**PROXY STATEMENT
December 22, 2003**

The enclosed proxy is solicited by and on behalf of the Board of Directors of Chase Corporation (the "Company") for the annual meeting of the Company's shareholders to be held on January 27, 2004 at 9:30 a.m., and at any adjournment or adjournments thereof. The cost of solicitation will be borne by the Company. In addition to solicitation by mail, directors, officers and regular employees of the Company may solicit proxies personally or by telephone.

The authority granted by an executed proxy may be revoked at any time before it is exercised by filing with the Clerk of the Company a written revocation or a duly executed proxy bearing a later date or by voting in person at the meeting. Shareholders who attend the meeting in person will not be deemed thereby to have revoked their proxies unless they affirmatively indicate at the meeting their intention to vote their shares in person. Unless the proxy is revoked, the shares represented thereby will be voted as directed. If no specifications are made, proxies will be voted for the election of the directors nominated by the Board of Directors.

On November 30, 2003, the Company had outstanding 4,048,717 shares of Common Stock, \$0.10 par value per share (the "Common Stock"), which is its only class of voting stock. Shareholders of record at the close of business on November 30, 2003 are entitled to vote at the meeting. With respect to all matters that will come before the meeting, each shareholder may cast one vote for each share of Common Stock registered in his or her name on the record date.

A majority in interest of the Company's Common Stock outstanding and entitled to vote represented at the meeting in person or by proxy constitutes a quorum for the transaction of business at the meeting. As long as a quorum is present, the nominees for election to the Board of Directors shall be elected by a plurality of the votes cast at the meeting by the holders of shares entitled to vote at the meeting. Votes may be cast in favor of the election of the nominees for director or withheld; votes that are withheld and broker non-votes will have no effect of the outcome of the election of directors. A "broker non-vote" occurs when a registered broker holding a customer's shares in the name of the broker has not received voting instructions on a matter from the customer and is barred by applicable rules from exercising discretionary authority to vote on the matter and so indicates on the proxy.

The approximate date on which this proxy statement and form of proxy will be first sent or given to shareholders is December 22, 2003. The Company's annual report for the fiscal year ended August 31, 2003 will be sent to shareholders on the same date.

Certain Transactions

On December 10, 2003, the Company sold its Sunburst Electronics Manufacturing Solutions, Inc. subsidiary (Sunburst) to the Edward L. Chase Revocable Trust (the Trust) in exchange for approximately 230,000 shares of the Company's Common Stock valued at approximately \$3.0 million. The value of the shares delivered as purchase price was calculated based upon the average closing price of the Company's Common Stock over the 20 trading days ending December 5, 2003 (the Average Closing Price). Concurrent with this transaction, the Company also purchased 250,000 shares of Common Stock held by the Trust at the Average Closing Price, having an aggregate purchase price of approximately \$3,255,000. This transaction was approved by an independent committee of the Board of Directors. These shares, totaling approximately 480,000 were put into the Treasury by the Company. Following the transaction, the Trust holds approximately 994,556 shares of Common Stock.

Pursuant to the Voting Agreement dated December 26, 2002, as amended December 10, 2003, the Trustees have agreed to vote for the nominees for director of the Company, as approved from time to time by the Company's Nominating Committee, through the annual meeting in January 2013. The Voting Agreement requires that Andrew Chase be elected a director of the Company, unless the Trust designates a different person as its representative.

The Trustees for the Trust have the power to vote the 1,474,556 shares of the Company's Common Stock held of record by the Trust on November 30, 2003 at the 2004 annual meeting of the Company's shareholders. Following the transactions described above, the Trust holds approximately 994,556 shares of the Company's Common Stock. In September 2002, Peter R. Chase and Andrew Chase, together with other family members, became Trustees of the Edward L. Chase Revocable Trust. Peter Chase resigned as a Trustee of the Trust in December 2002. Andrew Chase continues to serve as a Trustee of the Trust.

PROPOSAL NUMBER 1 Election of Directors

Eight directors are to be elected at the annual meeting. The Board of Directors recommends that the eight nominees named below be elected as directors. The directors elected at the meeting will hold office until the next annual meeting and until their successors are elected and qualified. When a proxy in the accompanying form is returned properly executed, unless marked to the contrary, all shares of Common Stock represented by such proxy will be voted for the election as director of the persons named in the table below. If any nominee should become unavailable for election, the persons voting the accompanying proxy may in their discretion vote for a substitute. The Board of Directors is not presently aware of any reason that would prevent any nominee from serving as a director if elected.

Other Compensation Matters

401 (k) Plan. The Company has a deferred compensation plan adopted pursuant to Section 401(k) of the Internal Revenue Code of 1986, as amended (the Code). Any eligible employee who has attained age 21 and has been employed by the Company for at least six months may defer receipt of a portion of his or her salary and have it contributed to the Plan. The Company will match, at the rate of 50% on the dollar, such deferral, subject to a maximum employer matching contribution if applicable, of such employee's yearly salary. Amounts contributed to the plan are invested in accordance with the directions of participants. Income taxes on the amounts contributed and on the investment yield are deferred until such amounts are distributed to the employee.

Termination of Employment Arrangements. The Company entered into an agreement with Peter R. Chase pursuant to which the Company will continue to pay Mr. Chase the equivalent of his annual compensation for two years following the termination of his employment if such termination arises in connection with a change in control of the Company. Any payments made to Mr. Chase after the first year following his termination will be offset to the extent that he receives any other compensation, through new employment or otherwise.

Pension Plan. The Company maintains a tax-qualified defined benefit pension plan and a non-qualified excess benefit plan. The qualified pension plan covers substantially all of the Company's employees who have attained the age of 21 and have completed six months of service. The excess benefit plan covers those employees of the Company that from time to time may be designated by the Board of Directors. Currently, only the Company's Chief Executive Officer has been designated by the Board of Directors as being covered by the excess benefit plan. Benefits under the qualified pension plan are determined based on final average base earnings (subject to Code-imposed limits on covered compensation and excluding bonuses, overtime, and other extraordinary amounts) and total years service with the Company (up to a maximum of 40 years). Benefits under the excess benefit plan are determined based on final average earnings (including base salary and bonuses) and total years of service with the Company. Benefits are payable upon the retirement of a participant at age 65, or upon the fifth anniversary of employment, if later, or earlier if the participant is at least 55 years old and has completed at least five years of service. The plan offers the option for a participant to receive a lump sum distribution upon attainment of age 65 and five years of employment even if the employee elects to remain actively employed. Benefits may be paid in a variety of forms, including a lump sum, at the election of the participant.

The following Tables 1 and 2 show estimates of aggregate annual benefits payable under the qualified pension plan and excess benefit plan upon retirement at age 65 or upon the fifth

anniversary of employment, if later. Table 1 relates to those participants who were employed prior to May 1, 1995 or are covered by a collective bargaining agreement and are in the specified compensation and years-of-service classifications before an offset of 0.6% of covered compensation at the time of retirement times the number of years-of-service (up to a maximum of 35 years).

Table 2 relates to those participants who became employed on or after May 1, 1995 and are not covered by a collective bargaining agreement and are in the specified compensation and years-of-service classifications before any offset of 0.3% of covered compensation at the time of retirement times the number of years-of-service (up to a maximum of 35 years).

employees who are covered under the excess benefit plan, amounts above this maximum will be paid under the terms of the excess benefit plan up to the amounts shown in the table above. Pursuant to Section 401(a)(17) of the Code, annual compensation in excess of \$200,000 for 2003 and \$200,000 for 2002 cannot be taken into account in determining qualified plan benefits.

Mr. Chase and Mr. Chadwick have approximately 32 and 15 years of service, respectively.

Compensation of Directors. Directors who are not employees of the Company are paid an annual retainer of \$12,000 plus a fee of \$1,000 for each Board meeting they attend (\$1,500 if they attend a committee meeting on the same day). The Chairperson of the committee receives an additional \$250 per meeting. Non-employee directors who are committee members are paid a fee of \$1,000 per committee meeting if the meeting is not held on the same day as a Board meeting. Non-employee directors are also eligible to receive stock options.

Compensation Committee Report on Executive Compensation

Recommendations on compensation for the Company's executive officers are made by the Compensation Committee of the Board of Directors (the Committee). A majority of the Committee is composed of independent non-employee directors who have no interlocking directorships as defined by the Securities and Exchange Commission. Committee decisions are reviewed and approved by the full Board of Directors.

The Company's executive compensation program is designed to accomplish the following objectives:

Reward key executives at levels that are competitive with those of similar comparative companies.

Provide incentives that are directly linked to the achievement of Company strategies, profits and enhancements of shareholder value.

Ensure that the objectives for corporate and business unit performance are established and measured.

Attract and retain executives who have the capabilities needed to ensure proper growth and profitability.

The Company, acting through the Committee, employs three programs to compensate its senior management. These include an annual base salary program, a contingent compensation program that is based on selected financial performance measures and a stock option plan. Following is a description of the manner in which each program was administered during the last fiscal year, which includes an explanation of the rationale for the compensation paid to the Chief Executive Officer.

Annual Base Salary Program

Salary ranges are established for executive positions, including the named executive officers, with range midpoints equal to the median salary determined from appropriate comparative survey data provided by an independent consultant. The actual salary of each individual holding an executive position is determined using the established salary ranges and also by taking into consideration the individual's qualifications, sustained performance and level of responsibility,

each as evaluated by the Committee. Adjustments in base salary are made after an analysis of the foregoing factors and any external trends in compensation reflected in the survey data discussed above.

The base salary for Peter R. Chase was set by the Committee using the same policies and criteria used for other executive officers of the Company. His base salary for the fiscal year ended 2003 was set at about the median salary level for chief executive officers in the Company's industry as reflected in the comparative survey data and adjusted based on the Committee's evaluation of the additional criteria discussed above. While corporate performance measures are used in determining bonuses, such corporate performance measures are not considered by the Committee in determining Mr. Chase's base salary.

Contingent Compensation Program

Under the Company's contingent compensation program, each executive officer, including the named executive officers, was eligible to earn additional contingent compensation in an amount equal to a designated percentage of annual base salary. In the 2003 fiscal year, the target percentage for achieving targeted operating profits set with reference to the three prior fiscal years was 50% of annual base salary for the Chief Executive Officer and 30% for the Chief Financial Officer. Potential incentive earnings could range from 0% to 100% of annual base salary, depending upon whether the Company's actual performance during the year met, exceeded or fell short of the operating profit goals. The Company exceeded the operating profit goals established for payment of the targeted incentive compensation in fiscal year 2003; therefore, in accordance with the plan, the Chief Executive Officer and the Chief Financial Officer received contingent compensation in an amount equal to 51% and 37% respectively, of their annual base salary for the last fiscal year.

Senior Management Stock Plan

The Committee and Board of Directors, with the assistance of an independent compensation consultant, have developed long term equity incentive plans for the Company. The 2001 Senior Management Stock Plan was designed in part to retain and provide incentives to the Company's Chief Executive and Chief Financial Officers as well as other senior members of the Company's management. The Committee believes that these executives are in a position to make the most significant contribution to the Company's future success. The program is designed to recognize significant contributions and provide longer-term incentives to increase shareholder value. All options granted by the Company to its executives have been granted at an exercise price equal to or in excess of the market price of the Company's Common Stock on the date of grant. Consequently, these stock options will have value only if the price of the Company's Common Stock increases.
