**WIMM-BILL-DANN FOODS OJSC OPENS
WIMM-BILL-DANN TOSHKENT DAIRY PLANT LLC
IN UZBEKISTAN**

Moscow, Russia September 2, 2005 Wimm-Bill-Dann Foods OJSC [NYSE: WBD] today announced the opening of Wimm-Bill-Dann Toshkent Dairy Plant LLC.

The plant, created on the basis of Toshkent Sut, OAJ production facility, acquired by Wimm-Bill-Dann in April 2004, has been fully modernized and brought in compliance with Wimm-Bill-Dann's technical and quality standards.

The equipment to the total capacity of 68 tons per day was installed at the plant over the past year. Following the launch capacity utilization will stay around 20% and will be increasing with the introduction of new product categories and growing demand. The refurbished plant will employ 128 people, including administrative personnel.

David Iakobachvili, Chairman of the Board of Directors of Wimm-Bill-Dann Foods OJSC, said in his statement: Uzbekistan is the most populated republic of Central Asia, with a strong tradition of dairy consumption. We believe that timely entry into this market will ensure our leading position across the Central Asian region as a whole. We are grateful to the Government of Uzbekistan for the assistance and support provided, and we hope we will be able to win consumer loyalty and respect in Uzbekistan. In fact, many people here are already aware of our products, as they have been selling on the territory of Uzbekistan since 2000. But due to the lack of our own production facility the volumes remained insignificant up to now. Today, we believe we are in a position to contribute to the development of Uzbekistan's dairy market and dairy consumption.

The plant is to manufacture traditional dairy products (milk, kefir, ryazhenka, cream, sour cream, curds, butter) under the following nationwide brands: Domik v Derevne, Veselyi Molochnik and Chudo, as well as drinking yogurts under Frugurt brand and local fermented milk drinks airan and tan.
