Item 1.01 Entry into a Material Definitive Agreement.

The information provided in Item 2.03 is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On November 12, 2004 Georgia Gulf Corporation (the Company) entered into an Amended and Restated Receivables Purchase Agreement and a First Amendment to the Receivables Sales Agreement (the amended agreements). The amended agreements provide for the sale of a \$135 million undivided percentage interest in the Company's trade accounts receivables and extends the termination date from November 12, 2004 to November 10, 2005.

Under the terms of the amended agreements, the Company has sold to Blue Ridge Asset Funding Corporation and Victory Receivables Corporation an undivided percentage ownership interest in a defined pool of its trade receivables on a revolving basis. The sale is recorded as a reduction in receivables on the Company's consolidated balance sheet. On-going costs will be charged to selling, general and administrative expenses. The balance sold is divided equally between the two purchasers. The funded balance has the effect of reducing accounts receivable and short-term liabilities by the same amount. As collections reduce accounts receivable included in the pool, we sell ownership interests in new receivables to bring the ownership interests sold up to \$135 million. We continue to service these receivables and maintain an interest in the receivables.

Continued availability of this financing is conditioned upon compliance with covenants, related primarily to the operation of the financing as set forth in the amended agreements. Should the Company be unable to comply with these covenants, the financing would be terminated and although we would not be required to repurchase previously sold receivables, we would be prevented from selling additional receivables. In that event, the Company would have to source these funding requirements with availability under its senior credit facility or obtain alternate financing. The maximum potential future payments under the amended agreements are the base sale amount of \$135 million plus any program fees on the funded balance, which we believe are approximately \$3.2 million. Copies of the amended agreements are attached hereto as exhibits 10.1 and 10.2 and are hereby incorporated by reference herein.
