr. Rajala sold \$100,000 of his stock to the Company during the year ended June 30, 2012. These shareholders are the former owners of two of the dealerships acquired on June 30 and July 2, 2007. As part of the purchase price for their distribution companies, the Rajala Family Trust and Tony Trolio were paid with shares of Dynatronics common stock.

Except as described above and in this Proxy Statement under executive employment contracts, during the two years ended June 30, 2012, Dynatronics was not a party to any transaction in which any director, executive officer or shareholder holding more than 5% of the issued and outstanding common stock had a direct or indirect material interest.

Compensation Discussion and Analysis

The Compensation Committee oversees our executive compensation program and reviews all compensation decisions relating to our executive officers. The Compensation Committee evaluates both performance and compensation to ensure that we are able to attract and retain the best possible employees in key positions and that the compensation provided to key employees remains competitive with the compensation provided to employees of our peer group comprised of companies of comparable revenue and market capitalization in the diversified high technology market. The following is a discussion of our compensation program for compensation of our Named Executive Officers and directors.

Compensation Program Objectives

Executive compensation is determined by several factors. The following are the main objectives of our executive compensation program as determined by the Compensation Committee:

- Retention of qualified officers.
- Providing overall corporate direction for the officers and also to provide direction that is specific to officer's respective areas of authority. The level of compensation amongst the officer group, in relation to one another, is also considered in order to maintain a high level of satisfaction within the leadership group. We consider the relationship that the officers maintain to be one of the most important elements of the leadership group.
- Providing a performance incentive for the officers.

The compensation program is designed to reward the officers in the following areas:

- Achievement of specific goals
- Creativity in the form of innovative ideas and analysis for new programs and projects
- New program implementation
- Attainment of company goals, budgets, and objectives
- Results-oriented determination and organization
- Positive and supportive direction for company personnel

The Compensation Committee determines the portion of compensation allocated to each element for each individual executive officer. The discussions of compensation practices and policies are of historical practices and policies. Our Board of Directors and the Compensation Committee expect to continue these policies and practices, but will reevaluate the practices and policies as they consider advisable.

The principal elements of our executive compensation program include:

- Base salary
- Performance bonus
- Stock options and stock awards
- Employee benefits in the form of:
 - o health and dental insurance
 - o life insurance

Other benefits including use of Company automobile and cell phone

Base salary

Base salary is intended to provide competitive compensation for job performance and to attract and retain qualified Named Executive Officers. The base salary level is determined by considering several factors inherent in the market place such as: the size of the company; the prevailing salary levels for the particular office or position; prevailing salary levels in a given geographic locale; and the qualifications and experience of the executive officer. In determining the salary of the executive officers, the Compensation Committee considered the comparable salary levels provided by various published executive compensation survey reports for the medical device industry.

Performance bonus

Bonuses are based on company performance. A percentage formula based on our pre-tax profit is used in determining the performance bonus for the executive officers.

Stock options and stock awards

Stock ownership is provided to enable executive officers to participate in our success. The direct or potential ownership of stock is expected to provide the incentive to expand the involvement of the executive officer to include, and therefore be mindful of, the perspective of our shareholders.

Employee benefits

Employee benefits for the executive officers are selected to provide security. Most notably, insurance coverage for health, life, and disability are intended to provide a level of protection that will enable the executive officers to function without having the distraction of having to manage undue risk. The health insurance also provides access to preventative medical care which will help the executive officers function at a high energy level, manage job related stress, and contribute to the overall well being of the executive officers, all of which contribute to an enhanced job performance.

Other benefits

Other employee benefits such as cell phones and automobile usage are directly related to job functions and contain a personal use element which is considered to be a goodwill gesture that contributes to enhanced job performance.

As discussed above, the Compensation Committee determines the portion of compensation allocated to each element for each individual executive officer. As a general rule, base salary is competitively based while giving consideration to employee retention, qualifications, performance, and general market conditions. Typically, stock options are based on the current market value of the underlying common shares and how that will contribute to the overall compensation of the executive officer. Consideration is also given to the fact that the option has the potential for an appreciated future value. As such, this future value may in fact be the most significant factor of the option, but it is also more difficult to quantify as a benefit to the executive officer.

Accordingly, in determining our compensation program, as well as setting the compensation for each executive officer, the Compensation Committee attempts to attract the interest of the executive officer within the constraints of a compensation package that is fair and equitable to all parties involved.

Employment Agreements and Potential Payments Upon Termination or Change in Control

We believe it is in our best interests to secure the services of key executives and that it is appropriate to provide these executives with protection should their employment with Dynatronics be terminated under certain circumstances. Therefore, we have entered into written employment contracts with Larry K. Beardall, our Executive Vice President and Kelvyn H. Cullimore, Jr., our Chairman, President, and CEO. These agreements were approved by the Compensation Committee.

The compensation package under each of these contracts includes a salary, an automobile allowance, an annual bonus based on pre-tax operating profit (at rates established by the Compensation Committee), and stock and/or stock options granted under our 2005 Equity Incentive Plan and the 1992 Stock Option Plan, as amended and restated. They also receive other welfare and employee benefits that are standard in such agreements, including, by way of example, health insurance, paid vacation and Company-paid life insurance. These contracts also contain a provision granting the executives certain rights and protections in the event of a change in control.

As defined in these employment contracts, a "change of control" will occur in transactions such as an acquisition of Dynatronics through a purchase of shares or assets, or by merger, in which any person is or becomes the beneficial

owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities representing 50% or more of the combined voting power of our then outstanding voting securities; or the composition of the Board of Directors is changed such that the former members of the Board of Directors cease to constitute at least a majority of the Board of Directors; or our shareholders approve an agreement for the sale or disposition by us of all or substantially all of our assets.

If a change of control occurs and the employment of Mr. Beardall is terminated within 18 months thereof, he is to be paid a lump sum of \$400,000. If a change of control occurs and the employment of Mr. Cullimore, Jr. is terminated within 18 months thereof, he is to be paid a lump sum of \$500,000. All stock options, stock awards, warrants and other similar rights granted by us to each executive prior to termination will immediately and entirely vest and will be immediately delivered to the executive without restriction or limitation of any kind (except for normal transfer restrictions required by law). The agreement also provides that we will transfer to each executive title, free and clear of all encumbrances, to either (i) the Company-owned vehicle used by the executive at the time of termination, or (ii) a vehicle of substantially similar market value.

These employment contracts terminate upon the executive's death or disability or termination of their employment for cause. The employment contracts also contain covenants against competition by each executive during the term of his employment and for two years after the termination of his employment for any reason.

401(k) Plan

Dynatronics has adopted a 401(k) plan. Employees who are 20 years of age or older and have completed at least six months of service with us are eligible to participate in the 401(k) plan.

Eligible employees may make contributions to the 401(k) plan in the form of salary deferrals of up to 20% of total compensation, not to exceed \$17,000, the maximum allowable amount of salary deferrals for calendar year 2012. We match annual employee contributions at 25% of employee contributions, up to a maximum of \$500 per employee per year.

Participants in the 401(k) plan are fully vested in their salary deferral contributions and vest 20% per year after two years of participation in matching contributions. Amounts deferred by Named Executive Officers in the 401(k) plan, along with the 25% matching contributions, are included under "Other Compensation" in the Summary Compensation Table.

During fiscal year 2012, we granted 400,000 shares of stock to Kelvyn H. Cullimore, Jr. under a long-term incentive plan with 40,000 shares vesting each year over a ten-year period. We have never granted stock appreciation rights.

Equity Compensation Plans

We have two equity compensation plans, the Amended and Restated 1992 Stock Option Plan (the "1992 Plan") and the 2005 Equity Incentive Plan (the "2005 Plan"). Both plans were approved by our shareholders. Nonstatutory and statutory options and other awards have been granted to our employees, officers, directors and consultants under these plans. The Compensation Committee of our Board of Directors administers both plans. As of June 30, 2012, options for the purchase of 561,664 shares are exercisable and outstanding under these plans.

With the adoption of the 2005 Plan, our Board of Directors determined that no further awards would be granted under the 1992 Plan. As of June 30, 2012, a total of 500,869 shares were available for issuance through options or awards yet to be granted under the 2005 Plan. During the fiscal year ended June 30, 2012, each of the three independent directors received 2,515 shares of restricted common stock under the 2005 Plan.

The following table sets forth information as of June 30, 2012 about our stock option plans and our non-plan options under which our equity securities are authorized for issuance.

REPORT OF THE AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the year ended June 30, 2012. The information contained in this report shall not be deemed "soliciting material" or otherwise considered "filed" with the SEC, and such information shall not be incorporated by reference into any future filing under the Securities Act or the Exchange Act except to the extent that the Company specifically incorporates such information by reference in such filing.

To the Board of Directors:

The Audit Committee consists of three members: Messrs. Edwards, Barton and Christensen. All of the members are independent directors under the NASDAQ and SEC audit committee structure and membership requirements. The Audit Committee has certain duties and powers as described in its written charter adopted by the Board. A copy of the charter can be found on the Company's website.

The Audit Committee is responsible primarily for assisting the Board in fulfilling its oversight responsibility of reviewing the financial information that will be provided to shareholders and others, appointing the independent registered public accounting firm, reviewing the services performed by the Company's independent registered public accounting firm and internal audit department, evaluating the Company's accounting policies and the Company's system of internal controls that management and the Board have established, and reviewing significant financial transactions. The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements.

In fulfilling its oversight responsibility of appointing and reviewing the services performed by the Company's independent registered public accounting firm, the Audit Committee carefully reviews the policies and procedures for the engagement of the independent registered public accounting firm, including the scope of the audit, audit fees, auditor independence matters and the extent to which the independent registered public accounting firm may be retained to perform non-audit related services.

The Company maintains an auditor independence policy that bans its auditors from performing non-financial consulting services, such as information technology consulting and internal audit services. This policy mandates that the Audit Committee approve the audit and non-audit services and related budget in advance, and that the Audit Committee be provided with quarterly reporting on actual spending. This policy also mandates that the Company may not enter into auditor engagements for non-audit services without the express approval of the Audit Committee.

The Audit Committee reviewed and discussed Dynatronics' audited financial statements for the fiscal year ended June 30, 2012 with our management. The Audit Committee discussed with Tanner LLC, our independent registered public accounting firm for the fiscal year ended June 30, 2012, the matters required to be discussed by Statement on Auditing Standards No. 114, The Auditors Communication with Those Charged with Governance. The Audit Committee also received the written communication from Tanner LLC required by PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, and the Audit Committee has discussed the independence of Tanner LLC with them.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to our Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2012 filed with the SEC on September 28, 2012.

Respectfully submitted:

THE AUDIT COMMITTEE

Howard L. Edwards, Chairman
Val J. Christensen
Joseph H. Barton

OVERVIEW OF PROPOSALS

This Proxy Statement contains three proposals requiring shareholder action. Proposal One requests the election of five directors to the Board. Proposal Two requests the approval of the shareholders authorizing the Board of Directors to effect a reverse stock split of the Company's issued and outstanding shares of common stock. Proposal Three requests ratification of the appointment of Larson & Rosenberger as the Company's independent registered public accounting firm for the year ending June 30, 2013. Each of the proposals is discussed in more detail in the pages that follow.

PROPOSAL ONE – ELECTION OF DIRECTORS

Summary

Our Board of Directors currently consists of five members. Five directors will be elected at the Annual Meeting. Directors are elected at each annual meeting of the Shareholders and serve one-year terms until the next annual meeting when their respective successors are duly elected and qualified. The persons named as proxies in the enclosed proxy intend to vote for the election of each of the following five nominees, unless instructions to the contrary are given in the proxy. The five nominees for director are Kelvyn H. Cullimore, Jr., Larry K. Beardall, Howard L. Edwards, Val J. Christensen and Joseph H. Barton. Each of the five nominees is currently serving as a member of our Board and has indicated that he is able and willing to continue to serve as a director. Our Board of Directors has no reason to believe that any nominee named herein will be unable or unwilling to serve. However, if some unexpected occurrence should require the substitution of some other person or persons for any one or more of the nominees, the proxy holders will vote for such nominee or nominees as the Board of Directors may select.

Director Nominations

Our Board of Directors does not have a nominating committee or other committee that recommends qualified candidates to the Board of Directors for nomination or election as directors. The Board of Directors believes that, because of our relatively small size, and because of the historically few and infrequent vacancies on the Board of Directors, it is in our best interest to permit all of the independent directors to fully participate in the director nomination process. The Board of Directors has adopted a nominations process that provides that the independent directors, acting by a majority vote, are authorized to recommend individuals as nominees to the Board of Directors.

The independent directors are responsible for reviewing and interviewing qualified candidates to serve on the Board of Directors, for making recommendations to the full Board of Directors for nominations to fill vacancies on the Board of Directors, and for selecting the nominees to be elected by our shareholders at each annual meeting.

Director Qualifications

The independent directors have established certain criteria they consider as guidelines in considering nominations to the Board of Directors. These criteria include: (a) personal characteristics, including such matters as integrity, age, education, diversity of background and experience, absence of potential conflicts of interest with us or our operations, and the availability and willingness to devote sufficient time to the duties of a director; (b) experience in corporate management, such as serving as an officer or former officer of a publicly held company; (c) experience in our industry and with relevant social policy concerns; (d) experience as a board member of another publicly-held company; (e) academic expertise in an area of our operations; and (f) practical and mature business judgment. The criteria are not exhaustive and the independent directors and the full Board of Directors may consider other qualifications and attributes they believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. The independent directors seek to assemble a board of directors that brings a variety of perspectives and skills derived from high-quality business and professional experience.

Board Diversity

In identifying nominees, the independent directors do not have a formal policy regarding the consideration of gender, race, religion, and other traits typically associated with the term “diversity.” As described in “Director Qualifications” above and “Identification and Evaluation of Nominees” below, the independent directors consider it important that the Board be composed of directors with a diverse range of experience, areas of expertise and skills, but has not adopted any formal policy.

Identification and Evaluation of Nominees

The independent directors may use multiple sources for identifying and evaluating nominees for directors, including referrals from our current directors and management as well as input from third parties, including executive search firms retained by the Board of Directors. The independent directors will obtain background information about candidates, which may include information from questionnaires and background and reference checks, and will then interview qualified candidates. Our other directors will also have an opportunity to meet and interview qualified candidates. The independent directors will then determine, based on the background information and the information obtained in the interviews, whether to recommend to the Board of Directors that a candidate be nominated to the Board of Directors.

Shareholder Nominations

The independent directors may from time to time consider qualified nominees recommended by shareholders, who may submit recommendations to the independent directors through a written notice as described under “Shareholder Proposals” below. Nominees for director who are recommended by shareholders will be evaluated in the same manner as any other nominee for director.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” EACH DIRECTOR NOMINEE.

PROPOSAL TWO – APPROVAL OF A REVERSE STOCK SPLIT

Overview and History

Dynatronics has been a publicly-traded company since 1984. Our common stock is traded on the NASDAQ Capital Market (symbol: DYNT). We have approximately 12,688,650 shares of common stock issued and outstanding.

On May 9, 2012, we received a deficiency letter from the NASDAQ Stock Market, indicating that we had failed to comply with the minimum bid requirement for continued inclusion under Marketplace Rule 4310(c)(4). Under the deficiency notice, our common stock is subject to potential delisting because, for a period of 180 consecutive days, the bid price of the common stock closed below the minimum \$1.00 per share requirement for continued inclusion. The deadline for our compliance with the rule is November 5, 2012. As of September 24, 2012, the closing trading price of the Company’s common stock was \$0.57.

In order to avoid delisting from NASDAQ, on September 24, 2012, the Board of Directors adopted resolutions (1) recommending an amendment be made to our articles of incorporation to effect a reverse stock split, as described below (the “Reverse Stock Split”), and (2) directing that a proposal to approve the Reverse Stock Split be submitted to the holders of our common stock for approval.

Description of the Reverse Stock Split

The form of the proposed amendment to Dynatronics' restated articles of incorporation to effect the Reverse Stock Split is attached to this proxy statement as Exhibit A. If approved by our shareholders, the Reverse Stock Split would allow the Board of Directors to effect a reverse stock split of our common stock at the ratio of 1 share for every 5 shares outstanding. In determining the ratio, the board considered, among other things, factors such as:

- the historical trading price and trading volume of our common stock;
- the number of shares of our common stock outstanding;
- the then-prevailing trading price and trading volume of our common stock and the anticipated impact of the Reverse Stock Split on the trading market for our common stock; and
- prevailing general market and economic conditions.

The Board of Directors reserves its right to elect to abandon the Reverse Stock Split, if it determines, in its sole discretion, that the Reverse Stock Split is no longer in the best interests of Dynatronics and its shareholders.

Immediately following the Reverse Stock Split, the number of shares of common stock issued and outstanding will be reduced. Under the proposed amendment the total number of authorized shares would remain the same, which means that a Reverse Stock Split would result in an increased number of authorized but unissued shares of our common stock. The Reverse Stock Split would become effective upon the filing (the "Effective Date") of articles of amendment to the Company's amended and restated articles of incorporation with the Division of Corporations and Commercial Code of the Department of Commerce of the State of Utah (the "Division"). The exact timing of the filing of the Reverse Stock Split will be as soon as the filing can be made following approval of the shareholders. In addition, the Board reserves the right, notwithstanding shareholder approval and without further action by the shareholders, to elect not to proceed with the Reverse Stock Split if, at any time prior to filing the certificate of amendment, the Board, in its sole discretion, determines that it is no longer in Dynatronics' best interests and the best interests of its shareholders to proceed with the Reverse Stock Split.

To avoid the existence of fractional shares of our common stock, fractional shares which would result from the Reverse Stock Split will be rounded up to the nearest whole share in lieu of such fractional shares.

Background and Reasons for the Reverse Stock Split

The Board believes that the Reverse Stock Split, if implemented, would have the effect of increasing the price of our common stock in order to regain compliance with NASDAQ's \$1.00 minimum bid requirement. Management believes that maintaining the Company's listing on NASDAQ provides increased trading liquidity, tighter spreads between bid and ask quotes, greater investor confidence and a greater number of market makers trading our stock, compared to being delisted to the OTC Markets or NASD Bulletin Board. Accordingly, we believe that shareholder approval of the Reverse Stock Split is in Dynatronics' and our shareholders' best interests.

Reducing the number of outstanding shares of our common stock through the Reverse Stock Split is intended, absent other factors, to increase the per share market price of our common stock. However, other factors, including our financial results, market conditions and the market perception of our business may adversely affect the market price of our common stock. As a result, there can be no assurance that the Reverse Stock Split, if completed, will result in the intended benefits described above, that the market price of our common stock will increase following the Reverse Stock Split or that the market price of our common stock will not decrease in the future. Additionally, we cannot assure you that the market price per share of our common stock after a Reverse Stock Split will increase in proportion to the reduction in the number of shares of our common stock outstanding before the Reverse Stock Split. Accordingly, the total market capitalization of our common stock after the Reverse Stock Split may be lower than the total market capitalization before the Reverse Stock Split.

Effect of the Reverse Stock Split on Holders of Outstanding Common Stock

Shares of common stock issued and outstanding at the time that the Reverse Stock Split is completed will be affected by the Reverse Stock Split. The number of shares of common stock issued and outstanding as of the Record Date is 12,688,650.

Every five shares existing common stock will be combined into one new share of common stock. Assuming no additional shares of common stock are issued after the Record Date and prior to the Effective Date, the number of shares of common stock issued and outstanding will therefore be reduced at the Effective Date to approximately 2,537,730 shares. If approved and effected, the Reverse Stock Split will be realized simultaneously and in the same ratio for all of our common stock. The Reverse Stock Split will affect all holders of our common stock uniformly and

will not affect any shareholder's percentage ownership interest in Dynatronics, except, that, as described below in "Fractional Shares," holders of common stock otherwise entitled to a fractional share as a result of the Reverse Stock Split will receive an additional whole share of common stock in lieu of such fractional share. In addition, the Reverse Stock Split will not affect any shareholder's proportionate voting power (subject to the treatment of fractional shares).

The Reverse Stock Split may result in some shareholders owning "odd lots" of less than 100 shares of common stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher on a per share basis than the costs of transactions in "round lots" of even multiples of 100 shares.

After the Effective Date, our common stock will have a new Committee on Uniform Securities Identification Procedures (CUSIP) number, which is a number used to identify our equity securities, and stock certificates with the older CUSIP number will need to be exchanged for stock certificates with the new CUSIP number by following the procedures described below.

Beneficial Holders of Common Stock (i.e. shareholders who hold in street name)

Upon completion of the Reverse Stock Split, we will treat shares held by shareholders through a bank, broker, custodian or other nominee, in the same manner as registered shareholders whose shares are registered in their names. Banks, brokers, custodians or other nominees will be instructed to effect the Reverse Stock Split for their beneficial holders holding our common stock in street name. However, these banks, brokers, custodians or other nominees may have different procedures for processing the Reverse Stock Split and making payment for fractional shares. If a shareholder holds shares of our common stock with a bank, broker, custodian or other nominee and has any questions in this regard, the shareholder is encouraged to contact his/her bank, broker, custodian or other nominee.

Holders of Certificated Shares of Common Stock

Shareholders holding shares of our common stock in certificated form will be sent a transmittal letter by the transfer agent after the Effective Date. The letter of transmittal will contain instructions on how a shareholder should surrender his, her or its certificate(s) representing shares of our common stock (the "Old Certificates") to the transfer agent in exchange for certificates representing the appropriate number of whole shares of POST-Reverse Stock Split common stock (the "New Certificates"). No New Certificates will be issued to a shareholder until such shareholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the transfer agent. No shareholder will be required to pay a transfer or other fee to exchange his, her or its Old Certificates. Shareholders will then receive a New Certificate representing the number of whole shares of common stock that they are entitled as a result of the Reverse Stock Split. Until surrendered, we will deem outstanding Old Certificates held by shareholders to be cancelled and only to represent the number of whole shares of POST-Reverse Stock Split common stock to which these shareholders are entitled. Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, will automatically be exchanged for New Certificates. If an Old Certificate has a restrictive legend, the New Certificate will be issued with the same restrictive legends that are on the back of the Old Certificate.

No Going Private Transaction

Notwithstanding the decrease in the number of outstanding shares following the proposed Reverse Stock Split, our Board of Directors does not intend for this transaction to be the first step in a "going private transaction" within the meaning of Rule 13e-3 of the Exchange Act.

SHAREHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE AND SHOULD NOT SUBMIT ANY STOCK CERTIFICATE UNTIL REQUESTED TO DO SO.

Fractional Shares

No fractional shares will be issued in connection with the Reverse Stock Split. In the event that the number of shares of post-split common stock for any shareholder includes a fraction, such fractional shares will be rounded up to the nearest whole share. Ownership percentages are not expected to change meaningfully as a result of rounding up fractional shares that result from the exchange. Similarly, no fractional shares will be issued on the exercise of outstanding options or rights, except as otherwise expressly specified in the documents governing such options or rights.

No Appraisal Rights

Under Utah law, our shareholders are not entitled to dissenter's rights or appraisal rights with respect to the Reverse Stock Split, and we will not independently provide our shareholders with any such rights.

Authorized Shares

As set forth above, the Reverse Stock Split will not affect the number of shares the Company is authorized to issue. However, the reduction of the number of issued and outstanding shares after the Effective Date will increase the number of authorized shares of common stock available for future issuance. The Company has no present plans, proposals or arrangements to issue the additional authorized shares of its common stock at this time, other than shares reserved for issuance in connection with outstanding stock options and shares reserved for issuance under the Company's stock incentive and stock option plans as discussed below. These share amounts are provided on a pre-proposed Reverse Stock Split basis. Therefore, the share amounts authorized will also be subject to adjustment if, and to the extent that, the Reverse Stock Split is implemented.

The Board of Directors does not intend to seek shareholder approval of any future issuances of authorized common stock unless required by the laws of Utah, the Company's state of incorporation, our Bylaws, or listing requirements of any applicable exchange.

Effect of the Reverse Stock Split on Options, Restricted Stock Awards and Units, Warrants, and Convertible or Exchangeable Securities

Based upon the reverse stock split ratio determined by the board, proportionate adjustments are generally required to be made to the per share exercise price and the number of shares issuable upon the exercise or conversion of all outstanding options, warrants, convertible or exchangeable securities entitling the holders to purchase, exchange for, or convert into, shares of common stock. This would result in approximately the same aggregate price being required to be paid under such options, warrants, convertible or exchangeable securities upon exercise, and approximately the same value of shares of common stock being delivered upon such exercise, exchange or conversion, immediately following the Reverse Stock Split as was the case immediately preceding the Reverse Stock Split. The number of shares deliverable upon settlement or vesting of restricted and deferred stock awards and units will be similarly adjusted.

The number of shares reserved for issuance pursuant to these securities will be reduced proportionately based upon the 1-for-5 reverse stock split ratio, as will the number of any shares remaining available for grant under Dynatronics' 2005 Equity Incentive Plan at the time of the split.

Accounting Matters

The proposed amendments to our restated certificate of incorporation will not affect the par value of our common stock per share, which will remain at \$0.00. The Reverse Stock Split therefore will not affect the stated capital attributable to common stock on our balance sheet. Reported per share net income or loss will be higher because there will be fewer shares of common stock outstanding. Basic earnings per share data will be retroactively adjusted for the changes for all periods presented, with disclosure of such action in the year of change.

Potential Anti-Takeover Effect

Although the Reverse Stock Split proposal is not intended to have any anti-takeover effect, the Company's shareholders should note that the availability of additional authorized and unissued shares of common stock could make any attempt to gain control of the Company or the Company's Board of Directors more difficult or time consuming, and that the availability of additional authorized and unissued shares might make it more difficult to remove management.

Although the Board of Directors currently has no intention of doing so, shares of common stock could be issued by the Board of Directors to dilute the percentage of common stock owned by a significant shareholder and increase the cost of, or the number of, voting shares necessary to acquire control of the Board of Directors or to meet the voting requirements imposed by applicable law with respect to a merger or other business combinations involving the Company.

Certain Federal Income Tax Consequences of the Reverse Stock Split

The following summary describes certain material U.S. federal income tax consequences of the Reverse Stock Split to holders of our common stock.

Unless otherwise specifically indicated herein, this summary addresses the tax consequences only to a beneficial owner of our common stock that is a citizen or individual resident of the United States, a corporation organized in or under the laws of the United States or any state thereof or the District of Columbia or otherwise subject to U.S. federal income taxation on a net income basis in respect of our common stock (a "U.S. holder"). This summary does not address all of the tax consequences that may be relevant to any particular shareholder, including tax considerations that arise

from rules of general application to all taxpayers or to certain classes of taxpayers or that are generally assumed to be known by shareholders. This summary also does not address the tax consequences to (i) persons that may be subject to special treatment under U.S. federal income tax law, such as banks, insurance companies, thrift institutions, regulated investment companies, real estate investment trusts, tax-exempt organizations, U.S. expatriates, persons subject to the alternative minimum tax, traders in securities that elect to mark to market and dealers in securities or currencies, (ii) persons that hold our common stock as part of a position in a “straddle” or as part of a “hedging,” “conversion” or other integrated investment transaction for federal income tax purposes, or (iii) persons that do not hold our common stock as “capital assets” (generally, property held for investment).

This summary is based on the provisions of the Internal Revenue Code of 1986, as amended, U.S. Treasury regulations, administrative rulings and judicial authority, all as in effect as of October 4, 2012. Subsequent developments in U.S. federal income tax law, including changes in law or differing interpretations, which may be applied retroactively, could have a material effect on the U.S. federal income tax consequences of the Reverse Stock Split.

Our view regarding the tax consequences of the Reverse Stock Split is not binding on the Internal Revenue Service or the courts. Accordingly, each shareholder should consult its own tax advisor regarding the U.S. federal, state, local, and foreign income and other tax consequences of the Reverse Stock Split.

If a partnership (or other entity classified as a partnership for U.S. federal income tax purposes) is the beneficial owner of our common stock, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. Partnerships that hold our common stock, and partners in such partnerships, should consult their own tax advisors regarding the U.S. federal income tax consequences of the Reverse Stock Split.

U.S. Holders

The Reverse Stock Split should be treated as a recapitalization for U.S. federal income tax purposes. Therefore, no gain or loss will be recognized upon the Reverse Stock Split. Accordingly, the aggregate tax basis in the common stock received pursuant to the Reverse Stock Split should equal the aggregate tax basis in the common stock surrendered (excluding the portion of the tax basis that is allocable to any fractional share), and the holding period for the common stock received should include the holding period for the common stock surrendered.

Non-U.S. Holders

The discussion in this section is addressed to “non-U.S. holders.” A non-U.S. holder is a beneficial owner of our common stock who is a foreign corporation or a non-resident alien individual. Generally, non-U.S. holders will not recognize any gain or loss upon completion of the Reverse Stock Split.

U.S. Information Reporting and Backup Withholding Tax.

In general, backup withholding and information reporting will not apply to a non-U.S. holder pursuant to the Reverse Stock Split.

Required Vote and Recommendation

The affirmative vote of holders of a majority of the shares of common stock represented in person or by proxy at the Annual Meeting is required to approve the Reverse Stock Split.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE REVERSE STOCK SPLIT.

PROPOSAL THREE – RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Change in Accountants

As reported on a Current Report on Form 8-K filed October 30, 2012, on October 26, 2012 our Audit Committee of the Board of Directors dismissed Tanner LLC, effective immediately (the “Dismissal Date”).

During the fiscal years ended June 30, 2012 and 2011, Tanner LLC’s audit reports on our financial statements did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

The Audit Committee has selected Larson & Rosenberger LLP to act as our independent registered public accounting firm effective October 26, 2012 for the fiscal year ending June 30, 2013.

The audit reports of Tanner LLC on the financial statements of the Company of and for the years ended June 30, 2012 and 2011 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. From July 1, 2012 through the Dismissal Date, there were (i) no disagreements (as such term is used in Item 304(a)(1)(iv) of Regulation S-K) between the Company and Tanner LLC on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Tanner LLC, would have caused Tanner LLC to make reference to the subject matter of the disagreements in connection with its report on the Company's financial statements for the year ending June 30, 2013 or for any subsequent reporting period and (ii) no reportable events within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K.

During the fiscal years ended June 30, 2012 and 2011, and through the Dismissal Date, the Company did not consult with Larson & Rosenberger LLP regarding any of the matters set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

The shareholders have been asked to ratify this appointment on an advisory basis. Ratification of the selection or appointment of the independent auditors of the Company is not required. However, if the shareholders fail to ratify its selection, the Audit Committee may reconsider its decision. Even if the selection of the independent registered public accounting firm is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in our best interests.

Fees Paid to Auditors

Financial Information Systems Design and Implementation Fees

We did not engage Tanner LLC or Larson & Rosenberger LLP to provide any professional services in connection with (i) operating or supervising the operation of our information system or managing our local area network or (ii) designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to our financial statements taken as a whole.

Audit Fees

The aggregate fees billed by Tanner LLC for professional services rendered for the fiscal year ended June 30, 2012 and the fiscal year ended June 30, 2011 in connection with (i) the audit of our annual financial statements set forth in our Annual Report on Form 10-K for the fiscal years then ended, and (ii) the reviews of our quarterly financial statements set forth in our Quarterly Reports on Form 10-Q for each of our fiscal quarters during the periods then ended, totaled approximately \$118,000 and \$114,000, respectively. No fees were billed and no professional services were rendered by Larson & Rosenberger LLP for fiscal years 2012 and 2011.

Audit-Related Fees

No fees were billed by Tanner LLC or Larson & Rosenberger LLP in each of the last two fiscal years for other assurance and related services.

Audit Committee Policy Regarding Pre-Approval of Audit and Permissible Non-Audit Services of the Company's Independent Registered Public Accounting Firm

The Audit Committee has established a policy that all audit and permissible non-audit services provided by the independent registered public accounting firm will be pre-approved by the Audit Committee. These services may include audit services, audit-related services, tax services and other services. The Audit Committee considers whether the provision of each non-audit service is compatible with maintaining the independence of the independent registered public accounting firm. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and our management are required to periodically report to the Audit Committee regarding the extent of services provided in accordance with this pre-approval, and the fees for the services performed to date.

Representatives of Larson & Rosenberger LLP will be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

THE BOARD RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" PROPOSAL THREE RATIFYING THE SELECTION OF LARSON & ROSENBERGER LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JUNE 30, 2013.

OTHER BUSINESS

We know of no other matters that will be presented at the Annual Meeting. If, however, any further business should properly come before the Annual Meeting, the persons named as proxies in the accompanying form will vote on such business in accordance with their best judgment.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our Proxy Statement or Annual Report to Shareholders may have been sent to multiple shareholders in each household. We will promptly deliver a separate copy of either document to any shareholder upon written request to Investor Relations, Dynatronics Corporation, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121 or bobc@dynatronics.com.

Any shareholder who wants to receive separate copies of our Proxy Statement or Annual Report in the future, or any shareholder who is receiving multiple copies and would like to receive only one copy per household, should contact the shareholder’s bank, broker, or other nominee record holder, or the shareholder may contact us at the above address.

SHAREHOLDER PROPOSALS

We must receive proposals intended to be presented at next year's 2013 Annual Meeting of the Shareholders on or before June 25, 2013, to be considered for inclusion in our Proxy Statement relating to that meeting. Receipt of a shareholder proposal does not necessarily guarantee that the proposal will be included in the Proxy Statement. If a shareholder intends to propose any matter for a vote at the Annual Meeting of Shareholders to be held in 2013, but fails to notify us of such intention prior to the date indicated above, then a proxy solicited by the Board of Directors may be voted on such matter in the discretion of the proxy holders, without discussion of the matter in the Proxy Statement soliciting such proxy and without such matter appearing as a separate item on the proxy card.

Accordingly, we incorporate by reference our Annual Report on Form 10-K for the fiscal year ended June 30, 2012, which was filed with the SEC on September 28, 2012, except to the extent information in that report is different from the information contained in this Proxy Statement.
